IMAGINE BEING SO LUCKY - "I STILL CAN'T BELIEVE IT" - WINNER STATES

"I'm so thrilled . . . I just can't believe it, that I could be so lucky," said an excited Mrs. Perrault when she was informed that she had won an all expense trip for two to Florida, compliments of Shop-Easy Stores.

In an interview with Mrs. Perrault she excitedly stated, "I still have trouble believing that its really true . . . I have never won anything before in my life . . . Its the most wonderful feeling and I wish everbody could just once, win something big, you've no idea what it does for your morale."

Gerald Perrault, the other half of this team is just as excited as his wife. Son Douglas, four years old and daughter Janet aged six share their parents' excitement, since they are going along on the prize trip, too. Mrs. Perrault states that the children's grandparents, Mr. and Mrs. E. Perrault, of Second Street North Kenora, are presently spending the winter in St. Petersburg Florida, and the two children will stay with the senior Perraults while Gerald and I enjoy our week's tour.

"We are so looking forward to leaving next week," Mrs. Perrault continued. "My husband and I have always wanted to spend a vacation in Florida, ever since the time three years ago, that we stayed overnight at Pensola located in the northern part of Florida. I have almost everything ready for our departure form Winnipeg by plane. The children are so enthralled at the thought of a real plane ride and Dougie's first question was—will it be a jet plane, mummie? All in all it will be a very happy occasion," concluded Mrs. Perrault.

Mr. J. Johannasson, manager of the Main Street Shop Easy Store, accompanied by district supervisor, Mr. Davidson, visited the Perrault home to offer their congratulations.

Kenora Couple Win Trip to Florida

Mr. and Mrs. G. Perrault

CASH DONATIONS FOR PINECREST AUXILIARY SENT FROM RED LAKE

The agenda considered by the Ladies' Auxiliary to Pinecrest was wide in scope at the regular monthly meeting held on Tuesday afternoon at 2.30 in the Library of the Lodge. Mrs. W. G. Saunders, the president extended a warm welcome to the members and called on Mrs. P. Dubenski for the Inspirational. Mrs. W. Laurence, recording secretary, read the minutes of the February meeting. The treasurer's report was given by Mrs. N. Field in the absence of Mrs. T. Thorpe. A letter was received from Mr. W. Cunningham, superintendent of Pinecrest, which enclosed two cheques forwarded to him by Mr. O. J. Mathews of Cochenour who is a member of the Board of Management of Pinecrest, to the first being made at 2.10 a.m. by Constable Cossey, on a routine check. The entire top half of a door to the furnace room was smashed. Apparently, unhappy with what was found in the service station building the thief or thieves then entered the west basement window of the garage, and from a drawer in the parts department took a small amount of cash.

It wasn't until after 8.00 today that it was found that the Norman Service Station had been entered. Apparently a rear window was forced open, as the means of gaining admittance. Nothing was reported missing, after a check by the owner.

where $85.00 from the Ladies' Guild of the Red Lake Memorial Hospital and $12.00 from the Gyro Club of McKenzie Island were sent as a contribution towards an additional wheel chair. A letter of appreciation will be forwarded to these groups by Mrs. G. Percy, corresponding secretary. It was decided to purchase the following items for the Home:- a wheel chair and an additional speaker for the P.A. system and a sewing machine.

The purchasing convener, Mrs. R. T. Cairney, informed the meeting that the wheel chair just purchased had arrived and that she had been informed by Mr. W. Cunningham that 2 more could be used to advantage.

Mrs. J. Roy, chairman of the visiting committee reported that she had received co-operation from various groups she had contacted regarding visiting days at the Lodge. Mrs. H. S. Cade was appointed as the visitor from the auxiliary of those residents of the Lodge who are ill in the hospitals.

Mrs. A. D. Sorenson, the membership convener reported that the membership cards were gradually being circulated.

Mrs. P. Dubenski, the social convener reported a very busy schedule in entertainment for the month of January. She reported a musical program of violin and piano by Mr. M. Bourgouin of Keewatin and his sister, Mrs. Plessis for Tuesday evening. For Wednesday evening the Little Theatre group are presenting their play "Bell, Book, and Candle" for the residents.

