LOCAL BOTTLING PLANT PIONEERS NEW FIELD

ORANGE CRUSH IS MARKETING NEW PRODUCT IN SMART PAPER CARTON

The Orange Crush Bottling Company of Kenora introduced for the first time today a completely new type of container for their four "Crush" flavors - Orange Crush, Grapefruit Crush, Grape Crush and Lime Crush. The cardboard container marks another forward step in the planning and thinking of the present management . . . and follows months of research and experiment to achieve the present product.

Eighteen months ago, Mr. J. K. Doner and Mr. W. Kirkpatrick took over the ownership and management of the local plant. Since that time they have built a completely new modern plant where the famous "Crush" products are prepared under the most scientific and hygenic conditions.

One of the first problems to occupy the attention of the new owners was that of finding a more modern method of dispensing soft drinks. In the course of their research they decided that Pure-Pak containers, similar to that now used by most up to date dairies, offered the best possibilities.

The advantages of this type of container are numerous. From the consumer's standpoint, they offer an absolutely sanitary individual container for one-time use without the necessity of leaving a deposit with the retailer against the return of the bottle.

Although it does not readily appear so, the new container holds exactly the same number of ounces as the Family or King Size 10 ounce bottle. It requires less than ⅓ the space of the bottle and weighs approximately ⅓ of the bottle plus contents.

The design and shape of this new modern container will enable the housewife to keep a supply in her refrigerator at all times and chilled ready for use. The cartons may be stacked one on top of the other between the racks in the refrigerator.

Mr. Bruce Whittingham, the Sales Manager of the Carton Division of Orange Crush Bottling Co. states that most of the stores in Kenora are now selling the Four "Crush" Flavors in the cardboard carton. Mr. Whittingham states that the troublesome bottle will soon be a thing of the past for the storekeeper.

Weekend Accidents Hospitalize Three

The Ontario Provincial Police report two weekend accidents, one sending three people to hospital.

Armond Houd of Mando Camp 252, and two passengers in his car were taken to hospital in Kenora on Saturday night.

Mr. Houd was driving down the Jones Road when his car hit a washout causing the vehicle to crash into the ditch. Mr. Houd suffered facial lacerations. His father-in-law, Mr. Alex Roy, of St. Norbert, Manitoba, and Mr. Brian Taylor of Mando Camp 252 suffered minor injuries. Both were released following treatment. Mr. Houd remained in hospital over night.

Also during the weekend, Miss Pauline Rygiel of 781-Notre Dame Avenue, Winnipeg, was driving along highway 17 west of Kenora when she was blinded by the sun.

Her car swerved off the highway ripping out a guard rail. Miss Rygiel was not injured.

The Ontario Provincial Police wish to thank motorists in the district for the co-operation received during the Labor Day weekend. No fatal traffic accidents were reported for the Kenora District.

Local Unit Has New Role To Play

Fortieth Medium Regiment R.C.A. resumes training tomorrow evening at the Armouries at 7.30 p.m. Officers and men face a busy fall and winter preparing for the new task which Ottawa has assigned to the Militia Units of Canada.

When the danger now facing our country of any outbreak of hostilities is likely to take the form of Nuclear Explosion on Canadian territory, the Militia's traditional purpose, the defence of the people and territory of Canada has become more relevant than ever it was during the earlier decades of this century. The training program of the local unit will reflect this new situation.

Formerly the Militia found its greatest opportunity and service in fostering the training and expansion of the numbers of citizens equipped to fit quickly into the traditional branches and units of the Canadian Army. So that one might have classified our Militia Units as "seed beds" for the nurture of needed reserves" to be available as any war developed for the expansion of the Canadian Army. That usually has meant for service overseas, since keeping the battle at a distance was the best protection of our homeland and people.

But this new day means, that while this former role must not be neglected, the Militia's first duty will probably be that of assisting our own citizens through disasters caused by Nuclear Explosion and Atomic Fall-Out on our own towns and cities.

The Unit's new training program therefore emphasizes such

(Continued on Page 4)

Three Lose Lives By Drowning In District Waters

Three drownings have been reported in this area in the past few days. Sunday, an American tourist holidaying in the Sioux Narrows district was drowned when the boat she was in was swamped in rough water. Dead is Mrs. Verne Christianson, 41, of Jim Falls Wisconsin.

