Greek-Orthodox Church To Lay Corner Stone

Members of the Ukrainian Greek-Orthodox Church of St. Vladimir again rejoice in having His Excellency, Dr. Iwan Ohienko, the Metropolitan Ilarion, head of the Ukrainian Greek-Orthodox Church of Canada, visit Kenora on Sunday, June 7, 1959. His Excellency is well known throughout Canada and behind the Iron Curtain. Before coming to Canada, he was active in religious and state affairs, serving as Minister of Education and later as Minister of Foreign Religious Affairs of the Ukrainian Republic. Many years of work he devoted to the translation of the Bible from the Hebrew to Modern Ukrainian. For this service, he was awarded an Honorary Membership of the British and Foreign Bible Society.

In 1957, when Dr. Ohienko celebrated his 75th birthday, the Kenora Congregation financed one of his many historical religious books.

The construction of St. Vladimir Church first began in June 1955 with the turning of the sod and the blessing of the Church site by His Excellency, the Metropolitan Ilarion. Although the Church is still under construction, services have been held in the lower hall since last Nov-

ADJUDICATOR PRAISES CAST, DIRECTOR NAMES LYNNE DUNFORD BEST ACTRESS

A talented cast from the Kenora Little Theatre, Saturday walked off with the top honors in the Manitoba Drama Finals, held at Virden. Competing with eleven plays, which had all been prize winners in local drama festivals, the Kenora group's presentation of "Maker of Dreams", was named best play of the festival and winner of the Free Press Trophy, by the adjudicator Mrs. E. Lloyd Jones of Victoria BC.

Sixteen year old Lynne Dunford also of Kenora, who played the role of Pierrette was named "best actress," of the festival.

Mrs. Veronica Kirk was awarded the scholarship to the Banff School of Fine Arts.

The adjudicator had nothing but the highest praise for the cast, Willard Allan, Lynne Dunford and Bob Bourgeault, and director Julia Cowey. "This play was beautifully done", she said, "it was really delightful, and they kept the mood as light and shimmering as a soap bubble". "How delightfully they played this charming story, I was so carried away, I just sat and enjoyed it and I almost forgot I was to adjudicate", she continued.

She had the highest praise for the cast stating that, "I have no real criticism to offer, you, along with your director have done such a wonderful job." Also coming in for praise was the stage setting. "This was so apropos," Mrs. Lloyd Jones said, and all the hard work that went into the setting paid off, since it helped to create just the right mood.

Miss M. McCulloch who provided the music for the play was also highly commended for her piano playing which the adjudicator said, added so much to the overall enjoyment.

Mrs. Lloyd Jones also commented on the excellent stage deportment of the cast, saying that their voices were very good and could be heard in any part of the theatre and costumes were just right and so colorful.

Concluding her remarks, Mrs. Lloyd Jones, admitted that she had turned off her lamp, half way through the play so that she could just look and listen to these talented people.

The win for the Kenora group was particularly outstanding since all members of the cast are high school pupils and they were competing in the senior division with adults, including an entry

from the Manitoba Teacher's College.

Kenora can be particularly proud of these teenagers for many reasons. They went on stage in a strange theatre without even a rehearsal. The cast didn't have any time left, since it took almost two hours to set up the stage. They did their own make-up, ran around for props etc. They were tired too, having driven almost 400 miles, arriving in Virden at 2.30 a.m. Saturday. It was 7.30 when the cast finished with the stage setting, at eight o'clock, the young players were back on stage complete with make-up and costumes, the curtain went up on schedule.

Miss Joyce Booth and Miss Muriel Bedford deserve a big thank-you. They acted as stage managers for the play and worked like beavers to assemble the props, even to building a fire place which required 3½ hours to construct. Their untiring efforts and ingenuity contributed much in making the play the success it was.

BEHIND THE SCENES

The people of Virden were most kind, helpful and co-operative . . . . Business houses in particular, were most helpful since the Kenora cast needed a basket, some lumber, food etc.; all were gladly loaned . . . Virden has a wonderful old theatre, ideal for drama, stage hands were most helpful and nothing was too much trouble . . . Former adjudicators who have been to Kenora, including Frank Morriss, Will Dickson, Norrie Duthie and Harold Turner were so very proud of Kenora and made a point of congratulating the group, even before the adjudication . . . The win was a popular one and afterwards on the street, wherever the group went, one could hear - congratulations Ontario well done!

