## KAIBAIKUNG ENTERS MANSLAUGHTER PLEA

Angus Kaibaiskung, Treaty Indian, pleaded guilty to a charge of manslaughter Monday at the fall sittings of the Ontario Supreme Court. Kaibaiskung had originally been charged with non-capital murder in connection with the beating-death of Henry Land, another Treaty Indian at Clay Lake some 25 miles north of Vermilion Bay.

A petit jury was empanelled to hear the crown attorney give an outline of the events leading up to the death of Land. Jurors were James D. Dufus, Abe Jensen, Russell Johnson, Phillip Degagne, John Dubus, Nina Diduch, Melvyn Carlson, Paul Zrobok, Robert S. Clark, Leonard Beacham, George Haas and Keith Affleck.

The accused was read the reduced charge of manslaughter and this was translated to him through an interpreter. He pleaded guilty. He was defended by Messrs Vern King and Leonard Compton. Crown Attorney E. C. Burton conducted the case for the Crown.

The Crown Attorney called Mike Carahar, the investigating officer. The Ontario Provincial Police officer told of being called to an area known as Clay Lake on June 18th of this year. He said he stopped at the Indian summer settlement where he was met by several people. The dwelling of Kaibaiskung and Land were close to one another. He said he saw Henry Land lying in front

of a tent and he appeared to be badly beaten and covered with blood. A woman met him and, throwing back the flap of a tent shouted "The murderer is there."

He said he awoke the accused man who was bewildered. He was handcuffed and arrangements were made to get both Kaibaiskung and the injured Land to civilization. Land later died at Dryden Hospital. A post-mortem on the body showed skull fractures and brain damage.

The officer said that during the course of his investigation he learn-

## Non-Capital Murder Case Now Being Heard

The Crown today opened its case against James Taypaywaykicje, an Indian from the Grassy Narrows Band, northeast of Kenora who is charged with non-capital murder in the death of Raymond Stone, also of the same Indian Band. T. A. accused while E. C. Burton, Crown Attorney is presenting the case for the Crown. The case is being heard at the Fall Assizes of the Ontario Supreme Court, presid-

ed over by the Honourable Mr. Justice King. The event was alleged to take place on July 2nd of this year. Stone died in the Kenora St. Joseph Hospital in the morning of July 6th.

In presenting a frame-work of the case to the petit jury prior to the hearing of the first of a scheduled 23 witnesses, Crown Attorney Burton said that a group of people from the reserve had visited Kenora, large amounts of beer, whisky and wine were purchased and a party, more in the nature of an "orgy" ensued following the return to Grassy Narrows. People visited back and forth during the night, fights had taken place and ultimately in the early hours of the morning medical assistance was sought for Stone who was rushed by plane to Kenora where he later succumbed.

Constable Jack Medland of the Ontario Provincial Police at Kenora identified several pictures which he had taken in the vicinity of the James Taypaywaykicje home at Grassy Narrows.

E. S. Stawinski, biological analyst with the Attorney General's Laboratory in Toronto told of receiving several items from Kenora, including blood samples of the accused and the deceased and both of these showed to have type "O" blood, which he said, was predominant among the Indian people and in some bands type "O" is the only type found. Clothing of both accused and deceased as examined by the expert had type "O" blood as did wood samples which were tak-

(Continued on Page 10)

## DRIVER KILLED IN COLLISION NEAR SUBWAY

Dead after a two car collision which occurred about 6:30 p.m. yesterday is the driver of one of the vehicles involved. John R. Millings of 606 Seventh Avenue South was pronounced dead when he reached the Kenora General Hospital following the accident.

The car driven by Mr. Millings, a 1956 Austin sedan, met in collision with a 1966 Mercury 4 ton pulp truck operated by Dennis Maki of RR No. 2, Kenora. The collision occurred at a point 50 yards west of the C.P.R. subway on Highway 17. The truck was headed in a westerly direction and the Austin was proceeding towards Kenora when the accident took place. There were no other passengers in either vehicle.

Constable Beckworth of the Kenora Town Police who conducted the investigation says that an inquest into the accident will be held at a later date.

The Governor-General very much regrets that it is not possible for him to give you a definite reply at present. The Centennial Year is going to be extremely onerous for Their Excellencies and as yet they are not aware of what official Centennial engagements they will have to undertake or what Heads of State are likely to be visiting Canada during the year. They hope, however, to be able to draw up their programme in December and I trust that I shall be able to give you a firm answer at that time.

In the meantime Their Excellencies send to you and the people of Kenora their warmest thanks and good wishes.

Yours sincerely,  
Esmond Butler  
Secretary to the

Governor-General

## Contract For Pelican Bridge

Leo Bernier, M.P.P., announced today that Macaw and Macdonald, of St. Boniface, Man. were the successful bidders of Contract No. 66 - 213 for structure and approaches at Highway No. 72 - Pelican River Bridge in Town of Sioux Lookout 0.1 miles - Kenora District. Total amount of the contract \$36,268.00.

