Mormon Church Official To Visit Here, Saturday

Elder Alvin R. Dyer, an Assistant to the Council of Twelve Apostles of the Church of Jesus Christ of Latter-day Saints (Mormon) will be in Kenora on Saturday, June 20th touring the church's North Central States Mission.

Elder Dyer will be accompanied on the tour by Paul C. Child, mission president, whose headquarters are at 2219 Pillsbury Avenue, Minneapolis, Minnesota.

In Kenora, he will conduct a General Meeting to which the public is invited at 1:30 p.m. This will be held in the basement Hall of the Masonic Temple at 413 Second Street South.

The visiting churchman was in the superintendency of the world-wide youth program of the Church when he received his new church appointment in October, 1958. Prior to that, he had served as a ward bishop, stake high councilman and mission president. He followed the engineering field in connection with a distribution business.

During the 14-day tour, June 15 to 28, Elder Dyer will hold 35 meetings with missionaries, local church leaders and the public in Ontario and Manitoba, Canada, and in Minnesota, North Dakota and South Dakota. He will also dedicate new church buildings at Fargo, North Dakota, and Pierre, South Dakota.

Stanley Houghton, Well Known Citizen Died Early Today

Stanley Albert Houghton, beloved husband of Theresa Guay Houghton, 102 Mellick Avenue Kenora died at the Kenora General Hospital, early this morning, Wednesday June 17, following an [illegible] illness. Born in Kenora, June 27, 1914, he was in his 45th year.

He received his education in Kenora public and high schools and operated Houghton's Grocery for the past twenty-nine years. Active in community life, he was a past president of the Kenora Lions Club, town representative to the Kenora District Health Unit, an associate member of the Kenora Branch, Canadian Legion, member of the Curling Club and of St. Alban's Pro-Cathedral.

In addition to his widow he is survived by one daughter, Carol Ann at home; his mother, Mrs. Caroline Houghton; two brothers, Ted and John of Kenora; six sisters, Mrs. D. (Marion) Francis and Mrs. H. (Molly) Kantola both of Kenora, Mrs. F. (Joan) Daly of Transcona Man., Mrs. L. (Irene) Johnson of Brandon, Man., Mrs. J. (Sarah) Quigley of Ignace, Ont. and Mrs. M. (Dorothy) Thom of Winnipeg.

Funeral services will be held in St. Alban's Pro-Cathedral, Friday afternoon, June 19th at two o'clock. Canon L .M. Watts will officiate and interment will be in the Lake of the Woods Cemetery.

Pallbearers will be messrs: Ronald McGuffin, Dick Lindsay, Bert Brennan, Ed Linkletter, Gerry Van Walleghem and Dr. Peter Playfair.

Keewatin Legion To Sponsor Three Baseball Teams

Pony League Baseball sponsored by the Keewatin Branch Canadian Legion has now been expanded to three teams, it was reported at the regular monthly meeting held Monday, June 15. This resulted since in past years Keewatin has had only one team which was affiliated with Kenora, and this year due to the large turnout of boys it was decided to have three teams, John Heminger will be the manager and they will challenge Kenora at a later date.

Carl Christianson, Secretary, read the minutes of the last general and executive meetings followed by the Treasurer's report. Surveying of the Legion property has now been completed it was announced. The building fund report showed an increase. One new member Commrade Cutler was initiated.

An invitation to be part of the honour guard for Her Majesty the Queen the day of the Royal visit to Fort William was received by the colour party.

It was decided to hold a Monster Bingo in the Keewatin Memorial Arena on July 1st with all proceeds going to the Boy Scouts, there will be more news of this in the paper and over the radio in the near future members were told.

Mr. Scott with ticket 128 was the lucky winner of the Hundred Club.

Being no further business the meeting then adjourned.

Red Lake Couple Injured In Car Accident, Tuesday

A panel truck with an RCMP escort made a 40 mile dash to St. Boniface hospital late Tuesday to get a 46-year-old Ontario man and his wife medical assistance for injuries received in a highway accident.

Edward Ruks, of Red Lake, is in serious condition with head injuries which he received when the car he was driving went out of control on the Trans-Canada near Hadashville.

Mrs. Ruks, a passenger in the car, is in fairly good condition with slight injuries, RCMP said.

Police said somehow the door of the car had opened and Mr. Ruks leaned out to close it. As he did so he lost control of the car and it rolled over.

When police arrived on the scene they got a panel truck from a nearby forestry station and started for Winnipeg.

At the city limits they were met by a St. Boniface cruiser car escort and St. Vital police cruiser assisted at intersections.

Mr. Ruks underwent hours long surgery for head injuries late last night and his condition today is listed as critical.

220-POUNDER WEARS SARONG TO BAY WAGER

NIAGARA FALLS, Ont. — Hadley Quick donned a sarong, halter and lei and walked along the main street Friday to the city hall. Quick, who weighs 220 pounds, was paying of a provincial election bet.

Hundreds lined Queen St. for the event and a 15-car cavalcade followed him.

Quick picked Progressive Conservative Keith Lougheed to win in Niagara Falls—Riding but Liberal George Bukator was elected.

Joan Lindsay Fund Stands At $216.00

The Miner and News fund to aid Mrs. Joan Lindsay and her family who lost their home and all their possessions in a fire, has now gone over the two hundred dollar mark. It had been hoped that the fund would reach the objective of three hundred dollars, but such has not been the case. As of today, the fund is considered closed.

On behalf of Mrs. Lindsay and her children, the Miner and News says thank-you to all who have contributed to the fund, thus helping in a very tangible way, a young family to get a new start.

The following donations are gratefully acknowledged.

Mr. J. J. Pennicard	$ 2.00
W. M. Benidickson	$ 10.00
A Friend (Atikokan)	$ 5.00
Prev. Acknowledged	$199.05
Total	$216.05

Suggests New Look At Tourist Promotions

Ottawa—Northern Affairs Minister Hamilton says the federal government and the provinces must take a "brand new look" at the things they are doing to help promote Canada's tourist industry.

He told the Commons mines committee Wednesday that many government officials now believe it isn't enough merely to conduct an advertising campaign to attract American visitors and to urge Canadians to travel in Canada.

Governments would have to go beyond that and see if they could assist the tourist industry in establishing "plant" to accommodate tourists.

Mr. Hamilton was replying to suggestions made earlier to the committee [illegible] in the form of low-interest loans to tourist operators.

J. Lawson Mackle, director of public relations for the joint board of Ontario Travel Associations, told the committee Tuesday that interest rates as high as 14 per cent have been paid by tourist operators who have had to go to the "black market" for capital.

Meanwhile, greater federal financial help for Canada's tourist industry was supported by the Senate tourist committee Wednesday as it heard the Canadian Tourist Association lay down a six-point program for improvement of the Canadian vacation plant.

James McAvity of Montreal, association president, drew the whole-hearted support of senators in spelling out a program that called for:

1. More advertising through the Canadian government travel bureau, which last year spent $1,500,000 of its $2,300,000 budget selling Canada through United States publications.

2. Expansion of effort in following up advertising through additional sales offices—the bureau now has one in Chicago and one in New York.

3. A government scheme to provide operators of tourist facilities with improvement loans. Banks had been unsympathetic to this sort of loan.

4. A training scheme for the waitresses, garagemen, hotel keepers and others who come in contact with tourists.

5. Consideration of the travel association's need for more staff and facilities in its job of encouraging Canadian operators and industries to cater to the country's guests. The federal government now contributed only $5,000 to CTA's $60,000 annual budget.

