HEALTH UNIT REPORTS

SCHOOL IMMUNIZATION PROGRAM COMPLETED

The regular monthly meeting of the Board of Health was held on Thursday, April 9th, 1959 at the unit offices, Kenora. Dr. R. D. Whitaker presided and the following members were present: Dr. R. D. P. Eaton, Medical Officer of Health; Mrs. J. E. Turner, government representative; Mr. J. Forbes, Keewatin representative; Mr. S. Houghton, Kenora representative; Mr. E. W. Byers, Jaffray Melick representative; Mr. W. Trow, Balmertown representative; Miss Hazel K. Wilson, Supervisor public health nursing; and Mr. D. H. Lemoine, Senior Sanitary Inspector, were also in attendance. The following report was presented:

School and Preschool immunization has continued throughout the month. All schools are

now completed with the exception of those in the Dryden rural area, scheduled for early in April.

Adult polio immunization on a mass scale which it was intended to start during this month had to be again postponed because needed equipment failed to be delivered. This programme will be instituted when the required equipment arrives.

Influenza has been rampant in the district throughout the month causing considerable absenteeism in some schools and a much higher than usual absentee rate from work in adults. The type has in general not been severe, and most of those affected have been away a few days only. This is in keeping with the known habits of the epidemic which has been sweeping the N. American continent.

Incidence of Infectious Hepatitis remains high in the Kenora area. A few cases have occurred again in the Keewatin area after the disease appeared temporarily, to have died out there.

A severe out-break of communicable disease occurred during February and March in the Quibell school. Over 70 illnesses due to communicable disease occurred in a six week period in a school of about 110 pupils. Mumps and Scarlet Fever accounted for approximately two thirds of the illnesses.

The senior staff of this unit attended a district meeting in Fort William. At least half of this meeting was devoted to the topic of Alcoholism and the role of the Alcoholic Research Foundation in the fight against this illness in Ontario.

The Director took the opportunity to visit the Fort William Sanatorium and see most of the patients hospitalized from this area.

The general tuberculosis picture in this whole North Western area was also discussed with the Sanatorium staff. These visits are valuable and it is unfortunate that, Fort William being so far away, they must always be made as an adjunct to some other business.

All three sanitarians attended the continuation school at the University of Manitoba. This unit is extremely fortunate in being able to take advantage of this federally sponsored in-ser-

vice training scheme in our neighboring province and we are greatly indebted to the Provincial Department of Health in Manitoba for their annually repeated hospitality.

VITAL STATISTICS

Births:
Kenora - 29
Others - 42
Total - 71

Deaths:
Kenora - 8
Others - 6
Total - 14

Communicable Diseases:
Chicken Pox - 9 (Kenora 9)
Infectious Hepatitis - 35 (Kenora 35)

(Continued on Page 12)

Another Lucky Dollar Put In Circulation

Up until five o'clock today, three lucky "Travelling Dollars" are making the rounds of local stores. Two of the bills were circulated Tuesday and Wednesday, the third one making its appearance today. Thursday's bill bears the serial number

IL - 3288427 and will be honored up until 5:00 p.m. Saturday.

Holder of this lucky dollar must present it to any member of the staff at Radio Station CJRI, where they will receive a \$5.00 credit note, good at any store with Hawaii on the door.

Wednesday's lucky dollar numbered IL - 3179611 is redeemable up to 5:00 p.m. Friday and Tuesday's bill numbered LA - 1058429 is good till 5:00 p.m. today.

LOCAL CAFE ENTERED LAST NIGHT

Town Police report that at approximately 9:30 Wednesday evening, unknown persons broke into the Panda Cafe. Entry was gained by forcing the kitchen door. Police are investigating.

IF YOU HAD THREE WISHES?

If you could have three wishes granted, but with the warning that they might be tagged with a curse, what would you do? What John White did is revealed in "The Monkey's Paw," a one act drama which the Kenora Little Theatre will present at the High School Auditorium on Tuesday and Wednesday evenings, April 21 and 22 at eight p.m.

Charles Coward, the hard working director, has a seasoned group in his cast which includes John McKeown, Julia Cowey, Michael Williams and Bruce Stewart and Robert Bourgeault, who is well known to Kenora audiences. His last appearance having been in this year's Festival winner, "The Maker of Dreams."

"The Monkey's Paw" had a great part in bringing the one act play into its present position in the theatre world as a vivid form of dramatic art. The short play was formerly used to open the program so that the late diners and stragglers would not interrupt the main offering. "The Monkey's Paw" was written for a curtain raiser, but the management was surprised to find that the theatre was employing as soon as its performance had been given.

