## WEEKEND RAINS PLAY HAVOC WITH ROADS

"Water, water everywhere" is the common cry throughout this area since the rains came Friday and Saturday. Almost as much rain fell over the weekend as did in the whole month of June. Actual figures show 3.53 inches of rain for the forty-eight hours compared with 3.57 inches for June.

The rain had disastrous effects as far as highways and camp roads were concerned. Major traffic tie-ups resulted from the washing out of highways 17 and 70 at the junction some twelve miles east of Kenora. Saturday night Highway 17 to Dryden was closed to traffic since large portions of the road were inundated with water, which was undermining grades. Large tractors were being used to haul cars and trucks through up until the highway was barricaded. Sunday the road was open during the daytime with Department of Highways men directing traffic. Repairing of the highway will be held up until the water recedes from the road.

One-way traffic is in force on Highway 70 to Fort Frances. Department crews worked all day Saturday hauling fill to bridge the gap where water had swept a whole portion of roadbed, pavement included right out.

Roads to the hundred of private and tourist camps along the highway both east and west all suffered damage with roads in many cases either being washed right out or covered with water.

Rushing River Park, seventeen miles east of Kenora also suffered from the rain. The river is up about two feet, rushing

(Continued on Page 8)

## Eye Witnesses Trace Path Of Saturday's Twister

"I saw the twister coming a long the back lake at Keewatin. It was about 200 yards away when I first saw it coming down the water. The top was easily as high as the Flour mills and was plenty strong. Without exaggeration I saw it lift a small boat, which was on shore, at least 30 feet in the air and land it on top of a car. I put my car into reverse and got away as fast as possible."

This was one description of Saturday afternoon's twister which struck Keewatin about 4:30 p.m. The freak storm overturned a garage, moved a house a foot on its cement foundation, damaged a car and smashed a boat. Moving into Keewatin from the northwest, it passed to the north of the mills, then cut south and east over Norman, across Coney Island and down Golf Course Bay.

"I saw it coming from the di-

rection of Coney Island," another witness told the Miner and News. It cut between Ramona and Goat Islands, and passed just to the west of St. Mary's Indian School. It was following a zig-zag course. I would estimate the funnel to be about 150 ft. in diameter and as high as the trees on the island. It looked like a giant egg beater. Water was sucked up from the lake and at the top appeared like steam. It was the queerest sight."

## Kenora Boys Join Air Cadets At Training Camp

Approximately 575 Air Cadets from Kenora, Ontario to the Pacific are currently attending the second of four Air Cadet Camps at RCAF Station Sea Island, B.C.

This camp, one of the three camps across Canada, serves all cadets in Western Canada, including North Western Ontario and the Yukon.

The cadets travelled in all modes of transportation; from Nelson by bus and CPA, from Winnipeg by rail, from Vancouver Island by bus and boat, as well as by bus and train, from other Western and coast centres. The cadets, ranging in ages from 14 to 18, will be under constant supervision by their own squadron officers under the command of W/C J. S. Niven of No. 1 Wing, Vancouver, B.C.

The training program is flexible, ranging from academic subjects, such as service information to handicrafts in the hobby shop. Tours, sports and overall station activities will occupy the greater portion of the cadet's time. All will receive two periods of flying in a RCAF twin-engine Expeditor aircraft. Excellent messing facilities have been provided for the cadets, including night-time snacks before lights out.

RCAF Station Sea Island is located across Sea Island from Vancouver International Airport, and is under command of W/C J. V. Watts, DSO, DFC, CD.

## Tornado Hits Keewatin Saturday

At approximately 4:30 Saturday afternoon, a small tornado struck Keewatin, damaging two garages and dropping a fourteen foot boat on top of a car. No one was injured in the storm.

A funnel of water reaching a height of more than 100 feet skipped along the Winnipeg River, lifting the boat out of the water and onto a car occupied by Herbert Mason. Although the

car was dented and the boat badly splintered, Mason escaped unhurt.

