2,200 Students to Register at Public and Separate Schools

SCHOOL RULE

The life of a child on the way to school
Is not always served by The Golden Rule
For every ten drivers with heads that are cool
There is one whose description can only be "Fool!"

Away to the classroom skip-jumps your jewel,
His mind on the beach or the old swimming pool.
His thoughts are accustomed to gathering wool.
He hasn't a wink for the driving ghoul.

It's up to his parents to teach him The Rule
That will keep him safe from the traffic fool.
Repeatedly warning him may seem cruel,
But it's the one way to get him, safely, to school.

KENORA GOLF CLUB

15TH ANNUAL GOLF TOURNAMENT PLANS SET

Plans have been set and all is in readiness for the Kenora Golf and Country Club's fifteenth annual open golf tournament which will be held Monday, September 7th, with the first draw commencing at 8.00 a.m. This year's tournament is the largest in the club's history with 135 entries, made up of 12 Pros and 123 amateurs. Many late entries had to be turned down since the course is already taxed to capacity.

Golfers will be present from many parts of the district including Kenora, Dryden and Fort Frances; from all major Winnipeg clubs, from Pine Falls, Selkirk, Falcon Lake, Sandy Hook, Espanola, Ontario and Virginia Minnesota.

Many of the golfers have been taking part in the tournaments over the years, many are big name golfers, but all will take their chances over the course, with the many local players registered in the event.

Last year's winner of the Pro event, Kenora's Ralph Allan will be out to do a repeat performance as will Bill Badiuk of Fort Frances, last year's winner of the Amateur flight. Ralph Allan scored a par 72 as did Bill Badiuk.

Also teeing off will be Harry Barefoot, recent winner of the Rainy Lake Tournament; Joe Tachan, 1957 winner and runner up Len Harvey; Roy Kepron, winner of the 10th tournament held in 1954 and tied for the amateur division in 1957 with Eddie Bowman and Wilf Humeniuk; Roy Fiddler and Glen Harvey, top Winnipeg golfers will also be present.

Harold Lindsay is chairman for the tournament and in an interview today he had high praise for his staff of willing workers, Lawrence Toole President, Cyril Beaton, Joe O'Flaherty, Don McLeod and Les Ingo.

All that is needed now is for the weatherman to add his cooperation to make this fifteenth annual tournament the finest yet to be held.

The following is the draw:

8.00 a.m.
Harry LeCain, Kenora.
Dick McDonald, Dryden.
Wm. Wright, W.C.C.

8.07 a.m.
Norm. Field, Kenora.
Jack Hewitt, Dryden.
John Bracken, St. Charles.

8.15 a.m.
Howard Webb, Kenora.
Bert Asselstine, Dryden.
J. DeLuca, Pine Falls.

8.22 a.m.
Jim Langley, Kenora.
W. Pawn, Charleswood.
Al. Hutchinson, Rossmere.

8.30 a.m.
Ken. Fulton, Sandy Hook.
Geo. Morettin, Dryden.
Tam McEwen, Kenora.

8.37 a.m.
V. I. Bachynski, Espanola.
Bob Meadows, Dryden.
Ed. D. Reimer, Assiniboine.

8.45 a.m.
Les Barrett, Dryden.
Chube Stevens, Elmhurst.
Wm. Lavergne, Kenora.

8.52 a.m.
Garry Kirkham, Dryden.
Vern King, Kenora.
R. Fargey, Assiniboine.

9.00 a.m.
Mike Bachynski, Kenora.
Mel Mathews, Pine Falls.
Llyod Lindberg, Ft. Frances.

9.07 a.m.
Les Munroe, Kenora.
Lyle Anderson, Kenora.
B. Blair Leighton, Ft. Frances

9.15 a.m.
Art Sale, Kenora.
Wilf. Wake, Dryden.

9.22 a.m.
John Bowie, Kenora.
Bill Roach, Fort Frances.
Carl Whitehead, Dryden.

9.30 a.m.
Jack Gagne, Fort Frances.
Al. Johnson, Assiniboine.
Alex Glen, Dryden.

9.37 a.m.
Sam Agnew, Fort Frances
Wm. Moore, Kenora.
Robt. Berry, Kenora.

9.45 a.m.
Jack Kostick, Kenora.
Lud Horn, Elmhurst.
Jerry Brown, Dryden.

9.52 a.m.
Don McLeod, Kenora.
Vic. Lindquist, Niakwa.
Ken. Abbott, W.C.C.

10.00 a.m.
Hugh Valiant, Fort Frances.
Bob Seguin, Pine Falls.
Berk Newman, Kenora.

10.07 a.m.
Joe Parise, Virginia, Minn.
W. Fedorn, Charleswood.
Dunc. McCunn, Kenora.

