PREMIER FROST TO VISIT KENORA TUESDAY

It was announced today that the Honorable Leslie M. Frost, Premier of Ontario, will visit Kenora next Tuesday evening, May 12. Mr. Frost is opening his election campaign with this visit to the province's most westerly riding. He will speak at an open meeting at the Legion Auditorium in support of Mr. Howard Keffer, Progressive Conservative candidate for the Kenora riding.

Mr. Bill Johnson, campaign manager stated today that [illegible] meeting where all citizens will have the opportunity of meeting Mr. Frost.

"RIDICULOUS" LIQUOR LAWS ARE CRITICIZED

Fort William Financial aid, a change in the province's "crazy liquor laws" and a review of restrictions regarding highway signs were asked of the government Thursday by the Northwestern Ontario tourist industry.

Tourist operators are being forced to sell out to American capital, the Northern Ontario Economic Development Committee was told, but they wouldn't have to if they could raise the money to be competitive.

As it is, the committee was informed by Burton Brown, of English River, some 90 per cent of tourist establishments along the Kenora-Fort Frances highway are owned by Americans. One-third of those in the Dryden area follow this rule, with about 50 per cent in other areas.

Under the present policy, Canadian operators are unable to expand and improve facilities and so have no alternative but to sell.

"The government should make money available at low interest for construction or expansion of tourist establishments," R. O. Robinson vice-president of Lake Superior North Shore Association stated.

Outdated Liquor Laws

The "ridiculous situation" being faced by tourist operators because of outdated liquor laws was illustrated for the group by Ralph Webb, of Kenora, president of Northern Ontario Tourist Outfitters.

Mr. Webb said that if a Kenora operator wanted to have liquor available for a new guest upon his arrival, he first had to send the man a form which must be filled out and returned. The operator could then buy liquor for the person but had to tag and store it in a specially-built locker. When the guest arrived the operator had to hand him the liquor in person.

"And when you send them the form you are just telling them in effect that they are a bunch of juveniles," commented Albert Wren, Kenora MPP.

It was further pointed out that if the operator didn't follow the rules and still provided liquor, he could be charged with bootlegging.

The committee was told that when any application by tourist operators involving liquor is made, "they seem to bury their heads in Toronto."

"We are a race of abstainers so far as Toronto is concerned."

Why Not Us?

Crying "discrimination against the north," Mr. Wren asked: "If the people in Southern Ontario are sufficiently civilized in the government's eyes to drink without a vote, why shouldn't we be?"

In respect to highway signs, the representatives agreed restrictions are much too rigid and that some step must be made

(Continued on Page 6)

Red Lake Man Gets 6 Months

A man from Red Lake found guilty of breaking and entering a home in Red Lake was sentenced this morning in Magistrate's Court to serve six months and three months indefinite in an Ontario Reformatory.

A Kenora motorist charged with impaired driving was fined $100 and costs, plus automatic licence suspension.

A man from Kirkup Township paid $100 and costs for operating a motor vehicle while his licence was suspended plus a further fine of $25 for failing to signal a turn.

Two Kenora motorists charged with speeding paid fines of $15 and $10 respectively.

Causing a disturbance by fighting resulted in a local man being put on a suspended sentence for two years and posting a bond of $250 to keep the peace. Another man charged with causing a disturbance was fined $25 and costs or ten days. A similar fine was handed out to another man for using obscene language in a public place.

Charged with being intoxicated in a public place cost a local man $15 and costs or ten days.

Luke Francis Heads Wren Campaign

Alderman Luke Francis of Keewatin has volunteered his services as Campaign Chairman for the Liberal-Labour Party in the June 11th Provincial election. He will assume full time direction of campaign activities at once.

Thirty seven years of age, Mr. Francis is a devoted worker in community and national affairs. President of his own union local in Kenora's Paper Mill, Luke is currently Chairman of the Federated Union Committee at the O & M plant in Kenora. He is a Past President of the Keewatin Legion and a Senator in International Jaycees.

Francis said today that he accepted the appointment as Campaign manager because he feels that Albert Wren's record in the Legislature will ensure his re-election. His knowledge of Northern Ontario, his interest in development, his leadership and support to the labour movement are well known. Mr. Francis concluded.

DAVE PYKERMAN, WREN'S OFFICIAL AGENT

David C. Pykerman, well known O & M employee has been appointed Official Agent for Albert Wren in the forthcoming Provincial election. The official agent has important duties to fulfill and Dave's experience in election campaigns will stand him in good stead.

410 Blood Donors Report To Red Cross Clinic

"One of the most successful Spring Blood Clinics ever held," reported Harry Henfrey, chairman of the Red Cross Blood Donor Committee. The citizens of Kenora, Keewatin and District responded very generously to our appeals for blood.

A total of 410 donors which 183 donors appeared at the afternoon clinic yesterday at the Legion buiding while 227 donors were registered at the evening clinic. This was in spite of the rainy weather and the prevalence of flu' in the district. More than 90 new donors, who had not previously attended a Blood clinic, were registered.

The thanks of the Red Cross go out to all those people who attended the clinic, to the Canadian Legion and Auxiliary, to the press and radio, and to all those willing workers who helped at the clinic. More important will be the thanks expressed by those hospital patients who receive the life-giving blood donated at this clinic.

