CITIZENSHIP CEREMONY SLATED FOR THURSDAY

A special Sitting of the District Court of the District of Kenora will be held at the Court House on Thursday, August 6th, at 3.00 p.m. for the purpose of conferring citizenship. This Court would normally have been held in June but was postponed by reason of the death of the late Judge E. C. Popham. His Honour Judge L. A. McLennan will preside at the Court where some 73 applicants for citizenship will take the Oath of Allegiance and will leave the Court Room as Canadian Citizens.

At this very interesting ceremony, Judge McLennan will be assisted by The Reverend R. J. Leighton, of Knox United Church, Kenora, and also by Mr. E. L. Carter, Chairman of the Kenora-Keewatin District High School Board.

Judge L. A. McLennan

This has always been an impressive ceremony for those who have come to Canada to make their homes and who have indicated a sincere desire and intention to become good citizens and real Canadians.

The general public are most welcome at this Court and particularly those who have not previously attended a Citizenship Court will find it interesting and inspiring to witness the new Canadians taking the Oath of Allegiance and being welcomed as Canadians.

Those who will be sworn and receive their certificates are:-

Albrecht, Michael, Kenora.
Andersen, Anders Christian Bille, Kenora.
Baraniak, Jozef, Kenora.
Baraniak, Pelagia, Kenora.
Boss, Eduard, Madsen.
Chulumovich, Steve, Sioux Lookout.
Christensen, Thorvald, Camp Robinson.
Egli, Margritha, Minnitaki.
Egli, Robert Henry, Minnitaki.
Eisbrenner, Lina Lydia Ruth, Quibell.
Eisbrenner, Robert, Quibell.
Ferrari, Lidia Brigida, Balmertown.
Flader, Edward, Kenora.
Flint, Charlotte Henrietta Pauline, Kenora.
Gerylo, Andrew, Glenorchy.
Giansanti, Renato, Cochenour.
Habermann, Karl-Heinz, Cochenour.
Jankowski, Henryk, Madsen.
Jankowski, Weronika, Madsen.
Janusas, Jonas, Keewatin.
Janusas, Marga, Keewatin.
Jedraszek, Helen, Red Lake.

CJRL Knocked Off The Air By Violent Storm

Once again Radio Station CJRL was the victim of a violent electrical storm. Last night's spectacular display of lightning provided the Station's engineer with more than the usual repair work. When the storm struck about 9.00 p.m. it not only knocked out CJRL's transmitter but also the Ontario Hydro lines which supply power to the transmitter area.

When power was restored about 4.00 a.m., work on repairing heavy damage to the transmitter, began. By 8.50 a.m. the Station was back on the air.

Almost a half inch of rain fell in the space of 20 minutes. The reading was .47 of an inch. The Lake level today stands at 1058.60, no change in the past week.

HEAD ON SMASH

Two cars were extensively damaged and two persons slightly injured in a head-on collision on the Laclu Road at 12.30 a.m. Sunday. Leslie Heron of Norwood, driver of a 1957 Monarch and his daughter, were injured when their car was in collision with a 1955 Chevrolet driven by Robert Letain of Kenora. The accident took place five miles north of Highway 17.

Three Injured In Car Collision

Three people were injured in a three car collision Saturday afternoon at two-thirty. The accident which occurred on highway 17 near Duguay's Motel resulted in two Winnipeg people, Mrs. Ada Brown and her son Philip Brown and Jack Thompson of Kenora all being taken to General Hospital by ambulance.

Mrs. Brown suffered cuts to her face, head, chest, knees and hands, her son had similar injuries and Jack Thompson a fractured foot.

Police report that the accident occurred as a Vet's Cleaners truck, travelling west and operated by Raymond Zroback and with Thompson as a passenger, slowed down to make a left turn. A Brett's gravel truck with a three ton load following behind and operated by John Batiuk was unable to stop. He crashed into the rear of the Vets truck shoving it into the path of the Brown car which was travelling east.

All three vehicles were extensively damaged.

OPP Looking For American Tourist

The Sheriff of Sidney, Iowa has asked the co-operation of the Ontario Provincial Police to locate a Mr. L. Thomas who is believed holidaying in the Lake of the Woods area. Anyone knowing the whereabouts of Mr. L. Thomas is asked to contact the local OPP headquarters at HO 8-8861.

The OPP also report that they have loctaed a stolen car which was taken from Dryden, Saturday evening and also a boat and motor stolen from Minaki. Charges will be laid.

Man Hit By Train Near Redditt

John Kokopenace, 45 of Brinko, Ontario, is in St. Joseph's Hospital, Kenora, in fair condition after being hit by Canadian National train No. 1 at Redditt. The Ontario Provincial Police report that the man was injured Saturday afternoon at four o'clock. He was rushed to Kenora by ambulance.

No other details concerning the accident are available.

Severe Storm Does Extensive Damage In Kenora Area

Last night's severe electric storm while short in duration, did much damage in the Kenora area. Hydro lines and telephone lines were put out of commission, roads were blocked by fallen trees, camps were damaged and boats were swamped.

The storm which struck shortly after nine o'clock lashed the town with fifty mile an hour winds. Trees were uprooted all over town but damage was heaviest in the Sioux Narrows area, where many portions of the road were blocked with motorists having to stop every so often to remove the trees. The Akwanee Lodge road and north of the Sioux Narrows park were the heaviest hit.

Only reported lightning damage was the destruction of Bill Bush's camp at Spruce Lake. The cottage was completely destroyed by fire after being struck by lightning.

The Winnipeg electric line connecting the Manitoba Power System with Ontario at Seven Sisters was also knocked out and at press time was still not in working order.

Power lines in the Kenora area suffered considerable damage and many parts of the district are without power. Local crews have been repairing the damage since early last evening. Emergency crews and equipment from Dryden and Fort Frances arrived in Kenora this morning in order to restore service to all customers affected as soon as possible.

Ontario Hydro officials report that particularly severe damage was done to lines serving many islands on the Lake of the Woods in the Sioux Narrows area and the east and west highway. Minaki, Redditt and the northern part of the district were not in the path of the storm.

Magistrate's Court

Three motorists, two from Kenora and one from Jaffray, charged with speeding on the highways were each fined $10 and costs. A Fort Frances resident charged with operating a motor vehicle without a licence paid $10 and costs.

A Keewatin man charged by the Keewatin police with causing a disturbance by being intoxicated was fined $25 and costs.

Three district people charged with being drunk each paid $10 and costs or 7 days.

A Montreal man appearing on a vagrancy charge was given 24 hours to leave town or three months in jail.

Neglecting a child's dental condition may lead to crooked teeth and jaws in adulthood. Proper dental care should be given from the age of three years.