10.15 a.m.
Norm Pachkowsky, Pine Falls
Jim Parise, Virginia, Minn.
Len Brignall, Dryden.

10.22 a.m.
Art Veilleux, Pine Falls.
E. G. Macdonald, Dryden.
Paul Cordilier, St. Boniface.

12.15 p.m.
P. Trosky, Transcona.
George McDonald, Dryden.
Eddie Langstaffe, Ft. Frances.

PEN PALS WANTED

Mayor Peter Ratuski has received a letter from a young lady residing in London, England, requesting pen pals from this area and also seeking information about the Kenora district.

The mayor has forwarded a copy of the letter to this paper with the hope that interested persons will write to Miss Shaw. He has also forwarded a copy of the letter to Mr. A. Sherrett, Manager of the Publicity Bureau, and to the principals of the two local Indian Residential Schools, since the writer has expressed interest in the North American Indian.

The letter is as follows:

10 Ingelow Road,
Battersea,
London, S.W.3,
England.

The Mayor,
Town Hall,
Kenora, Ontario,
Canada.

Dear Sir:

I know you will find it a little strange to receive a letter such as this from a complete stranger, but to be quite honest I could think of no better way to get in touch with a place that interests me than writing direct to the one in charge.

I have always been very interested in the North American Continent especially the Indians who are my special love. Please do not think I am about to ask the impossible, an Indian Penfriend, I am always modest in my requests, as a rule, but if possible I would like to write to a girl or boy of your town who you are sure would be interested in writing to me.

I am 20 years of age, my interests are as follows, The North American Indian (this covers all types not just the befeathered ones of the Plains), Wild Life, The Outdoors, Horses, (I ride myself) and after these practically everything else. I would be more than glad to answer any questions regarding London, and all the British Isles, after all its not such a lot of ground to cover as Canada.

If it wouldn't be too much trouble, I know you must be very busy could you tell me a little of the history of your town, what its industries are etc., as I am in the near future setting forth from London, where I have lived all my life for Canada, that is one of my burning ambitions.

Thanking you for all your trouble, and wishing your town and its citizens peace and prosperity today and for a very long time to come.

Yours sincerely,
(signed Margaret Ann Shaw)

P.S. Did the Queen and Duke come anywhere near your town during their tour, as a matter of interest I work practically on her doorstep.

ELEVEN NEW TEACHERS ON HIGH SCHOOL STAFF

When students who are registered at the Kenora-Keewatin high school gather in the auditorium on Tuesday morning they will be introduced to eleven new teachers. The staff of the high school now comprises 29 teachers and the principal Mr. A. G. Richmond. This is one more teacher than last year. Registration at the school is expected to be approximately 675. The number of grades will remain the same with the exception of grade twelve. This year there will be four grade twelves instead of the usual three. There will be seven grade nines, six grade tens, five grade elevens, four grade twelves and one grade 13.

Following are the new teachers:

Mr. C. J. Sprague from Barrie, [illegible] science and Physical Education; Mr. Emile Blouin from Midland, Ontario who will teach French; Miss Lois Britton from Kitchener, who will teach Home Economics; Mr. R. L. Cassidy and Mrs. Dora Cassidy, both from London, Ontario who will teach English and Social Studies; William Dextor, from Liverpool, Nova Scotia - Science; Ned O. Ludlow from Halifax, Nova Scotia - Science; Miss Anita Pilon from Ottawa - Librarian and English; Allan Keele from Kingsville, Ontario - Mathematics; Ferne Soder from Winnipeg - Home Economics; Allan Trothen from Windsor - Mathematics.

Other members of the staff are : C. Hayes - Vice Principal and Commercial; Miss L. Preuss - English; Miss A. Archibald - Latin and History; Miss Muriel Bedford - Math.; R. Bouchard - History and French; H. Boyes - History; E. Brose - English and Music; A. Brown - Shop; J. S. Cymbalisty - History; J. Davidson - Commercial; W. G. Gibbon - Science; F. W. C. Jackson - Shop; J. R. Madison - Social Studies; [illegible] - English and French; Miss M. McCulloch - Physical Education; E. Uhrynuk - Physical Education and Zoology; Miss C. Young - French.

All students will gather in the auditorium at nine a.m. where they will be assigned to their respective classrooms.

Hunters Asked To Take Precautions During 1959 Season

Conservation Officer C. Vanston provides the following information and advice for those who are anticipating the 1959 fall hunting season.

Many local people will soon be renewing their $1.00 hunting licence. On reading the licence from last year one will find that it is similar to a driver's licence in that the reverse side must be filled in when applying for a renewal. Anyone who has discarded his 1958 licence will be required to fill out a form when applying for a licence for the coming season, or will have to produce a card stating that a Hunter Safety Training Course has been successfully completed.