New Club For Women, Slated For Kenora

A new club for women is about to be formed in Kenora. Mrs. E. Armstrong-Collins, Ontario Field secretary for the Canadian Federation of Business and Professional Women's Clubs is presently in Kenora to organize a local club.

World wide Business and Professional Women's Clubs are important enough to have consultative status with the United Nations where they have a permanent observer, said Mrs. Armstrong-Collins.

Objects of the c[illegible], she continued is to improve the status and protect the interests of women. Any gainfully employed woman employer, employee or self-employed woman is eligible to join the club and will find it extremely interesting and worthwhile.

Mrs. Armstrong-Collins is registered at the Kenricia Hotel, room 404 and will welcome enquiries from all interested women.

Hospital Visiting Day Set For Wednesday, May 12

May 13th is Visiting day in Kenora both the St. Joseph and General Hospitals. The Ladies' Auxiliaries will serve tea from 2 to 4 o'clock in the afternoon and 7 to 8 o'clock in the evening. Show your interest and appreciation of services rendered by visiting both hospitals on the 13th.

Hospital Day is an annual affair celebrated throughout Canada to mark the birthday of Florence Nightingale who was born on May 12th. This day is always observed in Kenora on the Wednesday closest to May 12.

Plucks Child From Air

"It was really fantastic and the fastest thinking I've ever seen," said George Orosy in reporting the miraculous saving of a child's life.

The incident happened today on Sixth Avenue South in Lakeside and the man in question was the driver of Steven's Bakery truck. According to Mr. Orosy, who witnessed the incident, a youngster standing beside the truck which was parked on the road, darted out almost into the path of an oncoming car. As quick as a wink, the truck driver seemed to reach into the air and plucked the child from in front of the oncoming car.

"It all happened so fast," George continued, "and the driver de[illegible] for his quick thinking and possible averting a tragedy. The child would surely have been hit by the car if he hadn't been there." The names of the people are not available at press time.

$300 DONATED TO PINECREST AUXILIARY

The Ladies' Auxiliary to Pinecrest met in the Library of the Home Tuesday afternoon. Their regular attendance was greatly reduced due to the prevalence of 'flu. The Inspirational was given by the president Mrs. G. Saunders. The minutes of the previous meeting were read by Mrs. S. King in the absence of Mrs. W. Laurence. Mrs. T. Thorpe gave the treasurer's report.

Mrs. H. Bird co-convener of Handicrafts reported that the afghan made by a member of Pinecrest was won by Mrs. Pentney and the tea towels by Mrs. Newman.

Mrs. A. Pitt reporting for the Ways and Means reported that a total of $300.00 had been received in reply to letters sent out to organizations in the district and locally. The following are most gratefully acknowledged:

The Canadian Legion of Red Lake	$ 25.00
The B.P.O. Elk's Lodge of Red Lake	$ 25.00
The Dryden Silver Star Chapter of the Order of the Eastern Star	$ 15.00
The Rotary Club of Dryden	$ 25.00
The Lions Club of Dryden	$ 25.00
The Jaycees of Dryden	$ 10.00
The Rebekah Lodge of Dryden	$ 10.00
The Red Cross of Sioux Narrows	$ 25.00
The Canadian Legion of Sioux Narrows	$ 5.00
The Rotary Club of Sioux Narrows	$ 25.00
The I.O.O.F. of Sioux Narrows	$ 5.00
The Ladies' Aux. B.R.T. Kenora	$ 10.00
The Ladies' Aux. B.L.F. Kenora	$ 5.00
The Exemplar Chapt. Beta Sigma Phi Kenora	$ 5.00
The Canadian Daughters League Kenora	$ 5.00
The Lake-of-the Woods Masonic Lodge Kenora	$ 10.00
The Lake Woodena Rebekah Lodge Kenora	$ 10.00
The I.O.B.A. Kenora	$ 5.00
The Wenonah Chapter, 180 E.S. Kenora	$ 10.00
The Kenora Branch of the Legion, Kenora	$ 25.00
The Ladies Aux. to the Legion, Kenora	$ 5.00
The L.A. to the Keewatin Legion	$ 10.00
The Keewatin Lake of the Woods Mill Union	$ 5.00
Total	$300.00

The members were informed by the president Mrs. G. Saunders that on Friday afternoon May 22nd a band concert is to be held at Pinecrest and members of the Auxiliary were asked to be present to assist in the hospitality.

In reply to a letter from the Senior Citizens of Dryden wishing to visit Pinecrest, the members of the auxiliary offered any assistance pending further information regarding the date.

The next meeting is to be held on June 9th to coincide with the visit of Mrs. Smith from Toronto, to Pinecrest.

Little Theatre To Stage Plays In Redditt

Residents of Redditt will have the opportunity to see three very interesting plays of varied themes which the Kenora Little Theatre will present in that commun[illegible] Saturday evening, May 9. The entertainment will be at the Legion Hall, with curtain at eight o'clock.