The Little Theatre's full evening will include a ballet program by Nenad Lhotka, internationally known dancer and choreographer, Jill Alis and Cheryl Hurley, and the one act play, "The Dear Departed."

C.P.A. UNVEILS SUPERB NEW AIRLINE SERVICE

By STUART KING

Monday, April 13th marked the opening of a new era in the colorful and distinguished story of Canadian Pacific, when one of its superb Bristol Britannia transcontinental passenger aircraft flew from Vancouver to Montreal with its first quota of passengers. Some 60 fortunate radio, newspaper and television personnel were guests of Canadian Pacific Airlines on the inaugural flight of the tremendous 100 passenger ship in a flight which set a new high standard in air travel. Traditional Canadian Pacific service plus Canada's largest, smoothest aircraft combined to eliminate distance and transform travel into sheer delight on the 2400 mile coast-to-coast flight, which was covered in less than the scheduled 5 1/2 hours of flying time.

The Empress of Hong Kong left Vancouver at 10:00 a.m. with some 35 Alberta and B.C. guests aboard, while Saskatchewan, Manitoba and Northwestern Ontario writers were gathering in Winnipeg. Fully a half hour before its scheduled arrival time of 3:25 p.m. the giant airliner was over the Manitoba capital where another 25 fortunate members of the press (gentlemen and ladies) were welcomed aboard.

Captain Randall and the other 13 crew members, wasted little time in demonstrating why Canadian Pacific is the world's greatest travel system. The Britannia, requiring no warm-up, wheeled swiftly onto the runway, and without pause, was airborne. The swift rate of climb quickly set the earth 23,000 feet below, with effortless ease. The Captain announced soon after take-off that Kenora was directly below and while 3 stewards and 2 hostesses demonstrated the fact that CPR chefs are still the world's finest, the Lakehead cities appeared below. The 409-miles-per-hour-plus soon placed the Empress over North Bay, and while coffee cups were being cleared, the lights of Montreal stretched in all directions, below.

The return flight from Montreal was made yesterday afternoon. The flight from Dorval airport to Toronto was made in about 60 minutes, and after a 15 minute break, the trip resumed. The touch-down at Winnipeg, 857 miles from Malton was made much faster than the scheduled time of 2 hours and 35 minutes. Reluctantly returning writers from this area bid goodbye to the Britannia and their friends, from the far west, who still had 1170 miles and 3 hours of flying ahead of them.

Mr. N. R. Crump, president of Canadian Pacific and many other senior officers acted as guides and hosts for the visitors, both in Winnipeg and at Montreal. Aboard the Britannia were members of the Company's fine public relations staff, explaining the many features which have been incorporated in what is unquestionably the finest aircraft

in Canadian domestic service today. The general public will be given the opportunity of utilizing this service May 4th when Canadian Pacific begins daily east-west flights.

Some statistics of general interest (Continued on Page 8)

Spivakovsky Duo To Present Overture Concert, April 23

The first appearances of the Spivakovsky Duo mark one of the most unusual events of the coming concert season—the reunion of two far-flung members of a noted musical family for the first time in twenty-five years during which span each has attained eminence in his own field and in different parts of the world. They will appear in Kenora on Thursday, April 23 to present the last concert of the current Overture Concerts for Kenora and Keewatin.

Tosy Spivakovsky, one of the foremost violinists now playing before the public, and his brother Jascha Spivakovsky, a leading pianist of Australia, combine for a limited period here in the spring of 1959, to offer a joint program of violin and piano masterworks.

Jascha Spivakovsky, Russian-born and Berlin-educated, has during many successful tours of Europe, played under Nikisch, Richard Strauss, Furtwangler, Sir Malcolm Sargent, Knappertsbusch, and other leading European conductors. He made his New York debut ten years ago, and then returned in 1952 for performances as soloist with the San Francisco Symphony under Pierre Monteux, which were acclaimed by the San Francisco News as "exciting discovery" the same newspaper adding, "It was a real pleasure to hear him, and the crowd gave him a big ovation." The pianist is now settled in Australia, where he gives frequent tours and has been associated with the Australian Broadcasting Commission.

Tosy Spivakovsky has been a leading figure on the concert stage ever since his sensational American debut in 1943, introducing the Bartok Concerto, with the New York Philharmonic. SYMPHONY. TIME Magazine has named him "one of the most brilliant violinists alive." England was the scene of Mr. Spivakovsky's latest triumphs, when he recently made his London debut in recital and with the London Philharmonic—the Times hailing him as "a master violinist."