Statistics collected by the Department of Lands and Forests for the four years, 1954-1957, show a total of 275 accidents in Ontario during this period, of which 84 were fatal. These statistics point up the need for a more stringent policy with respect to the licensing of hunters. The following is the four year toll:

Year	Fatal	Non-Fatal	Total
1954	21	49	70
1955	23	56	79
1956	18	44	62
1957	22	42	64

Department officials hope that all persons applying for a licence in the near future will have completed a Hunter Safety Training Course. At present, the licencee has only to produce last year's permit to obtain a renewal but new applicants may eventually have to produce a "Certificate of Competence" to acquire an initial licence.

An added reminder for the coming season is provided by the slogan "HUNTERS AND BULLETS DO NOT MIX." That's why the true sportsman never takes a drink in the field. He obeys this personal code—just as he respects the conservation laws.

For the first quarter of 1959, car registrations were up 21% over 1958, in Canada.

SCHOOLS TAXED TO CAPACITY FOR TUESDAY MORNING OPENING

Tuesday morning in Kenora, will see approximately 2,000 children attending the six public schools and the Mount Carmel Separate School. Registrations at the public schools will be up by one hundred pupils with the total registration standing at 1,700. Mount Carmel school expects 480 to start school on Tuesday. All schools are taxed to capacity. The public school board has added an additional two rooms, one of them temporary. A new kindergarten room has been added at the South Ward School, while at the Norman West Ward school a class room has been set up in the Norman Community Hall pending a new two room addition to the present school which, it is hoped, will be ready in the new year.

Mount Carmel school is having growing pains too. The new school built only five years ago is already too small. The second year of operation saw the auditorium converted into two class rooms, while this year a classroom has been set up in the shop room and another in the Home Ec. room. So many childern are registered for Kindergarten that three classes will be held, one from 9 to 11 a.m., one from 10 to 12 p.m. and one from 1.15 to 3.00 p.m.

A new innovation this year concerning public school students is that they will go to school for the whole day on Tuesday. In former years, pupils registered and then had the rest of the day off to purchase their books, etc. As in the past few years, text books will be supplied free of charge to public school students.

Twelve new teachers will join the staff of the Public Schools when classes begin next Tuesday.

Last year Flin Flon, Manitoba, contributed one teacher to the staff, this year two. Miss Mildred Hallama, a graduate of the Manitoba Teachers' College, has had seven years of teaching experience, including several in rural areas and three in the Northern Manitoba city. Her home is at Grande Point, a few miles from Winnipeg. Mrs. Joan Macooh also taught three years at Flin Flon before coming to Kenora last fall. Her home was near Swan River, Manitoba.

The third Manitoba teacher for the staff is Miss Irma Clark, who comes from the western part of the province, where she has taught for three years near Brandon. She has just returned from a European trip.

We trust that a trend has been started by the hiring of four teachers who grew up in Kenora and attended our High School. Miss Helen Stemerowicz has taught at Dryden and Marathon since her graduation from Teachers' College four years ago. Miss Lois Rogiani has taught for two years at Scarborough (Metropolitan Toronto). She was considered to be one of the outstanding pupils when she attended North Bay Teachers' College. Miss Dora Skene needs no introduction to the people of Kenora who follow the District Music Festival. She has won numerous awards and much praise from the adjudicators with her classes from the Cecelia Jeffrey Indian School. She served in the R.C.A.F. (W.D) during the war and taught one year in Kenora to that time. Mr. Lawrence Gagnon has taught for two years in Ontario Separate Schools before completing his Teacher training at North Bay this year.

Mr. Charles Cowlard came from England with his family last year where he had taught for ten years. He was the Principal's relief at Rabbit Lake School and also substituted in our month schools. He is active in Little Theatre work.

Eastern Teachers Colleges have contributed three teachers to our staff. Miss Donna Mitchell graduated from Hamilton and calls Welland her home. Miss Elsie Jennett completed her training at Toronto. She had taught for two years on a Temporary certificate including one year at Sioux Lookout. Mr. Karl Schottroff received extensive teacher training in Germany before he came to Canada in 1951. He has taught in rural Ontario schools and this year attended the Stratford Teachers' College. His special field is music and while at College he advised the authorities in the installation of Hi-Fi equipment. Mrs. Schottroff is a former Public Health Nurse and they have one child. Finally Miss Joanne Holbrook comes to us from Fort William where she has just completed the second Pre-Teachers' College Summer Course. She taught last year near her home.

The teachers for the coming year are as follows:

CENTRAL

Mr. P. K. Dickens, (Principal), Miss J. Stemerowicz, Mr. N. Kristalovich, Miss M. Norris, Miss L. [illegible], Mrs. M. Little

(Continued on Page 4)

Jean McIntee Writes 3 Plays For CAS Presentations

Kenora's talented dramatic writer, Jean McIntee, has written three new radio plays which will be presented over station CJRL during the next two weeks. Titled "Daddy's Girl," "Filling a Need," and "The Helping Hand," these plays will highlight some of the situations and problems encountered by Children's Aid Society workers.