1,500 ENJOY ROTARY'S CIVIC HOLIDAY PICNIC

The unanimous verdict of some 1,500 happy youngsters and parents last night directed a vote of thanks to members of the Kenora Rotary Club for staging the most successful Community Picnic in the Club's history. Favored by ideal picnic weather, backed up by solid organizational work, the annual outing proved to Kenora that it has, at Coney Island beach, one of nature's most beautiful spots for summer enjoyment.

While nature played a big part in the success of the day, the various sporting events added greatly to the interest for participants and spectators, alike. Highlighting the program was the tremendous battle for second place in the Marathon Swim, the feature event in the water sports department. Don Cameron & Fred Weber followed closely by Richard Jackson, raced for the beach and 2nd prize, shoulder to shoulder. The official verdict went to Don Cameron, followed by a half second by Fred Weber and by Richard Jackson, a half second later. Top honours went to Don Hager of Lac Lu who raced to a sensational win in the brilliant time of just 52 minutes. Cameron was clocked at 1.02; Weber at 1.02.005 and Jackson at 1.03.01.

For Hager, it was a repeat performance of a year earlier, when he won the 2½ mile swim. Only the day before (Sunday) he won a mile swim against 14 swimmers at Lac Lu.

The Water Tilting title went to Brad Holmes and Bob Bond who out-lasted Garry Sutherland and Bob Cameron. Other results are are follows:

SWIMMING

Girls and Boys - 7 and Under:
Tommy Cormack
Girls - 8 to 10 Inclusive:
Carla Leroux, Anita Bedard, Donna Baker.
Boys - 8 to 10 Inclusive:

RED CROSS VISITORS MAKE CHARMING GOOD WILL AMBASSADORS

Two charming visitors to Kenora, Miss Gladys Salazar Moscoso of Lima, Peru and Miss Frances Quartermain of Christchurch, New Zealand have found much to their liking in our town and have also made some pertinent comparisons in the three days they have been here. Both girls are delegates to the International Junior Red Cross Study Centre to be held in Toronto, August 11 to 22. Prior to the sessions, each guest to Canada is spending a week in a Canadian home. While in Kenora, Miss Quartermain is the guest of Miss Gloria Watts and Miss Salazar Moscoso is the guest of Miss Margaret Ann Jackson.

It's so different here said the Peru delegate in an interview Tuesday afternoon, "Why your men work." What do you mean work? queried this reporter. I mean work in the home helping the woman, was the answer. In Peru, a man would never do that, but its a good idea, said Gladys. Your food is so different too, but so good. When asked if she had a boyfriend, this charming girl was at a loss. All of a sudden, flashing a big smile, she said, oh you mean a sweetheart, no I haven't one - - - - yet. Gladys works as secretary of the Junior Red Cross in Lima. This is her first trip away from South America and she is enjoying it immensely.

"My what swishy cars you have in Canada, but you all drive on the wrong side of the road", was the New Zealand delegate's first impression of Canada. Back home, she said, big cars are a rarity, since little English cars are the fashion.

It is so hot here too, so much hotter than in New Zealand, continued Fances. This came as a surprise to this reporter, since I was under the impression that it is much hotter "down under". In winter, she said, which is the season now, we usually have one snowfall, lasting only a day.

Frances also was enjoying our food. You have so much variety, she said, particularly in frozen foods, ice cream and packaged food. She especially likes our chocolate "dips" in the ice cream line. She found it strange that buns and cakes were packaged here. In New Zealand, you ask for a dozen buns, they count them out and put them in a bag.

We aren't allowed to wear shorts on the street in New Zealand and girls wear uniforms to school, even high school, said Frances.

The two visitors are being taken on various tours. They will visit the paper mill, and flour mill, go for a trip on the Argyle, go swimming, fishing and riding.

New Zealand and Peru can be proud of their delegates, the epitome of good will and friendliness, they are ambassadors of the highest calibre and should do much to further international understanding.

FIRE DEPT. ACCEPTS DELIVERY OF NEW CAR

The Kenora Fire Department are proud owners of a brand new squad car and auxiliary ambulance. The vehicle replaces the old 1941 truck which the Town secured from the Air Force and which served as a second ambulance.

False Alarms Are Doubly Dangerous Says Fire Chief

The Kenora Fire Department answered two calls in quick succession last night. The first call was a general alarm, from Box 123 in the Valley Drive Area. It proved to be false.

Just as the equipment returned to the hall at 11.47, a second call came in, this from the home of Ray Reynard, 805 6th Avenue South. Apparenty a faulty oil burner was the cause. No damage resulted to the building.

Fire Chief Reg Davie today stated that false alarms pose an extra hazard to the safety of the Town. The number of men on duty has been reduced to the absolute minimum by the adoption of the 40 hour week. Ambulance calls are an added demand on manpower. Therefore, said the Chief, there is little or no reserve of firemen in the hall to answer genuine calls when others are out on false alarm trips.

Acquitted In Case Of Guide Licence

The operator of a Sioux Narrows tourist camp was found 'not guilty' in Magistrate's Court Tuesday afternoon of hiring a man to act as a guide who did not possess a guiding licence. The man who was said to be acting as a guide was found guilty of guiding without a licence and fined $15 and costs or 5 days in jail.

The case arose when a Lands and Forests conservation officer dropped out of the skies in his helicopter to check on a fishing party. Two occupants of the boat were non-residents and possessed fishing licences. The third man was a resident of Sioux Narrows and employed as a carpenter at the tourist camp in question.

The carpenter told the court [illegible] working at his trade [illegible] question until a.m. [illegible] accepted an invitation [illegible] two men to go fisihng with them. He testified that he was fishing, and not guiding for money, when apprehended.

"Everyone could tell the same story", the Magistrate replied, explaining that even the hope for a reward without formal agreement on charges, was sufficient to register a conviction.

NOT GUILTY

The camp operator told the court in presenting his evidence, that the man was employed as a carpenter all last season and since April 8th this year exclusively as a carpenter. July 26th was the hottest day of the year, and because it was impossible to handle asphalt shingles after 10 a.m. he had given permission for his carpenter to suspend work. The two men in the boat were house guests (not paying guests) from Florida, said the camp owner, personal friends of the family.

The camp owner, in questioning the conservation officer, asked if it were not true that residents of Ontario can fish without a license. The answer was in the affirmative. The accused then asked of it constituted a crime for an Ontario resident to go fishing with non-residents who hold licences. It was not illegal was the reply.

The charge against him was dismissed.

A 16 year old youth from Sioux Narrows pleaded guilty to guiding without a licence. He looked younger than his years and the Magistrate said that no jail alternative would be levied if the $10 and costs wasn't promptly paid.

A second Sioux Narrows camp owner charged with employing six people as guides who were not licenced was fined $50 and costs.

Four men from the same area charged with acting as guides while not holding a licence were each fined $15 and costs or 5 days.

A Wisconsin man paid $15 and costs for having more than six yellow pickerel in his possession.

A Winnipeg man lost his rifle and paid $15 and costs for unlawfully carrying a firearm during closed season.