A garage owned by Louis Contini was moved fifteen feet and another garage owned by J. Tetreault was also moved.

The tornado followed a severe electric storm earlier in the afternoon.

Lightning and winds damaged telephone lines of Norwesto and Kenora as well as electric circuits, necessitating workmen being out all day Sunday, repairing same. Communication lines are back to normal today.

## Magistrate's Court

A variety of charges were dealt with by the Magistrate in Court today. A local man paid \$75.00 when convicted of failure to pay wages. A Winnipeg firm was fined for failure to have Ontario plates on their semi-trailer transport. An impaired driver was fined \$100 and costs or 30 days.

A local man who was convicted for the second time within a week of fighting, was fined \$150 and costs or 3 months. The second man was fined \$50 and costs or 30 days. For obtaining food by fraud, a man paid a \$16.00 fine.

The usual drunks appeared in Monday's court. One drunk was pulled safely from the water near Devil's Gap and lived to receive a \$10 and costs or 7 day fine. Illegal possession, first and second offenders; drinkers under 21 years were on the docket and paid the usual price for breaking the law.

## Official Re-Count Started Today

Some 14,507 ballots, which were cast in the June 11th Provincial election, are receiving close study today in the official recount, being held by Judge L. A. McLennan. The task of passing on the validity of rejected ballots, as well as the checking of totals, is being done in the Kenora Court House with Liberal and Conservative candidates together with officers of both parties, in attendance.

Counting started after a conference between the Judge and lawyers for both parties. Mr. Tom Brett is acting for Mr. Wren and Mr. Bell of Toronto for Mr. Keffer. It is not expected that the final verdict will be known for a day or two.

Final figures after the official count gave Mr. Wren a 34 vote majority.

## Drownings Claim 2 Lives Over The Week-End

Two lives were claimed over the weekend, as the result of drowning accidents. Ontario Provincial Police were called by Ben Cummuskey of Granite Lake at 2:05 p.m. Sunday who advised that a young man was in the water in front of Canary Villa Camp Poplar Road, 18 miles west of Kenora. Dr. B. Baker of Keewatin and the Keewatin ambulance rushed to the scene. The body was recovered near the dock and efforts to revive the victim, proved unsuccessful. The body was shipped to Transcona for interment.

The young man was identified as Alfred Bachewich of Transcona, Man. Apparently he had been jumping off the dock into shallow water. A non-swimmer,

## HIGH SCHOOL LISTS STUDENTS QUALIFYING FOR HONOR PINS

he was missed by others in the party, who called for assistance. **AT RAINY LAKE**

Police report the drowning of Evert Hagen of Blackhawk, Ontario. The 17 year old victim was employed by Canadian Longyear Company and died in the waters of Grassy Portage, Rainy Lake, July 4th. The body was recovered and an inquest will be held.

Police report that a three-car collision on the Airport Road Saturday afternoon caused heavy damage to all vehicles. The first collision brought together a local taxi into the rear of a lead car while a trailing car collided with a rear of the taxi. There were no injuries.

## J. W. Longe's Mark 58th Wedding Anniversary

Mr. and Mrs. J. W. Longe, Seventh Avenue South, pioneer residents of Kenora, Saturday celebrated their fifty-eighth wedding anniversary. The couple were married in Kenora, July 4th, 1901 by the late Rev. Robert Nairn.

Mrs. Longe who is 76 years old was born in Rat Portage in 1883, the year her husband who will be 98 years old in August, came to Rat Portage. Mr. Longe was born in Southampton, Ontario, in 1881. Both Mr. and Mrs. Longe are in excellent health with Mr. Longe taking the bus every Saturday afternoon for a

joint down town. The couple's five children all living in Kenora, helped them mark the occasion. They are their four sons, Roger, Joseph, John and William and one daughter, Kit. Mrs. Cecil Tew. They also have twenty-four grandchildren and thirty great-grandchildren.

