Miss Nellie Paterson, beloved postmistress of the Norman Post Office who retired today after fifty years of service to the community was the recipient of tokens of appreciation and a host of best wishes. Civic dignitaries from Kenora and Winnipeg gathered at the post office this afternoon at three o'clock to honour her. Miss Paterson is pictured standing near the sign post of the street recently named in her honour.

JEWISH HOLIDAYS BEGIN ON WEEKEND

Observance of the Jewish Holy days will begin on Friday night and be conducted in the Synagogue for the following two days. The high holidays will end with The Day of Atonement which will be observed on Monday, October [illegible]

The Jewish holidays of New Year and Day of Atonement, known as "Rosh HaShana" and "Yom Kippur" generally fall during the month of September or October.

These holidays are the holiest and most solemn in the Jewish Calendar for the religious Jew, and their advent affects in varying degrees even those who do not follow Jewish religious forms or are unobservant of those Jewish traditions and customs prescribed by the Torah for use in day-to-day life. As these holy days draw near, he is visited by a strong spiritual force which enters deeply into his being and he tends to take spi[illegible] of himself and to review his deeds of the past year. This spiritual force penetrates the very fibre of his being, and he senses that his life and fortune are being weighed and determined during these awe-inspiring days. He feels that the Day of Judgment is upon him and he feels that his accountability is not a relationship which exists between man and man, but between man and God. His is at this time filled with remorse, his conscience is pricked for the sins committed by him during the past year and for having permitted the forces of evil to vanquish the forces of good. His soul cries out for justice and righteousness, stirred by special prayers designed to stimulate him to lead a purer way of life in the coming year.

It is during these holiest of days that the consciousness of the Jew is strongly reminded that it is the Almighty who holds in His hand the power of life on earth, in the air, and in the seas, and that all creation is nourished by vegetation, fruit and grain, themselves produced from the earth, given life through the Lord by means of sunlight and water. At the same time his consciousness is beset by the thought that while the body is satiated and cared for, the soul is undernourished, for that which constitutes his soul he has neglected and starved by lack of good deeds. He senses that the body is in revolt because it is not in complete harmony with his soul. For this reason, on the Day of Atonement, he starves the body for a prescribed period and thus satisfies his soul, asking for forgiveness through various special prayers prescribed by sages of many years ago for that purpose.

The Jewish people have a tradition which has carried on for hundreds of generations, known as the "Blowing of the Ram's Horn (Shofer)." This custom is practised during the final month of the Jewish calendar year "Elul" as well as during the two days of Rosh Hashana and on the day of Yom Kippur in order to atone for past transgressions. The voice

Schaetzle Grounds Acclaimed At Show In Red Deer

In a recent edition of the Red Deer Advocate, a news item headed "Schaetzle Garden Again Voted Best," proved of interest to a local citizen who saw the paper. M & N readers will remember Mr. and Mrs. H. Schaetzle as former well known Kenora residents who left some years ago to live in Red Deer.

For the second year in a row the eye catching lawn and flower beauty spot around the H. J. Schaetzle residence at 5301, 53 Avenue was awarded the top prize in the Red Deer Horticultural Society's Home ground and flower competition.

The Schaetzle residence display, a multi-colored blaze of blooms, well set out around a carpet-like lawn, was the winner of the flower garden and lawn class on lots under 60 feet frontage.

Magistrate's Court

Tuesday at Court saw Magistrate Fregeau deal with a variety of cases.

A local man charged with failing to file income tax returns was fined $25 and costs or seven days.

Driving while impaired cost a Kenora motorist $125 and costs or 30 days. He also had his licence suspended for three months.

A local man paid $150 and costs or three months for consuming liquor while on a board order. A second offence drunk paid $50 and costs while three first offenders paid $10 and costs or 7 days.

Speeding on the highways cost a Camp Robinson man and one from East Braintree each $10 and costs or three days. A local man paid $15 and costs or 5 days on a careless driving charge.

Having liquor at a place other than a residence cost a Nestor Falls man and a Fort Frances man each $25 and costs.

Wednesday morning at court saw only three cases on the docket. A minor who supplied another minor with liquor was fined $100 and costs or 30 days. For consuming liquor while a minor and being a second offender, a local youth paid $50 and costs or thirty days.

A first offence drunk paid $10 or 7 days.

KENORA FAMILIES BEREAVED

[illegible] has been received in Kenora of the death of Georgie Boucha, age 24, eldest son of Mr. and Mrs. George Boucha of Warroad Minnesota.

The late Georgie Boucha was a nephew of Fred, Clarence and Howard Boucha of Kenora.

Keewatin Public School Dedicated

A large gathering of Kenora, Keewatin and district citizens, Department of Education officials, and visiting dignitaries gathered on Saturday, September 26th for the official opening of the new $325,000 Public School building, and to offer congratulations to this great achievement of the Keewatin citizens.

The opening ceremonies were held outside the building on the grounds adjoining the School.

Dr. Allan Torrie, chairman of the Keewatin School Board welcomed the large gathering present. He said it was a very happy occasion that after four years of work, planning and construction their aims had been achieved.

