MUNICIPAL STATISTICS SHOW EDUCATION COSTS

The Miner and News is in receipt of the 1958 annual report of Municipal Statistics printed by the Ontario Department of Municipal Affairs under the authority of the Minister, The Honorable William K. Warrender, Q.C. The book is a compilation of figures and facts relative to all phases of municipal government. The following facts are of interest to Kenora and district residents:

The population of Ontario in 1958 increased by 184,384 to 5,504,083.

Taxable assessment increased $284,003,132 to $8,205,734,230.

Tax collections were up with the per capita debt now standing at $8.89.

EDUCATION COSTS

Year	Public Schools	High Schools
1947	100%	100%
1951	179%	231%
1955	291%	391%
1957	380%	539%
1958	400%	591%

Tax levies increased 401% in the same period.

POPULATION

Town	Assessed Population	Assessed Property Value	Total Tax Revenue	Per Capita Tax
Kenora	10,340	$12,482,925	$990,128	$95.75
Fort Frances	9,062	$15,472,639	$778,223	$85.87
Keewatin	1,980	$ 1,589,223	$159,823	$80.71
Rainy River	1,290	$ 624,407	$ 58,877	$45.64
Dryden	4,993	$ 5,193,615	$483,789	$96.89
Sioux Lookout	2,543	$ 1,332,984	$186,952	$73.51

DR. J. A. MAHONEY, FORMER RESIDENT RECEIVES CHICAGO APPOINTMENT

The many friends of Dr. and Mrs. J. Allan Mahoney, former well known residents will be pleased to learn of the doctor's new appointment in Chicago. Dr. Mahoney will be remembered when he practiced with Dr. Davidson. Mrs. Mahoney is the former Gertrude Holland of Kenora.

Born in Toronto in 1906, Dr. Mahoney graduated in medicine from the University of Toronto in 1933 and in 1934 entered civilian pratice in Kenora. In 1940 he entered the University of Toronto with a Rockefeller Foundation Fellowship and received his DPH degree in 1941. Following this he joined the RCAF at Windsor, Ontario and his first duties were at the Windsor Recruiting Centre. Soon after this he was sent to No. 4 Training Command at Regina, and in the fall of that year he was transferred to Eastern Air Command at Halifax as Deputy Principal Medical Officer.

1944 saw him transferred as PMO to Winnipeg then known as NO2 Air Command.

In 1945 as the DPMO he proceeded overseas with what was called the "Tiger Force" and later was sent to London HQ where he eventually become DMS for RCAF overseas.

Soon after the war ended in 1946 G/C Mahoney was transferred back to Canada as the Deputy Director of Medical Services. This position he held until 1952.

The next two years of his career were spent in New York at the Columbia University where he received his Master of Science in Hospital Administration in 1957. During his time in the U.S.A., Dr. Mahoney spent one year at the Roosevelt Hospital in New York City where he collaborated with Dr. Basil McLean in doing the original survey and report for the DND Medical Centre in Ottawa.

The last five years of his career were spent as the Commanding Officer of Rockcliffe Hospital. These five years he said were the most gratifying years of my service.

Dr. Mahoney has accepted the position in Chicago of Assistant Director of the Department of Professional Services and secretary to the Committee on Infections within Hospitals of the Council on Professional Practice of the American Hospital Association. Dr. Mahoney will assume his position early this month.

Dr. Mahoney is a member of the American College of Hospital Administrators, American Public Health Association and Aero-Medical Association. He is a fellow of the American College of Preventative Medicine and American Board of Preventative Medicine.

Prior to their departure from Rockcliffe, approximately one hundred members of the hospital staff gathered in the drill hall to bid farewell to their commanding officer. On behalf of the entire staff, Sgt. Gabriel expressed regret at the loss to the hospital and wished Dr. Mahoney well in his new appointment. Kenora friends of the couple add their good wishes too.

Ontario Road Program Outlined

SUDBURY — The Ontario Department of Highways has estimated a $7,152,920,000 price-tag for a completely integrated, province-wide system of rural roads, urban streets and highways suitable for 1977 requirements, Highways Minister Cass said Tuesday.

