AT KEEWATIN

COUNCIL COMMITTEES APPOINTED FOR 1959

The Inaugural Meeting of the Keewatin Council was held Monday January 12th, 1959 at 7.30 p.m.

Town Clerk E. L. Holmes administered the required Declaration of Office to Mayor Walter Hodkinson following which all Members of Council subscribed to the Declaration and the Clerk declared the Municipal Council duly and legally constituted to transact such business as might come before it during the year 1959.

Mayor Hodkinson then invited Rev. James W. Whitford, of the St. James Anglican Church, Keewatin, to invoke Divine Blessing on the deliberations of Council during the year 1959. Rev. Whitford offered prayers on behalf of the Municipal Council. Mayor Hodkinson expressed the appreciation of Council to Rev. Whitford for his presence on this most auspicious occasion.

In opening proceedings of Council Mayor Hodkinson extended a welcome to the one new member of the Municipal Council in the person of William J. Davis and extended congratulations to the balance of Council on their re-election to a further term of office.

Mayor Hodkinson outlined briefly the events of the past year as well as some of the problems facing Council during the year 1959 and advised Council that the ability to succeed depends on working together. In his closing remarks he stated that he felt confident of the continued growth of the town in the future.

The following is a list of Committee appointments for the year 1959.

ACTING MAYOR:
W. Luke Francis.

FINANCE:
Carl G. Christianson, Walter E. Nicholson, W. Luke Francis.

LIGHT and TELEPHONE:
W. Luke Francis, Carl G. Christianson, Cecil Gilley.

PARKS AND RECREATION:
Cecil Gilley, Louis Contini, Carl G. Christianson.

BOARD OF WORKS:
Louis Contini, W. Luke Francis, William J. Davis.

FIRE AND POLICE:
William J. Davis, Cecil Gilley, Walter E. Nicholson.

WATER:
Walter E. Nicholson, William J. Davis, Louis Contini.

WEED INSPECTOR:
Constable E. A. DeGagne.

Mr. William S. Forbes and Cecil Robertson Jr. representing the Keewatin Minor Hockey Association appeared before Council in support of a communication dated January 11th, 1959 requesting the consideration by Council of the purchasing of new netting for the goals at the Municipal Memorial Rink and the proclamation of the period from January 24th, 1959 to January 31st, 1959 as Hockey Week in Keewatin for the Town of Keewatin. The delegation also requested a grant to assist the Association in their efforts to promote hockey for the youngsters of the town. Mayor Hodkinson assured the delegation that their request would be given every consideration. The sum of $150.00 was granted to the Association for the 1958-59 season.

Council also agreed on the purchase of the required netting at the rink.

Council granted the sum of $100.00 to the Kenora Area Agricultural Veterinary Committee in support of the provision of veterinary services for the Kenora Area as requested in a letter dated January 2nd, 1959. The Interim Report of Burch, Findlay, McFarlane and Company, Chartered Accountants, Winnipeg was received and filed.

The Northwestern Ontario Development Association in a letter dated January 8th, 1959 requested the support of the Council in the furtherance of their work. Council granted the Association the sum of $150.00. Mr. J. McCoombs in a communication dated January 5th, 1959 advised Council of the recently completed boundary

(Continued on Page 19)

Spring Is Just Around The Corner

We at the Department of Lands and Forests at Kenora have always felt that the season was being somewhat rushed when we heard the frantic news that there are only 306 shopping days left until Christmas. But this year we are almost as guilty when we say that spring must be just around the corner.

Certainly not! We have not heard any crows cawing yet, but our Lands Division has received during the past week 17 letters of enquiry and two visitors in person from Iowa, all dealing with that little dream cottage on Lake of the Woods, blue sparkling waters, golden sand beaches and the wind whispering amongst the pines.

Surely that must be an indication that spring cannot be far away.

A Word To Property Owners From The Provincial Land Tax Division

The Department of Lands and Forests have had a dozen property owners in the District Office making inquiry as to when they might expect their Provincial Land Tax Accounts. We contacted our Head Office and were informed that all tax accounts were in the mail.

If you do not receive your tax account in one week we suggest you drop into the District Office of the Department of Lands and Forests, or give us a phone call.

Keewatin's Mayor Predicts Bright Future For 1959

Mayor Walter Hodkinson of Keewatin delivered the following address at the inaugural meeting of the Keewatin Council Monday evening.

May I extend congratulations to all members of Council on their re-election. Councillor William J. Davis is both elected and re-elected, and we are glad to see him return to civic work. An experienced man was needed to follow the energetic work of last years retiring member, Bob Zeamer.

We embark on another year of serious responsibility and I trust

MAYOR W. HODKINSON

that we can assume this responsibility without fear.

The courage of last year's Council in their successful efforts to establish a sound assessment system for our municipality, should be carried with us throughout the coming year.

We can look forward to the finalization of numerous progressive projects which we started in 1958, and the continuation of others.

I trust that all Committees will review the position of their departments in regard to any work not completed last year and also to begin to plan at once further development. May we be enabled to work harmoniously together. Let us remember that our ability to succeed depends on our ability to work together toward a common goal, that of serving and building, unselfishly, for the future welfare of our Town and its people.