Chosen for the evening's bill of fare are "The Maker of Dreams," a fantasy set to music, "The Monkey's Paw," a mystery thriller, and a high comedy called "The Dear Departed." The first named play was chosen as the best in this year's Festival trials, while the other two were staged in Kenora a short time ago in a very successful Little Theatre night.

A stage crew and technician will accompany the players to Redditt to assure as far as possible the settings that were used when the plays were originally produced.

KEITH DICKENS GRADUATES FROM RYERSON, TORONTO

Word was received in Kenora last evening that Keith Dickens, son of Mr. and Mrs. P. K. Dickens was successful in passing his final examinations at Ryerson, Toronto.

Keith graduates Thursday as an instrument technologist and has accepted a position with Stelco of Hamilton. He attended the Kenora-Keewatin High School prior to leaving for Ryerson three years ago.

Mrs. S. Symonds Heads Rideout Women's Institute

The regular monthly meeting of the Rideout Women's Institute [illegible] of Mrs. C. Jardin. The meeting opened with the Institute Ode followed by the Lord's Prayer. Mrs. Franklin, District President and 4 visitors were welcomed. The following reports were given:

Historical Research and Current Events - Mrs. Lightfoot.

Home Economics and Health - Mrs. Leroux.

Publicity - Mrs. R. Dixon.

Agriculture and Canadian Industries - Mrs. Park.

Resolutions - Mrs. Green.

Mrs. Jardin gave us a report of the District Directors meeting at Dryden and a tentative program was drawn up for the Annual to be held here May 26th. Mrs. Franklin presided over election of officers, who are as follows:

Pres. - Mrs. S. Symonds
1st Vice - Mrs. G. McGuffin.
2nd Vice - Mrs. Park.
Secty. Treas. - Mrs. E. Newman.
District Director - Mrs. C. Jardin.

(Continued on Page 3)

Film Council Elects Slate Of Officers

Mrs. Olga Hahr of Fort Frances was elected President of the Northwestern Ontario Film Federation, at the annual meeting held in Kenora on Saturday and Sunday May 2nd and 3rd.

Mrs. C. Holm of Kenora was elected Vice-President. Mr. W. Dougall and Mr. R. M. Donovan of Fort William were elected Secretary and Treasurer respectively.

Mayor Ratuski welcomed the delegates and extended the hospitality of Kenora to all present.

Representatives from Kenora, Fort Frances, Red Lake, International Falls, Port Arthur and Fort William deliberated to resolve the several problems of film distribution, which had arisen in the past year.

Miss Alma Webster of Port Arthur highlighted some of the problems pertinent to the system of circulating films for preview with a view to purchase. The system was revamped to permit speedier movement and more predictability of the time of arrival of films in the different communities.

Mrs. Holm of Kenora posed the problem of excessive cost of shipping films. The concensus of the meeting was that film organizations should use different carriers to determine the most economical and handiest.

KEEWATIN HOME AND SCHOOL MEET HEARS HOSPITAL EXPANSION PLANS

The regular meeting of the Keewatin Home and School Association took place in the Public School on Wednesday evening, April 29th. Owing to the Music Festival and other conflicting attractions attendance was unfortunately poor.

President Mrs. F. McLaughlin called the meeting to order and proceedings commenced with the singing of O Canada and the repetition of the Lord's Prayer. The minutes of the previous meeting were adopted as read and the Treasurer gave her report.

The President announced that the Kenora Council would not hold their proposed tea after all, instead all Home and School members were asked to donate twenty-five cents towards the bursary fund.

The Bicycle Rodeo again came up for discussion and it was decided that as this was such an onorous undertaking, requiring much preparation and co-operation from outside sources, it should be shelved for the time being. Literature on the subject is being passed among members and a committee will be formed to start work in the fall with a view to holding the rodeo next spring.

Volunteers were requested for a nominating committee to form the next slate of Home and School officers - Mrs. Madison, Mrs. Ellard and Mrs. Reimer offered their services.

Mr. J. Forbes, school Principal, then brought up a few matters for consideration. He expressed regret that the kindergarten rhythm bands would be unable to take part in the Music Festival and he appreciated the disappointment of the children involved. The problem of dogs in the school yard was, despite repeated requests to owners to restrain them, as bad as ever and there was one particularly vicious dog which had already bitten several children. Unless dog owners show more consideration there will eventually be a really nasty accident inflicting some unlucky child with permanent injury. Then when it is too late, the public will be awakened to the seriousness of this problem and in all probability the school will be blamed, said Mr. Forbes.

The Attendance Prize was won by Mrs. Woolley's Kindergarten Room.

There being no further business, Mr. Nick Shumka introduced Dr. H. F. King the guest speaker. As a member of the Board of Trustees, Dr. King has a wide knowledge of the General Hospital, its buildings, equipment, problems and deficiencies, and his talk, profusely illustrated by excellent slides, was most enlightening.

The General Hospital, then known as the Rat Portage Royal Jubilee Hospital was established in 1897, the year of Queen Victoria's Diamond Jubilee. The site was provided by the Provincial Government and the cost was $2,500, $1,500 of which was raised in cash. Additions were made in 1904 and in 1929 a new wing was added and the name

LUCKY DOLLAR

Today's lucky dollar put in circulation early this morning at one of the stores with Hawaii on the door, bears the serial number LA-1058426. It is redeemable at Radio Station CJRL for a $5.00 credit note up until 5.00 p.m. Friday, May 8th.

