ALL KEEWATIN HONORS MR. JACK McKELLAR

The Keewatin Memorial Skating Rink was filled to capacity on Saturday night January 31st at 7:30 p.m. marking the end of Minor Hockey Week in Canada and to pay honour to Mr. J. McKellar who has been manager of the skating rinks in Keewatin since the year 1913 to the present time. Cecil Robertson president of the Minor Hockey Club called on Mr. Bill Forbes who acted as Master of Ceremonies, and requested that Mr. and Mrs. McKellar come forward.

He read a congratulatory message from Mr. Bill Watkinson and a telegram from Luke Bouchard extending his congratulations and regrets that he was unable to be present.

Mr. Forbes then stated, as this was the conclusion of Minor Hockey Week in Canada, we felt it most fitting to be able to honor such a fine man who has done so much for hockey in Keewatin. A man who has put more into it than any other man in the Juvenile Club. Mr. McKellar is a great asset to our Community and the younger "Fry" of our town.

Hockey is a fine sport, a teacher of co-operation. It develops minds, lives and bodies, and makes better citizens. We are proud of our organization and boys, and feel well rewarded for our efforts in the way the citizens have attended tonight, concluded Mr. Forbes.

Harold Johnson (Jr.) on behalf of the Minor Hockey Association presented Mr. and Mrs. McKellar with Honorary Life Passes for all Minor Hockey events and Fred

Walker presented Mrs. McKellar with a bouquet of roses.

Mr. Forbes in his address to Mr. McKellar stated "be sure you will take life a little easier in your retirement, but knowing you as we do we wonder! Cecil Robertson president of the Club then presented Mr. McKellar with an easy chair. Mrs. A. Rolston, Past President of the Figure Skating Club read an address to Mr. McKellar thanking him for all his kindness and offered best wishes on his retirement. Little Megan McKellar and Melane Barnard, grandchildren of Mr.

Mr. McKellar come forward. He read a congratulatory message from Mr. Bill Watkinson and a telegram from Luke Bouchard extending his congratulations and regrets that he was unable to be present.

Lady With Obsession To Address C.A.S.

If Miss Laurie Charleson, adoption consultant for the Child Welfare Branch of the Ontario Department of Welfare, should read the words in the heading above and connect them with herself, she would be right. And she probably would not be offended. For Miss Charleson can be said to have "a persistent pre-occupation with an idea," the dictionary definition of an obsession. This idea of Miss Charleson's — finding the best possible hope for the specific child — has paid off many times.

The annual dinner-meeting of the Children's Aid Society of the District of Kenora will be held in the dining room of the Kenwood Hotel on Monday evening, February 16. Miss Charleson has accepted the invitation of the board of directors to come from Toronto to give the address, and she will speak on the subject of adoption and other interesting phases of children's welfare. Trained and very wide'y experienced in this work, the speaker will have much to say that will be of interest not only to CAS members but to all who have the interest of children at heart.

Miss Charleson was instrumental in large part in launching the campaign about five years ago that resulted in the adoption throughout the province of many children who had hitherto been considered unadoptable. These included older children, handicapped children and children whose health and physiques had hitherto been considered a ban to adoption. She personally undertook to take twenty such so-called unadoptables and to see them if possible adopted into good homes. She was able to accomplish this and today there are twenty homes happier for this experiment and twenty children leading normal, happy lives.

At the annual dinner meeting, there will be not only the address of the evening but entertainment

provided by a quartet composed of young singers from the K and D High School. Don Cameron, singing baritone, with Gary Powell, top tenor; Ernie Lawrence, tenor; and Ian Barnard, bass have graciously agreed to give a number of selections on that occasion.

Did The Ground Hog See His Shadow?

Today, February 2, is officially known as "Ground Hog" Day. Tradition has it that if the sun shines so that the ground hog (or you) can see his shadow, there'll be six more weeks of winter.