It is essential to success that we endeavour to lay out the work we

(Continued on Page 18)

HON. KELSO ROBERTS PAYS TRIBUTE TO LATE CALVIN RUSSELL FULFORD

Significant progress has been made in reducing the death toll on Ontario roads and highways patrolled by the Ontario Provincial Police, Attorney General Kelso Roberts last night told a distinguished dinner audience at the Kenricia Hotel. Citing figures for the past 11 years, he said the "serious slaughter of citizens has been slowed down, and the best gain ever was recorded in 1958.

"I always make a tour of inspection of one section of the Province prior to the opening of the Legislature each year," the Minister stated. "I find these visits most worthwhile. This year I have reversed the usual proceedure by flying to Winnipeg, driving to Kenora and working my way back east." Accompanying the Senior Minister on the tour is Commissioner W. L. Clark, who assumed command of the OPP last summer.

Mr. Pete Robertson acted as chairman for the small dinner gathering, which included members of the judicial branch of the district, Bill Noden, MPP for Rainy River, Mayor Ratuski of Kenora and Acting Mayor Luke Francis of Keewatin and others.

Illustrating his remarks with frequent use of figures, the speaker said that in 1948, 469 people died in highway accidents when vehicle registrations totalled 952,000. More recent figures given were:

YEAR	KILLED	REGISTRATIONS
1954	688	1,586,000
1955	804	1,727,000
1956	808	1,820,000
1957	850	1,916,000
1958	739	1,985,000

DISTRICT FIGURES

The death toll on district roads was not as heavy as in other parts of the Province, but a serious increase occured in 1954, said the Minister. In 11 years, 125 people have died in this district in highway accidents.

The figures for recent years were:

1951 - 6	1952 - 5
1953 - 7	1954 - 24
1955 - 20	1956 - 19
1957 - 18	1958 - 17

PROUD OF OPP

Listing some 1,816 uniformed men in the OPP, the Attorney General said "we're proud of that Force. We are striving to be a good force." The speaker placed public relations high on the list of policy endeavors, paramount of which being the protection of citizens and the enforcement of the law. In these matters he asked for the assistance of the general public. In summing up provincial police policy, he said that "at all times the use of good, common sense" was best.

At this point he paid tribute to the late Calvin Russell Fulford, the OPP Constable who had given his life in the line of duty last Christmas morning. A minute's silent tribute was observed.

The Attorney General displayed considerable knowledge of the affairs of this district, noting bridge and dock construction, schools and other building completions, together with general activity. Tuesday he had the op-

RELATIONSHIPS ARE INVOLVED

CHICAGO — A mother and her daughter each gave birth to sons and shook up the family's relationships.

Mrs. Raymond G. Brier, 16, gave birth to her first child Friday, a son, Raymond George Brier Jr.

Sixty-two hours later, Mrs. Brier's mother, Mrs. Earl Reid, 39, had her seventh child, Daniel Joseph Reid.

This means:

Mrs. Brier became a mother and acquired a brother.

Mrs. Reid became a grandmother and acquired a son.

Daniel Joseph was an uncle at birth.

Raymond George got himself a new, and younger, uncle.

Get it?

LUCKY DOG FALLS HEIR TO ESTATE

DETROIT — Butzo, a three-year-old German shepherd, might agree his master left him plenty with which to lead a dog's life.

He has $15,000 and his own human-sized house and a caretaker.

George Johnson, 66, Butzo's master, died last month. He had no wife; no relatives.

Under the terms of Johnson's will, Butzo gets the entire estate. It includes the $15,000 and Johnson's cottage. Johnson made arrangements for Butzo to be tended by a roomer at the house.

Anything left over when Butzo dies will go to a Detroit manufacturing company that employed Johnson for 40 years.

STATEHOUSE TOO STUFFY

BOISE, Idaho —Seventeen Republican lawmakers, in an informal resolution Monday, asked if the heat could be turned down in Idaho's legislature "in the interests of economy and in the presence of excessive Democratic hot air."

Replied Don Pieper, Democratic majority leader: "The statehouse has a central heating system, and the furnace remains under the governor's jurisdiction."

Governor Robert E. Smylie is a Republican.

OFFBEAT CLUB IS FORMED

VICTORIA — The Offbeat Club has been formed here for "people with a taste for the unusual . . . who are looking for something a little different from weekend rambles or an evening's bowling."

Its founder, Frank Shaw, said its members will:

Learn how to start their own wine cellars.

Watch a baby being born.

Lunch with sea captains.

Learn what's new in smuggling in Tangiers.

"They will also be able to drive in South America if they want to," he said. "This is a club which will open people's eyes to this wonderful world and get them away from television."

The club is open to anyone and there are no fees.

Dickering For Plant

LONDON —The Canadian agricultural machinery firm of Massey-Ferguson today disclosed plans aimed at buying out the tractor-producing interests of Standard Motors, one of the big five in the British automotive world.

Massey - Ferguson's financial advisers announced in London that negotiations to this end are under way between the two companies.

A spokesman said it is hoped that if the negotiations are successful the two companies will be able to "go their own way, independent of each other."