The entire community joins in extending very best wishes to this pioneer couple for continued health and happiness.

When walking along country roads after dark, for safety's sake wear a large patch or band of luminous or glowing tape on the back and front of the coat. A lighted lantern or flashlight should be carried to alert drivers to the pedestrian, who should be walking on the left side, facing traffic.

The following students qualified for Honour Society awards at the June examinations at the Kenora-Keewatin District High School: When a student qualifies for the first time for the Honour Society, he obtains a Number 5 pin. Each successive year, when he qualifies, he obtains a higher grade of pin until he obtains a Number 1 pin, which would mean that he had qualified on five successive years for admission to the Honour Society.

**No. 2 Honour Society Pin:**  
Leslie Bodger, Thomas Brett, Helen Czmuch, Carolyn Hager, Gillian Holland, Larry Johnson, Myrna Lysen, Douglas Magnusson, Eva Shapland.

## BUSINESS GIRLS GOLF

Golfing was enjoyed by an enthusiastic group of business girls and senior ladies of the club Monday evening, June 29 followed by a social hour. Winners were as follows:

Low gross parnters — Mrs. Lena Lecain, Hazel Fleming.  
 Lowest score, ladies section — Mrs. Audrey Berry.

Lowest score, business girls — Barbara May.  
 Most honest lady golfer — Mrs. Jean Edwards.

Most honest business girl player — Darlene Johns.  
 Most honest couple — Mrs. N. Richmond, Barbara Ings.

The Second Eclectic was held by the business girls Tuesday evening, June 3. The winners of the two competitions were:

Lowest score — Barbara May.  
 Runner-up — Laura Leroux.  
 Highest score — Audrey Bain.  
 Runner-up — Darlene Johns.

Tuesday, July 7th is the qualifying round club championship stroke play. Partners come as soon after work as possible.

by Bob Baker

The rain washed out highways, back lanes, and Little Canadian Baseball Saturday, but league statistician Duke Beyko came up with some surprising averages. The hottest hitter in the league is Jerry Townsend with a .563 average. He has nine hits in sixteen times at bat, and his nine hits is the highest in the league. Right behind is his Coca Cola teammate Dennis Portman who had collected eight safeties in nineteen trips to the plate for a .451 average. Rounding out a big six in batting are Dennis Bar-chuk of Dingwall's with .444 and Gordon Karaim of Lakeland at .444; Les Brown of Coca Cola at .421; and John Rowan of the Lions with an even .400. Acme-Kenora Cleaners and the Lumber Kings did not place anyone in the top six, but Bobby Free-

man tops Acme with .375 and with three while Les Brown and Ralph Jacobson for the Lumber Kings with .350. An even dozen others have one (More sport on Page 7)

This minister of transport says:

**"This end up, handle with care!"**

The family minister of transport jokes as he lifts his young son into the car, but he is well aware that raising a growing child is no joke. It means watching family expenses with an eagle eye.

The annual expenditures of the Minister of Transport at Ottawa involve millions of dollars — and his department is only one of many.

This money comes through the Minister of Finance who gets it largely in taxes from Canadians such as you. When he spends more than he takes in, he must borrow from you . . . or else create new money. The creation of new money is one factor that leads to inflation — which means your dollar buys less and less.

The government has been spending more than you have been paying in taxes. To narrow the gap between income and expenditures, new taxes have been imposed.

You can encourage the government to live within its income by asking only for those services you are willing to pay for with taxes. Tell your M.P. at Ottawa that since you are trying to save, you expect government to do the same.

You also help when you save more by means of life insurance, savings deposits, and the purchase of government bonds. Your savings help to create a SOUND dollar; and this, in turn, helps to create job security for you and more jobs for other Canadians.

