HEALTH UNIT REPORTS

JAUNDICE CASES SHOW BIG INCREASE IN JUNE

The regular monthly meeting of the Board of Health was held on Thursday, July 9th, 1959, at the Unit Offices, Kenora. Dr. R. J. Whitaker presided and the following members were present:—

Dr. R. D. P. Eaton, medical officer of Health, Mrs. A. G. Wood, Dryden representative, Mr. E. W. Byers, Jaffray Melick representative, Miss H. K. Wilson, Supervisor of Public Health Nursing, D. H. Lemoine, Senior Sanitary inspector, D. T. McLeod, Secretary Treasurer.

Immunization clinics were held on the normal schedule in all centres. Adult polio clinics were held in Kenora, Red Lake and Balmertown.

These complete the special adult clinics for the year though adults are welcome to attend regular immunization clinics at all centres.

A further series of special adult clinics will be held during the winter for the purpose of giving 3rd. doses of vaccine to those receiving the first two during April, May and June.

Special thanks are due to the Kenora C.P. & T. Fund executive and those interested individuals in Red Lake and Balmertown who gave their time to help these clinics run smoothly.

In the field of tuberculosis control, arrangements were finally completed during the month to have a mobile x-ray unit visit the Minaki area in connection with the follow-up of the Tuberculin survey earlier this year. It is to be regretted that this matter took such a long time but it was beyond the control of this unit. The x-ray unit was in Minaki the 2nd and 3rd of July.

The apparent declining trend in the incidence of hepatitis took a sharp reverse at the latter end of June to give a total number of reported cases at the end of the month of 27. For the first six months of 1958 - 134 cases of Infectious Hepatitis have been reported from the Kenora-Keewatin area. This can be compared with a total of approximately 650 reported cases in the whole of Ontario.

Although the reported figure of 650 cases probably does not represent a true figure due to under-reporting, it does, nevertheless suggest by comparison a very high incidence for this area.

The action taken by this office in August of 1958 of recommending that the D.A.R.C. pool in Dryden be closed caused a sharp clash of opinions during the month when the Dryden council went on record as being in favour of the pool remaining open despite a clearly definable health hazard.

The matter was discussed at an open meeting in Dryden along with Mr. Sanderson of the Environmental Hygiene Division of the Ontario Department of Health when the decision of this office was upheld.

Swimming classes for the Dryden youngsters have been arranged at Thunder Lake which from a Public Health point of view is an altogether more satisfactory arrangement.

Throughout most of the month Miss Gibbon a recent supervisory graduate was with the unit to gain field experience before joining the V.O.N. in Hamilton.

VITAL STATISTICS

Births:
Kenora - 44
Others - 39
Total - 83

Deaths:
Kenora - 12
Others - 14
Total - 26

COMMUNICABLE DISEASES

Reported Cases:
Infectious Hepatitis - 27 (Kenora - 25, Dryden - 1, Red Lake - 1).
Mumps - 28 (Kenora - 7, Dryden - 21).
Scarlet Fever - 11 (Kenora - 8, Dryden - 3).
Measles - 1 (Dryden - 1).
Chicken Pox - 1 (Dryden - 1).
German Measles - 1 (Dryden - 1).
Gastro Enteritis - (Dryden - 1).

Home Visits:
305 home visits were made on behalf of families.
Other visits totalled 386.

School Health Service:
73 children were given special inspections.
12 children were given health inspections.
202 children were given vision tests.
9 conferences were held with secondary school students.
35 conferences were held with teachers and principals.

Immunization Clinics:
Total Attendance - 914.
Total innoculations - 238.
Total vaccinations - 39.
Total polio inoculations - 826.
Tuberculin tests - 58.

Chest Clinics:
Chest Clinics were held in Red Lake, Dryden and Kenora with a total attendance of 52 (Kenora - 33, Red Lake - 19).
Two classes for expectant mothers were held with an attendance of 15. A new series of classes will not start until some time in September.

SANITATION REPORT

The following is a report of work in the sanitation field for the month June:—

Food Control:
There were 34 routine inspections made of eating establishments in the area - 12 in the Dryden district and 21 from the Kenora office.
The proprietor of the now defunct Wonder Bar opened a new lunch counter on Matheson Street under the name of "Bill's Cafe."
The Kenora Cafe operated by George Gong closed due to the new owner of the property requiring the premises.
Swab tests were taken of eating and drinking utensils with 100 out of 108 samples being classed as satisfactory.
There were 11 swab tests taken on hotel beverage room glasses and 2 were unsatisfactory due to high plate counts.
Sanitation standards in restaurants were found to be generally satisfactory.