An impaired driving charge laid by the Ontario Provincial Police resulted in a Winnipeg motorist paying $100 and costs and having his drivers licence suspended for three months.

Little League Ball Tournament Is Huge Success

By Bob Baker

The stands could not hold everyone that had assembled to watch the Civic Holiday Little Canadian Baseball tournament. Seats were scarce as the fans overflowed the stands and found room around the fence. They saw two Kenora teams battle it out in the final without much difference between them. But that was the ending of a great day for the boys. The morning began with a number of men cooperating to put up the booth for pop and hot dogs. Everyone pitched in to put the field in shape after the rain from the night before. The day's games began at 10.30 a.m.

It was Keewatin 10 and Dryden "B's" 7 after an extra inning. On the other diamond Kenora "A" team was downing a classy Rainy River nine by 8-2. In the lone game for noon, Kenora "B" team slipped past Dryden "A" 10-4. At 2 p.m. Kenora "A" ousted Keewatin 22-2 while Rainy River put Dryden "B" out of the running in "B" event, 4-3. At 4 p.m. Rainy River won the "B" event by beating Dryden "A" team 11-6.

About 600 odd fans turned up to watch the two Kenora entries battle for the "A" event championship. It was probably the best baseball they had seen all year. The pitching was great, the hitting hard, and the fielding sensational. Dennis Laliberti started for the "A" team and Billy Cook for the "B" team. The "A's" opened the scoring in the first inning on Stu Barber's two-run double, and ran the score 3-0 in the third. The "B's" sensing that things had gone far enough came right back. A single by Les Brown and a long home run by Billy Cook finished Laliberti. Dennis Misurka came on to mop up and pitch in great style the rest of the way. Nobody on either team made more than one hit. The battle from the third on was really tense, and the crowd applauded spontaneously for each fine play made by the boys.

		R	H
Kenora 'A'	2 0 1 0 0 0 -	3	5
Kenora 'B'	0 0 2 0 0 0 -	2	6

After the game the presentations were made to the winning teams, a dozen baseballs to Rainy River and a dozen to Kenora. Ted Earley of Dryden presented the team Championship trophy won by Coca Cola at Dryden on July 1st, and the individual most valuable trophy award to Dennis Misurka. He was probably the most outstanding player during the tournament.

The Little Canadian Baseball League members are enthusiastic over the support and co-operation that has been given this venture. We feel that it has been good for the boys, more so than sending a team to Winnipeg because more boys played in the tournament, more people were able to see tournament ball, and to see that it is a full, busy, and tiring day.

The League would like to thank the ladies who billeted out of town boys. We have been told by them that they enjoyed having the boys. Thanks also to the ladies who worked at the booth, took up collections at the games, and to the umpires who ran the games and did such a fine job. We also appreciate the co-operation of the out-of-town teams who added that touch of something new and different for the fans to watch. We also thank the local newspapers and radio station for their publicity to this tournament and the league throughout the summer. They are doing their part in bringing local news to our town in excellent fashion.

In closing I think it only fair to mention two ladies who worked at the park all day, and if it were not for them and their efforts we would not have baseball as we enjoy it today for the boys. I think the parents and the boys owe a debt to them, and I know that as re[illegible] ing more than that the generation who is benefiting from their labour now continue their work in the future.

A pile of clean sand and old kitchen pans may attract small children more than complicated toys.

James M. Muir, of Winnipeg, has been appointed assistant purchasing agent (fuel) for the Canadian Pacific Railway's prairie and Pacific regions, effective August 1. Born in Glasgow, Scotland, he joined the company in 1923 as a machinist apprentice at Brandon roundhouse, and, prior to his new post, was a clerk in the fuel department at Winnipeg and chief clerk there for the past three years.

Rotarians Enjoy Lake Of Woods Film

"A job well and truly done" was the tribute paid to members of the Kenora Rotary Club at their Tuesday luncheon, when J. W. Sutcliffe, community picnic chairman warmly thanked the members for their untiring and most co-operative effort in supervising a most successful community picinic one of the most successful in years, at Coney Island on Monday.

President T. A. O'Flaherty presided and one visiting Rotarian from Alberta was welcomed. Nine others who were recorded on Monday, usually the regular meeting day will be given their attendance reports.

Birthday congratulations were extended to members E. Jackson, G. T. Beatty and J. Ouelette.

The program was Kenora's own film on Lake of the Woods and tributory waters, made here last year by Ralph Seaman, sec[illegible] tion Club of America. Mr. Seaman was so delighted with the results of his visit, that he has returned again this year to take another film and especially of muskellunge.

Last year Mr. Seaman, one of the States outstanding anglers raised the old-timer in Big Narrows. This huge fish is characterized by one eye, and is estmiated to come close to sixty pounds. If Mr. Seaman is successful, Lake of the Woods will get some of its finest publicity in years.

Elmer Offers Boys And Girls Chance "To Go West"

"Go west young man, go west!" We've all heard these words from the fabulous pioneer days. Then western Canada meant adventure - the unknown - maybe even gold discoveries! Well, it's still pretty exciting to go west, and this summer, some lucky boy or girl is going to win a wonderful all-expense paid tour of western Canada, with an adult of their choice. This is the grand prize in the ELMER LIMERICK CONTEST, sponsored by the Ontario Safety League in co-operation with the newspapers of Ontario. It is so simple to win: Watch for the grand entry form to appear in this paper, then just complete the last line of each of the six limericks given, and send it to Elmer the Safety Elephant along with the entry form.

Here are some of the things you'll do and see if YOU'RE the lucky winner. You'll visit such wonders as Lake Louise, Banff, Kicking Horse Pass, Emerald Lake, Stanley Park, Grouse Mountain any many other exciting and breath-taking places.

Imagine yourself boarding the luxurious Canadian Pacific Railway's "Canadian," arriving at Banff, that mile-high mountain village in the centre of beautiful Banff National Park, and staying at Banff Springs Hotel where you'll have a majestic view of those world-famous Rocky Mountains! There you can swim, go for a mountain ride on horseback, and enjoy any number of those great holiday treats that Banff has to offer.

Then on to Lake Louise - the Gem of the Rockies - with its lovely Chateau on the shore, that really does look for all the world like a castle! The sunrise on Victoria Glacier reflected in the tourquoise waters is a sight you'll never forget.

Next we go to Yoho Valley - this means "wonderful" in Indian - via Kicking Horse Pass and famous Emerald Lake.

Once again you board the "Canadian," and via the Canadian Pacific Steamship Lines you arrive in Victoria. That's on Vancouver Island, "way off on the other side of the country," and what a chance this is to see the most beautiful gardens in the world, and, incidentally, to have a steamer ride with a wonderful view of the Pacific Ocean. Back you go to Vancouver, where you'll visit Stanley Park with its enormous Lions Gate Bridge, and go up Grouse Mountain on a chair life!