Mrs. T. J. Thomas, chairman of crafts reported an increased interest in this by the residents, the present interest being in the knitting of dish clothes. Mrs. H. A. Bird also reporting for Handicrafts, said that more Christmas cards were needed for the making of the sewing boxes by the group, as they had to be matched for texture and design. The appreciation of the members was given to Mrs. Bird for making terry towelling bedsocks for use in the lodge.

Mrs. E. Fortier, convener of the Tuck Shop, reported a busy month of January. The President informed the members that the matter concerning the serving of Tea in the Tuck Shop was being considered once again. The meeting was adjourned. The next meeting is to be held on March 3rd at the Lodge.

2 Local Business Premises Broken Into Last Night

Two breaking and entering occurences, which took place during the night, are being investigated by Kenora Town Police today. At presstime, no arrests had been made.

[illegible] was made at 2.10 a.m. by Constable Cossey, on a routine check. The entire top half of a door to the furnace room was smashed. Apparently, unhappy with what was found in the service station building the thief or thieves then entered the west basement window of the garage, and from a drawer in the parts department took a small amount of cash.

It wasn't until after 8.00 today that it was found that the Norman Service Station had been entered. Apparently a rear window was forced open, as the means of gaining admittance. Nothing was reported missing, after a check by the owner.

Toastmistress Model Meeting Well Attended

Approximately fifty women gathered at the Hotel Kenricia, Friday evening, to attend the Toastmistress model meeting sponsored by the two local clubs, the Trillium and Lake of the Woods. Mrs. H. Fawcett, chairman, welcomed the guests and members and expressed the pleasure of both executives that so many had shown their interest in toastmistress by their attendance. Canon L. M. Watts said Grace then all partook of a very excellent dinner.

Following the Inspiration given by Mrs. V. King, Mrs. W. G. Saunders, as Tabletopic Mistress introduced three speakers who ably demonstrated impromptu speaking. Mrs. A. Davidson was given the topic "What's Wrong with Grownups?", Mrs. M. Woolley spoke on "First Impressions of Kenora" and Mrs. P. Dubenski gave her views on "Would a Baby-sitting Agency be an Asset to Kenora?".

Two members of the Trillium Club, Mrs. P. Wagar and Mrs. G. Schroeder, in a very humorous fashion demonstrated the proper manner of gift presentation and acceptance.

Mrs. P. Chop, Toastmistress for the evening introduced the prepared speech portion of the meeting. Two Trillium Club members and a member of the Lake of the Woods Club gave talks of seven to ten minutes duration.

Using the provocative title, "Pocket the Rocket," Mrs. G. Lemay gave an interesting account of women's fashions. Mrs. J. Kirk, choosing as her topic, "The Effect of Modern Science on the World," compared the mode of living of the early days to the world scientists are now creating for the good of mankind. The third speaker, Mrs. J. Stearns in a speech entitled, Pardon My Reproach, expressed the view that schools should teach something of the world's religions, so that children would be given the opportunity of learning about their neighbours, with the ultimate desire that when people of all nations and religions understand one another, this tolerance will bring peace to the world.

Mrs. W. Whitehead was critic for the meeting, Mrs. C. Fines was timekeeper and Mrs. F. Fowles was in charge of the "AH" meter. Canon L. M. Watts evaluated the entire program.

In closing the meeting, Mrs. Fawcett expressed the hope that all present had learned something of the workings of toastmistress clubs and that many of the guests present would join either of the two clubs.

LIBERAL LEADER CRITICAL OF ROAD PROGRAM IN NORTHWESTERN ONTARIO

ments Northwestern Ontario roads program has come under heavy criticism from Liberal Leader John Wintermeyer.

In his first major speech in the Legislature since taking over the provincial leadership, Mr. Wintermeyer derided the government's announcement that work would commence on the highway from Fort Frances to the Lakehead.