Milk Control:
There were 101 samples of pasteurized milk obtained for analysis with the following results:—

	Sat.	Unsat.
Co-Op	16	8
Groveside (Dryden)	25	5
Lakeland	18	2
Lucerne	14	9
Modern (Winnipeg)	0	4
Totals	73	28

The above results give an average of 72% satisfactory. Modern Dairy samples were taken from a retail outlet in Red Lake and all samples contained coliform.
There were 30 samples of raw milk taken at the Groveside Dairy in Dryden with 27 samples reported satisfactory. One shipper was suspended for 2 days due to consecutive poor tests.
Bulk haulage is in effect at the Lakeland Dairies and raw milk samples are being taken by the driver-grader.

Water Supplies:
There were 83 water samples taken during June with 20 from public supplies, 44 from private, 7 from schools and 12 from swimming areas.
Municipal supplies were well maintained with all samples showing no contamination.
Another series of water samples were taken of the Lake of the Woods in the area from Devils Gap to Kenora through to Keewatin.
The swimming beaches at Rabbit Lake, Coney Island, Lakeside Park and Keewatin Beach were all tested on a regular basis.

Sewage Disposal:
Mr. Sanderson, Engineer with the Division of Environmental Sanitation visited here and inspected the site for the proposed Norman sewage disposal system, the St. Mary's School and the Provincial Jail.
There were 29 permits issued for septic tank installations during June - 8 in the Dryden area, 11 in the Sioux Narrows and Red Lake areas and 10 in the Kenora area. There were 80 inspections made concerning private sewage disposal systems.
A gentleman from Winnipeg operating a septic tank pumping unit in this area was reported as dumping sewage in the Norman disposal grounds. The Town Police have been asked to deal with this matter.

Refuse Disposal:
There is still some dissention on the use of the Nestor Falls dumping grounds. Alternate sites are being studied at present to try and select an area that would be suitable for the whole community.
Routine inspections were made of municipal disposal grounds and business lanes in the area. The Town of Kenora installed a sign on the Norman dump entrance road that prohibits the dumping of garbage and human excreta in the area.
A new disposal grounds was approved for the All Star Mink Ranch in the area of McConnell Lake Road. This dump will be used and maintained by the Ranch.

Summer Camps:
Two licenced summer camps on Lake of the Woods were inspected in June. Reports of the inspection were completed and forwarded as required. The camps will be reinspected this season to determine what progress was made on our recommendations.

Complaints:
There were 11 complaints received this month concerning nuisances and sewage disposal.

Interviews:
There were 59 persons interviewed concerning sanitation matters and problems during June.

Post Office For Ear Falls

According to information which has been received by W. M. "Bill" Benidickson, MP for Kenora-Rainy River from the Federal Department of Public Works, the departments propose to construct a new Post Office building at Ear Falls, Ontario, plans for which have been made and the project included in the 1959-60 programme.

The site will be near the new Ear Falls school and opposite the entrance to the Hydro reserve.

The site has been approved by the local Chamber of Commerce, the Hydro and the Postal Department.

The structure will make available about 600 square feet of space. Provision of premises by the Public Works department indicates that the revenue of the post office has reached and exceeded a certain level set by the Postal authorities.

Sylvester Nyarady Died In Winnipeg

Sylvester Nyarady, 59, of Kenora, Ont., died Friday in Winnipeg General Hospital. Mr. Nyarady came to Canada in 1926 and for the past 10 years had been the proprietor of the Paddy Lake Tourist Camp, Kenora.

Surviving are his wife, Paulina; two sons, Julius and Michael, of Kenora; two grandchildren; his mother Mrs. [illegible] Nyarady; two brothers, Daniel and Julian and a sister, Melana.

Requiem high mass was held at 9.30 a.m. Tuesday in St. Nicholas Ukrainian Catholic Church, Winnipeg, following prayers at 8 p.m. Monday in the Thomas D. McGee Funeral Chapel. Burial was in Green Acres Memorial Gardens.

Kenora Air Cadet Guest Of Navy At Vancouver

Air Force goes nautical as cadet LAC D. Gordon of Air Cadet Squadron 645 of Kenora, was a guest of the Royal Canadian Navy during the RCAF's 35th Anniversary Air Show in Vancouver.

