Our EDITORIAL VIEWPOINT

SUPPORT FOR THE FAIR

Tomorrow night the Kenora Lions Club unvells its second annual Industrial Fair and Home Show in the Thistle Rink. There is some significance in the word "second;" for it means that the original idea, advanced last year with timid hopes, merits another performance.

The facts of the Show are well known, through the heavy advertising programme which the directors have undertaken. Three days will be well filled with attractions to sustain interest for the greatest numbers of people.

The Miner and News is happy that the Fair is again to be an event in our community life, for it means that citizens, by their interest, are supporting the efforts of local merchants. The merchants, for their part, must feel the show is worthwhile, for a tremendous amount of energy, time and considerable money, is poured into the 3-day event.

Most merchants, we feel, endorse the belief that when the standard of living is raised for the most lowly, everyone benefits. Local merchants, too, feel keenly their responsibilities to their community to be partners in progress. They have a splendid record of support for worthwhile projects, and few Towns can boast of finer business premises than can we here in Kenora. The benefit cycle affects us all.

Thus, once again, merchants are displaying their goods and services, as a group, for the consumers' critical inspection. At the Thistle Rink, they will endeavor to prove that dollar-for-dollar, all factors considered, they merit our patronage.

The Lions Club deserves praise for making the show possible. It is their contribution to the "Buy Locally" campaign of community betterment. The very nominal admittance charge, together with all profit, is pledged to continue the Lions Club community service which is so much in evidence.

The success or failure of the Fair now rests with the individual citizen.

Ed Valenta, Kenora Teenage Driver In Provincial Finals

Windsor, Ont.—Ed Valenta of Kenora made a strong bid to cop the title of "top teen-age driver [illegible] Ontario" [illegible] he [illegible] against 97 other youthful candidates in the finals of a province-wide safe driving competition here last Saturday.

First prize in the keenly contested event of the "Esso" trophy and a cash award of $100 went to 19-year-old Joe Sebestik of Guelph who chalked up 591 out of a possible 625 points.

The event was jointly sponsored by the Windsor Junior Chamber of Commerce and the Imperial Oil Limited and had the backing of Government authorities, civic officials, police and representatives of safety groups.

The finalists had all previously won regional tests. In the deciding event for the Ontario championship they were required to do both a written and actual driving tests. The latter was most rigid for it included driving a car so that the wheels went between two rows of balls only 16 inches apart, a serpentine test, forward and back, between barrels and standards, backing into a tight space and other intricate manouevres.

Valenta made a commendable showing and won praise from the panel of 11 judges, which included two members of the Royal Canadian Mounted Police.

After the competition he and the other contestants were feted at a banquet at Assumption College where D. L. McGillivary of Imperial Oil Limited spoke on [illegible] drivers more safety conscious and commended the Junior Chambers of Commerce for their safety efforts.

CPR Conductor Reid Earns Plaudits For Special Attention

When CPR conductor E. R. Reid of Kenora recently went knocking on cottage doors at three o'clock in the morning, he earned plaudits for special attention beyond even the V.I.P. or red carpet treatment.

H. J. Bond, an elderly passenger, had been let off the train at a flagstop near Kenora, and the conductor observed that his boat had broken loose and was floating on the lake. Tired and only recently out of the hospital, Mr. Bond had left luggage and boat and walked around the lake to his cottage.

Worried about his passenger, conductor Reid that evening drove to the CPR main line, walked four miles up the track, found Mr. Bond's discarded luggage and boat, and rowed across the lake to effect delivery to a very surprised gentleman at 3.00 a.m.

Mr. Bond's comment in a letter to the superintendent:

"I never thought there were such people on earth and I really do not know how to thank him so would you please do it for me and oblige."

C. L. Galloway Presented With Life Membership

"You have done me an honour and I am most pleased to have been asked by our club president, Bill Watkinson to present to you this Life Membership in the Kenora Lawn Bowling Club," said past president Ike Edmondson, addressing Mr. C. L. "Les" Galloway last night.

In reply, Mr. Galloway thanked the many Club members who made a special effort to attend the brief, but pleasing presentation ceremony in front of the Club House.

President Bill Watkinson, in addressing the gathering, noted that Mr. Galloway has been an active Club member since 1932, and is the fourth member to be so honored. Mr. and Mrs. James Gow, former residents and the late Mrs. Jim Doherty were the other members so honored.

Lake Of Woods Level Continues To Rise - Up 4 Inches

The level of the Lake of the Woods [illegible] continuing to rise and [illegible] showing a gain of four inches in the past week. The level today stands at 1058.09 feet above sea level compared to 1057.72 a week ago. The early morning rainfall amounting to .32 inches helped to bring up the level. Monday's rainfall amounted to .04 inches.

It is interesting to note that Lake Namakan which feeds Rainy Lake, which in turn feeds the Lake of the Woods, is almost three feet higher than a year ago. As a matter of fact, the Namakan Lake level today is almost a foot and a half higher than the International Joint Commission level set at 1115.31 feet above sea level. Tuesday's reading for this lake was 1116.69 feet, compared to 1113.52 a year ago.

The Rainy Lake level as of Tuesday was 1105.89 feet compared to 1104.33 last year. This is still almost two feet lower than the I. J. C. prescribed level of 1107.61.

Helen Pearson Wins University Scholarship

It has been announced that Miss Helen Pearson, only daughter of Mrs. Ivor Pearson, 610 Third Avenue South, Kenora, has won the Sir Joseph Flavelle scholarship of $300 for Post Graduate study in nursing. She will attend the University of Toronto this fall to study Nursing Education.

Miss Pearson, was presented with the scholarship at the Toronto General Hospital graduation exercises held in Convocation Hall, Toronto, at which she also received her R. N. Miss Pearson was one of 118 nurses to graduate from the Toronto General, in the second largest class ever to graduate from this hospital.

Helen was born in Kenora, attended public school and graduated from the Kenora Keewatin District High School.