He told the Ontario Municipal Association that the cost figure was a 20-year one, based on a plan for Ontario highways implemented by the government in 1957 and a 1959 report on the province's roads and streets and updated highways data.

The 20-year cost figure is broken down as follows: urban streets $2,828,040,000, country roads $731,760,000, township roads $1,154,340,000 and provincial highways $2,438,780,000.

Mr. Cass said, the price tag "is not too greatly in excess of what we are spending today."

"The significance of the 20-year cost figure lies in the fact that never before has it been possible to arrive at such an estimate and now that we have attained it we are in a position to decide whether or not it is within our means, and what is the most equitable method of sharing the cost."

He said that with the highway program well under way, the report clearly indicated that urban streets, which constitute only 12 per cent of total mileage but carry 40 per cent of total motor vehicle traffic, present the most pressing problem.

The text of his speech was released to the press in advance of delivery.

Girl Guides Hold Successful Camp

A very successful Girl Guide camp was held from August 15th to 22nd inclusive at the Kinsmen Community Camp on Longbow Lake. Guides attended from 1st Kenora Company and 4th Kenora Company.

The camp was under the leadership of Olivemae Spendlow Commandant, Edna Hughes Quartermaster, Edna Leighton Cook, and Marolyn Burchall Swimming Instructor.

Several tests were passed including swimming badges, fire-lighting, Scout's pace, etc. Activities included hikes, swimming, sports and when weather permitted the girls cooked their own meals outside.

On Wednesday evening, August 19th, the parents of the guides visited the camp and were entertained by the girls. The programme was planned entirely by the girls themselves. Following the campfire the Patrol Leaders served lunch to the visitors and Guides.

On Thursday the girls enjoyed a Water Sports day when the camp was divided into two teams led by Joyce Hughes and Judy Mitchell. Various swimming races were held and when completed Judy Mitchell's team was the winner.

Mrs. Jean Peterson, R.N., while unable to stay in camp visited us twice to check the health of the Guides.

In spite of the storms the girls had a good time and hope to be able to camp again next summer.

Electric Heat For New Hydro Area Building

Electricity will heat an Ontario Hydro area office and service building to be constructed north of Kenora this year, it was announced today.

Multi-zone control, one of the features attracting widespread interest in electric heating, will permit the building's various sections to maintain their own desired temperature levels.

The one-storey concrete block structure, 61 by 100 feet, will be built at the Kenora Switching Station on Rabbit Lake Road. The contract has been awarded to Bergman and Nelson Ltd., of Kenora.

By the end of the year it is expected to replace rented quarters now used by the Hydro staff.

Under the supervision of the area manager, J. D. Hamer, it will provide facilities for rural operation and administration, materials handling, electrical inspection, and electrical, mechanical and vehicle maintenance in the rapidly expanding Kenora area.

Public Invited To Friday Night Film Preview

The Kenora Film Council announced today that the fall and winter film showings will be held on Friday evenings from now on instead of Monday evenings. The place of meeting has also been changed from the basement of the Public Library to the Council Chambers. Previews of new films will be held the first and third Fridays of every month at eight o'clock.

The first preview will be held this coming Friday, September 4th at eight p.m. The general public is cordially invited to attend and enjoy the program of current films. Please note change of time also. The film council has set the time a half hour later so that citizens who enjoy shopping on Friday evenings may finish their business before attending the film showings.

Mrs. Emily Wise Died Tuesday

Mrs. Emily Wise, R.R. 1, Kenora, a highly respected citizen of this community for the past forty years, died at the General Hospital, Tuesday, September 1st, following a lengthy illness. Born in Toronto, August 24th, 1891, she was 68 years old.

She received her education in Winnipeg and was married there to Richard J. Wise on July 12th, 1910. She came to Kenora in 1919.

She is survived by her husband, two sons, Leonard and Douglas, of Kenora; four daughters, Mrs. John (Marion) Francis and Mrs. Michael (Bernice) Perzel both of Kenora, Mrs. J. W. (Grace) Delage and Mrs. George (Burla) Astop both of Montreal; one sister, Mrs. Ilene Newbury of Richmond, B.C. Twenty-three grandchildren also survive.