He was one of forty cadets who viewed the air show from the decks of an RCN Harbor craft in English Bay, on July 11th. The cadets watched a dazzling exhibition of precision flying by the famous Golden Hawks, crack airforce Sabre aerobatic team, and fly pasts of many aircraft including two RAF Victor Bombers, T33's in tight formation, Neptune Coastal Patrol aircraft and a dramatic air-sea rescue operation, where three men bailed out of a Dakota, into the Bay, and were picked up by helicopter.

The cadets are at RCAF Station Sea Island, Vancouver for two weeks of summer camp, and came from N.W. Ontario, Manitoba, Saskatchewan, Alberta, and British Columbia.

Dennis Misurka Leading Pitcher In Little League

As might be expected, Dennis Misurka is the leading pitcher in Little Canadian Baseball, but he is followed closely by Stu Barber, Les Brown, and Gordon Karaim. The leader has been based on seven departments, innings pitched, number of hits he has given up, number of games won, number of strike-outs, earned runs given up, and the least number of walks given up. This is not to be confused with the method used to determine the pitching [illegible] when the earned run average is the basis of selection.

Misurka leads in giving up the fewest number of hits. He has given up only three while Les Brown and Stu Barber have allowed six each. Dennis has given up only three earned runs, Brown and Barber four, and Billy Cook five. Misurka and Brown have walked only eight men to lead in this department by a country mile.

Brown and Barber headed two sections. Barber has fanned fourty-one batters with Misurka and Brown at thirty-two. He has also won four without losing and Brown is right behind with a 3-0 record. Besides tying Misurka in the least runs category, Brown had completed all of the three games he pitched.

Gordon Karaim has turned out to be the iron man with twenty-one innings pitched and Barber has worked twenty.

TV Definite By December Member States

On Wednesday, July 8th in the House of Commons at Ottawa, in response to a starred question directed to the Minister of National Revenue, by W. M. "Bill" Benidickson, the Hon. George Nowlan placed on the record up-to-date information regarding the CBC-TV satellite or relay stations about which a number of enquiries concerning the Kenora units have been directed to the Member.

Mr. Benidickson enquired as to what funds were spent during 1958-59 fiscal year on construction and what funds were budgeted for the 1959-60 year. Further, "Bill" enquired regarding what expenditures have been made since April 1st, 1959, what committments had been made regarding each unit and at what date according to present estimates would the various units come into operation.

Regarding the Kenora unit, the Hansard return shows that in 1958-59 $1,882 was spent and $47,000 budgeted for the year 1959-60, while between April 1st and June 26th, 1959 $609.39 with committments made between the same dates at $47,124.

Through the Minister, the CBC reported that three of the units in Nova Scotia and one in Newfoundland were already in operation, while the Kenora unit is expected to come into operation in December 1959. A similar station, Moncton, New Brunswick, will also come into operation at the same time as Kenora, and also a station at Trail, B.C.

JAMES FORBES, FORMER KEEWATIN MAYOR DIED IN WINNIPEG SATURDAY

James Forbes, well known Keewatin citizen and a former mayor of Keewatin, died Saturday in Misericordia Hospital, Winnipeg, following a lengthy illness. Born in Scotland, he was 81 years old.

He came to Canada and Keewatin in 1910 and was employed with the Liquor Control Board of Ontario for thirty-seven years. He served overseas with the Canadian Expeditionary Forces during the First World War and was a decorated member of the War Amputations Association of Canada.

Keenly interested in civic affairs, he served on the Keewatin council for the years 1936 to 1938. He was mayor of Keewatin for five years in 1939, 1940, 1948, 1949 and 1950. He was a member of the Keewatin Curling Club and the Kenora Lawn Bowling Club, enjoying both sports with keen enthusiasm. He left Keewatin to reside in Winnipeg a few years ago.

Predeceased by his wife in 1958, he is survived by one sister, Miss J. Forbes, in Scotland.

Funeral services will be held in the Clark Leatherdale Funeral Home, Winnipeg, Thursday afternoon at 2.15. Rev. R. Keating will officiate and interment will be in Brookside Cemetery.

Little League All Star Baseball Tournament, Aug 3

The Kenora Little Canadian Baseball League is planning a tournament for all star teams during the Civic Holiday on August 3. It is planned to begin the one day tournament at 9 a.m. with teams being invited from Rainy River, Dryden, Emo, Fort Frances, Rabbit Lake, and two teams from Kenora.