John Hansen To Retire On Pension From CPR Today

John Hanson, Passenger Conductor on the Kenora Division, will make his last trip into Winnipeg arriving on Train No. 1, "The Canadian", on June 3rd, 1959, before being retired on pension.

Mr. Hanson entered the service of the Canadian Pacific Railway Company as Trainman at Kenora, on September 5th, 1913, and was promoted to Conductor on May 5th, 1929, and for the past five years has worked as a Passenger Conductor out of Winnipeg.

He was born at Kenora, Ontario, on June 22nd, 1894, and was married to the former Grace McKinley at Owen Sound, Ontario, on January 1st, 1938.

Mr. Hanson is a member of the Brotherhood of Railway Trainmen [illegible] Woods, 445 AF & AM, Golden Chapter Royal Arch Masons No. 90, I.O.O.F., Lodge No. 261 and the Anglican Church, all of Kenora. At the present time, he is residing at Suite 10, 30 Carlton Street, Winnipeg, Manitoba.

Mr. Hanson's father, the late Doctor Thos. H. Hanson, was Medical Officer during the construction days of the Canadian Pacific Railway, stationed at Cross Lake, Manitoba, moving to Kenora, then Rat Portage, in the year 1879, making the trip by boat.

Poacher Has Change Of Heart.

A few days ago an old time settler called at the Chief Ranger's Office, Department of Lands and Forests to inquire about trees for planting.

On the Ranger's desk was a copy of the Royal Bank of Canada monthly letter headed "On Building Character." The man picked it up and commented on the excellent material invariably contained therein. "You know", he said, "this particular issue influenced me in giving up my annual poaching trip after pickerel." Paying no attention to the Ranger's startled look, he continued "for years an old friend and I made an annual trip to a certain creek when pickerel were spawning. We had done this before there was any Game Wardens in this section and after the Conservation Officers arrived it added a certain risk and sense of adventure which was not unattractive. We always felt virtuous in that we never took more than we could use.

This year, when ready to go, I read the following in this Royal Bank Letter quote; "A person of good character does not try to evade his duties to Society, nor does he allow himself to become negligent of them. He will not drop a lighted match and start a forest fire; he does not display that abominable form of arrogance of thinking himself above the laws which apply to all other people." unquote.

"As I read the last paragraph," he remarked, "it seemed to sting and I realized that I had not only been breaking a good law which was in the best interests of everyone, but that I was taking an unfair advantage of those citizens who obeyed the law. From now on, (he concluded with a grin), my character will be better"

Enthusiastic Rally Held For Keffer At Hudson

On June 2nd Howard Keffer addressed a capacity audience at a Progressive Conservative Rally at Hudson, Ontario. Between 50 and 60 people attended and gave Mr. Keffer an enthusiastic and warm reception.

Speakers of the evening included Mr. Frank Bowman of Hudson and Mrs. Jean Miller of Sioux Lookout as well as Mr. Keffer. Mr. Keffer stated that he was most gratified and pleased with the support being given to him by the people of Hudson and surrounding area.

Mr. Keffer will be in Kenora on Monday, June 8th and will remain here until after the election of June 11th.

40% Increase In Visiting Aircraft Landing At Margach

Some indication of the increased tourist business being enjoyed this Spring, especially by resorts catering to the early trout, northern and walleye fishermen, is shown by the number of visiting aircraft checked in by Canada Customs [illegible] Margach airport.

In May of 1958 sixty (60) planes were passed through customs. This year in the month of May, ninety-eight (98) visiting aircraft were recorded.

The many visitors have expressed themselves to Tourist Bureau staff as being highly pleased with the facilities available at Margach especially in regard to weather and other information, and also the facilities available for refuelling and generally taking care of their aircraft.

Customs officials has also made a deep impression on many who have also spoke with appreciation of the general friendly atmosphere prevailing at the stores and resorts visited.

Building Permits For Month Of May Total $19,850

Building permits issued at the town office for the month of May are far below the value of the April permits. A total of $19,850 in permits was issued last month compared to $85,330 in April.

May permits did not include any new major construction and not one was for a new home. One permit was issued for a boathouse, two for garages and seven for alterations and repairs to dwellings.

The overall picture for the first five months of 1959 is far behind the previous year which was a record year for construction. Total value of permits issued to date is $136,530.00, recorded as follows:

January	$ 22,200.00
February	500.00
March	8,650.00
April	85,330.00
May	19,850.00
TOTAL	$136,530.00

Only Six Forest Fires In District

The Department of Lands and Forests states that to date in Kenora District a total of six fires has been reported. The early forecast of an above normal fire hazard has not come about due to the constant small amounts of rain which have occurred. Whether this has dampened the fires or dampened the enthusiasm of the persons usually responsible for the fires, is unknown, but it has shown a marked improvement in the number of fires occurring.

Be sure to drop in at the Department of Lands and Forests booth at the Lions' Club Fair on June 4, 5 and 6. Membership in the Smokey Bear Fire Prevention Club will be issued from the booth so be sure to bring the kiddies along. See you at the Fair.

Keffer Promises Government Aid For Norman Project

Howard Keffer, the Progressive Conservative Candidate in the election of June 11th has expressed the view that the Norman sewer project should be started immediately. "The residents of Norman are entitled to the same facilities and conveniences that the people of Kenora have enjoyed for years", he said, in personal interview. He went on to say that he will make every effort to secure the Government's immediate participation if he is elected at the provincial election of June 11th.

The Norman sewers and water system have been approved by the Kenora Town Council but financial assistance is required from the Ontario Government before the plan can be implemented. Mr. Keffer feels that, as a member sitting on the Government side of the House, he will be [illegible] the Government sufficiently to obtain their financial participation than if he were sitting in the Opposition.

When asked about the outcome of the forthcoming election, he said that there was a definite swing to the Progressive Conservative Party in the whole riding and he was confident that he would be elected.