The completion date has been set for July 20th, 1967. However, the contractor has informed Mr. Bernier that the construction of this bridge will begin as soon as frost conditions permit, possibly before the end of this year.

## Smiles

To get maximum attention, it's hard to beat a good, big mistake.

Praise and commendation were offered to the local bar association for their untiring efforts in handling legal aid cases in Kenora courts throughout the years. Speaking following Monday's sittings of the Fall Assizes Vern King, representing the association advised His Lordship Mr. Justice King that in all of the four criminal cases legal aid had been provided without one cent of remuneration to the lawyers.

Crown Attorney E. C. Burton advised the Court that this situation has been in existence for many years throughout the district with free legal aid being provided in almost every criminal case.

Mr. Justice King told the law association that it was a very fine gesture on the part of the association and felt that present legislation should be retracted and some form of remuneration paid to the lawyers who devote much time in preparing and defending the cases. He said this was proof of the excellent legal services which the people of the district enjoy.

## Late News Bulletins

The latest word from the Federal-Provincial Conference in Ottawa is that Ottawa has promised the provinces to reconsider the terms of its decision to withdraw support for technological and vocational training. Federal Officials are to discuss possible changes in the Ottawa proposals. They will report back to the conference tomorrow. Finance Minister Sharp told newsmen after today's morning session that the impact of the federal plan to phase out technological and vocational programs had raised objections and difficulties among some provinces. But he said any changes would not be changes in the principle of the federal proposals.

Indonesia's former Foreign Minister, Doctor Subandrio, has been sentenced to death. Subandrio's eleven-day trial — on charges of being involved in an attempt to overthrow the government last October — ended today in Jakarta, with a guilty verdict and a sentence of death. He was found guilty on four charges: assisting the Indonesian Communist Party in its overthrow attempt; obstructing army efforts to restore order; attempting to subvert the state, and transferring large sums to overseas bank accounts.

Chances of a postal strike in the near future appear to be diminishing. This was indicated today by the Pres. of the Letter Carriers Union of Canada, Roger DeCarie, in an appearance before a Parliamentary Committee in Ottawa. He said there has been a complete change of attitude among postal officials since the Montpetit Royal Commission Report came out last week. The report was harshly critical of postal officials and some working conditions.

Expo wants more money from the Federal government. Top Expo officials met for half an hour in Ottawa today with Trade Minister Winters. They are reported to have asked for a big increase in the promotion budget, mainly to pay for color commercials on television in the U.S. Expo General Manager Andrew Knievasser wouldn't say how much money was requested. But there have been reports the 1967 World's Fair wants between nine million and ten million dollars.

A Longshoremen's strike has tied up 63 ships in the port of London. The strike is the result of a jurisdictional dispute. The longshoremen walked out to protest a decision by port authorities to let dockers unload passenger luggage from a Scandinavian ship. The longshoremen and dockers are members of different unions.

A Karate expert has told a court in London's Old Bailey that he killed a man with seven blows in three seconds. Twenty-year-old Anthony Cremer, a waiter and Karate instructor, is charged with the murder of a bartender. He told the court yesterday the bartender attacked him and he struck back with a series of Karate blows.

## Exposure Proves Cause of Death

Exposure was the cause of death of Marie Paul Ashopenace according to the findings of an autopsy which was performed on the woman's body. Mrs. Ashopenace was found on Sunday morning in a small boat drawn upon the shore of the Winnipeg River by the bridge at Minaki. The deceased was a member of the Grassy Narrows Indian Reserve band. No charges have been laid says Corporal Edwards of the Minaki detachment O.P.P. who conducted an investigation.

## Investigation Of Baby's Death

Investigation is being carried out into the death of a baby at the Islington Indian Reserve after word was brought this morning to the R.C.M.P. detachment at Minaki. Corporal Norman Larion has been sent to the White Dog area reserve on the Winnipeg River to conduct an inquiry into the report.

## Governor General Acknowledges Kenora Invite

Recently Mayor E. L. Carter of Kenora sent an invitation to the Governor General of Canada and Madame Vanier to visit here during centennial year. The following reply has been received by His Worship: — The Governor-General and Madame Vanier have asked me to thank you for your very kind letter of October 4th inviting them to visit Ken-

Parks and Crown Game Preserves. All dates mentioned are inclusive.

Following are the open seasons for beaver trapping in that part of Ontario known as the west and mid-west forestry regions that include the forestry districts of Sioux Lookout, Kenora (except the south part), Fort Frances, Port Arthur and Geraldton: Oct. 15, 1966 to May 15, 1967. In the south portion of the Kenora district the season is from Oct. 15, 1966 to April 22, 1967.

For muskrat the season is set for Oct. 15, 1966 to May 31, 1967 in both the areas described above. Mink can be taken from Nov. 1, 1966 to Feb. 28, 1967 in those districts. The season for lynx, by quota only, is Nov. 1, 1966 to Feb. 28, 1967 in all parts of Ontario. Also, extending throughout the province, are fox and raccoon seasons set for Oct. 1, 1966 to Sept. 30, 1967.