Funeral services will be held in Home on Thursday, September 3rd, at two o'clock. Rev. S. G. Tomes of St. Alban's Pro-Cathedral will officiate and interment will be in the Lake of the Woods Cemetery.

CORRECTION

The driver of M. Y. Cameron Ltd. truck, injured in an accident yesterday was MELVIN HENSRUD, not Melvin Hanstead as reported in error in Tuesday's paper.

PENNER MOTORS CLOSES KENORA AGENCY AUG. 31

A 27-month old business officially closed its doors on Monday, August 31st when John D. Penner, president of Penner Motors (Kenora) Ltd. announced over Radio Station CJRL that the Ford Motor Company had purchased the property on which was located one of Kenora's finest garages. Since the disastrous fire of May 22nd, which destroyed the 2-year old building, there has been continued speculation on the future of the business. This was clarified by Mr. Penner, who told his listeners that the Ford organization, in a reversal of policy, had taken active steps prior to the fire to relieve him of his Kenora franchise. Penner Motors are also Ford products dealers at Steinback, Man., and the combined agency was now contrary to Ford policy.

Mr. Keith Affleck welcomed a large crowd to the occasion, thanking those in attendance for their continued interest. Mr. George Kehler, manager, announced winners of the monthly awards of a bicycle and a cutlery set. These went to Carol Anne Foster of 121 7th Street S. and Mrs. Swen Bowman, 110 Regina Avenue, respectively.

The draw for the 1959 Meteor was made by 4 year old George Turcotte who selected a ticket bearing the name of Harvey Wynandts, General Delivery, Kenora. The lucky winner was present in the crowd, and excitedly told the radio audience that "it is the first thing I have ever won in my life." Single, 30 years old, he has been a resident of Kenora for the past 8 years, employed with the Searle Grain Company.

"Saying that it was with mixed feelings that he announced the retirement of the Penner name from the Kenora business horizon, Mr. Penner said that "you have been real nice people," and he enjoyed his associations here. He praised the fair treatment received from the Ford Company, new owners of the property. He said that the Husky Oil Company would continue to operate the gasoline and oil business temporarily, and that a further announcement would be forthcoming later. With that announcement, the Penner Motor agency in Kenora closed.

JAFFRAY MELICK SCHOOLS EXPECT ENROLMENT OF 450 STUDENTS

The Township School Area of Jaffray-Melick schools will open next Tuesday, September 8th. An enrolment of approximately 450 is expected as compared to 374 at the end of June.

Fourteen teachers have been engaged for the 1959-60 year—an increase of two over last year, made necessary by the opening of the new basement classroom at the Rabbit Lake School and a temporary classroom at the Agricultural Society Building.

The teaching staff will be as follows:

Public School No. 1: Principal - Mr. Leo Carriere who comes from Manitoba where he has been teaching at Giroux.

Public School No. 4: Principal - Mr. Lawrence Toews; Junior room teacher - Mrs. Eleanor Toews. Both Mr. and Mrs. Toews taught at this school last year.

Rabbit Lake School No. 3: Principal - Mr. R. D. Wilson who returns for his third term. Other members of the staff are: Mrs. Margaret Ward, Mrs. Edna Moffatt, Mrs. Dorothy Beach, Mrs. Maureen Thompson, Mrs. Frances Alcock, Mrs. Frederica Borys, Mrs. Mary Foley, Mrs. Ethel Carson, Mr. Allen Borys and Mr. Metro Koroscil. The new members on the staff are: Mrs. Mary Foley who has been teaching at Quill Lake, Sask. She received her education and teacher training in England and will be teaching a grade 1 and 2 class as well as music in the school. Mrs. Ethel Carson will be teaching half-time as Principal's relief. She has taught in Manitoba for a number of years. Mrs. Edna Moffatt is returning to the staff after attending Teachers' College at North Bay. Mr. Koroscil comes from Manitoba where he was Principal of the School at Gardenton.