The woman along with her husband and two other companions, not identified, were out fishing in a 14 foot boat loaded with gear. The boat sank throwing all four into the water.

The survivors were rescued some forty minutes later by Hans Bergstrom of Nestor Falls who took them to a nearby island. Artificial respiration was applied to Mrs. Christianson but she failed to revive.

Also on Sunday, Percy Thom, 31, was drowned in the big Grassy River when he fell from a boat. The body of the treaty Indian has not yet been recovered.

The Hudson detachment OPP report that John Bearman a Treaty Indian from Hudson drowned at Hudson on Saturday. Mr. Bearman was 40 years old.

Hubert Galloway Former Resident Died At Victoria

Hubert S. Galloway, who served as operator and dispatcher and retired as Canadian Pacific Railway Agent at Kenora in 1950 passed away at Victoria August 26th in his 74th year. Mr. Galloway was an active citizen of Kenora and Keewatin. He served as Alderman on the Kenora council and was a member of Knox United church board of stewards, serving as church treasurer for several years. He was a Past Master of Keewatin Masonic Lodge and a life member of the order; a Past Principal of Golden Chapter Royal Arch Masons Kenora, and Past District Deputy of Algoma District for the Masonic order.

He was active in Kenora Agricultural Society circles and many local people remember him for the lovely home garden and floral display he maintained around his former home at North Main St.

He is survived by his wife Laura of Victoria; one son Stanley of Ottawa; three grandchildren; a sister Jennie McCowan of Keewatin; two brothers, Leslie of Kenora and Cecil of Keewatin.

Funeral services were held at McCall Bros. funeral chapel Victoria, Rev. I. Higgins Officiating, followed by cremation.

Pinecrest L.A. Resumes Activities After Holiday

The opening meeting of the Ladies' Auxiliary to Pinecrest was held Tuesday afternoon at 2.30 in the Library of the Home.

Mrs. W. G. Saunders, president, opened the meeting with the Inspirational. She welcomed the members back once again and thanked them for their co-operation with the summer tea.

Mrs. W. Laurence, secretary, read the minutes of the June 9th meeting. The treasurer's report was given by Mrs. Laurence in the absence of Mrs. Field.

A report was received from the membership convenor, Mrs. A. Sorenson, adding 12 new members to the auxiliary.

Mrs. J. Thomas convenor of Handicraft reported that no classes were held in the summer, but that two sales of work were held at the July tea and at the Open House in August. The sales were from donations and work of residents and the money was turned over to the residents. The project, at present, stated Mrs. J. Thomas is a dresden plate quilt of 600 pieces. This quilt is being embroidered by the residents. The auxiliary plans to replace the attachment on the sink in the beauty parlour. A decision to seek a downtown meeting place was reached at the meeting. The auxiliary was most appreciative of a splendid contribution to the well-being of residents made by Miss Lorna Minor and Miss Carolee Barbour. These young ladies presented a knitted afghan, started as a Sunday School project.

The auxiliary will next meet on Tuesday, October 6th.

DR. BURRIS EXPRESSES VIEWS ON STATE MEDICINE AT ROTARY

A very able description of a trip to Great Britain and European countries, the innumerable attractions of the various countries visited; a searching and frank discussion on the National Health Services in Britain; and impressions and suggestions of things to see, and to sometimes avoid, was given to members of the Kenora Rotary Club at their Tuesday meeting with Dr. S. M. Burris as guest speaker.

President T. A. O'Flaherty was in the chair, and one visitor, Dr. Carl Waldron of Minneapolis was welcomed. Attendance was 94.-44% and last week, 96.30%. It was announced that the club would sponsor the visit of an Eastern opera group here on November 10th, and that the Kin-Rotary annual golf tournament would be held September 16th. The Winnipeg Rotary Club golf tournament will be held the same day.

Introduced by Rotarian M. Y. Cameron, Dr. Burris told of the wonderful services and hospitality experienced on the air trips both ways. The service was de luxe and an eye-opener to the party. With Mrs. Burris he had attended the medical convention in Edinburgh, and he had found the Scots most hospitable, and the convention expertly organized.