Standard has been producing Massey - Ferguson tractors for some years at its extensive plant at Coventry. The Canadian firm holds about 8,000,000 shares in Standard, about its capital.

Today's announcement indicated Massey-Ferguson hopes to make this shareholding part and parcel of the deal, leaving the automotive section to Standard while they take over the tractor interests.

It was learned that no development is likely for at least two weeks. At present the offer is with Standard for valuation of its tractor plant and a decision on what should happen to its Massey-Ferguson shares.

TV Comics In Full Rout

Hollywood — The comics are in full rout.

Friday night, a Western called "Rawhide" took over in the spot occupied by Jackie Gleason. After a lacklustre return to the home screen, the fat one gave up in mid-season, victim of poor ratings.

Word also came that George Gobel, who will be bereft of his pal Eddie Fisher this March, will also lose a half-hour of his show. George Burns has been fighting for survival as a single, doing some of his shows live as a stimulus to his writers. Ed Wynn's show is already a casualty.

This was supposed to be the season for a comedy comeback!

But now it's tough to get a ratings unless you ride a horse. Discounting the situation comedy shows, which require a story line to sustain interest, about the only surviving weekly practitioners of the fine art of being funny are Red Skelton and Milton Berle.

Perhaps the crowning blow to the comics came Saturday night. ABC's "Maverick" did a satire on "Gunsmoke" that was a scream. When the Westerns go corraling laughs, what hope is left for the comedians?

A Washout

Lockport, N. Y. — — When a 23-month-old youngster drank an entire bottle of ink, attendants at Memorial Hospital took care of the problem with a method suggested by the label.

It said on the bottle it was washable ink, and they treated the little boy by washing out his stomach.

Letter To The Editor

1517 Agur Street,
Kenora, Ontario,
January, 12, 1959.

Kenora Miner and News,
Kenora, Ontario.

Dear Sir,

Since attending Monday night's Council meeting, as a delegate against putting up Cocktail Lounges. I have been thinking quite deeply into the matter. It seems to be a trend to keep up with other places, much in same fashion, as in our private lives, we strive to keep up with the Jones' As often as not it would serve us better, to better our homes, never mind showing off. I'm sure the East Highway would appreciate sewer and water works. We live within the town and are taxpayers, and we are people too.

Some of us are more concerned about the welfare of our children than to favour with just any idea sold to us, to be as a town as modern as the next. There wouldn't be needed a Children's Aid Receiving Centre, but for the flow of liquor already permitted.

None of us likes to be told what to do, but some of us are guided by our conscience, and we can clearly see what ought to be done.

Cocktail Lounges sounds very smart and glamorous to the young, and of course it's Big Business and there will be no scruples about emptying the pockets of the young. Anybody knows the majority acquire a taste and craving for liquor when once started. It does lower the morals. There is no dispute there. Any wide awake person with a clear mind and observant eyes can see that. Also there has been many doctor's articles written and printed in different magazines about liquor and health.

As for tourists, I believe they appreciate our beautiful country, lakes, rivers and friendly people. My husband was a guide, and we used to have American hunting parties at our home. None of them asked for liquor. They were too busy hunting.

We hear rumors about enlarging the jail. That would be a disgrace to our fair town, and what keeps the jail filled of not liquor offenders, and they are the small sinners. The big sinners are at the back. They are not touched.

If we are looking for the welfare of our town we will certainly not allow any more and freer flow of liqour than there already is. For the good it should be cut in half, rather than added on, and I come to that conclusion when reading Magistrate's Court in the Kenora Miner and News.

Christine Jacobson.

Appointed Premier By Gen. De Gaulle

A crowd-pleasing politician with a long record of loyalty to Gen. Charles de Gaulle, Michel Debre, above, is the new premier of France. Under the new constitution he is appointed by the president but his powers are almost as great as those of President de Gaulle himself.

—backache!
—tired out!
—rest disturbed!

ARE ALL WIVES FED UP?

When they are troubled by backache, that tired out feeling or disturbed rest, many, many women turn to Dodd's Kidney Pills. These conditions can be caused by excess acids and wastes in the blood. Dodd's Kidney Pills stimulate the kidneys and aid their normal action of removing these excess acids and wastes. Then life seems brighter, housework lighter! Why don't you, too, try Dodd's? 63

BELLICOSE RABBIT RULES BARNYARD

"Don't butt in wise guy" is the apparent warning of a lion-like rabbit with the improbable name of "Sunrisen," who faces up to a goat named "Dusty" at a farm near Dallas, Tex. Despite his size, the rabbit rules the roost at the farm home of Mr. and Mrs. Mert Easley, using a set of sharp teetr to become monarch of an animal kingdom that includes 50 chilkens, 13 dogs, four cats, two goats, a cow and a horse. Although he's the terror of the barnyard, Sunrisen is smart enough to like people, especially since Mrs. Easley says, "If he bites me he's going in the pot. He's a fryer just like the rest of our rabbits."

Keewatin's Mayor Predicts . . .

