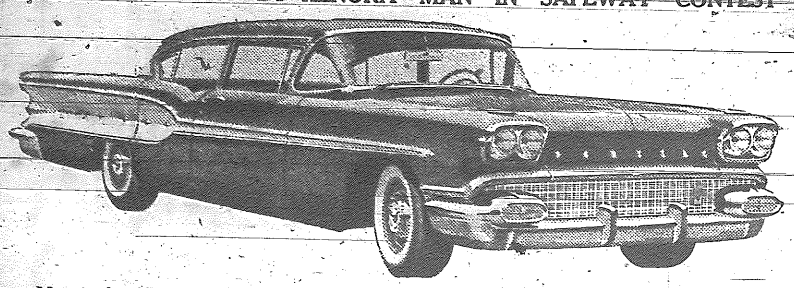
NEW PONTIAC WON BY KENORA MAN IN SAFEWAY CONTEST



Mr. Arthur Davies, 425 2nd Street S. didn't notice the cold wind today, when he accepted the keys to a brand new Pontiac from Mr. Steve Borden, Kenora manager of Canada Safeway Ltd. The car which Mr. Davies won is similar to the one pictured above.

A KENORA RESIDENT

SAFEWAY WINNER GETS KEYS TO NEW PONTIAC

How does it feel to win a brand new automobile - say a nice new Pontiac? Well you can ask Mr. Arthur Davies, 425 - 2nd Street South, Kenora. He can tell you. This afternoon Mr. Davies, who regularly shops at Safeway's Lakeside supermarket, drove away from that particular store in a brand new car, compliments of the Company. It was Mr. Davies good fortune to be a winner in Safeway's big contest, in which they gave five such automobiles, and the first to come to Kenora.

"This is a peach . . . I don't know what I am going to do now," Mr. Davies said, looking at the beautiful coral-colored Pontiac. "You see I have another new car at home . . ." Mr. Davies agreed it was one of the nicer problems to solve.

How did Mr Davies win such a prize? It was simple, he stated. "Every time I had a little shopping to do, I came down here to the Supermarket. I always filled out one of the entry forms, completing the line, "I like Airway Coffee because . . . ." I don't remember just which one of my slogans was the winner, but it doesn't matter. I have won the car."

Mr. Davies, a retired railroader enjoyed a little bantering about his days as Captain of the Grace Anne 2nd - the largest boat on the Lake of the Woods. He laughed when he said that he enjoyed his cruises on the Lake, going pretty well where he pleased on many trips. However he agreed that with his new Pontiac, he can go when he pleases as well.

Mr. Steve Borden, Safeway's Kenora manager, made the presentation on behalf of Canada Safeway Limited. Mr. Davies was most grateful he said, to the Company, and wished to thank the Kenora staff for many, many courtesies in the past.

Children's Aids To Hold Conference In Kenora

An adoption conference will be held in Kenora on February 17, Mr. W. J. P. Thompson, local director for the Children's Aid Society, announced today, with representatives from four Northern Ontario societies to take part. The meeting will have the advantage of the presence here at that time of Miss Laurie Charleson, adoption consultant for the Ontario Department of Welfare. It is felt that there will be a valuable exchange of ideas and an opportunity to obtain advice from this well known consultant. Groups from Rainy River, Port Arthur, Fort William and Kenora will be present.

On the day before the conference, Monday Feb. 16, Miss Charleson will be the guest of the Kenora C.A.S. and she will speak at the annual dinner meeting which will be in the Kenwood Hotel at 6.30 o'clock in the evening. The public is invited to attend and hear the interesting address. Reservations can be made at the society's office, Standard Block, Main Street or from committee members, Col. Max Lachappelle, Mrs. G. Stephen or Mrs. E. C. Burton.

Mrs. Fred Guthrie Died In California

Prudence Guthrie (nee McPherson) former well known Keewatin resident, was called to rest at San Mateo California on Saturday evening, January 31st, following a short illness. Born in Keewatin in 1891, she was in her 68th year.