6. Expansion of the resources department's program to develop the country's parks and camping grounds.

Ald. Bruce Paterson To Announce Trip Winner on Saturday

There are two people going to Hawaii this year, who, at the present time, have made no plans for such a trip. They are the winners of the "Buy Locally" contest which closed Saturday.

Tickets were sold throughout the city through the countless tickets which were deposited in the boxes of member stores in Keewatin and Kenora, and already there are some exceptional entries set aside for further judging.

Acting-mayor Bruce Paterson has kindly consented to announce the winner of the trip to Hawaii for two, over CJRL on Saturday night at 7.15 p.m. this will be a thrilling moment, and one which will find thousands of radios tuned to the 1220 spot on the dial at this time.

ROTARY CLUB BINGO WINNERS

The following were the winners of the Rotary Club giant bingo held last night in the Thistle rink:

Mrs. Thompson - $80
Mrs. Connelly - $50
Julie Ralko - $50
Leonard Cageinuex - $50
Fred Tyndall - $50
L. H. Coughlin, Redditt - $50
J. Doran - $50
Jim Stockham - $75
C. Literovich - $50
Mrs. Bill Ursaki - $50
Percy Robertson, Keewatin - $60
Mrs. Price - $75
Mrs. Zdep - $50
A. V. Muggaberg - $100
Mrs. Elvira Alcock - $50
Mrs. L. Derouard - $50
Miss Rona Derouard - $50
Mrs. O. Loranger - $50
Mrs. Cliff Howard - $50
Ham Wong - $50
Mary Leone Ouellette - $50
T. Tanabe - $500
Mrs. M. Houston - $50
Mrs. K. Korba - $50
Paul Albert - $50
Mrs. Eva Hoskin, (Mrs. Day, split - $100.
Mrs. H. Wilson - $50
S. Miller - $500
J. G. Fillion - $125
Mrs. Neal Winacott, Mrs. Haid, split - $50.

DEPT. OF MINES HAS 14 PARTIES MAPPING, REPORTING IN PROVINCE

With 14 parties in the field this year, the Ontario Department of Mines is continuing its long range program of mapping and reporting on the areas of principal mining interest in the province.

The work being undertaken this year is spread right across the province from Red Lake to the Quebec boundary.

The survey in the gold-rich Red Lake area is concentrated in Bateman township. There have been indications of uranium, iron and gold in Vogt and Hobbs townships in the Timiskaming mining division where another party is at work. Copper and gold are the principal sources of interest for the party working in Steele, Bonis and Scapa townships in the District of Cochrane. Another party is at work in the Kukagami Lake area east of Wanapitel where uranium and copper are indicated. Townships 155 and 156 in the Blind River uranium area are being surveyed by another party.

The resident geologist at Timmins is keeping the Department posted at geological developments in the Burnt Bush area where there has been a great deal of exploration activity since the rush into the Mattagami area of Quebec several months ago.

Two parties are in operation in Hastings county in Southeastern Ontario. One of them, in Wollaston township, is concerned mainly with occurrences of industrial minerals. The other is operating in Lake township where iron is known to exist.

Iron is also the principal source of interest for a party working in the Port Coldwell area in the Thunder Bay district.

Primary reconnaissance work is being carried out by parties in the Carling Lake area, northeast of Sioux Lookout, in the Crescent Lake area, northwest of Tashota, and in the Biscotasing area in the Sudbury district.

The work of a party in Tilton and Broder townships in the Sudbury district is in the nature of research on the Grenville front there.

The final party is studying the pleistocene geology of the Hamilton-Galt area in Southern Ontario.

In addition to the leaders who are members of the Department's geological staff and others recruited for the work, there are 44 student-assistants employed in the 14 parties.

Listen to the Royal Tour on Radio Station CJRL

Travel the royal tour route via CJRL Radio is the advice from the station today. Thursday at 12.30 p.m. you'll be on hand for the arrival of Queen Elizabeth and Prince Philip at Torbay, Newfoundland. Listeners will hear a special sixty-minute broadcast from Torbay, one of CJRL Radio's many programs about people, places and things highlighting the Queen's visit to Canada.

Here are Thursday's features:

Arrival in Newfoundland	12.30 to 1.30 p.m.
Royal Visit Review	4.30 to 5.00 p.m.
Royal Visit Review	7.00 to 7.30 p.m.

Water Safety
DID YOU KNOW THAT - - - -

WATER SAFETY—CAR ACCIDENT DROWNINGS

You may have noticed in Time Magazine recently the article called, "Wait for the Bubble" which told what to do if your car goes off the road into deep water. In Holland this is a problem of significant proportions, as a great many cars plunge into the canals each year, but even in Ontario last year sixteen persons drowned in this way. We thought our Instructors should have this additional water safety knowledge to pass on to their pupils. When the car is in deep water, it will gradually fill up, and you should not try to get out until it has filled up to the roof, where a bubble of air will form, in the dome, enabling you to breathe.

The pressure inside and outside the car will now be equal and you can swim out through the windows or the doors. The windows can be rolled down at any time, and doing this would shorten your wait while the car fills up, but the doors cannot be opened until the pressure is equal.

Port Arthur Liquor Vote, September 9

Port Arthur's liquor plebiscite bylaw has the approval of the Liquor Control Board of Ontario, council meeting in finance was told Monday night.

The question of selling liquor in licenced public places will be placed before the electorate Sept. 9. A 60 percent favorable vote is required.

City clerk Arthur Evans says provincial election lists would be used but a special enumeration would have to be made as anyone with two months' residence could cast a ballot. It is estimated 25,000 will be on the rolls.

Education Statistic Are Vital Statistic Especially for Keno

Education Statistics are vital statistic would plan ahead for the school needs of ity, and the figures in statistical tables ar iously by those concerned with educatio and nationally.

The following projected high schoo for 1959-65 for the Kenora-Keewatin are food for thought.

1958	1959	1960	1961	1962	1963
670	659	735	822	869	981

These figures are based on annual p tions in elementary schools in the Keno normal promotion averages for each School grade.

They could vary due to population m from the district, employment condition trends in the high school leaving age.

TWO HIGH SCHOOL GIRLS T RED CROSS CONFERENCE AT

Two girls from the Kenora-Keewatin High School will be official delegates to the Secondary Schools of Ontario, Division of the Junior Red Cross at the annual meeting to be held at the Ontario Agricultural College at Guelph, June 20 to 29th. Miss Marilyn Gunne, President of the High School Red Cross and Miss Margaret Ann Jackson the secretary, leave on Saturday for the conference. Miss Gunne will also attend the International Red Cross meeting to be held this year in Canada in Toronto in August. Some seventy delegates will register for the Guelph meeting.

The main purpose of the conference is a study center to help broaden the horizons of the young people; to look beyond themselves, their town and their community; to see themselves as members of the Red Cross world. At this centre young leaders will be trained in Junior Red Cross.

Programs will include arts and crafts, swimming and water safety and democratic living which develops community minded citizens who are interested in the world about them.

The program is divided into three sections. Under the heading Service, delegates will study; history and philosophy of the Red Cross, international projects, organizations, provincial projects and commun lighter side will be highli sports, dancin barbecue camp

The third se see delegates lic speaking, quet, centre a bum.

ST. VITAL THREATENED

FLOOD WATERS S RISING IN MANITO

The latest reports from St. Vital, Manitoba, show that the waters of the Seine River are continuing to rise around homes on Crescent Road in this Winnipeg suburb. Wells which supply drinking water for the area are fast being contaminated.

Civil defence authorities Tuesday night said several residents along the Crescent are leaving their homes because of a shortage of drinking water.

