PRESBYTERIANS PAY MORTGAGE ON CHURCH BUILDING IN FIVE YEARS

Members and friends of First Presbyterian Church gathered with many out of town guests on Friday, June 26th for supper at Cecelia Jeffrey School. The occasion marked the completion of payments on the church building. The church, completed five years ago, has cost approximately 34,000. Present with members of the Church were ministers and elders of the Presbytery of Winnipeg, who held their regular meeting in the afternoon. Other guests were missionairies and members of the Churches on Indian Reserves from Saskatchewan, Manitoba and the Lake of the Woods area, who had held their annual conference at Cecelia Jeffrey School on Wednesday, Thursday and Friday. Gifts of appreciation were presented to Miss Dora Skene and Mr. and Mrs. Douglas Hunter. Mr. Hunter and Miss Skene have served as teachers at the School, and Mrs. Hunter (Beryl Millar) served as missionary at Shoal Lake. Mr. and Mrs. Hunter have left to reside at Morewood Ontario, and Miss Skene has left the staff, but will remain in town.

Rev. Stephen How, Moderator of Presbytery, brought greetings and congratulations to the congregation on its success financially.

The Indian Missions Conference was represented by Mr. Samuel Drever of Mistiwasis Reserve, near Prince Albert, who also brought greetings.

Mr. Ivan Robson, pastor of the church at the time of the building program spoke of the many evenings of voluntary work done by members of the Church. Mr. White, who had supervised the financial campaign, congratulated the congregation.

Mr. E. W. Byers, Chairman of the Board of Managers during the past five years, spoke of the faithfulness of the people, and held the symbolic promissory [illegible] while Mr. Ralph Pa[illegible] had supervised [illegible] fire to [illegible]

The congregation sang P[illegible] God From Whom All Bles[illegible]ings Flow. Rev. J. D. Marnoch was chairman.

The congregation has now embarked on a new project. A manse has been purchased at 63 Drewry Drive.

Dr. D. C. Hill, Superintendent of Missions for the Synod of Manitoba and Northwestern Ontario, announced that arrangements had now been made for the purchase of the Brewery property to provide for the erection of a lodge for Indian people and others visiting Kenora.

On Friday, too the Presbytery approved formation of a congregation at Big Grassy Reserve, near Morson.

The Presbyterian people are sure now that the decision to build the new church five years ago was the beginning of an expansion and greater effectiveness of their work and witness in Kenora and in the surrounding area.

Few Accidents To Mar The Holiday

Kenora celebrated the Dominion Day holiday without serious accident. Ontario Provincial Police noted much heavier traffic for the day on district roads, and report four minor accidents, free from personal injury. Local Police report a clear traffic sheet this morning.

The weatherman, although showing improvement, spoiled picnics during the afternoon for hundreds. A big black thundercloud dumped over a half inch of rain on Kenora, (.56 inches) but in Keewatin dropped less than a quarter inch (.18 inches).

The Lake stands at 1058:54 feet today, about 6 inches higher than on this date one year ago.

Randy Gilbart Wins "The May Carmichael Award"

On Friday morning, June 26, following a most successful party and dance the preceding evening, [illegible] bringing to a climax an exciting [illegible] pupils of Grade Eight, King George VI School, gathered for their last school assembly to receive their promotion certificates.

Susan Barnes made a most capable chairman for the occasion. Lorna Kleinendorst read the scripture lesson, after which Kenneth Reynard led the assembly in prayer. The Senior Choir sang two selections.

Miss L. Kron, Principal of King George VI School, presented the shield to the winning house, "The Beavers". Proficiency prizes were then given to the boy and girl in each of the Grade Seven and Eight classes who had obtained the highest marks, following which Charlene Clark introduced Mrs. J. Holland of the Public School Board, who was the Guest Speaker.

Mrs. Holland had the undivided attention of her youthful audience as she pointed out to them the challenge and opportunities that lay before them upon their entrance into a wider field of education. She implored them to set up desirable goals and to press forward steadily towards these, not being discouraged by inevitable disappointments, but deriving satisfaction from a job well done.

