## DRYDEN CHAMBER OF COMMERCE BANQUET ATTENDED BY 300 DELEGATES

DRYDEN — Close to 300 persons, including more than a dozen from the Lakehead attended the 77th annual meeting of Dryden District Chamber of Commerce Tuesday evening in the new 3,000 Dryden Legion hall.

Guest speaker was Neil Edmondstone, vice-president and secretary-treasurer of Steep Rock Iron Mines Ltd. In commenting on growth of Northwestern Ontario, he said the district's natural resources have made and are continuing to make a tremendous contribution to the industrial pre-eminence of Ontario.

attendance that a chamber of commerce is not a social club... "it is essentially a working club."

"The chamber of commerce is a builder and a doer and a medium by which businessmen can combine all their efforts to go after the things they feel the community should have," he said.

"The Premier of Ontario is getting a new concept of this part of the province, said Mr. Edmondstone, in commenting on the reaction of Premier Frost and his cabinet on the recent visit by a Northwestern Ontario Associated Chamber delegation to Toronto.

## KING'S RANSOM

Looking to Ontario's far north, Mr. Edmondstone said: "We know as little about the Patricia District now as the southern part of Ontario knew about us 20 years ago."

"There is a king's ransom of mines still to be found in this area to say nothing of the vast stands of timber." It had terrific tourist potential as well.

Mr. Edmondstone reminded his

## WELL RECEIVED

This year's delegation was well received in Toronto and on its arrival at Queen's Park the premier said "this is your day and your opportunity."

Completion of the Trans-Canada Highway between the Lakehead and the Manitoba border was strongly urged by the premier, Mr. Edmondstone said. He also pointed out that the provincial government planned to do considerable geological survey work in the Patricia District, with access roads to follow.

Mr. Edmondstone was introduced by E. Lorne Goodall, president of Dryden Paper Company Limited, and thanked by Tom Spence, a director of the Dryden Chamber.

Other speakers were T. S. Jones, immediate past-president of the Dryden Chamber; Deputy mayor Ted Sherwood, and Colin Proudfoot, newly elected Dryden Chamber president.

SPECIAL GUESTS  
Special guests at the function were A. L. Phillips, manager of the Northwestern Ontario Development Association; E. L. Good-

## South Kenora Credit Union Holds Annual Meet

On Wednesday, February 11th, the annual meeting of South Kenora Credit Union was held in the Canadian Legion Building, and was well attended by both members and visitors.

Dividends of 4% were declared on shares, and an interest rebate of 10% on interest paid on personal loans.

Treasurer reported assets of December 31st of better than \$34,000.00, an increase of over \$16,000 dollars during the year. The membership increased by 57 members in the same period.

Mr. J. M. Homer, Director of Education and Promotion, Ontario Credit Union League, gave an inspiring talk, telling those present of some of his many experiences with the Credit Union and how much help he has seen provided by the Credit Unions and its Committees, to members in time of need.

Visitors present included J. Roberts, Kenora District Chapter president; E. Alcock, president of North Kenora Credit Union; L. Wise, president of Kendo Credit Union; S. Magnusson, Manager of Keewatin Citizens Credit Union; Geo. Van Walleghem of Notre Dame Credit Union; J. N. Davidson, Director of the Ontario Credit Union League; and many others.

H. Bowden was elected to the Board of Directors to fill an unexpired term, and B. Brandrick and A. Lax were re-elected. J. Minor was re-elected to the Supervisory Committee and Mrs. E. Longe to the Credit Committee.

Refreshments and a social period followed the meeting. A door prize consisting of a Credit Union share was won by Mrs. E. Alcock.

## Legion Auxiliary Appoints New Visiting Committee

The regular monthly meeting of the Ladies' Auxiliary to the Canadian Legion Branch 12 was held Tuesday evening, the 10th of February. There was an attendance of 65 members. The meeting opened with "O Canada," followed by 2 minutes of silence and the advancing of colours.

The minutes of the last general meeting and executive meeting were read and a short discussion on new by-laws followed. The lodge was pleased to have Mrs. Stevens back at the meeting after 2 year overseas. There were 6 applications for membership and one initiation. The accounts, financial statement and correspondence were read and discussed. There were many thank-you notes from hospitals, shut-ins and also HBC Legion Xmas Tree Fund.

A short intermission was called for payment of dues.

It was decided by the meeting to nominate Mrs. M. McKee as

## our nominee for District Representative.

Reports of committees followed and a new committee and convener was picked to visit Pine Crest once or twice a month. There being no more important business the meeting adjourned with the retiring of colours followed by the "Queen."

Following the meeting a short entertainment period was held while lunch was prepared. Mrs. Lambert won the travelling prize and Mrs. Verna Coughlin won a Fuzz Ball Contest. Mrs. Flo Hines was chosen as our Queen of Hearts at the Valentine Meeting. A lovely lunch was served before leaving.

## Strong TV Station On Channel 8 Slated For Kenora

The CBC has proposed that Kenora's TV outlet will be 493 watts video and 247 watts audio on channel 8, the Miner and News learned today. At the same time, it has proposed 164 watts video and 82 watts audio on channel 11 for Trail B.C.