Messrs. Tosy and Jascha Spivakovsky have put aside a five-week period, after Easter, in 1959, for their first tour in joint concert.

Rideout Community Club Close Season With Windup Dance

The Rideout Community Rink closed a very successful season with their wind up dance at the Legion on Friday, April 10th. A large crowd thoroughly enjoyed themselves. During the evening there were two spot dances, the prizes being donated by the Club's representative Ted Dunford. The winners were, Miss Audrey Kirkowicz, and Mr. Bill Kerr, Mrs. Dolly Hancock and Mr. Clarence Farrell. The door prizes, also courtesy of Carling's, were won by Mr. Frank Creve and Mr. W. Dubenski.

The draw for the winners of the Rideout Athletic Association Raffle was made at the dance by Mr. Bill Kerr. The winners were—1st prize of \$30.00, Mr. Jack Arron of Safeway Stores, Main Street with ticket no. 04173; Second Prize of \$20.00, Mr. Lloyd Patterson of Plumus, Manitoba with ticket no. 01175.

The president and executive of the Rink wish to thank everyone who helped to make the dance and raffle such a success. A special "thank you" to the Teenage Club of the Rideout who did such a good job of selling the raffle tickets.

REDDIT

By Mrs. F. Ferguson

The Ladies Auxiliary B.E.S.L. held their regular monthly meeting April 15th in the Legion Hall with 12 members in attendance.

The meeting opened with O Canada, Roll Call and Secretary's report, Treasurer's report followed.

A splendid report was given by the sick and visiting committee. A letter of thanks from the Redditt School Board was read in regards to the lounge and chair which the Auxiliary ladies had donated to the school.

A donation of money is to be sent to the Cancer Fund.

Travelling prize was won by Mrs. B. Maki. The meeting then closed with the retiring of the colors and the Queen.

Mrs. McGowan then served lunch, a pleasant half hour was spent over the tea cups.

The curler's banquet was held Monday evening, April 13th and everyone reports a very nice evening with dancing enjoyed. During the evening two lovely

trophies were presented to two very surprised men for their outstanding work at the curling rink during the winter. Mr. E. Mason and Mr. J. Mahoney respectfully were the men honored.

Mrs. Ferguson reports that spring is here since her crocus are in bloom and have been since April 14th. Also pansies in Mrs. H. Rowland's garden.

Mr. and Mrs. W. P. Duggan leave Friday morning, April 17th to spend some time with their daughter and son-in-law, Dr. Stewart and Mrs. Stewart of Victoria B.C. and grandchildren.

Mr. J. G. Gole of Richan, Ont. is visiting with his son and daughter-in-law, Mr. and Mrs. L. Gole and children.

Mr. Len Young of Transcona was a visitor this week in Redditt, motoring down Monday.

Mrs. W. Mulholland's many friends wish her a speedy recovery. Mrs. Mulholland is a patient in the St. Joseph Hospital, Kenora.

The Virginia opossum, occasionally found in southwestern Ontario, carries its young in a pouch like the kangaroo.

"NOTICE OF BILL OF SALE"

"The Canadian National Railway has for sale at Amesdale, Ontario, approximately 175 cords of Jackpine pulpwood. This pulpwood is in 100 inch lengths and located on the ground on the site of our quarry, south-west of Amesdale station. Stumpage payment of \$2.15 per cord has been paid to the Ontario Government by the Railway.

Bids will be received by the undersigned for the purchase of this pulpwood on an "as is" basis on the ground at Amesdale, up to April 28th.

Payment to be made on the basis of scale tickets to be supplied by the Dryden Paper Co. who have signified their willingness to purchase the pulpwood and who will hold back the tendered price for payment to the Railway.

Should purchaser sell to any other Company, similar arrangements are to be made.

Pulpwood to be removed from site within two weeks of acceptance of tender (road bans permitting).

"The highest or any bid not necessarily accepted."
J. D. Kelly, Division Engineer.

The supervisor of Nursing attended the Area Conference of Public Health Personnel in Fort William on March 9th, 10th.

SANITARY REPORT

Food Control:
There were 17 routine inspections made of eating establishments in the Unit area with operational procedures being corrected as required. Swab tests of eating and drinking utensils were taken in two restaurants. The Pine Tree Coffee Shop in Dryden is being renovated inside. The new management here has improved operating standards.

Milk Control:
The local dairies were inspected weekly with 78 samples of milk taken for analysis with the following results:-

	Sat.	Unsat.
Co-Op	17	2
Groveside (Dryden)	24	0
Lakeland	16	1
Lucerne	15	3
TOTALS	72	6

The above results give an average of 92% of the samples being satisfactory. Two samples were reported as containing E. coli and 4 had high plate counts. Raw milk samples were taken from producers shipping milk to Lakeland and Co-Op Dairies for a total of 82 samples with 96% being satisfactory. Samples from the producers in the Dryden area were not taken.