She paid high tribute to Mrs. May Carmichael, in whose name a new award is this year being instituted, through the generosity of her husband, Mr. George Carmichael. Mrs. Carmichael was a former Public School teacher in Kenora. Latterly, she served

(Continued on Page 6)

Ladimier Ivanovitch To Be Buried Friday Morning

The body of Ladimier Ivanovitch Keewatin resident reported drowned June 25th, was recovered near Keewatin Beach, July 1st. A resident of this district for 45 years, he was born in Russia and was in his 66th year.

He was employed in early life as a bush worker at Mando Camps and latterly as a watchman for the Department of Highways. He was a veteran of the First Great War and saw service with the 1st Depot Battalion, Manitoba regiment.

He is survived by his wife, the former Ivey Olfiey and two daughters, Olga and Nadia both at home.

Funeral services will be held in the Chapel of the Brown Funeral Home on Friday morning, July 3rd at eleven o'clock, Brigadier Arthur Moulton, Divisional Commander of the Salvation Army at Winnipeg will conduct the service. Pallbearers will be members of the Keewatin Legion and interment will be in the Keewatin Legion Plot, Lake of the Woods Cemetery.

BOY SCOUTS HOLD SUCCESSFUL CAMPOREE AT COLIN HEWITT CAMP

Last Friday evening, Scouts from the various local Troops and visiting Scouts from Sioux Narrows assembled at Redden's store to begin their weekend Camporee. The boys hiked from this point to the Colin Hewitt Scout Camp carrying their bed rolls and personal belongings. Tents, food and cooking utensils were taken up by car or truck. On their arrival at camp, the patrols, eight in number, proceeded to set up their tents and get everything ship-shape for the night.

For the benefit of the general public who are not too familiar with Scouting activities, Camporees are a type of camp where each patrol of boys set up tents, fireplaces and all that goes with camping, under the direction of their patrol leader. Scoutmasters are not permitted to advise the boys in any way at all, but periodic checks are made to see how the boys are progressing. They are judged on how the campsite is set up, cleanliness of cooking utensils, as well as dishes, behaviour in general, how the patrol obeys their own boy leader, personal cleanliness and all the other chores that occur in camp.

Various projects are on the camp program such as fire building, tent pitching, compass work, preparing a meal, lamb or beef stew being the meal chosen, which meal was their Saturday supper, knotting and knight judging. Points are given on these projects, which makes the boys all the more eager to help their patrol win.

Of course, all work and no play makes Jack a dull boy, so swim periods are allowed, games played, and of course various projects are carried out to improve their patrol site, for it is on these also that a patrol can win points.

The weather man gave the boys dry ground on which to pitch their tents, but on the Saturday morning, down came the rain. However, it cleared up in the afternoon, and once again the ground dried up.

Since council fires are the highlight of all camps, and of course this camp was no exception. At this campfire, Scouter Evert Larson was presented with his Gilwell Beads by D. C. Bill Wilson.

Sunday morning after camp clean-up and flag break, the weather was not so promising, so tents were taken down while they were still dry. Following this, two more tests were passed. This was followed by lunch, and after a final inspection and a long swim period, the boys were assembled around the flag, and the results were given out. Judging was based on the camping rules set out by the Canadian General Council of Scouting. This is a high standard of camping, and the boys are graded 'A,' 'B,' or 'C.' A special prize was awarded to the winning patrol, which was the one from the 2nd Kenora Troop.

The boys all reported that they had thoroughly enjoyed the camp, and the leaders were satisfied generally with the behaviour of the boys.

The following Scouts were at the camp, the first named boy being the patrol leader.

1st Sioux Narrows Sea Scout Troop.

Otter Patrol:

Allan Boucha, Charles Brough, John Caudry, Jerome Fikas, Donald Pecht, Roger Harrison.

Wolf Patrol:

Richard Harrison, Gordon

(Continued on Page 6)

Authorities Hail Lifesaving Device

A simple and inexpensive device for artificial respiration was demonstrated earlier this week in Kenora, which life saving authorities believe is the greatest advance in its field to date.

Called a mouth-to-mask resuscitation machine, it is designed to induce a drowning victim to start breathing.

The device was demonstrated to members of the town fire and [illegible] Mando employees by Mr. R. B. McIntosh of Winnipeg, Manitoba.

The apparatus consists of an operator's mouthpiece similar to that of a musical instrument, a rubber tube, a system of inhale and exhale valves, and a mask worn by the victim.