The CBC has also applied for permission to open French-language TV stations at Moncton, New Brunswick and Winnipeg.

The Moncton station would be 600 watts video and 324 watts audio on channel 11; the Winnipeg station 2.87 kilowatts video and 1.72 kilowatts audio on channel 6.

## Peggy MacDonell Tops Class Of 59 In Spoken Poetry

Monday at the festival in the Spoken Poetry class, Grade 3 with test piece "The Donkey," Peggy MacDonell of Kenora topped the class of 59 boys and girls with marks of 84. Mrs. MacDonald, the adjudicator commended Peggy for "her pleasant manner. Her words were clearly spoken and she colored them nicely."

Contestants in this class represented Vermilion Bay, Dryden, Sioux Lookout, Keewatin and Kenora. A number of children tied for second and third place. Mrs. MacDonald expressed her pleasure with the excellent work done by all the children in this class.

## Paul Brett Wins Spoken Poetry Class This Morning

The highest marks awarded to date at the current 16th Annual Kenora District Music Festival were given by adjudicator, Mrs. J. MacDonald at a Central Schools Choir conducted by D. J. Dickson. The choir received 88 marks for their rendition of "Sweet and Low", grade 6 Choral Speaking.

"This choir set a beautiful mood," said Mrs. MacDonald. "their diction was excellent and they told a lovely story."

Spoken poetry, grade 5, posed a real chore for Mrs. MacDonald since 58 boys and girls had entered the competition. Paul Brett of Kenora topped the class with 85 marks. Tied for second with 84 marks were Jill McKen and Jennifer Taylor of Dryden. Marilyn Fortier and Rochelle Lamb of Kenora and Ellen Schultz of Vermilion Bay.

## SPOKEN POETRY TAKES SPOTLIGHT AT FESTIVAL MONDAY AFTERNOON

**WEDNESDAY AT THE FESTIVAL**

**MORNING:**  
Spoken Poetry, Grade 1, Grade 8, Boys.  
Folk Dancing Classes, graded and open.

**AFTERNOON:**  
Spoken Poetry, Grades 7, 9, 10, 11 and 12.  
Folk Dance solos and Square-Dance classes.

by Ruth King

The Monday afternoon session of the Festival at the Legion Hall auditorium opened at 1:30 with Mrs. Jean MacDonald adjudicating a large class of 59 entrants in grade 6 Spoken Poetry. The test piece was "Silver" by Walter De La Mare.

The adjudicator remarked that she had heard some really beautiful work. "Each one of these performers gave something to it," she said. "One girl gave us the mood as no one else did." Mrs. MacDonald made the beauty of the words in "Silver" come alive for the children. "The poet she said, 'is painting a picture of how the wonder and beauty of moonlight can change the appearance of the whole world. Some splendid work has been done by the teachers here," she pointed out. John Roy received the highest mark of 86 in the class. Paul Jones of Vermilion Bay came second with 85.

## Junior Public Speaking Won By Charlene Clark

At this morning's session of the Music Festival held in the Presbyterian Church hall, Mr. Frank Morriss adjudicated the second half of the public speaking competition for grades 6, 7 and 8. The first half was heard Monday afternoon.

Charlene Clark of Kenora was awarded top marks of 86. She was highly commended for her excellent delivery, good diction and charming manner. Speaking on Hydro, she gave a most interesting talk", he said. Tied for second place with 84 marks were Janis Kincaid and Mary Ann Brett both of Kenora.

In his general remarks, Mr. Morriss expressed his disappointment that a number of the participants had failed to appear. "This was a very excellent class," he said, and I was very pleased with the performance given by all who entered." He did however offer a suggestion for consideration, that this class be divided into two parts since he felt that grade 6 students should not be competing with grade 8 pupils. "There is too big a spread between these grades," he said.

## CHORAL SPEAKING

In adjudicating Choral Speaking grade 8, the Mount Carmel School choir conducted by Sister Alphonse, recited the group work "Columbus."

Mrs. MacDonald thought it was very well done, with a fine interpretation. This choir, the only entrant in the class, received 87 marks.

In class 30, Choral Speaking, Rural Schools, Junior Rooms, the Vermilion Bay School conducted by Elsie Montey received 86 marks.

There was only a single entry also in Class 31, Choral Speaking for Rural Schools, Senior Rooms. The Vermilion Bay group, conducted by G. E. Jackson received 87 marks for their rendition of "Something told the Wild Geese."

Monday afternoon proved a most profitable session for both the children and the teachers. Mrs. MacDonald took the time to conduct the choirs and the children responded with great enjoyment. Rev. R. J. Leighton was the platform marshal for the session. Mrs. McCombs was the adjudicator's assistant and Mrs. Fonger handled the certificates.

## Committed For Trial On Criminal Negligence Charge

At Magistrate's Court this morning, Leo Leroux charged with criminal negligence in connection with the death of Ethel Hatle following a traffic accident, was committed for trial at the next court of competent jurisdiction. He was released on bail of \$2,000.

Also heard at court this morning were three persons appearing on drunk charges. Evidence was given by the Keewatin police. All three were each fined \$10 and costs.

Failing to change the registration on a newly purchased vehicle resulted in the owner being fined \$10 and costs.