(Continued from Page 1)

would like to do this year in order of it's importance, because no Council, ever completed all their hopes and aspirations. There is always something left undone due to the want of money or the running out of time.

The most important feature of the 1959 program is the new residential development which we began in 1958.

Although we are greatly disappointed in the fact that the Ontario-Minnesota Pulp and Paper Company can not see their way clear to dispose of their property to us at this time, it is hoped that we can get permission from them for street and road allowance through the section south of the Trans-Canada Highway, so that we may gain direct access to the residential development both from the highway and from the centre of town.

We must be prepared to encourage any business ventures which may come to our attention and to endeavour to provide suitable location for them

We have had one or two very encouraging requests for information regarding property from small business-men during the latter months of 1958. We must bend every effort to follow through on these matters to our mutual advantage. Planning will develop this year in connection with the recommendation of the Light and Telephone Committee for the installation Mercury-Vapour lighting for the main section of the town and the transfer of the present lighting fixtures to the secondary sreets.

There is also the conversion of the Telephone system to the lettered five number dialing, scheduled for June of this year.

We must also be prepared to give considerable material assistance to the Kin Club community project of the cement floor in the Memorial Rink and other attendant renovations.

The matter of mechanical equipment for the Board of Works must be appreached in a more realistic manner this year and must be planned for as quickly as possible. I would urge the Works Committee to meet without delay to plan maintenance and new construction work for the year, especially that which would be subject to subsidy, so that the by-law may be submitted well in advance of the budget presentation.

We should investigate the possibilities of a further major paving project, even if we only get through the paper preparations.

The opening of the new school will constitute one of the highlights for 1959, and I hope that the Board of Trustees will see their way clear to make the opening a memorable one for the Town of Keewatin. We have in the development of our educational facilities something of which every citizen can be justly proud; let us not be afraid to show how proud we are. Keewatin has been hiding her light under a bushel long enough.

Despite the criticism that we have received both as individuals and as a group, I do believe that the citizens appreciate the progressive efforts we have made, and will appreciate those which we now contemplate.

Truly gentlemen we can look forward to the year ahead of us with confidence in the continued growth of our community.

May we be given wisdom and understanding with which to meet our responsibilities.

No Elections For 18 Months, Decrees Cuban President

Having his say in unequivocal style, Cuban Provisional President Manuel Urrutia addresses a gathering at the presidential palace in Havana. Taking over the reins of government, Urrutia said no elections will be held

Highway Safety Program . . .

(Continued from Page 1)

portunity of visiting the Court House and the various offices therein. While Rainy River district had lost the services of Judge Harry Donely, the County of York had gained, said the Minister, speaking of the recent appointment to that post of the former Kenora and Fort Frances resident.

The growth in Ontario of population and industry was illustrated. The Provincial budget today is as large as the whole Canadian budget of 1938, while the population is as great as the Dominion total of 1903.

Of the International picture, the speaker said that we must continue our research and development programs. "To let up is to receed", he concluded.

CIVIC GREETINGS

"We are honored and the people of Kenora are happy to have you with us", Mayor Peter Ratuski told his guests. His Worship noted that it has been six months since a cabinet minister last came to Kenora, and such visits are almost reason for a civic holiday. He urged more frequent personal contacts.

Similar sentiments were expressed by Acting Mayor Francis of Keewatin, who regretted the inability of Mayor Hodkinson to be present.

The Commissioner and the Attorney General, accompanied by Inspector Corsie, drove to Red Lake today. Their itinerary calls for a visit to Central Patricia, Sioux Lookout and the Lakehead before the weekend.

TOOTHBRUSH, PASTE AIDS FOR SILVER

To remove candle wax from linen, scrape off excess with table knife. Place stained spot between white blotters and press with hot iron. Then rub spot with cold lard or turpentine and wash in warm suds.

To wash mugs and pitchers in intricate shapes, fill each mug half full of suds. Cap the mug with the palm of your hand and shake vigorously. Rinse with scalding water. If necessary, repeat the process, and use a dish-mop.

To remove tarnish from silver punch bowls use an old toothbrush and toothpaste. It is non-abrasive, cleans and polishes quickly, and gets into crevices.

Council Committees Appointed . . . .

(Continued from Page 1)

survey plan and requested Council to indicate whether or not they were in a position to accept the plan as submitted.

Excel Coach Lines Ltd. thanked Council for the consideration given to the revised license fee and enclosed their cheque to cover license fee to December 31st, 1959.

Accounts amounting to $8,037.05 were authorized paid.

A by-law granting the retirement of Mr. John L. M. McKellar a retirement allowance effective February 1st, 1959 and another granting the licensing of owners of buses in the Town of Keewatin were both passed.

Mr. John K. Forbes was re-appointed to represent the Corporation of the Town of Keewatin on the Board of Health of the District of Kenora Health Unit for the year 1959. The appointment of the members of the Volunteer Fire Brigade and the approval of their respective retaining fees for the year 1959 was confirmed by Council. The Mayor and full Council with the exception of Councillors William J. Davis and C. Gilley were appointed as members of the Court of Revision for the 1959 Assessment Roll, the first sitting to be held in the Council Chambers, Municipal Memorial Building, Keewatin, Ontario January 22nd, 1959, at 7.00 o'clock.