She received her education in Keewatin and was employed in the office of the Keewatin Lumber Company in the early days. She resided in Detroit Michigan for a number of years and for the past twenty years has lived in California.

She is survived by her husband Fred Guthrie and one sister Mrs. Ruth McLennan of Ottawa.

The remains will arrive in Kenora via the Canadian Friday evening. Funeral services will be held in the Chapel of the Brown Funeral Home Monday afternoon, February 9th, at 1.30 p.m. Rev. R. J. Leighton will officiate and interment will be in the Lake of the Woods Cemetery. Pallbearers will be: Cyril Beaton, Frank Beatty, Geo. Armstrong, Pat Fraser, Frank Sweet and Hans Hansen.

Skyline Community Club Plans Grand Opening Saturday

The Official Opening of the Skyline Community Club will be held on Saturday, February 7th, 1959. The schedule of events has been planned for the entertainment of young and old alike.

10 a.m.: A bantam Hockey League Game - Skyline vs Pine Portage.

Chocolate milk courtesy the Lakeland Dairies and do-nuts provided by the Auxiliary to be served to players and spectators.

2.00 - 4.00 p.m.: Ice races and games for children in all age groups and prizes for all winners. Coca - Cola will be served to all participants courtesy the Coca Cola Bottling Co.

The Grand Finale will be held for the adults in the evening.

8.30 Moccasin Dance with recorded music through the newly established loud speaker system. Free Lunch will be served in the near-by Weber residence.

The rink, and lighting system and fine club house are a credit to the spread community.

Boy In Collision With Car Escapes Serious Injury

Two year old Murray Walters, son of Mr. and Mrs. B. Walters, Mellick Avenue, narrowly escaped serious injury Wednesday afternoon at 4.15 when he was in collision with a car operated by Maurice Metail.

Police report that the little boy was playing on a snow bank when he slipped off into the path of the oncoming car. Mr. Metail managed to swing his car partially away from the boy, all but the left rear wheel. The boy sustained facial injuries. He was taken by ambulance to the General Hospital where he was treated by Dr. A. Ede.

Opened in 1860, the Victoria Bridge over the St. Lawrence at Montreal then was the world's largest tubular steel bridge.

HIGH SCHOOL BOARD REPORTS ON RECENT SCHOOL INSPECTION

On Saturday, January 31, the High School Board accompanied the Principal Mr. A. G. Richmond the Vice Principal Mr. C. Hayes, and the Head caretaker Mr. Blight, on a tour of the School.

As the time draws near for preparation of the Budget, by the Board, it is necessary for members to have some idea of what repairs, decorating and replacements will be needed during the year. Then too, as the representatives of the taxpayers, it is of interest to the Board to inspect the school periodically.

As might be expected, in any building of this size, in constant use by almost seven hundred people five days a week, good maintenance is of the utmost importance. In this respect it was noted that the caretaking staff are doing a very commendable job.

Members found that: the heating system was working well, and the whole school was at a comfortable temperature despite the excessive cold. Mr. Blight pointed out the need for a silencer on one of the blower fans, as it is very noisy. He also suggested that the old coal bin might be lined and insulated to provide storage space for cleaning supplies; routine decorating was obviously necessary in some of the classrooms, some cracks in the plaster in both the old and new buildings to be attended to first. This is a familiar problem in this climate.

The members also noted that some of the room air-conditioning units are of a very antiquated design, and may soon need to be replaced.

The metal and woodworking shops were in good condition, and quite well equipped, with some interesting projects underway.

The Home Economics section was a pleasure to see in its cleanliness and order. The equipment, including refrigerator, washer, ironer, and stoves is obviously well cared for, and appears in good condition. Physics and Chemistry rooms are well planned, but are short of the necessary equipment, especially the physics room.