They had found Europe recovering splendidly from the ravages of the last war. Signs of new building was evident on all sides, and the standards of living were rising and would catch up with standards on this continent. The number of automobiles in Britain alone had doubled in the past five years, and the weather was very dry, the fairest and best in twenty-five years.

Some 2,000 Canadian doctors and their wives had taken part in the convention with British

Harvesters Busy Gathering Huge Wild Rice Crop

The biggest crop of wild rice to be harvested in this area for some years is presently being garnered by countless workers. The demand for this product matches the harvest

Reports reaching this office state that at least three buyers are on hand to purchase the rice from the pickers as fast as it is brought into town. Tons of rice are being shipped out of town to be marketed in the leading cities of this continent, where the product is considered a delicacy and sells for as much as three dollars a pound. One buyer is reported to have shipped as much as sixty tons to date. The majority of the pickers are from the various Indian bands in the area. They have a special knack too, in loading the harvest into their canoes. They paddle into the rice fields beat the stocks and in a relatively short time their canoe is filled to the brim.

Rice from the Kenora area is very much in demand since other sources particularly in Manitoba, failed to yield any amount of rice this fall.

Man Killed Near Ear Falls

The Ear Falls detachment of the Ontario Provincial Police reported today of a traffic fatality which claimed the life of a treaty Indian. Dead is George Punch of the Lac Seul Band.

Police report that the accident occurred at 10.15 Tuesday morning on highway 105 in the Ear Falls area. Mr. Punch who was working for the Department of Highways on road repairs was struck by a car allegedly operated by Harry Dueck of Perrault Falls.

Dueck was proceeding over a hill and was unable to see the man walking on the highway due to the incline of the hill police said.

The investigation is continuing.

Tenders Called For 10 Miles Of Highway West Of Atikokan

Tenders for the first contract on construction of the new highway connecting Fort Frances and Atikokan were called in Toronto on August 27, according to information received by William G. Noden, M.P.P., from the Hon. F. M. Cass, minister of highways.

The tenders call for grading granular base and culverts on 10 miles of highway 120 west from Atikokan. This is the first portion of the highway to be surveyed and brushed. In the meantime, surveyors are presently engaged in working westward from Mine Centre.

During the past week, W. A. Clark, chief engineer of the department of highways, Toronto, and H. A. Tregaskes, construc-

(Continued on Page Four)

CONSTANT FACTOR

The little red schoolhouse he had known
Stood there deserted, long outgrown.
Farm children now had emigrated
To the farther, newer "Consolidated,"
Where buses spilled out lively loads
Gathered from farflung country roads.

He thought a more varied curriculum
Should make school days less wearisome
But chuckled to find one thing unchanged:
Whatever else had been rearranged
A boy must still wrestle as best he was able
With homework spread on the dining table.

Eloise Wade Hackett

Our EDITORIAL VIEWPOINT

TV - AND YOU

The "television bug" is definitely biting right now in Kenora and district. For many years, residents have waited patiently, hopefully and expectantly for the service which other parts of Canada enjoy. It has been small consolation that we have not been alone in our isolation from a TV transmitter. Now, with actual construction of facilities, and with the manufacture of necessary equipment, the day is fast approaching when we too may have the opportunity of selecting our favorite TV programs.

It is appropriate, we think, to suggest that prospective buyers pause to consider their purchases. The initial investment in a set is considerable; the continued use of the TV set has often proved expensive. Careful thought should be given to the following:

Buy a 'brand name' product; one which has earned a good reputation. It is one of your best guarantees of satisfaction.

Make your TV purchase from any Kenora or Keewatin dealer. This is wise policy on your part, for he is here, available to correct any possible fault with his product. He is backing your satisfaction with the reputation of his firm. It's smart business for you to add this important guarantee.

What about prices? Well, local dealers have stated many times that they are competitive with any centre. They can well afford to be. The initial rush for sets is offering them volume sales and most dealers can take advantage of this fact to buy better from their supplier. Local dealers have facilities for financing, and can match the best buys anyplace.

Nothing is more disturbing than to have a TV set which won't function properly. Therefore service is a most important consideration in buying your set. If you don't know TV - then know your dealer, is good advice.