Now the question is — did he see his shadow, or didn't he? Today has been one of those peculiar days when the sun did its best to shine and once in awhile tried vainly to shed its rays through the thick covering of clouds. We'd like to believe, that Mr. Ground Hog appeared when the sun was not in evidence. Perhaps he had buried himself so deeply due to the extreme cold weather we've had, that when he did manage to reach the surface to poke his nose out, it was already noon and cloudy. This old English rhyme we hope will be the true forecast:

If it be dark,
With clouds and rain,
Winter is gone
And will not come again!

John W. Wallace Died Saturday

John Wilfred Wallace, R.R.1, Kenora was called to rest at St. Joseph's Hospital, early Saturday morning, January 31, following a lengthy illness. Born in Inverness Scotland, March 28, 1877, he was in his 82nd year.

He was employed as a miner in Manitoba and Red Lake, his last employment being crusher man at Hosago Mine Red Lake. Following his retirement in 1949, he came to live in Kenora.

He is survived by one sister, Mrs. Gertrude Wurester of Winnipeg.

Funeral services will be held in the Chapel of the Brown Funeral Home, Tuesday, February 3rd at two o'clock. Rev. R. J. Leighton will officiate and interment will be in the Lake of the Woods Cemetery. Pallbearers

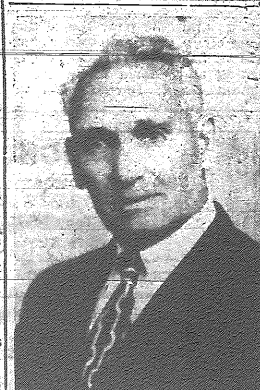

Thomas, George Reynard, Elmer Long, Arel Huard and Louis Halley.

\$190,000 Pledged For Community Centre Fund

The Community Centre Committee, reports that the total amount of money pledged to January 31st is \$190,000.00. The approximate number of pledgers is 700 and an estimated 2,000 more are needed. Any member of the committee will gladly supply pledge forms.

A recent committee meeting found all forms in readiness for payroll deduction pledgers. If no hitch develop the first payroll deductions shall be made in early Feb.

JAMES DOHERTY, PIONEER COMMUNITY WORKER AND SPORTSMAN DIED SAT.

JAMES DOHERTY

James Doherty, well known and highly respected citizen of Kenora for over fifty-five years was called to rest at Port Arthur Saturday, January 31, following a lengthy illness. Born in County Donegal, Ireland, he came to Canada as a young man and to Kenora in 1903.

He entered the services of the CPR as a wiper in 1905, was promoted to fireman that same year and to engineer in 1911. He retired in 1945. An avid sportsman, hunter and fisherman, the late Mr. Doherty was a past president of the Kenora Curling Club and for a number of years, instructed the high school pupils in the art of curling. He was a past president of the Hunters and Anglers club and was on the Board of Directors of the Rowing Club. Active in Community affairs he was for many years a member of the Chamber of Commerce and served as president of that group. A forty year member of the Brotherhood of Locomotive Engineers, he served on the Grievance Committee for a number of years. He was also an ardent member of the Kenora Liberal Association. He was a member of Notre Dame church, and the Knights of Columbus.

Predeceased by his wife in 1949 he is survived by three daughters, Mrs. William (Erin) Grills of St. Thomas Ontario, Mrs. Grace Peterson Kenora and Mrs. L. A. (Margaret) Jorgenson of Keewatin, a sister, Miss Elizabeth Doherty in England, three grandchildren and three great grandchildren.

Resting in the Chapel of the Brown Funeral Home until 9:15 Tuesday morning, February 3rd, thence to Notre Dame Church for Requiem High Mass at 9:30. Rev. Father Audette will officiate and interment will be in Notre Dame Cemetery. Prayers will be said in the Chapel of the Brown Funeral Home this evening, Monday, February 2nd at eight o'clock.

Active Pallbearers will be: D. J. Sweeney, C. A. Houston, C. J. McDonald, E. J. Fortier, W. J. McCann and E. O'Flaherty.

Honorary Pallbearers will be: Mayor P. Ratuski, C. Flohman, D. Kennedy, Wm. Allan, A. Porberg, A. M. Delamere, Aime Porrier, M. Y. Cameron, A. R. Chalner, J. A. Roach, J. Melnhis, J. C. Cuellette, P. J. O'Brien and F.