Car Burns While Owner Is Fishing

Dennis Wilcott of 1313 - 9th Street N. went fishing Tuesday evening and lost his car. Ontario Provincial Police report that while Dennis was fishing at Percy Lake, 20 miles east of Kenora on the Trans Canada Highway, he noticed that his car, parked about 100 yards away, was burning. The car, a 1957 Ford, could not be saved and is a total loss.

There is no explanation for the fire, unless a cigarette, thrown from a passing car, might have been responsible.

ORIGIN OF PLACE NAMES

Driving between Kenora and Dryden for years, the writer has often noticed a pretty little lake on the north side of the Trans-Canada Highway. The sign says "George Lake" and we have often wondered why. Why not Harry, or Archibald or even Tom, which would have been shorter? Our curiosity has been increased each time we remember that the lake is officially designated on the map, topographical series of Canada, as "Octopus Lake." Why then, George?

We now have a theory!

The Indian name for Devil is Manitou; Namik means fish (specifically sturgeon). Possibly in the old days there were sturgeon in the lake and the Indians called it Manitounamik or as it is often shown, "Manitounameig, or Devilfish." Quite a mouthful - so the cartographer called it Octopus; possibly the P and S stencils were missing or maybe there was a shortage of paint so Highways Foreman said, "Oh, call it 'George'" and so it has remained.

Possibly we are maligning a sister Department. Possibly it was named after some worthy feat of the George family. If so, we apologize to Mr. F. B. Whiteley and Mr. Jack George. We hope someone will come forward with the right explanation.

QUICK CANADIAN QUIZ

1. On Canada's farms are there more cattle, horses, pigs or sheep?
2. The Governor General represents whom?
3. In the year ended March 31, 1959, did payments on the federal public debt cost taxpayers $5.5 million, $9.3 million or $11.5 million per week?
4. When did the United Empire Loyalists come to Canada?
5. How many trade union members are there in Canada?

ANSWERS — 5. In 1958, 1,454,000, about 23 per cent of the labour force. 3. More than $11.5 million per week. 1. There are over 10 million cattle, more than all the others combined. 4. In 1873. 2. He is the representative of the Queen in Canada.

The paper mills have developed fast-growing hybrid trees.

Trees furnish a third of the primary production of Canada.

The forests receive less attention from the State than less valuable resources.

A third of the production of Canada's primary industries comes from the forests.

TUESDAY EVENING

WIND-UP BANQUET HELD BY STUDENT COUNCIL

Last evening the Kenora Keewatin District High School Student Council held their windup banquet in the Presbyterian Church Hall. This was the first of which it is hoped, will be an annual event.

One of the highlights of the evening was a presentation to Miss A. Batho of the teaching staff, who is leaving shortly for Atikokan. Miss Batho, who is Guidance teacher at the school, has been a member of the staff for the past few years.

Tom Brett, president-elect of the Student Council introduced the head table guests, Mr. A. G. Richmond, principal, Mr. C. H. Hayes, vice-principal and Mr. E. L. Carter, chairman of the school board spoke briefly.

Various committee reports were presented following which, Miss Jo Anne Olson was presented with the form rep of the year award.

Mr. Bert Gaston, a medical technologist and guest speaker for the evening, spoke to the students on morals and education. He concluded his speech by telling the boys and girls to, "set your aims high and you will never fall behind."

Ray Wylie, the retiring president of the Students Council concluded the meeting by thanking all members for their co-operation during the year.

Advance Poll Opens Thursday

The advance poll for the June 11th Ontario Provincial Election will be open in Kenora, Thursday, Friday and Saturday, June 4, 5 and 6th.

The poll will be held in the Council Chambers and will be open [illegible] from the hours of [illegible] 00 p.m. and [illegible] to [illegible] p.m. Standard Time.

The Advance Poll is held to enable voters who will be away from home on June 11 to cast their vote.

WARNING

The general public is warned that fishing off the floating pulpwood booms in Matheson Bay is an unsafe practice as pulpwood is now being moved from this storage bay with the consequent loosening up of the wood.

Persons in the habit of fishing in this location should discontinue this practice immediately due to the extreme danger.

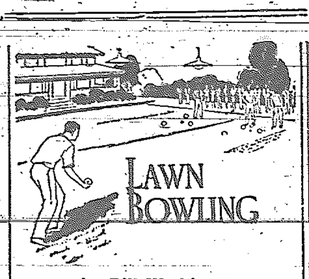
ALBERT WREN, M.P.P.
AT 8.00 P.M. IN THE
Keewatin Memorial Building

AT 8.45 P.M. IN THE
KENORA LEGION

Albert Wren Says:

People over 40 years of age have trouble finding steady work if they suddenly find themselves unemployed. It's too costly for employers to pay up service costs on established pension plans. This is why we propose "portable" pensions which will stay with a man from job to job and help eliminate the discrimination which exists against men and women over 40, some even over 35. Layoffs from the effects of automation and technical advances must be headed off with planned diversion to new jobs. People over 40 are not useless people and their skills and training must be utilized to the fullest extent in full employment.



by Bill Watkinson

Ladies and Gentlemen of the Kenora Lawn Bowling Club. On behalf of your executive we say thank you for making our opening night a huge success, it was an auspicious occasion and we are proud of our members and visitors for making it so. We are proud of the good-fellowship that prevails in our club. We were happy to have such a large turn out for this special night, and it was special, in that, all members were there for the presentation of a life membership to Mr. C. L. Galloway, who has been a faithful member for the past thirty years and still active. We hope that our "chief" as he is known to us will enjoy many more years of fellowship with us.

A most enjoyable evening was spent with six rinks in competition, and after games were played all enjoyed a social get together with a cup of Hanton's delicious coffee and dipped "Halos". A rose by any other name smells just as sweet" and our special donuts with another name tasted just as delicious. Our thanks to Mr. Earl Hutchinson and Mr. Alex Barclay and all those that helped to get the greens in condition.