Finally, there should be sounded a note of caution. During the next few months many hundreds of sets are likely to be sold in the area. This fact is known to others, who, if past practices hold true, will likely descend on the district offering fabulous deals. Beware. These men can offer no magic method of saving you money. They are not interested in the purchaser, at all. They desire only to make a 'once over' clean-up. and they are gone. They will likely offer the most plausible reasons why they can offer something which no one else can touch. Check first with your own dealer, for your own protection.

Enjoy TV with the first set you buy.

WINS 5th TITLE

COCA COLA, CHAMPS OF BASEBALL LEAGUE

Good weather and a large crowd favoured the kids last night and Coca Cola came from behind to nip the Lumber Kings 8-7 to win their fifth Little Canadian championship in a row. It gave them the five game series three games to one. The hard hitting crew of Will Leydier, Charlie Manson and Clarence Westlund also had won the league pennant to go with their playoff title. Thus there is little doubt that they are worthy champions.

Dennis Portman and Les Brown started the game with back to back doubles for Coke's first run, but a walk to Dennis Laliberti and Stu Barber's long double tied the score. In the third Les Brown socked the first of his two homers for a 2-1 Coca Cola lead. The Lumber Kings roared right back for six runs. A hit batsman and a walk were followed by hits from Lorne Houghton, Dennis Laliberti, Stu Barber, Ralph Jacobson, and Wayne Spencer.

The 7-2 lead looked good with Lorne Houghton holding Cokes under control but with one out an error opened the way for two runs, and another led to three more. The big five run inning was highlighted by a three run homer by Paul Stepanik, and tied the score at 7-7. Les Brown was the master the rest of the way as he blanked the Lumber Kings for the remainder of the game.

When Jerry Townsend led off the fifth with a double, it was the end for Lorne Houghton. Stu Barber came on to get out of that jam, but in the top of the sixth Les Brown caught Barber's curve ball and parked it over the fence. It proved to be the game winner as Brown held the Kings off the score sheet in the bottom of the inning

Off the Cuff
by Rick Hunt

The brilliant pitching of Lorne Lilley and the paramount home run production of Floyd Brown paced the Brandon Clover Leafs to a first place money basket of $400 in the 14th staging of the growing Keewatin Kinsmen annual Labour Day baseball tournament.

The Brandon nine defeated the St. Boniface Native Sons 3-0 in a thrilling climax to a baseball tournament in which eight teams took part and close to three thousand fans witnessed.

Floyd Brown paced the Manitobans with four home runs in the three games the Clover Leafs played. Lorne Lilley pitched 14 scoreless innings of baseball for Brandon yesterday and allowed only five hits in his two performances. The Clover Leafs had defeated Fort Whyte 14-0 in their first game and had their toughest competition from last year's tournament winners, the Elmwood Giants, in a 9-5 second game struggle.

The tournament was played on Sunday afternoon and throughout Labour Day in perfect baseball weather, although the Keewatin Baseball Field was not in perfect shape. The Dryden Red Sox looked the best from the Kenora District. The near easterners were stopped in their opening game 2-1 by the Elmwood Giants. It was one of the most thrilling of the tournament games. The Keewatin North American Indians advanced into the semi-finals after dumping Legion 8-3, but were no competition for the St. Boniface Native Sons who defeated the Flour Towners 11-5.

St. Boniface and Brandon advanced into the finals with their respective victories over Keewatin and Elmwood.

A booming two run double by Don Wright in the bottom of the first inning was the blow that delivered the cash to the Clover Leafs in their 3-0 win over the Native Sons. The lanky catcher came through with his only hit of the series at the most opportune time for his Brandon wheaters. Floyd Brown hit his fourth homer of the tournament in the fourth inning to score the last run of the game. Brown went eight for thirteen during the series and led in RBI's. Lorne Lilley allowed the Native Sons only three hits while the losing pitcher, Eddie McDonald was tagged for six.

It was the first Kin tournament the Clover Leafs have actually played in. They were here two years ago, but the tournament was rained out that season. The first American entry in the Labour Day tourney, Baudette, went down to defeat to St. Boniface in their opening game.

RE-CAP OF LABOUR DAY GAMES

Keewatin - Kenora — Former Norman player, Brian McLay threw a five hitter and Junior Johnson homered to lead the Indians to an 8-3 "grudge" victory over the Legionaires. The Indians had a savage 12 hit attack and took advantage of costly Legion errors to win the opening tournament game. Bob Blake homered for Kenora.