Magistrate's Court

A local resident who tried to obtain money by false pretences was given a one year suspended sentence by Magistrate J. V. Fregeau at court this morning. Evidence showed that the man had presented post dated cheques at a local store.

Speeding on the highway between Keewatin and Kenora resulted in a local motorist being fined \$25 and costs. He was apprehended travelling at a high rate of speed.

Another motorist paid \$10 and costs on a speeding charge.

Illegal possession of liquor cost a man \$25 and costs, while a man found guilty on a drunk charge paid \$10 and costs.

Also heard was a charge of crowling in the Seventh Avenue South area, by a local resident. This charge was remanded to a later date.

Fire At Keewatin Destroys Home

An early morning fire at Keewatin completely destroyed the home of Mr. and Mrs. L. Queen, situated on Highway 17.

It is reported that Mr. Queen was awakened by smoke at approximately six o'clock. Rousing the other occupants of the house, Mr. Queen, his wife, mother and brother-in-law each grabbed one of the children and made their way out through the windows.

The Fire Department was called but hampered by lack of water, the house and contents were completely destroyed. No estimate of loss is yet available.

James Doherty, well known and highly respected citizen of Kenora for over fifty-five years was called to rest at Port Arthur Saturday, January 31, following a lengthy illness. Born in County Donegal, Ireland, he came to Canada as a young man and to Kenora in 1903.

He entered the services of the CPR as a wiper in 1905, was promoted to fireman that same year and to engineer in 1911. He retired in 1945. Terry Johnson Rink Made Good Showing At Lakehead

The Terry Johnson High School curling rink made up of Terry, skip, Don Cameron, third, Larry Johnson, second, and Bill Burris lead, returned this morning from the high school playdowns this weekend at the Lakehead, a tired but happy group. They won three and dropped four in the two day round robin even. The winner who will represent Northwestern Ontario in the next round is the Fort William Rink, led by the same skip who won the Canadian final last year. Kenora, Fort Frances, Atikokan, Dryden, Red Lake, Geraldton, Port Arthur and Fort William rinks competed.

Pike Rink To Represent Area At Lakehead

The Jack Pike rink, after curling thirteen games have won the right to represent this area at the Northwestern Ontario round robin playdowns to be held at Fort William this coming Thursday.

Saturday night at Kenora, the Pike rink defeated the Alec Brown, Keewatin foursome 6-4, to wind up the series. Friday night, Pike also defeated the Keewatin rink, giving them the two wins needed.

Business Girls Bonspiel Finals To Be Played Feb. 4

The Business Girls' Curling Club held their regular scheduled game Saturday, January 21st. The winning teams were Hazel Flemming, Marilyn Ingo, Gloria Kuhn, Terry Leroux and Gladie Veien.

The result of curling for the year is as follows:

	W	L
1. Lorraine Franchuk	8	1
2. Gloria Kuhn	6	3

- | | | |
|-----------------------|---|---|
| 3. Gladie Veien | 6 | 3 |
| 4. Barbara Cameron | 5 | 4 |
| 5. Marilyn Ingo | 5 | 4 |
| 6. Terry Leroux | 5 | 4 |
| 7. Hazel Fleming | 4 | 5 |
| 8. Esther Lundin | 4 | 5 |
| 9. Roberta Kerr | 2 | 7 |
| 10. Lois Christiansen | 1 | 8 |

The Business Girls held their bonspiel Sunday, February 1st. Draws were played at 9 a.m., 1 p.m., and 3.30 p.m. Teams playing off in the finals on February 14 at 2:00 p.m. are Hazel Flemming and Gloria Kuhn for the main event; Barbara Cameron

and Marilyn Ingo for the consolation event.

Following this a banquet will be held in the Kenricia Hotel at 6 p.m. where trophies will be presented and prizes given.

She's using the new
ROYAL BANK
"TWO-ACCOUNT PLAN"
 to help her save

1. SAVINGS ACCOUNT... She uses her Royal Bank SAVINGS ACCOUNT strictly for saving. She never touches it to pay personal or household bills, but leaves her savings severely alone to grow with the regular deposits she makes, plus the interest they earn. Having two separate accounts helps her to save.