The operator breathes in and out at a normal rate, forcing the victim to breathe. The operator does not inhale the victim's breath. It is exhaled through a valve. The victim receives part of the operator's breath along with air sucked in from the atmosphere by another valve.

The demonstrator stated that the machine could not damage the lung structure. When the pressure becomes to great, a special escape valve opens, allowing the excess air to escape. The machine also clears the victim's throat of any objects which might hamper the rescue operations.

Mr. McIntosh stated that his job is to create interest in the machine and have it tested by authorities. People handling the machine do not need detailed training. The cost is extremely low and it should be available at every pool.

J. A. Link Ltd. Pioneer Firm Changes Hands

The J. A. Link Ltd., pioneer garage business of Kenora has changed hands after fifty-one years of service to the town and District; fifty-one years, in which the business has never closed its doors.

It was on May, 1, 1908, that James Link opened his first livery business, in the Johnson Henderson building where the coal sheds now are. He started the garage and gas business at the present location in 1915. In 1939, the J. A. Link Company was formed and the garage extension built. Mr. J. Moreland has managed the business from 1939 until now.

Jim Link has been a well known Kenora resident since 1887. Born in Berwick, County of Stormont, Ontario, February 27, 1874, he came to Rat Portage as a youth in 1887 and commenced work at the Rat Portage Lumber Mill, the day after his arrival.

[illegible] Jim Link was the trainer of the Kenora Thistles in 1906-07 when they brought the Stanley Cup home to Kenora.

The new owner of the garage Mr. Phil Dufrense came to Kenora from Radville Saskatchewan in 1946. In 1948 he took over Fortier's garage and in 1953 went to work for Dingwalls. Having worked in the garage business all his life, he is well qualified for this new venture. He is married and has a family of six girls and two boys.

Janet Skead Wins Seegmiller Award

The senior classes at North Ward school, gathered for a short time in the main hall to see the "Seegmiller Award" presented to one of their fellow pupils, Janet Skead, who had earned the distinction of being the highest ranking student in Grade Eight in that school.

This award, a cash prize of twenty-five dollars, has been given in the Public Schools for a number of years, "To the best and most deserving student passing out of the Kenora Public Schools . . . to honour the memory of Melvin Seegmiller, Kenora's first regular teacher." It was formerly the custom to rotate the prize among those schools having Grade Eight classes, but since a similar award has been set up at King George VI school by Mr. George Carmichael the Seegmiller Award, will from now on, be given only at North Ward School.

In presenting the award, the donor Mrs. J. K. Goodwyn, congratulated Janet on her fine academic record, and also on the possession of those qualities of character which had caused her teachers to select her as a suitable candidate. She emphasized the value to the community of good citizenship, and the necessity for developing, at an early age, the habit of service to others. She encouraged the students to regard themselves as the citizens of the future and to prepare themselves, through careful and diligent study to be Kenora's civic leaders in the years to come.

NEW ORGANIZATION FORMED TO BOOST TRAVEL INDUSTRY

The formation of a five Commonwealth organization to boost inter-travel between Minnesota, North Dakota, South Dakota, Manitoba and Northwestern Ontario, and to encourage outside tourist business to spend longer time in the mid-continent area, was decided upon at a meeting held in Fargo, North Dakota on Monday, with representatives of all five areas on hand.

A tentative name and a temporary list of provisional officers was decided on. The name will be "The Mid-Continent Association" and the provisional officers are as follows: M. G. McMullen, executive director of the Manitoba Travel and Convention Association, president; J. W. Clark, Commissioner of Business Development for Minnesota, Vice-president; Larry A. Schnieder, director, the Development Committee of North Dakota, second-vice president; Paul B[illegible], director, Black Hills and Lakes Association of South Dakota, secretary; J. A. Sherrett, secretary-manager of the Industrial and Publicity Board of Kenora, treasurer; Homer W. Ludwick, manager, Greater North Dakota Development Association organization chairman.

In the general discussion which took place, it was felt that an immediate beginning could be made through the exchange of literature and films, so that each area could carry and distribute the literature of the other areas, and show the films to their own citizens.