We were glad to initiate four new members, and we have promise of many more, all are welcome, this could become one of our largest outdoor sports activities locally by all members inviting a friend. We hope to have the pleasure of entertaining groups of our young people. If those that were contacted by the writer will phone 7302, evenings and afternoons can be arranged to take care of all young peoples groups. We will be happy to have you with us. Competent officials will be there to guide you, no one will be under obligation, we want to share our enjoyment with a competitive spirit and feel sure you will enjoy Lawn Bowling.

Results of Tuesday games Nickolson 14, Watkinson 9. Miss Johnson 12, Edmonson 14. Mrs. Frances 13, Hutchinson 10. So until Friday we say, The Best Work Is Done By One Who Lives The Best Life He Or She Knows And Shares.

Bye for now, and God Bless you all.

THIS DRUG STORE COWBOY CAN'T MISS

Los Angeles—Eight weeks ago, George Hinton Jr., 24, shot himself in the knee while practicing fast draws with a .22 - calibre target pistol.

Sunday still practising he shot himself in the foot.

A third of the production of Canada's primary industries comes from the great northern forests.

TO BRITAIN IN QUEST OF A GOLF CROWN

The Canadian women's golf team left by [illegible] from Malton, Ontario for the British Amateur championships. Show on the ramp of the airliner are Canada's top women golfers, front to back Marlene Stewart Streit, former British champion, Roma Neundorf, Rae Milligan, Mary Gay, Mrs. J. H. McCarter and Miss Ada Mackenzie.

Little League To Open Season Thursday Night

If the weatherman co-operates the 1959 season for Little Canadian Baseball will get underway tomorrow night. Only those boys scheduled to play are to report in their uniforms at the Little Canadian Baseball Diamond at 6.15 p.m.

The "Yankees" of our local loop seem to be the strongest again. The Coca Cola team that has won the championship three years running have Dennis Portman, Gary Hanstead, Les Brown, Paul Stepanik and Gerry Townsend back to build a team around. "Old Casey" Lodyier also has a few other rookies up his sleeve that turn rival coaches green with envy.

Last year' finalists, Dingwall's have big Dennis Misurka back to go along with Dennis Barchuk Ron Noseworthy, and Don Brown. The pennant winning Acme-Kenora Cleaners lost five top players via the age limit. They should not be quite as strong as last year, but with Dennis Lindsay, Billy Cook, and Bobby Freeman to build around, they will be a threat. Lumber Kings hopes revolve around pint sized Stu Barber, Lorne Houghton and Dennis Laliberte will back Stu, and if some hitting shows they could go to the top.

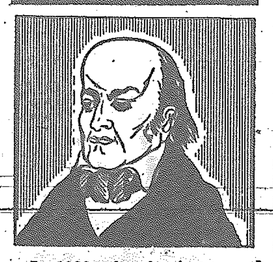
Lakeland banks its hopes on John Roy, who is sidelined for a while, Brian Carlson and Gordon Kariam. Lions are the dark-horse of the lot. Last year's basement tennants have rebuilt but still have Ricky Ericksen and Allen Spendlow to steady them down.

Poison Ivy Glistening Traitor

Poison ivy is native to North America, and is most certainly found in Canada, usually when one least expects it. The first thing to do is to know how to recognize it, and then to avoid it at all costs. This weed has a very attractive appearance, with its groups of shiny dark green leaves, set in clusters of three. The berries are a greenish white, and rise from the centre of the plant. In the Fall, the whole plant turns a brilliant scarlet, and the unwary will pick it for bouquets.

The rash caused by poison ivy is a very irritating one, and spreads all over the body very quickly when scratched. The rash is recognizable by appearing in tiny oily ridges. Wash affected parts thoroughly, but don't scrub, with laundry soap and let dry. Contaminated clothes should also be cleaned as soon as possible, for the oil from the ivy will cling to clothes long after summer is gone, and snow is on the ground once again. This advice is from the Health League of Canada.

it's a FACT



In 1830, after having served a term as president of the United States, John Quincy Adams was elected to the U.S. House of Representatives. On its being suggested to him that such a position might be degrading to an ex-president, Adams replied that no person could be degraded by serving the people as a representative in Congress or, he added, as a selectman of his town.

Around Town

Mr. and Mrs. D. M. Bruce and daughter Geraldine and Mrs. J. H. Olson have returned home from Toronto where they attended the graduation exercises of the Toronto General Hospital. Mr. and Mrs. Bruce's daughter, Roberta, (Mrs. Bill Cameron) was one of the graduates to receive her R.N.

Mr. and Mrs. Sherwood Pike and baby daughter Cheryl of Flin Flon, Man., were guests at the home of Mr. and Mrs. J. Pike. They also visited Mrs. Pike's parents, Mr. and Mrs. G. Lavoie at Lockalsh, Ontario. Mr. Pike left last Thursday for Uranium City, Saskatchewan where he is employed with the Saskatchewan Government Air Service. Mrs. Pike and Cheryl will follow in the near future to make their home there.

Mrs. R. J. Wise of Rabbit Lake returned home this morning from Port Arthur where she has been a patient in the Port Arthur General Hospital for the past seven weeks.

Mrs. Wm. (Pearl) Koziski has returned to her home in Calgary on Saturday, after spending the past week with her parents, Mr. and Mrs. A. W. Martinson, Keewatin Road.

CARD OF THANKS

We wish to extend our sincere thanks and appreciation to our many friends, neighbours and relatives for their messages of sympathy, acts of kindness and beautiful floral offerings received during our recent bereavement in the loss of our Father and Grandfather. Special thanks to Dr. Halliwell and the pallbearers.

The family of the
Late Wm. Busko.

CARD OF THANKS

To all our dear friends and neighbours who made our bereavement easier to bear, with comforting expressions of sympathy, beautiful floral tributes and cards, we wish to thank you most sincerely. We especially thank Dr. Torrie for his tender care, the special nurses and nursing staff of the General Hospital, Brown Funeral Home and staff, Rev. J. D. Marnock of the Presbyterian Church, Rev. Robert Peterson of Virginia, Minnesota, the ladies of the Presbyterian Church, the pallbearers and all who loaned and drove cars. These wonderful acts and expressions will long live in our hearts.