A woman appearing for a third time on drunk charges was committed for three months.

## Two Students Pass Music Conservatory Theory Exams

The following is a list of successful candidates for the Royal Conservatory of Music, Toronto, examinations held recently at a special theory centre in Bethesda Lutheran Church building. Names are arranged in order of merit.

**GRADE IV**  
Harmony - Pass - Marjlyn Burchall.  
History - First Class Honors - Brenda Lovstrand.  
All candidates are pupils of George Ingham A.R.C.T. Mus. Bac.

Ft. William Rink Ahead in North Ontario Finals

North Bay—The rink which side tracked Kenora's Jack Pike quartet, the young Darwin-Wark team gave his Fort William-rink the inside track on the Northern Ontario Curling Championship last night in North Bay with an 8-7 extra-end victory over Les Redford of McIntyre.

Wark finished the first day of the three-rink, double round-robin competition with two victories. Redford has a win and a loss. Don Groom of Sudbury lost twice, 8-7 to Redford and 13-4 to Wark.

Wark at 25 is the youngest skip in the contest. He had some help from Redford in snaring last night's game. The Schumacher skip was already lying shot rock in the 12th with the final shot and had simply to draw to the circle for the extra point to beat Wark. He was much too light.

That break was all Wark needed. In the Extra and Redford was lying shot with two rocks in the house against one by Wark. After huddling with his mates, Wark decided against a takeout attempt and went for a cold draw right to the button.

Fort William, 310 101 010 100 1-9 McIntyre, Redford 001 020 202 001 0-8

EARLIER DRAWS

The Fort William rink of Darwin Wark registered a 13th victory over Don Groom of Sudbury yesterday afternoon in the three-way Northern Ontario Curling finals at North Bay.

The 25-year-old skip met a McIntyre rink piloted by Les Redford last night in what may be the key game of the double round-robin playoff for a berth in the MacDonald Brier. Wark and Redford are each undefeated after one game, with Groom dropping both morning and afternoon

draws. Wark and his rink of Denis Stephen, Les Sutton, and Jack Jones went into an early lead this afternoon with two three-enders after a blank first end. Then they went on to score in seven of the 12 ends.

Wark 033 012 100 102-13 Groom 000 100 002 010-4

Trophies Presented At Business Girls Curling Windup

The business girls curling drew to a close Saturday night at the Kenricia Hotel.

A very successful banquet was held with 50 girls from club membership present, and three guests, Mrs. M. Langille, Mrs. I. Read and Mrs. P. Artiss.

The presentations got underway after dinner. Mrs. Langille presented the Brennan's Jeweller's trophy to the G. Kahn rink. Mrs. Read, who represented the Kenora Womens' Curling Club presented the rink with crystal vases on behalf of the club.

Miss Terry Leroux, secretary, presented to the H. Fleming rink travelling clocks on behalf of W. H. Marr Ltd.

The consolation trophy donated by Zeal and Gold to the B. Cameron rink was presented by Mrs. J. Artiss. The rink received coffee carafes donated by Lindstrom and Nilson and these were presented by Gloria Kuhn, vice-president of the club.

Runners-up in 2 consolation events received indoor thermometers donated by Williams Hardware and were presented to the M. Ingo rink by Jeannie Watson, president of the club.

Miss Watson thanked the executive and various committees for their support throughout the year. Miss B. Cameron, on behalf of the girls expressed a sincere thanks to Miss Watson for her interest and capability in organizing the curling club.

Thanks was also extended to

the Womens' Curling Club for the interest taken, to Lindstrom and Nilson, W. H. Marr Ltd., Williams Hardware and donors of trophies, Brennan's Jewellers and Zeal and Gold.

Commercial Mixed Bowling News

With two weeks to go in the third quarter the race for play-off spots is close in all sections except number three. Supermarket with Gary Savage leading the way have opened up a neat twenty-three point lead over their nearest rivals in Section Three.

Newmans Jewellery have a 1/2 point lead over Lakeland, while Ticker Dots (thanks to Gail McInnis who rolled a nifty 600 series) are in third spot with 75 1/2 point. Newmans and Lakeland have already won a play-off position so Royalties and Kenwood Hotel who are right behind Ticker Dots have a good chance to grab a play-off berth.

Westario Motors climbed to top place in Section Two with 85 points, while Leftovers and Tilleys Drugs hold down second spot with 83 points each. Dalmore Hotel lead Section Four with 78 1/2 points, but both Krons Transportation and Lands and Forests moved up on the Hotel Gang.

Acme Cleaners have a two and a half point edge over Off Centres in Section Five. Head Pins who had a good week closed in on the leaders and have a good chance of winning the play-off spot.