Sewage Disposal:
Septic tank effluent from the St. Mary's Indian School continues to break through the disposal field and course its way into the lake. The Grand Jury reported similar findings in March.
Refuse Disposal:
Routine inspections were made of refuse disposal grounds in all municipalities. Clean-up of business lanes in Kenora is well under way and will be completed when the ice and snow loosens its grip on the scattered debris.
General:
A meeting of the Kenora Public school caretakers was attended and an address given on school sanitation.
During the month the Unit inspectors attended a refresher course at the University of Manitoba, with lectures heard on water supplies, swimming pools, milk sampling, air pollution, sewage lagoons and many other subjects.
Interviews:
There were 30 persons interviewed concerning sanitation matters and problems during March.
Veterinary Services:
During March samples were submitted from three farms for Lab analysis.
Four local farms were visited re: milk house construction and cooler installation. Several others were discussed with Stratton area farmers.
Two suspected cases of rabies were investigated with one submitted to the Animal Pathology Lab. Both were negative.
One pathological meat specimen was submitted, and rejected.

en as the Department of Agriculture had their inspector do the job. It appears that our work in the raw milk field is now complete and this office will no longer be taking or reporting on raw milk samples in the area. The Department of Agriculture has now undertaken this work and the Health Unit will be supervising the processing plants only.

Water Supplies:
There were 30 water samples taken during March with 11 from municipal supplies, 12 from private supplies and 7 from rural schools. All municipal and rural school samples received favourable reports. A complaint was received concerning water hauled by the Norman water truck but repeated sampling of the water taken from the truck gave negative results. The tank and pails were found to be in a clean condition.
A reported case of trench mouth caused an inspection of community rinks to be carried out. Equipment for dispensing drinking water was found to be an open pail with a common drinking cup in use. It would be better for a rink to have no water supply than to use this method of passing along someone else's infection. A covered urn with tap and individual paper cups is needed for drinking purposes at each community rink.

REPORT FROM THE STUDENTS' COUNCIL

By Carole Cameron
On Tuesday, April 14th at 4.05 p.m. the regular meeting of the Students' Council was called to order by our president Ray Wylie. The secretary's report was then given and roll call taken.
RECREATION COMMITTEE:
There will be a high school dance this Friday night, which is sponsored by the Boys' and Girls' Athletic Clubs and also by the Students' Council. With the combined efforts of the three organizations, this event should prove to be a huge success. Doors open at 8.30 and close at 10 p.m., dance starts at 9 p.m. Prices are as follows:
75c per couple, and 50c single. All outsiders must have invites obtained for them through a student in the High School in order to gain entrance to any High School dance.
Dress for this dance is: boys will wear dress shirts and slacks (no jeans allowed); girls will

wear summer dresses or skirts and blouses.
The Boys' Athletic Club is doing the decorating and the Girls' Athletic Club is taking care of the food.
Teachers who are to chaperon have each received invitations for this event.
There will be a door prize and possibly prizes for spot dances etc. So 'kids' be sure to attend our spring dance and enjoy an evening of fun.
Suggestions for different types of dances that could be used would be greatly appreciated.
ASSEMBLY COMMITTEE:
The final Students' Council assembly will be held the last week of May or the first week in June. During this assembly the awards for the point system will be presented and the speeches for the Student Council nominations will take place.
PUBLIC RELATIONS COMMITTEE:
The Students' Council sweaters have been ordered and should arrive within two weeks. These are to be worn by Council representatives only.
Posters, in regard to Friday's dance, have been made and are on display on the bulletin boards.
This committee also was in charge of the teachers invitations which were sent out.
STANDARDS COMMITTEE:
The essay contest will be held shortly.
Also, dress-up day will be held possibly on the last assembly of the year which is to be sponsored by the Students' Council.
NEW BUSINESS:
The Chamber of Commerce is sponsoring a 'Safe Driving Rodeo' which is to be held shortly.
Any boy or girl who has a driver's licence and has not had a car accident in the past six months is eligible to enter. Parents are asked to encourage their 'teenagers' to take part in this event. Prizes are awarded and winners may be sent to take part in other contests elsewhere.
The meeting was then adjourned. That is all the news for this

week but don't forget to attend the high school dance this Friday and to do your share in making this event a successful one.

