Architect's sketch of the proposed $4,088,490 Ontario Crippled Children's Centre, to be erected on an 11-acre site near Sunnybrook Hospital near Toronto, shows one-storey construction was employed throughout areas to be used by Children, providing direct access to outdoor play areas at ground level. Administration offices and service facilities will be located on the second floor and in the basement of the main building in the foreground. Included in the plans is a 105-bed residence for crippled children coming to the Centre from all parts of the province. The public appeal for funds construction and equipment will open January 12th throughout Ontario.

DEFEAT DRYDEN

THISTLES TAKE OVER SECOND SPOT IN LOOP

by Jack Thomson

Second place was finally decided in the Ontario Minnesota Hockey last night. The Kenora Thistles defeating the Dryden Rockets by a score of three to one. The Rayner men poured rubber on Harry Lawrence in the Dryden goal for a total of thirty one shots, and had Lawrence on the move from the opening whistle. The Dryden product played his best game of the year last evening. Allie Reynard returning to the Kenora pipe policeman job, after a tour of duty with the Troy Bruins of the International League, handled sixteen shots, in a rather easy evening. It was anyones game until the seventeen minute mark of the third when Jimmy Cox scored his first goal in major company to cap the Thistle attack. Brian and Frank Leroux paced the Red and White attack with some brilliant rushes with Brian also playing a strong defensive game.

Thistles opened the scoring in the first period after thirteen minutes of play, and held off the Dryden crew until four minutes were gone in the middle stanza. Five minutes later the Thistles took the lead again and held on for the win. Dryden sent seven men to the sin bin and Kenora five.

"March Of Dimes" Campaign Opens In Kenora January 19

The Kenora Kinsmen Club is again asking the assistance and co-operation of all citizens in carrying on its March of Dimes campaign for the Rehabilitation Foundation for the Poliomyelitics and Orthopaedically Disabled. A direct mail campaign for funds will open locally on January 19 and coin boxes will also be placed in all local stores. Mr. M. R. (Mac) Smith is local chairman for the campaign.

The Kinsmen Club point out that at the present time approximately ten local residents are receiving treatment at the Foundation centre in Fort William. This is the first year that services have been available at the Lakehead. Previously handicapped people from this area had to go to Toronto. Funds raised by public subscription have resulted in the new centre being opened this year at Fort William.

It should be noted that the March of Dimes campaign is for all orthopaedically disabled, not just for those who are crippled from polio.

Can disabled people regain ability? Can a man be a successful farmer if he cannot walk? Can a boy without arms become a radio mechanic? Is there a career ahead for the hundreds of young men and women paralyzed by polio, or for the amputees, the paraplegics, the people who can no longer do the things they used to take for granted?

In most cases the answer is "YES". Medical knowledge has made rehabilitation possible. The March of Dimes is making it available, financed by voluntary contributions from the people of Ontario.

Will you help for the coming year? Anything you care to give will be gratefully received, acknowledged, and used to rehabilitate a disabled person in Ontario.

Museum To Display Indian Painted Rocks From District

Three men, two years and four painted rocks figure in a strange and true story reflecting continued good neighbourliness on the family basis between citizens of Canada and the U.S.A.

In 1956 Dr. J. A. Bolz and his brother-in-law, Art Pohlman, both of Minnesota, made a trip through Namakan Narrows on the international waterway separating Minnesota from Northwestern Ontario.

The found some loose rocks with strange paintings and took them home. The plan was to give them to a museum or set up a display at Mr. Pohlman's long-established resort on Crane Lake.

Searched For Paintings

Last summer Canadian artist Selwyn Dewdney searched Northwestern Ontario for ancient Indian rock paintings. He too, went to the Namakan Narrows site and saw at once some of the rocks were missing. He was told they had either fallen into the water or been taken by curio seekers.

Next, Dewdney heard rumors of another pictograph site in the Crane Lake vicinity. He went there and by chance met Pohlman to whom he explained his visit.

As a result, Pohlman and Bolz showed Dewdney the missing rocks. The "international family council" ensued and a decision to return the rocks to Ontario was reached.

Special Display

They were crated and shipped by the Ontario Department of Lands and Forests at Fort Frances to the Royal Ontario museum at Toronto. There they will form the core of a special display incorporating artist Dewdney's collection of watercolor sketches of many such Northwestern Ontario pictograph sites.