Here and There: Gladys Rakko and Ab Michaluk both of Krons team almost set new records. Glad had a chance to beat the high single but had tough luck in the last frame and finished with a nifty 301. Ab was after the three game record and had 291, 301 then dropped a little in his last game with 261 to total 853 for his triple. Very nice bowling Gladys and A'bert, Richard Lavergne had a busy week bowling fifteen games with one 600 series. Gail's scores were 209, 224 and 201 (with a 123 average too). Stan Cook bowled 270, 241 with a 712 triple. A. Brown was best for Newmans with 259, 270 and a 674 triple. Angies average is 137 but will go up. Marg Westlund was the only one of the Lake of the Woods Motors team to bowl over her average, Marg had 228 and 572 for three. Pete and

Clarence weren't much help. Vicky Czmuah of the McLeod Shoe team had a good series with 205, 232 and 228 for 665. Rita Hendrickson had a 237 second game, Shirley Erickson cracked 287 with a 217 triple, Bill White finished with a 325 game high single for the week, however Bill won't even talk about his first game, three aces I think. Edna Rogiani had 247, 237 with 650 for three. Don Lindsay broke 300 with a 302 game, Rick Hakenson was over 700 for three with games of 209, 273, and 255. Irene Blake of Olfmans was another lady to break 300. Irene rolled 307 in her second game and like Bill won't talk about her other two games. Gosh, M. Ralko broke 600 with a 647 series? Isabel Baker had a 270 game. Ron Mableson had a neat 691 triple with 254 and 231 included. Nina T. broke 200 with a 204 effort. Gary Savage had 277, 249 and 187 for a 713 triple.

Helen Iwasluk had 220 and Larry Karaim 207. Rose Clifton had 251 in her last game, Kaye La-

holt cracked 255 in his 1st game, Wanda Gallinger bowled 212 and 195, Helen Kolar and Sally Drew, both of Off Centre came through with 202 and 210 in the second game. Cy Gray on broke 700 with a 703 triple while Anna Goddard also helped the team with a 203 game. Heppelle of Shop-Easy says I will take up curling if he doesn't get any better at bowling. Must be getting old Reg. Whitehead started off with nifty 255 game (her first game but not her last) Dot. Even Mike Innasz of the Acme Cleaner team broke 200 with 203 second game.

Any bowlers wishing to go to Winnipeg March the 7th for a tournament please let me know. The bus will leave 6:45 a.m. Saturday and return sometime Sunday afternoon. Should be a gang going by all reports a far.

During the month of September 1935 weekly wages in Canada increased from \$66.58 to \$66.95.

WRIGHT THEATRE SHOWING WEDNESDAY, THURSDAY & FRIDAY EVENING THE GYPSY AND THE GENTLEMAN Melina Mercouri - Keith Mitchell Feature Starts 7:30 and 9:30 p.m. Last Time Tonight: A TALE OF TWO CITIES

LET'S TALK CARS THE WORLD'S MOST ELEGANT CAR

The story is told in car-building circles of an elegant dinner in 1927 when an English lady sat next to the French automobile manufacturer Ettore Bugatti. She remarked to him: "Of course everyone knows you make the finest racing cars in the world, but for a town carriage of elegance, one still must go to Rolls Royce."

Bugatti was enraged. He went back to his factories in Alsace-Lorraine, where he ruled like a feudal baron, and set about to make the world's most elegant car. It was the Bugatti La Royale - which cost \$30,000 for the chassis alone, the coachwork was extra.

It had a wheelbase of 14 feet, two inches. From the windshield to the radiator cap measured exactly seven feet.

But 1929 came soon after and Bugatti made only seven of his elegant monsters that could ride dead smooth at three miles an hour or speed at 125.

One that was owned by King Alfonso of Spain, had a \$13,000 convertible body added to it. During the war, a man with a knowing eye found the car in a New York junkyard and bought it for \$350.

That was probably the world's greatest used car bargain and not, I'll admit, the sort of thing you'll find at our place. But our prices are the lowest, and it's good to remember that the price you pay for a used car is not only the price at the lot but also the money you spend for repairs. That's where our tested used cars score, because every car is gone over by our best mechanics before it ever sees the lot.

## Announcements

The Ladies' Auxiliary of St. Joseph Hospital wish to thank all who helped to make their Valentine Tea such a great success.

Prize Winners on the draw were:

1st - Mrs. Forester, 1st Street N.  
2nd - Mrs. Rosset, Kenora.  
3rd - Mrs. E. O'Flaherty, 1st St. S.

## Lady Foresters Install Officers

The Lady Foresters, Court Emerald, here at Kenora have been quite busy in the New Year. In January their new officers were

installed at a very impressive ceremony with Brother's Clark and Cook from Dryden, Ontario officiating. The travelling prize for January was won by Sister Ila Zroback.

In February, bedding and linens were sent to the Queens on the West Highway after their unfortunate fire. Travelling prize was won by Sister June McIlash. The Valentine Coffee Break and Bake Sale held at the Kenricia on the 14th of February proved a very profitable adventure. Many nice compliments was paid to Sister Teena Cherwak on her delicious donuts, which were served along with coffee. Draw for the blankets took place with Mr. Grey drawing the lucky ticket of Miss Gloria Ralko of 1028-9th St. No. Kenora. The flowers from the pouring table were sent to

one of our pioneer citizens Mrs. F. W. Moore who will be ninety years young this July and resides with her daughter at 416 3rd St. North, Kenora.

USE THE CLASSIFIEDS

The two largest tunnels in the western world, each five and a half miles long with an inside finished diameter of 45 feet, run beneath the city of Niagara Falls, Ont., carrying water for hydro electric power generation.