There it is, boys and girls, the chance of a lifetime to see your own country! Be sure to try for this wonderful prize trip. Enter the final ELMER LIMERICK CONTEST appearing in this paper this week.

Magistrate's Court

Infractions of the liquor act accounted for the majority of the cases on this morning's docket.

An Ear Falls woman charged as a third offence drunk was sent to jail for three months.

Two second offence drunks, one from Bissett, Manitoba and one from Kenora, were each fined $50 and costs or thirty days. A Winnipeg man appearing as a first offender paid $10 and costs or seven days.

Causing a disturbance by being drunk cost a district man $25 and costs or 10 days. $50 and costs or thirty days was the fine meted out to a district man for having an intoxicant on a reserve.

Two motorists charged with speeding on the highway in Keewatin each paid $15 and costs or 3 days and received 3 demerit points.

SEASON'S FIRST ACCIDENT

DROWNING CLAIMS LIFE OF JAMES FERGUSON

The first drowning accident of the season, for the town of Kenora claimed the life of Hilton James Ferguson of 805 Robertson Street. Town Police report that Mr. Ferguson in company with Wesley Campbell had gone for a swim at 2.15 a.m. this morning from the Ontario Central Airlines launching ramp in Lakeside.

Both men dove off the ramp, and in doing so, both hit part of the ramp that is under water, Mr. Ferguson hitting his head and Mr. Campbell fracturing his arm Cries for help resulted in the arrival of the town police in a matter of minutes Mr. Ferguson's body was recovered and artificial respiration applied to no avail. The man was pronounced dead by Dr. Leckie.

The late Mr. Ferguson was born in Deloraine, Manitoba, July 1st 1913, and was in his 47th year.

He came to Kenora in 1944 and joined the services of the CPR the same year as a trainman. He was promoted to conductor in 1953. A veteran of the Second World War, he saw service with the signal corps.

He is survived by his wife, the former Eleanor Ruth Buchanan, one son James and one daughter Christine both at home.

Resting in the Chapel of the Brown Funeral Home until 9 o'clock tonight, the remains will be forwarded Thursday morning to Mordue Bros. Funeral Home, Broadway Avenue, Winnipeg for service at 1.15 Saturday afternoon, August 8th. Interment will be in Chapel Lawn Memorial Gardens, Winnipeg

Conifers are the leading species in the forests of Canada.

DRYDEN'S MAYOR HEADS NORTHWEST ONTARIO DEVELOPMENT ASSOCIATION

Mayor John L. Skillen of Dryden was unanimously elected president of the Northwestern Ontario Development Association at the annual meeting of directors at Port Arthur last weekend. He succeeds Sam J. Shaffer, head of the association for the past two years.

A charter director of the organization, Mayor Skillen was first vice-president during the past year He has been one of the staunchest proponents of regional economic development, assuring vigorous leadership of the association in the year ahead

Other officers named for 1959-60 were: First vice-president, V. K. Croxford, Rainy River; Second vice-president, F. Harry Black, Port Arthur; secretary-treasurer, C. W. King, Port Arthur. Directors, named earlier in the year, are: Mayor Walter Hodkinson, Keewatin; Sam J. Shaffer, Fort William; Robert J. Prettie, Port Arthur; Ald. Alex Anderson, Fort William; Ald. Jack Stitt, Port Arthur; Reeve George O'Neill, Nipigon; Arnold Gill, Chapple; Mr. William Fuller, Sioux Lookout; R. L. Ditmars, Oliver.

Attending the meeting was Donald F Taylor, newly-appointed chairman of the Northern Ontario Economic Development Committee that was established in April of this year to act in a continuing supporting and liaison capacity on problems of particular significance to this section of the province. Mr. Taylor reported at length on action taken by the committee on numerous briefs and proposals made by northwestern organizations during four days of hearings held a few months ago at the Canadian Lakehead.

NODA directors by resolution expressed confidence in the committee and emphasized the northwest's expectation that the committee will fill a permanent role in speeding action by government departments on recommendations originating in this region.

The board also accepted the 35-page report of the association manager, Alexander Phillips, which reviewed northwestern growth during the past year, forecast continued economic expansion and stressed some of the roadblocks to progress such as freight rates, sub-standard highways, lack of a development fund to assit new industries locate in the area and to help existing plants to expend

Murray McDougall, Toronto, Trade and Industry Branch representative on the NODA board, commended the association on the breadth of its program and said it was successfully carrying through the original conception of an economic development program for this part of the province.

The board of directors decided to establish an advisory group of the northwest's industrial and business leaders interested in the area's growth to give the board expert and effective help in their activities.

CANADIAN SOFT BALL

By Bob Baker

COCA COLA TOPPLES ACME

Gary Hall of Coca Cola and Dennis Lindsay of Acme hit each other hard. Hall clubbed four hits, all singles, while Lindsay belted two singles and two doubles.

Cokes opened up and scored freely until they had built up a 9-0 lead by the third. After two were out in Acme's half of the third, Lindsay started a rally with a single and Allan Hicks and John Spryszak added two run singles with the bases loaded. By the time the third out was made, Acme had pushed over seven runs. Lindsay and Jerry Michash tied the game in the fourth. It was not until the eighth that Cokes managed three runs off reliever Billy Cook, who took the loss, while Acme could score only once on Gary Hanstead who had taken over for Hall in the sixth.

										R	H
Coca Cola	4	2	3	0	0	0	0	3	-	12	11
Acme	0	0	7	2	0	0	0	1	-	10	12

It took eight innings last night before Coca Cola come out on top over Acme-Kenora Cleaners 10-10. One more loss for Acme will put them out of the play-off scramble for 1959. A win for Lions Thursday night will amount to the same thing.

Junior Tennis Championships Now Underway

Ottawa—The Canadian Junior Tennis Championships get underway here for the tenth consecutive year.

A record entry of some 300 players will compete in the 10-day championships on the 16 courts of the Rideau Lawn Tennis Club in suburban Overbrook.

Cost of transporting the 22 junior provincial champions to the event is provided by the Pepsi-Cola Company of Canada, Limited, which also donates the annual awards.

The competitors will play more than 600 matches in quest of 21 titles, eight closed and 15 open, before the championships conclude Aug. 15. A total of 62 prizes will be awarded and an estimated 150 dozen tennis balls will be used.

The championships start with a closed competition for Canadians only. There will be juvenile boys' and girls' singles and junior men's and women's singles in both the open and closed classes and doubles in the open division only.

Juveniles are under 13, boys and girls under 15, and junior men and women under 18, at January 1, 1959.

The championships crown a coast-to-coast junior tennis development program jointly supported by the C.L.T.A. and the Pepsi-Cola Company of Canada Limited. Earlier this summer a series of free junior tennis clinics were held across the country by C.L.T.A. touring pro George Mansfield.