He then introduced members of the school board, and called on Rev. J. W. Whitford to pronounce the Invocation.

Mayor Walter Hodkinson of Keewatin said it was a pleasure to welcome the gathering on behalf of the town. He extended congratulations to all who had a part in bringing about the Ultra-Modern structure. He stated that sacrifices had to be made by all for the provision of education facilities.

At the conclusion of his address he introduced the members of the Keewatin Town Council. He then proceeded to lay the corner stone. Representing the Minister of Education, Hon. W. J. Dunlop was Mr. C. G. Smith, B.A., B. Paed., Inspector of Public Schools for Toronto. He congratulated the School Board on the efficient structure. The cost of $325,000 for the Community the size of Keewatin was very high, but with an enrolment of 453 when one stops to figure the cost per child a day, the cost does not seem so high.

He said, that teachers alone cannot provide a sound educational system. It requires the co-operation of each individual. He spoke highly of the contractors who had carried out the plans of the architects.

[illegible] school said, he realized the great responsibility he had, but with the interest shown by the citizens of the community, good teachers, willing pupils and such a fine building with adequate accommodation for the future, he could visualize thousands of children passing through the doors in the years to come. They benefit from it as many had from the old school.

Reverend A. Dunn asked the prayer for dedication, following which the ribbon was cut by Mr. J. M. Forbes. The keys for the new Keewatin Public School were received from Mr. J. K. McKellar, chairman of the building committee.

The public were then invited to tour the building.

Lloyd Reimer Infant Son Died Today

Lloyd Bernie Reimer, infant son of Mr. and Mrs. Peter L. Reimer, East Melick Road, Kenora, died at the Kenora General Hospital early today, Wednesday, September 30. Born at Kenora, June 13, 1959, he was three months old.

In addition to his parents, he is survived by one sister, Eunice Marie, his grandparents Mr. and Mrs. B. D. Reimer of Steinbach, Manitoba and Mrs. Mary Froese of Altona, Man.

Resting in the Chapel of Brown Funeral Home until Thursday afternoon, thence to Steinbach, Manitoba for funeral services, Saturday afternoon, October 3rd.

Phone and Power Services Suffer Heavily This Year

Power and Communications officials are breathing easier these days since the season of violent electrical storms is over.

In an interview today Mr. H. Webb Gen. Mgr. Norwesto Communications Ltd. is quoted as saying. "This has been the worst summer for electrical and wind storm damage we have experienced in the last 23 years. Heavy [illegible] it easy for the heavy winds to blow trees down on lines. Lightning regularly knocked out our protective equipment thus disrupting service. Regular and extra trouble men have worked steadily since the last week in June and have found it hard to keep ahead of the damage.

I would like to express my appreciation for the forebearance of subscribers who were victims of service disruptions due to storms and from whom we have had very few complaints."

Ontario Hydro have suffered greatly too. Radio Station CJRL, which receives power for its transmitter from Hydro, has frequently been off the air, due to power failures. Fortunately the worst seems to be over.

THE END OF AN ERA IN NORMAN

MISS NELLIE PATERSON RETIRES AFTER 50 YEARS AS POSTMISTRESS

The end of an era and the termination of fifty years of devoted service to the people of Norman (Kenora's West Ward) and the Government of Canada was reached today with the retirement of Miss Nellie Paterson, Postmistress at Norman.

An old way of life has died out and a new one is born. Beginning tomorrow, October 1st, residents of this part of town will have their mail delivered by postmen dispatched from the Kenora Post Office. No longer will people address their mail to Norman, Ontario. While part of Kenora, this area has maintained its individuality by being called Norman, with mail simply being addressed to Norman Ontario. With the enlargement of the area, the tiny Norman Post Office could no longer handle the demands made upon it, hence the inaugurating of the daily postman service. For the past few months, streets have been named and sign posts put up. The name, Norman will gradually disappear as residents inform others of their new street name which will be followed by Kenora, Ontario.

With the retirement of Miss Paterson, another era ends, since lady postmistresses with fifty years service are very rare. "Aunt Nell" as she is affectionately known by youngsters and adults alike was commissioned in 1909 as assistant to her father who was then Postmaster. She was just seventeen years old, and Miss Paterson recalls clearly the afternoon fifty years ago, when she walked over the tracks, through the tunnel to Kenora where the late Judge McLennan, father of Kenora's present judge performed the swearing in ceremony.

After her father's death in 1932, Miss Paterson tooks over as Postmistress.

During the fifty years, she has only been away from her duties for less than two months. I was just too busy, she said, to take a holiday. Miss Paterson worked alone until ten years ago when Mrs. R. McLay helped out during the Christmas seasons.

Miss Paterson has many vivid

(Continued on Page Four)

Benidickson Tours District Points

W. M. "Bill" Benidickson MP for Kenora-Rainy River with Mrs. Benidickson who were delegates at the recent convention of the Northwestern Ontario Liberal Associations at the Conference centre at Quetico Park near Kawene, proceeded last week to visit in Atikokan and Fort Frances. At the latter point he attended the ceremonies marking inauguration of the Great River Road at International Falls-Fort Frances when official markers of this route were placed. The Member and Mrs. Benidickson then visited the Red Lake region and after a brief return to Kenora, they left for Ottawa. It is expected that Bill will be returning west within a few weeks to fulfill several engagements.