Mr. Dewdney was interviewed here August 25, when he passed through Fort William accompanied by his wife and son Christopher, 7. They had travelled the northland with him on the 1958 sketching tour that took them to Minnesota waters, Rainy Lake, Lake of the Woods, Oliver Lake and was then heading into the Nipigon area.

Said he at that time: "Three years ago we knew of only about a half-dozen such sites. Today we are aware of a certain 50 with another 50 possibilities and those are conservative estimates."

Crippled Children Society Appoints New Nurse For Dist.

Mr. R. W. Hopper, Executive Director of the Ontario Society for Crippled Children has announced the transfer of Miss Rose Frim from Sault Ste. Marie to the Lakehead District to take over the duties of Mrs. Margaret Page, who has resigned after serving 11 years with the Society.

Miss Frim is a graduate of the Kitchener-Waterloo Hospital in Kitchener and received her Certificate in Public Health Nursing from the University of Western Ontario. She also received a diploma in Clinical Instruction and Supervision in Paediatrics from the University of Toronto.

In addition to her 3 years experience with the Ontario Society for Crippled Children, Miss Frim has been on the Staff of the Kitchener-Waterloo Hospital and the Hamilton Department of Health.

The Society's Lakehead office is located at the Health Centre, 900 Arthur Street, Fort William, and will continue to serve the districts of Kenora, Rainy River, Thunder Bay and Patricia.

January Meeting At Kenora For Land Use Planning

Realizing the increasing importance of the proper use of land, our primary natural resource, the Department is stepping up its efforts to organize a Land Use Planning programme. To that end a "Summit Meeting" was held in Toronto in September. This was followed by a Regional meeting in Dryden on November 6 attended by the Regional Director, the Regional Forester and all District Foresters in the area. Word has now been received that a second Regional meeting will be held at the Legion Hall in Kenora on January 22 and 23.

It is understood that the purpose of this second meeting is to get down to the "grass roots." Mr. E. L. Ward, who has been appointed Head Office co-ordinator for this work, will be the main speaker. Also in attendance will be the Regional and District Foresters and all Supervisors whose work has any bearing on proper land use.

Plans Finalized For Hotel Assoc. Meet At Toronto

TORONTO Problems pertaining to the hotel industry in Ontario and affecting the overall business climate of this province will be discussed at the 34th annual convention of the Ontario Hotel Association in the Royal York Hotel here January 19, 20 and 21, it was announced today by Ted Miron, of Kirkland Lake, President.

This will be one of the most momentous conventions in the history of the Association. Members are facing a critical period brought about by 10 years of [illegible] costs with remained static and, in some cases, has declined.

The three-day meet will attract hotel and tourist resort personnel from all sections of Ontario. The program will feature talks, panel discussions, forums and displays, with internationally known authorities on hospitality, food catering and service and other aspects of the hotel industry participating.

The 1959 hotel convention will be officially opened by His Worship, Mayor Nathan Phillips of Toronto. The Association of Tourist Resorts of Ontario, a section of the Ontario Hotel Association, will hold its annual meeting at the same time.

Founded in 1925 the Ontario Hotel Association has, among its aims and objectives, elevation of the industry's prestige, increased tourist patronage, improved public relations and the encouragement of members to always act as gracious and considerate hosts.

President-elect is J. N. Yanover of Belleville, while Nick Kaneb, Cornwall, is chairman and Clint Melville, Toronto, managing director.

Lands & Forests Dept. Fight Against Spruce Budworm

There have been inquiries at the Department of Lands and Forests Office from interested citizens regarding spruce budworm damage to balsam and white spruce stands in the Kenora District and whether anything is being done or could be done to check the spread of this insect which causes heavy damage to the above mentioned tree species, not in Ontario alone but in other Eastern Provinces also.

Biologists of the Department of Lands and Forests of Ontario report that in their fight against the budworm various methods are being studied and employed, including chemicals, viruses and other insects which pray on budworm.

Aerial spraying of certain insect killing chemicals on timber stands which are infested by budworm has proven most successful in killing budworm off, though at best, spraying is to be considered as a delaying action since kill it not 100%; therefore in a few years budworm may increase again to be as numerous as it [illegible] before spraying.

The best hope to eradicate budworm rests on viruses, and on parasitic insects; new kinds are constantly introduced and tried out on budworm at the Department's laboratories at Maple, Ontario.

Also, biologists report that nature seems to have taken a hand in eradiction of the budworm. Checking control plots in various parts of the District they have discovered that at present in the western part of Kenora District numbers of budworm are decreasing, and many of the damaged trees appear to have a new lease on life.