The Kindergarten classroom will again be at the residence of the teacher, Mrs. Dorothy Beach. A temporary classroom has been set up in the Agricultural Society Building at Rabbit Lake with Mr. Borys in charge of a class of grade 7 pupils.

The Board also wishes to announce that transportation will be provided on the following routes for the 1959-60 school year. Mr. Clifford Lee will again be transporting the elementary school pupils from the Anderson Branch road to School No. 1 and the grade 6, 7 and 8 pupils from the No. 1 area to the Rabbit Lake School. Mr. E. E. Gould will again be transporting the children from the Gould Road to the Rabbit Lake School. This year all Public School children who previously attended the Jaffray-Melick Separate School will be transported to No. 4 School by an Excel Coach Lines Ltd. bus. This bus will also transport the children living on the Coker Road.

The secondary school pupils living north of Kenora along the Redditt Road will be transported to the High School by Prouty's Taxi. The cost of this transportation will be shared by the R.C. Separate School Board and the T.S.A. Board of Jaffray-Melick.

The elementary school pupils living in the No. 4 area will this year be transported by an Excel Coach Lines Ltd. bus. This bus will travel up the Essex Road and the Begg Road to No. 4 School. Excel Coach Lines Ltd. will again be transporting both the elementary and secondary school pupils from the East Highway in Jaffray Township as well as those living from the Town boundary around Round Lake and up to Margach Airport and the secondary school students living at Rabbit Lake. The High School pupils living in East Melick will again be transported to the High School by an Excel Coach Lines Ltd. bus. This bus will also transport students living along the route to the Rabbit Lake School.

This year a feeder route has been established on the Carlton Branch Road. Mr. Clifford Lee will transport the Public School children living on this road to the Redditt Road to meet the bus going to No. 4 School. The Board does not provide transportation for pupils attending the Kindergarten; the parents and the Auxiliary to the Kindergarten assume the costs of this transportation.

During the summer holidays the Board carried out a heavy maintenance and building programme at their schools as follows:

Rabbit Lake School: A new classroom was completed in the basement, alterations were made in the washrooms and a new septic field and tank were installed. The general contractor for this work was Mr. [illegible] Norman. The school was re-roofed by Mr. L. P. Bichon and the hallway ceilings were painted by Rite-Way decorators. Additional bulletin boards in the classrooms and the hallway were installed

(Continued on Page 3)

Former Keewatin Man Receives Govt. Appointment

A. S. Abell, 49, a former resident of Keewatin has been appointed the new director of the Federal Provincial Division of the Federal Finance Department effective September 15th, announced yesterday. For the past nine years, Mr. Abell has been a senior official of the Economic and International Affairs Division of the Finance Department.

As director of the Federal Provincial Relations Division, he succeeds, R. M. Burns who has been appointed Deputy Treasurer of Manitoba.

DON'T BUY A PIG IN A POKE

In a short time the Kenora and District Children's Aid Society will go to the public to ask for support for its work during the coming year. The annual campaign will be held between September 15 and September 30.

It is possible that there are questions in the minds of interested persons concerning the work and the nature of the services given by the society. The public is therefore invited to submit any questions which may occur, and these queries will be read on a radio program on Station CJRL. Members of the C.A.S. board of directors and the staff will be on hand and will endeavour to supply the answers.

Send your questions to the Don't Buy a Pig in a Poke" program, P.O. Box 298, Kenora. If you want to be informed on the subject within the scope of the Children's Aid Society, now is your chance to get informed.

Buy Cotton Knit Garments To Allow For Shrinkage

This year's latest possible reopening date for school allows a full week for organizing wardrobes and since the very name September suggests the end of summer, many a new fall outfit will wend its way toward school in less than a week now. With cotton knits so popular nowadays, there will certainly be a share of this type of clothing among such back-to-school shopping. With this in mind, clothing specialists of the Home Economics Service, Ontario Department of Agriculture, suggest that it is a good idea to buy cotton knits a little large, to allow for shrinkage.