FIND MISSING CHILDREN

Concern for the safety of three young Indian children vanished this morning when they were found, Provincial Police report this afternoon. It is the second such group of three young children who have been reported missing in recent days.

Canada consumes almost as much paperboard as paper.

A man never gets so rich that he can afford to lose a friend.

LOCAL MILK PRICES TO RESIST ONT. INCREASE

The price of milk will not rise in Kenora immediately, said Mr. Laddie Van Walleghem, manager of Lakeland Dairies Ltd. today. He was commenting on a report of a price increase general throughout Ontario effective October 1st. "We are trying to hold the line and will do so as long as possible," he added.

The price of milk is fixed by a complicated, but rigid formula, which automatically determines the price, but only after the dairy [illegible] a [illegible] ferential with the producers. It is this latter negotiation which will determine the local dairies' ability to retain the present price, which is cheaper than Dryden and Sioux Lookout by one cent per quart.

A report on the price situation in eastern Ontario follows:

TORONTO - The price of milk in Ontario will go up one cent a quart on October 1, it was learned Monday.

Responsible for the increase is a four per cent boost on the price of milk paid to farmers, approved by the Ontario Milk Industry board.

Current price per quart of the popular types of milk are: Pasteurized, 24 cents; homogenized, 24; two per cent, 22; Golden Guernsey, 26; and skim, 18.

The increase in the bulk price of milk from $4.91 to $5.10 a hundredweight represents half a cent a quart for whole fresh milk.

"I don't think the dairies can absorb the increase to farmers without increasing the price to the consumer," Ontario dairy commissioner, Everett Biggs said.

He disclosed that confidential reports from the dairies had shown the net profit of the majority of Toronto dairies in 1958 was less than two per cent of sales before taxes.

The price to farmers is worked out by a combination of factors affecting the industry — wages [illegible] cost of commodities and services used by farmers.

The new price formula was set by a committee under Mr. Biggs with Dr. H. L. Patterson, director of the farm economics department, and Professor Ralph Campbell, head of the Ontario Agricultural College's economics department.

There is no consumer representative on this committee. The formula was then approved by the Ontario Milk Industry Board which also has no consumer representative and is composed of Judge A. B. Currey of Gore Bay, chairman, Frank Jones, past president of the Borden Company Ltd., and Gordon Greer of Ottawa, president of the Ontario Federation of Agriculture.

The new farm price applies in the Toronto area market. Farmers receive roughly $3 per cwt., plus a 25-cent federal subsidy, for milk used in the making of cheese, butter and milk powder.

JERRY DUGGAN INSTALLED PRESIDENT KENORA KINSMEN FOR 1959-60 SEASON

The Kenora Kinsmen Club held their second meeting of the 1959-60 year, on Monday evening, September 28th.

The highlights of the first meeting, September 14th, was the installation of the new executive by Art Gouriluk of Red Lake, the Deputy Governor of District No. 3. The new slate of officers are as follows:

Past-President - Bruce Stewart
President - Gerry Duggan
Vice-President - Ed Norton
Secretary - Phil Spalton
Treasurer - Al Johnston.
Assistant Secretary - Bill Sinclair.
Directors - Gerry Ouellette, Vaughan McNeely.
Bulletin Editor - Bill Gibben.

Spotlighting the second meeting of the year was the reports of the various committee chairmen on the activities of their group during the summer months. Chairman Charlie Clark gave an extensive report on the work parties held at the Children's Aid Reception Center and of progress made to date on the fencing of this property. He reported further on the addition of a fire escape to this building.

Chairman Ted Wakeman in his report on the Kinsman Community Camp outlined the work done by club members on repair and maintenance of the camp and on the various organizations making use of the facilities offered free of charge by the club for use of the children of the Kenora-Keewatin District. Both Ted and Charlie along with the members of the club were commended for the many hours of work spent on these worthwhile community services.

Out-going Treasurer, Gerry Ouellette, gave a detailed report on the finances of the club and the new executive outlined ways and means of raising money in the coming year to continue to serve the needs of the children of the Kenora-Keewatin District.

Muskies Take 33-8 Victory From Red Lake

Fort Frances Muskies vaulted into the lead of the Northwestern Ontario high school football circuit Saturday afternoon with a 33-8 conquest of league newcomers, the Red Lake Rams. About 220 students saw the contest in the Falls Sports stadium.

It was a four-point game, giving the winners double the regular credit because Red Lake and Fort Frances are so far apart they will meet only once a year, instead of twice as is customary. Consequently, the Muskies, despite a 32-6 loss to Dryden in their first outing, are making a successful defense of the league title.

In other games so far this fall, Red Lake defeated Kenora, 24-12, and Kenora downed Dryden, 12-6. Fort Frances and Kenora, traditional rivals, tangle here next Friday afternoon.