They also stated there is no indication yet as to how many persons will evacuate. It depends on how many drinking water wells are ruined and how high the river continues to climb. The rise in the flood level is more evident day by day at the Crescent Road bridge, which now is inundated. Sunday, it was dry. Residents in the area last night were cruising over their lawns and the roads in motorboats, while others were paddling canoes - - all looking hopefully for signs of a drop in the level.

Since Saturday morning the Seine has risen slightly more than eight feet. John A. Griffiths, director of the provincial water control branch, says the highest level reached by the flood probably will remain in the St. Vital area for at least 24 hours and could stay as long as three days.

Officials in greater Winnipeg are hopeful that North St. Vital and the City where the S before empty River, will es Seine is expe by its banks.

Lions Club Pays Tribute To Late Stan Houghton

The Kenora Lions Club is shocked and grieved today with the loss of Stan Houghton, one of their leaders and staunch members. Stan Houghton was a friend to all and an example for every Lion to follow. His conduct in life was as honest and as splendid as the part he played in the Lions Club.

A charter member of the club in 1948-49, Stan was president for the 1952-53 term. A most willing worker, he served as chairman of various committees, being particularly active in the club's work for sight conservation. One of the ablest leaders, and holder of many perfect attendance pins, Stan was one member, who, when called upon for any job, gladly gave his all.

We of the Lions Club grieve for Stan Houghton, even though we know he has found his place among those who have preceded him in his journey to a higher field of service.

Our grief, and our sense of loss must, too, be for ourselves. We are all a little richer for having known him, and a little poorer for having lost him.

KENORA DISTRICT

WOMEN'S INSTITUTES CONVENE AT KENORA

The Lower Hall, First Presbyterian Church, Kenora, was the setting for the annual meeting of the Kenora District Women's Institutes. Some 65 delegates and visitors, representing 13 of the 14 branches in the Kenora District, were welcomed by Mrs. M. Symonds, president of the Rideout branch, which was hostess for the day. The District President, Mrs. Wm Franklin called the meeting to order at ten-thirty. The morning session heard reports from the last annual meeting, the president, the convenors of standing committees, and also the financial statements. Mrs. Wesley Redford of Emo gave her report from the Provincial Board meetings and Miss Elsie Irvine, Home Economist, spoke on the new courses coming up in the Senior leaders programme.

After dinner, which was served by the Rideout ladies, the session opened with a short memorial service for departed members. The first speaker of the afternoon was the Agriculture Representative, Mr. Earl Marr, with a talk on "Vertical Integration", an outline of the coming trend in farm production of such commodities as pigs, poultry, and milk.

Mrs. H. Latimer gave an account of her trip to the Rural Leadership Forum held at Prudhomme's Gardens, Vineland, in February. Reports were also heard from the District Directors, who went to the Guelph Officers' Conference: Mrs. Saretske, Ignace; Mrs. Oberg, Minnitaki; Mrs. Stephenson, Oxdrift; and Mrs. C. Jardine, Rideout, Kenora. Miss Elsie Irvine also gave a report on Girl's Homemaking Clubs in Kenora District; this year's enrollment is the highest yet, she reported. Two resolutions were passed to be sent on to the area convention. The Amesdale and Britton branches combined to extend the invitation for the 1960 meeting.

Richan set up an interesting display of paintings, plastic foam and felt articles made by their members. Rideout and Jaffray set up supper tables as examples of the Senior project, "The Thirty Meal", and Minnitaki and Pellatt-Laclu 4-H Homemaking girls set up their club exhibits from their winter project "How to be Well Dressed and Well Groomed."

The officers elected for 1959-60 were: President, Mrs. Wm. Franklin, Britton; 1st Vice-President, Mrs. J. Robinson, Pellatt-Laclu; 2nd Vice-President, Mrs. R. Bicknell, Wabigoon; Secretary-Treasurer, Mrs. V. Davis, Minnitaki; Federation Representative, Mrs. V. Davis, alternate, Mrs. Wm Franklin, Britton; alternate, Mrs. S. Christianson, Keewatin. Conveners of Standing Committees: Agriculture and Canadian Industries, Mrs. G. Howell, Minnitaki; Citizenship and Education, Mrs. F. Nicoll, Ignace; Home Economics and Health, Mrs. R. J. James, Jaffray; Historical Research and Current Events, Mrs. I. Skene, Oxdrift; Resolutions, Mrs. S. Christianson, Keewatin; Public Relations Representative, Mrs. H. Latimer, Oxdrift; Auditors, Mrs. G. Melander, Wabigoon and Mrs. H. Latimer, Oxdrift.

The Miner and News fund to aid Mrs. Joan Lindsay and her family who lost their home and all their possessions in a fire, has now gone over the two hundred dollar mark. It had been hoped that the fund would reach the objective of three hundred dollars, but such has not been the case. As of today, the fund is considered closed.

On behalf of Mrs. Lindsay and her children, the Miner and News says thank-you to all who have contributed to the fund, thus helping in a very tangible way, a young family to get a new start.

The following donations are gratefully acknowledged.

Mr. J. J. Pennicard	$ 2.00
W. M. Benidickson	$ 10.00
A Friend (Atikokan)	$ 5.00
Prev. Acknowledged	$199.05
Total	$216.05

Suggests New Look At Tourist Promotions

Ottawa—Northern Affairs Minister Hamilton says the federal government and the provinces must take a "brand new look" at the things they are doing to help promote Canada's tourist industry.

He told the Commons mines committee Wednesday that many government officials now believe it isn't enough merely to conduct an advertising campaign to attract American visitors and to urge Canadians to travel in Canada.

Governments would have to go beyond that and see if they could assist the tourist industry in establishing "plant" to accommodate tourists.

Mr. Hamilton was replying to suggestions made earlier to the committee [illegible] in the form of low-interest loans to tourist operators.

J. Lawson Mackle, director of public relations for the joint board of Ontario Travel Associations, told the committee Tuesday that interest rates as high as 14 per cent have been paid by tourist operators who have had to go to the "black market" for capital.

Meanwhile, greater federal financial help for Canada's tourist industry was supported by the Senate tourist committee Wednesday as it heard the Canadian Tourist Association lay down a six-point program for improvement of the Canadian vacation plant.

James McAvity of Montreal, association president, drew the whole-hearted support of senators in spelling out a program that called for:

1. More advertising through the Canadian government travel bureau, which last year spent $1,590,000 of its $2,300,000 budget selling Canada through United States publications.

2. Expansion of effort in following up advertising through additional sales offices—the bureau now has one in Chicago and one in New York.

3. A government scheme to provide operators of tourist facilities with improvement loans. Banks had been unsympathetic to this sort of loan.

4. A training scheme for the waitresses, garagemen, hotel keepers and others who come in contact with tourists.

5. Consideration of the travel association's need for more staff and facilities in its job of encouraging Canadian operators and industries to cater to the country's guests. The federal government now contributed only $5,000 to CTA's $60,000 annual budget.

6. Expansion of the resources department's program to develop the country's parks and camping grounds.

Ald. Bruce Paterson To Announce Trip Winner on Saturday

There are two people going to Hawaii this year, who, at the present time, have made no plans for such a trip. They are the winners of the "Buy Locally" contest which closed Saturday.

[illegible] through the countless ballots which were deposited in the boxes of member stores in Keewatin and Kenora, and already there are some exceptional entries set aside for further judging.