"What it is, of course," declared the Liberal leader in reply to the speech from the throne. "Is simply a proposed extension of the Atikokan Highway which is now being called the Fort Frances highway."

Mr. Wintermeyer said the "piecemeal construction" system employed in the extension to Fort Frances will provide no through-road connection for many years to come." The [illegible] continued, was a "prime example of the department's ridiculous system of building a stretch here, a bridge there and another unconnected stretch."

He compared the Northwestern Ontario program to the construction of the multi-million dollar, trans-provincial Highway 401, "a system that is wasteful, time-consuming and wholly inefficient."

In both Northern and Southern Ontario "roads that never go anywhere are built in the most expensive way possible," charged the Liberal Leader in comparing the construction of the 123-mile Massachusetts Turnpike that was built through extremely difficult terrain in little more than two years to Highway 401 which began in 1940 and won't be completed for another five years.

In his keynote address, the new Liberal Leader outlined a bold program of reform and development, coupled with a strong indictment of the Frost regime.

Highlights of his program were:

1. Extension of Ontario Health plan to include, on a voluntary basis, doctors' services.
2. Resolution by overhaul of municipal affairs which might have the effect of placing education, transportation and vital services under regional or area rather than municipal control.
3. Shifting much of education cost from real estate.
4. New roads to aid industry, completion of 401.
5. Cheaper power for areas now lacking industry.
6. New Department of Northern Development, harbours, airfields, access roads and housing for the North.
7. Freight rate concessions in the North on the provincially-owned Ontario Northland Railway.
8. More security for workers.

Challenging Premier Frost to call a spring election, Mr. Wintermeyer forecast the voters would prefer "a new, imaginative and reform" government to the present "tired and ineffectual" administration. The Conservative government he declared, "has been living in the past, doting on past glories and has been ineffectual and blind to the greatest needs of the times, such as educational and municipal reform."

He charged Ontario was being ruled today by a resurrection of the "Old Tory Family Compact" with a "triumvirate" of Premier Frost, Metropolitan Toronto Chairman Fred Gardiner and Toronto Mayor Nathan Phillip in control. "It was a step of undemocratic retrogression to return to that autocratic and arrogant state of affairs," asserted Mr. Wintermeyer.

Referring to the "critical" unemployment situation, Mr. Wintermeyer said the Conservatives' make-work projects had provided jobs for less than 7,800 of the 200,000 in Ontario who were applying for work.

Lew Ringham Former Resident Receives Promotion

The Hon. J. W. Spooner, Ontario Minister of Lands and Forests, has announced staff changes in the Department and certain reorganization that will give increased attention to sustained yield management in the forests of the Province.

The Timber Division, one of the most important in the Department, is divided into three sections—Timber, Reforestation and a new section on Silviculture.

The Timber section will be headed by Lew Ringham formerly Regional Forester at Cochrane. Mr. Ringham was stationed at Kenora prior to his transfer to Cochrane; the Silviculture section by James Barron, and the Reforestation section by R. W. Hummel.

In order to implement these changes, Mr. Ringham comes to Toronto while R. H. Hambly, Dstrict Forester at Kapuskasing will be Acting Regional Forester. J. S. Ball, now at Head Office here, is transferred to Kapuskasing as District Forester.

Two other routine transfers move G. Hamilton, District Forester at Sioux Lookout, to Sudbury and W. G. Cleaveley, Sudbury District Forester, to Sioux Lookout. Purpose of these transfers is to gain wider experience in Northern Ontario.

JACK PIKE LEADS MATES TO FORT WILLIAM AND CURLING PLAYDOWNS

Kenora's hopes for bringing further curling honors to the Town lie squarely on the shoulders of Chief Jack Pike and his fellow team members, John Murphy, third; Chester Bauka, second and Jack Gow, lead. The manner in which this quartet have played this winter, and particularly this past three weeks, adds to the wide-spread confidence that the team will go far as it enters into the Northern Ontario play-downs, which start in Fort William Friday.