Already North Dakota was distributing circle tours which included the other states and Northwestern Ontario and Manitoba, and the eventual goal would be to prepare a general piece of literature which would stress the various admirable circle tours, some for week-ends, four days and ten days, so that residents of all the States and Provinces would be more interested in visiting places in the mid-continent circle, with benefit to all concerned.

To this end, each Commonwealth member will prepare a list of circle tours in their area, and also list places of distribution where the circle tour booklets will be distributed to visiting tourists. These will be presented at a meeting to be held in Winnipeg on Thursday July 23rd, and an immediate start made on distribution of literature.

It was stressed that while North Dakota enjoyed Canadian business of some 30%, that South Dakota got most of its business from east & west, approximately 60%, and had in relation comparatively few visitors from Canada. In like manner Canadian representatives showed that very few visitors from South Dakota came to Canada, and it was felt that by the exchange of literature, and by common efforts made locally, our own citizens could be stimulated to visit other members [illegible] mid-continent [illegible] greatly boost the flow of interchange travel between all five Commonwealths.

Later efforts would then be directed to joint action further afield, when the organization is fully operating and its benefits become noticable apparent.

With the Kenora link of the Mississippi River Parkway Planning Commission via Bimidji, International Falls, Fort Frances already designated by Minnesota, and the new bridge under construction at Baudette-Rainy River, which will give quick access to the Fort Frances - Kenora highway from the south-west and Hibbing, Grand Forks having access roads to tap the Parkway into Canada through Fort Frances and later at Falcon Lake Manitoba when this new highway is built, Kenora cannot afford to be outside this new circle of promotion, and efforts will be made to have all Northwestern Ontario communities participate in this new publicity plan and organization, and they will be circularized to this effect in the immediate future.

Our EDITORIAL VIEWPOINT

EVERYBODY'S BUSINESS

Safety is everybody's business.

There is little which is new in the story of safety. The facts have been well publicized.

It has been proven, however, that constant care and the awareness of the possibilities of accidents can reduce the toll. In this issue, a group of public-spirited merchants join in bringing to the reading public a gentle safety reminder.

"The unexpected always happens." In today's world we must accept the fact that at all times we must live with the hazard potential, in the home, at work, at play, on the streets and near the water. The moment our guard is lowered, we remain healthy only because fate decrees it so. We may have stepped onto a road without looking, fortunately at a time there was no passing traffic. Very definitely the responsibility for our well-being rests directly upon ourselves.

True, we have assistance from external forces. We must at work, obey safety laws, and inspectors are constantly doing preventative work on our behalf. Our Kenora Police, confronted with severe traffic problems, together with the year-round hazards of a lake, are daily doing their part to make Kenora a safer place for all. The same may be said of the Kenora Fire Department. Despite our laws, highways can be death traps. How many times have innocent people died, needlessly, because of a careless and criminal act of another? Ontario Provincial Police are waging an unceasing war on behalf of safety, and only this week Inspector T. A. Corsie handed his officers a booklet for distributing on the highways entitled "Yours For Safety." Statistics of the past two years prove beyond the shadow of a doubt that fathers and mothers and children too continue to enjoy this world only because of the safety campaigns which the Force has been waging.

In this distrirt, it is encouraging to note the extra work being done in the interests of safety by the RCMP. Their work is mainly directed to safety afloat, and few boat owners resent the courteous inspections of their craft by the Mounties. Again human lives are the price of carelessness.

The Red Cross Water Safety program, which will again see 600 children at swimming classes this week, is another important safety program. The Paramount Theatre has been active with Elmer (The Safety Elephant) Theatre parties for the past two or three years, teaching the younger children the basic rules of safety. Our biggest industry, Mando, have full-time safety supervisors, who teach the value of safety dividends constantly. And the list is nearly endless. Despite great progress, much remains to be done. The message of safety, therefore, is a two-fold rule: (a) it applies to everyone of every age, (b) it applies to everyone 24 hours each day. The summer lies ahead. Children are out of school and our streets, highways and resorts are busy with added traffic. The reward for added care is the saving of limbs and [illegible]