The league is not sending a team to the Winnipeg Tournament this year, and it is felt that a tournament of this nature will compensate the boys who would have gone. It will also enable our own fans to see top flight baseball. It may not be too long before the Northwestern champion will challenge the Manitoba winner. A committee of three, Mrs. Jack Salmon, Doug Mackie, and Bob Baker are presently working on the arrangements.

Falcon Lake Beer Is Now Cold!

Of interest to visitors to Falcon Lake, Manitoba, is an announcement by the Manitoba legislature that the government is now selling cold beer at the resort. The Hon. Sterling Lyon, Attorney-General, made the announcement Tuesday.

It was a decision of the liquor control commission, he said, in reply to a question raised in the legislature by Stan Roberts (L—LaVerendrye).

Refrigeration facilities in private cottages in the resort are not the best, said Hon. Sterling Lyon, and the government thought the beer could at least be kept cool in the commission retail store.

Furthermore, it was such a long walk to the liquor store, the government felt that it would be the best if the beer started out cool.

Private resort operators won't like it, said Mr. Roberts. After all, they were peeved about the government already for opening up the resort in competition with them.

And then to add a liquor store! Why the store could sell beer 50 cents a case cheaper than private hotels at points like East Braintree could sell it. But at least, the East Braintree people could say, their beer was cold.

Not any more. Today, the beer is just as cold at Falcon Lake.

Mr. Lyon didn't feel it mattered that much. The East Braintree beer got warm by the time it was hauled to Falcon Lake anyway, he said.

Teacher Pay Hikes Given At Fort William

Under a new salary schedule accepted recently by Fort William public school teachers basic minimum and maximum salaries will remain unchanged but allowance for extra courses has been more than doubled.

The board of education, in an effort to reward teachers improving academic standing, has increased allowances to $200 from the previous $100 for every three extra courses to a maximum of $600. The new maximum is $1,400 for a bachelor of arts degree.

Basic minimum salary for public school teachers is $3,100 increasing to $5,600 in 10 years Highest salary under the present agreement is $7,600 for a person holding a B.A. degree and with 12 years' experience.

Additional allowances of $100 and $300 respectively will be given for a bachelor of education degree and bachelor of pedagogy

Lake Level Hits 1,059 Feet

For the first time since March 1st, 1958, the level of the Lake of the Woods has hit the high of 1059 feet above sea level. Even with the over abundance of rain for the past two weeks, the climb to today's level has been a slow one. For almost two weeks, the level has hovered around the 1058.71 mark.

Rainfall for the Kenora area for the past twenty-four hours [illegible] again as much at 1.31 inches.

Ottawa Man Heads Ontario Masons

The Masonic Grand Lodge of Ontario has named Mr. Clarence McLeod Pitts of Ottawa as their new Grand Master. Mr. Pitts, the forty-ninth Grand Master for Ontario, was installed today at the closing sessions of the A.F. and A.M. convention held at Toronto.

Mr. Pitts is well known for his work with the Presbyterian Church. He has been a commissioner to the General Assembly for many years.

Square And Folk Dance Workshop Set For Quetico

A Square and Folk Dance Workshop for "callers" and club executive members will be held in Friday night, Saturday and Sunday, September 11, 12 and 13, 1959, at the Quetico Conference and Training Centre, Kawene, Ontario.

The Workshop is being sponsored by the Lakehead and District Square and Folk Dance Association in cooperation with the Communicy Programmes Branch of the Ontario Department of Education.

The Workshop is planned to provide an opportunity for callers and executive members of clubs to "live-in" for a weekend of top-notch instruction and discussion under excellent learning conditions.

Further information and/or applications forms may be obtained from any Square and Folk Dance Club or Recreation Committee in Northwestern Ontario or from: The Secretary, Square and Folk Dance Callers' and Club Txecutive Workshop, c/o Community Programmes Branch, Ontario Department of Education, 400 Catherine Street, Fort William.

JUVENILE BASEBALL

CUBS 3—PIRATES 1

The new juvenile baseball league opened last night at Central Park before a large crowd of fans. For a league opener it was an eye opener, one bad inning for Pirates and three runs by Cubs spelt defeat for Pirates. The game was a real pleaser throughout, we do not know what the people watched at Keewatin but this corner bets they were not any more thrilled than the fans at Central Park. A lot of credit must go to the coaches. For the short time they have had the boys they have done a wonderful job. The players were just as wonderful in behaviour and sportsmanship, really a credit to the Town.