2. PERSONAL CHEQUING ACCOUNT... For paying bills she uses her new, thrifty Royal Bank PERSONAL CHEQUING ACCOUNT. She saves money on cheques and time at the bank. It's more business-like, too; she receives regularly from the bank a printed record of her account and the actual cancelled cheques, valuable as proof of bills paid.

This ROYAL BANK "TWO-ACCOUNT PLAN" helps you save... puts your personal and household accounts on a business-like basis. Try it. Full particulars at every branch.

C. Gallant of Red Rock is the most penalized player with 60 minutes, followed closely by R. Kaplan of Marathon with 56 minutes.

REPORT

from
Queen's Park

Albert Wren, M.P.P.
Highway Development
Concerns All

The year 1961 marks the end of Federal participation in Trans Canada Highway construction between the Lakehead and Manitoba unless existing agreements renewed. There is a formidable mass of rock work between Vermillion Bay and Kenora to bring our Highway up to standard but officials are setting targets on 1961 completion. We all hope those goals can be attained.

Meanwhile the whole program is one of concern to all. The completion of this Highway, to Trans Canada standard, is so necessary for the development, traffic safety, and the like. It is thus heart-

ened and awakened to the need of action of immediate sort to complete this road. And action is needed for some very important reasons. 1. Quiet but firm planning is developing to large harbour developments at Duluth to move freight westward into Western Canada over highways which can be quickly expanded on American soil. 2. The Federal Government has yet to appoint a harbour commission at the Lakehead to "study" the situation thus allowing valuable gains to those promoting the Duluth project. 3. Freight movers of experience tell me that due to probable bottlenecks in traffic at Kenora they look with some favour to using the Lakehead-Rainy River highway, thence from Rainy River to the West over American roads. The "between" country, the section between the Lakehead and the Manitoba boundary could quickly become a secondary route unless the people in this "between" section become aware of what

has, and is taking place. The formation of amalgamated associations had led to the benefit of the Lakehead but compensating benefit has not projected into the rest of Northwestern Ontario.

Now it is to be hoped that it is not too late for the Lakehead to move in time to head off long term contracts for freight movement through the Duluth port. Contracts are in the negotiating stages now and time cannot be wasted for we all know how quickly American capital can move once a decision is reached.

The elementary facts are before us. The Seaway will be officially opened in 1959 not 1969. The Seaway will bring undreamed volumes of traffic from lake ports to the West. Highway facilities are needed now to move that volume westward and it will move the American way if we don't wake up.

Mining Activity Quickens

Look for very active interest this year in mining properties. In Gold, Molybdenum and Iron. Red Lake is booming as never before in its history. Success in the field of research has produced a method of using molybdenum for fusion at extremely high temperatures thus opening a whole new range of uses. The giant Anaconda Copper Corp. is currently developing iron property north of Nakina while the Iron Bay property near Ear Falls reaches solutions to financing and

marketing of iron ore deposits there. It is to our mines, our forests and our lakes that we look for our future. With the right kind of immediate support in development roads and encouragement to developers, the base metals can quickly take their place with Gold as a major source of employment dollars in our District.

Delay on Roads Again
Despite rampant unemployment we still encounter frustra-

ting delays in completing needed road projects. Ottawa blames Toronto; Toronto blames Ottawa. Meanwhile Minski is assured of completion of their connecting link. \$70,000 was spent last winter in location and clearing. Tapping this important tourist centre and the Hydro development road into the Caribou-Whitlog area will bring untold benefits in tourist and mineral development. It seems that two Govern-

McKellar presented a gift on behalf of the club.

Mr. McKellar replied, Mr. Chairman. His Worship Mayor Hodgkinson, members of the Town Council, ladies and gentlemen, girls and boys, we must not forget the children. "I had planned quite a different exit. I expected I would go out to the rotunda, say good-bye to those present and slip out. Now the Minor Hockey Association go me into this predicament, and they have given me this opportunity before I go tonight to speak to you all. "After 39 years service for this municipality and since 1928 looking after the children not only at the rink but at the beach, I know enough about them over a generation. Many couples have brought their little toddlers to the beach to enjoy the swings - those little toddlers children are skating in the rink today. I am going to miss all this turmoil, racket, and

complaints when I retire - "I don't know what I'll do."