One of the biggest jobs to be done this year, the board stated, will be the sanding and varnishing of the gymansium floor, but it will be money well spent as it has not been refinished since the gym was built in 1951. Thought will also be given to some exterior improvements to the grounds, such as fill, and

(Continued on Page 12)

Attends Toronto Meeting Of School Business Officials

Mr. Arnold Friesen, who is the secretary treasurer with the Kenora Public School Board, attended the Annual Meeting and Winter Conference of the Ontario Association of School Business Officials at the King Edward Sheraton Hotel, Toronto, February 2nd, 3rd and 4th. Over two hundred school business officials from all parts of Ontario met to discuss problems relating to the financial aspect of Education. Mr. Percy Muir of Toronto, President, and Mr. Charles Foster of Chicago, Executive Secretary of the Association of School Business Officials of United States and Canada brought greetings from the parent body.

Kinette Club Holds New Member Night

A regular dinner meeting of the Kenora Kinette Club was held February 3, 1959 at the Kenwood hotel.

This being "New members" night with Jean Lemay in the chair very ably took over the meeting.

Following the usual business portion, the Kinettes were treated to some very fine entertainment by the new members, who put on a hilarious fashion show. Obviously the club has been enriched with new talent as well as a potential executive.

Mrs. B. Sigurdson Keewatin Resident Died At Brampton

Word has been received of the passing of Mrs. Gudbjorg (Bertha) Sigurdson former well known Keewatin resident who died on Wednesday February 4th at Brampton Ontario. She was in her 63rd year.

The late Mrs. Sigurdson was a member of the Juanita Rebekah Lodge No. 189 of Keewatin and was a Past District Deputy of her lodge. She left Keewatin in 1956 to reside in Brampton.

Predeceased by her husband Sigurd in 1956, she is survived by four daughters: Mrs. Margaret Garbutt & Mrs. Ken Marchant both of Malton Ont., Dorothy and Rosemary of Brampton; three sons, Paul of Red Rock, Carl of Fort William and Harold of Brampton.

The remains will arrive in Kenora on the Canadian Friday evening for funeral services in the Brown Funeral Home. Saturday February 7th at two o'clock Rev. Albert E. Dunne will officiate and interment will be in the Lake of the Woods Cemetery.

Pallbearers will be: Jack Oddson, Archie Duke, Gordon McNicholl, Sigurdson Magnusson, Steve Sveinsson, and Oscar Stephen. A memorial service will be held by members of the Juanita Rebekah Lodge in the Chapel of the Brown Funeral Home on Friday evening February 6th at eight thirty.

See Tremendous Expansion For North Part Of Ontario

Plans to build a major ocean port at Moosonee on James Bay were announced recently by Premier Leslie M. Frost. A 65 million dollar programme in co-operation with the Federal Government is contemplated to provide the Northern Ontario community with shipping facilities which will give Ontario, and especially the northern part, an important outlet on sea lanes.

Works planned include dredging, the building of a dyke and construction of docks. It would also involve the building of spur lines by the Ontario Northland Railway and the establishment of marshalling yards.

Premier Frost said Moosonee was needed as an ocean port and that the Province would go ahead alone with the plans if the Federal Government would not join in. The Premier paid two visits recently to the area and feels the project should be started as soon as possible.

"Just look at the map of North America," said Mr. Frost. "Hudson and James Bay are like an arrow pointing right down into the heartland of the continent. It is simple to connect the unlimited Arctic resources to industrial Ontario."

The Premier pointed out that the Ontario Northland Railway already connects Moosonee to Cochrane, that natural gas service could be very easily extended from the latter place, that there are great hydro-electric resources available only 90 miles away.

The development of Moosonee's port is more than justified by the fact that it would make possible the movement of iron ore from the large deposit at the Belcher Islands located a few hundred miles north of Moosonee in Hudson Bay. This iron ore deposit is one of the largest in North America. Altogether in the area, there is an estimated 4,500,000,000 tons of iron ore.

Planning and Development Minister William M. Nickle also paid a visit to the area and said he was sending engineers of his department to determine where the harbour should be built and the location of the railway spur lines. Mr. Nickle stressed the fact that many facilities were already available and that "the northern country's potential warranted development work.