Still in circulation is travelling dollar No. SA-0755538 good until 5.00 p.m. Thursday, May 6th.

MANDO WOODS EMPLOYEES UNION WINS PACKAGE IN YEAR SETTLEMENT

The Miner and News was informed today of a joint statement by the Ontario-Minnesota Pulp and Paper Company and the Lumber and Sawmill Union Local 2693 that a settlement for an agreement was reached early this morning (2 a.m.) after two days of negotiations pending ratification by the union membership concerned.

Approximately 600 employees of the company's woods operations in both Kenora and Fort Frances divisions were affected by the settlement which is consistent with agreements reached in the woods industry in Northern Ontario this year and amounting to 5 cents per hour for day workers and a 2½% increase for piece workers. Also included in the agreement are a number of fringe benefits along with other changes in the wording of the agreement in the best interests of both parties.

The settling of this "package" deal ends a dispute between the company and the union, which had met in conciliation at Kenora April 20 and 21st. This hearing was adjourned without agreement having been reached.

Local 2693, Lumber and Sawmill Workers' Union demanded that a pattern settlement be introduced for the firm's area pulp camps in future wage and work conditions agreements.

The pattern or patterned system of negotiation in use in Eastern and parts of Northern Ontario had up until now never been employed this far west. This is the "pattern's" first appearance in Northwestern Ontario.

The union was demanding the pattern of five cents an hour for day workers and 2½% increase for piece work.

It has been reliably reported that the approval of the pattern system for this area will be the thi[illegible]dge of the wedge of the "[illegible]n" coming to Winnipeg and [illegible] to the rest of Western Can[illegible]nd the coast.

Tourists Ask Where To Catch Muskies In Lake Of Woods

Toronto—Where's the best spot in Lake of the Woods to catch a muskie? Could I shoot a moose with a .22 rifle? Where can I get a map showing the best places to fish on Lake Nipigon?

These and about 10,000 others were questions posed by prospective hunters and anglers who beseiged the display and information booth operated by the Ontario Department of Lands and Forests at the recent Canadian National Sportsmen's Show here. Some of the queries directed at conservation officers, biologists and other officers were real puzzlers.

Muskies in Lake of the Woods, for example. Lake of the Woods is more than 100 miles long and muskies are found almost anywhere in its waters. Giving a fisherman a definite location where a muskie could be found waiting was somewhat beyond the most experienced Department men.

As to shooting a moose with a .22 rifle, the answer was "yes" with a large "but" attached. "Would you go into the African veldt to shoot a lion with a small .22 rifle?", one conservation officer countered. He explained that there were cases on record where an expert shot, hard pressed for food, had killed a moose with one of the light rifles. But, he added, .22's were much better for shooting rabbits or groundhogs.

The "best places" to fish on Lake Nipigon called for more thought. The officer allowed that a man careful with a boat and using one big enough might find pretty good fishing out of MacDiarmid. But he refused to go overboard and be too specific since fish, like gold, are where you find them.

There was a surprising increase during the show in the number of inquiries about camping and canoe or "folboat" trips.

Popular innovation at the Department's exhibit were the attractive spruce green uniformed girls from Lands and Forests offices who "manned" the information service booth.

"You a game warden?" asked one happy individual.

"Not exactly - but I am a deputy", was the reply.

"Well, I'll be camped west of Temagami village next July - and for you I'd break a fish and game regulation any time," offered the inquirer.

"Sorry - we'll have one of our conservation officers look you up," the fair deputy replied.

Kenora Hatchery Supplies Fish Eggs For Fort Frances

Fort Frances—Twelve million whitefish eggs from the Kenora hatchery of the Ontario Department of Lands and Forests, were planted in Rainy Lake March 24 and eggs also were supplied to commercial fishermen for planting at sites known to them. Eggs, in the hatchery a winter, had developed into the eyed stage, then were flown to Rainy Lake and poured from cloth traps into holes cut through the ice. They drop to the bottom to rest on selected gravel bottom or reef.

Nail biting, among other nervous childhood habits, may be the result of tension and, therefore, it is advisable to found out the cause of the habit. It is a good idea to keep the nails cut smoothly and short.

James Bay, southern extension of Hudson Bay, was discovered by Henry Hudson in 1610 but explored by Thomas James in 1631.

CANADA
DEPARTMENT OF PUBLIC WORKS

SEALED TENDERS, addressed to the undersigned and endorsed "Tender" for Dredging, Kenora, Ontario," will be received in the office of the Acting District Engineer until 1.30 p.m. (E.S.T.), Monday, May 11, 1959.

World's Most Complete Transportation System

the building will be pulled down and rebuilt together with an additional wing. This will cost $1,200,000.00 half of which will be provided by Government grants but provate contribution must match these grants. The new hospital will provide 92 beds and 19 basinettes together with many new and improved services. The campaign to raise the necessary funds will soon be underway - it will need your urgent support. The campaign committee has produced a booklet containing interesting information about the hospitals old and new - on its cover is a picture of what with your support will be the NEW, concluded Dr. King.