Of course a large per cent of these boys have had LITTLE LEAGUE TRAINING AND EXPERIENCE, and it sure proves that no time was lost nor energy wasted. Leave these boys in their class for another year or two then Kenora will have Senior baseball second to none. To this corner it is pitiful to slap a uniform on a boy and let him sit on the bench, leave him in his class he can watch Senior ball and still play, but can't serve umpire behind the plate for his two masters.

Our thanks to Bill Dunford umpire behind the plate for his officiating and helpful advice to the players, and to the gentleman that umpired bases. Also to Mrs. Jack Salmon for her interest in this league on top of her duties in the Little League. I guess its the mother instinct, and thanks to Mr. Jack Salmon for keeping score, and thank you fans for your support. Hope to see you all Saturday next when again Cubs and their parents meet Pirates and their parents.

NOW vs. FUTURE - A boy is a bank where you may deposit your precious treasures the hard-won wisdom, the dreams for a better world. A boy can guard and protect these, and perhaps invest them wisely and win a profit - a profit larger than you ever dreamed. A boy will inherit your world. All your work will be judged by him. Tomorrow he will take your seat in Council, own your company, run your town. The future is his, and through him the future is yours. Perhaps he deserves a little more of your attention now. How true, IT IS THE LITTLE THINGS NOW THAT COUNT.

Bye for now, and good luck to you all.

—Bill Watkinson

LEARN TO STRIP LEGALLY

Detroit — Thirty-four exotic dancers gathered at police headquarters for a post-graduate course on permissable stripping.

The course held at the Detroit Police Academy attracted such nightclub entertainers as Blaze Fury, Reddi (No No) Sloan and Senorita Yum Yum.

Presiding over the course was Inspector Melville Bullach, head of the police censor bureau. Bullach instructed the girls how to strip in Detroit and stay out of jail.

A majority of the city's strip-tease colony turned out.

FAILED TO HEED WARNING SIGN

Grand Rapids, Mich.—Policeman William Ryke lost his eyeglasses to a petshop monkey.

The monk snatched Ryke's glasses right off his nose as he bent to read a sign on the cage.

Attendants got them back through a ruse.

Ryke then read the sign—"watch your eyeglasses."

GEMS OF THOUGHT

EXPECTATION

When the destination is desirable, expectation speeds our progress.

—Mary Baker Eddy

Uncertainty and expectation are the joys of life.

—William Congreve

With what a heavy and retarding weight does expectation load the wing of time.

—William Mason

Nothing is so good as it seems beforehand.

—George Eliot

What we anticipate seldom occurs; what we least expected generally happens.

—Benjamin Disraeli

We love to expect, and when expectation is either disappointed or gratified, we want to be again expecting.

—Johnson

TWO-YEAR-OLD CAUSES CRASH

Albuquerque, N.M. —Thomas Teeter of Albuquerque jumped into the car, put it out of gear and it rolled downhill into a car owned by Edward T. Cooney Jr.

Patrolman Joe Cisneros said, "when I asked to see his driver's licence, he just laughed at me."

Thomas is two years old.

FASHION LIKE 1930 STYLES

Rome — Pre-opening prophecies indicate Italian fashions for fall—and winter will be classic, conservative and reminiscent of 1930 styles.

A French interloper on the Roman couture circuit states, however, that he will not conform.

"Whatever the trend is, we're against it," declared Fathtrained Patrick de Barentzen.

"We are anti-chest, anti-waist and, above all, anti any return to the past for inspiration," de Barentzen said.

The ideal well-dressed type, he added, is American film star Lauren Bacall.

MY GET-UP-AND-GO

How do I know that my youth has been spent?
Because my get-up-and-go has now got up and went.
But in spite of all that, I am able to grin,
When I think where my "Get-up-and-go" has been.

Old Age is golden, I've heard it said,
But sometimes I wonder as I go to bed,
My ears in a drawer, my teeth in a cup,
My eyes on the table until I wake up.

Ere sleep dims my eyes, I say to myself,
"Is there anything else I should lay on the shelf?"
And I am happy to say, as I close my door,
"My friends are the same as in days of yore."

When I was young my slippers were red,
I could kick up my heels right over my head.
When I grew older my slippers were blue
But still I could dance the whole night through.

Now I am old, my slippers are black,
I walk to the corner and puff my way back.
The reason I know my youth is spent
My "Get-up-and-go" has got up and went.

But I really don't mind, when I think with a grin,
Of all the places my "Get-up" has been.
Since I have retired from life's competition
I busy myself with a complete repetition.