DARTS

Keewatin Legion continued to lead in the Bynski Trophy league and supplied the top scorer in the person of Bill Anderson with 131. The Sergeants who are supporting the rest of the league increased their score by 24 1/2 points of which the "Reds" got a maximum possible of 18 points (up the "Reds").
Fred Lachapelle and Lloyd Fraser of the Sgt's each distinguished themselves with a lonely one apiece.

SCORES

Keewatin Legion	274 1/2
Kenora Legion	222
Sergeants	208 1/2

How To Handle A Bull Safely!

If your bull is "gentle as a kitten", don't be fooled. Tame bulls are often the ones that kill people, probably because chances aren't taken with those that advertise themselves as dangerous. "A bull is NEVER a safe animal and even those that have been reared as pets occasionally will go berserk," says H. E. Wright, Farm Safety Specialist with the Ontario Department of Agriculture.

If you do have to handle your bull, make it a two-man job. One man walks in front and holds a bull staff that has been snapped into a ring. The other man follows and carries one end of a

In the middle of the ancient city of Rome, there was a sacrarium of Mars, the legendary god of battle, in which his sacred spears were kept. When a war broke out it was the duty of the consul to shake these spears and cry: "Mars, wake up!" If the spears moved by themselves, it was considered a bad omen.

First Time Ever, Frost Asks Rail Rate Cut

For the first time, Ontario is asking Ottawa to grant lower freight rates for the province that feels it is being caught in a squeeze between the prairies and the maritimes.

James Allan, provincial treasurer, economist George Gathercole and Clare Mapledoram, former lands and forest minister, are in Ottawa to support a brief being presented to the railway committee by the Northwestern Ontario Development Association.

In the past, Ontario and Quebec have remained silent on the freight rates issue while vociferous opposition to increases has been raised by the four western and four eastern provinces.

Premier Frost announced the move yesterday after a 10-man delegation from Northwestern Ontario complained about their area's problems.

Rather than grant a 17 per cent. freight rate boost, the federal government two weeks ago announced plans to grant \$20,000,000 to ease the freight rates burden. The task of the Ontario delegation will be to ensure that this province gets a full share of this fund.

"If all or most is granted to

the four western and four eastern provinces," the northwestern men told the government. "The disastrous effect on Northwestern Ontario's economy is obvious. Our growth will be throttled."

Starlet's Career

New York — Jacquely, McKeever, Broadway starlet, is following in the show footsteps of another young, blonde stage-TV performer, Edie Adams.

Both were born in Pennsylvania (Edie in Kingston, Jackey in Catsaqua); both studied at the Juilliard school of music, launched their careers in small night clubs. Edie wanted to be an operatic star, Jackey a concert pianist. Both won outstanding newcomer awards in their first stage shows.

Now Jackey, who debuted last year in "Oh, Captain!" is appearing in the TV production of "Wonderful Town" as the younger sister of Rosalind Russell. It's the role that brought Edie her big Broadway break.

WILL STIMULATE GROWTH: PHILLIPS

5-Man Committee Named For North-west Planning

TORONTO — The Ontario government turned its eyes to the north today as Planning Minister Nickle announced a five-man committee has been set up to investigate every phase of planning in that area.

Mr. Nickle's announcement Tuesday came after he, Premier Frost, Transport Minister Yaremko and Lands and Forests Minister Spooner met a 10-man delegation from Northwestern Ontario.

The north has been divided into two sections for purposes of the planning investigation, with North Bay as the mid-point. This was one of the problems ironed out at Tuesday's meeting.

Mr. Nickle told F. Harry Black, head of the delegation and Northwestern Ontario Development Association president, and Alexander Phillips, general manager, that members of the committee plan to visit Northwestern Ontario in the near future.

The group also put the problems of freight rates and truck reciprocity with western provinces before the premier and his cabinet ministers.

STIMULATE GROWTH

Mr. Phillips said the government's move "will stimulate our economic growth if we can find the formula to use the ingredients of our natural resources."

The planning committee will be chaired by F. J. Lyle, consultant to the department of planning and development. It will include the heads of the four basic

groups in the department: mercantile, housing, Don-ald Taylor, commerce and industry planning; Donald Hollan, Crown, conser-

vation, and Her-

All are included in a program designed to improve problems of housing, industry, fishing, and other facets of prob-

DEVELOP AREA

Frost said the government intends to develop North-

Ontario. Delegation to Queen's Park led a former minister of lands and forests, Clare Mapledoram, Progressive Conservative member for Fort William, and former Minister George Ward-robe, member for Port Arthur. Mr. Mapledoram, Provincial

Treasurer Allen, and economist George Gathercole were to appear before the railway committee in Ottawa today in support of a brief from the Northwestern Ontario Development Association.