PUT BIKINI ON NUDE ART

Georgetown, British Guina — The Duches of Alba, classic nude painting by Francisco Goya, was put in a bikini today—by order of the Georgetown police.

The Duchess' plump reclining figure was featured on a poster advertising Naked Maja, a film of Goya's life.

Police said the poster was immoral and ordered the painting on of the bikini.

HYDRO ELECTRIC COMMISSION OF TOWN OF DRYDEN
TENDERS FOR ERECTION OF WAREHOUSE AND GARAGE

Intending tenderers are notified of the following alterations to tender requirements.

(1) Latest date for submission of tenders has been extended to twelve o'clock noon Monday, August tenth, 1959.

(2) Tenderers will be required to submit with their tender a bid bond for five percentum of tender price, such bid bond to take the form of a certified cheque issued by a chartered bank of Canada.

(3) The successful tenderer will be required to enter into a performance bond for an amount equalling fifty percentum of the contract price.

(4) The Contractor will be required to insure the works at his own expense against all normal risks.

(5) Lowest or any tender not necessarily accepted. Tenderers who have previously received contract documents are earnestly advised to communicate with the undersigned forthwith and obtain further detail.

Hydro Electric Commission of Dryden
W. H. Hambleton,
Secretary-Treasurer.

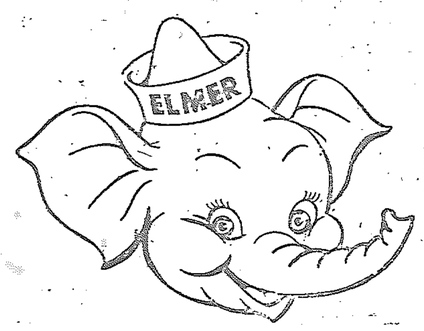
ELMER'S LIMERICK CONTEST
DEADLINE — AUGUST 12
FINAL GRAND ENTRY
for A TRIP TO CANADA'S WEST
Sponsored by Raleigh Cycle Industries (Canada) Ltd. in the interest of child safety.



BOYS AND GIRLS — HERE IT IS—

— the final poem in my Limerick Contest! This one has six verses and it covers all the Elmer Safety Rules.

Now it's up to you—complete each verse by making up the best last lines you can think of. Be sure each last line rhymes with the first line of its verse.

If yours are judged the best, you'll win a trip to Western Canada and you can take along one parent, guardian, teacher or other adult.

HOW TO WIN

1—To enter, make up the last line of the limerick shown. Entries will be judged on their rhythm and rhyme, and how their ideas fit in with the first four lines. Last line should rhyme with first line.

2—Any student who attended an Ontario public, parochial, or private elementary school during 1959 may enter.

3—Children of employes of this newspaper, the Ontario Safety League and Raleigh Cycle Industries (Canada) Ltd. cannot enter.

4—This entry must be postmarked not later than midnight, August 12, 1959, and mailed to the address on the entry blank.

5—Each verse must be mailed with an entry blank or reasonable facsimile. All entries become the property of Elmer the Safety Elephant and cannot be returned.

6—Judges of the contest are teachers, writers and traffic safety authorities. The judges' decisions are final.

(Cut along this line)

SIX-VERSE LIMERICK

When crossing the streets near your school
Remember the Number One Rule:
Look left, then look right—
Keep ALL cars in sight—

.....

Between two parked cars never go
And you'll help keep our accidents low.
You'll be safer by far
From each oncoming car

.....

If it's bicycling you enjoy
Here's a safe rule for each girl and boy:
Watch each signal and sign—
Careful riding is fine—

.....

Keep away from the street when you play.
It's smart to play safe—every day!
Just show-offs and fools
Ignore safety rules

.....

Leaving the curb in a hurry
Is bound to cause drivers worry,
So when crossing the road
WALK, DON'T RUN is our code

.....

To walk on the right isn't right
When you walk on the road—day or night.
On the left of the street
You can watch what you'll meet

.....

Some of the delegates left Canada July 13th aboard the Empress of France. They have been on a tour of Ireland and England prior to the convention.

The first Womens' Institute was founded in Stoney Creek, Ontario. Mrs. Alfred Watt, was the first president of the Associated Country Women of the World which was organized in 1933. Mrs. Watt, a native of Collingwood, Ont., was also the founder of the Womens' Institutes in England.

New Speckled Trout Area Near Fort Frances

Fort Frances—This northwestern Ontario town in the heart of the bass, maskinonge and pickerel country may soon be equally famous for speckled trout as a result of efforts of the Ontario Department of Lands and Forests.

Two lakes in the Atikokan area were stocked with speckled trout last year by the Department. The fish used were fingerlings about three inches in length. Recently, Biologist Al Elsey and Conservation Oficer Bruce Caldwell checked the two lakes. In one, the fish now vary from 11.8 to 15.8 inches in length; in the second they now range from 7.5 to 12.5 inches.

Names of the lakes? Pal and Jump.

Officials point out that this is not regarded as a "good" speckled trout area because the waters here are more suitable for "warmer" fish.

"Probably there will never be many lakes and streams with speckled trout - but it is hoped that a few can be located," officials say. "Speckled trout prefer cold water in small lakes or streams They must have shelter. Competition they cannot stand

"Some species of minnow, yellow perch and other fishes can make an otherwise good lake completely unsuitable for these small brook trout. Sportsmen are requested to avoid completely the use of live minnows in speckled trout waters.

Juvenile Baseball

These Pirates have lost their rejuvenation and are now unpredictable. They lost a game Saturday that was theirs until the fifth inning, this one inning let up has been their downfall in the past two games. May I inject a little wisdom I picked up along the way, The Best Place To Find A Helping Hand Is At The End Of Your Own Arm. Wisdom Is The Right Use Of The Right Knowledge. What I am getting at is, it is not more players the Pirates need, it is using the players they have now to advantage, that is in position. For instance, Why would Williamson be taken out for an unknown quantity; when to this observer he was doing alright? Why is it the outfield is not changed around, when the bench is loaded with talent that can at least move? Have you noticed the Cubs move out onto the diamond as a team that has a job to do and does that job.

There is activity and life out there which is lacking in Pirate players. This corner knows there is not that much spread between these two teams in playing ability that Cubs should be so far in front, 4 games won for Cubs and 1 game won for Pirates. They the Pirates have won two games from Keewatin and beat the Cubs once, so it can be done if playing material is in suitable positions. With 3 games left to play in regular schedule Pirates have to get in there and play the type of baseball we know they can play.

Final score - Cubs 14 on six hits, Pirates 5 on six hits. Winning pitcher Swanson, losing pitcher Williamson. Our Sincere Thanks To Those That Umpired. And To Jack Salmon Junior for his excellent job scoring, we hope to see you all at our next game. Bye for now and good luck.

MINAKI NEWS

By Mrs. Henry Stone

Mr. and Mrs. Bert Cleavely of Lethbridge, Alberta, are visiting with their son John and family here. They spent a few days with the Bill Cleavelev's at Sioux Lookout.