St. Boniface - Baudette — Handsome Al Johnson pitched two hit baseball for the Native Sons and Eddie McDonald parked a grand slammer in St. Boniface's 6-2 win over Baudette. An error by the Baudette catcher resulted in the Native Sons loading the bases and winning by Mac's blow.

Elmwood - Dryden — Howie Hughes' home run and two Dryden errors resulted in the young Elmwood Giants defeating the Sox 2-1. Herb Kaletzke pitched effective ball for the winners and Luke Bouchard suffered the defeat in a thrilling pitching duel.

Brandon - Fort Whyte — Floyd Brown belted two homers and drove in five runs while Lilley pitched a two hitter in Brandon's 12-0 sweep of Fort Whyte. It was a surprising one-sided affair, because Fort Whyte had a strong team on paper.

St. Boniface - Keewatin — Garnett Boutet pitched and the Native Sons belted two Keewatin pitchers for 13 hits in their 11-5 victory over the flour towners. St. Boniface led 11-0 at one time. Ron Morgan's three run homer and brilliant play at short were Keewatin's only highlights.

Brandon - Elmwood — Brandon scored two quick runs in the top of the first and it looked like another devastating Clover Leaf victory. Then the Giants staged a little miracle of Coogan's Bluff in the bottom of the first. Al Tressor poked a three run homer and Howie Hughes parked a two run four bagger to give the Giants a 5-2 lead. The Clover Leafs came roaring back in the second with McKay's two run homer and went ahead 6-5 in the third with Wilson's homer which accounted for another two runs. That finished the Giants. Hunter parked another home run for Brandon in the sixth. Floyd Brown's homer had scored Brandon's first two runs. Six homers were hit and it set a record for the Kin tourney.

Coca Cola Champs Of Baseball . . .

(Continued from Page 1)

out there to congratulate each other for a fine exciting series. Last night it was just too much Les Brown. He had two doubles and two home runs and personally wrecked the Lumber King cause. And now if the boys will get those uniforms into Mrs. Salmon, making sure they are washed and neat, the league will be all set for next year.

Around Town

Mr. and Mrs. A. Wise and Mr. and Mrs. F. Wise returned to Winnipeg on Thursday after attending the funeral of the late Mrs. Emily Wise.

Mr. and Mrs. Stanley Thom and son Brian returned Thursday to Fort William after attending the funeral of their aunt, the late Emily Wise.

Mr. R. J. Wise left on the Dominion Friday night to visit his daughters Mrs. J. W. Delage and Mrs. G. Astop of Montreal.

BIRTHS

ENGSTROM—Born to Mr. and Mrs. Clarence Engstrom on August 28th at St. Joseph's Hospital, a son, Ronald Earl. Weight 6 lbs. 15 oz. A brother for Johnny and Donald.

NICKERSON — Dr. and Mrs. John A. Nickerson announce the birth of a daughter, Joan, on September 7th at the Port Arthur General Hospital.

CARD OF THANKS

We wish to express our sincere thanks and appreciation for the acts of kindness, messages of sympathy and beautiful floral offerings received from our relatives, friends and neighbours during our recent bereavement in the loss of our beloved wife and mother. Special thanks to Rev. Tomes, Doctor Paton, nurses of the General Hospital and Pallbearers.

Mr. Wise and Family.

CARD OF THANKS

We would like to take this opportunity to extend our sincere thanks to our friends and relatives for the surprise party held for us on our 25th wedding anniversary making it the memorable occasion that it was.

Mr. and Mrs. Mike Momotiuk Jr.

Local Unit Has New . . .

(Continued from Page 1)

things as the handling and organization of transport, or traffic control as it is called. Maintainence of Communications will be another chore of first importance and the guarding and monitoring of areas saturated by radio-activity. There will be the necessity of assistance and supervision of a fleeing, distraught population, first aid, and support of our civil authorities in the orderly readjustment of life for our population. In all of these areas, the training and equipment of the Militia will be of utmost help in any such emergency. And it should be clear in addition that a well trained local Unit could play an invaluable role in a major disaster in our area of non-military origin.

The opening phase of the 40th Medium Regiment's fall training program will concentrate, beyond the basis recruits course, on signals, driving, first aid and indoctrination as to the problems and perils of neuclear blast and fall-out as it could affect an area like ours.