**A SOUND DOLLAR MEANS A BETTER LIFE FOR YOU**

GIVE YOUR ACTIVE SUPPORT TO THE FIGHT AGAINST INFLATION

### Ontario Gold Mines Production For May

The 30 producing gold mines in Ontario reported milling 791,199 tons of ore in May 1959. From it came 227,924 ounces of gold and 34,006 ounces of silver, valued at \$7,713,970. In the corresponding month in 1958, the same mines reported milling 801,102 tons, yielding 228,123 ounces of gold and 37,535 ounces of silver, valued at \$7,745,424.

The daily averages for May 1959 were 25,522 tons of ore milled, 7352 ounces of gold and 10,970 ounces of silver produced, with a value of \$243,838. The average grade of ore was \$9.75, and the average number of wage earners was 10,877.

Gold mines producing for the Patricia portion of the district were: Campbell Red Lake, Cochenour Willans, Madsen Red Lake, McKenzie Red Lake, New Dickenson, Pickle Crow and Leitch and Macleod - Cockshutt for the Thunder Bay area.

### Nothing Against Mailmen, They Just Like To Walk

Rahns, Pa.—The folks in this rural southeastern Pennsylvania hamlet gave home-delivered mail a try. They didn't like it.

Eighty-nine of the 118 residents have signed a petition asking the post office to go back to the old system of delivering mail to the branch post office in the village store.

David M. Schmidt, chairman of the petition committee, said the folks enjoyed the walk-to-the-post office and the village gossip when they got there.

### Mobile Library Work To Include Kenora Area

The Northwestern Regional Library Co-operative, now supplementing the reading stock of public libraries, schools and community groups through two bookmobiles operating in Thunder Bay and Rainy River districts, will shortly extend its service to the Kenora area.

A third bookmobile costing \$4,900 and carrying 3,000 books, records, talking books, film strips and framed silk screen paintings is to be purchased in September if it was discussed at a recent board meeting.

The bookmobile supplement

community libraries, schools and organizations who are co-op members maintain their own book and supply purchasing, but the mobile service supplement stock.

Librarian D. D. Sudar leaves Monday on a six-day tour of six towns in the Thunder Bay area who are co-op members. Accompanying Mr. Sudar will be Miss Barbara Smith of Toronto, supervisor of children's library service.

Introduce Talking Books  
Miss Smith, returning from the Canadian Library Association conference at Edmonton, will seek to improve or establish children's library service in the six centres.

Mr. Sudar will introduce talk-

ing books, or books on records, as a method of teaching that has been successful in the United States. Mr. Sudar believes the local co-operative is the first in Canada to offer such service.

The library board has also decided to limit area tours to three times a year instead of four and revise servicing and charging.

The staff now consists of Mr. Sudar, G. A. Kouhi and R. D. Fraft, bookmobile drivers, and regional representatives, and a third driver, Melvin H. Honkey who will accompany Mr. Sudar and Miss Smith on their Thunder Bay tour. Mr. Honkey has just joined the organization.

### Ontario Hydro To Heat Offices Electrically

Electric heating, which has aroused widespread enthusiasm among Ontario home builders, will be built into new Ontario Hydro offices from now on.

Two systems will heat the new Toronto Region building in Willowdale when it is completed next year, it was announced today.

The main portion of the L-shaped building will use a thermal storage system, in which water conducts the heat. The other wing will have resistance heaters.

All new area offices built by Ontario Hydro will also be heated electrically.

Work is to start this fall on the Toronto Region building on Yonge Street just north of Finch Avenue, and the staff is expected to move into it from the present Bloor Street offices in the late fall of 1960.

Its two stories and basement will have a floor area of 42,000 square feet.

### NEWS FROM HFC:

# Bigger loans for today's greater needs

Borrow up to \$2500 and take up to 36 months to repay

Compare HFC's service with that of other lending institutions

**SURPRISINGLY LOW INTEREST RATES.** HFC's charges on loans over \$1500 are equivalent to less than 8% per year discount on 30 and 36 month repayment plans.