BREN SUCCUMBS TO PROGRESS

The Bren machine gun, standby of the Canadian soldier for 22 years, is being scrapped in favor of a versatile Belgian automatic weapon named FN-C1. The army announced that the Fourth Canadian Infantry Brigade in Germany is retiring the Bren in favor of the FN. Still used by the Canadian army in Korea, the Bren, above, was the soldier's delight. It was light, fast, reliable, had an easily replaceable barrel, could be fired from a tripod or the shoulder and never clogged. But its successor, the FN is seven pounds lighter and 100 rounds per minute faster.

BRITISH

SMELLIE — At the Sacred Heart Hospital, Russell, Manitoba, to Mr. and Mrs. Logie Smellie (nee Barbara Kelly of Kenora) a daughter, Jan Maureen, born on Tuesday, March 31st, 1959. Weight 6 pounds, 13 ounces. A wee sister for Kimberley.

There will be a regular meeting of the Lake of the Woods United Services Institute on Friday, April 17 at 8.30 p.m.

The regular monthly meeting of the Lady of the Lake Lodge No. 420 will be held at 8.00 p.m. on Friday, April 17th in the I.O.O.F. Hall.

KITCHEN CLASSICS

TOOTHsome TWOSOME

Some foods have such an affinity for each other that one can almost speak of them in the same breath. Pie and ice cream, pork and beans, bacon and eggs are-but a few of the many dishes that come to mind. A duet that is only slightly less known in Canada is cheese and fruit. In Europe it is almost a tradition to end a meal with them. And their popularity as a quick and always appropriate alternative dessert is gaining many fans in Canada.

This recipe for Cheese and Jelly Rolled Pancakes pairs off fruit and cheese spread in a novel fashion. Large, thin pancakes are covered with flavorful cheese spread and dotted with slightly tart, apple jelly. They are then rolled up and served as a type of French pancake. What a delightful treat for Sunday brunch!

But since they are so easy to make don't just reserve them for special occasions.

CHEESE AND JELLY ROLLED PANCAKES

Yield—about 12 rolled pancakes
1 cup once-sifted all-purpose flour
or 1 1/4 cups once-sifted pastry flour
1 teaspoon baking powder
1/4 teaspoon salt
1/4 cup grains grated nutmeg
2 tablespoons granulated sugar
2 eggs
1 1/2 cups milk
1 tablespoon cooking (salad) oil
Process cheese spread (at room temperature).
Apple Jelly
Sift together into a bowl the all-purpose flour, baking powder,

salt, nutmeg and granulated sugar. Beat eggs well; stir in milk and oil. Make a well in dry ingredients and gradually stir in liquids; beat until smooth, using an egg beater.

Bake batter as large thin pancakes—as they are baked spread each pancake thinly with process cheese spread and dot with jelly. Roll up and keep warm until all of the batter is baked.

Don't Let Him Wear A Sports Jacket

Don't let him wear a sports jacket to the dance, girls. He won't be properly dressed.

The "much misunderstood sports jacket" is not an all-occasion garment, even though so many Canadian men seem to think it is.

Take it from a man who speaks for an organization that makes thousands of sports jackets a year. He is Oscar James, Chairman of the Public Relations Committee of the Men's Clothing Manufacturers Association of Ontario.

One of the tasks Mr. James' committee has set for itself is to acquaint the Canadian male (and female) with what is proper attire for all occasions.

"The male Canadian is killing his sports jacket with affection. He likes it, he's comfortable in it, and so he wears it everywhere. But half the time he is wearing it to the wrong places," says Mr. James.

A dance, party, concert or a Sunday morning in church are no place for a man to be wearing sports clothing. He should be wearing a suit—a dark one if he has it, Mr. James says.

"Sports clothing simply is not proper attire for evening wear," Mr. James said. "There are exceptions, like an evening at the movies, or a casual visit to a friend. But in most cases sports jackets and slacks are for outdoor daytime wear."

There are many people, Mr. James said, who cannot afford more than one outfit. If this is the case then a man is better advised to buy a suit, rather than a sports outfit because "his chances of being out of place wearing a suit are much less."