Business concluded, Council adjourned at 11.50 p.m.

TOO MUCH ICE, TOO FEW ICEBREAKERS

Owners of 13 vessels trapped in the St. Lawrence near Montreal want the icebreaker Montcalm, above, to continue extricating them from the ice, but downriver ports and the maritimes are appealing for icebreaking services, too. The sudden freeze-up has cost ship owners $500,000 so far, and have kept all four government icebreakers busy.

200 YEARS OF BOYS—NOW GIRL

Memphis, Tenn.—It was difficult for Glenn Holmgrain to believe his wife had given birth to a girl.

"Are you positively, absolutely sure it's a girl?" he demanded of the nurse who brought him the news.

Quite definitely a girl, the nurse answered.

Holmgrain ran to the telephone and called his mother Mrs. Eric Holmgrain, in Rock Island, Ill. Mrs. Holmgrain promptly caught a plane to Memphis.

Reason for all this extra excitement: The child was the first girl born in the Holmgrain family in 200 years.

The new Angus L. Macdonald bridge joining Halifax and Dartmouth is the 3rd bridge across the harbour; an old Micmac Indian legend has it that three bridges would be built, and all would fall.

One-third of all workers in manufacturing industries in Britain are women.

Most people aim to give a narrow-minded man a wide berth.

CATCHES BURGLARS WITH HER CAMERA

Mrs. Villegas of Norwalk, Calif., has invented her own way of catching thieves. Three times she was the victim of burglers so she decided it would have to stop. Sre armed herself with an unloaded rifle to which was attached a photo-flash camera and waited near her cash box. FLASH! She had rer picture of the burglars and captured the culprits, too—a couple of 13-year-old boys of the neighborhood. The pictures turned out fine in color.

POLICE CHIEF URGES MORE "WILLOW STICK"

Windsor,—Police chief Carl W. Farrow of Windsor stressed the need for more disciplinary action on the part of parents as the only solution to the problem of juvenile delinquency.

The chief's call for a return to the "age of the willow stick" was contained in a comprehensive survey report on teen-age crime in the Windsor area in the five-year period from 1954 to 1958.

The report to the Windsor police commission criticized those who held that the policeman should be a "guardian to wayward youth."

"The programming and supervising of wholesome youthful leisure-time activities are the group and vocational responsibilities of parents, teachers, clergymen and trained social workers," the chief said.

The main responsibility of a police department, he said, "is that of maintaining law and order and protecting the lives and property of the citizens of the community."

Chief Farrow also suggested lowering the juvenile age limit to 14 from 16.

Aerial Moose Survey Underway

The annual winter inventory of moose by the Dept. of Lands and Forests with the use of aircraft is again under way in the Kenora District. Plots - each covering an area of 25 square miles - have been selected at random. These plots have been blocked off into smaller units and each moose seen is classified as bulls, cows, calve and unknown. This information, when completed and compiled with that of the other districts, should give a good picture of the moose population in the Western and Mid-western Regions.

BIRTHS

NEUFELD — Mr. and Mrs. C. Neufeld are happy to announce the birth of their son, Douglas Craig, on January 12th at the Kenora General Hospital. Weight 8 pounds.

PAGAN — Mr. and Mrs. William Pagan (nee Nora Fleming) are happy to announce the birth of their son William Thomas at the Edmonton General Hospital on Monday, January 12, 1959.

IN MEMORIAM

BUSHTON — In loving memory of our dear son and brother Robert, who was accidentally killed January 14, 1951.

He little thought when leaving home
He would no more return.
That he in death so soon would sleep
And leave us here to mourn.
We do not know what pain he bore,
We did not see him die.
We only know he passed away,
And never said good-bye.

Ever remembered by his mother, brother and sister.

IN MEMORIAM

GREEN — In loving memory of our dear son and brother Bruce Samuel who passed away January 14th, 1958.

Two little hands are resting
A loving heart is still
A little son we loved is waiting
For us just over the hill.

Lovingly remembered by his Mother, Father and Brothers.

Announcements

North Ward Home and School will have Miss Minnie Kemp and a panel of teachers answering parent's questions on reading, at the next meeting. If you have any questions send them to Mrs. J. Sniezek, 121 Rupert Road or phone 6687 before Friday. The meeting will be held Wednesday, January 21 at eight o'clock.

The Canadian Daughters League will hold their regular monthly meeting on Wednesday January 14th at 8.00 p.m. in the I.O.O.F. Hall. Pot Luck lunch to follow.

The Kenora - Keewatin District Scout Association will hold their monthly meeting at Notre Dame Parish Hall Friday, January 16th at 8.00 p.m. Important business is on the agenda and your attendance is requested.

The annual meeting of the Jaffray-Melick Credit Union will be held in the Municipal Hall, Rabbit Lake, Thursday evening, January 15, 1959 at 8.00 p.m. sharp. Rene [illegible] the Ontario Credit Union League will be the guest speaker. All members are urged to attend this meeting. Draw for the door prize will be made at 8.30 p.m.

The average size of a Canadian farm is 302.5 acres.