Mrs. Hayward Sr. of Calgary visited Mr. and Mrs. Jim Hayward recently and has gone to see members of her family at Lac Seul and Sioux Lookout.

Mr. and Mrs. Bleu of Winnipeg were in Minaki at their cottage. They were married in the Lions Home for the Blind and Mrs. Bleu was formerly Mrs. Hetherington. A gift of money was presented to them from Minaki ladies.

AN ADDITION TO MINAKI SCHOOL

At a well-attended meeting of ratepayers on Wed. July 22nd, in the community hall it was unanimously decided to build one room to the present Minaki school. The increased attendance this past year has meant too many pupils for a one-room school.

We still hear conflicting rumours about the Minaki road. The latest is that the date for opening of tenders has been extended to Aug. 12 from July 15. After the repeated promises made in Kenora last winter there will be some disillusioned people if that road isn't finished this year. Don't think that we have forgotten this matter. We can hardly wait to drive over the MINAKI HIGHWAY.

Ida and I spent five days in Winnipeg during the Royal visit. Along with the many thousands we had a good view of the Queen and party in the procession down Portage Ave. and we also joined the throng at the Legislative grounds for the ceremonies and the ethnic display. In the evening we attend the Ballet and Symphony concert at the arena. All events were roundly applauded and the Queen and her husband given a wonderful reception. We wouldn't have missed it for anything.

Letter to the Editor

Editor, Miner and News.

Yesterday's Rotary Swim at Coney Island was one of the best yet for both swimmers and spectators alike.

I am very sorry for any doubt my performance cast on the officials' capabilites to run the swim "fairly" and "squarely".

To run the swim from a dry start to a dry finish is a technically correct procedure. It is the responsibility of every swimmer to inquire before the start of each race just what the rules are to be—this I failed to do. It caused confusion for the officials at the end of the race and I am sorry.

To all my friends and loyal supporters—my thanks for your kindness and backing. However I let you down. I made the fatal mistake that an old hand like myself should never of made by taking for granted that I knew without asking how and where the swim would end and come third instead of second because of my fault and mine alone.

My congratulations are extended to all officials for a wonderful job. I am happy to have been in your swim.

To the entire Rotary Club my family and I had a wonderful day at your picnic.

We thank you.

Fred Weber.

Good System For Removing Stumps

That ageless stump in the yard might remain for years to come if you wait for it to die and rot. When the shoots come up from that same stump and give evidence of new life for the thing, your patience may suffer.

What can be done? Botanists of the Ontario Department of Agriculture have a remedy. They warn that it is certainly not an overnight "wonder - drug" — stumps are just too big to disappear at the drop of the wand. Only when the stump is killed, will it start to rot. And you can merely help.

These chemicals will kill the stump:

- 2, 4-D Ester or a 2, 4-D/2, 4, 5-T mixture. Either spray or paint at a rate of 1 pound per 5 gallons of fuel oil (or proportion).
- Ammate X. Apply 1 ounce (dry) per inch of stump diameter.
- Sodium Chlorate mixtures. Apply 1 and ¼ ounces (dry) per inch of stump diameter.

All of these treatments must be applied to freshly exposed wood. They may be applied at any season of the year preferably right after the tree is cut. If spray is used all surfaces of the stump should be treated. When an old stump is to be killed, it's best to split it with a wedge, or drill holes into it, so that fresh wood is exposed to the chemical. Re-growth should be treated as well as the stump itself.

You can encourage rotting as soon as the stump is dead. First, split the stump to expose additional wood. Then mound with rich soil or soil - manure mixture. The addition of a nitrogen fertilizer will help. Keep the mounded stump moist and just let it rot away.

Local C.A.S. Head Reports On "Mom" Whyte's Case

A Canadian Press despatch which described how the Ontario Health Department removed 117 child residents from "Mom" Whyte's Bowmanville home has caused some comment and questioning on the part of persons interested in child welfare. Repeated outbreaks of influenza, infectious hepatitis, and gastric enteritis in the home resulted in the court order authorizing the action of the department.

In their bitter end skirmish with provincial law, Bert and Bertha Whyte have gone to court five times in two years rather than register their farm haven for unwanted children under Ontario's strict Children's Boarding Home Act. Charged with poor supervision ("Mom" has four helpers to assist her in the care of over 140 children) the Whytes had to explain to coroner's juries the accidental deaths of two of their charges. They finally agreed to register their home under the less stringent Charitable Institutions Act which would allow them to collect 50% of the cost of expansion. Recently she refused admission to welfare workers on a routine inspection, saying she would admit the minister but none of his underlings.

On the face of it, it has been asked, 'If this motherly woman wants to care for a limitless number of homeless children, why not allow her to do so in her own way?"

Asked to comment on the situation, Mr. W. J. P. Thompson, the local director of the Kenora and District Chuldren's Aid Society and a graduate social worker, said, "First of all I would like to dispel the idea that inspectors, operating under the laws are a bunch of ogres. At one time Miss Laurie Charleson, who is well and favorably known to a number of Kenora residents, was an investigator, and one can judge by that of the calibre of these workers. I know other people now employed as investigators and finer people you would not want to meet."

With regard to the home being understaffed and overcrowded, Mr. Thompson said: "I feel that Mrs. Whyte is taking in children to meet her own needs more than the needs of the children. She is the product of a situation which arises when the parents or other person having the care of a child, no longer wants to meet his obligation with the result that the child is pawned off on Mrs. Whyte without any questions being asked and until recently no records were kept as to whom the child belonged. In some cases not even the name of the child known."

"There should be more awareness", Mr. Thompson continued, of the fact that the Children's Aid Society is the recognized child welfare agency, and perhaps the tragic separation of the child from his parents could more often be avoided. When separation is absolutely necessary children are kept in supervised homes and records are kept of their progress. There is a constant goal of reunion with its own family."

Canada's longest railway tunnel is the Connaught Tunnel through the Selkirk Mountains in British Columbia; it is nearly five miles long, double tracked, and is one of the world's major engineering feats.

IN MEMORIAM

SHARPEN — In loving memory of my beloved father Howard Sharpen who passed away August 4th, 1957.

Time speeds on, two years have passed,
Since death its gloom, its shadow cast,
And took from us his loving face
Down here we mourn but not in vain
For up in heaven we will meet again.

Lovingly remembered by his daughter Mildred of Calgary.

IN MEMORIAM

SHARPEN — In loving memory of my husband and father, Howard Sharpen, who passed away August 4th, 1957.

Gone, dear father, gone forever
How we miss your smiling face
But you left us to remember
None on earth can take your place
A happy home we once enjoyed
How sweet the memory still.
But death has left a loneliness
The world can never fill.

Ever remembered and sadly missed by his wife, Evelyn and family.