"There's energy, resources, a harbour, a fine railway — the Ontario Northland with an overnight run to Toronto. It should not be forgotten either that this part of the country is essentially a great agricultural area. They grow the finest potatoes in Canada and sell them everywhere for seed. They badly need adequate storage facilities to store their crops, since if they can't get them out now they often freeze."

Another minister to visit the area was Health Minister M. B. Dymond who surveyed the health and hospital facilities.

Applications For Patents Increase In Ontario

Ontario's Provincial Secretary the Honourable Mackinnon Phillips, M.D.C.M., announces that, under the Ontario Corporations Act 1953, a total of 673 applications for Letters Patent incorporating new Companies were received by the Companies Branch of his Department during the Period - Dec. 1 - 31, 1958. This is the greatest number of applications for incorporation ever received in the Province of Ontario in a single month and indicates, not only an increasing interest on the part of companies in corporation, but also a steadily expanding economy. The same period in 1957 saw 501 applications received.

NEW X-RAY CAMERA SEES HEART MOVE

Quebec.—A new x-ray apparatus, described as a safe and powerful means by which radiologists can watch bright, moving pictures of the heart, respiratory system and other internal organs, was scheduled for demonstration today at Laval hospital.

HIGHWAY DEATHS AT LOWEST LEVEL SINCE WAR END

Fatalities on Ontario highways dropped to a new low level since World War II, Transport Minister John Yaremko announces.

Releasing a preliminary report on accidents and fatalities in 1958, Mr. Yaremko pointed out that the number of fatalities last year was down by 139 from the total registered in 1957 despite an increase in vehicle travel and registrations.

The transport Minister credited this improvement to the intensive programme initiated by the Attorney-General to step up traffic regulation enforcement by the courts and police, and also to a growing consciousness of the need of better driving habits on the part of the public.

A new harbor at Tema near Accra being built in 1958 will nearly triple the export - import facilities of Ghana.

foundation planting. With all the headlines and talk in other places the board was pleased to see little evidence of willful damage in our school. There were two knife scratches in the freshly painted plaster in the boys wash room, but this was all that was noted of infantile destructiveness.

On the whole, the board reports that the Kenora-Keewatin District High School is a credit to the communities that provide for its upkeep. The design and furnishings are functional and devoid of frills, yet give an impression of order, space and cleanliness, an ideal atmosphere for learning. Best of all, it shows that those who use the school take pride in it and they are to be congratulated. Teachers, Students and Caretakers.

USE THE CLASSIFIEDS

Presbyterian Ladies Elect Officers

The regular monthly meeting of the Women's Guild of First Presbyterian Church was held Tuesday January 26. Mrs. J. Marnoch presided for election of officers. The slate for 1959 is as follows:

THISTLES TAKE FORT FRANCES 5-3 NOW MEET DRYDEN IN SEMI-FINALS

It took sixteen games to do it, but the Kenora Thistles paced by lanky Ray Westlund with his three goal effort, gave the Red and White men a five - three victory over the Fort Frances Canadians. Last night in the border city. Westlund led the Thistles attack, scoring one in each period.

It was the most important game of the season for the Thistles, as they now meet the Dryden Rockets in the first round of the Ontario Minnesota Hockey Playoffs, and the right to advance into the Morris Crawford Trophy Series. Taking second place does away with all the travel involved in playing the southern clubs, and gives both the Dryden and Kenora fans a natural. These two clubs have been at it tooth and nail since the start of this campaign, and should keep up this blistering pace. The league secretary Ted Early, of Dryden is in the process of drawing up the semi-final schedule at the moment, and they should be released by tomorrow morning.

In the game last night at the Fort strong defensive play on the part of both clubs, caused a lot of excitement. Both goaltenders, Harry Barefoot, between the pipes for the Canadians and Allie Reynard, the Thistle back stop made some exciting saves. Westlund with three, Brian Leroux, playing his first game after his recent injury and Art Mason scored the Kenora goals. Willie Tontinato, scored one in the first and third periods. Ike Eisenzoph sandwiched one in the middle frame for the border city markers.

