ALDERMAN MINOR REPORTS

PLANS FOR HOSPITAL ADDITION WELL RECEIVED BY COMMISSION

Highlighting the annual meeting of the Kenora General Hospital held last evening was the announcement by Alderman A. E. Minor, that the Ontario Hospital Services Commission agreed to the principal of the proposed new addition to the present hospital. Grant wise he said, it is expected that the government will contribute fifty percent of the anticipated cost. Preliminary figures for the new addition run well over the million dollar mark, he said.

Also of importance, Alderman Minor continued is the news that the Commission has upped the bed count by nine, making the total rated bed count 96 with 19 bassinets and two detention wards.

Concerning the detention wards, Mr. Minor said that the commission fully realized that these were a necessity in this part of the province and the plans for the inclusion of these wards were finalized.

REVIEWS PROGRESS

Mr. Minor, in reviewing the progress made by the board during the past year to finalize plans for the new construction, stated that the Commission is happy with the present layout for the building and the fact that the new addition will be a completely new structure since present plans call for the dismantling of the old wing. Since a visit of members of the Commission to Kenora, and our recent visit to Toronto, Alderman Minor, stated that the commission sees our building picture quite clearly. We now understand each other's thinking and plans are working to our advantage."

FINANCIAL REPORT

Mr. Lawrence Toole in presenting the financial report for 1958, noted that total revenue for the year was $253,088.80. Total net expenditures amounted to $256,194.90 which was $3,106.10 in excess of income. He stated that expenses are continually climbing with gross salaries for the year amounting to $168,189.-30. Next largest expenditure was $36,105.10 for food and $20,444.24 for maintenance. Earnings from general services amounted to $169,795.00 plus earnings from special services brought the revenue up to $238,974.13. Grants from various sources amounted to $28,245.28.

Mr. Toole also pointed out the rise in cost of ward rates stating that in 1958, Public Ward rate was $8.00 and $14.25 in 1959. This figure, he said, included cost of drugs, operating room etc. Semi-private rates are now $16.-25 and private room rates $18.25.

Mr. Toole concluded his report by stating that the board is giving the budget close scrutiny so that the hospital can operate as efficiently as possible without a deficit. He also paid tribute to Miss D. Bird, secretary-treasurer for the excellent manner in which the annual reports had been prepared.

VOTES OF THANKS

Votes of thanks were extended to the superintendant and staff of the hospital, the Ladies' Auxiliary, the Board of Directors and to Mr. E. LaRouche and Mr. W. A. Wilson who had done many repairs to improve the hospital on their own time. Mr. Fred Greenslade, town utility superintendent and Mr. Jack McCoombe, town engineer, were also commended for their help in keeping the hospital functioning smoothly.

CHAIRMAN'S REMARKS

Mr. McClellan, in his remarks, voiced the appreciation of the board for the generosity of citizens who had given valuable assistance to the hospital throughout the year. He also paid tribute to the staff who prepared over 10,000 meals, so efficiently in such an inadequate kitchen. He noted that the new heating plant installed last year was working well and that other improvements so necessary would have to wait for the new construction.

He also stated that the ninety percent of the money spent for food etc. was spent locally.

In conclusion, Mr. McClellan said that, "I am looking forward to the future, with the wish that all will be spared to see our hopes realized as far as the Kenora General Hospital is concerned."

Mayor Ratuski brought greetings to the meeting from the town.

Winter Inventory Will Use Helicopter In District

In order to get a more accurate figure on the existing moose population in the Province of Ontario a new system of censusing moose with the use of aircraft was developed the Department of Lands and Forests at Kenora reports.

This year, the complete area to be sampled was blocked off into 25 square mile plots on a master map and assigned to aircraft regardless of District boundaries. Each of these plots were in turn broken down into smaller units of 1 to 4 square miles with natural boundaries for easier sampling, thereby eliminating the chance of moose being counted twice.

Aircraft employed on the inventory was a "Beaver" with the crew consisting of pilot, navigator and two observers.

The sampling of the plots commenced on January 5, 1959; by February 24, 1959 14 plots had been completed for a total area of 208 square miles sampled.

Flying was done at an altitude of 500 feet and at a speed of 80 miles per hour. All moose observed were classed as bulls, cows, calves or unknown.

During the censusing period a total of 98 moose were recorded on the 14 plots. On one plot sampled a total of 79 moose were counted; this is the highest number tallied on any one plot, an average of almost 3 moose for every square mile sampled.