Women should be more con-

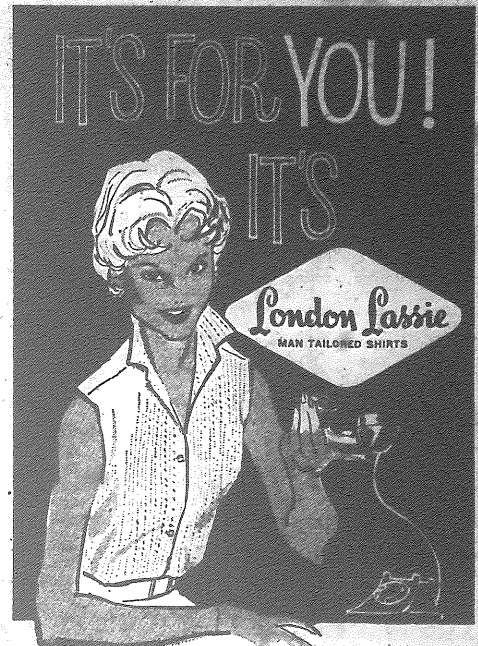

scious of their husbands' dress habits, Mr. James said, because good appearance contributes to success in the business world as well as acceptance in the social world.

After the massacre of General Custer and his regiment the Sioux Chief Sitting Bull and 5,000 of his followers fled north into Canada and lived here for

five years.

Lake Superior, deepest of the Great Lakes, has a maximum depth of 1,302 feet. Our deepest river, the Saguenay in Quebec, has depths exceeding 700 feet.

In the three years 1956-1958 inclusive industry in Canada spent \$7.3 billion on new machinery and equipment.

It's cool, crisp and comfortable. Tailored luxury in a Jacquard little or no-iron fabric. Wash and wear—you'll be debonair at work, at school, at recreation.

This sleeveless style has a convertible collar and is available in pink, white, ice blue and tan.

Sizes 12 - 20.

Only \$2.98 at your favourite store.

Miss Mary Shipway Honored At Shower

On Tuesday evening, March 31st, a miscellaneous shower was held at the home of Mrs. Jack Paul in honour of "Mary" Shipway, whose marriage to "Mr. Gordon" Billings was an event of April 11th at Saskatoon, Sask. The bride-elect was escorted to a decorated chair and presented with a corsage, and many lovely gifts.

Mrs. C. L. Parrott and Mrs. W. Challes presided over the tea cups. Hostesses were Mrs. Jack Paul and Mrs. Paul Wagar. Guests numbered fifteen.

Mrs. J. T. Brett Heads Catholic Women's League

The annual dinner meeting of the Catholic Women's League Kenora Council, was held on April 8th at 6.30 p.m. at the Kenricia Hotel. There were 61 members and guests present. Honored guests were - Reverend N. J. Chartrande, Chancellor of the Arch-Diocese of Winnipeg; Reverend J. A. Mullally, Director of Eucharistic Crusade, Winnipeg; Reverend D. Audette, O.M.I. Director of C.W.L. Kenora Council.

After the buffet meal Father Audette introduced the guest speaker Reverend N. J. Chartrande. Father Chartrande chose to speak on the subject "To Restore the family in Christ". This is the theme of the C.W.L. Diocesan convention which is being held at Fort William May 13 and 14th. He gave praise to this theme as being an excellent one, as both in Canada and the United States more and more emphasis is being placed on family life: a return in thinking to the fact that family as a unit is the basis of society. "As the family goes, so goes the nation and the Church of Christ". At the coming of Christ, family life was at its lowest level than it had ever been in mankind. Christ came to earth in nature as ours to cure society of its ills and also to show society its very basis of family life. Father Chartrande continued - "Matrimony is a social sacrament instituted by Christ for good of the human race. The family is intended by God to be a fundamental unit of society in which we live. Husband is the head of the family, the wife the heart of the family - her work is centered with the family. The children are children of God and should be taught to respect God and parents. Ideal Christian family is one of husband, wife and children who cooperate with God and each other in making others happy.

Every Catholic who ought to know the purpose of family life should influence others by his or her own life. "Restore the family in Christ". Meditate a few minutes, "is my life a truly Christian one" we cannot influence others unless we ourselves are better."

Father Chartrande concluded his talk by saying, "C.W.L. is one of the most powerful forces of good in the church and it is recognized as such by other people and clergy. He further urged the members "to work actively within the community and spread the powerful example of your life to others."

Mrs. A. Fleming in a few well chosen words thanked Father Chartrande for his interesting talk.

At the conclusion of the speech the annual meeting took place with the president Mrs. J. E. Fortier presiding. The president read her annual report followed by the secretary treasurer's, and various convener's reports.

The retiring president, Mrs. J. E. Fortier, expressed her appreciation for the co-operation and assistance extended to her during her term of office.