Acting-mayor Bruce Paterson has kindly consented to announce the winner of the trip to Hawaii for two, over CJRL on Saturday night at 7.15 p.m. This will be a thrilling moment, and one which will find thousands of radios tuned to the 1220 spot on the dial at this time.

Water Safety
DID YOU KNOW THAT - - - -

WATER SAFETY—
CAR ACCIDENT DROWNINGS

You may have noticed in Time Magazine recently the article called, "Wait for the Bubble" which told what to do if your car goes off the road into deep water. In Holland this is a problem of significant proportions, as a great many cars plunge into the canals each year, but even in Ontario last year sixteen persons drowned in this way. We thought our instructors should have this additional water safety knowledge to pass on to their pupils. When the car is in deep water, it will gradually fill up, and you should not try to get out until it has filled up to the roof, where a bubble of air will form, in the dome, enabling you to breathe.

The pressure inside and outside the car will now be equal and you can swim out through the windows or the doors. The windows can be rolled down at any time, and doing this would shorten your wait while the car fills up, but the doors cannot be opened until the pressure is equal.

Port Arthur Liquor Vote, September 9

Port Arthur's liquor plebiscite bylaw has the approval of the Liquor Control Board of Ontario, council meeting in finance was told Monday night.

The question of selling liquor in licenced public places will be placed before the electorate Sept. 9. A 60 percent favorable vote is required.

City clerk Arthur Evans said provincial election lists would be used but a special enumeration would have to be made as anyone with two months' residence could cast a ballot. It is estimated 25,000 will be on the rolls.

DEPT. OF MINES HAS 14 PARTIES MAPPING, REPORTING IN PROVINCE

With 14 parties in the field this year, the Ontario Department of Mines is continuing its long range program of mapping and reporting on the areas of principal mining interest in the province.

The work being undertaken this year is spread right across the province from Red Lake to the Quebec boundary.

The survey in the gold-rich Red Lake area is concentrated in Bateman township. There have been indications of uranium, iron and gold in Vogt and Hobbs townships in the Timiskaming mining division where another party is at work. Copper and gold are the principal sources of interest for the party working in Steele, Bonis and Scapa townships in the District of Cochrane. Another party is at work in the Kukagami Lake area east of Wanapitei where uranium and copper are indicated. Townships 155 and 156 in the Blind River uranium area are being surveyed by another party.

The resident geologist at Timmins is keeping the Department posted at geological developments in the Burnt Bush area where there has been a great deal of exploration activity since the rush into the Mattagami area of Quebec several months ago.

Two parties are in operation in Hastings county in Southeastern Ontario. One of them, in Wollaston township, is concerned mainly with occurrences of industrial minerals. The other is operating in Lake township where iron is known to exist.

Iron is also the principal source of interest for a party working in the Port Coldwell area in the Thunder Bay district.

Primary reconnaissance work is being carried out by parties in the Carling Lake area, northeast of Sioux Lookout, in the Crescent Lake area, northwest of Tashota, and in the Biscotasing area in the Sudbury district.

The work of a party in Tilton and Broder townships in the Sudbury district is in the nature of research on the Grenville front there.

The final party is studying the pleistocene geology of the Hamilton-Galt area in Southern Ontario.

In addition to the leaders who are members of the Department's geological staff and others recruited for the work, there are 44 student-assistants employed in the 14 parties.

Listen to the Royal Tour on Radio Station CJRL

Travel the royal tour route via CJRL Radio is the advice from the station today. Thursday at 12.30 p.m. you'll be on hand for the arrival of Queen Elizabeth and Prince Philip at Torbay, Newfoundland. Listeners will hear a special sixty-minute broadcast from Torbay, one of CJRL Radio's many programs about people, places and things highlighting the Queen's visit to Canada.

Here are Thursday's features:

Arrival in Newfoundland	12.30 to 1.30 p.m.
Royal Visit Review	4.30 to 5.00 p.m.
Royal Visit Review	7.00 to 7.30 p.m.

Education Statistics Are Vital Statistics Especially for Kenora

Education Statistics are vital statistics to those who would plan ahead for the school needs of their community, and the figures in statistical tables are studied anxiously by those concerned with education both locally and nationally.

The following projected high school registrations for 1959-65 for the Kenora-Keewatin area provide some food for thought.

1958	1959	1960	1961	1962	1963	1964	1965
670	659	735	822	869	981	1058	1129

These figures are based on annual grade registrations in elementary schools in the Kenora district and normal promotion averages for each Kenora High School grade.

They could vary due to population movement, to or from the district, employment conditions, or changing trends in the high school leaving age.

TWO HIGH SCHOOL GIRLS TO ATTEND RED CROSS CONFERENCE AT GUELPH

Two girls from the Kenora-Keewatin High School will be official delegates to the Secondary Schools of Ontario, Division of the Junior Red Cross at the annual meeting to be held at the Ontario Agricultural College at Guelph, June 20 to 29th. Miss Marilyn Gunne, President of the High School Red Cross and Miss Margaret Ann Jackson the secretary, leave on Saturday for the conference. Miss Gunne will also attend the International Red Cross meeting to be held this year in Canada in Toronto in August. Some seventy delegates will register for the Guelph meeting.

The main purpose of the conference is a study center to help broaden the horizons of the young people; to look beyond themselves, their town and their community; to see themselves as members of the Red Cross world. At this centre young leaders will be trained in Junior Red Cross [illegible] Programs will include arts and crafts, swimming and water safety and democratic living which develops community minded citizens who are interested in the world about them.

The program is divided into three sections. Under the heading Service, delegates will study; history and philosophy of the Red Cross, international projects, organizations, provincial projects and community projects. The lighter side of the conference will be highlighted by swimming, sports, dancing, singsongs and barbecue camp-fires.

The third section, Activity, will see delegates taking part in public speaking, tape recording, banquet, centre and international album.

All delegates chosen to attend have been especially picked as potential leaders keenly interested in the work of the Red Cross.

Kenora will be well represented with Marilyn Gunne and Margaret Ann Jackson.

NEW RULES FOR BARBERS

SALT LAKE CITY, Utah —

"Leave a little sideburn, heavy on the top and it's okay by me if you brush the hair off my neck."

That's the situation in Utah now that the state barbers regulation department has issued a new set of regulations for barbers.

The new rules prohibit barbers from using shaving mugs and lather brushes. They must dispense lather from canisters or machines.

Barbers must sterilize the brushes they use to whisk away cut hair and they can use them only if they get the customer's permission.

ST. VITAL THREATENED

FLOOD WATERS STILL RISING IN MANITOBA

The latest reports from St. Vital, Manitoba, show that the waters of the Seine River are continuing to rise around homes on Crescent Road in this Winnipeg suburb. Wells which supply drinking water for the area are fast being contaminated.

Civil defence authorities Tuesday night said several residents along the Crescent are leaving their homes because of a shortage of drinking water.

They also stated there is no indication yet as to how many persons will evacuate. It depends on how many drinking water wells are ruined and how high the river continues to climb. The rise in the flood level is more evident day by day at the Crescent Road bridge, which now is inundated. Sunday, it was dry. Residents in the area last night were cruising over their lawns and the roads in motorboats, while others were paddling canoes - - all looking hopefully for signs of a drop in the level.

Since Saturday morning the Seine has risen slightly more than eight feet. John A. Griffiths, director of the provincial water control branch, says the highest level reached by the flood probably will remain in the St. Vital area for at least 24 hours and could stay as long as three days.

Officials in greater Winnipeg are hopeful that North St. Vital and the City of St. Boniface, where the Seine flows through before emptying into the Red River, will escape flooding. The Seine is expected to be contained by its banks.