Public Invited To Council's Inaugural Meeting on Monday

A special invitation to attend the inaugural ceremonies of the 1959 Kenora Town Council was extended to the public at large by the Town Clerk, Mr. Jim Hooper. The taking of the oath of office and the seeking of Divince guidance has always been a moving moment and a highlight in civic life. This year two new aldermen will take their places on council, Larry Johnson and Jim Armstrong. They will fill seats held by Eric Newman and Dr. Peter Playfair, who retired after serving two terms.

Next Monday's inaugural meeting will open at 11.00 a.m. in the Council Chambers.

LOCAL UKRAINIANS CELEBRATE XMAS DAY

Today is Christmas Day for the Ukrainians in all parts of the world who celebrate their holydays according to the Julian calendar.

Traditionally, the Ukrainians here in Kenora have started the observance of their Christmas last night, which was Christmas Eve. With appearance of the first star in the heavens they sat down to a sumptuous but meatless meal made up of 12 dishes to honour the 12 apostles. With the Christmas tree aglow, the best linen, china and silver laid out over a table covered with a light sprinkling of fine hay in remembrance of the stable in which the Christ Child was born, and a kalach (a Christmas braid bread) centering the table signifying Abundance, the head of the household led the family in prayer. The meal began with the traditional "kutia", followed by borsch, fish - jellied, marinated, baked or boiled; holupci - with rice or buckwheat; vegetables - sauerkraut with split peas [illegible] beans etc. [illegible] mushroom stew, fruit and a varied assortment of Christmas sweetbreads. Grace was said again at the end of the meal and everyone joined in carroling. A modern touch was added to an old tradition when the choir of the Ukrainian Literary Society sang carols over CJRL with Mrs. P. Dubenski as the able commentator. At midnight the faithful attended Midnight Mass. At the St. Nicholas Greek Catholic Rev. A. Simbalist sang Mass, and at the Greek Orthodox Church Rev. O. Skakalski was the celebrant.

Today carrollers are visiting the homes for this is a happy time of year. Old cherished carols that have been handed down from generation to generation from time immemorial will be sung. Generally speaking there are two types of carols sung by Ukrainians during the Christmas holidays. Some are of comparatively recent origin, composed since the adoption of Christianity by the Ukrainians in 988. The others [illegible] pre-Christian origin, most of them modified and adopted to the times in such a manner that their pagan origin is not readily recognized.

Ukrainans do not begin to sing their Christmas carols till Christmas Eve, and then go on through New Year and on to the Feast of Jordan on January 19. The singing is continued in the churches up to the 15th of February, when the Christ Baby, 40 days after its birth was presented in church to the priest Zacharias, for blessing.

During the three days of Christmas the carols are sung of purely religious character, that is hymns glorifying the Infant Jesus, His blessed mother, the Three Kings, etc. These carols may have stanzas added to them with well wishing to the master, mistress, and other members of the family household where the carrollers sing as they visit from house to house. The carols of more pagan origin praising all natural and material gifts are reserved for New Year and Feast of Jordan. They are called "schedrivky".

Christmas is observed for three days by the Ukrainians because the Church has added two subsequent holidays to the Birth of Christ; the memory of the Holy Virgin Mother (2nd day), and St. Stephen, the first martyr of the Christ's followers (3rd day). On the 14th day of January is New Year's Day according to the Gregorian calendar which the Ukrainians use. On this day the Ukrainian Churches observe the commemoration of circumcision or spiritual purification of the Christ Child and also of St. Basil the Great. On January 19 Ukrainians observe the [illegible] Jordan or Little Christmas. On the Eve of Jordan there is a Holy Supper also and the same solemnity and ceremony is prevalent this day as on Christmas Eve. The next morning after Mass water is blessed which the faithful take home in small jars. It has been customary in Kenora to hold a Community Supper on this day, the Feast of Jordan, and thus end the festive Christmas Season.

Youngsters Give Pennies & Nickels To Children's Aid

The children in Room 8 of the Keewatin Public School thought and thought. They were the grades four and five pupils of Mrs. Esther McKinnon and they had collected the sum of four dollars in their benevolent fund. Now they had to decide upon the most useful and needed place to put it. Having built up the fund in voluntary contributions of pennies and nickels, it was no light matter to determine how best to dispose of it.