## Kenora Citizens Represent Hospital

(Continued from Page 8)  
positive protection rating among those participating in the test.

The Ontario Department of Health distributed enough free dosages to vaccinate 6500 people in the province last year. Most of the free serum went to hospital staffs—those, in other words, who would be most readily exposed to the possibility of contracting tuberculosis.

The Department of Health also reported that a majority of the medical staffs of the large Toronto Hospitals have been issued B.C.G.

## To Meet P.M. on All-Canada Line

Mayor Luke Francis is flying to Ottawa on Wednesday, October 26, in his capacity as president of the Northwestern Ontario Development Association to meet with Prime Minister Pearson and the Honourable Jean Luc Pepin, Minister of Energy, Mines and Resources to discuss the route of the new gas pipeline. Mr. Francis will be joined by the mayors of Fort William, Port Arthur and Geraldton on the trip. The mayors will continue to put forward the idea of an All-Canada route for the line.

The delegation is going to Ottawa at the invitation of Cabinet Minister Jean-Luc Pepin.

## Tax Relief Urged By Mayor Francis

Continuing to press for relief for the burdens of the municipal tax payer, Mayor Luke Francis has, with other members of the executive of the Ontario Mayors and Reeves Association, met with Premier Roberts and his cabinet over these matters. Returning from the conferences Mayor Francis noted that they did not get too much encouragement from the Premier but they are hopeful that at the next session of the Legislature laws will be passed to afford some relief.

Mayor Francis and the delegation presented the resolutions that were passed at the June convention of Mayors and Reeves.

## PET CORNER

If you have pups or kittens in your home, protect them from steep stairways and other hazards, keeping in mind that even a checkerfield is a high jump for a tiny animal. A fall down basement stairs can easily kill or cripple.

**HOUSES WANTED**  
3 kittens, 4 weeks old, Phone 548-4145.

Ten week old pup, brown, will be an average size dog; loves children. Phone 468-5223.

Female German Shepherd dog to have pups in 2 weeks. Phone 468-7683.

Homes wanted for 3 kittens, 2 female, 1 male, 3 months old. Ph. 547-2686.

Male cat, 2 months old. Phone 468-7574.

3 ginger kittens, 5 weeks old. Also 5 month old, house trained cat. Phone 547-2391.

2 pups, 1 male, 1 female. 4 months old. Phone 548-4238.

**LOST**

Small Chihuahua. Floopy ears. Near Pat's Stationary. Phone 468-5064.

Female cat, 9 years old. Answers to the name of Middles. Grey and tan head and back, white underneath. Ph. 548-4194.

**FOUND**  
Siamese cat. Brown face, tail, feet and ears. Body is tawny colour. Phone 468-6504.

Young male cat. Approx. 1 year old. All smoke grey. Call 468-8616.

**Non Capital Murder Case  
Now Being Held**

(Continued from Page 1)

en from the doors at the accused's home.

Dr. Barrie Leckie told of examining Raymond Stone in the Kenora St. Joseph Hospital on July 3rd. He said the man suffered from considerable pain to the abdomen, was bruised about the head and left side of the body, the neck, had cut lips and was unable to eat. After being hospitalized, stated the witness, the deceased went into shock, then unconscious and transfusions, etc. were to no avail and he died on the morning of July 6th.

Members of the jury selected were John Williams, Harvey Acre, Gerald Kennedy, Glen Anderson, James Duffus, Laverne Parker, James Cooper, Alfred Venell, Robert Berry, Harold W. Fife, George Kane and Keith Affleck.

The case continues this afternoon and is the last criminal case to be heard at the sittings.

**Kaibaiskung Enters  
Manslaughter Plea**

(Continued from page one)

ed that residents at the Indian village had commenced to drink. One witness said that he had heard a noise and upon investigation saw Kaibaiskung and Evelyn Land wrestling. She threw the accused to the ground. He got up and threw her down. At this point, Land went to the aid of his wife and then the accused picked up a stick and started to hit Land after first striking him with a fist to the face. When Land was down on the ground he was kicked and struck with a piece of wood. Accused then grabbed an axe and when Evelyn Land attempted to intercede she was cut to the face. Then the officer said investigation revealed that accused had hit Land on the back with the axe, using the blunt end. The axe was grabbed from him and thrown into the bush.

Following the fracas the accused went into his tent and lay down and a decision was made to summon police.

The Crown Attorney said it was an obviously unintentional killing

but nevertheless was an unlawful act. Much drinking had been done and this has resulted in many unfortunate unnecessary killings throughout the district.

Court was advised by defence counsel that the accused was aware

of the seriousness of his guilty plea and this had all been explained to him fully. The jury, without leaving the room, found the accused guilty of manslaughter.

Sentence will be passed later this week.