Mrs. Magnusson thanked Dr. King for his most informative talk giving so many facts that few had realized. After a short question period the singing of God Save The Queen brought the meeting to a close. Refreshments were then served.

C.A.S. Field Worker Attends Course In Welfare Work

Mr. Ken McGeachy, who is a social worker for the Kenora and District Children's Aid Society, has returned to the Dryden office of the society after taking a month's course in welfare work in Toronto, Mr. W. H. Bury, Director of Child Welfare for the province, was in charge of this in-service training for social workers. Classes and lectures, and examinations were held at the Department of Welfare offices on York Street. Sixteen agencies sent workers to take this course, with Mr. McGeachy coming the greatest distance and with Northern Ontario having representatives from Sudbury and Fort Frances as well.

Mr McGeachy said that he had derived great benefit from the course, which included study of the Child Welfare Act, lectures on the subject of Welfare Services, and material on Welfare Background. Among the fine speakers was Miss Laurie Charleson who is well known to the personnel of the C.A.S., as she has made visits to this agency on recent occasions. She gave an address on the subject of adoption.

The course was actually a cram period, Mr. McGeachy said, for an effort was made to familiarize the workers with every phase of welfare service. It is hoped that later another course can be given which will develop these subjects further and allow for specialization.

A few field trips were made including a visit to the Juvenile Court in Toronto, and an inspection of the splendid new C.A.S. headquarters at Newmarket. Mr. McGeachy said that, while he enjoyed the work and found it enlightening, he is glad to be back in the field to tackle the work that needs to be done.

changed to the Kenora General Hospital - so even the newest part of the hospital itself is 30 years old. In 1950 the nurses' residence was built and in 1956 the automatic lift was installed at a cost of $20,000 dollars.

The hospital is rated at 59 beds but the present accommodation is 74 beds and 10 basinettes, seriously overcrowded conditions. Bathroom, kitchen, laundry in fact all service areas are antiquated and congested though in most cases the equipment is good, and if properly housed, adequate. Dr. King showed slides of the poor storage space, bathrooms, nursing stations, offices etc. and then in comparison the accommodation in the new Dryden Hospital and Pine Crest Lodge.

The hospital serves an area of roughly 5,000 square miles, from the Manitoba border to Hawk Lake and from Redditt to Nestor Falls, and excluding summer visitors, serves a population of approximately 20,000 people, and this population is growing, said the speaker.

It can readily be seen that the present facilities are quite inadequate and it has thus been decided to do something about it. The 1929 wing of the present hospital can be reconditioned for further use but the remainder of

ONTARIO'S ELECTION CAMPAIGN UNDERWAY AS POLITICIANS ORGANIZE

Toronto—The campaign is on. Ontario politicians stepped up their organizing and began tossing barbs at each other within hours of Premier Frost's announcement of a June 11 election.

Both Liberal Leader John Wintermeyer and CCF Leader Donald MacDonald were scornful of the premier's 7,500-word election manifesto outlining the achievements of his Progressive Conservative administration and its "dynamic economic creed."

ALL ISSUE STATEMENTS

Mr. Wintermeyer, who gave a preliminary outline of his election platform at a party convention a month ago, issued a statement saying:

"Ontario Liberals are prepared to replace this weary Conservative regime with a responsible young party of fresh ideas and energy.

"The Liberal Party is against socialism and for the fullest development of the individual in co-operation with his fellow citizens.

"I will make no promises that cannot be carried out. We do not have a program of high spending but rather a better use of the province's resources."

CCF Leader MacDonald hit at both Conservatives and Liberals in a 1,000-word election statement listing highlights of a platform adopted by the party last fall.

It accused the Conservative government of being "highhanded, smug, contemptuous of the legislature" and said the Liberals "are trying to compensate for their lack of a program by wild, impetuous promises."

Premier Frost also referred to Mr. Wintermeyer's campaign promises as he gave reporters copies of his manifesto.

"I have made a point of not making unreasonabe promises," he said. "Very often the promises of today are the taxes of tomorrow."

THIRD CAMPAIGN

The 63-year-old premier will be leading his third election campaign. It will be the second for Mr. MacDonald, 45, and the first for Mr. Wintermeyer, 44. Both opposition leaders were first elected to the legislature in the 1955 election but while Mr. MacDonald was named leader before the 1955 vote Mr. Wintermeyer became leader at a convention only last year.

Standings in the 98-seat legislature before dissolution were: Conservatives 83, Liberals 11, CCF 3 and vacant 1.

There were 2,905,760 eligible voters in the 1955 election and the figure now is estimated at more than 3,000,000. Any Canadian citizen over 21 who has lived in Ontario a year is eligible, his vote to be cast in the riding where he was living at the time of the election announcement.

More than 300 candidates are expected, with at least 180 already picked by party riding associations.

16 Year Olds Not Perfect Drivers

Psychologists run into many baffling problems. One of the minor ones is the refusal of all males over 16 to accept the thought that they might not be perfect drivers! Belief in one's own driving superiority amounts to self-delusion on a mass scale, the Ontario Safety League comments.