A meeting is to be held in Kenora later on this month with representatives from the five Districts in the Western and Mid-Western Regions, Kenora, Sioux Lookout, Port Arthur, Geraldton and Fort Frances to co-ordinate the data and on the basis of this winter's inventory, class the entire Region as to moose range quality. In other words when a moose hunter applies for his licence this coming season we should be able to tell him whether the area is good, fair or poor. This information should add greatly to the success of the hunt as well as enticing hunters into areas where moose should be cropped more heavily.

Wren Reports Fire Costs Relief For Timber Operators

In Lands & Forests Committee in the Legislature this morning Bill Number 92 was approved for reporting to the House for passage. Operators in the woods will continue to pay the $12.50 basic charge for fire but their liability under agreement will be limited to $15,000. for a fire on their limits or starting in their limits. The proposed agreement will scale down charges to where an operator with say less than 20 employees will pay very little. Under questioning by Mr. Department collects about one million dollars a year in fire charges from operators. However, he admitted that fires of origin on operating limits actually only cost less than ten thousand a year to extinguish.

Mr. Wren thanked the Minister for recognizing this relief to the timber industry where heretofore all costs were charged and the onus was on the operator to prove he did not start the fire.

Moose Lodge To Sponsor Operation Easter Carlift

The Kenora Moose Lodge, is participating in the "Operation Easter Carlift" sponsored by the Loyal Order of Moose internationally on Easter Sunday, according to Joseph J. Wyder, civic affairs chairman of the local lodge.

"Operation Easter Carlift" is being offered by the Moose to all persons who, because of illness, disability or similar cause, might not be able to attend the church of their choice on Easter Sunday because of lack of transportation.

Carl A. Weis, national director of civic affairs for the Moose, estimates that more than 20,000 automobiles with drivers will be placed at the disposal of such people in the more than 1,900 communities where there are Moose lodges.

The civic affairs chairman of each lodge, with the help of his committee, is now contacting every clergyman in his community to determine how many parishioners might require transportation. Local residents desiring a ride to and from church on Easter Sunday are urged to contact Joseph Wyder either by phone or letter at the local Moose lodge. The phone number is 8765.

"We believe many more persons would attend the church of their choice this Easter Sunday if transportation were made available to them," said Paul P. Schmitz, director general of the Loyal Order of Moose. "We are happy to note that 'Operation Easter Carlift' grows in popularity each year as more and more people learn of this community service and take advantage of it."

The director general explained that if the Moose Fraternity can assist the unfortunate in attending the church of their choice on this Holy Day, then "Operation Easter Carlift" will be well worth the effort.

Keewatin Legion Starts Fund For New Building

At the regular meeting of the Keewatin Legion Branch No. 13 held Monday evening, members were informed that the building fund of the Branch had been given a real boost by a donation from the Ladies auxiliary in the amount of $500.00. President Ben Brodie announced that thermometers would be placed upstairs and downstairs in the present Legion building to chart the rise of the fund. Land for the new building is to be surveyed, he announced.

A full report concerning the trip to Dryden for the opening of the new Legion was given and the thanks of the Dryden group was tendered for the gift of four ashstands, from the men's group and from the Ladies Auxiliary.

The Dart Committee reported that they had accepted an invitation from the St. James Legion to play for the Command Trophy and are awaiting the rules governing the play before definite plans can proceed.

During the business session, minutes of the last regular and executive meetings were read and approved, as was the treasurer's report, and correspondence.

Jack Ellard reported on the Variety Night to be staged March 20th and 21st and stated that tickets had been placed on sale in both Keewatin and Kenora. Comrade Winchester gave the Sick and Visiting report.

The following chairmen were appointed: George Cameron for the Civic holiday in August and Luke Francis for the Decoration Day proceedings.

A donation was sent to the Red Cross and John Hemminger won the 100 Club.

Following the adjournment of business Major T. E. Durham gave an informative talk on Civil Defence and showed a very fine film.

Jury Selected To Hear Murder Charge Against Tom Young

The selection of a jury to hear a charge of murder against Thomas Young of Ear Falls highlighted the opening day of the 1959 Assizes, which commenced at 11.00 a.m. Tuesday with Mr. Justice Thompson presiding. The Grand Jury, which in the morning was given three bills of indictment returned at 3.25 p.m. with a true bill in the charge of murder against the 26 year old Ear Falls man. No decision was given the Court in the charge of murder against Mrs. L. D. Boyd of Dryden and of criminal negligence against Leo Leroux of Kenora.