## SPORTS BRIEFS

### FOOTBALL

The final weekend of the Eastern Football Conference schedule has no real meaning but three of the teams are worrying about possible injury to key players.

The Hamilton Tiger-Cats and Montreal Alouettes will be trying to stay reasonably healthy for their sudden-death semi-final in Hamilton Sunday, November 6th. The Tiger-Cats host the out-of-the-running Toronto Argonauts Saturday after-

noon while the first-place Ottawa Rough Riders meet the Alouettes in Montreal Sunday.

Ottawa has a long wait before the opening of the finals but coach Frank Clair wants to avoid any serious injuries. Montreal Coach Darrell Mudra will have a chance to look at fullback J. W. Lockett against Ottawa. Lockett suffered a broken arm in the season opener and could prove a valuable asset in the playoffs if he's back in form.

The riders will have defensive tackle Marshall Shirk back in the lineup. He missed last Sunday's game due to a touch of flu. Ron Stewart will play despite a broken nose suffered last weekend and defensive tackle Andy Shaw is available after recovering from a back ailment.

American Football League sources say the first game between the champions of the two major leagues will be played in Pasadena, California. There has been talk of the so-called "Super Bowl" being played in Pasadena or New Orleans. However, American League sources say New Orleans probably will get a national League franchise. That would leave Pasadena as the logical neutral site.

Meanwhile, National League Commissioner Pete Rozelle is insisting that Cincinnati and Seattle are also still in the running for the franchise the league is going to grant for 1967.

### BASKETBALL

The President of the International Olympic Committee, Avery Brundage has hinted that Basketball may be eliminated from the Olympic program. Brundage has commented: "We are not pleased with the irregularities in Basketball in many countries."

He says the United States is among the chief offenders. Asked what he means by irregularities, Brundage replied: "The sport is over-commercialized. In many places, it is conducted in a way that is averse to the Olympic amateur code."

Basketball is on the 1968 Olympic agenda in Mexico City and Brundage says it will stay there. He refused to comment on what might happen after that.

### BASEBALL

The appointment of the Cleveland Indians' coaching staff has been completed. Joining the Indians are Pat Mullin of the Detroit Tigers and Clay Bryant, Manager of the Indians' Pawtucket, Rhode Island farm club last season. Manager Joe Adcock had announced that Del Rice will handle the bullpen coaching duties for the Indians. Earlier, George Strickland was retained as third base coach.

According to experiments, bees recognize honey - yielding flowers first by color and secondly by scent.

### BOXING

The world lightweight boxing picture is still in a state of confusion. In the latest development, the world boxing council declared the title vacant. Yet Carlos Ortiz is scheduled to meet Flash Elorde of the Philippines at New York's Madison Square Garden in a title bout November 28th.

Ortiz was champion when he climbed into the ring Saturday night against Sugar Ramos in one of the biggest fight fiascos of the year in Mexico City. Ortiz was awarded a technical knockout by referee Billy Conn because Ramos suffered a badly cut left eye. But the Executive Secretary of the WBC, Ramon Velasquez, reversed the decision and ordered Ortiz to continue the fight. When Ortiz refused, Velasquez declared Ramos the new champion.

However yesterday the officials decided the title was vacant and ordered a second title fight between Ortiz and Ramos in the same ring January 29th.

### RACING

Harness racing's latest Cinderella horse, Romeo Hanover, goes after his 18th straight victory and the triple crown of pacing Saturday night in the Messenger Stakes. Romeo won the first two legs with easy victories in the Cane Futurity and the Little Brown Jug.

By winning the Messenger, Romeo Hanover can become only the third horse ever to sweep the Triple Crown. Bret Hanover turned the trick last year and Adios Butler did it in 1959. The three-year-old was purchased for only \$5 hundred dollars and has since brought its owners 390 thousand dollars.

ting of the atom, and the intricate changes that take place in the processing of protons and neutrons, when John MacDonald, assistant co-ordinator of Adult Education at Beaver Brae School, was guest speaker.

President Dr. S. M. Burris was in the chair and two Canadian Rotarians Don Munro of Peterborough, Ontario, and John Webster of WilLOWdowd Ontario were welcomed. Two guests of Rotarians, Don and Wilf Earin were also warmly welcomed.

Introduced by Mr. Frank Litt, Mr. MacDonald who previously was administrative officer at the White-mouth Nuclear Power Station, said it was often difficult to speak on such a topic, due to its complexity. Many labour under the misconception that electricity is made directly from nuclear energy.

A nuclear reactor in an atomic power plant is simply a source of heat. The reactor is equivalent to

the furnace in a conventional plant. Just as coal, oil or gas in the furnace of a conventional power plant provides heat to convert water into steam, so the uranium fissioning in the reactor of a nuclear power plant provides heat to convert water into steam. In both the conventional power plant and the nuclear power plant, the steam drives a turbine which, in turn, drives an electricity generator.