Mrs. McIntee's plays, however, are not devoted totally to presenting a theme. They each have an interesting story to tell, and they would stand up as good theatre on this count alone. It will be remembered that Jean's play, "Too Much of Too Little," won the highest award in the Winnipeg Little Theatre's drama contest. It received excellent reviews when it was presented in the Children's Play Parade in that city last spring.

Three experienced members of the Kenora Little Theatre, Mrs. Wes Rowson, Mrs. Veronica Kirk and Mr. Frank Fowles have been engaged to direct these plays.

The Kenora and District Children's Aid Society will launch its annual campaign on September 15, to continue through the month.

Prime Minister Pleads For Safety On Highways

OTTAWA — An urgent appeal to Canadians to work continually and seriously to reduce the tragic toll on the nation's highways has been issued by Prime Minister Diefenbaker. The message, directed at both motorists and pedestrians, stresses the need for intelligent driving and walking at all times so Canadian lives will not be needlessly lost in traffic and the Canadian economy will not suffer the annual multi-million-dollar loss through highway accidents.

The Prime Minister's message is as follows:

At this season when holiday traffic on Canadian highways is at its peak, I appeal to all my fellow Canadians to exercise special caution so that their vacations may not be marred by accident or death.

According to the Canadian Highway Safety Conference, Canada's economic loss through highway accidents last year was more than $313,000,000. This was as nothing compared to the loss of 3,134 lives, of which 979 occurred during the three summer vacation months.

Canada has joined this year, as in the past, with the United States in a continent-wide campaign to "Slow Down and Live".

I appeal to every motorist and pedestrian using Canadian highways to use every care to the end that a needless waste of lives and damage will be reduced if it cannot be entirely avoided and prevented.

Municipal Spending Discussed At O.M.A. Convention

SUDBURY — Municipal Spending was a prime topic during Monday's sessions of the Ontario Municipal Association convention.

Provincial Treasurer Allan told delegates that municipal and provincial spending had grown "fantastically in the last decade closely paralleling the population increase.

He said 10 years ago the gross tax levy of Ontario municipalities was about $150,000,000. Now it exceeds $475,000,000. Provincial aid to municipalities and associated bodies was 35 per cent of the government's total expenditure or 44 per cent of its total revenue.

"For every $2 local government raises itself by way of taxation, we contribute a further $1," he said.

CAN BE HELD LIABLE

J. W. P. Carter, Ontario deputy minister of municipal affairs, warned that "when elected representatives vote for improper expenditures they render themselves liable for the funds spent."

He warned municipal officials to function within their legal limits and to refer problems to the department before they got into trouble.

Mr. Carter also urged a "pay-as-you-go" basis for more capital works and the building of reservices for future capital expenditures.

Municipalities should stay out of long-term financing — more than 10 years — except in emergency cases, for as long as "this funny-money" situation exists, he said.

URGES DEBT SURVEY

George Gathercole, Ontario deputy minister of economics, recommended that municipalities survey present spending, debt and future financial outlook before going out on any monetary limb.

He said the province is faced with mounting demands for money and municipalities should not expect more aid through increased grants.

He turned thumbs down on municipal sales taxes, which he termed unsatisfactory for smaller centres although possibly all right for larger cities as a means of raising funds.

In another session, D. W. F. Coughlin, Ontario director of probation services, told welfare delegates to the 61st convention that there is too much consideration given to retribution and severe sentences as deterrents, while little consideration is given to rehabilitation.

COSTLY TO LOCK UP

Prisoners cost $1,500 to $2,500 a year to keep, he said.

"Do we honestly believe we can rehabilitate by locking people up?"

He said 70 per cent of prisoners placed on probation stay out of trouble.

Delegates learned that a new step designed to boost efficiency is planned by the Ontario government.

Mr. Allan told them that the government plans to set up a special organization and methods section that would handle requests from government departments for expert help and advice in improving working procedures and making the best use of talent and funds.

IRON LUNGS TO FIGHT POLIO

Montreal, Quebec, in a near epidemic state were so relieved to see the arrival of a cargo of iron lungs from Edmonton, Alberta. The special shipment of lungs was flown in by an RCAF flying boxcar to help fight Montreal's polio outbreak. City health officials will meet in a special session to determine the strength of the outbreak in Canada's largest metropolis.

Home Builders Set Brisk Pace

Home building contractors are setting a hot pace in their rush to file applications for federal government direct loans.

This, plus report that house sales generally are very good, promise vigorous, housebuilding activity this fall and winter.

Good omens:

From July 27, date from which applications would be accepted, Central Mortgage & Housing Corp., received 1,249 applications for small house loans for the first ten working days - a rate of almost 125 a day.