At St. Anne, Manitoba, 30 miles southeast of Winnipeg, where the flood crest hit last Thursday, the drop has been "very slow." Mr. Griffiths said that since the Seine peak was reached there it has gone down only two feet.

Residents in the town have started to clean up the mess made by the flood waters, and 40 families which were forced to evacuate their homes now are attempting to move back.

"Bronzebacks' Exciting Angling Prospect, Locally

The opening of the black bass fishing season in Ontario will find thousands of anglers airing the view: "At last, the real angling has begun!" They feel that there just isn't anything that quite compares with "the battle of the bronze-backs", matching wits and skill against the black bass which roam Ontario waters from the province's east and west boundaries and from the Great Lakes in the south to as far north as Lake Nipigon and beyond.

The open season locally is from June 10 to December 15th.

The limit of catch is six in one day.

There are two types of black bass, the largemouth (Micropterus salmoides) and the smallmouth (Micropterus dolomieu). Generally, the largemouth variety is found in the more southern waters, although there are some exceptions. The smallmouth probably is found in more lakes and rivers of the province than is any other variety of game fish.

The largemouth runs a little larger than the smallmouth. A five-pound fish of either species is something to boast about. The summer seldom passes without a seven or eight-pound largemouth being landed but the average runs around 1½ to 2½ pounds. On one occasion, a 14-pound, 12-ounce largemouth was caught in Ontario.

The charm of the black bass fishery from the angling standpoint is the do-or-die determination of this relatively small fish. It has been claimed with reason that, ounce for ounce and pound for pound, the smallmouth bass is the gamest fish in any waters.

There's little finesse to bass fishing, for the fish will strike when in the mood at anything thrown at them. Crayfish, frogs, worms, minnows are among the favourite live baits, but with equal aplomb they'll hit streamer flies (sometimes dry flies), spinning baits of every size and description, plugs, spinners, spoons. They may be caught fly-fishing, spinning, bait casting, trolling or by the small boy dangling a worm on a bent pin

Usually, there's no question about it when a bass strikes, for both types hit with utmost enthusiasm and there's no nibbling approach. The smallmouth, particularly, goes in for aerial performances when hooked, frequently jumping as high as three or four feet out of the water, shaking its head to rid itself of the encumbrance, and not infrequently tossing the bait right back at the angler who offered it.

Spawning habits of both species are similar. The bass chooses a nesting site which is cleared of silt by the sweeping action of the male fish. The eggs and young are guarded with the utmost precaution for a time and then abandoned, leaving the young to fend for themselves.

During the period in which the male is guarding the nest, he is very pugnacious and will strike at anything which he believes may imperil his charges. Hence, many adult male bass are caught by fishermen in search of other species and, in many cases, the result is the loss to thousands of young fish.

To the non-expert, it is rather difficult to distinguish the two species of black bass. The largemouth has a larger mouth (hence the name) which extends beyond the eye. The spiny dorsal fin is higher and the spines are not as uniform in length. Colour means little; the smallmouth may be rather pale green in Lake Erie and range to dark brown in inland lakes. The largemouth is basically dark green in the back, but again there may be lighter shades depending on environment.

No group of fishermen is unanimous about the most popular game fish, but most bass fishermen agree that the smallmouth is the most popular game fish to the average Ontario sportsman because of its superb fighting qualities, its preference for shallow water, and its readiness to strike at any bait or lure throughout the summer months.

Both species of black bass are excellent fish to eat. Most are simply skinned, using a sharp knife, and filletted, the fillets fried in deep fat after being coated with flour, cracker or bread crumbs. With hunger as a sauce the confirmed bass fisherman will claim that there's no finer dish anywhere.

District Baseball League Statistics

Five weeks of play in the Kenora District Baseball League still has the last year's champions, Keewatin North American Indians, leading the pack on seven wins, two losses and one tie in ten games for a .750 per centage. Here are the league standings for the week ending June 14, 1959.

Team	GP	W	L	T	Pct.
Keewatin	10	7	2	1	.750
Dryden					
Red Sox	10	6	4	0	.600
Kenora Legion	9	4	4	1	.500
Dryden Dodgers	7	0	7	0	.000

Museum Popular At Quetico Park

Fort Frances — Receiving attention from an increasing number of visitors to Quetico Provincial Park is the museum at the Dawson Trail Camp Grounds showing exhibits from the northwestern Ontario area, including wildflowers, Indian rock paintings, beaver, deer and relics. There are also live amphibious reptiles and carnivorous plants. Lectures illustrated with slides on the park's flora and fauna and history are regular attractions.

In the herbarium, there is a collection of plants including 415 species representing 76 families and 210 genera, with a cross index. A collection of mammalian skulls for display has been started and several museum study skins have been made up.

Naturalists of the Ontario Department of Lands and Forests conduct hikes and point out interesting features in geology, flora and fauna, wildlife and forest management. New nature trails have been prepared since last season.

Indicative of the growing interest in the park and the museum is the fact that while 531 persons took part in the various activities in 1956, the number had grown to 4,360 in 1957 and 5,550 in 1958. Last year museum attendance alone was 4,857.

HOLD BARBECUE IN APARTMENT

PATERSON, N.J. — Firemen dashed up to the second floor of an apartment building, axes and hoses ready, after a passerby noticed black smoke pouring from a window and gave the alarm.

They burst into a dining room, much to their amazement of Joseph Messina and his family.

MAIN STREET AT LAKE OF THE WOODS

Around Town

Mrs. Arthur Pitt was a visitor to Winnipeg Tuesday, where she attended the closing exercises of Balmoral Hall, where her daughter, Linda is a student. Linda and school chum, Carol Albertsen of Homewood, Manitoba accompanied Mrs. Pitt home. Miss Albertsen will spend the next two weeks in Kenora.

BIRTHS

Mr. and Mrs. Chemeliuk of 923 7th Street North are happy to announce the arrival of their daughter on Monday, June 15 at the St. Joseph Hospital. A sister for Allan.

ANNOUNCEMENTS

Members of Wenonah Chapter, O.E.S. are requested to meet at St. Alban's Pro-Cathedral at 3.15 p.m., June 18th to attend the funeral of the late Bro. Harry Atwell.

USE THE CLASSIFIEDS

THE HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO
CONSTRUCTION OF A COMBINED AREA OFFICE AND SERVICE BUILDING AT KENORA

SEALED TENDERS in triplicate, addressed to the undersigned, 620 University Avenue, Toronto 2, Ontario, and clearly marked:

"Tender for a combined area office and service building at Kenora"

will be received up to 4.30 o'clock p.m. Eastern Daylight Time on

TUESDAY, JULY 14, 1959

for the construction to full completion of a combined Area Office and Service Building at Kenora. This building will be a one-storey concrete block electrically-heated structure approximately 100 feet by 61 feet with no basement. The building is to be completed in all trades and ready for occupancy by December 31, 1959.

Tendering documents may be obtained on or after June 15, 1959 at the office of the Director of Supply, 620 University Avenue on payment of $25.00 per set, which sum will be refunded on the return within 14 days after award of contract of each set of documents in good condition. The tendering documents may be inspected at the office of the Daily Commercial News, Toronto, the Toronto Builders' Exchange and the Commission's Regional Office, Port Arthur and Area Office at Kenora.

Each tender must be accompanied by a certified cheque drawn on a Canadian chartered bank payable to the order of The Hydro-Electric Power Commission of Ontario in the amount of 10 per cent of the total amount of the tender. Provision for the return of the cheque appears in the tendering document.

