KENORA, ONTARIO, SATURDAY, JANUARY 10, 1959

By Car 15c per week

Overnight accommodation for parents of handicapped youngsters will be a unique feature of the new \$4,086,490 Ontario Crippled Children's Centre for which funds are now being raised throughout the province. Parents will receive instruction in home care of their children to be followed when treatment at the new Centre is completed. The campaign opens January 12th.

Mrs. W. Budworth's Mother Passed Away In Winnipeg

Mrs. W. Budworth of Kenora has been bereaved in the loss of her mother Mrs. G. Adair.

The late Mrs. Jessie Hamilton, 77 of 10 Braden Apartments, 149 Langside Street, died Tuesday in Grace Hospital. She was a member of Greenwood United Church Winnipeg.

Surviving are her husband, George Adair, two sons, David and Ross of Winnipeg, two daughters Mrs. L. D. Jackson of Winnipeg and Mrs. W. Budworth of Kenora; one sister in Scotland, 10 grandchildren and 1 great grandchild.

Funeral service was held Thursday at 1 p.m. in the A. B. Gardiner Funeral Home, Rev. David Conly officiating. Burial was in the Elmwood Cemetery.

Lake Of Woods Toastmistress Club Discuss Education

A model dinner meeting for late January was discussed at the Lake of Woods Toastmistress Club. Plans were formulated for this to be a joint effort together with the Trillium Club. A full program including various speech

situations, table topics and prepared speeches was suggested.

An interesting feature of Wednesday's meeting was a panel discussion in which Mrs. W. Kidd presented the question, "Should our Education System be under Provincial or Federal Control?" This proved a thought-provoking and lively discussion with Mrs. H. E. Sigurdson, Mrs. H. Fawcett and Mrs. R. Einarson also participating. The ultimate conclusion was in favour of Provincial Control but, "it was the opinion of the panel that a standardization in teacher's training would remedy the existing differences in curriculum, between the provinces.

This meeting closed with a profound thought by Mrs. V. Dunn: "Knowledge is the discovery of ignorance."

Inheritance Tax Changes Forecast

A proposed reduction in inheritance taxes is expected when the Ontario Legislature opens on January 27.

Amendments to Ontario's succession Duties Act are expected to bring higher exemptions for the "preferred" class of heirs which includes widows, children, grandchildren, great grandchildren, parents and grandparents.

Exemptions of \$25,000 and \$40,000 are expected to be increased in 1959 to 25 thousand dollars.

Ontario and Quebec are the only two Canadian provinces with their own succession duties.

Walkout Forces Shutdown Of Marathon Camps

Camps of the Marathon Corporation of Canada Limited began closing today in the Caromat - Stevens area in Northwestern Ontario as a walkout by 500 workers continues.

The workmen, all members of Local 2693 of the Lumber and Sawmill Workers Union started leaving their jobs on Monday because of lack of contract between union and company. The previous contract expired August 31st.

The Union has not sanctioned the walkout.

A company statement today said it became necessary for the company to take positive action in closing the camps.

Turkey Sells For \$4.00 Per Pound

Any Turkeys for sale in Kenora District at this price?

M. Bellamy of Keewatin received the following report from her sister Mrs. L. M. Wray, Secretary of the Swan River, Manitoba, Agricultural Society.

The Swan River Seed & Poultry Show got underway, Nov. 27th, 1958, with one of the finest arrays of Seeds and particularly Poultry, exhibited in the Valley for many years. The highlight of the show was the brisk bidding of the Champion Turkey which started at 70c a pound and was finally sold at \$4.00 a pound netting the Producer \$76.00, (Seventy-Six dollars). It was a turkey hen exhibited by Mr. B. Fishbrook of Swan River. The cham-

panion was bought by Bud Bruce, the new owner of Watts Motors in Swan River and is the son of the late Doctor Bruce and Mrs. Bruce of Swan River.

The champion Tom of the show sold to Mr. Erd Epp at a \$1.20 a pound. This bird was exhibited by Mrs. Walter Vopni of the Harrington District. Mr. Epp is manager of the Co-op store in Kenora.