Mrs. T. Montgomery
and Family

LUCKY DOLLAR

Another CJRL travelling dollar was put in circulation this morning at one of the stores with Hawaii on the door. Numbered GL - 9232682, this lucky dollar is redeemable at the radio station for a $5.00 credit note up until 5.00 p.m. Friday, June 5th.

The placing in circulation of travelling dollars is all part of the current CJRL "Buy Locally" campaign, in which numerous merchants are participating. Anyone purchasing goods valued at one dollar or more from these stores will receive a coupon to fill out for the grand award prize of an all expense trip for two to beautiful Hawaii.

Still in circulation and good until 5.00 p.m. Thursday is lucky dollar LA - 3370365.

Magistrate's Court

Magistrate J. V. Fregeau this morning dismissed a charge of assault against a local woman and assessed costs against the complainant. Evidence in the case which started May 22nd, was completed this morning in a half hour hearing at which an optician, two policemen, the son-in-law and a brother-in-law, testified. The case dealt with an alleged assault in the complainant's home.

A Montreal man was charged and found guilty, on May 19th, of trespassing, and sentenced to serve two months in jail. Before he was taken from the Courthouse, he jumped out the second storey bathroom window to the ground, and escaped. He was recaptured the same day near the CPR station. This morning he was sentenced to serve 6 months concurrent (an extra 4 months) for escaping custody.

A local motorist was convicted of speeding within the Town limits and fined $31.00. Two others, who failed to promptly pay parking tickets, paid $5.00 each.

Fort To Build Third High School Addition Soon

FORT FRANCES — The Fort Frances board of education has engaged architects to plan an 11-room addition to the high school, the third new addition in seven years.

Following approval of the Ontario department of education, the school board plans to extend the addition either west or north of the present building.

Part approval for the project already has been given by the province, Principal S. R. L. Newman announced Thursday.

The addition will provide new classrooms for studies in science, industrial arts and home economics courses.

Present enrollment of the school is slightly over 800 students. The addition will permit an increase of accommodation for 1,100 students.

Huge Canadian Dam Construction Starts

OUTLOOK, Sask. — Construction of the 184-million dollar South Saskatchewan river dam officially begins Wednesday.

Prime Minister John Diefenbaker and provincial Premier Thomas C. Douglas plan to attend the dedication ceremonies. Work actually has been under way since December.

When completed, the earthen dam will back up water to irrigate 500,000 acres and produce 375 million kilowatt hours of electricity annually.

The project probably will take at least six years to finish. Officials hope to wrap up 10 per cent of the work this year. The federal and provincial governments are sharing construction costs.

Fire, insects, and disease consume about as much wood yearly as the pulp and paper mills.

Sunburn - - - Or Sun Tan?

Every sunny weekend throughout the summer sees hordes of people returning to office work looking as though they had spent most of their time visiting Shadrac, Meshac and Abedsnego in their fiery furnace.

Contrary to public opinion, sunburn is NOT a necessary preliminary to a smooth and glorious suntan. Some commercial preparations are good aids to promote a good tan, but none of them will withstand the efforts of an eager beaver who gets out on the beach early in the morning, and takes his or her lunch along, and leaves regretfully and roasted at dinnertime.

The Health League of Canada points out that the way to achieve a good tan is to simmer gently for about fifteen minutes, and then cover up. Next time a longer exposure can be taken, and by gradually increasing time in the sun, a tan which will stay on, and not go off in blisters will be gained.

Sitting on the beach near the water will give a doubly serious burn, for the suns' rays will strike the bather directly, and also be reflected from the surface of the water. This is why you can get a burn while sitting in the shade of a tree at the fringe of a sunny beach.

½ AWAKE NIGHTS ½ ASLEEP DAYS

Many people never seem to get a good night's rest. They toss and turn in bed—and then are dull and listless throughout the day. All of which may be due to a temporary toxic condition which calls for the use of Dodd's Kidney Pills.

Healthy kidneys filter poisons and excess acids from the blood. If they slow down and impurities stay in the system, disturbed rest, tired feeling and backache often follow. If you don't rest well at night—if you haven't that sprightly step of health in the daytime—use Dodd's Kidney Pills. You can depend on Dodd's!

WEDDING BELLS

CONNOLLY—BUCHANAN

A garden reception at the home of Mr. and Mrs. Douglas R. Buchanan of Weymouth Mass. U.S.A. followed the marriage of their daughter, Miss Betsy Buchanan to Dr. James Frederick Connolly, Saturday afternoon. The 4 o'clock ceremony was performed by the Rev. William Rasche at Trinity Episcopal Church in Weymouth, where the bride was given in marriage by her father.

White silk organza over antique taffeta fashioned the bride's gown which had a full length bouffant skirt terminating in a train. Her mantillia was fashioned of antique rose point lace, and she carried a bouquet of lilies-of-the-valley.

Mrs. Roald Heitmann of Weymouth, wearing a gown of mint green silk organza over taffeta, fashioned with a bateau neckline three-quarter length sleeves and a bouffant ballerina-length skirt, was the matron of honor. A matching halo head-piece and a basket of spring flowers completed her costume.

A similarly-styled gown in pale pink was worn by Miss Carole Connelly of Ottawa, Ontario, and in pale blue by Miss Bette Nelson of Winchester, the bridesmaids. The bride's mother wore cream - beige accessories with her olive green silk organza gown. A gown of beige brocade and pink accessories were worn by the bridegroom's mother.

A cousin of the groom, Mr. Bill Boquist Jr. of Port Arthur, was best man.

Ushers were Dr. Roald Heitmann and Dr. Hugh Powers Jr. of Westmount Quebec. Dr. Richard Rosen, and Mr. Don Inch of Trenton.