Thank you all who have given me gifts, cards and donations, I appreciate it all. I will always remember the large crowd here tonight. That is one thing we always like to see.

Thanks to all, Good-bye and God Bless You" concluded Mr. McKellar.

The following program was presented during the evening:

After Mayor Hodgkinson declared Minor Hockey Night officially open, the first game played was "Pee Wee hockey" - Kanucks vs Eagles - Score 0-0 the second game "Bantam B-hockey" Hawks vs Hornets - Score 0-0.

The Grand Old Opry Show (Fred Kinch, Paul Albert, Caroline Kinch, Shirley Hensrud, Dow Fraser, Cal Masnier entertained for a half hour with a variety of numbers from within a specially constructed plastic structure at centre ice.

Jane Welch in a colorful costume skated a solo to "September Song."

Sue Scott and Cynthia Nich-

olson in Highland costume skated to a popular Scotch number.

Roberta Edgley in costume of Coral velvet trimmed with white lace skated a solo to "Jealousy".

The hockey game between the Kanucks of 1951 vs Kanucks 1959 was a spirited effort on the 1951 team to come out to conclude hockey week. The score 7-1 in favor of the former team.

Before the singing of the "Queen", Cecil Robertson thanked the citizens of the district for their support in making the evening such a success and their donations during the canvass for funds just completed for Minor Hockey.

Those playing on the 1951 Kanucks are as follows:

Goal—R. Degagne, J. Gordon.

Defence—R. Zilinski, Gib McLay, D. Anderson, Gordon McLay, Ron Fisher, J. Anderson, J. Ortlieb.

Forwards—W. Hoe, R. Fisher, H. Johnson, A. Szabo, S. Garrow, L. Bouchard, C. Robertson, J. Sveinsson, J. McDonald.

1959 Kanucks

Goal—E. Stockholm.
Defence—B. Feltham, K. Schabler, G. Parks, B. Garrow, G. Borbely.

Forward—I. Barnard, J. Symanyk, E. Plessis, L. Filion, D. McMillian, D. Sundquist, C. Durrant, B. Howson, M. Zdep, C. Degagne.

Dentists Approve Fingernail Biting

DALLAS — A dental specialist defends such traits as biting fingernails, chain smoking, chewing pencils and the like. They don't hurt your teeth, he says, but they do relieve tensions and are better than going home and helling at the wife and kids.

Dr. Mary Massler of the University of Illinois said in an interview, chewing habits are valuable mechanisms for releasing tensions.

He said thumb-sucking in a baby is a sign of contentment — a young child sucks his thumb as a substitute for a nipple. Most children stop this at the age of 3 or 4, he added.

On reaching the age of frustration, Dr. Massler said, many children switch from thumb-sucking to nail-biting.

The children's dentist said thumb-sucking may cause protruding teeth if continued beyond age 6, but nail-biting does not hurt the teeth.

"Almost every adult has a chewing habit of some sort," Dr. Massler said. "It was found in World War II that the best pilots were not the calm ones but those who bit their nails or chewed their lips."

Chain-smoking or nibbling on pencils all day is much preferable, he said; to going home bursting with frustration and helling at your wife and children.

Dr. Massler did say chewing gum isn't such a hot idea. It contains sugar and that's bad for your teeth, he said.

The regular meeting of the Ladies Auxiliary to Pinecrest will be held in the Library of the Lodge at 2.30 p.m. Tuesday, February 3rd.

D. B. S.

Dominion Bureau of Statistics

Weekly Highlights

Labour:
Mid-December estimates put the number of persons without jobs and seeking work at 440,000, equivalent to 7.2% of the labour force. This is an increase of 79,000 over a month earlier and 48,000 more than in December 1957 when the seeking work total of 392,000 represented 6.5% of the labour force. The labour force was estimated at 6,120,000 at the middle of last December as compared to 6,050,000 in the previous December, so that, in spite of the larger number without jobs and seeking work, there was an estimated increase of 22,000 in the number of jobs. Claims for unemployment insurance benefit at the end of November totalled about 419,000, some 96,000 more than a month earlier and 16,000 more than a year earlier. Benefit payments during November were 4% greater than in October and 11% greater than in November 1957.