I get up each morning and dust off my wits,
Pick up the paper and read the obits,
If my name is missing, I know I'M not dead
So I eat a good breakfast and go back to bed.

The new de Barentzen collection, which will be presented here next Thursday evening, has been described as "very enveloping and very nervous."

The word from behind the guarded portals of other couture houses is that normal waistlines are a foregone conclusion, just like collars and cuffs. Skirts are said to be slightly longer for day wear. The short box-jacket is slimming down and growing out to full length.

Trees indeed constitute Canada's most valuable annual harvest.

Piggyback Service Increases In 1959

In 1958, 61,865, highway trailers were carried on railway flatcars by Canadian Pacific Piggyback Services in eastern Canada and Canadian Pacific Transport Company in western Canada.

This figure, comparing with a total of 24,059 trailers carried by trains in 1957 ,gives a magnified ratio of growth, however, because Canadian Pacific only began to carry motor common carrier "for hire" trailers (trailers not owned or operated by the company) in October, 1957.

Between Oct. 9, 1957 and the end of that year, Canadian Pacific handled 4,660 trailers for independent highway transport operators, and this figure jumped to 42,415 in 1958, first full calendar year of operation.

Steady growth of piggyback operations, which combine the flexibility of highway transport with the efficiency of intercity railway mass transportation, is anticipated by Canadian Pacific which now has 863 specially-equipped flatcars assigned to this type of service.

The equipment on the flat cars consists mainly of hitching devices to hold the trailers in place during transit and roller bearings to enable the trains to move on passenger train schedules and with fewer stops than are required for regular fast freight trains.

Road transport services in Western Canada use a fleet of 500 trucks and trailers in covering some 3,000 highway miles. Of these 275 are semi-trailers owned and operated by Canadian Pacific Transport.

In the east, there are 46 railway-owned semi-trailers assigned to the all-rail piggyback service between Montreal, Toronto, Hamilton and London. In order to round its highway freight facilities, Canadian Pacific last year acquired a controlling interest in Smithsons Holdings, Limited, which owns Smith Transport Limited largest trucking company in Canada, whose operations, together with a number of affiliated companies in the highway transport business in eastern Canada, extend over some 7,000 highway route miles from Nova Scotia to Manitoba. Canadian Pacific owns or controls trucks operating over almost 10,000 route miles extending from coast to coast.

Canada's main piggyback operation is between Montreal and Toronto, where Canadian Pacific offers overnight delivery in each direction on the 340-mile route Two solid piggyback trains are operated each way four nights a week, Monday to Thursday inclusive, and one solid piggyback train each way on Friday and Saturday nights. Solid piggyback trains are also operated each way five nights a week, Monday to Friday inclusive, between Montreal and Ottawa and between Montreal and Quebec.

The average piggyback haul for common motor carrirs is 415 trailers, 350 miles. In the west, the average Canadian Pacific Transport haul is 412 miles. These figures compare with Canadian Pacific's average freight haul of 466 miles.

Although piggybacking is usually considered a modern development in railroading, it goes back at least 100 years on one subsidiary of Canadian Pacific. When the Dominion Atlantic Railway in Nova Scotia opened in 1858, piggybacking of horse-drawn carriages accounted for 15 per cent of the line's business.

Another interesting development in piggybacking occurred in October, 1958, when for the first time two common carrier trailers were carried on flatcars attached to a Canadian Pacific passenger train between Winnipeg and Fort William. This first attachment of piggyback service to a passenger train was designed to provide overnight service between Winnipeg and the Lakehead. Ten cars were equipped for this service, allowing five each way each day.

Preparation Needed For Good Painting

Good painting means not only an attractive finish but a paint job that will last. This requires some knowledge as well as a certain amount of skill.

Before painting new wood surfaces all knots should be covered with shellac or other sealer. Otherwise the resins contained in the wood will blemish the finished paint job. New lumber with a rough or unplaned surface should be sanded before the paint is applied.

Unpainted wood, plaster and plaster-board surfaces should always be primed with a sealer before it is given the finish coats. Prepared primer paints can be obtained at any paint or hardware store.

If the surface to be painted is mildewed, it should be cleaned with a solution of sodium carbonate or other recommended preparation. The surface should then be thoroughly rinsed and left to dry before the paint is applied.

Wood work must be dry before painting with an oil base paint. Trouble is bound to develop if paint is applied over wood that is not properly seasoned. Moisture under painted surfaces will cause the paint to blister and peel.

When painting masonry the surface should be dry if oil paint is to be used but rubber paint and special water soluble cement paints may be applied over a wet or damp surface.