The groom who is well known in Kenora is now completing his final year of a five year course in surgery at the Boston General hospital.

The bride is a graduate of the University of Conneticut, School of Physical Therapy.

After a wedding trip to the British West Indies, and South America, the couple will reside in Boston.

Guests attending from Kenora were Mr. and Mrs. Bill Boquist Sr. and daughters Shirley and Daphne, Mr. and Mrs. Herman Baker.

"Drop-Outs" At Schools Not Unusual

Fort William — Fort William Board of Education administrator D. F. Hassard quashed rumors that an exceptionally large number of "drones" have been dismissed from the two public high schools.

Mr. Hassard revealed 11 students have left Collegiate Institute since Easter, two of whom transferred and the remainder withdrawing voluntarily with the assent of their parents to seek employment.

Selkirk High school, with a total enrolment of 1,300 students, had 107 drop-outs. Of this number five transferred, 71 voluntarily withdrew and 22 were asked to leave because they were not working. The remaining nine left May 1 with grade 12 graduation status.

Referring to a department of education survey which shows nearly half who enter the province's high schools leave by grade 10, Mr. Hassard said the local figures were not serious in comparison.

Only 22 per cent of the entrants reach grade 13, with half that number graduating.

"Drop-outs," a majority of whom are in the gifted or able group, are mainly the result of boredom or a desire to be independent and make money. St. Patrick's high school reports one voluntary withdrawal since Easter.

The survey adds that drop-outs are more frequent in prosperous times than in time of recession, with the result that more students are remaining in school at present.

OPPONENT GAVE OUT BUBBLE GUM

Port Credit — Bubble gum became an issue in the provincial election campaign.

Dr. Robert Williams of Brampton, the CCF candidate, said he would file protest with the Peel county returning officer because Liberal candidate William Brydon, also of Brampton, distributed bubble gum from a float he was riding in the Lakeview businessmen's parade.

Dr. Williams said Mr. Brydon's open - handedness violated the Election Act, which stipulates candidates may not provide any form of refreshment or nourishment during a campaign.

BUD ABBOTT FLAT BROKE

HOLLYWOOD — Straight man Bud Abbott said today he has lost all his assets and is selling his house because of a back tax audit that "hit me like a thunderbolt."

Said the surviving member of the Abbott and Costello comedy team:

"It's the same situation as Joe Louis. I can never get out. They have taken everything I've got, and now there's a 'For Sale' sign in front of the house. I don't know where I'll live when the house is sold."

During their heyday, Bud Abbott and Lou Costello earned millions. When he died March 3, Lou left an estate of $200,000. And Bud finds himself in permanent hock to Uncle Sam. How could this happen?

"I don't know," Abbott said. "I didn't make any bad investments. I lived conservatively. I thought I was set for the rest of my life. Then this tax audit hit me like a thunderbolt."

CCF LEADER NEARLY MISSED HIS NOMINATION

TORONTO. — Ontario CCF leader Donald C. MacDonald almost didn't get nominated in his own riding of York South.

Last Wednesday, the eve of the nominations deadline, the CCF leader received a frantic telephone call in Fort Frances from his campaign workers in Toronto who said they had everything ready for his nomination for the June 11 election except his acceptance in writing.

Mr. MacDonald wrote out his acceptance on the spot, chartered a plane and sent a party worker to Winnipeg, 140 miles distant, to put it on a Trans-Canada Air Lines flight to Toronto. The acceptance arrived early Thursday morning, well before the nominations deadline, and Mr. MacDonald was officially listed as a candidate.

VOTERS

OF KENORA RIDING

Since the calling of a provincial election last May 4th by the Hon. Leslie Frost, Premier of Ontario, the voters of this riding have been subjected to a barrage of words extrolling the virtues of the sitting provincial member. In our particular area, we seem to have to endure a surfeit of these fabrications. The opposition newsgrams have succeeded in arousing two reactions—a desire to laugh heartily, or a feeling of deep disgust.

If it were not such a serious matter, that of sending a representative of this riding to the Provincial Legislature, it would indeed be more amusing; but this man that we elect, never forget, is a man who will represent you and me! Think carefully of this aspect as it is the basis of representative government.

It is laughable, or should we say incredible, that any member of the opposition, regardless of who he may be, can quite brazenly expect the people to believe that he alone is responsible for the tremendous advance and progress that this province has enjoyed under the Frost administration. This, as all thoughful people will realize, has been the result of the combined thinking and efforts of Mr. Frost, his cabinet, and representations on behalf of organized groups. Our own member has spent very little time in the legislature during his term in office. To quote from an editorial in the Dryden Observer, "Too many months — too many years of his representations were completely wasted while he busied himself hurling accusations and implications in every direction with the result that amongst his fellows, and officials of various key departments mention of his name was not often received pleasently." You are asked to believe that this man alone has been responsible for all the good things, and for his part is perfectly willing to take, and seems to expect, the credit. How Naive! How ridiculous!

Only last Thursday we read in the Sicux Lookout Paper of an opposition remark that the card a conservative carries "may indicate allegiance but it doesn't indicate conscience." Perhaps it would be well for the writer to study the meaning of the word "allegiance" and perhaps even a slight study of the feelings of his fellow man whose honesty and integrity has been challenged by suggesting that no one, with the exception of his supporters, has the courage of his political convictions.

The Progressive Conservative party have placed before you in this forthcoming election a man of whom we may feel proud and a man who will be a true representative in every sense of the word. We would ask you to read the article entitled "Who Is Howard Keffer," and feel confident that your decision will be exactly the same as ours.—VOTE KEFFER.

MAIN STREET AT LAKE OF THE WOODS

QUICK CANADIAN QUIZ

1. What motto appears on the Arms of Canada?
2. Via the shortest route by boat and rail, what is the mileage from St. John's, Nfld., to Victoria, B.C.?
3. In 1939, when Canada's population was 11.2 million, federal spending totalled $553 million. In the 1958-59 fiscal year, when population was about 17.2 million, what was the total of federal spending?
4. What recent year set a new record high for labour income in Canada?
5. Of the 79,797 Canadian companies subject to corporation tax in 1956, what proportion operated at a profit?