Down The Ice With Minor Hockey

Minor hockey week in your town starts January 24th, and continues through January 31st, your Minor hockey association do request that all parents and others encourage children to participate in this great Canadian game. We are justly proud of the fact that Minor hockey has the support of many public-spirited citizens, and service clubs, whose love of hockey and children prompt them to contribute much effort and time to the operation of the local leagues. These outstanding citizens are making a valuable contribution to the community in which we live, as does our great game of hockey contribute entertainment and recreation right across Canada. Your local association calls on all parents to join in the observance, not only this particular MINOR HOCKEY WEEK but all times, support your local workers by attending games with your sons not so much for financial reasons as spiritually. These young players by actual observance put on a better show when his parents are there, not showing off, he is proud to say my Mom is here, my Dad is here. "Don't Send—Take Your Boy To The Rink." Minor hockey is a family affair. "Remember The Family That Plays Together—Stays Together." Let us each and everyone observe and pay tribute to service clubs, business men, local council and anyone contributing to the support of minor hockey. Mark Your Calendar Now, January 24th, to January 31st.

Thank You
Bill Watkinson,
District Representative,
T.B.A.H.A.

"The Old Gray Mare Ain't What She Used To Be?"

Central Pa and Ma broomballers proved this to be a false statement, for Monday the score 4-2 was only talked of in whispers in teenage centres.

Thirty-seven players swarmed on the ice at Central Park, Sunday night. Twenty-five were teenagers. Old knees could be heard chattering.

Pinky Clifton questioned by the press as to whether he still intended playing for the teenagers, raised his hand in a spirit of loyalty towards the worried looking parents and said, referring to the teenagers "I'm agin' 'em."

The game started. Something was dropped on the ice. A near dozen inexperienced teenagers chased it around for several minutes before they discovered it was pa Willie Duguay's fedora, not the ball. With his pride and fedora battered Willie was able to retrieve it after several tried it on for size. Said fedora being possessed and loved by Willie with the same regard as Bing Crosby has for his. Mr. Duguay has much in common with Bing until last year when he and Margaret announced Joy Ellen's arrival.

The teenagers seeing the distressed look on pa Duguay's face started looking for the real ball, which had just been given a real whack by another teenager and had landed and lodged between ma Johnson's knees. The pokes and jabs Marion received with a smile, a slightly limping left leg, and stinging posterior.

Fierce battles around the goals were evident all evening. Scrimmages at the corners sometimes involved fifteen players. At one time ten fought a terrific battle at left wing, attempting ferociously to obtain the ball from one another and all of them were teenagers.

Noel Dunford scored the first goal for pa and ma. Noel is a newcomer and a great favorite with the Central Players. It might be said he is a pet retriever with one step up, he goes upward four feet and can do this and return the ball to the ice in a second, anytime one of the better and fatter players has made a play for the goal and hit the curling rink.

Pa Neil Strain played a good game all evening and encountered something he probably never ran into from Kenora to New York. He was boarded and landed on by almost the complete female strength of the teenagers, Carol Johnson, Judy Ward, Shirley McCorrister. The press, supported by the clubhouse girls comforted ma Strain in this her anxious moment.

One time ma Strain in a moment of maternal love nearly assisted in a goal - for the teenagers.

A mother of several, in a moment of sympathy, she being the "quit shaving pa and let Snooky in," type expressed her desire to see the teenagers score; She barely expressed the wish when Jake Paul did so.

Judd Kitely and Lory Miclash were seen to retreat toward home "toute suite" and long before refreshments.

Dink Strain, Sugar Robertson both were the pride of the Oldsters each scoring a goal.

At the clubhouse Fatties Hot Stove Session, Hoffman's spectacular save at an almost no support moment was mentioned.

Don Graham, George Dunford, Ross McElroy, outstanding La 'Crosse players were given appraisal.

Ken Stephans and Shirley Strain's swinging really had something.

The teenagers appraised were: the girls for their courage against outstanding odds.

Zabloski, Bradshaw, McInnes and several not introduced to the press played a game 'almost' equal to the oldsters.

A teenage attempt to smuggle the ball illicitly en masse was frowned upon. Lorne Strain had fouled the attempt.

Refreshments and panting was endured in the Clubhouse at the first half. Stella Williams presiding.

The score at the ending was 4-2 and it still goes to show well the old gray mare hasn't changed a bit "but" those healthy happy looking kids sure made her work hard to show it.

Today's
CAREER SOLDIER
in the Middle East

The Canadian soldier in the Middle East is proudly and efficiently doing a job of vital importance to the peace of the world. Canadian soldiers are members of the truce supervisory teams along the Arab-Israel border, the United Nations observer group in Lebanon and form a large part of the United Nation Emergency Force in the Gaza Strip and Sinai peninsula. In UNEF he is referred to by his comrades of other countries as "the real backbone of UNEF".

The soldier himself in our modern Canadian Army has the things that a man appreciates most —job security—good pay—a healthy outdoor life with variety and openings for advancement. His greatest satisfaction however comes from the sure knowledge that his is an important role in the growing responsibilities of Canada.