No, it has nothing to do with the Birth Rate, it is an event that happens once in a long-long time. We do ask all members and friends to be at the club rooms Tuesday June 2nd for this event also to re-new acquaintances and welcome new members and to make this event one to be remembered for a long-long time.

How about a story, "Do you know what today is?" asked the wife as she saw her husband off to work. Only for a moment was he startled. "Of course I do", he said sweetly. "I remember." To himself he sighed in relief; he had forgotten the date of his wedding anniversary, but now he was determined to correct the oversight. When he returned home that night, he brought his wife candy, flowers, and some jewellery. She was overjoyed. "Now, dear," he said snugly, "you see I did remember what day this is," "Yes, you did," said his wife, "and I want you to know that you have made it the happiest Groundhog day of my life."

All we ask is don't forget what Tuesday night June 2nd, is, it is opening night for 1959, season of bowling. Come and bring a friend, you have everything to live for even to making your fellow members happy. Heard this one? Wife to sick husband: "What do you mean you have nothing to live for? The house isn't paid for, the car isn't paid for, the washing machine isn't paid for, the TV isn't paid for . . . so you see we all have something to live for. So God willing we will see you all Tuesday night. If the world seems topsy-turvey, the reason now is clear, A pillow salesman told me that down is up this year.

Bye for now.

How many people have worried about the education of their children and puzzled to know how they might make sure that their children would get the best possible education regardless where they live or of their financial limitations. Even a genius student who can win scholarships, bursaries and awards for higher education, is all too often stumped by the cost of living away from home to attend universities. We know that such conditions worry and depress parents who have ambitions for their sons and daughters. The Ontario Liberal party has tackled that problem and it is the first point dealt with in our platform which you can read and study by getting a copy at our Committee Room at the Legion. Outlines Functions Of Home, School Associations

"A major function of Home and School Associations is to provide people with a continuing opportunity to obtain information about the role of the home and the school in shaping the lives of children," said Mrs. Winnifred Cropper, Provincial Executive Vice-President of the Ontario Federation of Home and School Associations, during a leadership training course for Northwestern Ontario Home and School officers.

The course was sponsored by the Area A1 Committee and the Community Programmes Branch of the Department of Education. Mrs. H. Foulds of Port Arthur was course coordinator. It was held at the Quetico Conference and Training Centre May 22 - May 24.

Mrs. Cropper, who came from St. Catherines to instruct at the course, told Home and School delegates that all programs should be planned with a direct relationship to the home, the school or the child. She said that unless the interests and needs of the members are considered the association will not serve its purpose.

She listed the three principles of program planning as providing an opportunity for all of the memebrs to share in setting the objectives, share in planning and share in carrying out the work.

Techniques for getting the participation of members were outlined by Mrs. Evelyn Riley of Port Arthur. Some of the methods explained and demonstrated were small group discussion, buzz groups, panels, symposiums, and questionnaires.

Mrs. J. S. Maxwell of Port Arthur and Mr. W. S. Dougall National Film Board representative gave instruction on the use of program aids. Mrs. Maxwell described the literature available from OFHSA and recommended a list of publications. Mr. Dougall demonstrated the use of films as aids in focusing the attention of memebrs of a topic for discussion.

Mrs. A. Thingstad of Fort William, outlined the duties of various officers and the correct methods of chairing a business meeting.

H. E. Thomas and D. M. McCubbin, Community Programmes Branch presented the sessions on review and evaluation.

It was decided that another course would be held at the Quetico Conference and Training Centre next year.

Letter To The Editor

Answer To Boat Owner's Letter To The Editor - Friday's Miner And News.

Boat Owner Thanks Bill Benidickson For Having Creek Dredged

If he must thank someone why not thank the party in power? Why pick on a lone Liberal in Northwestern Ontario? Members of parliament receive $8,000 and $2,000 expenses a year plus free train travel for themselves and family on all trains of C.P.R. - C.N.R., and they have to be thanked for doing their job! Why not thank me, I am not a boat owner and as we never get something for nothing I will have to contribute through taxes for having the Creek dredged.

(Not a boat owner - just a taxpayer).

Letter to the Editor

Kenora, June 1st, 1959

To the Editor:

Recently a letter appeared in your paper signed "Boat Owner" in which all credit for the dredging operations now going on to remove dangerous obstructions from a portion of Laurenson's Creek is given to our local Federal member, Mr. Benidickson.

The writer of this letter does not seem to be too well informed or else he or she would not make this statement.