Motor Accidents:
Deaths resulting from motor vehicle traffic accidents were almost 18% fewer for all Canada

November last year than November 1957 due to decreases in Nova Scotia, Quebec, Ontario and the Prairie Provinces.

Manufacturing:
Steel ingot output edged further upward in the week ended January 17 to 102,280 tons from 100,692 the previous week, reaching 89.9% of rated capacity as compared to 88.5% . . . November shipments were larger than a year earlier for radios, washing machines, clothes dryers, refrigerators and freezers, and for asphalt roofing, veneers, plywoods, most concrete products, and nails.

Mining:
Natural gas sales continued to climb in November to hold the eleven-month gain at 19% over 1957 . . . Asbestos shipments showed again over the previous year in November to reduce the cumulative decrease.

Transportation:
Railway carloadings in the first seven days of the year were some 1% below the same period

of 1957 . . . Pipe-line deliveries of oil showed a rise of 12% during November, making the second successive gain, but leaving the cumulative total for 1958 down 7% from 1957.

Food & Agriculture:
Creamery butter production last year was an estimated 11% larger than in 1957 and storage stocks at the first of this year were nearly 24,500,000 pounds larger than a year earlier at close to 94,000,000 pounds . . . Number of hogs on Canadian farms at December 1 last year was a third greater than twelve months before.

Letter to the Editor

Editor,
Miner and News.

Dear Sir:
In making my monthly visit to summer home on Longbow Lake, and being advised by Mr. Howard Keffer that the Dept. of Public Works, Ont., had started a project of some importance at continuation of Kimberley Road; I visited scene of operations. I found a large sleeping camp, diner and foreman's camp, located close to present dam at Longbow Lake outlet.

This project, I am informed, consists of building a permanent concrete dam with flood control provision, and a bridge over this cut let to allow for continuance of this road to Storm Bay on Lake of the Woods. This project, when completed, will give access to a beautiful portion of Lake of the Woods, will open up many splendid sites still available on Longbow Lake. The present method of transporting boats and equipment to and from Lake of the Woods to Longbow and vice versa is, to say the least, exceedingly primitive and laborious. It is, I am informed, the intention to replace this wooden boat-ramp with a permanent concrete structure, with steel, or cast rubber rollers, permanently incorporated in structure. It also calls for geared winch to furnish power.

On completion of this project which calls for considerable preparatory road work and graveling (now in progress) it will be a great boon to commercial camp owners on Longbow Lake and residents generally.

Many private citizens of Longbow can in future avail themselves of opportunity of sparing an odd meal from their unspectific neighbors and friends camped on Lake of the Woods. I would like at this time to compliment the local boys, holders of property in Storm Bay area, for their zeal and industry in the construction of extension to Kimberley road.

I am equally sure that all citizens, both private and commercial of Longbow Lake area, will feel grateful to Provincial Gov't and their local advisers for starting this project, which will furnish some work at this time when it is needed, and also open up some splendid sites for summer homes on both lakes.

Geo. E. Kimberley.

murderer can destroy health with the same speed and finality as a reckless or incompetent driver, a careless smoker in a wooden building, or a show-off in a pleasure boat.

Accidents are one of the principal causes of death for all ages. Two of every five children who die under the age of 14, die as

the result of an accident. In the 2-18-year-old group traffic accidents alone account for more deaths than any other single cause. And yet, the work of accident-prevention is so unappreciated that, in comparison with the gravity of the problem, it has been given little more than token support in the past. Safety

workers are convinced that the health of the nation would increase significantly if the effort to prevent bodily injuries amounted to even one-tenth of the effort devoted to repairing those injuries.

The value of Canada's food exports in 1957 was \$249,000,000.

Safety League Urges Support Of Health Week

It will be Open House in the week of February 1-7 at one of Canada's richest treasure stores. All members of the public are invited in, to take stock of our vast wealth, and to note how it could be increased still further.