Cotton T shirts and cotton sweaters, popular as they are both to buy and to wear, frequently prove disappointing from the laundering point of view. Some shrink and some strech, so that no mater how comfortable, attractive and practical they are when new, they present problems after laundering. These changes in shape, length or width vex consumers and manufacturers alike, resulting in a great deal of research on the problem. The answer appears to be that shrinkage or stretching is due to the way in which the fabric was knitted or finished.

Normally, the tiny loops of these knitted materials should be round and plump - "relaxed", manufactures call it. During the knitting process, however, they may be stretched or pulled out until they become long and thin or oval instead of round. During washing these long, oval-shaped, stretched stitches return to their natural, unstretched, round shape. As the stitches become shorter and wider, it naturally follows that the whole garment is shorter and wider. Seams may then pucker and the neck band stretch. Cotton knits that haven't been stretched during the finishing process retain most of their original shape afer washing, of course.

All cotton knits are bound to shrink to some extent, however. For that reason it may be a good idea to buy them a little on the large size, especially if you use a tumbler-type dryer, where shrinkage is even greater. In buying, avoid uneven, thin places in the knit and, for longer wear, choose a closely knit tricot in a heavy weight.

WRIGHT THEATRE
SHOWING WEDNESDAY, THURSDAY & FRIDAY EVE.
THE SONG OF BERNADETTE
Jennifer Jones
Feature Starts 7.00 and 9.00 p.m.

BRAIN TWISTERS

All About Sis

The heroine of this one is SIS. The answer in each case ends with SIS, as for example the word BASIS. Now, do you know what SIS is —

1. A stress?
2. A composition?
3. Opposition?
4. Supposition?
5. An office worker?
6. A general view?
7. A breakdown?
8. A deification?
9. A geometric figure?
10. A transformation?
11. A Book of the Bible?
12. A sentence enclosure?

ANSWERS

1. Emphasis. 2. Thesis. 3. Antithesis. 4. Hypothesis. 5. Amanuensis. 6. Synopsis. 7. Analysis. 8. Apotheosis. 9. Ellipsis. 10. Metamorphosis. 11. Genesis. 12. Parenthesis.

TIGER IN TORONTO DOESN'T SCARE ANYONE

A Bengal Tiger named "Smitty" made a final safari along Yonge St., Toronto, Ontario as Dave Farberman delivered him to a customer for a den. Smitty panicked them in the jungle but the boy and woman shown above were little more than stirred at the sight of the beast

PATIENT OPERATES ON DOCTOR

AUGUSTA, Ga. — A doctor learned the hard way Sunday that there are times you can't even trust a patient on the operating table.

Preparing to sew up a wound of an unidentified man versity hospital, Dr. Harry in the emergency room of uni-Rabuck took off his wrist watch and ring and placed them on a nearby stand.

He was called from the room for a minute.

Whe he returned he found his patient gone — along with the ring and watch.

A few hours later, the man, Joe H. Johnson, 33, was arrested and charged with larceny. Both the watch and ring were recovered.

Canada's Food Rules provide a list of the five groups of foods necessary to good health through a balanced diet. These groups, which should be represented in the daily diet, include milk, vegetables, fruits, cereals and meat fish or eggs.

Immunization against polio will help you to avoid contracting the disease which leaves many children and adults severely crippled. This protection should be given to all under the age of forty.

NORTHERN ONTARIO ECONOMIC DEVELOPMENT COMMITTEE

What progress has this committee made since sittings at the Lakehead in April and May of this year? Composed of five senior officials of the Department of Planning and Development, the committee was appointed to study economic problems particular to Northern Ontario and to act in continuing liaison with departments of government in their solution. In the four days that the committee met at the Lakehead more than 30 briefs, written and oral, were presented besides numerous recommendations and suggestions covering most aspects of the region's economy. After sittings here, the committee held similar hearings at North Bay.

Back at Toronto, the committee held many sessions to digest the material presented and to organize it for follow-up action with various departments. That work now is well under way. As an example, the committee chairman twice visited Montreal and also Ottawa to confer with company and federal officials on the projected transfer of commercial production from the Fort William plant of the Canadian Car Co. Ltd., to the Montreal plant.