Ends Mel Trethart and Graham McIvor, flying wing Don Was, quarterback Owen Ross and fullback Dennis Huntley snapped up a touchdown apiece for the Muskies who led from the start. Bill Boyd, their punter, accounted for an extra three points on two rouges and a convert.

Quarterback Ugakavitch scored Red Lake's touchdown shortly before half-time and their kicker, Baron, added a rouge and a convert.

Over the Spider's Web

by Eltoros

"Got any river they say isn't crossable?
Got any mountains that can't be cut through?
Trained by a task that's the biggest in history:
Who has a job for this Panama Gang?"

—Berton Braley.

OVERCOMING THE IMPOSSIBLE

Vaulting from seventh place to first in major league baseball in the span of one short year is no easy task; consequently, yesterday's National League pennant grab by the Los Angeles Dodgers is quite remarkable. It does not take a baseball scholar to figure out a team's chances of reaching the World series one year after spending the previous season knee-deep in the second division with lifeless pitchers and aging stars. This could only happen in baseball. That's what makes this pastime so interesting. That's why you find a baseball fan filled with statistics, an ear to short wave radio broadcasts, a favorite team, a picture of his player, a manager's touch and a heart lined with diamond dust. It's all inevitable if you love baseball.

The Dodgers have only added to the miracles and folk-lore of the game with their comeback triumph over Milwaukee. Who had ever heard of Don Demeter, Ron Fairly, Roger Craig, Norm Larker, Chuck Churn, Maury Wills and Larry Sherry before the regulas season? The latter learning how to throw a slider in Venezuela and using it against the Braves in the opener. These young ball players have brought a pennant to car land Los Angeles.

The Cardinals of St. Louis helped the Dodgers by trading the versatile Wally Moon to the L.A. club during the off-season. Moon, who had some fielding trouble in St. Louis came to life in Los Angeles and has had his best season in baseball. The fading Duke Snider and Gil Hodges took a drink from the fountain of youth and they surprised the National League with their winning leadership. It should be noted that the Dodgers were not the only team to benefit because of St. Louis trading. The Cards peddled off Sad Sam Jones to the Giants and the veteran managed to win twenty-one ball games this season.

Yesterday's extra-innings thrill only proved the desire of this L.A. club. Coming to the bottom of the ninth and trailing by three runs is a headache no team wants. The coast bums not only salvaged a tie, but went on to win the contest. You probably heard how they did it. It's a bit on the fantastic side, but once again, that's baseball.

Now take the case of Walter Alston, the manager of this year's wonder team. Last season at this time Mr. Alston was wondering if he would be in baseball. A manager in charge of a seventh place team is usually unloaded as fast as that blonde's hair on your lapel. Kansas City ended in seventh this year, and only the other day Harry Craft received his walking papers. However, Walter was retained and he has dallied his boys 'round the pennant flag. He will certainly receive the manager-of-the-year award from the scribes who gave him the bum-of-the year award last season. Once again that's baseball.

The Braves didn't have it. They were plagued with trouble at second this season, due to the absence of Red Schoendienst, and the wonderful pitching staff of last season wasn't so wonderful, (pardon the adjective) this year. In fact the Milwaukee atmosphere has changed their baseball. County Stadium used to pack the fans in; this season there was a fan attendance drop of some 250,000 from last year. Above all, the Milwaukee fan has changed from a wild-tooting, slap-on-the-back type to a conservative critic of the game. This didn't help to inspire the Braves' dismal playing during the schedule.

It was in 1945 when the clawless tigers and the docile Cubs met in the World Series that an amusing event took place after one ball game. It seems that in the seventh inning of the sixth game of this World Series, Chuck Hostetler, a 40-year-old Tiger utility outfielder, tripped between third and home attempting to tally the run that would have won the Series for his club.

That evening, a buddy of Irv Kupcinet, the popular Chicago columnist, told Irv that he was getting a big boot out of the Series. "And by the way, Irv," he added, "I've got my father with me, too."

"I know", retorted Kupcinet, "I saw him fall down between third and home this afternoon."

HOLD GATHERING AT FORT FRANCES

Toronto—There are more than 1,000,000 physically handicapped persons in Canada, Dr. Gustave Gingras of Montreal told delegates at the annual meeting of the Rehabilitation Foundation for Poliomyelitics and Orthopaedically Disabled Monday.

Nearly half of Canada's handicapped have a severe and permanent disability, the Montreal specialist said.

Three per cent of the working population between 15 and 64 years are so disabled that they are not able to qualify for any type of competitive employment and two out of every 100 persons in Canada have to be supported by their family or the public.

Dr. Gringras called for more accurate statistics to show the distribution of cases. Hospital records do not indicate repeat admissions or duplication of treatment elsewhere.

During the last year, the foundation spent $470,519 helping 1,200 disabled persons in Ontario. Foundation President W. Denis Whitaker of Hamilton said $12,968 was spent on free polio clinics and $12,313 in public education concerning polio prevention.