It is the 15th National Health Week, sponsored by the Health League of Canada, and supported by provincial and federal health departments. A week when the nation counts its riches in this priceless commodity, and considers the problems of doing even more in the battle against disease, disablement and death.

The Ontario Safety League is one of the many agencies that urge utmost public support for the aims of Health Week. The League also points out that accident prevention is one of the most vital areas of health preservation. Only a hangman or

Report From Queen's

(Continued from Page 5)

ments of similar complexion agree less than Governments of opposite stripe. The key to economic development rests with development roads. Ghisli and McIntosh are two areas too long neglected. McIntosh is the next project for action.

Premier Gets Aside Secondary Areas

Premier Frost in a letter to me dated January 15th states that he has arranged that areas will be set aside in the Sioux Lookout area for secondary industry. This means that sawmill operations will carry on where established and it will enable new operators to set up in the area for much needed employment stimulation. Pulp mill development is on the list awaiting more favourable financial climate and a lifting of the recession. In the meantime people cannot eat promises, hence the Premier's acceptance of my proposal for provision for secondary forest industry in the area.

Hotelmen Angry

The annual convention of Ontario's hotelmen ended last Wednesday following three days of intensive discussion of their problems. The members lost no opportunity to express their disapproval of Ontario's liquor laws and the administration of hotel control. After these many years the authorities will not permit anything in Ontario's beer parlours save the consumption of the greatest quantity of beer in the shortest possible time. Not even a radio is legal according to interpretation of present regulations.

Labour Under Fire

Tory minded parliamentarians and Press lose no opportunity to sound the drum against labour, claiming that today's inflationary pressures and other disturbing elements in our economy are the fault of labour, and labour alone. What rot! Wages must be kept in balance with continually rising costs of living and that is all that labour asks. They are willing to "hold the line" if all other pressures in the economy are willing to make the same concessions. It is indeed unusual in Canadian history that we have mounting unemployment allied with rising living costs and rising costs of other durable goods and services. The same people are eager to attack the farmers for forming marketing boards and establishing floor prices but the political power of the farmer still scares despite the fact that the farmers are seeking the same guarantees of security as labour and, though not generally calling themselves a union, for all practical purposes the same thing.

Dryden Legion Bounces Back Despite a disastrous fire last year the Dryden Legion officially open their fine new quarters February 19-20-21. This facility has seen a loss to Dryden people in the interim but the Legion has come back to provide the same service and facilities to its members and the community at large. CONGRATULATIONS.

New School Newspaper

Queen Elizabeth High School at Sioux Lookout have produced the first edition of their new

school newspaper under Charter of their newly formed school "Parliament". Congratulations to these enterprising boys and girls as they add to the school news periodicals in the District. And their student council now functioning as a "Parliament" will provide interesting training in the processes of government.

Annual Meetings Ont. Naturalists February 21

Bird watchers, conservationists and outdoor enthusiasts have their eyes on Brantford, Ontario,

and the 27th Annual Meeting of the 3,500 member Federation of Ontario Naturalists. The date: February 21st.

Delegates from all across the Province will head for this scenic town of Western Ontario to attend the Meeting - the first ever held in Brantford.

Flora, faunas and discussions of nature topics and conservation will form the one-day programme. Dr. Edward Piers, of the University of Western Ontario will be the principal speaker after the Annual Dinner on Saturday evening with the topic "Recreational Needs and Land Use Planning."

Holland has more than 16,000 vessels, some as large as 1,500 tons, on its inland waterways.