The first theory on existence of an atom, came from the early Greeks, but two thousand years was required to fully develop the theory of breaking the atom. The most simple atom was that of hydrogen, containing one proton and one electron. Protons and neutrons have to be balanced, and there was the problem of control, for some have the life space of three million years. The process was described by diagrams, including the use of heavy water containing deuterium.

Most important was Canada's contribution to the field of atomic energy. The U.S. scientists had used a graphite process and Canadians had developed the heavy water process. Today Canadian scientists were among the foremost leaders in atomic research.

Important in the process was the coolant process which had no corrosive effects and organic coolants had been developed. The United States was paying one half of the expenses of the White-mouth reactor. Some 465 men were employed at the plant with salaries ranging from \$7,000 to \$8,000 a year. This brought economic benefits to the community and the area. In the future, was the plan to use an organic reactor to produce fresh water from sea water.

Rotarian John thanked the speaker for his clarity of presentation and of stressing the peace aspect of the atomic reactor.

## Runaway Boy Back In School At Lakehead

WINNIPEG — An eleven-year-old boy who spent three days locked in an empty boxcar was sent back to St. Joseph's Indian residential school in Fort William last night.

Ronnie Moonhouse won't say how he got into the boxcar, where he was found sopping wet and shivering under some newspapers at Deerwood, Manitoba Saturday morning.

Officials at the Indian school said it was the second time he had run away since he came of the school in September, 1965 from his home near Nakina, Ontario.

Ronnie, who was cared for by the Children's Aid Society of Winnipeg, said he didn't want to go back to the school. But the Indian Affairs department in Winnipeg sent him back anyway.

## Ingo Elected To Insurance Agents Executive

Well-known Fort William insurance man E. L. A. (Lorne) Smith was elected president of Ontario Insurance Association at the association at the association's 46th annual convention Thursday in Toronto.

There are about 2,400 member agents in the association representing the general insurance industry across the province.

Vice-presidents elected were Walter C. Faume of Oshawa, J. S. Kirby, Ottawa and J. K. Ward of London.

Directors are Sam McAdam, Toronto; K. S. Raven, Kingston; D. C. McPerson, Kitchener; Clark Stevenson, St. Catharines; Kenneth Sangster, Fenelon Falls; Donald McGhee, London; J. A. Myles, Sealt Ste. Marie; E. L. Ingo, Kenora, and

R. W. Gammon, Toronto.

Mr. Smith has been an active member of the board for the past 8 years and becomes the first president to be elected from either Northern or Northwestern Ontario.

He succeeds John E. Lowes of Peterborough.

Mr. Smith has been prominent in local insurance circles the past 20 years and is president of E. L. A. Smith Agencies Limited.

## Kenora Applies For Government Housing Units

The Ontario Housing Corporation will be asked to plan for the construction of thirty-six Ontario Housing Units in the Town of Kenora for families and senior citizens following receipt of a report by the Kenora town council last evening. Miss Karen E. Petursson, Housing Analyst, conducted a survey throughout Kenora as to the needs. This request was made by the town of Kenora following representations by the Kenora Business and Professional Women's units issued in 1965.

Council was informed that the results of the survey indicate a need for Ontario Housing in the Town of Kenora. The existing stock in Kenora is generally in fair condition, although the availability of rental accommodation suitable for either families or senior citizens is negligible. New construction starts in the residential field have been decreasing in the past few years due to a lack of available serviced land for residential construction, difficult in securing

mortgage funds, and restriction by the Ontario Water Resources Commission limiting development in the Town.

In 1966 there had been 12 building permits issued for residential construction in the first six months of the year, as compared with 61 permits issued in 1965.

The population of Kenora has remained relatively stable since 1961, with a percentage increase over the past five years of only 2.9. This trend has resulted from a lack of growth in the industrial and commercial segments of the Town's economy. Although three small industries have recently located in Kenora (two in the late fifties and one in 1964), the increase in employment brought about by these industries was considerably offset by the cut-backs in employment by the Canadian Pacific Railroad.

School construction has been greatly accelerated in the Town, in response to the growth of the 5-19 year age group. This will increase the demand for school teachers and exert additional demands for housing accommodation on the presently depleted market.

There are presently 26 Federal-Provincial Full Recovery family units in Kenora and these are all fully occupied. As of August 31st, 1966, eleven families, considered to be eligible for the units, were on a waiting list. On the basis of present leases, no units will be vacated for at least six months.

The report stated that in view of the existing shortage of housing accommodation in Kenora, and the decline in residential starts, problems are being created for the town in securing new employees. This is particularly noticeable with regard to Ontario Government Employees and those in the teaching profession. The construction of additional housing units, it was stated, would greatly alleviate the present shortage of housing accommodation in the municipality.

During the survey of demand all single Senior Citizen respondents expressed a preference for one bedroom units over bed-sitting room units. These single persons would be satisfied with a bedroom alcove in their bachelor apartments. This preference for a sleeping area separate from the living room area should be given consideration in the final design, if this is economically feasible.