Dryden Chamber Asks For Vote On Liquor Referendum

DRYDEN — The Dryden District Chamber of Commerce has written town council asking that residents of Dryden be given the privilege of voting on liquor referendum, which would include cocktail lounges. Council came to no decision at a meeting Tuesday night after a thorough discussion on the matter.

It was decided to wait until the next meeting before making a final decision.

Ignace voted for cocktail lounges last year and a similar request is being made of Kenora council by the Kenora Chamber of Commerce.

Council was also informed that a new switchboard was needed at the telephone office in order to speed service. There are but 75 cords available at the present time. If ordered now, the new board would be in Dryden in approximately ten months. The telephone committee is to meet again next week to finalize the matter.

First Aid Classes Start In Kenora January 16th

A mixed class in Senior First Aid sponsored by the Kenora Centre St. John Ambulance Brigade will commence this coming Friday, January 16th. The course will run for eight weeks with classes being held each Friday evening from 7.30 to 9.30 in the East Room of the Kenora Legion.

Any person sixteen years or over is invited to attend. Instructor for this year's classes will be Mr. F. A. Beasant. Further information may be obtained by contacting Mrs. L. A. Van Wallegem at 6489.

The registrations are expected to include personnel from local firms. New rules issued by the Workmen's Compensation Board require that all places of employment hiring numbers of people have a qualified First Aid person on the premises. First aid certificates over five years old must be renewed.

"I haven't been feeling at all well," said Hobson to a colleague.

"But you're looking splendid," said the other man.

"I know. But it takes all my strength to keep up appearances."

CUBAN PILOT TELLS OF FORCED FLIGHT

Paul Cabezas, pilot of a Cuban airliner which arrived at a New York airport, tells reporters how passengers on his plane forced him to take off from Cuba at gunpoint. The plane carried about 40 Cuban government officials and sympathizers fleeing from their revolt-torn country. Some were carrying arms, which were taken away by New York police upon their arrival. About 40 other passengers aboard the plane were ordinary passengers. Cabezas said he refused to take off for New York until two Batista intelligence service men waved pistols at him. The plane was met by 30 demonstrators, sympathizers of Cuban rebel lead-

James Fox Well Known Resident Died Friday

James John Fox, 21 Mellick Avenue, was called to rest at St. Joseph's Hospital Friday evening, January 9th. Born near Glasgow Scotland, May 23, 1881 he was in his 78th year.

He received his education in Scotland and came to Kenora in 1908. He worked with the CPR section gang in the early days, later he was an orderly at St. Joseph's Hospital for 17 years. He operated the Fox Taxi for a number of years and operated the bus to Keewatin. An ardent sportsman he was interested in all sports particularly curling and was a Past President of the Kenora Curling Club. He was a member of Notre Dame Church and the Knights of Columbus.

He is survived by his widow. Funeral services will be held in Notre Dame Church, Tuesday morning January 13 at 9.30 with Rev. Father Savoie officiating. Interment will be in the Roman Catholic Cemetery. Prayers will be said in the chapel of the Brown Funeral Home Monday evening January 12 at 8 o'clock.

EDITORIAL

LINK WITH THE PAST, BROKEN

The news that Jim Fox has passed away will sadden many, many homes in this district. Those who knew him in his suffering and in his work at the St. Joseph Hospital will remember that it was his grand sense of humor which saved many a situation for patients and relatives alike.

It will be remembered that his taxi and bus line to Keewatin, was one of the earliest lines between Kenora and Keewatin.

Jim loved sports. He was president of the Kenora Curling Club when the Club moved from the old Rowing Club site to the present rink. He was a familiar figure at all baseball and hockey games. His equipment and players transported youngsters to games in district points, often free of cost. Jim was a friend to all.

Jim will never be remembered as a business man. His name will be remembered with respect and affection, however, by countless citizens whom he helped. The youngsters who didn't have bus fare to go to school or to a show never stayed home on that account. Jim Fox insisted that they be his guests. The down and out never went hungry if Jim had knowledge of their plight. His memory will long live in the hearts of hundreds, whose pathway was made brighter and load made lighter by the sympathetic understanding of Jim Fox.