Kenora Team Wins Dryden Tourney, July 1st

It was an early holiday morning for many Little Canadian Baseball parents, thirty boys left for a tournament in Dryden. The bus wound its way down the road and arrived shortly before the first game at 10.00 a.m. In that game the Lumber Kings managed an extra inning 4-3 victory over the Dryden Dodgers. Coca Cola whipped the Dryden Yankees 9-5 in the next game. The Dodgers then eliminated the Yankees from the double knock-out tournament with a convincing 10-0 whitewash job. Coca Cola handed the Lumber Kings a 7-0 licking behind Dennis Misurka. The Dodgers now eliminated the Lumber Kings by a 9-4 count, and then surprised Coca Cola by trouncing them 10-0. This meant that both the Dryden Dodgers and Coca Cola had lost only one game, but two losses were required to put a team out. Thus a rubber match was necessary and was to be three innings long. Cokes came up with it, 5-0 as Dennis Misurka pitched hitless ball and fanning all nine batters he faced.

During the day there were many fine catches and plays that excited the fans. A large crowd had gathered for the morning game, including a number of Kenora people, but the damp afternoon chased many home. By night the showers had cleared off and a good crowd had gathered again. When Cokes had won, there was very little time lost in naming Dennis Misurka as the most outstanding and most valuable to his team. There was not a more popular decision all day. The big boy was sensational and probably played the best games in his Little Canadian Baseball career. He is almost a legend among his teammates and opponents. He had the fans buzzing about the way he played, and that was little wonder. "Zeke" as he is affectionately called by his many friends won two games and hit five home runs. Perhaps he could have hit more but he drew five or six walks, most of them intentional, which indicated the respect opposing pitchers had for him.

In all it was a long tiring day for the boys and parents, but a memorable one too. Dryden, and Ted Early in particular, is to be congratulated for the fine tournament. Next year if more entries are received one team would not be expected to play so many games. Tonight it is back to our own league play with Lumber Kings against Acme and Coca Cola against Lions.

ONTARIO HYDRO

REQUIRES

OPERATOR TRAINEES

THERMAL STATION

To be trained in various locations in the province in electrical operating procedures. After successful completion of a two year course applicant to work in thermal generating stations maintaining power to the system.

APPLICANTS MUST BE SINGLE

AGE 17 TO 22

with Junior Matric or equivalent. Competence in high school mathematics and physics (principles of electricity) a definite requirement. All applicants must be prepared to be transferred at short notice to any point in the province and ready to accept a career of continual shift work.

Apply by letter to:

Ontario Hydro,
Mr. H. J. Finch,
Personnel Officer,
Northwestern Region,
Public Utilities Bldg.,
Port Arthur, Ontario.

Around Town

Mr. and Mrs. S. Mortenson, and children of Fort William were week-end visitors at the home of Mr. and Mrs. Conrad Swanson, Third Avenue South.

Ricky Mortenson is spending a short vacation in Kenora at the home of Mr. and Mrs. Roger Swanson.

Mr. Wm. Powell, Victoria, B.C. was a visitor at the home of Mr. and Mrs. J. Bellamy.

CARD OF THANKS

WADE — We wish to take this opportunity of thanking all our kind friends and neighbours for the many acts of kindness, messages of sympathy and beautiful floral tributes received during the loss of our husband and father the late Frederick William Wade.

A special thank you to the Brown Funeral Home, pallbearers and those who loaned cars.

The Wade Family.

IN MEMORIAM

GARROW — In loving memory of a dear husband, Robert Garrow, who passed away July 1st, 1958.

He had a cheery smile, a pleasant way
A helping hand in all he knew;
He was so kind, so generous and true,
On earth he nobly did his best,
Grant him, Jesus, heavenly rest.

Ever remembered by his loving son Steve, and daughter in law Beth.

IN MEMORIAM

GARROW — In loving memory of a dear husband, Robert Gorrow, who passed away July 1st, 1958.

To know we never said goodbye,
Will always bring regrets,
But hearts that loved you dearly
Are the ones that won't forget.
God took your hand, we had to part,
He eased your pain, but broke my heart.
You were always true and patient,
Through the years you struggled on,
Those hands that rest forever,
Made the home that now is gone,
Please, God, forgive our silent tears
And constant wish that he were here,
Other were taken, yes we know
But he was ours and we miss him so.

Lovingly remembered by his wife Marie.