MR. S. H. STINSON

MR. W. WATERMAN

MR. C. GALLOWAY

Mr. C. T. Giffin, President and General Manager, Shop Easy Stores Limited, is pleased to announce the following appointments, effective January 5th. 1959.

Mr. C. Galloway as Manager, Sales and Advertising, with headquarters at Winnipeg Head Office.

Mr. S. H. Stinson as District Manager of the Lakehead area, including Fort William, Port Arthur and Atikokan, succeeding Mr. Galloway, with headquarters at Fort William.

Mr. W. Waterman as Manager, Meat Department Operations, with headquarters at Winnipeg Head Office.

Mr. Galloway came to Shop Easy Stores Limited in August, 1951, and has served as Manager, Buyer and District Manager at Kenora, Winnipeg, Edmonton, Lethbridge and Fort William.

Mr. Stinson has been with Shop Easy Stores Limited since March, 1954, and has served in the Merchandising, Advertising and Supervisory Departments, Winnipeg, with his latest position being that of District Manager at Fort Frances, Ont.

Mr. Waterman has served the Company since 1947 as Meat Supervisor and Buyer and was transferred to Calgary in 1954 in charge of the Meat Department operations for the Alberta District.

"WHAT'S RIGHT WITH EDUCATION!"

BRUSH WOLF IS NO SLOUCH ON THE RUN!

Just how fast can a coyote run? Thirty, 40, 50 miles per hour? The best way to find out is to race one, department of lands and forests men have found.

The brush wolf, or coyote, similar in appearance to a small police dog but with longer fur and a shorter, bushier tail, is well known for his intelligence and swiftness.

Two department personnel, travelling along a Fort Frances district road recently, spotted a coyote bounding before their truck and decided to put him to the test.

At 45 mph, with the vehicle only slowly gaining and disaster near, the defiant little animal did not give up. A little more accelerator and he disappeared under the truck:

. . . A thump, a howl and the race was ended, the machine the victor at 45-50 mph.

Cruel? There's a bounty on the critters!

"But I thought I wired you not to bring your mother home with you," said the husband.

"Yes," replied the wife. "That's what she's come to see you about."

MANDO

To Those Men

. . . having the confidence and perseverance to spend a greater part of their lifetime furthering the aims and objectives of this company, we pay our sincere respects.

You have served your company faithfully and conscientiously for twenty-five years or more. By your endeavours you have played no small part in the progress and success the company has made during these years.

It is your company's earnest wish that the service ring presented to you will be a constant reminder that your loyalty to the company, your industry in your work, and the wisdom, freely given, is highly valued and appreciated.

In Memory . . .

THE ONTARIO - MINNESOTA PU

E. E. CRANDALL

FULL TEXT OF ADDRESS GIVEN BY MR. ROBERT FAEGRE, PRESIDENT OF THE ONTARIO-MINNESOTA PULP AND PAPER COMPANY LIMITED TO THE QUARTER CENTURY CLUB MEMBERSHIPOF THE KENORA DIVISION

I am especially pleased to be here with you tonight, for many different reasons. There are far too few opportunities for me to visit the Company's mill locations and I especially miss seeing all of my old friends more often. The presence of Mayor Ratuski, Reeve Byers of Jaffray-Melick and Mayor Hodkinson of Keewatin, clearly indicates common interests and objectives between the Company and the community. Probably this goes without saying, since all of our people are loyal citizens, interested in the community's well-being, and the Company itself also expects to act as a responsible citizen at all times.

Last year I was unable to accept the invitation of your Quarter Century Club to appear on a similar occasion. I would like to come every year, because these parties give me a chance to broaden my acquaintance and to get to know you better and they also give you a chance to know me better. Not only that, these gatherings are an excellent means for all of you to develop closer relationship with each other, and this, too, is important since we are all members of the same Company family.

But now, let me pay tribute to you men who, as Quarter Century Club members, are the real backbone of our organization. I never cease to be amazed that one out of every five of our people have served the Company 25 years or more. Tonight, membership rings have been presented to 20 newcomers to this distinguished club, bringing the total to 251 members here at Kenora since 1946 when the club was first founded. Think of it, if the average length of service for all Quarter Century members at Kenora were 30 years, this would represent the staggering sum of more than 7,500 man-years of employment! This is almost impossible to comprehend. May I offer my sincere and humble congratulations and good wishes to everyone of you, regardless of status - whether active or retired, and I would like to add my own special tribute to those members who have passed on.

Let me repeat that the Quarter Century Club members are the real backbone of our organization. This Company could never have accomplished what it has without your support through the years, nor can it succeed without your support in the future. Aside from the long service you have, think of the impressive list of splendid qualities you possess. To name a few, they are Stability, Experience, Maturity, Judgment, Confidence, Integrity, Sincerity of purpose, Resourcefulness, Determination and Perseverance. You have many other fine qualities besides these. - But, above all, we musn't forget LOYALTY!

Aside from your high degree of job knowledge, think of the contribution you men have made and can make to benefit yourselves as well as your Company in other ways. You can explain the true meaning of long-range security among your fellow workers as no others can. You can stimulate good will among your associates in the community. You can lend your own strength of character and leadership in all situations affecting the Company's well-being. In short, you men are bulwarks against inexperience and immaturity.