Sportsmen End Ft. Frances Meet

Delegates from Sportsmen's clubs across Northwestern Ontario completed a two-day convention Sunday at Fort Frances by re-electing officers in the Ontario Federation of Hunters and Anglers, zone one. About 50 club representatives and government game and fish officials attended.

Guest speaker at a convention dinner Saturday evening was Paul Murphy, secretary-manager of Manitoba game and fish clubs. Another guest was Bob Todd, gun safety expert for Canadian Industries Ltd.

The Fort Frances Sportsmen's club, headed by Vern McKenzie, invited the visitors to their skeet and rifle shooting ranges for a Sunday afternoon workout.

Stan Hodgkiss of Terrace Bay will continue as president, Lew Barker of Fort Frances as vice-president and Ray Greer of Port

MINER and NEWS

Let us quote on your next job!

Around Town

On September 29th a surprise party was given to Mr. and Mrs. Wm. Kosloski in honour of their Silver Wedding Anniversary. A pleasant evening was enjoyed by all.

Mr. and Mrs. Jim Waterson and children Wilf and Suzanne have returned home after visiting at Pontage La Prairie and Winnipeg.

Mrs. James Hale, R.N. of Terrace Bay, Ontario has returned home after spending the past week with her parents, Mr. and Mrs. Jules Letain.

BIRTHS

MALMO — May and Lorne Malmo are proud to announce the birth of a daughter, Alison Joy, September 25th. A sister for Bobby and Donny.

IN MEMORIAM

CROSSLAND — In loving memory of a much loved son and brother Flt. Sgt. Dan Crossland, who went on his last flight, September 30, 1943.

All that men desire in death is yours
A good and honoured name,
The memory of years well spent
The knowledge that you played the game.
The part of you we knew and loved
Lies not in cold and crumbling clay,
But lives, and in our hearts we know
We'll meet again, somewhere, someday.

Ever remembered by mother and family, Keewatin, Ont.

ANNOUNCEMENTS

BLITZ SHOWER

Volunteers for the Blitz shower for both Hospitals will be calling on you on Tuesday evening, October 6, 6.00-8.00 p.m.

ORR—MARTINSON

A quiet wedding was solemnized at International Falls, U.S.A. on Aug. 19th 1959, in the Lutheran Church by the Rev. S. D. Lundberg, between Loretta Joanne youngest daughter of Mr. and Mrs. G. N. Martinson of Rainy River, and Duncan Charles Orr youngest son of Mrs. Sarah Orr and the late Arthur Charles Orr of Keewatin.

KITCHEN CLASSICS

TROPICAL TOPIC

A touch of the tropics doesn't go amiss at mealtime now that cooler weather is with us. Ginger is one of the milder spices associated with tropical fare and is featured in a savory sauce along with juicy pineapple chunks to give poached fish a refreshingly different slightly exotic flavor. Even though it looks and tastes like a Polynesian restaurant specialty this supper feature of Tropical Fillets is a thrifty and speedy menu choice.

TROPICAL FILLETS

2 pounds fish fillets
Salt and Pepper
1 clove garlic, finely minced
2 cups chicken stock (—canned broth or bouillon cubes and water may be used).
½ teaspoon ginger
Juice of 1 lemon
2 tablespoons cornstarch
3 tablespoons cold water
2 tablespoons chopped parsley
1 cup canned pineapple chunks, drained

In heavy frying pan with a lid place fillets, cut into individual servings if desired. Sprinkle with salt and pepper; add garlic and chicken stock. Cover; bring to the boil, then simmer gently eight to ten minutes until fish begins to lose translucent look. Remove fish and keep warm. To liquid in pan, add ginger and lemon juice. Blend cornstarch and cold water, stir into simmering liquid and cook until thickened and smooth. Add remaining ingredients. Return fish to sauce; cook another 5 minutes or so until fish flakes easily when tested with a fork. Serve with fluffy rice. Makes 6 servings.

POSTMAN WINS BOUT WITH ROOSTER

GROTON, Conn. — After serving 14 years as a mailman, Whitney Teehan was sure he had met and conquered every kind of a watchdog.

But Monday, as he made his rounds. Teehan got a surprise. He was attacked by a spirited rooster.

The attack didn't last long, smiled the mailman, "I just slapped him silly."

The frightened bird was last seen dashing under a house.

ANGLICAN CHURCH WI SET BUDGET

VICTORIA — The Dominion board of the Women's Auxiliary of the Anglican Church of Canada Friday struck a budget of $334,806 for 1960, including $2,000 for prize money in an essay contest commemorating the WA's 75th anniversary next year.

The spring executive meeting will be held at Kingston and the 1960 Dominion annual convention in Ottawa.

KITCHEN CLASSICS

SAVORY CUSTARD CASSEROLE

Few homemakers feel their recipe file is complete unless it contains at least two or three of those meal-in-a-dish favorites - casseroles. Shrimp Custard is one that tastes every bit as good as it looks. This plus its simplicity of preparation makes it an ideal choice for a women's luncheon. Slices of bread covered with processed cheese spread are arranged in alternate layers with a savory melange of mushrooms, onion, celery and then canned shrimp. An egg mixture poured over the top of the casserole forms a delicate custard in which the dish bakes. It's delicious when served with a crisp salad and tomato or vegetable aspic.