A Message For Our Day

THE KENORA MINISTERIAL ASSOC.

Proverbs 20: 1 R.S.V. "Wine is a mocker, strong drink a brawler; and whosoever is led astray by it is not wise." So the Bible declares. And many of us prefer to be wise. Not a few are prominent men in public life. Those who know Prime Min-

ister Diefenbaker have long been accustomed to see him sip his fruit juice while others drink cocktails.

The Hon. Howard Green, Minister of Public Works, says: "In my opinion, being an abstainer is no handicap in public life in Canada, and over a long time is of considerable help . . ."

Thank God for all who give a clear witness that they believe liquor to be a mocker. It is a mocker because the drunkard was once the much boasted moderate drinker. Every alcoholic is an unsuccessful moderate drinker.

Liquor is blighting thousands

of lives. It has impoverished countless homes. It has undermined the health and efficiency of many in our nation. In young people it has weakened modesty and moral controls, and precipitated lapses from virtue. It is responsible for many road accidents. Perhaps its major harm is done when it interferes with the faculties for self-criticism and self-control. The indications are that, business reasons and tourist trade, a move is afoot to let liquor flow more freely and more extensively in Kenora.

In this universal week of prayer, let us pray and make representations, that the Town Council will refuse the request (by only forty-three of our fellow citizens!) for a referendum on the question of permission to establish cocktail lounges. Such haste by the promoters of the move is probably not supported by the citizens of Kenora. Good democratic procedure can be followed if we wait until the promoters are able to submit the 25% signatures of those on the voters list which Ontario law declares may cause the Council to put the question before our citizens as a referendum.

Once to every man and nation Comes the moment to decide, In the strife of truth with falsehood,

For the good or evil side; Some great cause, God's new messiah,

Offering each the bloom or blight;

And the choice goes by for ever 'Twixt that darkness and that light.

Rev. A. McCrae, First Baptist Church.

a year earlier and to 331,071 units in January-October from 355,675. Record player sales rose to 28,750 units in the month from 27,036 but decreased to 151,636 units in the 10 months from 175,057.

More Radios, Fewer T.V. Sets Sold

Producers' sales of radio receiving sets and record players were greater in October than October 1957, while sales of television receiving sets were smaller. January-October sales were smaller than the previous year for the three items.

October sales of radio receiving sets increased to 81,323 units from 77,015 a year earlier, sales of portable and auto radios rising to 29,696 units from 25,629 and combinations to 6,225 units from 5,207 but home sets falling to 45,402-units from 46,179. January-October sales of radios declined to 327,740 units from 363,795 home sets dropping to 254,744 units from 279,402 portable and auto sets to 236,248 units from 243,935 and combination sets to 36,748 units from 40,458. Television-set sales fell to 57,306 units in October from 67,519

Lakers Lead League With Ten Points

The Ontario Minnesota Hockey League continues its scintillating pace with the only American entry the **Warrador Lakers** holding a comfortable lead at the top of the circuit. The Lakers have ten points, with the other three clubs tied in second spot with four. George Melynschuk, hard working forward of the Fort Frances Canadians has the lead in the individual scoring race, seven goals and two assists give him a total of nine. Murray Balagus, Warrador Laker centreman also has nine points made up of four goals and five assists; and second place in the standings. Roger Christian, Chuck Lumsden and Gord Pennell, all of the Lakers are next.

in line with eight each. Melynschuk has the goal lead with seven. Balagus the most assists five. Bill Allison, Fort Frances Canadian rearguard remains in the bad mans roll with twenty minutes. Sugar Jim Henry holds the goaltending lead, having had an average of two scored on him per game. The Fort Frances Canadians have the team penalty record with eighty one minutes, on twenty three minors three majors and two misconducts.

U.S. Air Force Team Dump Mustangs By 36 Points

The United States Air Force team from the Sioux Lookout Radar Base defeated the Kenora Keewatin Mustangs 80-44 before a packed house last evening at the High School gym. The Americans led by the versatile George "Pete" Williams who notched 27 points for the winning cause. The radar screeners led the Mustangs 50-21 at the half.