Canada produces excellent cheese which should be a frequent item on the daily menu. It provides protein, vitamins and minerals, and is an economical food which can be served in dozens of pleasing ways.

# All three... all new...

## AND ONE JUST RIGHT FOR YOU!

### CHRYSLER... Wonderful Windsor • Superb Saratoga • Exquisite New Yorker

Now, with the new medium-priced Windsor, there's a Chrysler model to suit almost every new-car buyer. And every Chrysler offers you the ultimate in its particular price class... The unrivalled driving ease of push-button automatic Torque-Flite transmission, push-button heating controls, swing-out swivel front seats, the superb roadability and comfort of the industry's most advanced suspension system. And on the Saratoga or New Yorker you may have new Auto-Pilot, for effortless mastery of that big V-8 power.

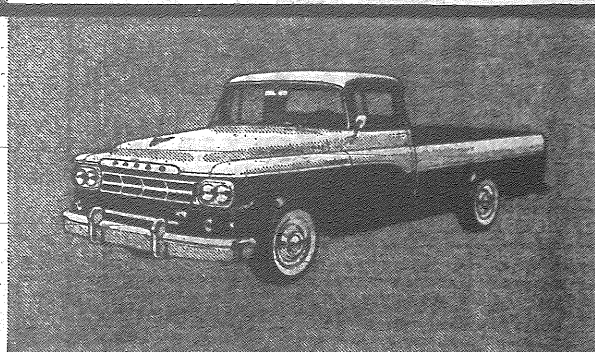

### PLYMOUTH... lively, lovely, new all over!

Look inside, outside, wherever, Plymouth '59 is really new, really different! It brings you features other cars wish they had. New, trend-setting swivel front seats, for instance. Newly improved, smoother-than-ever Torsion-AIRE Ride. New advanced-design "313" V-8 or Econo-Jet 6 engine. New push-button heating-defrosting system. And the marvelous convenience of push-button automatic drive. In every way, if it's new Plymouth's got it!

### FARGO TRUCKS... New Sweptline styling for 1959!

You'll haul more, and look better doing it, in a Fargo Sweptline pick-up for '59! You can choose from three wheelbases, three body sizes, and each holds the most by volume, weight and load length of any pick-up in the industry. Fargo brings you more new features, too, new suspended brake and clutch pedals; new hydraulically actuated clutch; new bigger brakes, to mention just a few. Whatever your job requires, from 4,250 lbs. G.V.W. to 65,000 lbs. G.C.W., there's a Fargo truck to do it best!

TAKE YOUR PICK...TAKE A REVEALING DEMONSTRATION DRIVE TODAY!

**Around Town**

Mr. and Mrs. T. Leroux and Mr. and Mrs. L. Michal motored to Winnipeg last weekend to attend the wedding of Mrs. Michal's sister, the former Jacqueline Sigurdson to Mel Stevens of Calgary, which took place at St. Patrick's Church on the 14th of February. During their stay in Winnipeg Mr. and Mrs. Leroux and Mr. and Mrs. Michal were the guests of the Marlborough Hotel.

**PROMOTION REVIEWED**  
Robbie Smallwood, I.A.C.'s popular Kenora branch manager, today is walking around with a record player and several folders. The unusual aspect of the item concerns the manner in which Robbie is demonstrating to dealers his company's latest promotion. The folder contains a record on which I.A.C.'s commercials, are cut which are to be aired over Radio Station CJRL in the near future.

Miss Eunice Eisenbraut of New London, Wisconsin is spending a two week's holiday visiting her brother and sister-in-law, Dr. and Mrs. C. A. Eisenbraut. Miss Eisenbraut recently retired from the post office department at New London, after forty years service. She states that she is very much in love with Kenora and this district and she hopes to some day make her home here.

**BIRTHS**

**McGUFFIN** — Debbie McGuffin is pleased to announce the arrival of her baby brother Dennis Allan on February 10th at the Concordia Hospital, Winnipeg. Weight 7 pounds 2 ounces. Proud parents are Pat and Mel McGuffin.

**SAUNDERS** — Carl and Joan Saunders, 213 Peter Street, Donkirk Heights are extremely happy to announce the birth of Carl's baby brother Earl Gordon at 12.15 p.m., February 14th, 1959 at St. Joseph's Hospital. Weight 8 pounds, 6 ounces. Many thanks to Dr. Bryngelson and hospital staff.

**HUDSON** — Pat and Lyle Hudson are happy to announce the birth of their son Bruce Michael on February 9th, 1959 at St. Joseph's Hospital. Weight 6 pounds, 11 ounces. Many thanks to Doctor Baker, the Sisters and staff of St. Joseph's Hospital.

**HEALTH UNIT REPORTS 23 NEW CASES OF JAUNDICE DURING JANUARY**

The regular monthly meeting of the Board of Health was held on Thursday, February 12th, 1959 at the unit offices, Kenora. Dr. R. J. Whelan, president and the following members were present: Dr. R. D. P. Eaton, Medical Officer of Health; Mrs. J. E. Turner, Government Representative; Mr. J. Forbes, Keewatin Representative; Mr. E. W. Byers, Jaffray Representative; Mr. S. Houghton, Kenora Representative; Miss Hazel K. Wilson, Supervisor of Public Health Nursing and Mr. D. H. Lemoine Senior Sanitary Inspector were also in attendance.