It was suggested in the report that Kenora is in a difficult position with regard to industrial expansion. This is explained by the following:

1. Kenora's economy is dominated by Winnipeg, just 124 miles west of town.
2. Kenora cannot easily attract new industries, as the Town offers no industrial inducements. Manitoba

municipalities on the other hand, offer both land and financial assistance.

3. There is heavy winter unemployment due to lay-offs by the tourist establishments. Tourism continues to expand by approximately 5 to 8 percent annually.

It was reported that the Town of Kenora spends more money per capita for the promotion of tourism than does any other Canadian municipal-

ity. Approximately \$35,000 per year is spent for this purpose. Lecture tours, personal interviews, and representation at various American Sports Shows as well as publicity brochures and direct advertising are the methods most frequently employed to promote the tourist trade in Kenora. It was estimated that tourism increased by between 5 percent and 8 percent per year in the area.

The reservoir behind the Vaal Dam, South Africa, loses 250,000,000 gallons of water a day in summertime by evaporation.

**MISS LUCY PIECZONKA**

Lucy was selected by North Kenora Credit Union to represent them in the Kenora District Chapter Queen Contest. Lucy is 5 ft., 4 in., has blond hair and green eyes, and is a teller at the Bank of Nova Scotia. All Credit Union members are invited to join in the festivities at the Kenricia Hotel on October 28th.

**MISS AURELEE OTTER**

Aurelee is the Keewatin Credit Union's choice for the Kenora District Chapter Queen Contest. Aurelee, employed as a clerk at the Toronto-Dominion Bank, is 5 ft., 3 in., has dark brown hair and green eyes. She will be pleased to meet all her friends at the Credit Union dance on October 28th.

## You'll Love These Tasty Seafood Dips

A good hostess takes pride and joy in turning out a dish that is unusual even though it may require more time to prepare. It's always rewarding, though, when you see your guests eat with every sign of enjoyment and satisfaction.

This is a dip that they are sure to love—they'll be asking for the recipe:

**BOUILLABAISSE DIP**

- 1/2 c. scallops, cooked
- 1/2 c. smoked oysters

- 1/4 c. flaked lobster
- 1/4 c. crabmeat
- 1/4 c. shrimp, cooked
- 2 c. sour cream
- 2 tbsp. prepared mustard
- 2 tbsp. minced onions
- 1 tbsp. minced green pepper
- dash Worcestershire sauce
- dash cayenne pepper
- 2 tbsp. Roquefort cheese

Combine all ingredients in an electric blender (or at high speed in an electric mixer) until the proper consistency for dipping is reached. Serve with potato chips.

When time is of the essence and friends have dropped in unexpectedly, it's good to have a chip dip that can be prepared with the least amount of time and effort. It's served hot so there's no time needed to chill before serving:

**HOT CRABMEAT CHIP DIP**

- 1 8 oz. pkg. cream cheese

- 1 c. flaked crab meat
- 2 hardboiled eggs, sieved
- 1 clove crushed garlic
- 1/4 c. mayonnaise
- 1 tsp. onion juice

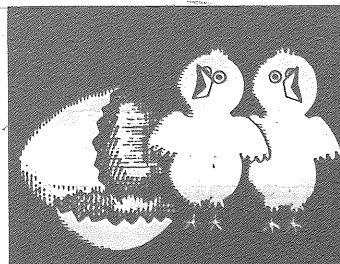

- 1 tsp. prepared mustard
- 1 tsp. powdered sugar
- 1/4 tsp. salt

Mix and heat in chafing dish. Serve with potato chips.

**HOUSEHOLD HINT**

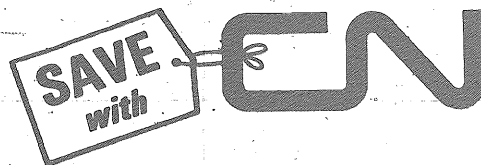

To discourage silverfish in the bookcase, wash it with a borax solution, then sprinkle a little borax behind the books.

## Late J. R. Millings Funeral Thursday

The death of John Richardson Millings, of 606 Seventh Avenue, S., a long time resident of Kenora and an overseas veteran of World War One, took place at the Kenora General Hospital on Monday evening, October 24, 1966.

The late Mr. Millings was in his 66th year, having been born in Yorkshire, England on October 27, 1900. He came to this country in 1905 to Eagle River, Ontario, where he received his education. The deceased settled in Kenora in 1928. He was employed by the C.P.R. Railway as an engineer until 1961. For the past three years he has served as a stationery engineer with the Ontario Department of Highways.

Surviving the deceased are his wife, the former Margaret B. Spicer to whom he was married in Dryden, Ontario on May 11, 1928. He also leaves to mourn a son, Orville John, of Winnipeg and a daughter, Mrs. Ed. (Bernice Margaret) Baum of Kenora, a granddaughter and two grandsons.