The youth who has handled a hockey stick since pre-school days does not believe for a moment that he could live on the same ice with the Canadiens. A man who has done odd jobs around the house ever since he married will admit good-humouredly that he is no master-carpenter. But both of them would bitterly resent the suggestion that they had anything to learn about driving a car.

A boy seeking his first operator's licence has a potential 64 years of driving ahead of him. His car will become an integral part of his life. For many years it will probably be his most valuable possession. Yet it is seldom that he, or his parents, think it worth while investing a little time and a little money in teaching him how to handle the car correctly . . . to give extra protection to his property, and his life.

Much of the knowledge necessary for good driving can be found in print. There are a number of excellent books on the subject. They are all interesting, as well as informative. Each offers to the new driver a greater measure of safety, a greater hope of avoiding unnecessary expense. The other common feature of these books is that they are unknown, unbought, unread and unwanted by ninety-nine-point-something percent of the population.

Every father should consider giving his son a book on driving as a sixteenth birthday gift. May be it would give less immediate pleasure than a silk tie, but it might save his life . . . for $2.50!

Anyone interested may obtain a list of recommended books from Ontario Safety League, 1170 Bay St., Toronto.

An estimated 803,000 women had jobs in Australia at the end of 1956, compared to 2,181,000 males.

There were 24 women lawyers among the total 916 registered in the Dominican Republic in a 1950 census.

Carbon is perhaps most familiar to us as coal, soot and charcoal, but its most precious form, the Book of Knowledge points out, is as a diamond. The diamond is pure carbon in crystallised form.

½ AWAKE NIGHTS ½ ASLEEP DAYS

Many people never seem to get a good night's rest. They toss and turn in bed—and then are dull and listless throughout the day. All of which may be due to a temporary toxic condition which calls for the use of Dodd's Kidney Pills.
Healthy kidneys filter poisons and excess acids from the blood. If they slow down and impurities stay in the system, disturbed rest, tired feeling and backache often follow. If you don't rest well at night—if you haven't that sprightly step of health in the daytime—use Dodd's Kidney Pills. You can depend on Dodd's!

Financial Aid For Breaking Farm Land Applies For 1959

E. S. Marr, of Dryden, Agricultural representative for this district has issued the following statement concerning government assistance for clearing and breaking land for the year 1959. The general plan is as follows:

The policy of providing financial assistance in the clearing and breaking of farm land in Northern Ontario will again apply this year. In this connection the following points should be understood:

1. It is the aim of this policy to assist full time farmers to enlarge their clearing so that their farms will have a larger livestock carrying capacity. In this way the policy should help to develop farms which are economic units under today's mechanized conditions.

2. It is not the aim of this policy to help clear land that is not needed for agricultural production nor to encourage part-time farming.

3. For the purpose of this policy a bona-fide farmer is a person who resides on a farm and derives approximately 50% of his income from the farm from a livestock programme, or does not work at any other occupation for more than 5 months in any one calendar year.

4. Subsidy is payable only after the land is cleared and broken.

5. Every application for subsidy shall be accompanied by satisfactory evidence that the applicant is the owner of lands in respect of which the application is made.

6. Subsidy will be paid for clearing and breaking only land where a sufficient acreage or percentage of the land on the lot or lots is suitable for Agricultural purposes.

7. Application for approval to clear and break land on which subsidy is sought, must be made previous to August 31 of the year in which subsidy is sought.

Wren To Meet With Trades - Labour Council

The Kenora Trades & Labour Council will meet on May 12th to review the report of the Select Committee on Labour Relations in Ontario. Albert Wren was a Member of this Committee which sat through a period between March 27th., 1957 to July 10th, 1958. During this period the Committee held 61 meetings, heard 90 briefs and considered 715 recommedations following which closed executive Sessions were held where the Nation's top labour lawyers and conciliators and management's top legal talent were able to give advice to members of the Committee. The members of the Committee numbered eleven, eight Prog.-Conservatives, One Liberal, One Liberal-Labour and one C.C.F. The 51 recommendations will be fully reviewed by the local Member who is regarded in the Legislature as a staunch advocate of labour's right to free association and negotiation within the law.

CPR ANNOUNCES RE-ORGANIZATION OF TERRITORIAL ADMINISTRATION

Montreal,—A coast-to-coast re-organization of territorial administration of Canadian Pacific Railway to take effect July 1 was announced today by N. R. Crump, President of the company, during his annual address to its shareholders. The present eight districts which merge into three regions will be replaced by four regions having direct control over the thirty-two operating divisions and reporting to system headquarters.

The new Atlantic region, with headquarters at Montreal, will comprise lines east from Ottawa to the Atlantic coast, including jurisdiction over the Quebec Central Railway, the Dominion Atlantic Railway and the Bay of Fundy Steamship service.

The Eastern region, which will continue to be administered from Toronto, will comprise lines West of Ottawa to the Lakehead including jurisdiction over the Canadian Pacific Electric lines in Southern Ontario and the Great Lakes Steamship Service.

The Prairie Region, with headquarters at Winnipeg, will comprise Lines between the Lakehead and approximately the Saskatchewan-Alberta border.