As the general public comes to realize the importance of the new role now assigned our Local Unit it is expected many will realize their own duty to make whatever contribution they may towards the welfare of all our people. For many, their contribution can best be made through support of the Local Militia Unit.

New recruits will find a ready welcome, and some interesting and useful training to undertake each Tuesday and Thursday at the Armouries at 7.30 p.m.

Dr. Burris Expresses Views On State . . .

(Continued from Page 1)

doctors, and discussions had taken place with individuals and groups on the National Health Scheme. Dr. Burris said the doctors had been pushed into it, and the costs had risen tremendously. He enumerated fees and practices, and said doctors were swamped with crowds of people, and each could enroll patients up to the number of 3,500 with salaries based according to those attending. The question of hospitalization, waiting lists, specialist services, restrictions and regimentation were all outlined, and he found many doctors unhappy with their restricted services as not being able to practice the services and medicine they were trained for.

The tour took them to London, still showing war damage, but still a great city of history and character. Limited time curtailed their visits to many historic places.

They landed in Europe at Ostend, Belgium, and motored to Brussels. Here they found a fertile land many fruit trees, excellent highways and modern homes.

In Germany, which they entered from Holland, they found a great deal of building and again beautiful highways, beyond comparison to anything on this continent he had seen. Koblenz, Cologne, The Rhine, Baden-Baden, filled with tourist attractions, but the rural areas dismal.

The tremendous toll of German war dead was indicated by plaques seen in the various Churches and Cathedrals when whole regiments had been dessimated. The trip through Austria the Tyrol and Switzerland was most impressive, with Switzerland being the de luxe tourist area of Europe.

Rural France seemed run down, but Paris had much of its old spirit and character, and thousands thronged the Palace of Versailles. To make a European trip Dr. Burris suggested establishing a friend in every country to be visited. Don't be in a rush, avoid professional guides as far as possible unless you know them, and avoid large tour parties. The ideal way would be to travel by small car and take time to see things. A suggestion made to him before departure of "Take half as many clothes, and twice as much money" was a very good one he had found out.

Dr. Burirs was thanked for his tremendously interesting talk which held the interest of the members at all times.

39 Attend Legion Ladies Auxiliary

The regular monthly meeting of the Ladies' Auxiliary to the Canadian Legion, Branch 12 was held in the East Room of the Legion Building on Tuesday evening at 8 p.m. There were 39 members at this first meeting for the fall season.

The meeting opened with O' Canada followed by 2 minutes silence and the advancing of the colour party. Mrs. Mary Bell played the piano for us.

The minutes of the last general meeting and the last two executive meetings were read and approved.

There was an application for membership for Mrs. Gay Taylor.

Initiated into the meeting were Mrs. Eva Carroll and Mrs. Eileen LeBleu. They were both welcomed in the usual friendly manner.

Under unfinished business it was learned that the Auxiliary is unable to get Mr. Nacy's idea for a winter programme to come to town. Other ideas for money raising were discussed but nothing definite was settled.

The accounts were read and a motion made that they be paid. The financial statement was read and approved.

Under correspondence there were many thank-you notes and letters from friends who received gifts during the summer months. A thank-you card was received for the ladies who helped with the entertainment at the President's Ball.

Miss Eva Shapland is to receive the $100 Auxiliary Bursary at the coming Commencement exercises at the Kenora High School.

A special thank you was given to the sick and welfare convener, Mrs. Sinclair for the good work she and her committee are doing. They made 50 visits to the sick during the summer holidays.

Mrs. Daisy Lambert reported for Ways and Means. All members were reminded of the fall tea and to please bring articles in for the sewing table at the next meeting.

Mrs. Pierce, social convener, reported a banquet, a luncheon and rental of kitchen making a good profit. Mrs. E. Farrell reported that she will have entertainment for the October meeting.

A thank-you note was received from Woodlance, Manitoba, from a group of Auxiliary members who made a recent tour of Kenora and the Legion Building while here. They enjoyed a lovely cup of tea with some of the members and were made to feel very much at home.

Under General Business, the President thanked Mrs. M. Bell and her committee for the flowers and the work done towards Decoration Day.

Mrs. Stubbins was given her Life Membership Pin while ill in the hospital. She was very pleased with it and the visit from the President.