**LOWER MONTHLY PAYMENTS.** HFC's new long-term loans mean smaller payments that fit your budget better.

**BANKABLE SECURITY** not required.

**INCOME INTERRUPTED?** If you can't make a payment promptly when due, you get helpfulness and understanding in rearranging your payment schedule.

**BACKED BY 61 YEARS' EXPERIENCE.** Unlike most lending institutions, HFC's only business is making installment cash loans. That's why HFC is best-equipped to serve your immediate wants and needs.

How much do you need?	AMOUNT OF LOAN	MONTHLY PAYMENT PLANS			
		36 MONTHS	30 MONTHS	20 MONTHS	12 MONTHS
Phone or drop in at any HFC office today.	\$ 100	\$ 3.44	\$ 4.11	\$ 6.44	\$ 9.45
	500	17.22	20.55	30.01	46.72
	1000	34.44	41.10	58.10	91.55
	1600	55.10	66.62	93.19	146.66
	2000	72.30	83.27	116.49	183.35
	2200	79.53	91.60	128.14	201.69
	2500	90.39	104.09	145.61	229.19

Above payments include principal and interest, and are based on normal repayment, but do not include cost of life insurance.

**WEDDING BELLS**

**SAWATSKY**—Lenore and Janice are pleased to announce the arrival on July 5th of their little brother Kevin Gordon at the General Hospital. Proud parents are Mr. and Mrs. D. Sawatsky. Special thanks to Dr. Burris and nurses.

**HONEYBORNE**—Mr. and Mrs. Don Honeyborne are happy to announce the birth of their daughter Sheila Agnes on July 3rd at the Kenora General Hospital. A sister for Peter.

Mrs. Eva Hoffos of Norman, Ontario, announces the engagement of her only daughter, Dorothy Loraine to Mr. Kenneth Anderson, also of Norman, Ontario. The marriage will take place on Saturday evening, August 1st, 1959, at seven o'clock at Calvary Church, Kenora, Ontario.

Mr. and Mrs. O. B. Gingrich of Elmira, Ont., announce the engagement of their daughter, Victoria Loreen, to the Rev. Thomas Oshiro, son of Mr. and Mrs. G. Oshiro, of Kenora. The wedding will take place Saturday, August 1, 1959 at 7.30 p.m. in the First Baptist Church, Kenora.

Mr. and Mrs. J. A. Favreau are happy to announce the engagement of their daughter Lucille Louise, to Mr. John Robert Charlton of Winnipeg, son of Mr. and Mrs. J. W. Charlton, Fort William. The marriage will take place August 1st, at Notre Dame Church.

Mr. and Mrs. E. L. McCammon announce the engagement of their eldest daughter, Mavourneen Louise, to Mr. Horst Koehle of Port Alberni, B.C., son of Mr. and Mrs. George Koehle of Winnipeg. The wedding to take place Saturday, August 1st, at three o'clock in the Gospel Hall, Kenora.

**ARNOLD—LANGNER**

Keewatin United Church was the setting for a pretty wedding Saturday June 20th at 6 p.m. when Karen Hansen Langner, became the bride of Lloyd Arnold.

Rev. A. E. Dunn, Minister of the Church officiated. Pink and white peonies and fern graced the Altar. Mrs. Dave Barnard, Church Organist, presiding at the console played an organ prelude as the guests assembled (Mrs. W. Powell, soloist sang the Hebrew benediction, following the ceremony and "O Perfect Love" during the signing of the register. The traditional Mendelssohn Wedding March was played as the bridal party left the Church.

The bride given in marriage by her uncle, Mr. Alex Gordon wore a cocktail length gown of pale blue eyelet embroidered cotton with a moulded bodice and scooped neckline. The full skirt worn over a crinoline featured a wide taffeta sash with the back waistband finished with a large tailored bow.