In the third week, CMHC received close to 1,400 applications - more than the total for the first two weeks.

This means:

These figures represent only the first rush of applications. A good many builders are still making their plans or are just starting to make them now that they know the loans are available for sure.

PICKS TREE TO SLEEP IN

PACIFICA, Calif. — "What are you doing in that tree?" inquired housewife Mrs. Hazel Calyes Monday when she saw 15-year-old George Crowden from her kitchen window.

"Sleeping," said George.

She called police, who asked the same question, got the same answer.

George explained he had visited a girl friend and started home too late. So he picked out a tree and went to sleep.

"Why a tree," asked the police.

"Better than the ground," said George.

They sent him home.

CPR Official Gordon Hutt Retires

MONTREAL — Gordon M. Hutt, P. Eng., of Montreal, assistant manager of the Industrial Development department, Canadian Pacific Railway, is retiring to take up residence in Winnipeg, it was announced by F. W. Collins, manager of Industrial Development.

Mr. Hutt, a Bachelor of Science in geology and chemistry from the University of Manitoba, and a Master of Science from McGill, has been with the C.P.R. since 1924 at Winnipeg and Montreal.

He joined the Company as a field assistant at Winnipeg, and was appointed assistant development engineer in that city in 1927, and development engineer in 1929. He was later appointed to assistant development commissioner and was transferred to Montreal in that capacity in 1945. In 1946 Mr. Hutt was appointed development commissioner in Montreal, and in 1956 became assistant manager.

Very thin plastic, such as is used to wrap garments, should not be allowed to fall into children's hands as a plaything. Many young children have died during the past year or so when the filmy fabric has become pressed against nose and mouth and caused suffocation.

ONTARIO

DEPARTMENT OF LANDS AND FORESTS

TO ALL PERSONS INTERESTED IN

CUTTING CROWN TIMBER UNDER AUTHORITY OF A

CUTTING PERMIT

Applications for timber must be made by November 30th, 1959 at the latest; applications will be entertained in the order in which they are received. Allowable cut calculations have been made and total volume sold will be limited accordingly.

Cutting on commercial permits for coniferous species may not commence until after the close of the fire season November 1st, 1959.

F. E. Sider,
District Forester.

BIRTHS

RALPH — Mr. and Mrs. Robert Ralph of Keewatin are pleased to announce the arrival of their son, Robert Allan on August 29th at St. Joseph's Hospital. Weight 6 pounds, 15 ounces. A brother for Jimmie and Bruce.

CARD OF THANKS

We wish to express our sincere thanks to all our friends, neighbours and relatives for their many acts of kindness, messages and cards of sympathy and beautiful floral offerings received by us during our recent bereavement in the loss of our wife and mother.

Special thanks to Rev. R. J. Leighton and pallbearers.

Nils Sunquist and Wayne.

ANNOUNCEMENTS

The regular meeting of the Kenora-Keewatin District Scout Council will be held on Friday, September 4 at 8.00 p.m. in St. Alban's Parish Hall. Dr. Halliwell will report on Apple Day. Your attendance is a must.

NOTICE

Retired Men's Association, Kenora, will resume activities on Friday, September 4th, 1959.

"Committee".

KITCHEN CLASSICS

The most satisfactory method of canning pears is the simplest. The sweetness of the syrup depends upon how you are going to use the fruit. For dessert pears, use 1½ cups water to 1 cup sugar. Pears to be used mainly in salads take a lighter syrup, about 2 cups water to 1 cup sugar.

CANNED PEARS

Peel, halve and core pears. (To get a clean-cut removal of the core, use a ½ teaspoon measuring spoon or a melon ball cutter.) Pack raw fruit into clean hot jars to within ½ inch of top, overlapping the layers, cavity side down. Cover with boiling syrup. Work out air bubbles with clean knife inserted inside jar. If desired, add a small piece of ginger. Seal jars and process in boiling water bath, allowing 20 minutes for pints; 25 minutes for quarts.

A 42 pound box of pears will give you about 20 quarts of canned fruit. If you like to set some aside for home canned fruit salad, this is the year to do it.

Include a few jars of Pear Marmalade in your canning program, too. This one is nipped with preserved ginger, a tantalizing flavor that has a special affinity for pears.

PEAR MARMALADE

10 cups sliced pears
Grated rind and juice of 2 lemons
¼ cup chopped preserved or candied ginger
6 cups sugar

Place pears in kettle in alternate layers with sugar, lemon rind and juice. Let stand an hour or two to extract some juice. Add ginger, bring to boil, cook until thick enough for jam, about 40 to 45 minutes. Ladle into sterilized jars, seal as usual. Makes about 3 pints.