SHRIMP CUSTARD
Yield - 5 or 6 servings

1 can (approx. 7 ounces) shrimp
¼ cup sliced fresh or canned mushrooms
1/3 cup chopped onion
¼ cup sliced celery
Butter or margarine
4 slices white bread, cut about ½ inch thick
1/3 cup process cheese spread
3 eggs
¼ teaspoon salt
Few grains pepper
1¾ cups milk

Grease a 6-cup casserole

Rinse shrimp and de-vein, if necessary. Fry mushrooms, onion and celery in a little heated butter or margarine. Remove crusts from bread; spread slices with soft butter or margarine and then with cheese spread; cut into fingers. Arrange alternate layers of shrimp, vegetables and bread fingers in prepared casserole. Beat eggs slightly; stir in salt, pepper and milk. Pour over contents of casserole. Heat oven to 350 deg. F. (moderate) - allow casserole to stand while oven heats. Bake the custard, uncovered, until set - about 45 minutes.

Letter To The Editor

P.O. Box 667
Kenora, Ont.
September 30, 1959.

The Editor,
Kenora Miner and News.

Dear Sir:

Last Sunday we embarked on our third year of broadcasting "Mission Time" on Sunday afternoons with the popular "Moccasin Telegraph" service feature. At this time we want to express through the columns of your paper our sincere appreciation of the excellent co-operation of the management and staff of CJRL which makes this service possible.

At the same time I want to make reference to the much quoted and sometimes misquoted pulpit utterances of September 20th. If we had it to do again we should repeat the same points that we expressed in the sermon.

Since the issues involved have been brought into the open, it is obvious that all do not think alike.

A solution to the problem is being commonly expressed. It is simply to keep Indians out of beevrage rooms and liquor stores.

We cannot allow ourselves to be identified with this viewpoint.

In speaking of discrimination beverage room ands liquor stores were not mentioned in our sermon.

Discrimination in these places must be against persons who misbehave. These persons should include members of many ethnic groups and many walks of life.

I doubt if any one near to the problem would tolerate discrimination drawn on a racial line. We should be right back to where we were five years ago.

One more thing has to be said. The people who must be rounded up are those who sell liquor illegally. Everyone of them must be found and when they are tried in court, I, for one should like to see their names in the local papers in Italic Caps. and Public Opinion so strong that the penalties meted out will be the maximum that our laws allow.

When the proposed integration centre is in operation, the people of Kenora can be sure that a qualified staff will not tolerate liquor there. It is to be an improvement to our waterfront.

It is well for each of us to know now where we stand when we are called upon to support this project.

Thank you most sincerely.

Yours Truly,
Ivan Robson.

Jewish Holidays Begin On . . .

(Continued f om Page 1)

of the horn symbolizes the proclamation of the Creator of a new, honorable life for all mankind, which calls for full, eternal peace and justice, not only for the Jewish Nation, but for all nations of the world. It also awakens the dormant spirit of Man and everyone, big and small, old and young, prays to God, individuals for the mass and the mass for individuals in the house of the Lord, during the solemn stillness punctuated by the musical notes caused by the blowing of the Ram's Horn.

The "Shofer" is blown in such a manner that it gives forth three distinct musical notes, each of which has a particular symbolic character. They serve as a reminder to fulfill the injunctions contained in the Ten Commandments which were inscribed upon the two tablets of Moses, given on Mt. Sinai, a great heritage dating back some thousands of years and preaching justice, righteousness and peace, which all mankind living on God's earth are bound to fulfill from day to day, as long as the world lasts.

On the day of "Yom Kippur" they also commemoriate the souls of the dead within the family. It is also ordained by present religious authorities that a special prayer be offered on behalf of the six million departed souls, together with many other innocent Jewish friends of other nationalities, may their memory be honored, who were slaughtered and who perished for the Glory of God through the bestiality and savagery of the godles Nazi murderers.

By virtue of the sacrifice of these millions of victims may we, the living, be blessed with a healthy and prosperous year under a reign of justice, righteousness and peace among all the nations of the world.

AMEN

KEEWATIN NEWS

Mrs. Kember

Rev. H. G. Salton of Hamilton Ontario while renewing old acquaintances has been the guest at the home of Mr. and Mrs. S. Toms.

Mrs. S. Orr and Mrs. A. Hatcher spent a few days the past week visiting with the former's son and daughter-in-law, Mr. and Mrs. Duncan Orr at Fort Frances, Ontario.

Miss Bareth Rolston left on the weekend for Winnipeg to attend Success Business College.

Miss Barbara Clark left on the weekend for Winnipeg where she has accepted a position.

A Verse for Today . . .

Whither shall we go up? our brethren have discouraged our heart, saying, The people is greater and taller than we; the cities are great and walled up to heaven; . . . Dread not, neither be afraid of them. —Deut. 1:28, 29.

Miss Nellie Paterson Retire After . . .