For years the Chamber of Commerce, town council and other bodies have been asking for Federal assistance in making this creek safely navigable.

Certain futile and money-wasting efforts have been made in late years with primitive equipment to remove hidden obstructions but still complaints were heard of many boats being damaged.

It was not until present federal government took office that District Engineer of Dept. of Public Works was instructed to procure tenders on a dredging operation to completely remove all obstructions and widen existing bottleneck adjacent to Safeway store.

This work is now proceeding in a business-like manner.

The credit for this operation rightfully goes to the Minister of Northern Affairs the Hon. Alvin Hamilton (who was born and raised in Kenora) who used his influence to have this project started.

Giving credit to Mr. Benidickson would seem to indicate that he has been given far more cooperation from the present Government than he got from his own.

Another Boat-Owner.

SEARCH FOR TWO MEN UNSUCCESSFUL

The all-out effort to find the missing American aircraft and its two passengers, lost for a week in the wild country east of Sioux Narrows is continuing today.

RCAF planes, together with additional boats and volunteer searchers are continuing dragging operations in Teggau Lake. Constable George Orosy of the Ontario Provincial Police is directing on the spot operations.

John Forbes Keewatin Resident Died Sunday

John Forbes, well known Keewatin resident for over fifty years, died at his late residence, North Government Road, early Sunday morning, May 31st. Born in Aberdeen, Scotland, February 12, 1874 he was in his 86th year. He received his education in Scotland and came to Keewatin in 1902. He was employed as Steam Engineer for the Lake of the Woods Milling Company for 43 years, retiring in 1946. He was a member of the Keewatin United Church and the Retired Men's Association.

Predeceased by his wife in 1936, he is survived by three sons, Jock, James and William all of Keewatin; three daughters, Mrs. Wm. (Catherine) McLean, Mrs. Wm. (Grace) McLay and Mrs. L. (Elizabeth) Contini all of Keewatin; one sister, Mrs. Christina Smith of Aberdeen, Scotland. Seventeen grandchildren and five great grandchildren also survive.

Funeral services will be held in the Chapel of the Brown Funeral Home, Tuesday afternoon, June 2nd at two o'clock. Rev. A. Dunn of Keewatin United Church will officiate and interment will be in the family plot, Lake of the Woods Cemetery.

Educational Conference Slated For Kenora

"The Role of the School in Society" is the theme of the forthcoming educational conference, which will be held on Friday evening October 2, and Saturday October 3, 1959.

A steering committee consisting of members of elementary and secondary school teachers, trustees and Home and School Council, have been actively engaged in preparing the program for the conference.

Two meetings were held recently, the first of which was attended by Miss N. Hodgins, Secretary-treasurer of the Ontario Teachers' Federation, the parent body of all the elementary and secondary school teachers. Miss Hodgins purposely flew from Toronto in order to assist with the preliminary steps in setting up the program.

Prominent speakers in the field of education are slated to address publicly the open session of Friday evening. Saturday will be devoted to group discussions, made up of delegates of teachers, trustees and Home and School Associations of Kenora, Keewatin, and Jaffray Melick.

It is an obsolete idea that mental illness is something to be hushed up and a matter of shame. Today, it is recognized that illness of the mind is often similar to illness of the body and just as amenable to treatment.

Educational Conference Slated For Kenora

"The Role of the School in Society" is the theme of the forthcoming educational conference, which will be held on Friday evening October 2, and Saturday October 3, 1959.

A steering committee consisting of members of elementary and secondary school teachers, trustees and Home and School Council, have been actively engaged in preparing the program for the conference.

Two meetings were held recently, the first of which was attended by Miss N. Hodgins, Secretary-treasurer of the Ontario Teachers' Federation, the parent body of all the elementary and secondary school teachers. Miss Hodgins purposely flew from Toronto in order to assist with the preliminary steps in setting up the program.

Prominent speakers in the field of education are slated to address publicly the open session of Friday evening. Saturday will be devoted to group discussions, made up of delegates of teachers, trustees and Home and School Associations of Kenora, Keewatin, and Jaffray Melick.

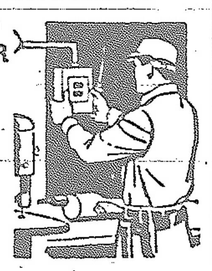

It is an obsolete idea that mental illness is something to be hushed up and a matter of shame. Today, it is recognized that illness of the mind is often similar to illness of the body and just as amenable to treatment.