Meanwhile, British Columbia crabapples are ready for jelly making and pickling. Remember the old-fashioned whole crabapple preserves of grandma's day? The rosy-cheeked crabapples in a syrup so rich it was almost jelly-like? Served with hot biscuits, they are delicious and the idea should be revived.

CRABAPPLE PRESERVE

6 lbs. crabapples
6 cups sugar
3 cups water

Choose the most perfect crabapples from the case, saving the rest for jelly. Bring sugar and water to boil, boil 5 minutes. Wash and remove blossom end from crabapples, but leave stems on. Lower the crabapples into the syrup and cook gently just until they are tender and starting to look transparent. This takes but a few minutes, so watch carefully. Stir them around with a wooden spoon while cooking so they all cook in the same time. Seal in sterilized jars.

Fresh from the orchard British Columbia apples are being shipped daily from the Okanagan growing areas. Among them are Duchess, and Wealthy cookers, that wonderfully versatile apple that looks so soft and smooth and has an enjoyable tartness for eating out of hand. You can use them for canning purposes, too. Combined with pears, lemon and pineapple they make a wonderfully good jam at little cost.

Oil fields in Alberta are expected to produce 340,287 barrels daily in the month of July.

Teen Tips For Safe Driving

The National Safety Council has distributed a few rules for teen-age drivers. These could profitably be posted on the bulletin boards of all schools where students drive cars, and the number of such schools is growing rapidly across Canada. Word has come recently of an eminent educational institution where the campus is being turned into a parking lot!

NCS rules are:

1. Be proud of your driving. Do your part to prove teenagers can be the best drivers on the road.
2. Smooth driving is the mark of a pro. Don't make jack-rabbit starts, squealing turns and fast stops.
3. Be courteous at the wheel. Give the other fellow a break.
4. Don't try to get ahead of the other driver or to even the score if he's inconsiderate.
5. Speed is a killer. Adjust to the road, weather and traffic conditions.
6. Keep both hands, on the wheel and your eyes on the road.
7. Obey the law. Stop at stop signs.
8. Keep your car in top condition. Give special attention to tires, lights and brakes.
9. Don't be a bumper-chaser. Keep a safe distance between your car and the car ahead.

Canadian companies paid $81,133,999 in dividends in June, a rise of 3% from last year.

Public School Registration

Parents, if you were not able to register your children this spring or have moved to Kenora during the summer, please note that you should now register them at the nearest school on Friday, September 4 from 2.00 to 4.00 p.m.

If unable to register on Friday, please do so on second day of school, Wednesday, September 9th.

PLEASE NOTE: THERE WILL BE A FULL DAY OF CLASSES THE FIRST DAY OF SCHOOL AND NO REGISTRATION WILL BE POSSIBLE ON TUESDAY, SEPTEMBER 8th.

OIL FROM SABLE?

Canada's most intriguing oil hunt on Sable Island in the Atlantic Ocean, 180 miles east of Halifax is about to begin, says The Financial Post.

Mobil Oil of Canada has announced an aeromagnetic survey would be done by Canadian Aero Service. The survey is expected to take between one and two months, will govern future exploration activity.

Mobil Oil of Canada holds some 600,000 acres under a license taken out in April this year with the Nova Scotia Government. Most of the area - a graveyard for ships for centuries - lies 10 to 60 feet under water.

Tourist cruises on Quebec's Saguenay River, which runs between cliffs up to 1,600 feet high have been operated since 1849.

HIGHLAND GAMES REAL SUCCESS

An armful of cups is held by Linda Christie Campbell of Toronto, Ontario. Repeating her success of last year, Linda won all the Scottish and Irish dancing events in her age group at the Highland games held in Fergus, Ontario. Entries came from many parts of Canada and the U.S. Highlight of the games was the massed bands parade. About 300 pipers stirred the crowd in the colorful spectacle.

Property Inspection Contemplated from Clearwater Bay to Limits of the Town of Keewatin

Provincial Land Tax officers in the Kenora Office of the Department of Lands and Forests are formulating plans for inspecting this fall of all properties from Clearwater Bay to the limits of the Town of Keewatin. Using Municipal Assessment methods all assessments will be equalized. These accounts can then be processed during the winter months.

When a child begins school for the first time, he should be in the best possible condition. He should have a thorough checkup of eyes, teeth and general health, as well as having immunization against polio, diptheria, whooping cough and smallpox.

REDDITT

By Mrs. P Ferguson

Miss M. Horne has left for Sioux Lookout where she will be attending high school.

Mr. and Mrs. G. Randell were guests of Mr. Randall's parents, Mr. and Mrs. Chas. Randall.

Mrs. C. Forbes of Winnipeg spent the weekend with Mr. and Mrs. P. Ferguson, it being 15 years since they had met.

Mr. and Mrs J. Latimer and daughter Isobel motored Wednesday to Sioux Narrows where Isobel will be visiting with her sister and brother, Mr. and Mrs. J. Haas and Robert and his wife.