ANSWERS — 5. 52,517 operated at a profit and 27,280 at a loss. 3. Estimated at $6,422 million. 1. The motto, in Latin, is "A mari usque ad mare;" which means "From sea to sea." 4. Labour income reached the record high of $16.2 billion in 1958, compared to $15.8 billion in 1957. 2. About 4,300 miles.

QUICK CANADIAN QUIZ

1. Where is the most southerly point in Canada?
2. The next federal election must be held before what date?
3. The first census of the Dominion of Canada was taken in what year?
4. Are there 80,000, 100,000 or 185,000 federal civil servants?
5. What has been the increase in the average hourly manufacturing wage in Canada over the past ten years?

ANSWERS — 5. In 1949 average factory wage was 99 cents an hour, was $1.71 an hour in January of 1959. 3. In 1871. 1. Lake Erie's Middle Island. 4. At most recent count, 185,000. 2. Prior to March 31, 1963.

QUICK CANADIAN QUIZ

1. What was the origin of the name of Great Slave Lake?
2. In 1958 which had the greater value, Canadian products sold abroad or foreign-made goods sold in Canada?
3. In area does Newfoundland rank 10th, 7th or 4th among Canada's provinces?
4. In 1948 Canadians spent $7.8 billion in retail stores. What was the 1958 total?
5. Immigration to Canada from the United Kingdom totalled 108,989 in 1957. What was the 1958 figure?

ANSWERS — 5. U.K. immigration in 1958 was 26,622. 3. Newfoundland ranks 7th in area. 1. The lake is named after the Slave tribe of the Athapaskan Indians, who once lived along its shores. 4. Retail sales in 1958 are estimated at $15.2 billion. 2. Imports to Canada exceeded our exports by $171 million.

QUICK CANADIAN QUIZ

1. Canada's federal and provincial legislatures must meet how often?
2. In order, name the five leading manufacturing provinces.
3. Who commanded Canadian ground forces in action in World War Two?
4. Spending by all governments in Canada combined on social security and health and welfare services amount to $750,000 per week, $3.5 million per week, or $5 million per week?
5. Of Canada's 4 million occupied dwellings, how many are rented and how many are owner-occupied?

ANSWERS — 5. About 2.7 million homes are owner-occupied, 1.3 million rented. 3. Gen. H. D. G. O'Ferar. 1. The law requires them to meet at least once a year. 4. More than $5 million per week. 2. Ontario, Quebec, British Columbia, Alberta and Manitoba.

QUICK CANADIAN QUIZ

1. Where is Cabot Strait?
2. What was Queen Elizabeth's birth date?
3. What are government transfer payments?
4. In the year ended March 31, 1959, the federal government spent how much more than it took in?
5. In 1939 it took 12 minutes for the average Canadian factory worker to earn the price of a loaf of bread. How long does he work for it today?

ANSWERS — 5. Six minutes. 3. Transfer payments are money collected through taxes for redistribution to certain groups; in 1958 government transfer payments to persons in Canada totalled $2,628,000,000, three times the total of ten years ago. 1. It separates Nova Scotia and Newfoundland. 4. The deficit was a peacetime record, $616,600,000. 2. April 26, 1926.

QUICK CANADIAN QUIZ

1. What are, and where would you find, ptarmigan?
2. Canada's first postage stamps were issued in what year?

"TWO-FIVE" is coming

TO

KENORA, KEEWATIN AND JAFFRAY MELICK

AT 2.00 A.M. **JUNE 7th**

Two-letter, five-numeral telephone numbering will be inaugurated in Kenora-Keewatin and J.M. on June 7th. Three telephone offices will then use the 2-5 numbering system. These offices will be known as HOmestead-8 for Kenora, Kingsdale-7 for Keewatin and Kingsdale-8 for Jaffray-Melick.

Adoption of the 2-5 numbering will be a step toward another big improvement in service - nation-wide Operator Only Distance Dialing, permitting your long distance calls to go through and come through faster and with greater accuracy.

The new plan, to be completed June 7th, will standardize and enlarge the numbering system.

IT'S EASY TO DIAL

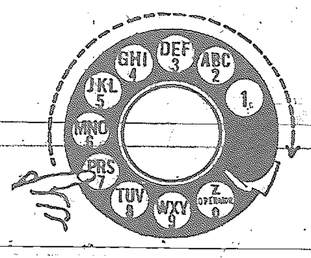
First—

Obtain correct number from directory. If listing is not found — dial "113".

Second—

Hold the receiver to your ear and listen. You should hear the dial tone before you dial. This is a steady humming sound.

TO DIAL NUMERAL OR LETTER



THEN REMOVE FINGER

HOW TO DIAL 2-5 NUMBERS

These Telephone Numbers Consist of . . .

(a) A prefix — an office name and a numeral, like HOmestead 8.

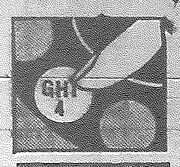
(b) The subscriber number — four more numerals, like 7951.

To dial the number HOmestead 8-7951, you dial HO 8-7951 . . . . like this:

Lift the receiver — wait for the steady humm-m-m of the dial tone — then

First dial the letter

H . . .



then the letter

O . . .

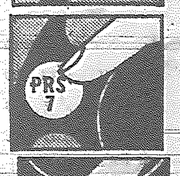
not the numeral "0"

then the numeral

8 . . .

then the numeral

7 . . .

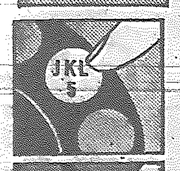


then the numeral

9 . . .

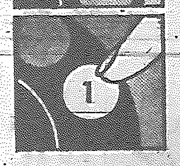
then the numeral

5 . . .



then the numeral

1 . . .



not the letter "I"

It's as easy as that.