She wore a white pill box hat. The bride's only ornament was a string of pearls. She carried a nosegay of sweetheart roses.

Mrs. Joyce Chevrier as Matron of Honor wore a yellow linen two-piece dress with a white hat and carried a nosegay of yellow mums.

Mr. Albert Chevrier was best

man. A dinner for members of the immediate family was held at the home of Mr. and Mrs. Alex Gordon uncle and aunt of the bride, followed by a reception at 8.30 p.m.

The toast to the bride was proposed by Mr. Allan McKie.

Mr. and Mrs. Arnold left on a wedding trip to Winnipeg. For travelling the bride chose a midnight blue two piece frock. They will reside in Keewatin.

Prior to her wedding the bride was entertained at a miscellaneous shower at the Legion Club Rooms.

The room and the bride's chair were attractively decorated with pink and white streamers wedding bells and bouquets of Lupins in pastel shades.

The bride was escorted to her chair and presneted with a corsage of roses by Mrs. Joyce Chevrier.

Miss Lois Christiansen and chair and presented with a corsage of yellow and white mums to Mrs. Alex Gordon and Mrs. Buster Dubois aunts of the bride. Elizabeth Powell and Robin Mac Gregor presented the gifts to the bride.

The tea table was centered with a bouquet of Lupins in pastel shades flanked by lighted white tapers.

Guests numbered 90.

### Member Presses For Increase In CNR Pensions

Residents in towns along the CNR, within the Kenora-Rainy River area, who are, or were employed by the National railway system, will be interested to know officially that W. M. "Bill" Benidickson MP at Ottawa has, as reported in Hansard, June 23rd, again taken up in Parliament the important matter of a proposed general increase in pensions of retired Civil Servants. Mr. Benidickson noted that the retired CNR employees had not been included in the Bill before the House. He asked why, in view of his previous representations, there had been no approach to the Finance Minister from either the Minister of Transport or the Prime Minister, who, in the past, while in Opposition had been a strong advocate of "increased pensions of retired CNR civil servants".

The Minister of Finance stated that the bill under debate did not apply to other than three classes, former Civil Service employees, former members of the armed services and former members of the RCMP. However the Minister referred to previous enquiries about the CNR retired employees made on June 15th this year. According to Hansard on June 15th p. 4721, Bill presented a request for information, stating that he had then before him four or five pages of Hansard references to speeches of the present Prime Minister, Rt. John G. Diefenbaker, then in Opposition, stating what should and would be done if he had the authority with regard to enlargement of pensions for retired CNR employees.

At a later stage in the same debate on the same date (Hansard Page 4735) the Member again referred to and pressed for information from the Minister of Finance. Recalling again the statements and expressed views of the present Prime Minister, Mr. Benidickson elicited the information from Hon. Donald Fleming that "representations had been

made on this subject occasionally". The matter had been given study but no decision has been reached as yet".

Expressing astonishment at the Minister's answer, that after two years in office, he, the minister despite his knowledge of the Prime Minister's publicly stated views on several occasions, had received representations made by individuals only and perhaps some few organizations, when, as Mr. Benidickson pointed out, such representations had come to a great number of Members of Parliament, on a Provincial and a National basis.

Readers will recall that in March 1959, the Member reported to local papers that he had brought this same matter before the House on March 20th, and also on January 20th, 1959.

### Stop Damage To Evergreens

To keep your favourite evergreen shrubs and trees "evergreen," it might pay to respect the work of several pests, and treat for their damage—before it's too late.

"Many families spend hundreds of dollars on evergreens," says Provincial Entomologist H. W. Goble. "And yet, when insects attack, their damage goes beyond the pocketbook—it means a nasty scar on the appearance of the home grounds."

No doubt everyone is familiar with the small, white, barely visible scales that adorn junipers. All varieties may be attacked, but when Savin, Pfitzer, and Irish junipers are doing poorly, look to the Juniper Scale as the most likely cause.