How better, they finally asked, in this season of happiness for themselves could they use it than in helping to make other and less fortunate children happy? Some one proposed that it be given to the Children's Aid Society. And before you could say "Happy New Year!" the motion was carried — unanimously.

Marathon Mercs Remain Unbeaten In Nine Games

The powerful Marathon Mercuries remain undefeated in the North Shore Intermediate Hockey League following their two weekend victories over the Nipigon Flyers in the Nipigon Memorial Arena. The Mercs won Saturday night's game by 7-6 and Sunday afternoon's encounter by 6-3.

Unbeaten in nine starts the Mercs lead the league standings with an unofficial 17 points.

In Saturday night's game which the visitors won by a 7-5 score swift Johnny Charyna led the winners with two goals, the others were scored by Ron Kapitan, Bunny LeBlanc, Al Lantergne, Danny Moon and Pete Amadeo. Herman Mannila scored twice for Nipigon with Tiger Swan, Don Oja and Ray Dupius scoring one each. The game was not too rough as have been several in the past but it was fairly fast and all of the players on both squads went all out all the time. 447 local fans witnessed the unexpected as Al Lantergne scored on a long 70 footer and John Charyna on a 50 footer.

SUNDAY'S GAME

On Sunday afternoon the visiting Mercuries won again by a 6-3 margin but from the fan's point of view the game was not as good as Saturday night's. The game was not played in a crowd pleasing manner as most North Shore games are but this may have been due to poor ice conditions caused by the severe cold.

Bunny LeBlance and Johnny Charyna were excellent targets for the pinpoint passes of Pivot John Kosolowski. The score sheet verifies this as LeBlanc scored three times for the hat trick, Cheryna blinked the light twice and Kosolowski compiled four assists. This unit worked extremely will together. The Mannila brothers, the veteran Herman who needs no introduction to North Shore fans and the youthful rookie Roy scored one each for Nipigon. Hard working portsider, Don Oja scored the other. Once more the key to the Flyer defeat was their inability to put the puck in the net. On one occasion Vic Dahl of the Flyers got netminder Deluca out of his suit and then carelessly slid the puck wide of the post. A few moments later Marathon scored.

These kind of things disheartened fans and players alike. But the big difference between victory and defeat lay in the marksmenship of the teams. The Marathon team seldom missed the net while the Flyers were extremely erratic in their passes and in shots at the net. For the second time in two days the Mercuries were shorthanded. The only lineup change was the substitution of Kosolowski for the departed Floyd Romano. Maybe this is Merc strategy. Almost all season they have used only two lines during the game and have won eight and tied another in nine games. Ron Kapitan is playing the best hockey of his career. He is no longer the wild brawling player who frequently occupies the sin bin but is rather a real solid pillar in the defence. Few better ones can be found in this league at the moment.

With the 500 plus in attendance the Nipigon arena doubtlessly leads the league in average and total attendance. Nipigon has not had a crowd below 400 while most other rinks are usually lower. The officiating in both games was good, they handled the players and the games well.

Marathon Mercuries — goal, Deluca; defence, Bolan, Kapitan, Peter Amadeo, Walsh; forwards, McNamara, Moon, Lantergne, Charyna, LeBlanc, Kosolowski.

Nipigon Flyers — goal, Ruth; defence, Telkkinen, Ward, Swan, Korhi; forwards, Dahl, Oja, Fortier, H. Mannila, Baxter, Dupuis, R. Mannila, Duhame, Legacy.

Referee: George O'Neill, linesmen, Mel Amadeo, Al Langevan.

Down The Ice With Minor Hockey

Minor hockey is a family affair. Do you agree. We are sure you do. We all wish to see young Canadians play Canada's National Sport—HOCKEY—under properly supervised conditions. That is what your local Minor Hockey Association is doing. We solicit your participation in observance of this, the third annual MINOR HOCKEY WEEK IN CANADA. Minor hockey week throughout Canada starts January 24th. Keep Canada first. Support Minor hockey. Keep a boy on the ice and you'll keep him out of hot water. Above all, and we ask all parents and guardians not only this particular week but all times. DON'T SEND — TAKE YOUR BOY TO THE RINK.

M Magistrate - hockey players never see them.
I Ice - where Canadian activity takes place.
N Name - any good player earns a good one.
O Obedience - a fundamental of hockey.
R Readiness - players must learn to be alert.
H Honesty - to oneself and to the rules.
O Officials - must always be obeyed.
C Canadianism - truly taught by hockey.
K Keen Mind - Developed by hockey.
E Education - sport is part of it.
Y Youth - The Citizen of tomorrow.