Named to the petit jury were Hugh Jones, Edward Dawson, Armond Chantron, William Parry, Lewis Prior, Keith Affleck, Frank Campbell, John O'Connor, Frank Hamilton, Howard Myles, John Dickenson and Arthur Perlund.

While little progress was made in the criminal cases, the Court did hear two divorce actions while the Grand Jury was deliberating.

Mr. Justice Thompson questioned both Mr. Tom Brett who is defending Thomas Young, and Mr. T. A. O'Flaherty, Crown Attorney, concerning the fitness of the accused to stand trial. The clerk of the Court then read the charge of murdering Calvin Russell Fulford, Provincial Police constable at Ear Falls. The prisoner pleaded "not guilty" and indicated that he was prepared to proceed with his trial.

After outlining to members of the jury the nature of their duties, His Lordship adjourned Court until 10.00 a.m. Wednesday.

CURRENT MOVIE NOMINATED FOR SIX AWARDS

"Cat on a Hot Tin Roof" which opens at the Paramount Theatre tonight has been nominated for six awards:

Best Picture, Best Actress - Elizabeth Taylor, Best Actor - Paul Newman, Best Director - Richard Brooks Best Color Cinematography, Best Screen Play Adaptation.

More than 120 milion men, women and children are members of the Red Cross, Red Crescent and Red Lion and Sun Societies in 82 nations of the world.

PUBLIC SCHOOL

SALARY SCHEDULE TOPS QUARTER MILLION MARK

A heavy agenda kept the Public School Board busy until after midnight on Monday night.

Negotiations with the teachers for higher salaries, which had been going on for several weeks, were finalized when the Board approved a new Salary Schedule for the coming school year, representing an approximate increase of 10% over the present year. The minimum for graduates of Teachers' Colleges with no experience was set at $3100.00. The maximum salaries now range from $5350.00 for a teacher with a permanent teaching certificate and more than ten years experience to $6250.00 for such a teacher with a B.A. or other degree. It is worth noting that teachers are receiving increasing financial recognition of the important role that they fill in our society. Since 1951 the average salary in our system has doubled to $5000.00 today and due to the increased number of schools, the total salaries paid has more than tripled. It is anticipated that the bill for instructional services only will be over a quarter million dollars in 1959.

A new 2 year Union Contract with the caretakers was also ratified, providing for a 5% increase in wages last year. Increases were also authorized for janitorial and clerical help, substitute teachers, and the Secretary-Treasurer.

In other business the Board accepted the resignations of six teachers, effective in June:

Miss Myrtle Welch, Mr. John McKeown, Mrs. Gwyneth McKeown, Miss Theresa Chapple, Mr. Vincent Loughlin, Miss Minnie Kemp, Reading Consultant.

Teachers for all positions but the last one have already been obtained.

In further business accounts totalling $32,543.40 were approved for payment; the purchase of more reference books, including several sets of the new Encyclopedia Canadiana, was approved; and the Board was notified by the Department of Education that the submitted preliminary plans for the two-classroom Addition to West Ward School have been rejected. New plans will be submitted in the near future but it is now realized that these new classrooms will not be ready until January 1960.

The following items of interest were reported to the Board in reports submitted from the schools. Mr. R. Swanson, Music Supervisor, has just concluded a ten week training course in Music for teachers. It was gratifying to note that a majority of the teachers attended this course with one school, Central having all its teachers enrolled. The senior pupils at North Ward School competed in the Canadian Forestry Association Scrap

MIGHT HAVE SURVIVED 1st BULLET

SHOT INTO THE BRAIN KILLED CON. C. R. FULFORD, ASSIZE JURY TOLD

Ontario Provincial Police Constable Calvin Russell Fulford died as the result of a bullet wound in the brain early Christmas morning, the jury, hearing a charge of murder against Thomas Young of Ear Falls was told this morning. The evidence was given by Dr. Chester McLean, pathologist, attached to the Attorney General's department. Dr. McLean was the 5th of seven witnesses called this morning, as the hearing entered its second day.