The late Mr. Millings was affiliated with the Knox United Church, and was a member of the Kenora Branch of the Royal Canadian Legion and of the Pequonga Lodge AF and AM Number 414. He served with Imperial Army Overseas.

Funeral services will be held on Thursday, October 27, 1966 from the Chapel of the Brown Funeral Home at 2 p.m. with Reverend Harold Boyd officiating. Interment will be in the Lake of the Woods Cemetery.

Pallbearers for the funeral will be Glen Parmeter, Robert Parmeter, Ken McCulloch, Clarence Budreau, Jutie Peterson, and Stan Williams.

### A THANK YOU

The Henton's wish to thank all those who helped them in any way during their recent fire. It is gratifying to know that there are so many friends and neighbours who are so willing to help in a time of need. All we can say is thank you ever so much for any assistance that you so readily offered.

Kathy and Mel Henton,  
and family.

## BIRTHS

**DUFRESNE** — Doug and Eva are pleased to announce the birth of their son Michael James on October 22nd, 1966. A brother for Mark. Many thanks to Dr. Bryngelson, Dr. Torrie and third floor staff at St. Joseph's Hospital.

## Announcements

The Guild of St. James Church, Keewatin are holding their annual Christmas Card Tea, sale of work and home baking, on Friday the 28th of October in the Parish Hall from 2:30 till 5 o'clock. Everyone welcome, come and bring a friend.

Ladies Afternoon Duplicate Bridge Club meets in the Kenricia Hotel on Thursday afternoons at 1:30. Any interested ladies welcome. For further information phone Mrs. Tansley at 468-7058.

Attention Ladies Auxiliary to Royal Canadian Legion, Branch No. 12. The first meeting to form this year's bowling league will be held Thursday, October 27th, at 2:30 p.m. in the Legion Building or Phone Mrs. Bertha Clark at 468-9582.

### CHRISTMAS CARDS, NOW?

Yes, the Miner & News has received sample books of 1966 Christmas cards from suppliers in both Winnipeg and Eastern Ontario - excitingly different, yet priced so moderately. Here's a suggestion for 1966! Why not have the M & N print your own Christmas letter and beautiful, 4-colour Christmas stationery? Matching

envelopes make the remembrance all the more attractive. Come in and see the selection soon.

## Centennial Visual Arts Competition

Mr. D. A. Garvie, Administrative Director of the Ontario Craft Foundation, has announced a Centennial Visual Arts Competition to encourage the development of talented young artist-craftsmen of promise. The Centennial Commission is sponsoring this competition-exhibition for which substantial prizes will be offered as well as the opportunity to exhibit at the national level.

Canadian citizens or residents of Canada who are between the ages of 18 and 35 at the time of submission of an application form are eligible. Prizes in the Fine Crafts category will consist of:

1. First award of \$5,000
2. Second award of \$2,000
3. Third award of \$1,000

## Late J. R. Millings Funeral Thursday

The death of John Richardson Millings, of 606 Seventh Avenue, S., a long time resident of Kenora and an overseas veteran of World War One, took place at the Kenora General Hospital on Monday evening, October 24, 1966.

The late Mr. Millings was in his 66th year, having been born in Yorkshire, England on October 27, 1900. He came to this country in 1905 to Eagle River, Ontario, where he received his education. The deceased settled in Kenora in 1928. He was employed by the C.P.R. Railway as an engineer until 1961. For the past three years he has served as a stationery engineer with the Ontario Department of Highways.

Surviving the deceased are his wife, the former Margaret B. Spicer to whom he was married in Dryden, Ontario on May 11, 1928. He also leaves to mourn a son, Orville John, of Winnipeg and a daughter, Mrs. Ed. (Bernice Margaret) Egan of Kenora, a granddaughter and two grandsons.

The late Mr. Millings was affiliated with the Knox United Church, and was a member of the Kenora Branch of the Royal Canadian Legion and of the Peguanga Lodge AF and AM Number 414. He served with Imperial Army Overseas.

Funeral services will be held on Thursday, October 27, 1966 from the Chapel of the Brown Funeral Home at 2 p.m. with Reverend Harold Boyd officiating. Interment will be in the Lake of the Woods Cemetery.

Pallbearers for the funeral will be Glen Parmeter, Robert Parmeter, Ken McCulloch, Clarence Budreau, Jutie Peterson, and Stan Williams.

### A THANK YOU

The Henton's wish to thank all those who helped them in any way during their recent fire. It is gratifying to know that there are so many friends and neighbours who are so willing to help in a time of need. All we can say is thank you ever so much for any assistance that you so readily offered.

Kathy and Mel Henton, and family.

## BIRTHS

**DUFRESNE** — Doug and Eva are pleased to announce the birth of their son Michael James on October 22nd, 1966. A brother for Mark. Many thanks to Dr. Bryngelson, Dr. Torrie and third floor staff at St. Joseph's Hospital.