At the Lakehead, eight teams from district points will play a round-robin series to determine the district's representative in the Northern Ontario finals, which follows ten days later at Sudbury. The draw for this series will not be made until tomorrow.

Chief Pike and his mates will leave tonight on train No. 8 and will be staying at the Adanac Hotel, Fort William.

ORIGIN OF PLACE NAMES

Whiskey Island in Lake of the Woods is a fairly large island about 8½ miles south-west of Kenora. It is a rather high and forbidding island in the centre of the Little Traverse, with excellent visibility for a long way in every direction. Those are the attributes which gave it its usefulness and gained its name.

During the years of construction of the [illegible] were a thirsty lot as well the lumberjacks who provided the lumber and ties. Legal whiskey was hard to come by but bootlegging flourished and this large, densely wooded island with the good view provided an excellent temporary hiding place for the large shipments which came up the lake.

Just in case this revelation may touch off a stampede in search of an undiscovered cache of this now over 60 years old liquid gold, the writer would like to add that he has carried out a very thorough but unsuccessful search himself.

By the way, how did the Little Traverse get its name? The Big Traverse is the large body of water at the south end of Lake of the Woods near the Minnesota-Ontario boundary. Presumably the Little Traverse is the second largest body of water in the lake free of islands. It may be called "little" but it sure can be rough.

Cold Drinks Turned Into Hot Toddies

Sleepy Eye, Minn. — A stove used to keep beverages in a truck from freezing did its job too well. It turned the drinks into hot toddies.

The driver for a Brookings, S. D., firm smoke when he looked into the rear-view mirror. He pulled into the Wesley Dohrmann farm on Highway 14 west of here.

Dohrmann called out the Sleepy Eye fire department, which iced down the drinks. Damage was $250.

FINDING OF SPEAR HEAD REVEALS HUNTERS ROAMED AREA IN 5041 B.C.

Little did Alex Skead, an Indian trapper and member of the Rat Portage Indian Band realize when he picked up a spear head on the shore of Gibi Lake, 20 miles south-east of Kenora, that he had found an implement many thousand years old.

The spear head found by Alex was brought to the Kenora District office of the Department of Lands and Forests early in November. On presentation it was noted the spear head was a rarity and was forwarded to Dr. C H. D. Clarke, Assistant Division Chief of Fish and Wildlife Toronto, for identification. In a previous conversation with Dr. Clarke it was believed he might cast some light on the origin of this specimen. In his reply Dr. Clarke stated "It is a fine specimen of a type of stone work found quite commonly in your area. However, there are not very many specimens which show evidence of relationship to the very earliest cultures in eastern North America as this one does. It has a concave base, and has had the point made thinner by a flaking which is not unlike the fluting found in the very earliest type of projectiles known here. It also shares with them the technique of smoothing the edges near the base by rubbing. My guess would be that it belongs to the very first people to move into the Lake of the Woods area several thousand years ago." Dr. Clarke further advised he had turned the spear head over to the Royal Ontario Museum for further identification.

At the museum the specimen was examined by the Assistant Curator of Ethnology, W. A. Kenyon, who reports as follows:- "This very interesting spear point is extremely old - probably in excess of 7,000 years, and was made by one of the early groups who hunted Pleistocene mammals on the high plains long before the appearance of the various tribes who have inhabited eastern North America in the last few hundred years. We naturally know very little about these earlier people.

Of course it is only reasonable to believe these ancient people did not appear in numbers comparable to the present day population. However, it is interesting to know that hunting of a form has been carried out for a period of over 7,000 years in the Lake of the Woods area and today's dwellers can still boast of hunting unequalled to elsewhere in North America. Although the constant increase in the human population may appear as a threat to the present game population, there is no doubt in the minds of wildlife managers that good and successful hunting may be enjoyed by all for many years to come through the practice of soundly planned management.

SUIT FILED AGAINST TOWN - 3 CONSTABLES

Toronto—A suit was filed at Osgoode Hall Tuesday charging the Town of Kenora and three of its policemen with Assault, False Imprisonment and Malicious Prosecution.