Dr. McLean, detailing his findings at an autopsy which he performed on December 26th in Kenora, said that he first noticed a gunshot wound in the chest of the deceased, and, following his examination, told witnesses that it seemed remarkable that that particular wound should cause death. This bullet struck the Officer in the left back of the chest, shattering two ribs, lacerating the lower lung, then changed directions to come out under the left armpit. No vital organ had been made inoperative, and there was no fatal loss of blood. It was later, said the witness, that he found a lead bullet in the brain. It was the opinion of Dr. McLean that the weapon for this shot had been placed inside the lips and teeth of the victim before firing. The Doctor listed numerous samples taken from the body.

This young man, in good health, with no great loss of blood and with no vital organ hit, might well have survived with prompt medical attention, declared Dr. McLean, if he had been hit only with the first bullet.

The Spring Assizes, which opened yesterday, got only as far as the selection of the jury, following the return of a true bill by the grand jury late in the afternoon. This morning Crown Attorney T. A. O'Flaherty opened the case for the prosecution by outlining the story he proposed to detail through the evidence of a series of thirty or more witnesses.

STORY OUTLINE

The jury was told that Thomas Young, the accused, had stayed in nearby Gold Pines with his grandparents two days prior to the shooting. On Christmas Eve he had left about 4.00 p.m., had returned about 10 p.m. and told his grandfather, Robert Young, that he was going to Ear Falls. Thomas Young and Victor Jones proceeded to the area of Little Canada, Hector, the home of Chris Williams, shortly before midnight. Some drinking had taken place, words were exchanged between the accused and Chris Williams, and the accused left for the nearby home of his father, Albert Young about 12.15 a.m. December 25th.

Several members in the party at the William's home decided to go to Albert Young's residence, with four of them getting there and one stopping off at the next door neighbors. Then followed a shooting incident, the securing of help from George Williams in getting to the Police, the return of the officer and two others to the cabin, a second flight for police help; the arrival of Red Lake officers and finally the arrest of the accused.

1st WITNESS

Corp. Herb Roller, district identification officer was the first witness. He identified several photographs which he took at the murder scene, both from the air, as well as from the ground. Several photos were withheld from the jury but held by the Judge for possible later use.

Corp. Dick Bender of Red Lake told the jury that he was called by phone at 2.45 a.m. December 25th, and with Con. George Firth, drove to Ear Falls, arriving about 3.50 a.m. He found Mrs. Fulford, Frank Williams and David Young waiting at the OPP building.

BODIES FOUND

Proceeding to the Young residence, Corp. Bender spotted Con. Fulford's cruiser car near Hydro's transformer station. On a path, leading to the house, Corp. Bender spotted the body of Con. Fulford some 30 yards from the car. After examining the body, Corp. Bender left Con. Firth as guard, and left to make several phone calls.

Corp. Bender said that Con. Fulford's body lay on its back, was fully clothed except for the hat, that the holster was pulled to the front and was empty, and that a flashlight was held in one hand. By 8.00 a.m. seven other officers arrived from Dryden, Kenora and Red Lake. About 9.00 a.m., following receipt of information from Thomas Banister, Corp. Bender and others proceeded to Gold Pines and the home of Robert Young, where the accused was arrested after a tear gas attack.

Corp. Bender told of returning to the murder scene, and of finding four other bodies. Outside the porch lay James Gordon; on the kitchen floor was the body of George Williams; partly on a couch with dress pulled high lay the body of Clara Gordon while on a lower cot in the rear room was the body of Albert Young, father of the accused. Witness told of securing of exhibits and of attending the post mortem.

Questioned by Mr. Tom Brett, acting for the defence, witness said it was light about 6.00 a.m. when he was making his examination.

A STRANGE WITNESS

Dr. J. S. Gregson of Red Lake, coroner for the district, said he drove to Ear Falls Christmas morning, where he was met by Corp. Bender, and there exam-

(Continued on Page 4)

True Bills Given Murder, Criminal Negligence Charges

At the Spring Assizes being held in the Court House, the Grand Jury, this morning at 10 o'clock, reported to Mr. Justice Thompson, a true bill on the charge of murder against Dorothy Laverna Boyd of Dryden, charged with the December 26th death of her husband Frank Boyd and a true bill on the charge of criminal negligence against Leo Leroux of Kenora. The charge follows the January 24th death of Joan Haile of Kenora who died following an automobile accident on the eastern outskirts of Kenora.

Tuesday afternoon, the Jury had reported a true bill on a charge of murder laid against Thomas Young of Ear Falls.