Mrs. Daisy Lambert is to be head convener for the fall tea in the Kenricia on November 7. Mrs. Flemming is in charge of the sewing table, Mrs. Stevens the bake table and Mrs. Oulette is to make the tea.

A letter is to be written to the men's branch concerning the use of the kitchen property without proper permission.

A special thank-you was given to the Funeral Committee who have been regularly attending all the Legion funerals.

It was also brought up that anyone who would like a coloured photo of the birthday cake should get in touch with Mrs. Flemming.

There being no further business, the meeting adjourned with the Queen and the retiring of colours.

Tenders Called For 10 Miles Of . . .

(Continued from Page 1)

tion engineer, were visitors to Rainy River district. They inspected the work now underway on the causeway across Rainy Lake and also the approach to the Baudette-Rainy River international bridge. The approach is being built by Towland Construction Co. under contract to the department of highways.

The projects are moving along and are on schedule according to the engineers.

Mr. Clark intimated that he would return to the District of Rainy River shortly in order to observe the work being done at the eastern end of Rainy River district in the vicinity of Atikokan. The development road through Dobie-Shenston area in the Municipality of Chapple got underway last Monday, Mr. Noden also announced.

NOISE-HATERS PLAN DRIVE FOR SILENCE

LONDON — Some distinguished Britons who jump a foot every time a car door slams gathered in a hushed atmosphere Monday night and formed the Noise Abatement Society.

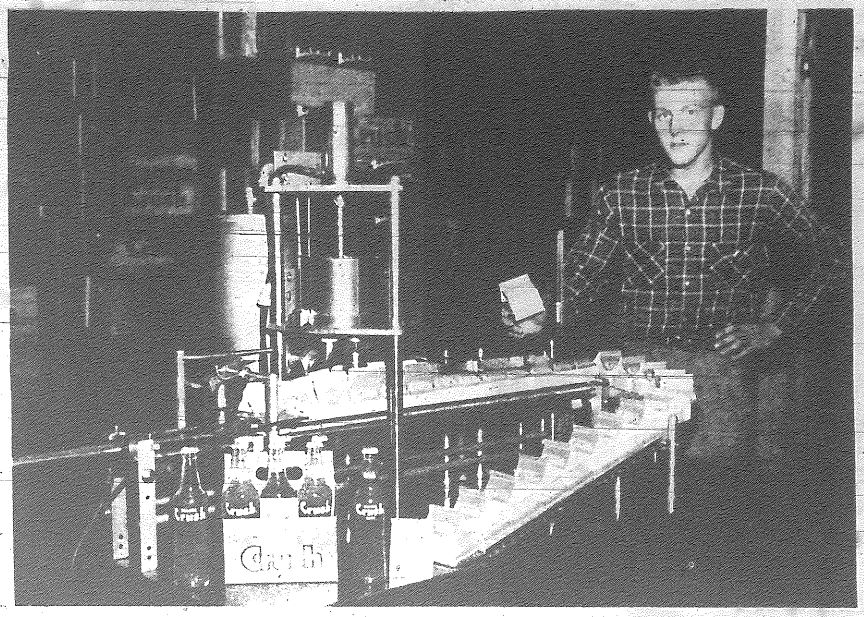
Vows were exchanged in a deep - carpeted luxury apartment. The loudest non - human sound was the fizz of champagne. Traffic roars filtered into the room only as a distant hum.

Barker Eric Jasper Greaves quietly cleared his throat and announced a campaign for every town and village.

The aim is to reduce to a minimum all the noises that can make a mild man savage —motorcycles roaring, jets screaming, milk bottles rattling, road drills drilling, doors slamming, radios booming.

"Literally thousands of people are waiting for us to take a strong lead," whispered Secretary John Connell.

"We have already received 2,500 letters and 411 people have applied for membership."



The familiar Orange Crush brand name is found on a new product being introduced locally to the trade by Orange Crush Ltd. of Kenora. Four flavors, packed in paper cartons are being offered. Pictured above is sales manager, Bruce Whittingham, standing beside the new packing machine. The plant is located 2 miles north of Kenora.

PHONE FOR BLOOD

LONDON, Ont., — The Red Cross here found a phoning bee a good means of getting quick results for a blood donation appeal. In one night, 300 persons agreed to give blood.