Lastly and this is important. COACHES please get players cards returned early, don't be the one to complain, if in doubt about a players eligibility to participate in a game. PRACTICE WHAT YOU PREACH. LET US ALL WORK TOGETHER IT IS MUCH EASIER.

Thanking you for your co-operation. The family that plays together - stays together.

—Bill Watkinson.

EMPRESS OF BRITAIN MAKES FIRST TRIP OF THE NEW YEAR

SAINT JOHN — Canadian grain for overseas consumption and general cargo totalling 2,335 tons is now being stowed in the holds of the Canadian Pacific Atlantic Flagship, Empress of Britain which with approx. 200 passengers will leave this ice-free winter port Tuesday night at 7.00 o'clock for Liverpool.

Heading the list of passengers is the C.P.R.'s European General Manager, Harry Arkle, who has been located at London since 1954 and who is formerly of Winnipeg and Montreal.

The Parsnip river in the Cariboo district of British Columbia was discovered by Sir Alexander McKenzie in 1793.

Comparative Price Advertising is no "Gimmick" at EATON'S

WHEN EATON'S QUOTES COMPARATIVE PRICES THIS IS WHAT IT MEANS . . .

● When we compare an EATON special price with the "Ordinary price" prevailing — a thorough survey is made of the local market, to make certain that the special price to be quoted is substantially lower than the price at which a comparable article is being sold RIGHT AT THE PRESENT TIME in other stores as well as our own. Only when this condition is fulfilled will we quote comparative prices in our advertising.

● Whenever we quote a "regular price," we refer to the last price at which the merchandise was sold at EATON'S even though that price may have been a reduction of an earlier "regular price." Thus, if we sell an article at 4.95, reduce it to 3.98, and later on reduce it to 2.98 — it will be advertised as "Reg. 3.98. Special Price 2.98."

Throughout its history EATON'S has steadfastly scorned misleading price comparison practices. Above all things, we value your confidence . . . and we safeguard it by sticking to this simple, straight-forward rule.

EATON ADVERTISING MUST MEAN WHAT IT SAYS, AND SAY WHAT IT MEANS

PLYWOOD STORY
Color - 29 min.

The complete story of how plywood is made - in non-technical language that makes it simple and fascinating to any age group.

SOREL
B&W 11 min.

Behind the scenes at the nation's busiest shipyard we see craftsmen applying family-nurtured skills to construct HMCS Labrador, the largest warship ever built in Canada. Later, as the ship stands ready for launching, the whole town turns out to participate in the proud event.

VIGIL IN THE NORTH
B&W 11 min.

To meet the chilly challenge of defense of our Arctic frontier, the Canadian Army operate the garrison town of Fort Churchill, Manitoba, where units of its mobile striking force come for winter training. We see officers and men living, marching and manoeuvering in the faceless tundra, conquering their first real enemies, fatigue and fear, as they develop into sturdy soldiers of the Arctic.

YOU AND YOUR FAMILY
B&W 9 min.

The film depicts three situations involving parents and young people: When Mary's family refuses to let her go out on a date, what should she do? What happens when family members shirk their household chores? How can Bill and his father agree on what time Bill should get home at night? These scenes are dramatized, then summarized, and each spectator is invited to join in the discussion.

HAVE BABIES SAME TIME, SAME PLACE

Phoenix, Ariz.—A mother and daughter gave birth to sons within about an hour of each other at the same hospital.

"I didn't know until I got here that my daughter was here," said Mrs. Rollie Hammonds, 38.

"We didn't dream we'd be here at the same time," exclaimed daughter, Mrs. Jackie D. Nelson, 20. Her baby wasn't due till Jan. 21, Mrs. Hammond's was expected Dec. 26. They are in adjoining beds at Phoenix General Hospital.

Mrs. Nelson's baby was her second.

Правдива радість Різдва Христового основується на дусі Христової любови, котра тісно лучить вузлами любови родину християнську родину.

Цей сам дух Христової любови лучить також кожну громаду і робить її кліпшою та приязнійшою в співжитті.

Тож ми, наші доми та наші міські купці, вважаємо що святочну нагоду за благословенну, щоби радіти разом із вами, нашими приятелями та сусідами, ідучи дальше шляхом співжиття рамя в рамя, прямуючи до нашої спільної цілі та інтересів.

Христос Раждається-Славіте Його.