Today the Grand Jury is making a tour of inspection of various institutions in Kenora which are supported in full or in part by public funds.

T. McClellan Heads Hospital Board For Sixteenth Term

Mr. T. McClellan was re-elected president of the Board of Directors of the Kenora General Hospital at the annual meeting held Tuesday evening in the Council Chambers. Mr. McClellan's re-election marks his 16th year as chairman of the board and his 21st year as a board member. Alderman A. E. Minor was named vice-president.

Elected to the Board of Directors were: D. M. Bruce, Dr. H. F. King, G. T. Martin, F. Davis, E. S. Linkletter, L. A. Toole A. R. Pitt and J. W. Hogg.

Medical Staff representative is Dr. J. P. Paton, Town Council, Alderman R. Stratton, Secretary-Treasurer - Miss D. A. Bird, and auditor - Mr. E. Fawcett.

Firemen, Enginemen Sign Agreement With CPR To 1961

Montreal,—J. J. M. Graham, general chairman of the Brotherhood of Locomotive Firemen and Enginemen representing Firemen employed on the Canadian Pacific Railway and Quebec Central Railway and A. L. McGregor, manager, labour relations, Canadian Pacific Railway Company, announced the signing Tuesday of an agreement on the Canadian Pacific running to May 31, 1961. The new agreement provides for wage increases over the period of the agreement and mutual agreement on certain rule changes sought by both parties. In announcing the settlement both parties expressed satisfaction with its terms and with the period of stability that it will establish on the Canadian Pacific.

WHAT'S HAWAII LIKE?

HONOLULU, Hawaii — What's Hawaii like?

The Hawaiian Islands, which received approval of statehood from the U.S. House of representatives, are, of course, a place lots of people dream of visiting. When they do, some stay on.

They come for the climate (balmy all year round), the scenery (a flower-filled tropical paradise) and the people (as friendly and varied as you'll find anywhere).

Hawaii's atmosphere is relaxed by North American standards. Men wear bright aloha shirts for almost any occasion. Kids still grumble when told to wear shoes to school. On the neighbouring islands, you'll find sleepy villages — but don't look for grass huts.

HAS SAME PROBLEMS

Honolulu, the capital and principal city, is a bustling community. It has its traffic jams, big stores, used car lots — and no parking space.

What is left of the old Hawaii is monopolized by the tourist industry at Waikiki beach on the main island of Oahu and at three other major islands. Far more real today is a spirit of friendliness that makes Hawaii close to unique in a troubled world.

An estimated 565,000 people live here and some 450,000 of them are on Oahu. They are of many races — Chinese, Japanese, Filipino, Caucasian, Portuguese, Korean and, of course, Hawaiian.

Race relations are not perfect. Classified advertisements still appear with notices of "haoles (whites) only." Some social circles and residential areas exclude orientals. The largest business firms are controlled by Caucasians.

KNOCK, KNOCK . . . WHO'S THERE?

People are too ready to blame engine knock on gasoline these days . . . but most of the time it has nothing to do with the gasoline at all. Check these common causes of knock and you'll see what I mean.

1. ELEVATION - a gasoline which performs well in the mountains may knock at sea level.

2. HUMIDITY - the drier the day the more likely knock will occur in your engine.

3. AIR TEMPERATURE - the higher the temperature the greater the tendency to knock will occur.

4. ENGINE TEMPERATURE - a bad thermostat, plugged radiator, faulty water pump, or loose fan belt, can raise engine temperatures excessively - and cause engine knock.

5. CARBURETOR SETTING - too lean a mixture is another factor which will cause knock in your engine.
6. DISTRIBUTOR SETTING - an overadvanced spark will cause knock . . . and at the same time waste power.

Some of these factors are uncontrollable . . . but when they do happen our expert mechanics are ready to correct them. To be on the safe side why not drop in to DINGWALL MOTORS now for a tune-up?

Dingwall MOTORS LTD.

Commercial Mixed Bowling News

Blackhawks moved out in front in Section One with 39 points, while Lands and Forests vaulted into second spot by virtue of a 20 point effort. Delamere & Tilley gained a tie for second with 17 points to add to their previous 13. Acme Cleaners had a perfect night in Section two getting 24 out of a possible 24. This effort gave them an 11 point lead over the second place Texaco. Daily Reminder are in third spot with 31 points, three behind Texaco.