The charge was filed by Lars Hurlen of Kenora, who claims unspecified damages from the Town and from Constables Stanley Cox, Douglas Foreman and Dempsey Knowles.

CARD OF THANKS

We would like to take this opportunity to express our sincere thanks to all our friends, neighbours and relatives for the many acts of kindness, messages of sympathy and beautiful floral offerings received by us during our recent sad bereavement.

Special thanks to Dr. Halliwell, nurses and staff of the St. Joseph Hospital, pallbearers, Father Simbalist and the Brown Funeral Home.

The Worona Family.

REDDITT

By Mrs. P. Ferguson

Mrs. H. Stone of Minaki visited with her old friends Mr. and Mrs. P. Ferguson for a couple of hours Saturday evening, while awaiting the arrival of her train.

Mr. F. Kemtic arrived home Friday evening from Sioux Lookout to spend the weekend with his wife and wee Ron.

Mrs. H. Smith of Holland returned home Friday, January 30th after spending a month in Redditt with relations.

Miss L. Jackson of Guelph, Ontario (not Miss Johnson) has arrived in Redditt to teach the junior grades in the school.

Redditt's Carnival is gradually getting underway for another big time in Redditt on Feb. 5th, 6th and 7th. There'll be as usual lots of contests, dancing, oceans of fun for young and old. also the Womens' Institute will take care of the refreshments. Keep those dates in mind and come out and have one glorious time. Also let us hope old man weather will open his heart and give us some warm weather. Queens are: Mrs. Duchene, Mrs. McGowan, and Miss Winnie Mason.

New trustees for 1959 are as follows: Mr. Noreo Tintintalli, Mrs. M. Neuert and Mr. Otto Schember.

Redditt Welcomes Former Resident

Friday evening January 30th, a large crowd gathered in the Legion Hall to welcome Mr. A. Warde back to Redditt. Mr. Warde who retired some months ago from the C.N.R. at Neepawa Man., was locomotive foreman here in Redditt for a few years. He was transferred to Neepawa 4 or 5 years ago and now has returned to live in his home here in Redditt.

So old and new friends enjoyed a night of dancing and other entertainment. Mr. O. Tintinalli was M.C. for the evening. A lovely table was set up for the honored guest and those seated with him were, Mr. and Mrs. R. Morran, Mr. and Mrs. R. Henry, Mr. and Mrs. R. Verknot. Mr. R. Morran presented Mr. Warde with a purse of money on behalf of his fellow workmen and friends. There were several who spoke briefly. Mr. Warde thanked everyone for their kindness and expressed his pleasure at being back home again, among his friends of long ago.

War Amps To Send Key Tags To Three Million Motorists

During the next few weeks every automobile owner in Ontario will receive two miniature car license key tags bearing the same numbers as his own car.

This is the 12th year the Key Tag Service has been operating. The key tags are manufactured by war amputation cases whose work not only keeps them gainfully employed, but raises funds for benevolent work of the War Amputations Association of Canada. During the past six years an average of $26,431 annually has been handed over to the Benevolent Fund Committee. There are seven branches of the Association in Ontario.

Thirty-five war veterans, all of them amputation cases, are steadily employed in the making of car key tags. This year more than 7,250,000 key tags will be mailed across Canada 3,000,000 to Ontario motoirsts. Last year 2,800,000 key tags were mailed in Ontario. Nearly 40% of them were acknowledged and paid for. More than 8,077 sets of lost car keys were returned to their owners by the Key Tag Service. Lost keys are returned to their owners at the rate of one every 36 minutes.

Manager of the Key Tag Service is Allan David Piper, who wears two iron hooks in place of the hands he lost in a grenade explosion in 1942. Piper explained that the new practice of mailing out duplicate key tags is paying real dividends. There are two cars in many Canadian homes. In most homes the husband and wife have car keys.

The key tags are sent out gratis. The recipient is expected to mail back to the War Amps Service 60 cents for duplicate key tags, 35 cents if only one key tag is required. The money is sent to the War Amps Key Tag Service, 740 Bay Street, Toronto.