Recently, Chairman F. J. Lyle was lost to the committee by his appointment to special duties under the Colombo Plan in Southeast Asia. His successor, Donald Taylor, chief planner, Department of Planning and Development, came to the Lakehead to report on the committee's work to the director's of NODA. The NODA Board expressed appreciation of the work of the committee in its initial stages and by correspondence informed Premier Leslie Frost of Ontario that it is the expectation of the Northwest that work of the committee will be on a permanent basis.

OVERSEAS ENVOYS VISIT NORTHWEST

Ontario House in London, United Kingdom, performs numerous services for the province. One is to attract trade and industry to Ontario. A staff of industrial consultants constantly moves about the U.K. and the continent directed by James S. P. Armstrong, agent-general for Ontario. Mr. Armstrong recently visited the Lakehead area to meet public and business leaders and assess the growth and potential of the region. He will be followed this Fall by R. H. Stapleford, industrial commissioner at Ontario House, who seeks a first hand impression of development in the northwest and its attractions and advantages. It is the hope of NODA office that time will permit Mr. Stapleford to see several of the communities in the area.

NORTHWEST ONTARIO ECONOMIC SURVEY

Many hundreds of copies of the 1959 economic survey of Northwest Ontario have been distributed throughout Canada, the United States and overseas. This 100-page report compiled in attractive book form by the Economics Department of Ontario is the first such comprehensive survey ever made on the Northwest. NODA has advertised the report in United States and Canadian business publications.

Jaffray-Melick Schools Expect . . .

(Continued from Page 1)

by Mr. George Moorey. He also built new tables and cupboards for the school.

No. 4 School: A considerable amount of maintenance work and improvements were carried out at this school. The playground was enlarged and fill was brought in to extend the ball diamond. Swings and teeter-totters were also set up for the junior grades. The classrooms were decorated as well as the outside trim of the school. A bathroom was installed in the teacherage and a picture window was put in the living room. A new janitor's storage room was built in the hallway.

No. 1 School: The regular maintenance work was carried out at this school by the caretaker.

The work of setting up the temporary classroom at the Agricultural Society Building was in charge of Mr. C. R. Outen. The caretaker of this room will be Mr. R. E. Pritchard, caretaker of the Rabbit Lake School.

IMMEDIATE OPPORTUNITY

SALESMAN REQUIRED

TO SELL: Service parts of quality to the Automotive, Industrial, Marine and Contracting fields.

Our Company, since its inception in 1927 has gained world-wide recognition as a supplier of these parts. Its growth is a result of continually anticipating, meeting and satisfying customer needs. This Canadian subsidiary is an affiliate of one of the oldest and largest firms of its type in the U.S.A. with a Dun & Bradstreet rating of AAAI.

Our leading salesmen in Canada earn commission in excess of $10,000 yearly and the salesman we are looking for should have the following qualifications: married, between 30 and 45 years of age, capable of functioning independently, a good mixer and must be motivated by a desire, through hard work, to earn a high rate of commission without close supervision.

The most important credential with which we are concerned is that the applicant has established a record of being a successful salesman with a past record of reliability. He must have a car in good condition to work the general area of Dryden, Kenora, Fort Frances, and Atikokan.

This is a proven territory with a volume of established business. A real opportunity awaits the fortunate applicant. All inquiries treated in strict confidence.

Interested applicants should forward a brief resume of their experience addressed to, Vernon Hewson, Canadian District Manager, Bowman Products (Canada) [illegible] Bentley Avenue, Toronto [illegible]

Interviews will be conducted in Kenora the week August 31st.

it's a FACT

In 1846, at the age of 27, Elias Howe built and patented the first model of a sewing machine. To prove that his machine was practical, Howe staged a contest with five of the best seamstresses available. His machine proved to be several times faster than hand sewing, and the seams produced were better.

Public School Registration

Parents, if you were not able to register your children this spring or have moved to Kenora during the summer, please note that you should now register them at the nearest school on Friday, September 4th, from 2.00 to 4.00 p.m.