Prof's took the lead in Section three with Dalmore Hotel right behind them, Prof's have 32 points while Dalmore are one behind. Krons moved out of the basement into third spot with a 21 point evening. Lake of the Woods Motors went one point ahead of Shop-Easy in Section four. The Shop-Easy crew had a tough night while the Lake of the Woods crew were right in form. Section five leaders, Off Centres managed to hold their one point edge over Head Pins as both teams collected 18 points for the week. Central Electronics are in third spot, four points behind the Leaders.

HERE and THERE

C. Westlund rolled a lovely 356 game and with a little luck could have made it 400. Wes had 780 for his three game total. Don Green had a very god night rolling 808 for his three. Don had 314 and 325 but didn't have much success in his first game. Eleanor Neil had a very good 724 to lead the Ladies for the week. Other good scores were J. Kolar 224, Mickey McCulloch 215,208, G. Fairfield 225, J. Barber 226, G. Grandall 263, A. Thompson 540 for three, not bad for a 125 average, A Brown 250, Kay Washnuk 248, L. Spalton 236, 215, H. Sands 232, D. McGavin 228, R. Clifton 238, 251 (699) R. Leroux 214, 219, Cy Garrison 242,248,238 (728) Ab Green 240, R. Lavergne 253, H. Gascoigne 230, 229, O. Bunn 279, K. Laholt 246, F. Elders 267, F. Blake 263, P. TRAVELS 3,600 MILES TO PLAY GOLF

Victoria, B.C. —Mrs. Sylvia Townsend, (Box 1506) of Nassau, will set some sort of record when she arrives here on April 12, after a 3,600-mile journey.

She's coming to the evergreen city to play in the week-long Empress Hotel Golf Tourney.

The 28th annual event which attracts more than 400 each year will be played over the ocean-rimmed Oak Bay Course and the picturesque uplands on the edge of this city of delightful weather and gorgeous flowers. The majority of its participants hail from Washington, Oregon and California. It includes a full week of golf and nightly social gatherings.

HOW MANY BEANS IN A JAR?

CINCINNATI — Want to know how to win those guessing contests — How many beans in a jar, etc.?

Eleven-year-old Julia Colan of suburban Norwood has a formula.

Julia guessed within six ounces the weight of a big side of beef displayed here. How?

"I took my age, 11, and put my grade in school in the middle," she said. "Then I subtracted the six from the 11 to get the ounces."

Her estimate: 161 pounds, five ounces.

Julia won 161 pounds, 11 ounces of beef.

CANADIAN OWNED AND OPERATED

Shot Into The Brain Killed Con.

(Continued from Page 1)

had the bodies of five people, all of whom had been shot. He estimated that Con. Fulford had been dead some 6 to 10 hours and others possibly longer. He was questioned by Mr. Brett on the times which examinations were made.

Inspector Tom Corsie was the 40th witness to take the stand, and gave evidence concerning the manner in which police were issued revolvers. He identified the .38 calibre Colt special which was issued through his office to Con. Fulford in March, 1958.

The evidence of Cpl. George Firth revealed a similar story to that previously given by Corp. Bender. On duty Christmas eve at Red Lake headquarters, Con. Firth said he was called by phone from Ear Falls at 1.00 p.m. At 1.30 Con. Firth said he called Ear Falls and talked with Con. Fulford. At 2.45 a.m. a third call took place, this coming from Mrs. Fulford at Ear Falls. Con Firth told of his subsequent duties as guard over the body of Con. Fulford and his part in the arrest of the accused.

Con. Moore of Red Lake said he proceeded to Ear Falls from Red Lake about 6.00 a.m. Dec. 25th ,and had assisted in the arrest of the accused. Mr. Brett, as he had with the previous witness, asked concerning the hour at which daylight came on that particular morning.

Following the evidence of Dr. McLean, Corp. Roller was recalled to give evidence concerning numerous exhibits which he picked up or were given to him. Among these were shells, cases, a rifle, a revolver, hand writing specimens, a note found in the cabin, finger nail scrapping, a window screen and some liquid, said to be blood and snow.

Court adjourned at 1.00 p.m. until 2.30 p.m.

Women Will Play Big Part In Education Meet

Toronto, Ont. — Women educationists will play an important role in the 99th annual convention of the Ontario Educational Association to be held in Toronto from April 6 to 9 when a variety of problems pertaining to various phases of education will be discussed.