Before redecorating painted surfaces, all loose paint should be scraped off and the surface smoothed with sandpaper or steel wool. In some cases it might be advisable to loosen the old paint with paint remover, scrape the surface clean then proceed as with an unpainted surface.

Better results can be obtained if the primer coat is allowed to dry thoroughly before applying the succeeding coats.

It is important in every case that the paint manufacturer's instructions be followed rigidly if good results are to be obtained.

For interior painting good ventilation is needed to dissipate the fumes and to assist in drying. Good lighting is also essential for interior work and daytime painting is recommended as sunlight will permit a better inspection than artificial light.

Farmers derive good revenues annually from their woodlots.

ROYAL GARDENS SAID HORROR SHOW

London—The London Sunday newspaper The People complained that Queen Elizabeth's famous flower gardens at Sandringham, her country home in Norfolk, have become a "one and six horror show."

The newspaper says thousands of tourists make special journeys every year to see the gardens and "pay one shilling and sixpence (20 cents) each to see an appalling display of weeds among a miserable collection of flowers." The money goes to charity.

The people says Prince Philip is to blame for the current condition of the gardens.

In his attempt to "cut the loss on Sandringham, 16 acres of the gardens have been turned over to vegetables—as well as the greenhouses. Half the beds no longer exist and those that do are dying of neglect," it added.

The pulp companies manage the forests wisely and in perpetuity.

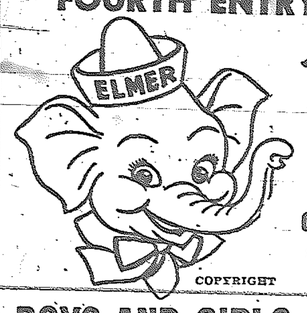
ELMER'S
LIMERICK CONTEST

FOURTH ENTRY — DEADLINE JULY 22



Big Prizes

New Raleigh Bicycle and
50 Rocket Radios Every Week.
Grand Prize—A Trip to Canada's West

SPONSORED BY RALEIGH CYCLE INDUSTRIES (CANADA) LTD. IN THE INTEREST OF CHILD SAFETY

COPYRIGHT

BOYS AND GIRLS—THIS IS YOUR CONTEST

Hi Kids,

Here's the fourth part of my Limerick Contest, and here's my fourth safety rule:

"PLAY YOUR GAMES IN A SAFE PLACE AWAY FROM THE STREET"

Now here's the contest and here's what you can win! Every week, in an announcement like this, I'll give you the first four lines of a limerick about one of my safety rules . . . and I'll give you the safety rule so you can make up the last line of the limerick to suit the rule. Be sure it rhymes with the first line. After you've made up the last line, fill in the entry blank and mail it to me. Get mother and dad to help you if you like. Maybe you'll win one of the prizes for the week. When we've gone through all the rules, we'll have a special limerick covering all six rules. The grand prize for this one is a trip for you and one parent, guardian, teacher or any adult of your choice, to Canada's west!

So read the rules, put on your thinking cap and get busy. Good luck!

ELMER

RULE No. 4

HOW TO WIN

1. To enter, make up the last line of the limerick shown. Entries will be judged on their rhythm and rhyme, and how their ideas fit in with the first four lines. Last line should rhyme with first line.
2. Any student who attended an Ontario public, parochial, or private elementary school during 1959 may enter.
3. Children of employes of this newspaper, the Ontario Safety League and Raleigh Cycle Industries (Canada) Ltd. cannot enter.
4. This entry must be postmarked not later than midnight Wednesday, July 22, 1959, and mailed to the address on the entry blank.
5. Each verse must be mailed with an entry blank or reasonable facsimile. All entries become the property of Elmer the Safety Elephant, and cannot be returned.
6. Judges of the contest will be people who are teachers, writers and traffic safety authorities. The judges' decisions are final.

IN MEMORIAM

McDONALD — In loving memory of our dear dad and Grandpa, John McDonald, who passed away July 15th, 1958.

You can only have one father,
Patient, kind and true.
No other friend in all the world,
Will be as true to you.
For all his loving kindness,
He asked nothing in return
If all the world deserted you.
To your father you could turn.
So all we can do dear father,
Is go and tend your grave.
And leave behind a token of love
To the best Father God ever gave.

Always remembered by the Family.

IN MEMORIAM

McDONALD — In loving memory of my dear husband, John McDonald, who passed away July 15th, 1958.