Both clubs received two minor penalties, in the fast moving affair, which each club taking over for pressure efforts, minutes at a time.

Kenora 5 - Fort Frances 3

Game And Fish Committee Meets March 17 - 18

The Game and Fish Committee of the Ontario Legislative Assembly will meet at the Parliament Buildings on March 17 and 18 (Tuesday and Wednesday) at 10 a.m. to receive briefs and hear presentations and recommendations of organization and individuals interested in matters concerning game and fish in the Province.

Lands and Forests Minister the Hon. J. W. Spooner, announcing the committee dates, said that, as in other years, they had been arranged after consulting with the Ontario Federation of Anglers and Hunters to coincide with the holding of the Canadian National Sportsmen's Show in Toronto, March 13-22 when a large body of representative sportsmen and conservationists from all over the Province will be in the city.

The first official trotting mark dates back to 1806 when Yankee raced one mile in 2:59 at Harlem in New York.

VOICE RISES, BIKINI FALLS CURTAIN DROPS

NANTES, France

Rita Capri hit a high note and lowered the tone of the operetta in which she was singing Monday night.

The bottom half of her bikini fell to her ankles.

Displaying admirable Gallic gallantry, a nearby baritone swept up the wisp of garment and handed it back to Rita.

Not to be outdone, Rita hesitated only a moment, then flung the panties into the wings.

The management rang down the curtain—it was the final chorus anyway.

Yale's fencing team includes four lettermen. They are Captain Henry Powell, his younger brother James Powell of Milford, Conn., Pete Pohy of New York City and John Reese of Amarillo, Tex.

Newsprint Markets Threatened

Toronto— Canada's newsprint industry faces an "ever present threat' 'of losing export markets if domestic costs are allowed to get out of line," says Vernon E. Johnson of Montreal, president of the Canadian International Paper Company.

"This is not the kind of remote possibility that you can dismiss lightly," he said in an address at a Kiwanis Club luncheon here

"As a matter of fact Canadian newsprint is today facing increasing problems in its largest market—the United States. In the vast southern forests of that customer country, newsprint has been increasing rapidly."

One of the main reasons for this development is that technologists have learned how to make satisfactory newsprint from southern pines.

GOOD ENOUGH

"It isn't as good as ours, but it is good enough and we no longer have any technological defences against this southern competition."

Mr. Johnson added that the Canadian industry's water power costs no longer are substantially lower than steam power costs in the south and that wood costs in this country are not always lower than those in the southern U.S.

He expressed the feeling that not enough attention is paid "to the importance of export business when we are considering our domestic interests as consumers."

"We must remember that something like 80 per cent of the payroll of a company like Canadian International comes from the dollars we get by selling newsprint and pulp in world markets. And our payroll is $50,000,000 a year.

"Newsprint is by far the major item in balancing Canada's financial accounts with the United States. If we were to lose our foreign business, or any substantial part of it, we would have unemployment at home on a very large scale."

BIBLE SOCIETY APPOINTS SECRETARY FOR NORTH ONTARIO

The Rev. J. Gilmour Beattie, L. Th., who assumes his duties as District Secretary of the Northern Ontario District of the Upper Canada Bible Society on February 1st, is an Anglican Clergyman of wide experience.

Mr. Beattie came to Canada from Ireland in 1929 and entered the business world until he began his training for ministry at Wycliffe College in 1941. He graduated in 1945 with the degree of Licentiate in Theology, and served in the parishes in North Saskatchewan and Eastern Passage, Nova Scotia. Mr. Beattie's wife is a graduate of the Toronto Bible College and they have four children, three boys and a girl.

Mr. Beattie and his family will reside in North Bay.