The following report was presented:—

**IMMUNIZATION**

Good attendance was experienced at all regular preschool clinics. The announced release of quadruple vaccine for use in preschool immunization will mean that this material will be available for use in our clinics from the beginning of February. This will cut the number of visits needed for primary immunization back to the same as it was before the advent of polio vaccine, i.e. 4 instead of the present 6 or 7.

Furthermore it will greatly simplify record-keeping and from all points of view this is an extremely welcome development.

In the age groups other than preschoolers, individual dosage of Diphtheria and Tetanus antiven varies greatly with age so that it is not possible to combine this material with polio vaccine. School age immunizations will then remain as two separate inoculations.

The incidence of Infectious Hepatitis in the Kenora-Keewatin area has dropped a little during the month though 23 new cases occurred during January.

There has been some increase in number of notified cases from the Dryden area. Sporadic cases are still being notified from Red Lake.

School Booster Immunizations were completed in the Red Lake schools at the latter end of the month. At the time of this visit the opportunity was taken to see the new sewage disposal unit at the Red Lake Inn. This is a first class installation and the manager is justly proud of it.

It appears that the system, which basically was designed in this office has evoked considerable interest from visitors from

across the province. The new disposal plant at the Hospital also appears to be working well and is a credit to those responsible.

The new separate school at Red Lake is a very fine building and is in use. At present some difficulty is being experienced with the water supply which is an above ground line. This can only be settled with the advent of warm weather.

The St. Mary's Indian School remains at fault throughout the month. For most of January effluent from a break-out in the north part of the field coursed down the bank and onto the lake ice to form a deep frozen mound below the boat-house.

For the rest of the month, when the northern part of the field was closed off, effluent appeared in the contour ditch and the south half of the field whence it made its way under the snow towards the lake in the same place that it ran most of the early fall, (i.e. close to the base of the water intake crib for the school).

The Rabbit Lake Home and School Association was addressed on the subject of Infectious Hepatitis.

REDDITT

By Mrs. F. Ferguson

Mrs. S. Anderson and son Bob were in Redditt over the week end.

Mr. Wallace Mulholland of Winnipeg was a visitor Saturday at his grandparents, Mr. and Mrs. Geo. Mulholland. Wallace is in the Airforce.

The Ladies Auxiliary R.E.S.L. will be holding their monthly meeting Wednesday evening Feb. 18th at 8 p.m. in the Legion Hall.

The Women's Institute Bingo which was held Friday evening Feb. 13th in the Legion Hall, was well attended.

Mr. and Mrs. Harold McDonald and daughter of Jasper spent an evening with Mrs. McDonald parents Mr. and Mrs. O. Neuert also visitors were: Mr. and Mrs. F. McDonald of Transcona, Mr. and Mrs. Geo. Mulholland. All were returning from Sioux Lookout, after attending the funeral of their brother the late Pat McDonald.

MINAKI NEWS

We all wish a speedy recovery to Mrs. Ed Buckler who is a patient in Kenora General Hospital.

Mr. and Mrs. Buman and baby have come from Foleyet to take up residence at the Boy headquarters as the former is the new manager.

On Saturday the Minaki Community Club held its annual meeting in the hall. Individual tables were decorated with red hearts on white cloths. A large crowd was present from 6 p.m. The president, Mr. Bob Scott, presided for the business session. Lengthy discussions took place on these important subjects. Formation of a curling rink, efforts to obtain a suitable site for a garbage dump and the impending completion of the Minaki road.

Reports were given by the secretary, Mr. John Robb and the treasurer Mrs. Jim Kastner. The new officers took their places following the election: Pres. - Mr. George Primrose Secty - Mrs. Michael Lastuka Treas. - Mr. Buman Vice Pres. - Mr. Bill Sigurgeirson.

Mr. Elmer Reid is chairman of the curling committee with his helpers Messrs. Henry Stone, Bill Sigurgeirson, Jim Hamill, Ed Buckler and Jim Mason.

Everyone enjoyed the Boston baked beans and ham supper and a great deal of credit is due to all the servitors and all who helped prepare the event.

The show "Shane" was the final number on the lengthy agenda.

New Uses For Natural Gas Being Studied

Infra-red rays and natural gas may combine to create a "heating revolution" in the pulp and paper industry.

That's the opinion of Northern Ontario Natural Gas Company Limited industrial engineers, who are studying new uses for natural gas in mines, mills and factories through the Northern area served by the Company.

A new type of space heater, which uses natural gas to produce infra-red heat rays, may have wide application in Northern Ontario's pulp and paper industry, they say.

The heater could be used for keeping large plant areas with high ceilings comfortable, where other heating methods would be unsatisfactory.

Infra-red heaters would warm the floor and walls, which would

in turn raise the room temperature to a comfortable level.

Some plant areas are so large that forced-air space heating is impractical. According to NONG Industrial Sales Manager R. R. Colpitts, the infra-red heating technique would be effective, no matter what the size of the plant area involved.

The heating units utilize a newly-developed ceramic catalyst material which converts the heat given off by the gas flame into infra-red rays.