The successful tenderer may be required to furnish a performance bond, in the form approved by the Commission, and issued by a bonding company licensed as such in the Province of Ontario and acceptable to the Commission, for 100 per cent of the total amount of the contract.

The lowest or any tender will not necessarily be accepted.

HOME AND COMMUNITY

PELLATT—LACLU

The regular monthly meeting of the Pellatt-Laclu Women's Institute was held June 10th at the home of Mrs. John Lund. The president, Mrs. C. Olson opened the meeting at 7.30 p.m. with the opening "Ode" followed by the "Mary Stewart Collect". After she welcomed the 7 members, Mrs. Olson asked for the reading of the minutes of the previous meeting which were adopted. The correspondence was read and filed. Due to the results of the sale of Family Herald subscriptions all outstanding bills were paid.

The Secretary, Mrs. J. Robinson reported that space had been given for a refreshment booth at the Kenora Agricultural Annual Fair. With the limited amount of help available Mrs. V. Clancy volunteered to get all the information as to what would be required before going into this project.

Due to added information re the mail service it was decided to drop the petition requesting forenoon delivery. Mrs. Clancy is to see about a time being set so that residents will know what time the courier will pass their respective boxes so they can carry on their business with the courier.

The travelling prize was won by Mrs. V. Clancy. The roll call for the next meeting, which will be at the home of Mrs. J. Robinson on July 8th at 7.00 p.m., is "Why I Am Proud To Live In Canada." After a social period and lunch served by the hostess the meeting closed with the singing of "The Queen."

St. James W.A. Plans Lilac Tea

The regular meeting of St. James Evening Branch was held in the Sunday School Room on June 8th. After Roll Call the Treasurer gave her report.

There was a lengthy discussion held concerning the Lilac Tea to be held on Friday June 19th. from 2.30 to 4.30 p.m. It was decided to have home bake and candy tables, sewing and novelties. Tea and coffee both to be served.

The annual Spring Church Cleaning will be done on June 23 and 24th. All members are requested to help if at all possible. It was decided to hold another Rummage Sale, date pending, but in the very near future. A contribution was made towards the Sunday School Picnic.

Mrs. Whitford said Benidiction and meeting was adjourned. Pot Luck lunch was served.

4-H Delegation Off To Ottawa

OTTAWA — June 12, 1959 — Ten members of a 4-H Club delegation, on their way to the 29th National 4-H Club conference at Washington, D.C., were guests of the Canada Department of Agriculture at a noon luncheon in Ottawa Friday.

All ten provinces are represented in the delegation, which is organized and financed by the Canadian Council on 4-H Clubs. Members were selected by pro-

Their average age is 19½ years.

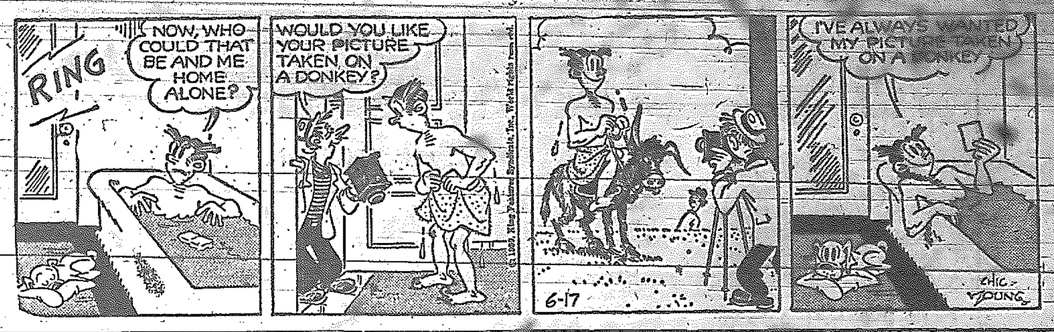
Attending the luncheon, held in the Parliamentary Restaurant, were the Honourable Douglas S. Harkness, Minister of Agriculture, Dr. J. G. Taggart, Deputy Minister, and J. E. McArthur of Belleville, Ont., president of the Canadian Council on 4-H Clubs.

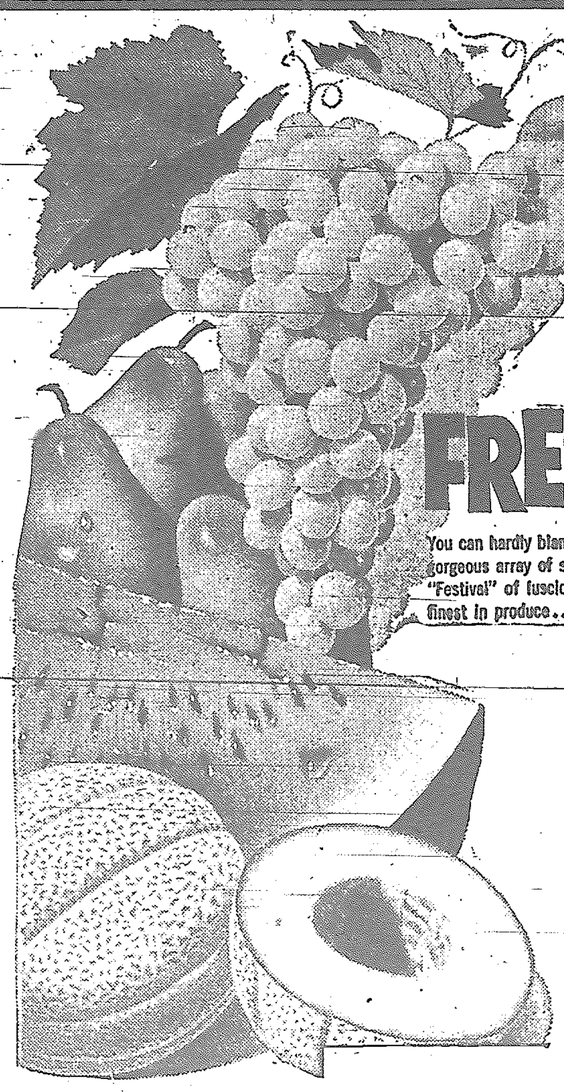
Following the luncheon, delegates toured the Capital. They were to leave Saturday for the Washington conference, which runs to June 19.

Supervisors for the trip are Miss Elinor Blackie, District Home Economist for the Nova Scotia Department of Agriculture, and J. Frank Muirhead, Supervisor of 4-H Clubs for the Manitoba Department of Agriculture.

Potatoes, a valuable source of vitamin C, thaimine, iron and other minerals, should be eaten daily. To add a new flavour, sprinkle them with chopped parsley or mint.

To keep cookies moist and fresh, place a slice of bread between layers of cookies.





SAFEWAY

FRESH FRUIT Festival

You can hardly blame our Produce Manager for getting excited over his gorgeous array of summer fruits! They're truly blue-ribbon quality... a "Festival" of luscious eating! We think you'll agree that for the very finest in produce... all you need to remember is Safeway!

FOUNDED FIRST 1879 80 YEARS 1959 ALWAYS FIRST

To say - That Guy?—

Sure, he's my Dad!"

(We see Dad on his knees playing marbles with the other kids.)

One card that may give Dad a chuckle - and then again it may not - shows a determined little lady hauling in what obviously must be a big catch, judging from the curve in the fishing rod.

Despite the struggle, the little lady still has enough wind to boast:

"To my husband" . . .

(And we open the card to see a frightened man, arms and legs flailing in the air, caught on the end of her line.)

. . . "the guy who didn't get away!"

Other greetings, however, show Dad on the winning side. In one he hauls in a big rainbow trout. Another shows him knee deep in water as he reels in the line.