(Continued from Page 1)

memories of the past half century. Born and educated in Norman, she is Norman. No other person has played such a vital part in the life of this community as Aunt Nell. She has watched children grow up, fall in love, and marry. She has seen their children go through the same cycle. She has shared their joys and their sorrows, rejoiced with them and on occasions reproved them.

She has watched the area grow from a few houses to a bustling community. She remembers well the building of the Norman dam and power house during the years 1925 to 1927. Miss Paterson also recalls the extra work it entailed for her and her father with as many as 500 men in the area. Many a time we kept the post office open till nine o'clock for the men coming off work, she said and we even cashed their cheques.

Mail service in the early days was maintained through many difficulties. Miss Paterson recalls when the catch-post was in service. This was a pole near the railway tracks on which the passing trains hung the bags of mail and where Miss Paterson or her father hung the bags of out going mail. This was discontinued when the parcel post section grew too large. Couriers from the Kenora office took over this duty.

The Post office building has been moved only twice in the past fifty years and then only from one side of the street to the other.

It was with a feeling of regret that I posted the signs, "this post office closed September 30th", but at the same time, I look forward to my retirement, said Miss Paterson. She will continue to live in the house she was born in, and which is situated on the newly named Paterson Street, so named by the Kenora town council in her honour. Her nephew Bruce Paterson is one of the present councillors.

Shortly after three o'clock this afternoon, Mayor Ratuski, members of the council, D. Kennedy president of the Chamber of Commerce, other civic dignitaries and post office officials from Winnipeg gathered at the tiny post office to pay tribute to Miss Paterson. Their best wishes are echoed by all citizens of the area.

JOHN'S PIGS WERE ALMOST FRIED HAM

Hamilton — John Patterson's load of little piggies didn't get to market Monday, but they didn't stay home either.

The London, Ont., driver's tractor - trailer carrying 100 pigs collided with another transport vehicle on Highway 5 near Hamilton and caught fire.

Passing motorists helped him carry the squealing porkers to safety. They were sheltered for the night on a nearby farm property.

COMING - COMING - COMING - COMING - COMING - COMING

-- KENORA HAS NEVER SEEN THE LIKE --

Engineer Says Drivers Should Pay Through Nose

VANCOUVER—A traffic engineer said today drivers should pay through the nose for parking downtown.

John R. Walker, comptroller of the City Parking Ltd. of Toronto, said all forms of municipal subsidies for parking — including parking meters — are dangerous.

Municipalities should concentrate instead on stopping curb parking and keeping streets reasonably clear for transit vehicles and trucks.

In a speech to the annual convention of the Canadian Good Roads Association here, he said city engineers find in time that they cannot eliminate congestion breeding curb parking because meter revenues are pledged to support cheap municipal parking.

Subsidized parking diverted thousands of passengers from transit systems with the result that public transit fares and services became "even less attractive."

Cheap parking attracted more employee motorists resulting in staggering rush-hour congestions.

A savings bank at Hamar in Norway has a "fairytale room" for children, with colorful murals.

NW Ontario Funeral Service Elects New Officers

Lorne Moffat, of Dryden, was elected president of Northwestern Ontario Funeral Service association at the eighth annual meeting Saturday in Fort William Public Library auditorium. He succeeds H. G. McAfee.

Other officers include Frank Sargent, Port Arthur, vice-president, and Don Cochrane, Fort William, secretary-treasurer. Executive committee is N. M. Jenkens, Fort William, Earl Fawcett, Fort Frances, and Theodore Osesky, Geraldton. Harry Johnson, of Port Arthur, is executive secretary.

Murray Richardson of the Ontario Vital Statistics Branch attended and spoke on the necessity for proper handling of government record forms.

Members from Schreiber to Manitoba boundary discussed various other aspects of their profession.

Labor Council Votes $10,000 For Quetico

A resolution proposing a $10,000 grant to Quetico conference and training centre was passed at the regular Fort William, Port Arthur and District Labor Council meeting late last week. The money, spread over a three-year period, will be supplied by the council and affiliated unions. Presented by Local 39, Pulp, Sulphite and Papermill Workers, the resolution carried without a dissenting vote, with a rider that it also be referred to the Ontario Federation of Labor convention.

Centre manager Cliff McIntosh showed color slides. He outlined plans for improvement and expansion estimated at $125,000 over a three-year period. The centre, he said, was formerly owned by the Ontario Department of Lands and Forests, but has been taken over by a non-profit corporation set up by member organizations and individuals.

PM Congratulates Credit Unions

Nearly two and a half million Canadian credit union members are receiving special congratulations this month from Prime Minister John G. Diefenbaker. The occasion is International Credit Union Day, celebrated annually the third Thursday of October by credit union people throughout the world as a special day of thanksgiving for the many benefits they enjoy through the credit union movement.

In his message, Mr. Diefenbaker says he is pleased to add his tribute "to the splendid endeavours of the credit union movement," and points out, "It is noteworthy that Canadians still have the highest percentage by population of credit union membership which is evidence of the benefits which Canadians realize can be derived therefrom."

He concludes his message with "sincere good wishes to all for the future and for your efforts to build better lives in a greater and growing Canada."