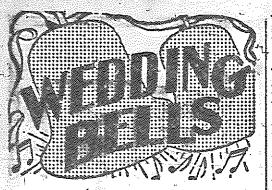
KENORA KENORA



LEROUX — STEVENSON

Notre Dame Church was the scene of a wedding on June 27th, at 11:00 a.m. between Terry Leroux, daughter of Mr. and Mrs. Edward Leroux of Kenora, and James Patrick Stevenson, son of Mr. and Mrs. James Stevenson of Port Colborne, Ontario.

The church was decorated with gladioli and white mums. Solist was Miss Diane Burton, and Mr. Robert Jorgenson presided at the organ.

The brother of the bride, Father L. Leroux, O.M.I., officiated at the service, assisted by Gary Lemay and Aime Metail.

The bride, given in marriage by her father, wore a traditional gown of miramist taffeta. Iridescents and pearls on the Irish lace created the yoke of the sculptured figurine bodice. Short white pearl gloves accented her brief thimble sleeves. The corded waistline held the bouffant skirt and caught into deep horizontal tucks which added to the billowing fullness of the skirt. Tiny covered buttons held the Edwardian bustle with chapel train. A tierra of seed pearls and iridescents was worn with her finger tip veil and she carried a cascade of stephanotis centred with yellow roses.

The attendants, Eva and Laura Leroux, sisters of the bride, chose identical gowns of gold faille in princess lines and trapeze back effect. They carried baskets of white shasta daisies with matching flower head pieces.

The groom's attendant was Mr. Jack Burke of Red Lake, Ontario, and the guests were ushered by Marcel Leroux and Eric Miller.

A reception followed at the Kenwood Hotel and the toast was given by the uncle of the bride, Mr. H. F. Burton.

For the occasion the mother of the bride wore a periwinkle blue silk dress with white and navy accessories.

For going away the bride chose a navy silk two piece dress and white and navy accessories. The happy couple motored to Port Colborne and points for their honeymoon.

Prior to her wedding the bride was entertained at a crystal shower at the home of Mr. R. Kreiger; a linen shower at the home of Mrs. J. L. Roy; miscellaneous shower at the home of Miss Pat McInnes; and Mrs. Ann Baker; and a kitchen shower at the home of Mrs. Jack Holland.

THESE NEW BEDS KEEP COWS PERFECTLY HAPPY

Oxford, England—An English farmer who keeps his 80 cows happy by providing them with plastic foam mattresses said he is going to sell his idea to farmers in the United States.

Anthony Bramley, who farms at nearby Gosford, sails Tuesday for the U.S.

"The only way to get good results from cows is to make them happy — and my plastic mattresses do just that."

HORSE GETS TO TOP BUT ONLY TO TOPPLE

Brantford, Ontario—Taxi driver William Coones was having a snack when he looked out the restaurant window and saw a horse on top of his cab. The animal, startled when wagon hitch broke and nudged it, ran up the back of the taxi onto the roof and toppled to the street. The horse was not injured. Damage to the taxi was $450.

When using insect repellents on the skin, care should be taken to avoid getting the substance near eyes, nose or mouth. Generous use of cold cream on the face will prevent smarting, especially around the eyes and tender membranes of the nose and lips.

Moose Tagging By Helicopter Is Northern Experime

Sioux Lookout—"It has now been established that moose tagging can be accomplished by the use of a helicopter."

So says a field report from officials of the Ontario Department of Lands and Forests here. There is of course, a story behind this modest announcement.

Each year, the Department carries out a waterfowl inventory as far north as Hudson and James Bays. This year, game officials kept their eyes open also for moose that appeared along the waterways. "The placing of ear tags on moose was felt to be a very worthwhile undertaking," one official explained, "because information gained from such a project could benefit our moose management programme."

One sure way to find out about moose habits is to mark the moose. An obvious difficulty lay in the fact that moose, particularly older, more pugnacious moose, aren't inclined to stand about and wait for someone to tag them. The job would have to be done while the moose was in the water.

Very infrequently, northern guides or rangers have been known to climb aboard a swimming moose. The practice is not recommended inasmuch as the swimming moose tosses his hooves high in the air and has been known to rip clothing - and skin - off the legs of the moose jockey.

Pilot Ben Kent and Conservation Officer Earl Stone decided to try tagging moose by helicopter. There was danger that a large bull might damage the machine. There was also the possibility that the moose might try to climb aboard a floating helicopter.

They dropped the helicopter beside a swimming moose, however and found that their worries were ill-founded.

"Our very first prospect cooperated fully and swam away towards shore with a bright silver tag fastened to its ear," they reported. "Six moose were tagged and, perched on a helicopter float, the tagging operations were performed in seconds after hitting the water."

Immunization against smallpox, whooping cough, polio and diphtheria is a recognized method of protecting children against these often fatal diseases. Every Canadian child has a right to this protection.

Inadequate Diets Caused By Apathy?

Apathy is cited as being one of the major causes of inadequate diets by the American Medical Association, according to the Health League of Canada.

While sufficient food supplies are available, surveys continue to show that a substantial number of individuals fail to consume diets which meet the recommended dietary allowances.

Such surveys indicate "a widespread lack of appreciation of the importance of an adequate diet and a lack of knowledge of how to select it", states the AMA.

A great variety of food supplies are available, and an adequate diet can be obtained by selecting foods from each of the four basic food groups. These include:

The milk group which includes cheese & ice cream. They recommend that children have three to four cups of milk daily; teenagers four or more cups; adults two or more, and expectant mothers, four or more cups.

The meat group including two or more servings of beef, veal, pork, lamb, poultry, fish or eggs. Dried beans, peas and nuts may be used as alternates.

The vegetable-fruit group from which four or more daily servings should be selected. These servings should include a dark green or deep yellow vegetable at least every other day, citrus fruit or other fruits containing vitamin C,and vegetables including potatoes.

The bread-cereals group from which four or more daily servings are suggested. This group includes whole grain, enriched or restored cereal, and bread.

A good diet can be rounded out by more of the same foods or others, such as table fats, cereal products, and sugar, to provide the additional calories and nutrients needed.