Still another shows him relaxing in a hammock, barbecuing a weiner - and just plain standing around in shorts.

"In short," says this one, "Happy Father's Day Sport."

"Maskinonge" A Challenge To Best Fishermen

The big, wary, fighting maskinonge (Ontario record, 61 lbs. 9 oz., length 59 in., girth 31 in.) will challenge the skill of a good many fishermen in the province again this summer. Two in one day is the limit of catch, and they must not be less than 28 inches in length. Fishing for the big fish opens June 20 in the north and July 7 in the south.

Distribution range of the maskinonge is Lake Champlain, the St. Lawrence River and the Great Lakes basin, north to Lake Abitibi, west to Lake of the Woods and south to Iowa and Illinois. The maskinonge is predacious and essentially a fish eater. It preys upon a wide variety of fishes, for example: perch, suckers and shiners. It also feeds extensively on frogs and crayfish. Its appetite is almost insatiable and it has been estimated that 10 to 15 pounds of food are required to add one pound of fish flesh to any member of the pike family.

One of the most highly prized game fish, a 20 to 30 lb. muskie is a tough fighter, exhibiting almost a bull-like tenacity when hooked, making furious dashes for liberty and, if not stopped in time, will take to the weeds. It exhibits great powers of endurance in its efforts to escape, depending chiefly on its strength. A black bass rod of 8 or 9 ounces is regarded as sufficient for the largest maskinonge one is likely to encounter, and answers all emergencies in skilled hands, according to officials of the Ontario Department of Lands and Forests.

Heavy casting tackle, they say, is invariably used because of the great strength of the fish. Large wooden plugs, spoons, combination spoon and feather, huge bucktail bait and surface lures are employed, and large bass plugs have been used with success.

The largest maskinonge on record was caught October 20, 1949 in Chippewa Flowage, Wisconsin, U.S.A. - weight 69 lbs., 11 oz., length 63½ inches, girth 31¼ inches. The record Ontario muskie, 61 lbs., 9 oz., was caught in Eagle Lake in the Kenora District in far Northwestern Ontario in 1940.

Bishop Lafleche, a recognized authority on Indian customs and dialects, and in his early life a devated missionary to the Northwest, stated that the name "maskinonge" was derived from mashk (deformed) and kinonje (a pike), because it appeared to the Indians as a different kind of pike from that to which they were accustomed, according to SYLVA, the Ontario Department of Lands and Forests bi-monthly magazine.

"The original spelling of the Indian name was undoubtedly 'maskinonge', and this is the official spelling given in the statutes of Canada, in which country the fish was first known and the name originated," says SYLVA.

Wood Ticks Are Back Again

Ticks are reported to be plentiful in many parts of the Kenora District this year and will undoubtedly cause a good deal of annoyance to travellers in the woods during the next month or so.

A microscopic examination of a member of the Ixodidae, or "Hard" tick family, believed to be a species called Dermacentor albipictus showed how these relatives of the spiders are able to invite themselves to dinner unnoticed and subsequently render it difficult for their unwilling host to terminate the feast. The business portion of the several mouth parts is a tongue-like piercing organ covered with row after row of recurved teeth, these making it difficult to remove a tick from the skin without leaving the interior portion behind to cause further irritation. the "hard" ticks have flattened bodies, eight legs and many have a dorsal shield or scutum with silvery markings.

Ticks are believed to be attracted by animal smells and they often congregate along game trails, perched atop blades of grass, eagerly waiting for a single chance to spring upon a passing meal ticket. Deer, moose and dogs often carry large numbers of ticks, the females engorging themselves with blood before dropping off to lay their eggs. Several hundred or several thousand eggs may be laid, depending on the species.

Many types of ticks are transmitters of various diseases throughout much of the world. Rocky Mountain spotted fever is one example, a common and dangerous infection transmitted by the bites of ticks in Northwestern United States and Canada. Fortunately, here in Ontario, tick bites ordinarily cause only minor irritations.

Ticks can generally be removed by gentle pulling, but sometimes the mouth parts may break off in the flesh. A disinfectant should be applied after a tick is removed.

Benzil, dephinyl carbonate and hexylmandalate are good tick repellents if applied to clothing.

Dreldrin and DDT dusts are effective for reducing unusually large infestations of ticks around camps and cottages. However, such poisons must be used with caution since birds and small mammals can be destroyed by wholesale applications of these chemicals.

Father's Day Cards To Suit, No Matter What His Interest

Toronto—If Dad is a deep-dyed sportsman, Father's Day (Sunday, June 21) should be no problem for you.

No matter what his interest, from fishing to barbecuing, chances are you'll find a card to fit.

For, according to William E. Coutts, chairman of Coutts Hallmark Cards, this is the year of the real "man's Father's Day card".

"More cards stressing outdoors living are available than ever before," says Mr. Coutts. "And since many Canadian Dads don't like too much sentimentality in the cards they receive, plenty of humor has been injected into these greetings."

One imaginative card which combines humor and sport shows a Poppa rabbit at bat. The sentiment enthuses:

"To one swell sport,
An all-time great,
From your fans around home plate!
Happy Father's Day."

Inside, Daddy rabbit is shown being cheered by his team-mate rabbits, as he heads for home plate.

Another, which might go to cycling enthusiast is circular in shape and shows a man in gay-90 attire speeding along on a unicycle.

The sentiment urges Dad to "Have a mighty fine day",
'Cause today you're a . . . .
(And on the other side in big red letters) WHEEL!
Happy Father's Day."

On still another, a little lad proudly proclaims that,
"I'm always plenty proud and glad

SO IDENTICAL, TWINS DREAM ALIKE

Irene and Marja Mein, five-year-old twins from Burlington, Ont., are so alike they even dream the same things. Their parents insist the twins are so identical they dislike the same foods and have colds, toothaches and headaches at the same time. Mr. and Mrs. Mein have trouble telling the cute little blondes apart and have tried painting one of the twins toes and

KITCHEN CLASSICS

BUTTERFLIES TO CHASE

Here's a glamorous suggestion that will go a long way towards satisfying hearty appetites. We suggest Walnut Butterfly Buns which may be made with cardomom seeds, if you like, for a surprise touch. Walnuts and brown sugar provide an attractive filling in these attractively shaped, moist and tender buns. For an added touch of glamour we've suggested these buns be topped with icing.

WALNUT BUTTERFLY BUNS

Yield - 2 dozen buns

½ cups milk
½ cup granulated sugar
teaspoons salt
½ cup butter or margarine
½ cup lukewarm water
teaspoons granulated sugar
envelope active dry yeast
well-beaten eggs
½ teaspoon vanilla
cardamom seeds, if available
½ cups (about) once-sifted all purpose flour.
½ cup lightly-packed brown sugar
½ cup chopped walnuts

Scald milk; stir in the ½ cup granulated sugar, salt and butter or margarine. Cool to lukewarm. Meantime, measure lukewarm water into a large mixing bowl; stir in the 2 teaspoons granulated sugar. Sprinkle with yeast. Let stand 10 minutes, then stir well. Stir in lukewarm mixture, well-beaten eggs and vanilla. If they are being used, crush cardamom seeds to a powder and add to 3 cups of the flour. Sift into yeast mixture and stir to combine; beat until smooth and elastic. Stir in sufficient additional flour to make a soft dough — about 3½ cups more. Turn out on floured board or canvas and knead until smooth and elastic. Place in greased bowl. Grease top. Cover. Let rise in a warm place, free from draft, until doubled in bulk — about 1 hour.