Magistrate's Court

Liquor infractions occupied the greater portion of the docket at Magistrate's Court this morning. One drunk paid $16.00; a second received a $10 and costs fine or 7 days in jail; a third $20 and costs or 10 days and an interdicted person paid $16.00 for drinking. A second offender will spend 30 days in jail while illegal possession of alcohol brought a $31.00 fine to another person.

A single speeding offender was brought before the magistrate and fined $16.00. He will lose some valuable points, also.

Local Witnesses Will Attend Wpg. Convention

Mr. John Freeman, presiding minister of Jehovah's Witnesses announced today, July 1, that the Kenora congregation of Jehovah's Witnesses has been invited to attend a four-day convention to be held July 9 to 12 at The Arena, Winnipeg, Manitoba. Mr. Freeman will head the delegation of about 25 persons.

The convention is arranged by the Watchtower Bible and Tract Society located in Toronto, Ontario, for Jehovah's Witnesses. A total attendance of over 5000 is anticipated.

"The purpose of the meeting," said Mr. Freeman, "is to provide additional Bible instruction for the Witnesses and to enable them to apply Bible principles more fully in their everyday lives and activities. For this reason the gathering is well termed the 'Awake Ministers Assembly". There will be morning, afternoon and evening sessions devoted to Bible talks, discussions and practical demonstrations, he explained.

Mr. Freeman further reported that several members of the Canadian Branch of the Watchtower Society, including Percy Chapman, Vice President, will speak at the convention. Highlight of the meet will be the public address by Chapman at 3 p.m. Sunday, July 12, on "When God Speaks Peace To All The Nations."

IMPORTANT ANNOUNCEMENT FROM HOUSEHOLD FINANCE

Bigger loans for today's greater needs ...up to $2500

COMPARE HFC SERVICE WITH THAT OF OTHER LENDING INSTITUTIONS...

SURPRISINGLY LOW INTEREST RATES
HFC's charges on loans over $1500 are equivalent to less than 8% discount per year on 30 and 36 month repayment plans.

LOWER MONTHLY PAYMENTS
Compare the size of HFC payments on bigger loans with what you would be paying elsewhere. HFC's smaller monthly payments fit your budget better.

BANKABLE SECURITY NOT REQUIRED
Unlike many financial institutions, HFC requires no bankable security.

OFFICES OPEN LATER, LONGER, OFTENER
HFC people work by your clock to serve you better.

ADDITIONAL CASH AVAILABLE
As an HFC customer, you may arrange for extra cash at any time—even though you owe a balance.

INCOME INTERRUPTED?
If you can't make a payment, you get helpfulness and understanding. Every day, HFC cheerfully rearranges payments for folks who are temporarily unable to pay on schedule.

NO HIDDEN FEES OR CHARGES
At Household, there are no hidden "extras" on any loan repaid according to schedule. You know—in advance—exactly what you will pay.

LIFE INSURANCE ON YOUR LOAN
Low group rate. No medical examination. No age limit.

"FASTEST LOAN SERVICE IN CANADA"
Household Finance prides itself on giving the fastest loan service available anywhere in the Dominion.

SMALLER LOANS, TOO
Whether you borrow $50 ... $100 ... $500 ... or more, you get the same prompt, understanding service that's made HFC Canada's most recommended instalment cash loan company.

BACKED BY 81 YEARS OF EXPERIENCE
Unlike most lending institutions, HFC's only business is making instalment cash loans. That's why HFC is best equipped to serve your immediate wants and needs.

Surprisingly low payments! Take up to 36 months to repay HFC's bigger loans!

Available now! HFC's new *bigger* loans let you borrow up to $2500 cash and take up to three whole years to repay. This new service is another example of how HFC people *understand* the needs of modern families.

You'll find the same considerate understanding when you first arrange a loan... and when you need additional money or time to repay. *Understanding*—that's the big difference you notice at HFC. No wonder more people borrow at Household Finance each year than from any other company of its kind. It's Canada's largest and most recommended company specializing in making instalment cash loans.

For fast, courteous service on a loan—large or small—phone or visit HFC today.

You'll like the warm, friendly atmosphere ... the smoothness and speed of HFC's experienced staff ... the wide choice of sensible repayment plans that fit your budget. You'll wonder why you never came to HFC before.

How much do you need?