These Quarter Century Club dinners invariably lead to reminiscences. Why not start with the year 1933, when your new members first became associated with O-M. Let's see . . . that was the year Franklin Roosevelt first took office as President of the United States and the Rt. Hon. R. B. Bennett was Premier of Canada. The national economy in both countries was at the lowest point in history. Do you remember the N.R.A. or National Recovery Act which became law in the States in 1933 and the Relief Act which was its counterpart in Canada? (Perhaps I can prod your memories by reminding you that it was at that time, the 33-34 season to be exact, when the Kenora Junior Thistles won the Manitoba Championship.) Adolph Hitler became German Chancellor and prohibition was [illegible] was since stirred up by those two historical events!) Can you recall that 3,300 men were employed on highway construction between Kenora and English River in 1933 and can you still visualize the Relief Camp program? And among other things, that was the year when the Rat Portage sawmill burned down. Those were memorable but difficult days - -

What was your Company's situation back in those dim days?

In 1933 we were in our third year of receivership - flat on our backs!

Payrolls could scarcely be met and cash for operating expenses was virtually nil.

Every attempt was made to liquidate assets in order to keep going, on some minimum basis.

Fire insurance policies were even cancelled to recover cash deposits.

Dan McLeod went to every conceivable length to keep operating here at Kenora and to weather the storm. We can all be most grateful to him for his devotion to the cause.

In 1933 you produced 48,000 tons of paper, not much more than 25 percent of what is being sold currently. The total mill payroll at Kenora, you may remember, was about $280,000 in 1933. In recent years, it has been running closer to $3,350,000.

In the early '30's the Company wasn't even able to afford necessary repair work in the plant, and the list of deferred maintenance items grew longer and more discouraging year by year.

The unhappy part of it was that in those early years the Company couldn't come anywhere near meeting its many obligations, either inside or outside the mills:

There was little or nothing which could be done to improve the lot of our employees, our creditors, our customers, our suppliers or our communities.

Great progress has been made in the past 25 years. Your Company has made significant forward strides and all of you have moved forward with it. The world has changed, too. In 1933 we were still applauding the courageous trans-Atlantic flight of Colonel Lindberg, while today satellites are commonplace and space travel seems just around the corner. Life nowadays is far more complex, though living is much easier. So it is with a manufacturing enterprise, such as ours. Doing business and making a reasonable profit is extremely difficult today, despite high-speed communications, modern methods and equipment, and growing markets.

You may well ask, "What is there about present-day business that makes it so difficult?" There is no simple answer to that question, but maybe a few comments will help. In the first place, business would be a good deal easier if we could think of some new consumer product "which could be made for a dime and sold for a dollar and its use would be habit-forming." That would be an ideal starting point, to say the least. However, the real test of any successful and profitable business is not how the product is made or how it is sold or how it is used. The real test is to develop a fair and realistic balance between the attitudes and direct interest of all the people who make the business go.

The owners of the business - those who have put up their hard cash to build the buildings and provide production facilities, deserve a fair return on their investment.

The employees in the business of course have a direct interest in being compensated fairly for their hard-work and resulting productivity.

The customers also must be treated fairly in terms of a steady supply of quality products at a competitive price - after all, these are the people who pay all the costs of the business. They must receive satisfaction.

Those who furnish our operating supplies and materials and necessary commodities are clearly deserving for the part they play too. They cannot be overlooked.

And, the communities where the plants are located also deserve reasonable compensation for providing and maintaining facilities to satisfy our daily needs and to keep us sound in mind and body.

In other words, the main problem in modern day business is to see to it that each group of people involved in the business is treated fairly in relation to the reasonable requirements of every other participating group. And at the end of each month and each year the inter-relationship and unselfish co-operation between all of these groups must show a profit. For without an adequate profit, nobody's long-term interests are served - just as was the case with our business back in the early 1930's.

This was the message I tried to get across in "The Mandonian" which came out last August. Let me recall a couple of paragraphs to your minds.

"Bountiful raw materials, modern manufacturing equipment and growing markets don't make a company go - its people do. But its people must have teamwork and mutual faith all up and down the line.

"Understanding the other person's problems is one key to mutual [illegible] open-mindedness in exercising fair judgment between two points of view. These are basic to any normal personal relationship. "As I see it now, the main job for every one of us in the months and years ahead is to make sure that the consideration we give each other in the Company family is every bit as genuine and thoughtful as it is in our own families at home.

"Whatever we do, let's be sure to make it a joint family effort."

But let's get back to Quarter Century Club matters. As I said earlier, having had only 20-½ years of service with Mando, I feel very humble in the presence of you men who have given much more of your lives to our fine Company. I could never commend you enough for your long-lasting loyalty and your solid achievements throughout so many years. These are times when the experience and knowledge and firmness of purpose among all of the Quarter Century Club members will count the most and make the largest contribution - if the Company is to reach its full stature in the years ahead.

I have every confidence in you as individuals and as team-mates and I will continue to do everything I can reasonably do to merit your confidence in return.