Several internationally-famous women in the educational field will be among those who will address the convention delegates. Those will include Miss Virginia Cass, Yonkers, N.Y., Miss Rose Meyer, University of Wisconsin, Miss Mary A. Clarke, Ontario Department of Education and Mrs. George Davis of San Jose, Costa Rica.

Responsible for some of the detail and organizational work of the four-day meet is Mrs. J. M. Watson of Innerkip, Ont., the O.E.A.'s first Vice-President. Women delegates will be in attendance from many cities and towns throughout Ontario.

Other prominent women who will be taking part in the program include Miss J. Macpherson, University College, Miss Bertha Reynolds, Toronto, Miss Mary Lugsdin, of the Big Sister Association, Toronto, Miss Edith Deyell, Wentworth County, Sister Mary Timothy, Belleville and Mrs. Mary Pigeon, Sault Ste. Marie.

Some of the outstanding features of the four-day meet, which will be Canada's largest educational conference, include the finals in a public speaking competition, a verse speaking competition, a dramatic concert, a musical festival and demonstrations of physical education.

Plans will be discussed, too, for a big-scale centennial celebration to be held in 1960.

The Film Service of the Canadian Red Cross provides regular showing of current films for hospitalized veterans in 48 institutions throughout Canada.

POISON FOR HUSBAND KILLS DAUGHTER

Tokyo — Mrs. Masao Otsuka, 37, didn't like her husband because he spent the earnings from their vegetable shop on a mistress.

First, she hired five hoodlums to beat him to death for $50. They took her money but never did anything.

Impatient, Mrs. Otsuka paid a pickpocket and two companions $175 to run over her husband in a car. They couldn't even drive.

Disillusioned, Mrs. Otsuka acquired a do-it-yourself kit. She bought a new butcher knife and with a 17-year-old clerk as accomplice waited for an opportunity to slit her husband's throat.

When the opportunity failed to present itself she bought some cyanide and mixed it with a half-empty bottle of cider her husband had been drinking. Her unobliging husband didn't touch the cider.

The next night she whipped up a nicely poisoned rice cake as a special offering. Her husband said he was tired of rice cakes.

Then their seven - year - old daughter found the bottle of poisoned cider, drank it and died.

Today Otsuka is at his vegetable stand while Mrs. Otsuka and her youthful accomplice are in jail on a murder charge.

Mrs. Otsuka sobbingly told police the death of her daughter was an accident. She only meant to kill her husband.

Bridge Linking Baudette, Canada Now In Sight

BAUDETTE, Minn. — The day finally is in sight when a highway bridge over Rainy River will link Baudette and its Canadian neighbor, Rainy River, Ont.

Contracts totalling $1,060,000 for construction of a $1,300 foot span have been let by the village of Baudette. The bridge will be a village project and eventually may be a link in the Trans-Canada highway as it dips into the United States for a few miles.

Minnesota and North Dakota sportsmen hail the span, expected to reach completion in 1960, as the opening of a new era in development of Lake of the Woods' eastern waters. For the 1,500 residents of Baudette and a like number in Rainy River, it will mean year around crossing of the stream that marks the international boundary from Lake of the Woods eastward some 70 miles to International Falls, Minn., and Fort Frances, Ont.

First efforts to install a crossing were made 40 years ago. Settlers tried to persuade the Canadian Northern Railway to plank the railroad bridge ties to handle wagon traffic, but failed. U.S. engineers suggested a pontoon bridge but millions of feet of pine logs were driven down the big stream each year, so the pontoon span idea was abandoned.

The prime mover in the bridge's realization is Ted Rowell, a former Baudette mayor. He spearheaded solicitation in which bonds were sold to obtain $140,000 the village needed. Canadians pledged as freely as their American neighbors.

Rowell earlier went to the Federal Home and Housing financing agency which studied his plan, then approved the purchase of revenue bonds, providing Baudette could raise 10 per cent of the total needed.

Technicians in Canadian Red Cross laboratories of the Blood Transfusion Service conducted over 135,000 free clinical Rh tests for expectant mothers in 1958.

More than 90 per cent of the work of the Canadian Red Cross is done by volunteers.

Around Town

Mr. J. Herbert Dawson, Grand Master of the Grand Lodge of Ontario, I.O.O.F., spent the week-end in Kenora, the guest of Mr. and Mrs. R. Dixon. Mr. Dawson and Mr. Dixon D.D.G.M. left on the Canadian Monday night for Winnipeg to attend sessions of the Manitoba Grand Lodge I.O.O.F. which opened Tuesday morning.