Try Malathion to thwart the scale. A suggested dosage is 4 tablespoons of wettable powder to 1 gallon of water. Spray this between July 1 and 10. Malathion is more effective when the temperature is high. Malathion is NOT recommended for Canaertii Junipers.

Dead buds or shoots on Scots, Mughlo, and Red Pine, coupled with a general stunted untidiness, can usually be traced to the Pine Shoot Moth.

5% DDT, applied with a cloth sack, will offer good protection, especially in the case of small Mughlo pines. Cheese cloth is suitable, if the mesh is not too coarse—overlapping a few pieces will remedy this.

Apply thickly on the new growth every week from June 25 to July 10.

home run.  
Dingwall's barely edge Coca Cola for the team with the highest average of runs-per game. They have 8.3 per game while Cokes have 7.9 per game. Acme and Lions have identical 6.8 runs per game, Lumber Kings 5.3 and Lakeland 4.2. Defensively Coca Cola is tops. They have allowed a stingy 3.9 runs per game, well ahead of the Lumber Kings average of 5.0 runs. Dingwall's are third with 5.5; Lakeland next with 7.5; Lions at 7.6; and Acme last with 9.8 runs per game.

The standing are as follows where "F" indicates runs for, and "A" runs against.

	W	L	F	A
Coca Cola	5	1	47	23
Lumber Kings	5	2	37	35
Dingwall's	3	3	50	33
Acme-Kenora	2	3	34	49
Lions	3	5	54	61
Lakeland	1	5	25	45

Tonight Acme-Kenora Cleaners tangle with Coca Cola on diamond "A." The Lumber Kings meet Dingwall's on diamond "B." Coaches are reminded to get those postponed games caught up. Things are tough all over.

**Car Trip Could Be A Journey To Your Grave**

Hundreds of thousands of Canadians are happily planning a car trip for the coming holiday. For many of these, tragically, it will be a long journey... to the hospital ward, or even to the grave.

To any single motorist, the danger is slight, statistically. Usually, indeed, the average driver believes the possibility of death or injury so remote that he gives it no consideration. Yet every driver who sets off on a holiday should remember that shattering collision is more than a shadowy possibility: It is a certainty... for someone. That someone COULD be you. Make sure that it isn't!

Holidays bring a sense of excitement, of freedom from restrictions. This is one of the factors that can add dangers to the highway. If a driver's feeling of excitement is reflected in the handling of his car, he is driving

badly. Good driving is smooth, controlled and inconspicuous says the Ontario Safety League.

"Highway driving should never be a contest" says Mr. F. H. Ellis, OSF General Manager. "Don't try to beat anything this coming holiday. Don't try to beat the car ahead, or the car behind that wants to pass. Don't try to beat the fatigue you will feel if you drive too long without a break, and above all don't try to beat the clock".

**BIG JOKE ON GROOM**

Vancouver - A call to the University of B.C. detachment of the RCMP said "there's a body on the sixth green."

Police raced to the University Golf Club. They found a shivering prospective bridegroom, wrapped in blankets, tied with a rope, and a sign which read "no mercy for the traitor".

Nearly 15 culprits were sneaking through the bush. RCMP fired several shots in the air but all escaped.

"It was just a prank," said an RCMP spokesman.

**TENDER**

Sealed Tenders will be received by Right Rev. E. Hebert, Secretary-Treasurer, Keewatin Separate School Board, until 5:00 p.m., July 22, 1959, for the addition of a playground to the existing three room school.

Drawings, specifications and form-of-tender may be obtained from the architect upon deposit of a certified cheque for twenty-five dollars per set.

Bid, performance and payment bond will be required. Lowest or any tender not necessarily accepted.

over foot bridges, beaches and the shore line.