If unable to register on Friday, please do so on the second day of school, Wednesday, September 9th.

PLEASE NOTE: THERE WILL BE A FULL DAY OF CLASSES THE FIRST DAY OF SCHOOL AND NO REGISTRATION WILL BE POSSIBLE ON TUESDAY, SEPTEMBER 8th.

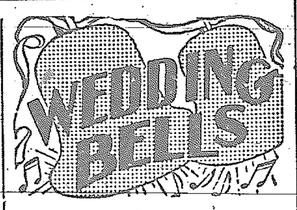
HIGH SCHOOL OPENING

TUESDAY, SEPTEMBER 8

All pupils will assemble in the school auditorium at 9.00 a.m.

All buses and cars transporting students will leave for the school at the usual hours.

Pupils transferring to the Kenora High School from other High Schools or other provinces should see the principal and submit their former school records not later than September 1st.



TWO BROTHERS TAKE BRIDES AT MASSEY

MASSEY — Two of the most attractive weddings here this summer took place in the Church of the Immaculate Conception when two Massey brothers took brides in a double-ring, double wedding ceremony.

Sons of Mr. and Mrs. Leonard Piche, well-known Massey residents, Edward Piche was married to the former Eleanor Madeline Gagnon, daughter of Mr. Edmond Gagnon and the late Mrs. Gagnon, of Kenora; Sylvio Wallace Piche was married to the former Vivian Aynes Casperson, daughter of Mr. and Mrs. Paul Caspersen of Hamilton.

Officiating at the morning wedding was Rev. J. L. Villeneuve. The organist was Rudolph Baff. Soloist was Carol Shellington, who chose, Ave Maria, and On This Day O Beautiful Mother for her solos.

Altar decorations were regal bouquets of yellow, pink and white carnations and the guest pews were marked off with white satin ribbon.

The two brides in their long white gowns were enhanced by the matrons-of-honor, wearing powder-blue and the bride-maids wearing ice blue ballerina-length gowns.

Given in marriage by her uncle Adolph Richer, Mrs. Edward Piche looked attractive in a full-skirted floor-length gown with a lace bodice embroidered with seed pearls and featuring a scalloped bateau neckline, long pointed sleeves, and nylon tulle over satin skirt topped with tiers of ruffled French lace. Her tulle shoulder veil formed a scalloped tiara gathered with clips of pearls and irridescant sequins. She carried a spray of American Beauty roses and maiden hair fern.

Mrs. Sylvio Piche was given in marriage by her father Paul Caspersen. Her gown, nearly identical to that of her sister-in-law, featured a square neckline and the skirt formed full lace scallops edged with ruffles at the hipline and a deep flounce of gathered tulle over oyster satin. Her head-dress and flowers were identical.

Attending Mr. and Mrs. Edward Piche were Mr. and Mrs. Gerald Piche, the bride's sister, Carol Gagnon, and the groom's brother, Richard Piche.

Attendants for Mr. and Mrs. Sylvio Piche were Mr. and Mrs. Andre Trahan and the bride's sister, Kay Caspersen, and a brother Flemming Caspersen.

Both matrons-of-honor wore identical gowns of powder blue nylon tulle with bouffant skirts, draped Grecian neckline and floating back panel and cap sleeves with net mittens. They wore matching feather hats and carried nosegays of yellow and pink carnations.

The two bridesmaids, also gowned identically in ice blue nylon tulle of similar style, wore matching Juliet caps trimmed with sequins and pearls and also carried similar nosegays of carnations.

Following the wedding, the bridal party enjoyed a wedding luncheon, buffet-style at the home of Mr. and Mrs. L. Piche, with a cousin, Mrs. Eleanor Fournier and an aunt Mrs. C. Mullen pouring tea.

A wedding supper was held in the late afternoon in the Women's Institute Hall, catered by members of the Anglican Women's Auxiliary. The brides' table was most attractive with the two round tiered wedding cakes, one featuring yellow roses and the other pink roses in the icing and topped with a tiny bride and groom on one side, a love-bird with rings on the other.