The enlarged Pacific Region will comprise the territory west of the Saskatchewan-Alberta border to the Pacific Coast, including jurisdiction over the British Columbia coast steamship service, the B.C. Lake and River Service and the E. & N. Railway on Vancouver Island, and be administered from Vancouver.

The four new regions will be better balanced territorially and will provide closer contact with local business and railway activities. At points such as Saint John, Moose Jaw and Calgary, the senior representative of the railways will be the Superintendent. Headquarters of the Brownville division, now located at Brownville junction, ME., will be moved to Saint John.

The reorganization was described as "another step in the evolution of the Railway in keeping with the changing pattern of Canadian development and technological advances such as improved communications. It is another manifestation of the continuing effort of Canadian Pacific to modernize and streamline its operations in its never-ending search for increased efficiency," Mr. Crump said.

"Ridiculous" Liquor Laws Are . . .

(Continued from Page 1)

by the department of highways to relax present laws.

The present rule which calls for a highway sign to be not closer than 175 from the travelled portion of the road is useless, members told the committee.

A sign that far away could hardly be seen in daylight, much less at dusk.

This fact also limits information on signs to one or two large words.

The size of signs was also criticized, although this was increased last year "by about a half inch."

A more favorable ruling with regard to signs would allow tourist operators to properly display their wares and advertise type of accommodation and services offered, representatives contended.

Other Suggestions

Other methods by which the government could assist the tourist industry, submitted to the committee, include setting up a co-ordinating committee or central authority between lands and forests, highways, mines and travel and publicity departments to prevent continual conflict of regulations and forcing road contractors to provide proper detours.

Car Time Limit

Also suggested was the cutting to 24 hours of the 48-hour time limit for taking goods duty-free across the U.S. border. Business would increase by 25 per cent locally if this were done, it was maintained.

"The entire approach of the department of travel and publicity in regard to promotion of the tourist industry in Northern Ontario is wholly unimaginative," Mr. Wren concluded.

Manitoba, it was agreed, is far exceeding her eastern neighbor in tourist promotion, parks and roads programs and even more sensible liquor laws.

Immediate action was asked of the committee in providing a solution to problems of the industry which, in spite of continual representation, have remained unsolved.

Film Council Elects Slate . . .

(Continued from Page 1)

The Federation agreed to sponsor a second Audio-Visual Equipment Workshop in the Fall of 1959 at Quetico Conference and Training Centre. The success of a similar course last year called for a second one to reach still more people.

Kenora Film Council played host to the visiting delegates. Highlight of a dinner session in the Kenricia Hotel was a talk by Miss Mary Ellen Doyle of the Whitefish Bay Indian Day School. Miss Doyle outlined the programme of crafts training for Indians, which had been initiated there were the assistance of Community Programmes Branch, Department of Education. She evinced a most sincere enthusiasm for the project and requested further assistance from the townspeople of Kenora to keep the craft project going. She indicated the vital role of craft films in this programme.

Mrs. Eunice Wishart, former Mayor of Port Arthur brought greetings from the Ontario Association of Film Councils, of which she is Past-President. She announced a special grant from the Association to assist the Federation in its projects.

It was revealed at the meeting that a new member, Terrace Bay would join the Federation this year, thus extending the area of the Film Federation to nine member groups, extending from Kenora on the west to Marathon on the East. All efforts would be made to assist the Red Lake District to join the Federation through the work of Mr. Dave Hlady of Cochenour, who attended the sessions.

Mr. Richard Fox of International Falls and Mr. Walter Stachiw of Fort Frances both invited the Federation to meet in their communities in 1960.

Progress reports were read from Sioux Lookout and Atikokan whose delegates were not able to attend.

Around — Town

Mr. and Mrs. William Ronnebeck will be "At Home" to their friends and neighbours at the residence of their daughter, Mrs. Frank P. Johnson, 815 Second Street South on Thursday, May 7th from three to five o'clock in the afternoon and eight to ten o'clock in the evening, on the occasion of their fiftieth wedding anniversary.

CARD OF THANKS

To our friends who made our bereavement easier to bear with messages of smypathy, flowers and many kind deeds, we say thank you sincerely. We are also very grateful to Rev. Leighton, Drs. Burris and Bryngelson for their special help.

Barbara and Sam Clark.

ANNOUNCEMENTS

KENORA TOURIST BOOTH

Mr. and Mrs. Al Sherrett are pictured in the Lake of the Woods Tourist and Publicity Booth at one of the large sport shows held in the United States. The attractive booth was specially constructed for the Kenora representatives. Made of polished wood, which folds up into a small compact box, the booth is a vast improvement over the usual curtained affairs which can be seen on either side of the Kenora display. The backdrop is formed of beautiful colored scenes from the area, illuminated from behind.

Mr. Sherrett states that high class appearance of the Kenora booth adds much to the publicity angle and is a natural drawing card for prospective tourists enquiring about this area.

Known As 'Eagle Man' Chas. L. Broley Dies

BROCKVILLE — Charles L. Broley, 80, known throughout Canada and the United States as The Eagle Man, died Monday while fighting a brush fire near his cabin on Whisky Island in Delta Lake, 25 miles northwest of here.