The new slate of officers elected and installed by the director, Rev. D. Audette are: President - Mrs. J. T. Brett; Vice-presidents

Mrs. Frank Leroux, Mrs. W. C. Hachej, Miss Laura Leroux; Secretary - Mrs. Stephen Swinhon; Treasurer - Mrs. Glen Pennell; Councillors - Mrs. J. N. Davidson, Mrs. L. J. Fortier, Mrs. J. Mettall, Mrs. J. McInnis, Mrs. U. H. Pednault.

Following the installation Mrs. J. T. Brett presided over a short business meeting. Mrs. J. T. Brett and Mrs. Frank Leroux were delegated to attend the Diocesan convention. The membership convener is Miss Frances Dougherty. Mrs. J. McInnis will convene the rummage sale May 16th. Father Audette spoke briefly in expressing his sincere appreciation to the members for their co-operation in all projects. The meeting closed with the League prayer led by the Director, Rev. D. Audette.

C.P.A. Unveils Superb New

(Continued from Page 1)

Interest were outlined. The four great Bristol Proteus power plants are undoubtedly the most unique and the distinctive feature of the Britannia. Housed within a streamlined nacelle, each of these four jet-prop engines develops 4,000 horsepower for take-off. This surge of power is comparable with that of over six steam locomotives, or 80 automobiles.

Essentially, the jet-prop is a turbine engine but instead of developing its entire power, or thrust, from the exhaust of super heated air screaming through the turbine (as with the pure jet) it harnesses most of this combustion energy to a propeller attached to the turbine shaft.

Like the pure jet, this engine is almost completely free from

vibration associated with the "prancing-pistons" or the reciprocating engine. In simple terms, the turbine engine sucks in air, compresses it, super heats it with burning kerosene, then blows it through a fan, or turbine to rotate the propeller.

From the passenger's point of view, one of the greatest advantages of this turbine-powered airliner is its quietness and relative absence of vibration. In these two respects, the Britannia can be said to set an entirely new standard of passenger comfort.

At present, CPA is operating a fleet of six of these model 314 long range Britannias. According to present plans, Canadian Pacific will be flying these aircraft on its entire 34,000 mile overseas route pattern as soon as

possible, to become one of the first airlines in the world to serve all its international routes with turbine-powered aircraft.

The following are a few vital statistics for this remarkable aircraft:

Fuselage length	124' 3"
Wing Span	142' 3 1/2"
Wing Area	2,075 sq. ft.
Height of Tail	36' 8"
Weight Loaded	175,000 lbs.
Fuel capacity	3,486 gallons
in seven tanks	
Range (Full Load)	4,820 miles
Maximum Range	6,450 miles
Maximum Cruising	
Speed	410 m.p.h.
Full Passenger Capacity	112
Engines (4)	
Bristol "Proteus" 4,120 hp each

BLONDIE

DADDY, WILL YOU PICK UP THIS RECORD FOR ME AT THE MUSIC SHOP?

DO YOU HAVE 'BIDDELY BOODELY BOP', BY THE DIZZY CATS?

NO, BUT WE HAVE THAT RECORD BY THE KNUCKLEHEADS-- WILL THAT DO?

I'LL COME BACK-- THIS IS TOO BIG A DECISION FOR ME TO MAKE ALONE

LIL ABNER

GULP!-- I DEPORTED AMERICA'S WORST CRIMINAL TO ROME, ITALY, INSTEAD OF ROME, GEORGIA!!

IF THE PUBLIC DISCOVERS WHAT AN IDIOT YOU'VE BEEN, SIR, YOU'LL BE RUINED!!

HOW CAN WE GET HIM BACK WITHOUT ANYONE KNOWING HE'S BEEN GONE?

AH KIN HELP YO--

YOU?-- A SCRUB-WOMAN? HELP ME-- AN UNDER-SECRETARY OF STATE?

GLAD TO SOBBY--

RUSTY RILEY

BOO!

I'M POSITIVE THAT'S ONE OF THE MASKS RUSTY, WHERE'D THE KID GET IT?

SUREHE FOUND IT.

I'M CALLING THE POLICE-- BAKER.

SURE-- BUT FIRST, COULD MY LITTLE PALS HERE HAVE ANY OF THE LITTLE CONEY-SOPE WONY DELICIOUS?

BUZ SAWYER

WE'VE BEEN MAD, PELLAS, BUT NOW WE'RE BAKING BATS-- A STOVE-WINDOW DUMMNY?

A HOAX!

IT'S A GUY!

FOOY! AND I THOUGHT SHE WAS REAL!

ME, TOO!

WHOSE BUN JOKE WAS THIS?

SAWYER'S! GANG HIM, BOYS!

YEAH!

WELL, THE CASE OF THE BOKER!