In the 1951-1956 period only 174,144 persons were added to Canada's rural population, while the urban population rose by 1,897,218 in the [illegible]

Congratulations to Bill and Iva who are celebrating their 18th wedding anniversary today.

IN MEMORIAM

LUNNY — In loving memory of our dear husband and father, Jack Lunny, Sr., who passed away February 5, 1958.

One year has passed since that sad day
When one we loved was called away.
God took him home - it was his will,
Within our hearts he liveth still.

Ever remembered by his loving wife and family.

IN MEMORIAM

RAMBERG — In loving memory of our dear husband and father, Hilmar Ramberg, who passed away February 5th, 1949.

Fallen leaves, like the years roll by
But memories of you will never die.

Ever remembered by wife and family.

KITCHEN CLASSICS

APPLE-CRUMB PIE

9 inch unbaked pie shell.
6 cups sliced pared tart apples.
½ cup granulated sugar
1 tablespoon lemon juice
½ cup brown sugar
½ cup all-purpose flour.
½ teaspoon cinnamon.
¼ teaspoon ginger.
¼ teaspoon nutmeg.
¼ teaspoon salt
4 tablespoons butter.

Fill pastry-lined pie plate with apples, sprinkle with granulated sugar and lemon juice. Combine brown sugar, flour, spices and salt. Cut in butter with pastry blender to make a crumbly mixture. Sprinkle over apples. Bake in hot oven 450F. for 10 minutes, reduce heat to 350F and bake 30 to 40 minutes longer.

BROILED HAM DINNER

1 slice ham about 1½ inch thick
3 cooking apples.
2 cups seasoned mashed sweet potatoes.
½ cup buttered crumbs
Butter and brown sugar.

Score ham fat around edges, place on cold broiler pan. Core but do not peel apples, slice crosswise in half-inch slices. Make small croquettes from mashed sweet potatoes, roll in crumbs. When ham is broiled on one side, turn and place apple slices and croquettes on broiler pan. After a few minutes, turn apple slices, brush with butter, sprinkle with brown sugar. Continue broiling until apples are glazed and ham is done.

The streamlined version of old-fashioned apple dumplings is easy to make and just right for a chilly weather dessert.

APPLE DUMPLING ROLLS

1¼ cups sifted all-purpose flour.
¼ teaspoon salt.
2 teaspoons baking powder.
2 teaspoons sugar.
¼ cup butter or shortening.
1 egg, lightly beaten.
3 tablespoons milk.
2 tablespoons melted butter.
1½ cups finely diced apple.
1/3 cup raisins.
1 tablespoon brown sugar.
1 teaspoon cinnamon.

Combine first 7 ingredients as for biscuit dough, using combined beaten egg and milk as the liquid. Roll into rectangle about ¼ inch thick. Brush with melted butter. Spread apples and raisins over dough, then brown sugar and cinnamon. Roll as for jelly roll, cut in 6 to 8 slices.

Place rolls in 8-inch baking pan. Cover with sauce and bake in 375F oven about 30 minutes, or until done. Serve warm with plain or whipped cream.

Brown Sugar Sauce

Combine ½ cup brown sugar, ½ cup graulated sugar, 1 tablespoon cornstarch, ¾ cup water and 1 tablespoon butter. Bring to boil, pour over rolls.

DARTS

The Kehora Legion continues to head the darts league, the relative positions remaining unchanged. The highest score of the evening was registered by J. Fraser with 135. Next week's game is at Kenora Legion when the Sgts. have promised to reverse the league standings.

Of course it is well known that Keewatin Legion are trying out their juniors with such noted players as Chuck Olson, Jack McFarlane and Ed. Barnard being held in reserve for the more important games. It is reported that the internationally known 'great' Art Parfitt is to take the cure at Dryden in the forthcoming Legion opening there and will not be available to play for some time.

See you next week at Kenora Legion.