Mr. and Mrs. A. Beaulieu and children of Kenora are moving back to Redditt. And will be residing in Mr. Mangren's place.

How To Start New Cacti Plants

So contrary are cacti to the rules of propagation, that most people just don't get anywhere trying to increase them. Maybe a few ideas from the Ontario Department of Agriculture will help.

Cacti and other succulents can be started by grafting, or from cuttings or seed. The use of cuttings is the easiest and most popular method.

Cactus cuttings have trouble with water. If they get water at the wreng time, a death-dealing rot will result. That's why it is best to scar the cut so water can get neither in nor out. Do this by putting the cutting in the sun for a few days or by placing it on a shelf in a dark closet. A cactus needs about a week to scar well: other succulents need a bit longer.

Now the cutting is ready to plant. First, fill an unglazed, porous pot one-quarter full of pebbles. Then fill up to the half way mark with leafmold or similar material. Finally, add a mixture of loam, sand and gravel to which a little lime has been added.

Be sure that the entire contents are dry before planting begins. Do not add water until the roots have a good start. Then only moisten—do not soak. A good idea is to place the pot in water, so that the roots can take up their own needs. Water about once weekly. A little plant food will help.

It will not hurt to inspect the roots once in a while during the period of their establishment. If you should notice any rot, cut off the bad area, scar again and replant.

The best time to get cuttings is right after the flowering period. Try trading cuttings off with your neighbours. Soon you may have a fine collection.

Going To Build A Home?

A larger number than usual of enquiries and applications have been received in the Department of Lands and Forests, for land for permanent dwellings, on the outskirts of Kenora and places like Sioux Narrows, Nestor Falls, Minaki, etc. Most of the applicants are anxious to get busy immediately and have their homes completed before the cold weather sets in.

This news item is a plea and a warning. When a land transaction is contemplated there are certain formalities, some legal in nature, which must be seen to before the transaction can be consummated.

Government land belongs to the people of the Province and the public interest must be safeguarded at all times. An initial inspection is always required to determine the suitability of the land. Other departments must be consulted for such things as highway and health hazards, municipal concurrence and many other special features. Even after the local office of the Department is satisfied that the application is in order, it must be forwarded to the Head Office of the Department for an expert check as to legal procedural correctness. Even after approval is received from Head Office the land must be surveyed and the plans checked before actual sale notice may issue.

Hence it will be seen that considerable delay cannot be avoided, and the Lands Department officials suggest that any one contemplating the building of a home on Government land next spring should make application now so that the paper work may be completed during the winter months and an early start made possible for the actual construction work.

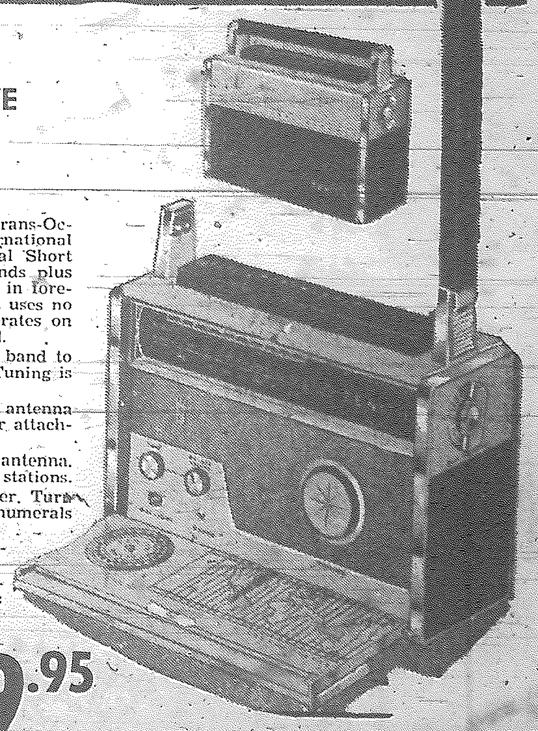
Family Fun Begins with A ZENITH Transistor Radio

ZENITH TRANS-OCEANIC STANDARD AND SHORT WAVE PORTABLE RADIO

POWERIZED TO TUNE IN THE WORLD



It's the transistorized version of the world famous Zenith Trans-Oceanic Portable Radio whose ownership reads like an International "Who's Who." It receives Standard Broadcasts, International Short Wave, Marine Weather, Amateur Short Wave Coverage Bands plus Ship-to-Ship, and Ship-to-Shore reception. Students can tune in foreign lands and learn languages as they are actually spoken. It uses no AC/DC power supply; no tubes or large "B" batteries—operates on low cost flashlight batteries, available anywhere in the world.

Band Spread Tuning—electrically separates each short wave band to allow up to 1400% more room on the dial for every station. Tuning is easier, faster, much more accurate.