Lt. Col. The Rev. S. E. Lambert, O.B.E. is Dominion President of the War Amps Association; Alan L. Bell is Honorary Secretary.

Columnist Recalls Good Old Days On Lake Of Woods

The following column printed in the Toronto Globe and Mail will prove of interest to this area:

* * *

Harry Savage, a hard-working publicist and professional Westerner, who has been wearing a 10-gallon hat ever since that afternoon in 1948 when Calgary Stampeders won the Grey Cup, sends word that the Canadian Boat Show opens here next Friday. Mr. Savage also apprises us, in print, of the fact that Miss Lorna Anderson has been named "Miss Boating" for 1959 and he adds the mystifying information that Miss Anderson's "statistics" are 35-34-35. Obviously, Mr. Savage has only an extremely vague knowledge of female human anatomy or he is a very careless typist.

With a gallant bow to Miss Anderson, we will assume that the "statistics" to which Mr. Savage refers are Miss Anderson's maximum speed; her specific gravity and her rated horsepower.

* * *

The mere mention of a Boat Show is enough to cause this rheumatic scribe to cackle happily as he recalls the dear, dead days at Kenora and Keewatin; the days of Ditchburns, Johnson 32's, Elto Quads; the weekly excursion train known as "The Campers' Special" and the countless comely young ladies who wore white spectator-pumps and powder-blue overalls which were rolled well above the knees.

Those were the days when the ultimate in inland Canadian boating luxury was a Ditchburn runabout, powered by a large Red Wing engine. I was sitting in a Ditchburn the morning that I learned that Jack Dempsey had won the world heavyweight title from Jess Willard. (It would be more accurate to admit that I was TIED to a seat in the Calypso, a Ditchburn which was owned by G. V. Hastings. Miss Margaret Hastings, who was on sacrifice duty as my turnkey for the weekend, wisely left me tied in the boat when she went ashore at Keewatin to pick up the Winnipeg morning paper.)

There was no radio in 1919 and those who were holidaying at Lake of the Woods learned the news from the Winnipeg papers.

* * *

Of course, we learned more news when fathers, uncles, grandfathers and other loved-ones arrived from Winnipeg each Friday evening on "The Campers' Special." Mature reflection leads us to the conclusion that, although "The Campers' Special" was operated by the Canadian Pacific Railway, the train must have been subsidized, at least partially, by Seagrams or Hiram Walker.

It was a gay scene at Keewatin or Kenora on Friday evenings when the cheery travellers disembarked, exuding fruity vapors. Strangely, the same travellers were grumpy when their wives and children bid them adieu as they boarded the same train for the return-trip on Sunday evenings.

Possibly, the bread-winners had suffered an attack of sunstroke on the weekend.

* * *

Your correspondent had a distinguished boating career in the waters between Keewatin and Kenora but the exigencies of newspaper space are such that we will refer only to two incidents.

There was the night when your correspondent and Ted Allan borrowed the Allan Family's Ditchbur, the Wajeska, without bothering to obtain permission from the senior Allans.

While attempting to make a docking at the Kenora jetty, in the middle of the night, your correspondent stalled the engine and the Wajeska hit the dock, headon, at approximately 8 knots. Unfortunately, the only man who happened to be on the dock at the time was Kenora's chief of police.

Well, it was the first time that a Kenora boatman appeared in court, charged with careless driving.

* * *

Then, there was the case of the unfortunate and misguided young lady who was perched on the bow of our outboard-driven Peterborough, ready to leap ashore with the painter at the same Kenora dock.

At the critical moment, your correspondent carelessly turned to gaze at an early-day Jayne Mansfield, who was in another boat which was manoeuvering alongside.

Just then, the young lady on our bow stood up, ready to leap ashore. Our boat hit the dock and rebounded six feet. The young lady landed in the lake, to the hilarious applause of 200 spectators.

For some reason, the young lady never went out with me again. The silly girl married a slob friend of mine who became the president of an insurance company. I suppose there have been countless occasions on which she has regretted her error.