## Announcements

The Guild of St. James Church, Keewatin are holding their annual Christmas Card Tea, sale of work and home baking, on Friday the 28th of October in the Parish Hall from 2:30 till 5 o'clock. Everyone welcome, come and bring a friend.

Ladies Afternoon Duplicate Bridge Club meets in the Kenricia Hotel on Thursday afternoons at 1:30. Any interested ladies welcome. For further information phone Mrs. Tansley at 468-7053.

Attention Ladies Auxiliary to Royal Canadian Legion, Branch No. 12. The first meeting to form this year's bowling league will be held Thursday, October 27th, at 2:30 p.m. in the Legion Building or Phone Mrs. Bertha Clark at 468-9582.

### CHRISTMAS CARDS, NOW!

Yes, the Miner & News has received sample books of 1966 Christmas cards from suppliers in both Winnipeg and Eastern Ontario - excitingly different, yet priced so moderately. Here's a suggestion for 1966! Why not have the M & N print your own Christmas letter and beautiful, 4-colour Christmas stationery? Matching

envelopes make the remembrance all the more attractive. Come in and see the selection soon.

## Centennial Visual Arts Competition

Mr. D. A. Garvie, Administrative Director of the Ontario Craft Foundation, has announced a Centennial Visual Arts Competition to encourage the development of talented young artist-craftsmen of promise. The Centennial Commission is sponsoring this competition-exhibition for which substantial prizes will be offered as well as the opportunity to exhibit at the national level.

Canadian citizens or residents of Canada who are between the ages of 18 and 35 at the time of submission of an application form are eligible.

Prizes in the Fine Crafts category will consist of:

1. First award of \$5,000
2. Second award of \$2,000
3. Third award of \$1,000

Entrants are required to submit an application form prior to the submission of any work of art. Completed application forms must be postmarked no later than December 1, 1966.

Ontario Craftsmen wishing to enter this competition may apply to the Ontario Craft Foundation, 21 Sultan Street, Toronto 5, Ontario, for an application form and additional information.

## Kenora Citizens Represent Hospitals at Annual Meet

Both of Kenora's Hospitals have representatives at and are participating in discussions at the Ontario Hospital Association's annual convention which is being held at Toronto, For St. Joseph's Hospital Gus Landry and Dale Schaeffer are attending on behalf of the hospital board, and Mrs. Swirhun on behalf of the ladies' auxiliary.

Representing the Kenora General Hospital are R. A. Schreider, administrator; L. A. Toole, chairman of the board; and R. Devie, member of the board.

An important discussion will concern aspects of T.B. The famous Greek physician Hippocrates was reputedly the first to isolate tuberculosis by name. At that time (2100 years ago) he called it "phthisis". For centuries thereafter, it was labelled with a variety of dreary pseudonyms, some even modified by colors: the black plague, the white plague, and perhaps even the purple plague. It wasn't until 1834 that a German biologist named Schonlein polished his terms somewhat and came up with the new title of "tuberculosis."

Under any name or identifying color, tuberculosis has long been a

principal health hazard to man. It has only been in the past half-century that medical science has been able to effectively arrest the erosion it causes to the human body. In Ontario, for example, there were 2559 recorded deaths attributed to tuberculosis in 1916. Fifty years later, in 1965, the figure was down to 148.

#### TB NOT DEFEATED

Although "TB" is in fact waning, it is evident the disease has not yet been fully defeated. Statistics from the Ontario Department of Health indicate that there were still 1,407 new active and reactivated cases of tuberculosis recorded in the province for the calendar year 1965.

These disturbing facts illuminated one of the major discussions at the Ontario Hospital Association's annual convention, which is being held at Toronto's Royal York Hotel October 24 - 26.

"A Debate on B.C.G." — the controversial tuberculosis vaccine — will be the subject when the Section on

Tuberculosis Hospitals of the OHA meets in an afternoon session on the final day of the convention. The debate will feature two distinguished experts in the field of TB care. The case for B.C.G. will be presented by Dr. Milton Brown of the University of Toronto, and the dissenting argument by Dr. C. R. Weber, director of tuberculosis control for Essex County, Windsor, Ont. The session will be moderated by Dr. Z. Gorecki, superintendent of the St. Lawrence San-

torium, Cornwall, Ont.

#### B.C.G. DEBATE

B.C.G. stands for Bacillus Calmette-Guerin — Bacillus of the isolated, rodlike tuberculin germ, Calmette and Guerin for two French doctors who developed the serum in the last century while at the Pasteur Institute in Paris.

Tuberculin cells of cattle were the original source of the serum, and this is one of the reasons why there are B.C.G. dissenters: the fact that

a "suspended" tuberculosis germ is directly administered through the skin as an alleged anti-tuberculosis vaccine. While some doctors are concerned about this aspect of the process, Dr. Brown and his colleagues can point to numerous favorable experiments with the vaccine. The most notable occurred in the mid-1950's (when the Statistical Medical Research Council conducted a test on B.C.G. and found an eventual 90%