Combine brown sugar and walnuts. Punch down dough. Turn out on lightly floured board and knead until smooth. Divide dough into 4 equal portions. Roll out one portion of dough into a 12-inch square. Brush with soft butter or margarine and sprinkle with a quarter of the brown sugar-nut mixture. Roll up jelly-roll fashion. Cut roll into six 2-inch lengths. Place, well apart, on a greased cookie sheet. With the handle of a wooden spoon, make a deep cross-wise depression in each roll to form a "butterfly". Repeat with remaining portions of dough. Grease tops. Cover. Let rise in a warm place, free from draft, until doubled in bulk — about 50 minutes. Bake in a hot oven (400 degrees F.) 10 to 15 minutes. Brush warm rolls with the following Confectioners' Icing.

CONFECTIONERS' ICING

1½ cups sifted icing sugar
¼ teaspoon vanilla
Milk

Combine icing sugar, vanilla and sufficient milk to make a stiff icing.

BANANA FLUFF PUDDING

1 package pudding and pie filling mix, (butterscotch, caramel, chocolate or vanilla).
2 cups milk
1 egg yolk
1 egg white
1 large banana, diced

Combine pudding mix and ¼ cup of milk in saucepan. Add egg yolk and blend well. Then add remaining 1-¾ cups milk. Cook and stir over medium heat, until mixture comes to a full boil. Remove from heat.

Beat egg whites until soft peaks will form. Fold in hot pudding gradually. Then fold in diced bananas. Pour into sherbet glasses. Chill. Serve plain or with whipped cream. Makes 5 servings.

The new locks along the St. Lawrence Seaway will accomodate ships with a beam of 72 feet; the Welland Canal locks, which are about 25 years old, are 80 feet wide.

The little bit of coffee that is often left over at breakfast can be put into the freezing tray of the refrigerator. The result is coffee ice cubes that can be used in iced coffee.

THE GROOM WAS NEARLY BREATHLESS

OLD LETCHWORTH, England —Sidney Cakebread mixed up churches and had to run three sweltering miles to his wedding.

A cab delivered Sidney, to the nearby village church at Willian in Hertfordshire. It drove off before Sidney realized he was in the wrong church.

He looked at his watch and started to run—three miles through dusty country lanes under a blazing sun. In his stiff new wedding suit, too.

The marathon paid off. Sidney got to the right church, at Old Letchworth, just as his bride stepped out of her car.

JITTERBUGGING FATAL

WATERTOWN, N.Y. — Mrs. Mary LaPrade, 46, died Sunday of a brain injury suffered when she fell while jitterbugging in a hotel. Her partner, William Clark, failed to catch her after she swung back after a twirl and Mrs. LaPrade fell through a door and down three steps and struck her head on concrete.

HE LEARNED TO TAKE NO CHANCES

MELBOURNE, Australia —Paul Nasarenko, 63, believed to be the first Russian Cossack to migrate to Australia, arrived by air Monday carrying a wrapped lunch.

He explained through an interpreter he thought they would have to travel by ship and was not sure about food arrangements. He carried his lunch the entire 14,000 miles from his home village of Holskaya in the province of Arapa.

A. Aesop. 2. David. 3. Caesar. 4. Tacitus. 5. St. Augustine 6. Plato. 7. Euclid 8. Jeremiah 9. Solomon 10. Ovid.

GOOD DEED ALMOST BACKFIRES

TOPEKA, Kan. —Last week, George Anderson, 17, noticed that time had expired on two downtown parking meters. He didn't know the owners of the cars but he put a penny in each meter to save the motorist from a ticket.

"I just thought it would be a good deed and I didn't think I was doing anything wrong," said Anderson.

But Topeka has an ordinance prohibiting the depositing of coins in a meter to extend parking time past the legal limit. Anderson was arrested.

Nonetheless, city attorney Carl Zimmerman decided Monday that evidence against Anderson was insufficient and dismissed the case.

PASSAIC, N.J. —A man police said had been drinking climbed to the top of a 200-foot water tower Monday and wandered around it for three hours until a priest and firemen brought him down. Augustine Le Free, 44, was held on a disorderly-persons charge.

SUNDAY JUNE 21st

Father's Day

The time is near, his gifts are here. Come, see, select!

DAUGHTER REMINDED HER

SEATTLE — Mrs. Ethel Adams, 41, awoke from a sound sleep early Monday to discover a burglar in her bedroom, rifling her jewel box.

Mrs. Adams leaped out of bed and chased the burglar out the back door. He got away but she stood there streaming for help. In the crowd that gathered was her daughter, Mrs. Diane Usher.

Diane, Mrs. Adams said, "Took one look at me and said, 'Mother get back into that house.

"'You don't have any clothes on.'"

JUST WANTED TO READ GIRL'S DIARY

LANCASTER, Pa. —The boys aren't saying. The police won't talk. And Judy just hasn't been available to reveal what, if anything, she wrote in her diary after two separate dates with them.

The boys, Thomas C. Welch and John C. Showalter jr., both 18, were arrested on burglary charges after Judy Keller's sister found them in Judy's bedroom Sunday night.

No burglary was intended, they pleaded at a hearing Monday before Justice of the Peace George H. Burchfield.

They explained they both had dates with Judy, an 18-year-old beauty contest winner, and wondered what she wrote about them in her diary.

Judy's sister, Mrs. E. G. Wollaston, said that when she happened on the boys they were reading the diary.

Burchfield held the boys on $1,000 bail each.

Modern Etiquette

Q. What would be the wording of an invitation to a double wedding of two sisters?

A. "Mr. and Mrs. Charles Thompson request the honour of your presence at the marriage of their daughters, Grace Ellen to Mr. John Henry Jones, and Margaret Anne to Mr. Richard Lee Jordan, etc."

Q. The young man I am going out with is very sloppy and careless in his dress. How can I tactfully let him know that I like men who look well groomed?

A. Maybe, if you will persistently point out to him this and that man who is neat and well groomed, you can gradually make him aware of his shortcoming.

Q. If one is writing a letter to a girl of 12 or 14, should one address it merely to "Mary Johnson"?

A. No; the prefix "Miss" should be used even for a very young girl.

LESSONS IN ENGLISH

Words Often Misused: Do not say, "His plan corresponds with mine." Say, "corresponds TO mine."

Often Mispronounced: Motif. Pronounce moh-teef, accent on second syllable.

Often Misspelled: Default; observe the "faul." Defalcation; observe the "fal."

Synonyms: Incongruous, inconsistent, inappropriate, inharmonious, improper, absurd, unfit, unsuitable.

Word Study: "Use a word three times and it is yours." Let us increase our vocabulary by mastering one word each day. Today's word: INERADICABLE; ineffaceable. "The permanent ink proved to be ineradicable."

ANCIENT BONES

ABERDEEN, Scotland — The trawler Anguilla brought up bones, believed those of an ancient mammoth, fishing off Aberdeen.

JAILED FOR THEFT

TORONTO — Thomas Nunn, convicted of stealing golf balls from St. Andrew's Golf course before golfers had a chance to play, was sentenced Monday to six months.

SQUIRREL IN CLASS

LONDON — Everywhere that 12-year-old Bill Robertson goes, his tame grey squirrel goes with him. He takes the squirrel to school and the movies.

WARNING

The general public is warned that fishing off the floating pulpwood booms in Matheson Bay is an unsafe practice as pulpwood is now being moved from this storage bay with the consequent loosening up of the wood.

Persons in the habit of fishing in this location should discontinue this practice immediately due to the extreme danger.