We'll visit the boat show but we don't expect to buy anything this year. Personally, we prefer something the size of the RMS Empress of Britain or the Queen Mary.

8 OUNCES CAN WIPE OUT MANKIND

Eight ounces of a toxic substance could kill off every human being on our planet, Sir Robert Watson-Watt told the Empire Club of Canada yesterday.

Sir Robert declared the H-Bomb may be surpassed in "demonic destructivity" by the "poor power's poison." He said every major power has taken steps to ensure its potential in biological warfare was not neglected.

The processes of distribution of biological poison are "unobstrusive and cheap", he said, adding the substance is only one item in the biochemists' chamber of horrors.

Commenting on the address, Dr. Brock Chisholm, president of the World Federation of Health, said: "The germs have beaten the generals. For the first time in history the generals are afraid of war. They know they cannot win."

LIQUOR PLEBISCITE

Down The Ice With Minor Hockey

On behalf of the Canadian Amateur Hockey Association and Thunder Bay Amateur Hockey Association with whom all Kenora, Keewatin, and District are affiliated, may I say with all sincerity, Thank You One And All for your splendid work and wholehearted efforts in getting behind Minor Hockey Week. Without a doubt, it was the best ever held locally. The Mayors and Councils of our towns in this district are to be commended for parently advice to our young folks. The Press and Radio; the Presidents and hard-working executives of the local Minor Hockey Associations; to Mom and Dad for taking not sending their boys to the rink: to the participants in the game, including Referees, Managers, and Coaches: to the Rink Officials who responded with ice time making it more pleasant for all to play and to enjoy: Please accept these few words in appreciation for a job well done. "We Live In Deeds Not Words".

I Thank You.
Bill Watkinson,
District Representative
Thunder Bay Amateur Hockey Association.

Ford Co. Earnings Higher In 1958

Toronto, Feb. 3—Rhys M. Sale, president, said today the annual report of Ford Motor Co. of Canada, Ltd., which will be mailed to shareholders at the end of this month, will show that consolidated income after taxes of the company and its wholly-owned Canadian and overseas subsidiaries was 21.5 per cent higher in 1958 than in 1957.

Consolidated net income after taxes amounted to $21,062,315, equal to $12.79 per share of Class "A" and Class "B" stock, compared with $17,332,654, or $10.44 per share, for 1957. Mr. Sale said income on Canadian operations was increased, despite a lower sales volume, as a result of reductions in manufacturing expense and significant improvements in operating methods and procedures. Earnings of the overseas subsidiary companies, however, were unfavorably affected by a decline in sales in the second half of 1958.

Consolidated sales amounted to $463 million compared with consolidated sales of $491 million in 1957.

This is the first annual report showing the accounts of Ford of Canada and its wholly-owned overseas subsidiaries on a consolidated basis. The overseas subsidiaries are: Ford Motor Co. of South Africa (Pty.) Ltd. Ford Motor Co. of Australia Proprietary Ltd., Ford Manufacturing Co. of Australia Proprietary Ltd., Ford Motor Co. of Malaya, Ltd., Ford Motor Co. of New Zealand, Ltd.

Unit sales of new passenger cars, trucks and tractors on a consolidated basis numbered 183,379 in 1958, compared wth 199,395 units in Canada and overseas in the previous year. The company's sales in Canada of North American type passenger cars declined 16.4 per cent, but its sales of imported British Ford cars increased 73.1 per cent over 1957. New car sales by the overseas subsidiaries were five per cent lower than last year, but increased sales of new trucks in the overseas markets partially offset reduced truck sales in Canada.

The company's production of cars and trucks in Canada was 21 per cent below that of 1957. However, after being curtailed in the first three quarters of the year as a result of the diminished market in Canada, production was increased in the final quarter in response to expanding public demand.

Shareholders' equity in the consolidated companies was increased by 12.7 million to $204 million at the end of 1958, equal to $123.39 per share compared with $115.68 per share at the end of 1957. Four quarterly dividends of $1.25 per share were paid in 1958, the same as in 1957.