SCORES
Kenora Legion 67½
Keewatin Legion 51
Sergeants 43½

Redditt Prepares For Fourteenth Winter Carnival

Redditt's 14th annual winter carnival gets underway Thursday and will continue Friday and Saturday. This popular event is expected to be bigger and better than ever and a hard working committee has planned three fun filled days and nights with varied entertainment for young and old.

Sportswise there will be skating races, broomball and curling. Every evening there will be dancing at the Legion Hall with peppy music and refreshments, with Thursday evening being a costume affair.

Excitement is running high in the Queen contest as three charming ladies, Helen McGowan, Winnifred Mason and Jean Duchenevie for the honor of being chosen Queen of the carnival. The queen will be crowned in a special ceremony Saturday night.

Sports enthusiasts from the surrounding area are expected to journey to Redditt to compete in the various events.

There are prizes for all events staged in connection with the carnival with fifteen door or draw prizes to be awarded every night.

Redditt, classed as the "peppiest town in the north", extends a hearty invitation to one and all to join with them in their winter carnival.

District Residents Can't Have T.V. Report States

Victor Mackie, Ottawa editor for the Winnipeg Free Press, reported in Wednesday's edition of that paper that citizens of Sioux Lookout are being prevented from having television reception because of the department of transport and the federal government, William Benidickson (L-Kenora-Rainy River), told the Free Press Monday.

A technician employed at the Sioux Lookout radar station by the American Electronics company has set up equipment — less than $3,000 worth — which can pick up signals from a Duluth station. These signals were rebroadcast by the technicians set sufficiently strong to be picked up by residents of Sioux Lookout as well as by the American personnel stationed at the radar base, Mr. Benidickson said.

Purpose of the technician's operation was to provide the American mess with TV reception. But the rebroadcast signals could also be seen by the people of Sioux Lookout.

The department of transport however, has ruled that the technician must stop rebroadcasting the Duluth picture signals.

The department has ruled that it must be done by a closed circuit if the signal is to be supplied to the American mess. This would cut out the citizens of Sioux Lookout.

Mr. Benidickson has asked in the Commons for correspondence since Jan. 1, 1958, between the government and people in Kenora-Rainy River constituency, requesting or opposing the provision by the CBC for other sources of TV programs. Such programs would serve Fort Frances, Dryden, Sioux Lookout, Red Lake and Atikokan.

REQUESTS CORRESPONDENCE

He also asked for correspondence between the federal government and the Manitoba government or any person relating to a proposal to relay TV transmissions northward into the region of Dauphin, from Brandon or Winnipeg TV stations.

The government agreed to produce the correspondence, subject to approval by the Manitoba government, if it were involved.

Mr. Benidickson also asked how much had been spent to date by the CBC on construction of certain TV satellite or relay units.

Hon. George Nowlan, minister of national revenue, replied that a total of $100,000 has been budgeted for the current fiscal year. Spent by the CBC as of Jan. 22, 1959, were the following amounts Corner Brook, $5,704; Liverpool-Shelburne - Yarmouth, $54,492; Moncton, $1,018; Kenora, $702; St. Boniface, $928 and Trail $612.

RECORD YEAR FOR ONT. HYDRO

More than 800,000 kilowatts of new generating capacity was brought into service by Hydro in 1958—more than in any other year of the Commission's history.

Hydro's productive capacity rose to 5,761,000 kilowatts, more than enough to meet a record demand of 5,152,000.

A total of 900,000 kilowatts will become available this year through completion of four projects or expansions: St. Lawrence Power Project, about 500,000 kilowatts; Abitibi Canyon, 45,000 kilowatts; Silver Falls, 45,500 kilowatts; and R.L. Hearn Generating Station, 400,000 kilowatts.

BACKACHE May be Warning

Backache is often caused by lazy kidney action. When kidneys get out of order, excess acids and wastes remain in the system. Then backache, disturbed rest or that tired-out and heavy-headed feeling may soon follow. That's the time to take Dodd's Kidney Pills. Dodd's stimulate the kidneys to normal action. Then you feel better—sleep better—work better. Get Dodd's Kidney Pills now. 59