Detachable Wavemagnet Antenna—In addition to standard antenna mounted at top of cabinet, radio has a detachable antenna for attaching to windows of autos, trains, steel buildings.

Telescopic Short Wave Antenna—handle conceals waverod antenna. Extends to several feet—has greater sensitivity to short wave stations.

Rotary Band Selector—8 bands are located on rotary cylinder. Turn of control selects desired band quicker, easier. Large station numerals make tuning simple.

Calibrated Logging Scale—above tuning scale for ease in logging and relocating stations.

Operates on Low Cost Flashlight Batteries—available everywhere in the world where flashlights are sold. Up to 300 hours of listening at fraction of cent per hour.

DIAL-O-MAP Time Chart—tells time of any place in the world. Dial your zone time, get station broadcast time.

Log Chart Compartment—lists all major short wave stations with their radio frequencies and hours of best reception. Contains space for your personal log.

The Swift Money Man, Jack Thomson of Radio Station CJRL is pictured in one of the local stores which he visited last week. Jack will be visiting local food stores again this Friday and Saturday. Watch for him - he will have free gifts for all.

MENAGERIE GOES ALONG WITH FAMILY

BARRIE —Mr. and Mrs. Eddie Durtnell today began their vacation here with their five children and their pets—two dogs, three monkeys, a chimpanzee, a baboon, a kinkajou (related to the raccoon), a bush baby (known as "the thing"), an African tortoise, three budges and a parrot.

"Animals need a holiday just as much as humans," said Mr. Durtnell. The animals live inside the Durtnells' summer cottage, outside it, on the roof, in trees and on the chimney.

At the Durtnell home in the Toronto suburb of Weston they have a room all to themselves.

Mr. Durtnell regards collecting animals a hobby "like bird-watching or stamp-collecting."

Mother Marie Gerin-Lajoie was the first woman to obtain the bachelor of arts degree at Quebec's Laval University.

WOULD PAY FINE WITH ALLIGATOR

HOUSTON, Tex. —Judge Tom Maes turned down an alligator but dismissed a speeding ticket against alligator wrestler Louis Pavia.

Pavia wrote Judge Maes that one of his reptiles nipped him recently and he was unable to work to pay off a speeding ticket he received here recently.

Pavia said he had many fine alligators, but no money.

"You can have your choice of one from 18 inches up to four feet," he wrote the judge.

Pavia recommended the 18-inch size. The ones in that age group, he said, don't bite.

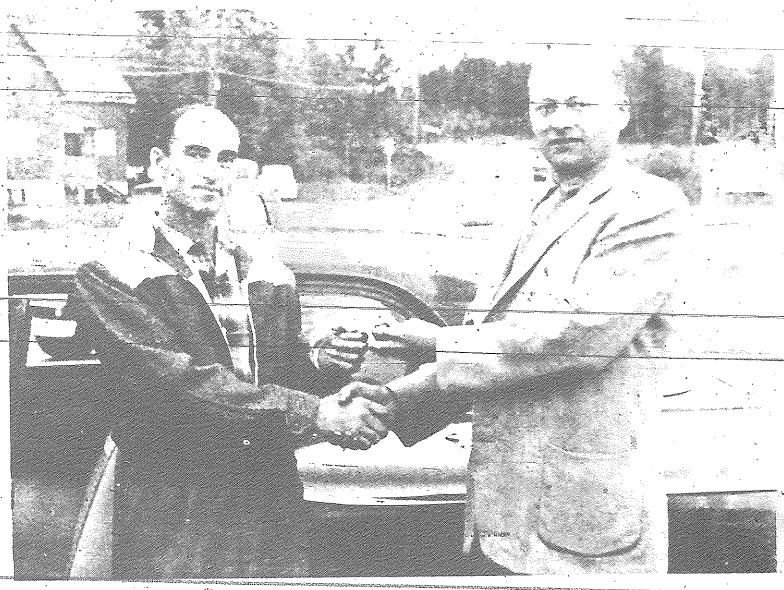
Maes dismissed the speeding ticket Monday—conditionally.

"The condition," he told reporters, "is that the man not send me an alligator."

DR. AND MRS. J. ALLAN MAHONEY

Friends of Dr. and Mrs. Mahoney, former residents of Kenora were pleased to hear of Dr. Mahoney's recent appointment as assistant director of the Department of Professional Services and secretary to the committee on Infections within Hospitals of the Council on Professional Practice of the American Hospital Association in Chicago.

Mrs. Mahoney was the former Gertrude Holland of Kenora.



Mr. Keith Affleck is pictured presenting the keys of a brand new Meteor to Mr. Harvey Wynandts of Kenora. Mr. Wynandts was the lucky winner of the Penner Motors draw held Monday night.