Mr. Broley, a retired Bank of Montreal manager from Winnipeg, was the foremost authority on the bald eagle. He had banded about 2,000 of them during the last 20 years.

Provincial police said death apparently was caused by a heart attack through exhaustion. It is believed Mr. Broley was burning trash when the wind shifted and the fire spread.

His feats were the subject of a book entitled The Eagle Man, written in 1952 by his wife, Myrtle Jeanne Broley. The book was the story of Mr. Broley's discoveries concerning the courtship, nesting, feeding and migrating habits of the bald eagle, national symbol of the United States.

HOW IT STARTED

Mr. Broley served for a time after his retirement as chairman of the ornithological branch of the Manitoba Natural History Museum. While going to Florida in 1938, he stopped for a meeting of the National Audubon Society in Washington.

The society asked him to examine the bald eagles around Tampa and St. Petersburg and make notes on them. Conservation authorities were worried about the wanton destruction of the eagles by casual hunters and also wanted information on migratory habits of the birds.

Mr. Broley did his own observing, sometimes climbing 100-foot trees. Often the eagles would slash at him with their talons and beaks and his arms were covered with scars.

BANDED 1,200 EAGLES

By 1952, he had banded 1,200 eagles, 12 times more than any other person. Of these, 110 were recovered.

Mr. Broley was made an honorary officer of the U.S. fish and wildlife service and had full powers of warden, including those of arrest.

Mr. Broley spent seven months of the year at his Whisky Island home and the rest of the time in Florida.

Writing in the Audubon magazine last year, Mr. Broley claimed pest-control programs, in which DDT was sprayed near lakes and ponds, contaminated the water and was leading to sterility among the bald eagles.

NAVY LOVES EVERY DENT IN OLD BOWL

QUONSET POINT, R.I. -- Naval officers love every dent in an ancient punch bowl in the wardroom of the 40,000-ton aircraft carrier Wasp and will tolerate no face lifting.

Back in 1898, while aboard the battleship Indiana when she took a mortar shell hit in the Spanish - American war, the punchbowl was damaged.

Recently, officers sent it to a New York jeweler for cleaning. In their zeal, the jewelers removed the dents.

So the officers rushed it back to the jewlers with orders—restore the dent, at our expense. The jewelers did.

CLERGYMAN WAS TIPSY

READING, Eng. Rev. Michael O'Doherty, 61, was fined £1 in court for riding a bicycle while drunk.

Police said the clergyman swerved across the street and struck a car coming the other way.

"I am very very sorry," he told the court. "It won't happen again."

An old lady living in the country had a son in the Navy. On one of her rare visits to a neighboring town she saw a sailor. Trembling with excitement, she asked him if he knew her boy. She told him his name.

"What ship is he in" asked the sailor.

"What ship!" exclaimed the old lady. "Are there two?"

GINGER FINDS BRITISH PRESS AGE-CONSCIOUS

LONDON -Actress Ginger Rogers complained Monday night that the British press "is far too age conscious—in fact they lead the world's press in that respect."

This morning's papers proved her right.

Miss Rogers, who is 47, came to London to play a 45-year-old business woman in a television opus called Carissima May 18.

The tabloid Daily Sketch announced her arrival with pictures on two different pages. One went with a story "Love and me by Ginger Rogers—47 and four times divorced." The other picture was captioned "How to look cute at 47."

ADDED A YEAR

The Daily Mirror started its story off "Dear old Ginger Rogers—Yes, I'm afraid she's 48 now." (She won't be 48 until July).

The Daily Express headed an eight - column photo with "There's a lot of Ginger left in Rogers'—Miss Ginger Rogers, aged 47."

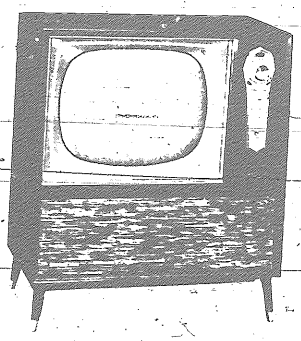
The Daily Mail carried four photographs captioned "at 47, with four broken marriages behind her. . . ."

The Daily Herald carried two pictures, headed "At 47 I'm still an adolescent."

The Daily Telegraph's photo caption didn't mention Ginger's age.

The Times didn't mention Ginger.

WELLINGTON, N. Z. Dropped from the air, the poison 1080 is proving effective against opossums, a grave menace in some New Zealand forests. The poison may become the main weapon in the extermination campaign which now costs large sums annually.



GENERAL FEATURES

HI-RESOLUTION ALUMINIZED PICTURE TUBE: better than ever focussing and smaller spot size made possible by elimination of the ion trap . . . increased clarity and detail.

EXTRA-DARK SAFETY GLASS: gives better picture definition, sharper contrast. Viewing is always better, in daytime or with bright room lights on.

SLOPE MOUNTED SAFETY GLASS: eliminates annoying reflections and is removable for easy cleaning.

EYE-COMFORT MASK: a new light coloured mask gives a pleasing frame around the picture, ensures comfortable all angle vision.

HIGH-GAIN TUNER: improved sensitivity characteristics over the previous tuner, without increase of noise, gives better reception with less interference from adjacent channels . . . especially in fringe areas.