The reception line, included Mrs. Paul Caspersen, wearing pink nylon tulle with matching hat and accessories and a corsage of American Beauty roses; Mrs. Len Piche, wearing a blue lace sheath dress with nylon sash and pink feather hat with pink accessories and rose corsage; Mrs. Blanche Foster wearing ice blue nylon tulle with white hat and accessories and pink and white carnation corsage, in addition to members of the wedding party.

Following the wedding reception, Mr. and Mrs. Sylvio Piche motored to Sudbury and Chelmsford. The bride chose a turquoise and white bengaline bolero dress with carnation corsage for travelling. Mr. and Mrs. Edward Piche spent a week with relatives in Massey before leaving for Kenora where they plan to make their home.

Out-of-town guests included Mr and Mrs. Jerry Piche, Mrs. Mae Foster, Carol Gagnon and Alvin Ducharme, all of Kenora.

REALLY TAKEN TO CLEANERS

MONTREAL — A vaccum cleaner salesman was taken to the cleaners last week.

The salesman, not identified, sold a machine to a man on Lafontaine Street.

The man paid by cheque and recommended 20 other potential customers.

The 20 also bought machines and paid by cheque.

All the cheques — $3,500 worth — bounced.

it's a FACT

In 1846, at the age of 27, Elias Howe built and patented the first model of a sewing machine. To prove that his machine was practical, Howe staged a contest with five of the best seamstresses available. His machine proved to be several times faster than hand sewing, and the seams produced were better.

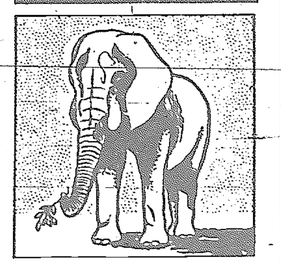
It's a FACT



The trunk is the most remarkable part of an elephant's body. An extension of the nose and upper lip, the trunk serves as hand, arm, nose and lips all in one. The trunk, containing a large number of muscles (estimated at 40,000), is very strong and flexible. The tip of the trunk is so sensitive that it can pick up a small pin.

KEEWATIN NEWS

Mrs. Kember

Mr. and Mrs. Jack Sanderson and family of Nakina, Ont., have returned home after spending a holiday with her parents, Mr. and Mrs. D. McKie.

Advice Concerning Poison Ivy

OTTAWA — It may be a little late in the season, but the health department offered the public some information and advice concerning that malicious enemy of man, poison ivy.

In the July-August edition of its Occupational Health Bulletin, the department's information services division blandly but tellingly pronounces the case against the summertime scourge:

"Poison ivy is a worrisome weed which for centuries has been the bane of outdoor pleasure seekers and workers alike because of its poisonous effect on the skin."

Particularly in construction work, ivy poisoning has become a leading cause of lost man-hours, the bulletin says.

"In a bad attack, "restlessness and high temperatures may occur, accompanied by severe itching of the affected parts. This may necessitate complete rest in bed."

Its attack can be downright sneaky. Not only can the three-leaf plant produce rashes but its dull white berries can be dangerous even in winter.

The article says anything touched can cause trouble later. In fact, most people become victims in this way.

"Tools, tires, shoes or golf clubs can be innocent carriers . . . change the tire of your car months after driving over a patch of poison ivy and you may suffer from the irritating itch."

Sufferers should see a doctor, the article says. A solution of potassium permanganate — five grains to a quarter of water—is recommended if a doctor is not available.

Also—and most difficult—stop that scratching.

PET SNAKE HIDES OUT ON FAMILY

NORWALK, Conn. — Things are so much more relaxed at the Klappert home now that they've found that boa constrictor they were looking for.

Max, a four-foot boa belonging to 16-year-old Peter Klappert, disappeared three weeks ago. When Peter's mother was cleaning under the bed in the guest room she found Max looking shyly out at her.

Peter said his snake was a little thinner, but otherwise had come through in good health.

There was no report on what effect the chance meeting had on Mrs Klappert.

The total supply of wheat in Canada after last years harvest was 980,200,000 bushels.