NONG engineers are also investigating a direct-drying process for pulp and paper. Normally, steam is used in paper mills for this purpose, but in many cases, it may be possible to pass the paper sheet directly over an open flame, for more rapid drying.

Northern Ontario Natural Gas already supplies the new fuel to every major pulp and paper mill in Northern and Northwestern Ontario. Gas is used as a conventional fuel to produce steam used in the pulp and paper manufacturing process, and to fire lime kilns.

In 1958 federal government revenue on sales and excise taxes collected at the factory on Canadian-made motor vehicles was \$134,228,159.

Some comparative world steel production figures for 1958: Canada produced 4,359,000 tons (maximum capacity, 6.3 million tons); U.S. produced 85,000,000 tons (capacity 140 million tons); U.K. produced 18,902,000 tons (capacity 23 million tons); West Germany produced 23,000,000 tons (capacity 24.5 million tons); U.S.S.R. produced 60,000,000 tons, her full capacity; China produced about 10,000,000 tons, her full capacity.

A visit was made to Nestor Falls during the month to meet people in the District and become familiar with the territory.

**SANITATION REPORT**  
Food Control - Routine inspections of eating establishments in the area were made by Mr. L. Hakenson and Mr. H. Pitt. There were 36 restaurants visited with 60 swab tests taken on eating and drinking utensils. One sample was reported positive for coliform organism and 8 were unsatisfactory because of high plates. A written order was issued to one operator for correction of insanitary conditions found on inspection. Initial inspections were made of the two eating establishments operating at this time in Nestor Falls.

Twelve swab tests were taken on beverage room glasses and four found to be unsatisfactory. Repeat tests will be taken on this latter group.

**Milk Control** - The local dairies were inspected weekly with 67 samples of milk obtained for analysis with the following results:

	Sat.	Unsat.
Co-op	16	0
Groveside	24	0
Lakeland	13	0
Lucerne	11	3
<b>Totals</b>	<b>64</b>	<b>3</b>

The above results give an average of 96% of the tests satisfactory. All samples were free of E. coli with 3 (from Lucerne) having a high plate count.

Raw milk samples were taken as follows:

Dryden area - 31  
Local (Kenora) - 21  
Rainy River - 46  
Whitemouth - 20  
Total Samples - 118

Of the 118 samples taken 111, or 94% were graded as satisfactory.

**Water Supplies** - There were 50 water samples taken during the month with 17 from municipal or public supplies, 21 from private supplies and 12 from schools. All municipal samples were reported free from contamination and safe for drinking purposes.

The report on the water at the Rabbit Lake School was suspicious. The Chairman of the School Board has informed us that chlorination of the water is intended. The water supply at No. 4 Public School Jaffray is again proving inadequate, with the pupils once more having to use the outdoor facilities. There is insufficient water to use the flush toilets.

One private well was positive for E. coli. Manual disinfection was carried out with good response.

**Sewage Disposal** - Samples of the treated sewage effluent from the Red Lake Inn were collected for analysis. A broken chlorine feed line had to be replaced here.

Inspections were made of the proposed sites for the new Consolidated School District at Oxford. Seasonal conditions made selection difficult, but it is felt that the property of Mr. John S.

Corner would make the better site for both water supply and sewage disposal.

Sewage disposal at the St. Mary's School (Indian) continues to violate the Public Health Act with sewage surfacing, breaking through the sides and running down on the Lake of the Woods. Refuse Disposal - The refuse disposal grounds at Sioux Narrows and Nestor Falls were inspected and found to be well maintained. There has apparently been some controversy in the past as to the location of the Nestor Falls dump. The site appears to be ideal and it is certainly well maintained at this time. It is difficult to determine the Public Health aspects of this dump now due to snow cover. The dumps will be checked more thoroughly in the Spring.

Business lanes and disposal grounds were inspected on a routine basis.

**Housing** - One dwelling, damaged by fire was placarded as unfit for human habitation during the month.

**Interviews** - There were 45 persons interviewed concerning Sanitation matters and problems.

During January all shippers to Kenora were sent records of last years reports, and suggested improvements were made where required. Eleven shippers were advised that their record must be vastly improved if they wish to continue shipments in the future. All shippers were reminded of adequate cooling facilities required for the warm period of 1935.

Three farms were visited in connection with mastitis problems.

Several inquiries were received re rabies. No positive cases were investigated locally.

**Summer Courses Urged For Bright High School Pupils**

Summer courses as a means of preparing bright students for university work were recommended by Dr. C. C. Goldring, former Toronto director of education, in his address to Toronto secondary school teachers.

If a small group of select students took a summer course of five weeks, two hours each morning, and were taught by an outstanding teacher, "they would be well prepared to do work of very high quality in their grade 13 course," Dr. Goldring said.

He emphasized that the summer course should be related to the work they intend to follow in university.

Dr. Goldring said there is justification for spending as much effort, money, and thought on education of the bright pupils as we spend on those at the other end of the scale.

"In a new grade nine class there is probably a spread of from five to six years in the mental age of the pupils, Dr. Goldring said. "Under such condition, we can not honestly expect all to profit from class instruction."

Based on their elementary school records they could be segregated into groups according to their ability but parents with children in the low groups could cause trouble, he said.