The visiting team put on an excellent exhibition of basketball for the numerous fans on hand and had little trouble in beating the determined purple and white roving lads. The game was fast and furious with both clubs scoring on some dazzling plays.

John Corby scored 21 points for the Air Force club while Harold Symonds scored 14 points. Harold Symonds basketed 10 points for the local horses while Edward Drivinghawk and Gene Smith had nine point efforts for the winners.

It was the first time in two basketball seasons that the High School gym was full and after last evening's game the fans should really storm for the seats when the U.S. club and the Mustangs tangle here again.

An added touch of humour in playing was added to the game by George Williams who hails from Detroit, Michigan. Pete, as he is called by his club mates, led his team not only in scoring, but in a bit of clowning that added a great deal to the contest.

Bob Goddard's well-coached Mustangs gave a very good account of themselves in their first appearance for 1959. The red head, Bob Apps, was the Mustang star of the evening and

the amiable Lakesider received words of praise from his fans. Kenora High's P.E. instructor Emil Ulynsyk is working on another game between the radar team and the Mustangs for the High School gym. The capable officials handling last night's game were Frank Townsend and Bob Cameron. Read OFF THE CUPE for locker room reports and further basketball news.

LINE-UPS AND SCORING
 U.S. Air Force—Black (2), Corby (21), Williams 27), Cosh (11), Smith (9), Drivinghawk (9), Whiddon (2).
 Mustangs—Symonds 10, Taylor (3), Kirby (3), Wynd (4), Apps (14), Surkan (4), Millar (4), Copeland (2), Powell, Lawrence, Lago, Johnson.
 Coaches — Edward Drivinghawk and Bob Goddard.

Dist. High School Basketball Tourney Set For Jan 15-16

The District's first High School Basketball Tournament will be held in Dryden on Friday and Saturday, January 16th and 17th when Junior and Senior teams from High Schools at Atikokan, Fort Frances, Red Lake, Kenora and Sioux Lookout will vie with the locals for the two titles.

It is expected that the twenty games will present some very interesting basketball, with the double elimination tourney meaning that a team will be allowed a "bad" game and still have a chance to cop the entire prize. The visiting players will all be billeted.

Brier Playdowns For Local Curlers Commence Tonight

The long playdown trail for Kenora curlers interested in the MacDonald Brier Trophy will commence tonight at the Curling Rink. The winners of the local playdown will meet with winning teams of the eight zones for Northwestern Ontario. These playdowns will be held at the Lakehead in February. Regular local club draws have been cancelled for this weekend. The first draw gets underway tonight at 8 o'clock with two draws on Sunday, one at 2 p.m. and the other at 8 p.m.

Next Sunday, Jan. 18th, three draws will be held at 8 a.m., 2 p.m. and 8 p.m. and three draws at the same times on Sunday January 25.

Representatives of eight zones will be in the Northwestern Ontario playdowns. The eight zones are as follows:

- Port Arthur
- Fort William
- Red Rock — Terrace Bay — Marathon
- Beardmore — Geraldton
- Sioux-lookout — Dryden
- Kenora
- Rainy River District
- Red Lake

Then the winners of the three zones, Northwestern Ontario, Northern Temiskaming and Northern, will meet in a round robin competition to determine which rink will represent Northern Ontario in the MacDonald Brier competition.

Following is the Brier draw:

Alcoholism On Increase in Canada

In 1956 there were an estimated 180,990 alcoholics in Canada, the Alcoholism Research Foundation states in a new large compilation of Canadian alcohol facts just published in book form by the University of Toronto Press.

This represents a national rate of 890 alcoholics per 100,000, a higher rate than in Norway, Finland, Australia, England, Italy, but lower than in Denmark, Sweden, Switzerland, Chile, A. or France, the only countries for which similar estimates have been made.

Within Canada the provinces of British Columbia, Quebec and Ontario have corresponding rates of alcoholism that are above the national average, while all other

provinces have lower than average rates. The estimates, based on the widely accepted Tenet Formula for computing total alcoholics in a population from the known smaller number of persons who die from cirrhosis of the liver, have been made by R. E. Eppham and Wolfgang Schmidt, senior members of the staff of the world renowned Alcoholism Research foundation of Ontario.