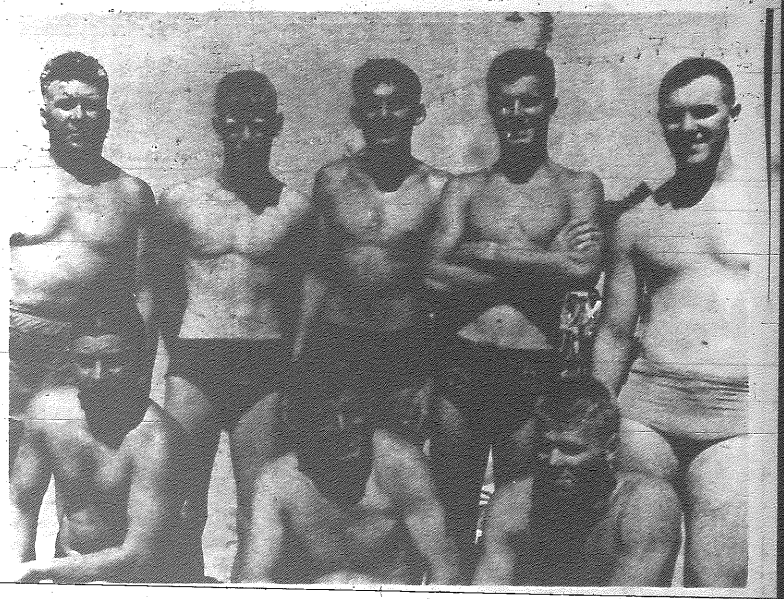
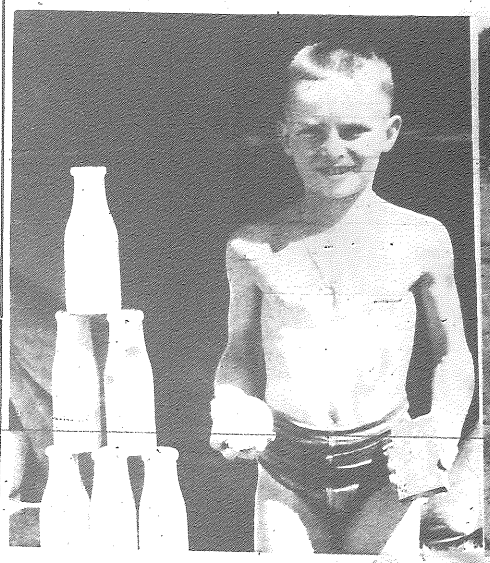
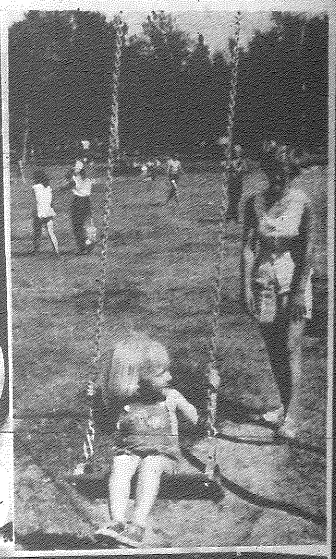
KENORA MINER & NEWS

AT MONDAY'S ROTARY PICNIC

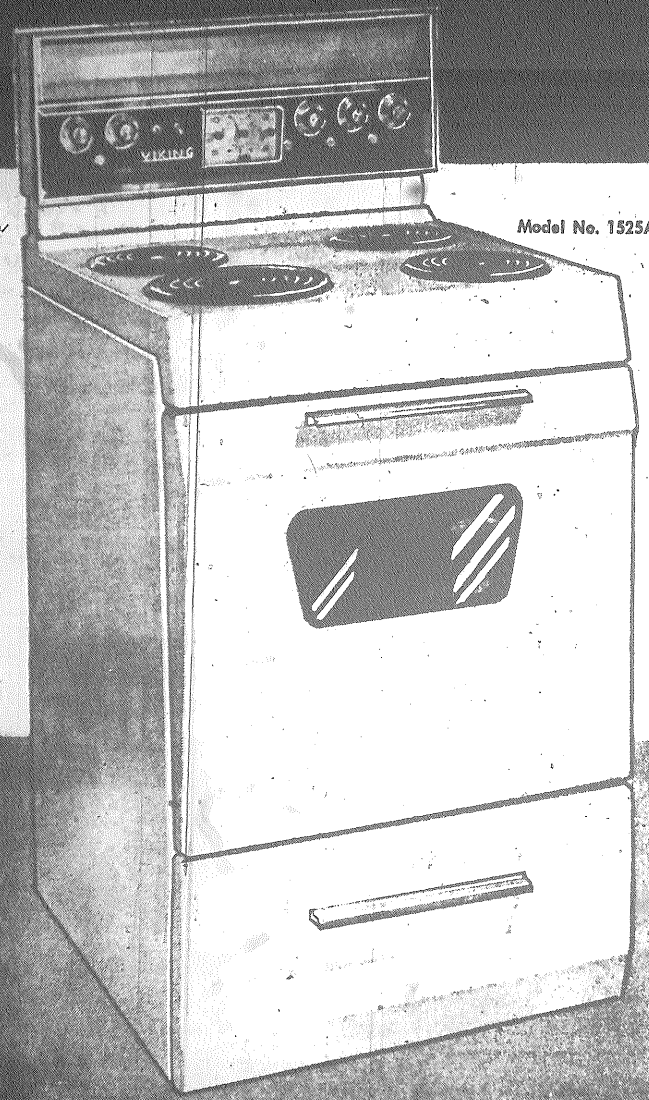






The M & N camera caught some interesting highligts at Monday's annual Kenora Rotary Club picnic, held at Coney Island beach. The marathon swimmers pose, just prior to the race: horseshoe pitching, baseball pitch; the inevitable soda pop; bingo, the pony ride and other scene were in the camera's focus.

Compact 25-Inch VIKING Automatic Electric Range



Model No. 1525A2W

Cook Even While Away From Home With This Sleekly Designed VIKING!

Sale Price, each,

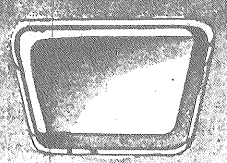
199.95

NO DOWN PAYMENT, with 18 Monthly Payments of 12.51

Whether you're downtown shopping, off to work or out to afternoon tea — you can turn the button to automatic — pop the roast or casserole dish in the oven and it will be cooked just right in time for dinner! This is just one of the many features of this quality VIKING range — its smart styling and helpful features make it one of the favoured electric ranges on the market today — and at this low price, how can you resist it?

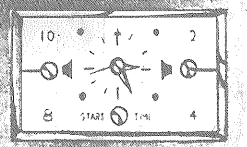
Also available in 30-inch models.
Sale Price, each **214.95**

NO DOWN PAYMENT, with 24 Monthly Payments of 10.42



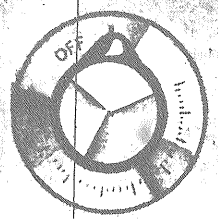
OVEN WINDOW

Lets you peek in the oven without opening the door.



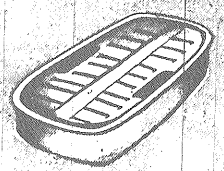
RANGE TIMER

Automatic — ends guesswork — now you can time cooking and baking for better results.



ROTARY SWITCHES

7-heat switches—everything from fast boil to simmer.



PAN AND TRAY

The broiling pan and tray have been specially designed for broiling steaks, chops, chicken, etc.

TUBULAR ELEMENTS

The fast-heating tubular elements make top-of-the-stove cooking so much quicker.