"Our Canadian philosophy of life strongly supports the idea of the same opportunity for all pupils rather than equality of opportunity in terms of ability. We need to emphasize to the public the latter right of each child," Dr. Goldring said.

## ORIGIN OF PLACE NAMES

Marjory Beilamy reports on the origin of another "place name" in the district. The following story is one that was told to her by Canon Maurice Sanderson, now a guest at Pinecrest.

The name White Dog is one that has been known in the district for a long time, but brought into more prominence in the last few years on account of the Hydro development of the White Dog Falls on the Winnipeg River, a few miles north of Minaki.

The name originated with the Indians, generations ago, and the story, how it came to be called White Dog, that is the place, not the falls, was told Canon Sanderson by an old Indian now long since dead.

The Indian reserve of White Dog is situated on the Winnipeg River, and at a point where the village begins, the river takes a bend. Just about where it straightens out on its northward course, and on its east side, a small river flows out of a lake about a mile away, into the river. At the point where the rivers meet, and in the west side, stands a large boulder, roughly shaped into a point at the top. On the south bank of the small river where it joins the Winni-

peg River, the ground rises gradually back until it reaches a level higher up.

It was on that slope that the Indians were camped for their fall ceremonial feast and dance. Early one morning before the camp was astir, an old man got up and stood outside his birch bark wigwam. As he stood surveying the surroundings, he thought he heard the distant howling of a dog. When he turned to look in the direction from which the sound came, he saw (so the story goes,) a white dog sitting on the top of the boulder across the mouth of the river. He stood and watched the animal, which several times, pointed its nose into the air and howled. When it turned its head and saw the man, it slipped into the water and disappeared. Such is the story.

One has to understand the way of thinking of the natives of those days, imbued as they were with fables and legends, to imagine the impression that that sight (or what he thought he saw) made on the old man.

The place was called Wah-puh-sim by the Indians ever since. White Dog is the English translation of the Ojibway word Wah-puh-sim or as the Indians more commonly called it, "Wah-puh-se-moong." - The Place of the White Dog.

Another thing about that game boulder is that there is Indian picture painting on it; but it can only be seen plainly from a canoe, as the rock stands in the water.

White Dog is the name given to the place at which the Indian reserve is situated. It was called that long before the treaty with the Indians was made, and they chose the location for their reserve.

There is an Anglican Mission at White Dog, founded a hundred years ago or more, and called the Islington Mission. In those early days, the Missionary work of the Anglican Church in this western part of the country, was supported and carried on by the Church Missionary Society in England. Their training college in England for missionaries is called Islington College. Perhaps it was for that reason the Mission was called Islington.

When the treaty with the Indians in these parts was made, the Band was called after the Mission - "The Islington Band," but the reserve is called White Dog Reserve.

Dryden Chamber Of Commerce

(Continued from Page 1)

all: C. Binder, past president of the Port Arthur Chamber and publisher of the News-Chronic; Sam Shaffer, president of the Port William Chamber of Commerce; Mel Hunter, manager of Twin City Gas; W. A. Geary, pre-

sident of the Red Lake Chamber; S. E. Ostlund, president of the Sioux Lookout Chamber; Grville Weiblen, president of Superior Airways; E. G. Charnock, chairman of the joint Lakehead transportation committee; Charles Holland, Winnipeg, Dryden Paper traffic manager; Bert Brown of English River; Ted Scott, president of the Ear Falls Chamber; John Andrews of Port William; Gordon Craig, Twin City Gas sales manager; F. E. Sider, Kenora district forester, Fred Cox and John Chapman of American Marsh Pumps, Stratford, Ontario; G. W. Gwynn, general superintendent, CPR, Kenora District; H. C. Phillips, CPR, District Industrial Agent.

## Women Of Moose Held Chapter Nite

Women of the Moose Chapter 785 held Chapter Night in the I.O.O.F. Hall, February 8 with Senior Regent Mary Saunders presiding. The following pro tem officers were appointed: Jean Fontaine as Jr. Grad. Regent, Cora Dowdell as Jr. Regent, Vi Wyder as assistant guide and Eva Thompson as pianist.

The meeting opened with usual procedure following which Mrs. Lavona Camire was initiated as a member of the lodge.

During the business session, Mrs. Vi Wyder was made convener for securing ladies to help at teen canteen. It was moved that all ladies were to wear ritual dress every chapter night. Members were asked to bring left over wool to the next meeting.

The next meeting was set for February 27th. In future all business meetings are to start at 8:00 p.m. and all chapter meetings at 8:30. The meeting then adjourned and a social hour followed.

Every youngster should pay his first visit to the dentist by the age of three, since many children already have cavities at that age.

## MAY BE OPEN SEASON ON KIDS

SAULT STE. MARIE, ONT. — Should children be seen and not heard?

"That's what officials of the Ontario department of Lands and Forests here are wondering after making a routine phone call to a local home to inquire whether the owner had returned a census card

issued when he took out a moose hunting license.

"Daddy's out hunting deer," replied a small boy when asked where his father was.

"Now stop fibbing. You know perfectly well your father is out hunting rabbits," a woman's voice reprimanded in the background.

The deer hunting season ended in November.