The first credit union on this continent was founded by a Canadian in Levis, Quebec, nearly 60 years ago. Today, Canada's 4,400 credit unions have total assets of more than a billion dollars, and have on low-interest loans to their members more than $600 million. Members' savings of 950 million provides a valuable hedge against inflation, and graphic evidence of credit union emphasis on thrift.

Facts About The Moon

Here are some facts about the moon:

AGE — Probably about the same as the earth, but specifically unknown.

DIAMETER—2,160 miles, compared to 7,957 for the earth.

TEMPERATURE— In sunlight it reaches 250 degrees (F). In the dark it drops to 215 degrees below zero (F).

SPEED—2,287 mph.

LIGHT—The moon gives about 1/465,000 as much light as the sun. It is about a quarter as bright as a candle at the distance of one yard.

CRATERS—There are some 30,000 craters on the visible side of the moon, ranging from 1 to 18 miles in diameter. The deepest is Newton's crater, 23,800 feet from rim to bottom.

PLAINS — There are walled plains with diameters from 60 to 150 miles. There are ringed plains with diameters 10 to 60 miles. The floors of the ranged plains seemed to be lower than the outside.

SEAS—There are 14 large, smooth, dark areas, covering about half of the visible area of the moon. They are erroneously called seas. There is apparently no water on the moon.

NAVY TRADITION GETS PARADE SQUARE TOUCH

MONTREAL—HMCS Hochelaga is far from the briny deep. So when the commanding officer was transferred, he couldn't be rowed ashore by his officers, as tradition demands.

Instead they towed him across the parade square in his car.

Capt. Murray Davidson, commander of the land-locked supply school in suburban Ville Lasalle, has been transferred to Atlantic Command, Halifax.

WEDDING BELLS

GALLOWAY — MacPHAIL

Early autumn nuptials were solemnized for Donalda Maria MacPhail, and Norman Daniel Galloway in St. Andrews Presbyterian Church, with Doctor A. H. Johnston officiating, September 5. The bride is the daughter of Mr. and Mrs. J. MacPhail, Fort William and the bridegroom the son of Mr. and Mrs. C. C. Galloway, Keewatin, Ontario. Bouquets of yellow gladioli adorned the Communion Table. Soloist was Mr. Robert Munro, accompanied at the organ by Miss Henrietta MacKay.

A gown of white peau de soie was worn by the bride, to be given in marriage by her father The fitted model, floor-length, was designed with a scoop neckline short sleeves, with full skirt of unpressed pleats, at side and back. She wore a crystal tiara, attached to a fingertip veil, and carried a cascade bouquet of white shasta daisies.

Mrs. Sophie Kirk, sister, matron of honor, and Miss Shirley Sanderson, bridesmaid, were dressed in crystal charm, sand-beige color, coffee brown headpieces, matching shoes, and carried bouquets of yellow carnations.

Attending the bridegroom was Mr. Ronald Linford, with ushers Mr. Charlie Galloway and Mr. Harry Kirk.

Following the ceremony, a reception was held in the Fort William Curling Club, where the mother of the bride, wearing a blue printed tie silk dress, with blue hat, white gloves, and a corsage of white carnations, received the guests. The mother of the bridegroom greeted the guests attired in a rose colored crepe dress, with matching hat gloves, and a corsage of white carnations.

Out-of-town guests were all relations of the bridegroom; Mr. and Mrs. C. C. Galloway, parents, Mr. and Mrs. Chas Galloway, brother and sister-in-law, Mrs. A. Brown, sister, Mrs. A. McCowan, aunt, Mr. and Mrs. William McCowan, cousins, all from Keewatin; Miss Florence McCowan, cousin, and Mrs. Ron Linford, Winnipeg, and Mr. C. L. Galloway, uncle, Kenora.

Later, the bride, donning a 2-piece Italian knit suit, with matching feather hat, brown shoes, purse and gloves, brown and gold crystal jewelry, left with the bridegroom to spend a week at Clearwater Bay, on Lake of the Woods.

The couple will reside in Fort William, on their return.

Oslo and Bergen are the only cities in Norway with populations of more than 100,000.

The daily newspapers are all printed on newsprint paper.

The exciting new

Thomas ENSEMBLE

- THE ONLY ORGAN with the BUILT-IN 4-SPEED HI-FI PHONOGRAPH
- THE ORGAN WITH THE BUILT-IN TEACHER

Now—for the first time you can satisfy the whole family with one gift. A fine 4 speed hi-fi phonograph and a magnificent THOMAS ORGAN together in one beautiful cabinet for LESS THAN THE COST OF ANY OTHER ELECTRONIC ORGAN or COMPARABLE HI-FI ALONE!

You play either separately. You play them together! PLAY ALONG WITH YOUR FAVORITE RECORDS!

A BIG EXTRA FEATURE is the BUILT-IN TEACHER! Thomas LP records give you FREE a full two year's course of instructions. They play on the phono. You play on the organ, and learn painlessly along with them! No tedious practice! Wonderful way you and children can learn to play. Interest never wanes.