Important changes in the drinking habits of Canadians are shown to have taken place in the past 87 years. For example, in 1871, beer accounted for 15% of a per capita consumption of 1.19 gallons (pure alcohol equivalent per person 15 years old or older). By 1956, beer took 64% of wine 5 1/2% and spirits only 30% of a per capita consumption of 1.51 gallons.

For every 100,000 people aged 15 and over there were 366 drunkenness convictions back in 1881; by 1913 there were 1,199; it then fell by 1933 to a low of 258 and has since risen to 882 per 100,000 in 1955. Newfoundland, Quebec and the Prairie Provinces have fewer drunkenness convictions per 100,000 while all other provinces have more than the national average rate. Convictions for "keeping or operating an illicit still" have fallen from a high of 1,088 in 1923 to a low of zero in 1955.

Farm Accident Survey To Start March 1 in Prov.

In a communication from E. S. Marr, Agricultural Representative for the Ontario Government at Dryden he states that a forthcoming proposed Farm Accident Survey for the entire province will get underway shortly. The following information will be of interest to all rural organizations.

Extent of Survey:
All rural areas in the Province of Ontario.

Duration:
March 1st, 1959 to February 29th, 1960.

Sponsor:
Ontario Department of Agriculture - Hon. W. A. Goodfellow, Minister of Agriculture.

Responsible For Survey:
(a) All Agricultural Offices in the Province. (b) In co-operation with - (1) All W. I. Branches in the Province. (2) All Rural Agricultural Organizations in the Province.

Reason for Survey:

- (1) The serious farm accident situation.
- (2) Somewhere every day in Ontario some farm family suffers death, injury, or financial loss from accidents.
- (3) One member of every four-

th family in Ontario will be an accident victim this year.

Expected Benefit From Survey:
Just as improved farm practices are the result of research - so can a sound farm safety programme result from research. Rural life can be good and satisfying - if you are around - to enjoy it.

Present Need:
A reporter or reporters from each township in the district. It will be a very simple procedure and there will be no cost to the reporter.

Rural Reporters:
Are respectfully solicited. Please forward your name and the area your report will cover, to the Agricultural Office at Dryden. You will be made fully acquainted with reporting procedure.

CAN'T ALL HAVE LEGS LIKE MONROE

LONDON — Seven hundred girls working for British European Airways have been ordered to hoist their matron-length skirts next month.

Many of the clerks, hostesses and receptionists are angry at the new instruction.

"Let's face it — we're not all Monroes," said one senior flight hostess. "We're all shapes and sizes. Short skirts will look ridiculous on some girls."

Lady Douglas of Kirtleside, 39-year-old wife of the BEA chairman and former fashion model, told her husband the girls' mid-calf skirts are too long.

"They look grotesque," she

said. "They make me wince."

The grey-uniformed girls were told to hike their skirts at least three inches so they are "one to three inches below the knee."

By some airline standards that's modest.

If the rug begins to show wear at the seams and becomes faded looking, use soft crayons or paints, the same shades of the rest of the rug and touch up the worn spots. That worn look will quickly disappear.

Suede jackets can be cleaned very nicely by going over the entire surface with very fine sandpaper.

The Canadian tobacco industry exceeded the \$6,000,000 mark in 1957.

The church at Waltham Abbey near London, consecrated in 1066, is the oldest Norman building in England.

STREET CLEANER PROVINCIAL HEIR TO HUGE FORTUNE

A street cleaner who may soon be shovelling millions of dollars, Lazaros Drakoulis, 50, is believed to be the heir to some \$20,000,000, plus a gold mine in Mozambique, Portuguese East Africa, left by his uncle, Estratof Drakoulis, who died recently. The lucky nephew is believed to be the only heir to the estate except for two or three living in the U.S. who may not know of the fortune. Drakoulis is a street cleaner in

Outdoors Girl Of Canada Will Be Chosen March 13

Toronto, fame and fortune may be at the end of the rainbow for some young Canadian girl who is crowned "OUTDOORS GIRL OF CANADA" at the opening of the 1959 Canadian National Sportsmen's Show in the Coliseum here on March 13th next.