When around your bed each day
we stood.
And watched you fade away.
My heart was crushed and
broken.
You fought so hard to stay.
We watched you suffer and heard
you sigh.
All we could do was just stand
by.
God took your hand we had to
part.
He eased you pain but broke my
heart.
You were happy and smiling,
always content.
Loved and respected wherever
you went.
Always thoughtful willing and
kind.
Beautiful memories you left behind.
More and more each day I miss
you.
Friends may think the wound is
healed.
But they little know the sorrow.
Lies within my heart concealed.

Ever remembered and sadly missed by your loving wife, Myrtle.

ANNOUNCEMENTS

This is an invitation to the residents of Kenora, Norman, Keewatin and district to attend the tea at Pinecrest this coming Thursday, July 16th from 2.30 to 4.30. The staff at the Home are busy preparing for this event sponsored by the Ladies Auxiliary and the management in happy anticipation that you will come out. The men of the district are especially invited.

DUGGAN—HAGBERG

A beautiful double ring ceremony was solemnized at Holy Cross Church, Norwood on July 4th at 4.00 p.m. when Lillian Ethel, daughter of Mr. and Mrs. J. Hagberg, exchanged vows with Dean Edward, son of Mr. and Mrs. J. Duggan of 96 Birchdale Ave., Norwood. Rev. C. Empson officiated. Mrs. Jan Sapinski, soloist was accompanied by Miss Carol Harrison at the organ.

Carrying a spray of deep pink roses and forget-me-nots, the bride was becoming in a white, floor length gown of silk organza, bouffant skirt over crinolines and hoop, from a dropped waistline, with bustle effect at the back. The fitted bodice had a scooped neckline outlined with iridescent sequins and pearls, sleeves ending in lily point. Her shoulder length veil of organza was caught by a Swedish crown. Miss Helen Charambura her maid of honor; Mrs. Frank Haasbeek, Misses Sandra Hagberg and Janet Shushack, bridesmaids, were gowned alike in cocktail length, hot pink nylon chiffon, bouffant skirts over crinolines, fitted bodices with matching mittens and shoes. Flat bow headdresses matched their gowns. They carried sprays of white baby mums. The little flower girl Janet Shushack chose a gown of hot pink with appliques of white lace.

The groom was attended by Mr. Jack Duggan as best man, while Messrs. William Cavell, and Fred Hutcheon ushered the guests.

After a reception held at the Highwayman, the couple left for Banff, Lake Louise and Calgary, They will reside in Norwood.

National Film Board Productions Popular In U.S.A.

MONTREAL — Two national Film Board productions . St. Lawrence Seaway" and "The Sceptre and the Mace" have been telecast almost 300 times over United States stations within the past month, it was announced today by Len Chatwin, NFB director of distribution.

"Television stations tell us that, as a result of the current visit of Her Majesty and Prince Philip to North America, viewers want to know more about the Queen's role in Canada's government", Mr. Chatwin said. " 'The Sceptre and the Mace' supplies the answers".

Stations in or near Chicago accounted for several of the bookings of "The Sceptre and the Mace." In New York, advertisements in the daily newspapers invited people to watch the film. Several of the telecasts have been in color.

"The Sceptre and the Mace" was produced by NFB when Queen Elizabeth and Prince Philip last visited this country, in 1957. The film has been in distribution through theatres and local film libraries since that time, but was released for television use only within the past few weeks.

The attendance of President Eisenhower, vice-president Nixon and New York state governor Rockefeller at the joint ceremonies inaugurating the St. Lawrence seaway focussed additional attention of United States viewers on the new international waterway. As a result, more than 225 U.S. television stations have booked the NFB film "St. Lawrence Seaway", which tells about the seaway's construction and the role it will play in North America's economic development.

Currently, the National Film Board is working on "Royal River" a 30-minute color film due to be released early in August through 20th Century-Fox corporation. The picture will describe the historic importance of the St. Lawrence river, there will be scenes of Queen Elizabeth and Presiden Eisenhower officially opening the new seaway, and the film will follow the royal yacht Britannia as it sails from salt water to the Canadian Lakehead, some three thousand miles inland.

Ban Portable Radios On Airlines

Montreal—Operation of portable radios and other electronic devices by passengers on international airlines has been banned, the International Air Transport Association has announced.

IATA said the devices can sometimes affect radio navigation aids in the pilots' cockpit by emitting static signals.

Hearing aids are not prohibited.

The IATA resolution, submitted to governments for approval, is effective July 15.

Individual companies are already enforcing it.