Miss Etta Stephen, librarian at our Public Library, was pleasantly surprised Tuesday, March 17th, when members of the staff presented her with a lovely gift, the occasion being her birthday. Board members and young and old alike join in extending very best wishes for a year of happy days to Miss Stephen.

BIRTHS

RULE — Marg and Gord Rule are pleased to announce the arrival of "Wee Gordie" a brother for Artie and Trudy-Jaye, born March 16th at the Kenora General Hospital. Weight 8 pounds, 8 ounces.

Announcements

Be sure to attend the social and dance sponsored by the Carpenter's Ladies' Auxiliary No. 758 this Saturday March 21 at 8.30 p.m. in the Ukrainian Hall, 4th Street North. Tickets are available from members and at the door. Refreshments, Door Prizes and Lunch served. Music by Doug Reeves and his orchestra.

Everybody welcome. Come out and have a real good time.

The Kenora Community Round Dance Club will hold their St. Patrick's Day Party on Thursday, March 19th, commencing at 8.30. Ladies, please bring sandwiches, coffee and tea will be served. There will be a good door prize. The program will be arranged by Bert Carson, and will be half ballroom dances, and lots of those oldtimers you have been wanting, so come and bring a friend Thursday night to the King George School. Everyone is welcome.

Annual St. Patrick's Tea

Catholic Women's League, Kenora sub division are having their annual St. Patrick's Tea on Thursday, March 19th from 3 to 5 p.m. at the Hotel Kenricia.

Everyone is welcome to attend and enjoy a cup of tea.

Shower Honors Bernice Wolfe

Mrs. G. Bremault and Mrs. F. Horbaty were joint hostesses at a miscellaneous shower on Tuesday evening, March 17th, at the latter's home in honour of Miss Bernice Wolfe, a bride-elect of April 10th.

The guest of honour was met at the door and a corsage pinned on her by Mrs. Horbaty. Corsages were also presented to the mothers. The bride-to-be was then escorted to a gaily decorated chair and the many lovely gifts were presented to her from a decorated basket by little Miss Carol Dubchuk. In a few words Miss Wolfe thanked everyone sincerely.

Games were played, after which a delicious lunch was enjoyed. Guests numbered 23. Assisting the hostesses were: Mrs. Fred Dubchuk and Mrs. Jos. Buczkowski.

Salary Schedule Tops Quarter . . .

(Continued from Page 1)

Book Competition in which prizes are offered by the Association as well as by Mando. A pupil at King George VI School, Charlene Clark, won the Thomas Rivers Trophy in the Elementary School Public Speaking class and will compete with other regional winners in Toronto during the Easter week.

According to reports received the Physical Education programme, as suggested, by the Department, is coming into its own in all grades due to better facilities in some schools. Extra curricular activities by members of the staff has interested a number of the senior students in both games and drama; both are closely related to the specified courses in the elementary system, namely Physical Education and English.

Dogs are still a prime nuisance at the schools it was reported. The co-operation of all dog owners is solicited in keeping them at home during school hours.

Kenora Figure Skating Club Hold Windup Party

Members of the Kenora Figure Skating Club, together with many parents enjoyed the annual windup party held at the Thistle Rink, Friday, March 13th from four to seven o'clock.

The one hundred and fourteen members skated and participated in various games ending with a jive session. Evidence of the good time enjoyed by all, was the reluctance with which the members left the ice. The serving of a sumptuous lunch of sandwiches, cookies, cake, soft drinks and coffee for the adults brought the skating season to a close.

President of the club, Mrs. J. A. Brett, thanked everyone who had contributed to the successful season and to those who had assisted at the recital.

Thanks was also tendered to the hard working executive for the part played by them all year, and especially the windup party. Executive members are: Mesdames, G. Peterson, H. Hansen, J. A. Brett, V. Rivers, F. Campbell, P. Chop, D. Muggaberg, J. T. Brett, J. Gerrard, W. Fendrick, A. Ede S. Everett, C. Everett and Mrs. B. Taylor.

The Magpie about as big as a pigeon is a Western Canada bird seen only occasionally in Ontario and Quebec.

South Africa maintains weather stations on Tristan de Cunha and Marion Islands and an observation station on Gough Island.