If you give this number to the operator, or repeat it to a friend, the easy way to say it is to break it up like this:

"HOmestead eight . . seven-nine . . five-one" This is the best way to say it — to understand it — to remember it.

NOTE: THE NEW KENORA - KEEWATIN - JAFFRAY-MELICK DIRECTORY WILL GO INTO EFFECT ON JUNE 7th. DO NOT USE IT BEFORE THAT DATE.

Outfitters Now Under Travel - Publicity Dept.

Recent changes in legislation at Queens Park have transferred the authority for the issue of Tourist Outfitter Licenses to all Northern Ontario Tourist Outfitter operators from the Deparment of Lands and Forests to the Department of Travel and Publicity. The Outfitter License, which was originated more than twenty years ago by the Department of Lands and Forests at the request of the early pioneer operators in the North, is the legal authority to permit operation of sportsmen's camps for the accommodation of anglers and hunters in Northern Ontario, north of the old Parry Sound - Pembroke C.N.R. line.

Although the Department of Travel and Publicity assumed responsibility for the inspection and enforcement of Regulations made under the Tourist Establishments Act in the case of all outfitter camps in 1952, the authority for the issue of the licenses has still been the responsibility of the Department of Lands and Forests. However, the recent changes in the Tourist Establishments Act consolidating the administration of all matters pertaining to Tourist Outfitters will have little actual effect on the operators themselves.

From a comparatively small number of Tourist Outfitters back in the pre-war era, this important section of the Northern Ontario tourist industry has grown rapidly in recent years and the number of Tourist Outfitter Licenses in effect last year was somewhere in the region of 1700. Considerable interest is still being shown in the establishment of new Outfitter camps and even during the course of 1953 there were some 47 new licenses issued.

The new Regulations respecting the issue of licenses require all applications for renewal to be made direct to the Head Office of the Department of Travel and Publicity at 67 College St., Toronto. The license fee is $10.00 for resident operators. The non-resident license fee is $50.00. One important provision of the new Regulations, however, is the continued necessity for a Permit to Establish in the case of all new prospective tourist operations and the submission of plans for the proposed buildings. This latter is an important item for all prospective operators and the required approval by the District Offices of the Department of Travel and Publicity of all new building plans will not only tend to improve the general quality of the camps but will, in the long run, be of definite benefit to the prospective operator. Travel and Publicity representatives, are in a position to advise and recommend on such paints as the type of constructions, size and layout of motels, cottages, cabins, etc., and in fact most phases of the tourist operator's business.

The Department has District Offices located across Northern Ontario at North Bay, Sault Ste. Marie, Fort William and Kenora and correspondence on any matter concerning establishment or operation of a Tourist Outfitter camp may be addressed to the District Inspector, Department of Travel and Publicity at any of the above places.

HAD NO LUCK FISHING FROM HELICOPTER

Freeport, Tex. — Two men tried to catch tarpon from a helicopter but didn't even get a strike.

Abe Schiller, a Las Vegas hotel executive, and Carl Pitchett, a Texas Rancher, tried for the game fish in a flight past Freeport and San Luis Beach.

They said mud clouding the water at the mouth of the Brazos River thwarted them although they sighted three or four of the game fish.

FRUSTRATING TO BURGLARS

LONDON — Mrs. Susan Wilding, wife of actor Michael Wilding, has announced she is selling diamonds worth $100,000 and putting the money into real estate.

"Diamonds may be a girl's best friend," she explained, "but they're the burglar's best friend too."

"I am sick of being burgled and I hate paying insurance."

Mrs. Wilding said her home has been robbed five times.

COUNCILLORS CAUGHT JAYWALKING

SAGINAW, Mich. — Saginaw inaugurated a campaign against jaywalking, and one of the first persons to get a ticket was city council member Richard Snyder.

He walked against a red light and will have to pay a $1.00 fine.

DOGS SPURNED OWN LAVATORY

NEW YORK - The sanitation department's noble experiment in building a dog comfort station on Manhattan's upper east side has been ended. The dogs didn't like it.

The concrete based, sand-filled enclosure is being dismantled, Sanitation Commissioner R. Screvane said. It was built a year ago.

Screvane had hoped it would solve the sidewalk nuisance problem created by New York City's 270,000 dog population.

Royal Tour To Stop At Banff

Her Majesty Queen Elizabeth and His Royal Highness Prince Philip wil lbe given every opportunity in the time available to enjoy the scenic beauty of Banff National Park during their tour of Canada this summer.

According to the official program, the Royal Party will arrive at Banff at 10.00 a.m. on Friday, July 10th, by train from Calgary and depart from Lake Louise at 12.55 p.m. by road for Field, B.C.

At Banff Her Majesty will visit the School of Fine Arts and the Canadian Army Cadet Camp before driving to Chateau Lake Louise where a stop will be made. The drive through the mountains from Lake Louise to Field is scheduled to take 45 minutes.

RECOGNITION GIVEN JAZZ GIBBERISH

London—The cat that bent her roll-on getting hep in the espresso has at last gained official recognition in Britain.

Cat, hep, roll-on (a two-way stretch) and espresso are included in the latest supplement put out by the authoritative Chambers British Dictionary.

Ten years ago these words would have meant little to people who rely on the dictionary. Had they described the cat's delimma with the words then at their command, they likely would have said:

"A young lady with an addiction for jazz music suffered a disarrangement of her clothing while performing a vigorous dance in a coffee house used by the younger set."

This is a measure of what is happening to the English language, but as a spokesman for Chambers said: "We must keep up with the times."

WHEN SHE GOES IT'LL BE 31

Hollywood, Calif.—For 11 years Mary Rushton has been a waitress at the Gourmet Restaurant.

In that time, there have been 30 managers.

Mrs. Rushton, wife of a retired government auditor, got fed up.

So she bought the place Sunday—for $50,000.

The Pulp and Paper Research Institute of Canada is recognized as one of the chief centres of world knowledge on wood, on