Every day HFC makes thousands of loans to help people buy things they need, make home improvements, consolidate bills, pay taxes. See payment table for amount you need. You can choose from a wide variety of loan amounts and repayment plans. For prompt service, phone or drop in at your local HFC office today.

AMOUNT OF LOAN	MONTHLY PAYMENT PLANS 36 MONTHS	30 MONTHS	20 MONTHS	12 MONTHS
$ 100	$...→	$...→	$ 6.11	$ 9.45
500	...→	...→	30.01	46.72
1000	...→	41.45	58.10	91.55
1600	...→	66.62	93.19	146.68
2000	72.30	83.27	116.49	183.35
2200	79.53	91.60	128.14	201.69
2500	90.38	104.09	145.61	229.19

Above payments include principal and interest, and are based on prompt repayment, but do not include the cost of life insurance.

Randy Gilbart Wins . . .

(Continued from Page 1)

the town for a number of years as a most devoted and progressive member of the Public School Board. To the division and unceasing efforts can be attributed many of the advantages now enjoyed by Public School pupils in Kenora.

In conclusion, Mrs. Holland presented the award to Randy Gilbart the highest-ranking Grade Eight graduate from King George VI School. By virtue of his standing, Randy was also Valedictorian, and in a sincere and simple manner expressed his and his classmates' thanks to the teachers and best wishes for the future success of the school that had meant so much to them all.

A.D.C. Charlie Wingfield was in charge of the camp, with Scouter Evert Larson as deputy S.M. George Noble assisted over the weekend. D.C. Bill Wilson was only able to visit the camp on Saturday evening. He was accompanied by Mr. George Burnham, a former D.C., who judged the various camp gadgets made by the boys.

CPR Operating Department Lists Many Changes

There will be several new names and faces in the Canadian Pacific Railway's Prairie Region operating department, Winnipeg, when the reorganization and streamlining of the department goes into effect on July 1.

G. E. Mayne, vice-president, becomes vice-president and general manager of the new prairie region which extends from Port Arthur and Fort William to approximately the Saskatchewan-Alberta border. Formerly this territory extended west to Field, B.C.

Other new names in the headquarters division include L. R. Bangs, formerly general superintendent, Manitoba district, who becomes assistant general manager. S. Gibbon returns from Calgary to be assistant to general manager. A. M. Fraser goes to Vancouver as assistant general manager, Pacific Region, and W. M. Harrison returns there as assistant to general manager.

In the engineering department, K. A. Truman becomes regional engineer and C. K. Holden assistant regional engineer. W. G. Dyer moves to Vancouver as regional engineer, Pacific Region.

In the motive power and rolling stock department J. J. Raby becomes assistant regional superintendent, replacing William Stewart who moves to Vancouver as superintendent of the department for the Pacific Region T. R. Weise, formerly of Moose Jaw, becomes regional superintendent of transportation; D. F. Crawford, assistant superintendent, and D. Lawson, inspector. Henry Chester has moved to Vancouver as superintendent of transportation for the Pacific Region and E. E. Marlin has gone to Montreal as assistant chief of transportation.

Public eating places should be kept immaculately clean. It is important that the staff should be healthy and free from any skin disease, since diseases germs may be spread by those who handle food.

WHERE CARS ARE ALWAYS SOLD FOR LESS

SCHOOL IS OUT!

BACK THE ATTACK ON ACCIDENTS

THE KEY TO SAFETY IS . . . YOU!

Watchword for drivers:

Watch out for children . . . and practice the ABC's of safe driving at all times. As the youngsters head out of school on holidays, safe driving is especially important. Remember, on any street there may be children on the way to or from play. Be safe . . not sorry . . be always ready to stop for kids on the go!

Everyone — every man — every woman — who operates a car or truck is being called to the colours now! Our record of accidents due to faulty vehicles and drivers at fault places a heavy responsibility upon all who get behind the wheel.

Not one of us who takes within his or her grasp the potent power of an automobile can be indifferent to this appalling emergency. To fail to back the attack on accidents is carelessness in the face of death and injury.

We cannot control traffic if we do not control ourselves. Let's all rededicate our driving habits to a sane and sensible attitude . . . an every minute determination to never be involved in an accident.

"Take Care Everywhere"

SAFETY IS ALWAYS IN SEASON!