This is one of a number of features of the annual springtime exhibition, sponsored by the Toronto Anglers' and Hunters' Association, with the proceeds in aid of conservation of Canada's natural resources. The Show continues through for eight days, concluding on Saturday March 21st.

The competition to select "The Outdoors Girl of Canada" is nation-wide in scope and is jointly sponsored by the Ontario Federation of Anglers and Hunters and the Canadian National Sportsmen's Show.

Any Canadian girl who participates in some form of outdoor sport or recreation is eligible to enter, excepting professional athletes and professional models. Nominations may be submitted by any fish and game or conservation club in Canada and the closing date for entries has been set at February 7th.

Among other things, the winner will receive a \$500 Dominion of Canada Savings Bond, a transistor portable radio donated by Canadian Admiral Corporation

Ltd., a Bulova watch, luggage and train cases through the courtesy of L. McBride Ltd., Kitchener, a set of sterling silver, courtesy of the International Silver Company, a modelling course, courtesy of Walter Thornton Model Agency, Toronto, and a year's supply of hosiery through the courtesy of Weldrest Hosiery Ltd., Toronto.

Other features of this year's Sportsmen's Show include Canada's largest boat and marine show, an International Motor Show, a travel show, a cottage show and three dog shows.

In addition, there will be bowling competitions, a sports demonstration area, a demonstration casting pool, square dancing and a variety of other special attractions.

OPEN PIGGYBACK TERMINAL IN TORONTO

TORONTO — Expansion of Canadian Pacific Piggyback operations to accommodate road transport carriers in western Metropolitan Toronto has brought about the erection of the Queensway Piggyback Terminal which opened this week.

Located west of Highway 27 on North Queen Street, the new terminal will provide faster service for carriers in the west-end of the city and divert some of the overflow of trailers from the busy John Street terminal.

The Queensway site has four sets of tracks with ramps and platforms to handle ten flat cars per track. Provision has also been made to build additional sets of trackage as the need arises.

Yard operations of scaling, loading and securing the trailers have been designed similar to other CPR Piggyback terminals. The Staff are housed in a modern six-room office building that measures 30 feet by 50 feet, with fluorescent lighting.

Two overnight trains carrying trailers for Montreal and Ottawa leave Queensway Terminal at 8:15 p.m., while a Mixed Train with trailers for Western Canada and Montreal leaves at 10:50 p.m.

Early morning deliveries will be possible with the arrival of the first train into Queensway at 6:30 a.m. The second piggyback train pulls into the yard at 10:10 a.m. carrying trailers from Montreal and Ottawa.

Trailers from Galt, London, Kitchener, Hamilton and Windsor will also be handled at the Queensway Terminal.

"I hear old Johnson has furnished his house entirely with second-hand stuff," said a man in a pub to his friend.

"That's right," replied the friend, "he even married a widow."

Fresh fruit should be carefully stored away from warmth and light.

Annual Meeting of Shareholders The Royal Bank of Canada

James Muir urges more flexible tax system, with wider control of money and credit to curb chronic inflation.

West can set an example of "free economy in action" by keeping markets open to underdeveloped countries.

"Chronic inflation is the greatest single threat to Canada's economic development," declared James Muir, Chairman and President of The Royal Bank of Canada, at the bank's Annual Meeting in Montreal on Thursday, January 8th. Reviewing the conditions which must be met to ensure continuing economic growth, high level employment and a stable currency, Mr. Muir said, "Regardless of the skill and energy of the monetary authorities, an effective monetary policy is impossible so long as consumer credit is free to move in the opposite direction. The Central Bank contracts credit in booms and expands in recession. Unregulated consumer credit expands in booms, contracts in recession. Those dependent on bank credit have been the full brunt of credit restriction while others enjoy a spending spree. To break up this unholy alliance of injustice and futility I have repeatedly urged that monetary and credit control should embrace a wider area of our financial world than they now do."

