- #102-2016 – Confirm the proceedings of Council
- #103-2016 – Flag Protocol Policy
- #104-2016 – Healthy Meeting & Events Policy
 Notices of Motion

Event Centre
19. Moved by R. McMillan, Seconded by D. Reynard & Carried:-

Whereas at the June 19, 2016 meeting of Council, a request was made to Council, from a staff perspective, asking what other information Council needs to help them make their decision on the Events Centre Project;

Whereas at the June 19, 2016 meeting of Council, it was confirmed that the senior managers would independently identify the top 10 projects as seen by administration and that they would work toward developing a report that would come forward at the August Committee of the Whole meeting;

Whereas it was noted, at this meeting, that Council wishes to speak to the Minister responsible at AMO, regarding funding opportunities for this type of project and, that Council wants to understand the phase II asset management plan, as well as the status of casino development prior to moving forward;

Whereas at the August 9, 2016 Committee of the Whole meeting the co-chairs of the Event Centre Committee did make a deputation to Council as a last opportunity to address any concerns and offer assistance to aid Council’s decision and; to respectfully request that Council make a decision as to whether or not they support this project in particular a second ice surface;

Whereas during the discussion at the August 9, 2016 Committee of the Whole meeting a further request was made to bring forward the Kenora Event Centre Schematic Design and Business Case report, including updated information addressing the analysis of capital costs should a decision be made to phase in the construction of the facility, for discussion and deliberation;

Therefore be it resolved that this report come forward for discussion and deliberation at the September 13, 2016 council meeting. The purpose being to provide clear direction to the Event Centre Committee, City of Kenora staff and our community of either Council’s support for the project or a decision to not proceed.

That should Council decide on continued support the debate would provide the opportunity to provide direction as to how the project would proceed either in part or in whole, dependent upon government funding, conditional on local fundraising or, scaling back the project to reduce the capital investment.

Discussion:
Councillor Smith made a point of order comment. The resolution is still sitting under ‘notice of motion’ with no notice to the public and the Clerk agreed that this is not clear in the procedural bylaw and this needs to be amended to reflect this order.
Councillor McMillan suggested a dialogue with Council to look at aspects of the project as the Events Centre committee has done their job. Does Council support this project or will it not be approved or supported. Councillor McMillan is asking Council to make a decision on the project.

Councillor Roussin requested that this matter be deferred as there are several items in the asset management plan that needs to be addressed with several projects. He is not prepared to commit one way or another to move ahead until they have a clear picture on how the project will affect tax rates moving forward.

Mayor Canfield advised that there is another option. There is a group coming which is a system which could change the project. The City needs more ice time and this other option of a system is a more efficient system and more economical to run.

Councillor Goss is still not satisfied that the demographics study if there is demonstration that we need that additional ice surface and continue to grow at a cost recovery basis.

Councillor Smith noted that it is important that this comes forward during budget time and in addition to the asset management plan review. When looking at the demographics she is not confident that the needs are there.

Councillor Reynard noted that we have never had this kind of discussion on it. Facts are coming out that aren’t directly related to this project. This process has not been rushed through as it started many years ago. It has been thoughtful process and the information is before us. The committee was struck and they built their vision on that if the community could have everything this is the model it would look like. We cannot move programs forward in this community with the facilities that we currently have. It is important to continue to explore the project and have all the facts come forward as we likely won’t see the funding that is coming available over the next several years for recreation projects.

Councillor Wasacase noted that we need to keep building partnerships for recreation and it is an exciting time to look at this project.

Councillor McMillan noted that the performing arts component may be supported with the new development, but would like Council to look at the second ice surface component and move this aspect forward at a minimum. Councillor McMillan requested Council to agree to moving to the next steps on a second ice surface.

Mayor Canfield noted that we will be having a meeting with the alternate to the second ice surface in a few weeks and we should continue to look at the second ice surface. The discussion will continue with the meeting at the beginning of October.

**Proclamations**
- National Occupational Therapy Month

**Announcements**
The following was highlighted by Council:
1. Councillor McMillan noted that there were resolutions on community partnerships and it bodes well for the community when we discuss volunteerism.
2. Councillor Goss expressed that as a volunteer for 35 years and value the efforts of all volunteers in the community.
3. Mayor Canfield welcomed the delegates from the Community Future Development Corporation who are here in Kenora for their conference.

Adjourn to Closed Session
21. Moved by C. Wasacase, Seconded by & Carried:-

That pursuant to Section 239 of the Municipal Act, as amended, authorization is hereby given for Council to move into a Closed Session at 12:56 p.m. to discuss items pertaining to the following:

- Disposition of Land (1 item)
- Personal Matter about an Identifiable Individual (1 item)
- Education & Training Members of Council (1 item)

Reconvene to Open Meeting
Council reconvenes to open session at 3:09 p.m. with no reports from its closed session.

Close of Meeting
22. Moved by R. McMillan, Seconded by C. Wasacase & Carried:-

That this meeting be now declared closed at 3:09 p.m.