Kenora Liberal-Labour Assoc. Annual Meeting COUNCIL CHAMBERS FRIDAY, FEBRUARY 6th 8.00 P.M.

you'll be happy as a lark when you save regularly at IMPERIAL the BANK that service built

DRYDEN EAGLES VERY IMPRESSIVE
 Ray Desjardins' Dryden Eagles certainly deserve the right to be in first place in the Northwestern Ontario High School Basketball League. They outclassed the local Mustangs in almost every department Friday night before a packed High School Gym. It was the first time that the senior Eagles ever played on a large court. They defeated Red Lake 49-24 in their first league meeting. The Kenora High Colts were also defeated Friday evening by the Dryden junior team. Both the paper town eastern teams are riding the top of the basketball wave in their respective divisions in the newly formed league. Bob Goddard's Mustangs tried very hard to defeat this versatile Eagle club. But, the height of the Dryden rear guard & their accurate scoring aces, stopped the purple and

white lads cold. . . Albert Eger, who notched 28 of the Eagles' output, impressed the gallery the most. . . He reminds one of Bob Cameron, although he lacks the latter's attack on the basket. . . Eger's shooting is just as good as Bob Cameron's if not a bit better. . . Ray Desjardins, who led the local senior baseball league in hitting last year, reports that Dryden's star player is out with an injury and that he couldn't make it to Kenora for Friday night's game. This Dryden team must have quite a club with this other fellow. The American Radar Base basketball team only defeated the big Eagles by two points in a recent contest held in Dryden. The Mustangs are missing Brad Holmes and Dave Moorey this season. . . The latter two cannot play because of the eligibility ruling at the local High School. . . The Eagles are going to be TOUGH to stop. . .
DATELINE: Received a letter from the Junior Chamber of Commerce in Canada's newest city, Barrie, Ontario. . . They dropped a line saying that their big Snow Carnival will soon be getting underway and if anyone from the Kenora District should be passing through. . . well. . . to stay an extra day to take in all the fun the Commerce has arranged for their big Carnival. . . Off The Cuff will soon be asking the Minor Hockey League coaches to be picking their all-star team from the respective Minor Leagues. . . It will be the first Annual Off The Cuff all-star selections for the younger skating stars. . . We understand that the "new '59" Commercial Hockey League is putting on a very good variety of hockey action, therefore, we certainly hope that you will take in an odd game to support the boys.

Lakers Cop League Title
 The Warroad Lakers continued their blistering pace at the top of the Ontario Minnesota Hockey League as they blasted the Kenora Thistles by a nine to four count. The win gives the Lakers twenty-six points and the league title, as they have completed all their games. Kenora now meets the Fort Frances Canadians in the most important game of the year for the locals, as a win will give them undisputed possession of second place. The game is to be played in Fort Frances Wednesday night. If the Canadians win and also take their final game at home against Dryden on Saturday, they will end up tied with the Thistles, this will necessitate a vote from the league board of directors, to officially decide second place. The playoffs should begin in the Ontario Minnesota League, on Tuesday, February 10th.

Eastern Canada has five species of hickory trees, noted as the strongest of Canadian hardwoods.

Witness Convention Concluded Saturday

Mr. Victor White, from Toronto, addressed over 175 people in the public lecture, "The Watch Tower Society in God's Purpose" to round out the three day assembly of Jehovah's Witnesses held in Keewatin.

Mr. White showed that Almighty God has always had a channel of communication whether one man, a group of men or an organization.

He added that this organization is absolutely clean from any contamination with this world, politically, socially or with false religions. Then, Mr. White emphasized that Jehovah's Witnesses would continue to maintain their stand regardless of, Dictatorial, Communist or hierarchical opposition.

V. White has worked under the Society's supervision for over 25 years. Five years were spent in the Philippine Islands. He will spend a week with the Kenora congregation before travelling with his wife to Fort William to supervise another assembly.

A Baptismal service was held on Saturday where several candidates symbolized their dedication to the personal God Jehovah by complete water immersion. The ceremony was patterned after the much larger one held in New York last summer when 7,136 were baptised.

Saturday evening the expansion of the preaching work of congregations in Northwestern Ontario was carefully considered. Reports revealed over 500 ministers were engaged in the ministry. Stress was then placed on the need for more activity by all concerned due to the shortness of the time before the world's end. Mr. K. Little circuit minister from Toronto, participated in the closing the assembly theme, "Be a

Teacher of the Good News". Clearly he portrayed how one must teach as well as preach.

To assist visiting delegates many departments functioned throughout the assembly hall.

The over fifteen departments operated solely with volunteer labor. The cafeteria successfully served over 500 meals during the three days besides after session lunches.