FORMIDABLE TASK

"Until fundamental budget changes are made the Government must finance its deficit by selling bonds to the general public, the chartered banks, or the Bank of Canada. The shift from bonds to equities, in spite of the relative attractiveness of bond yields, rules out the general public. The need for liquidity inhibits sales to the banks, except for the shorter maturities. Purchases of securities by the Bank of Canada, whether from the general public, the chartered banks, or in this case the Government, finances government debt through an increase in the money supply. Thus at a time when inflationary pressure is growing the indicated policy for the Bank of Canada, monetary restraint, may run directly counter to the financial needs of the Government. It is this formidable task of steering between Scylla and Charybdis, between failure of monetary policy and failure of fiscal policy which, in the months ahead, we try to limit the imagination and restrict the possibilities of government with the problem of government finance.

"But surely it is not beyond the wit of our fiscal experts in government and elsewhere to devise a system that will minimize the role of the business cycle in determining the size and nature of government sponsored economic activity. Surely a more flexible tax system could be devised which would adjust tax rates to counter cyclical disturbances, not only quickly and effectively but without arbitrarily changing the relative importance of the government sector in our economic life. Such a system, combined with a more comprehensive coverage by our monetary authorities in the regulation of credit, could I think provide an economic climate for high-level employment and economic growth and, at the same time, protect the value of our currency from the ravages of chronic inflation."

CONVERTIBILITY

Referring to the recent devaluation of the franc and Britain's move toward convertibility, Mr. Muir said, "One of the most important devices for ensuring the mobility of investment funds, capital goods, consumer goods and services among the nations of the world is

RISK-TAKER MERITS AWARD

"Adequate reward for productive effort and risks is an important condition for economic development," said Mr. Muir. "Government, with the aid of tax experts, should make a thorough study of our complex tax structure with a view to improvement both in the distribution of the burdens and in the allocation of the net rewards for productive activity.

"I would like now to move to more specific cases. If labour becomes more productive, higher wages can be paid without inflation. The increase is both intrinsic and a deserved reward. If risks are taken to expand production in some direction, the opportunity for a correspondingly large reward is not only prerequisite, but justified to the extent of the risk-taker's contribution to general welfare.

"I would like to join those who are urging the Government in considering the report of the Borden Commission on Energy not to move hastily to put a public-utility strait-jacket on one of the most important contributors to Canada's risk-capital investment: the oil and gas industry — a risk industry that has been responsible in large measure for Canada's brilliant economic showing since the second world war.

"Uncertainty bred of fear, fear of crippling regulation, can cut off risk investment and destroy all hope in the free world for sustained and healthy economic growth."

a freely operating foreign exchange market. In this context two recent events of special interest concern the French franc and the pound sterling.

"Devaluation of the French franc was inevitable. Now it remains to be seen how stable the new rate will be. Naturally this will depend upon how firmly the internal economy of the country can be built up and upon how faithfully the people will accept the new restrictions they must endure to come through successfully.

"The immediate significance of Britain's move towards convertibility must not be exaggerated. All she has done is to make formal what has informally been more or less the case, viz, put Canadian and U.S. sterling, so-called, and Transferable sterling in the same bracket. This means that all non-sterling area holders of pounds are now in the same boat, which is to say they can freely dispose of their sterling for dollars or any other currency at the going rate within the combined limits of the British authorities, viz \$2.78 to \$2.82 U.S.

"One important outcome is that London can deal freely and directly with all currencies and again get back to where she was before the war as the most important foreign exchange market in the world.

"The great hope is that these latest developments will hasten the day when the U.K. can throw all shackles overboard and make the pound free and fully convertible for everybody inside, as well as outside the sterling area."

FOREIGN AID

"Aid to underdeveloped countries," said Mr. Muir, "is useless unless it leads to sustained and

Royal Bank Assets Over \$4 Billion.

K. M. Sedgewick, General Manager, reported that Royal Bank assets had passed the \$4 billion mark, and that Capital funds now totalled nearly \$250,000,000. "Deposit figures in Canada have of course, increased markedly," said Mr. Sedgewick, "and we are particularly pleased to see substantial growth during the year in our personal savings deposits where the figures are larger by \$148 million odd than those of a year ago. As at date of the Balance Sheet, our depositors numbered 2,927,121, indeed a source of much satisfaction to us.