Reports reaching the Miner and News today state that the water in Longbow Lake is up three feet. All docks on the lake are completely under water to a depth of at least one and a half feet. Construction of a roller portage from Longbow Lake to Lake of the Woods is at a standstill. A coffer dam built by camp owners as a temporary measure will be sacrificed today to alleviate the height of water. Workmen are sand bagging to save part of the dam since it will have to be rebuilt when the water goes down.

A surprising fact is that while all the small lakes and creeks overflowed their banks, the level of the Lake of the Woods remains almost the same as last week, standing at 1058.71 feet above sea level.

Rainfall day by day for last week, is as follows:

June 28	.02 inches
June 29	none
June 30	none
July 1	.18 inches
July 2	none
July 3	2.54 inches
July 4	.69 inches

**Death, Accident Tolls Take Swing Upwards In Summer**

Death and accident tolls take a sharp swing upwards during the holiday months, warns the All Canada Insurance Federation.

Officials of the Federation, which represents more than 250 fire, automobile and casualty insurance companies said that most fatalities caused by drowning, fire and cottage accidents can be prevented if proper precautions are taken.

Federation experts offered the following precautions for the holiday season:

- 1) Never drive when overtired, or when the car is overcrowded.
- 2) Split long trips up into sensible stages; avoid speeding.
- 3) At the cottage, clear all debris, leaves and inflammable materials from the immediate area; clear-out eaves and attics; have all chimneys, fireplaces and stoves checked to see that they are in safe working condition.
- 4) Have a spark deflector placed on the cottage chimney.
- 5) Never leave lamps or stoves burning when the cottage or cabin is unattended.
- 6) Lamp and portable stove fuel should be kept in tightly closed, safety cans of the type approved by Underwriters' Laboratories.
- 7) Make certain children are accompanied at all times when swimming; never swim alone, or take a boat alone into unfamiliar waters.
- 8) Keep clear of reedy swimming spots.
- 9) Make sure your boats are in good condition; motors should be of the right weight for the craft they are mounted on.
- 10) Never overload a boat, or use it for games and tricky maneuvers.
- 11) Every boat, no matter how small, should be equipped with life preservers of an approved make; all power boats should be equipped with fire extinguishers.
- 12) If a boat overturns, stay with it; never attempt to make for shore.
- 13) Keep speeds down, and learn the rules of the waterways which are available from reputable boat manufacturers or provincial departments of lands and forests.
- 14) You and older members of your family should know at least one approved method of administering artificial respiration.
- 15) Keep a well-stocked first aid box in the car, at the cottage or on larger boats. Red Cross first aid handbooks are available.
- 16) Know the principles of first aid, but always take the added precaution of finding out

where the nearest doctor can be located in case of emergency.

17) Firearms are always dangerous; never use them when small children are around.

18) If small firearms are used, make sure there is a safe backdrop for target practice. Even a .22 calibre bullet is dangerous in a mile radius.

19) Never leave bullets, fishing knives, axes or other dangerous items lying around the cottage or grounds.

**10 Best Dressed Men In The World**

London—Vice-president Richard Nixon, actor Rex Harrison, Marshal Tito of Yugoslavia, dancer Fred Astaire and actor Douglas Fairbanks, Jr. were picked Thursday among the 10-best-dressed men in the world.

The selections were made by British tailoring magazines, Tailor and Cutter and Man About Town.

Others selected included designer and photographer Cecil Beaton; the duke of Kent; Sir David Eccles, president of the British Board of Trade; financier Nubar Gulbenkian, and Lt.-Gen. Sir Frederick Browning, treasurer to Prince Philip.

The duke of Kent was picked for "filling the gap" of fashion leadership vacated by his uncle Edward (now the duke of Windsor) and which the duke of Edinburgh has shown no interest in filling.

In case of accident, severe bleeding should have immediate attention. The flow of blood should be arrested by pressure just above the wound on the side nearest the heart. Tourniquets should not be used by anyone untrained in first aid. Medical aid is necessary in cases of severe hemorrhage.