Mortgage loans arranged by the Royal Bank had increased by 22% to nearly \$265,000,000, and shareholders now numbered 22,156, an increase of 2,200 in the year.

Referring to the bank's continuing programme of new construction and the improvement of existing premises, Mr. Sedgewick noted that important new offices, now under construction, would be opened in 1959 at Charlottetown, Montreal and Vancouver and that within a few months work would commence on new main offices in Ottawa and Windsor and on an important branch office in Edmonton.

BUILDING PROGRAMME

"During 1958 we opened 33 new branches in Canada and four outside Canada—three of which were in Cuba and one in Puerto Rico. We have completed major additions to our branches in Bridgetown, Barbados, Nassau, Bahamas and at a number of other points. Work is under way now on new main office buildings for Kingston, Jamaica and Ciudad Trujillo, Dominican Republic. Also our Bogota, Colombia main office is being expanded and completely modernized."

The recent appointment of a Far Eastern Representative, with headquarters in Hong Kong, said Mr. Sedgewick, had placed The Royal Bank of Canada in a position to provide on-the-spot assistance to foreign traders who wished to take advantage of what Mr. Sedgewick felt to be opportunities for further important expansion of trade between Canada and far eastern countries."

self-sustaining, development, and fundamental social change in the underdeveloped country are required before the spirit of enterprise is sufficiently strong to achieve what we might call "escape velocity" independent of the temporary rocket-thrust of economic aid. Without fundamental changes in the West, expanded aid financed by over-enthusiasm, if not emotional enthusiasm, may have perverse effects, not only in the inflation-ridden West, but in the underdeveloped countries themselves.

"I think we must raise the question whether earmarking more aid is best for East Asians of the West until much more has been done both in education and in the careful preparation of programmes that achieve a proper balance between agricultural and industrial development.

The big question, said Mr. Muir, was whether the "underdeveloped countries would try to develop a private enterprise economy as an instrument of growth. This depended, he said, "not merely on expanded economic aid but on the example set by the West, and by a good example I mean not merely that we set our own house in order but that we keep the economies of the West open to the goods produced by the underdeveloped countries. Otherwise we can only expect these countries to adopt a policy of self-sufficiency with its inevitable counterpart, centralized control of the economic system. In other words, if we would have underdeveloped countries abroad develop along private enterprise lines, we must set them an example of the free economy in action."

SUSPECT ARSON IN CALIFORNIA BRUSH FIRES

A fireman holds tight to the back of a firetruck as it plunges through flames during the second of two brush fires which swept through the Santa Monica mountain area of Southern California. More than 50 homes were destroyed and over 6,500 acres blackened. Arson is suspected in both fires.

BIG DEMAND FOR BARDOT IN PLASTIC

LONDON — Offers are pouring in from all over Britain for a life-size, near-nude plastic statue of Brigitte Bardot that a London movie theatre wants to sell.

Here are some of the people who want the statue of the French actress wearing only the lower part of a bikini:

A woman who would like it as a 21st birthday present for her son;

The national guard sergeants' mess at Birmingham, who claim they can give it a "good home";

A Worcestershire woman who hopes to use it as a scarecrow; Miss Marianne Hawkins of Birmingham who wants to present it to her fiancé who "must be Brigitte's most ardent admirer."

A penniless artist near London who says his town is narrow-minded and he finds it "difficult to get nude models."

Everyone apparently wants the statue — except Brigitte herself. She has refused it because "it cheapens me."

\$18,000 IS NOT TOO MUCH FOR THE MAN WE WANT

Because we pay our top men in other cities from \$14,000 to \$24,000 in a year, this opening in the Kenora area is worth just as much to the right man. If you are between 45 and 65... can make short auto trips - can call on small town rural and industrial property owners - I hope to hear from you right away. I would like to have you start with us soon and stay for a long time. All replies confidential.

President, Dept. D.K.
Panther Oil & Grease Mfg. Co.
P.O. Box 70, Toronto 17, Ontario.
