Council Names Two New Streets In Norman Area

Monday night, the town council gave new names to two streets in Norman. This was done to facilitate the extension of mail delivery service in the Norman Area.

The access road running west-erly from Parsons Street to lots 25 to 31 inclusive will be known as Paterson Street. A strip of land extending from the south-erly limit of the Trans Canada Highway on the north to the shore line of the Lake of the Woods will be known as Pear-son Street.

Former Resident Called To Rest In United States

Word has been received of the death on July 5th, at Fitchburg, Mass., of Mother Aloysius of the Order of Faithful Companions of Jesus, who was Lottie Beaudro, daughter of the late Mr. and Mrs. Joseph Beaudro, early resi-dents of this town. She was born at Red Lake Falls, Minn. and lat-er moved with her parents to Port Arthur, Ont., where they lived until about 1890 when her family moved to Kenora. She re-sided here until 1902 when she joined the Society of the Faith-ful Companions of Jesus who at that time conducted a convent for girls at the site of the pres-ent St. Joseph's Hospital.

She is survived by one sister, Mrs. Mary Cronkhitte, Red Oak, Iowa, and one brother, Romy Beaudro of Barrie, Ont. Burial took place at Fitchburg, Mass.

Emil Engdahl Former Resident Died At Dryden

A former resident of Kenora, Emil Ernest Ferdinand Engdahl, died July 9th, at the Dryden Dis-trict Hospital following a short illness. Born in Sweden he was 73 years old.

He came to Kenora from Swe-den in 1905 where he married Hanna Anderson. He left with his family to reside in Eagle Ri-ver in 1923, and following his re-tirement, he moved to Dryden in 1931.

He is survived by his widow, five daughters, Mrs. Percy Wall of Minnitiaki, Mrs. Harold John-

son and Mrs. Bob Whiting, both of Dryden, Mrs. Bea Ekholm of North Surrey, B.C., and Mrs. Gor-don Craig of Port Arthur, four sons, Alvin of Kamloops, Allan of Eagle River, Alvin in Canadian Army at Gagetown, N.E., and Gor-don of Port Arthur. Twenty-six grandchildren also survive.

Funeral services were held Saturday, July 11 in the Baptist Church at Eagle River. Rev. Fred Reimer officiated and burial was in the Eagle River Cemetery.

Pinecrest To Stage Tea On Grounds Thursday Afternoon

The Pinecrest Ladies' Auxil-iary and the Board of Manage-ment are hoping the fine weath-er will continue as they complete arrangements for a tea to be held at the Home this coming Thursday, July 16th from 2.30 to 4.30.

The management, residents and Ladies' Auxiliary will be at Home to Kenora, Norman and Keewatin and district residents on this day in happy anticipa-tion that many citizens will come out. They are hoping that the men will make a special effort to be present and visit with the residents and enjoy the hospita-lity.

Mr. J. George has been busy making the grounds as attrac-tive as possible for this day. Last year at the tea over 200 visitors signed the guest book. Mrs. J. P. Roy and committee will be on hand once again to show visit-ors the beautiful residence and grounds.

The Handicraft Room will be open, giving those who come to the tea a birds eye view of the work some of the residents are able to accomplish.

Plastic Printing Plate Developed By U.S. Firm

San Francisco—Elastic print-ing plates developed by Du Pont Co. to by-pass the standard etch-ing process, should be available commercially in limited amounts soon, said an official of the big Wilmington, Del.-based chemi-cal concern.

Paul R. Smith, manager of the company's photopolymer print-ing plate sales development pro-gram, said at a trade meeting that the plates are still experi-mental, however, and marketing plans have not yet been set up. The company does not expect to

grant any exclusive franchises for the sale of the plates, which Du Pont has trademarked Dycril, Mr. Smith said.

With the Du Pont process, a light-sensitive plastic is bonded to a metal support which may be either flexible or rigid. A pho-tograph is taken of the subject matter to be printed, and the negative is exposed to the light-sensitive plastic using ultra-vio-let light. The portions of the plastic exposed by the ultra-violet light become insoluble, and un-exposed portions are removed by washing in an alkaline solution, leaving a completed printing plate.

Once a photo negative has been prepared, Mr. Smith claimed, a Dycril plate can be exposed, washed, finished and mounted on a press in about 20 minutes.

Mr. Smith did not say what the plates are made of, because the work is still experimental and "the final plate composition has not been established." He did say, however, that the plastic is not nylon.

Necessary equipment to pro-cess the plates "may cost as lit-tle as \$5,000," Mr. Smith said, with the present price of the photopolymer plate itself about \$10 a square foot.

Council Favours 40 Mile Speed Limit To Keewatin

Parking facilities and estab-lishing of rates of speed on high-ways occupied attention of coun-cil at last night's meeting. A re-presentative from the Department of Highways presented the de-partment's plan for increasing the speed limit from 30 miles an hour to 40 miles an hour between Kenora and Keewatin.

He explained to council that the increasing of highway speeds between towns was part of an all province scheme, which will gradually be put into effect on all number one highways. As soon as highway 17 is brought up to first class standards, the speed limit would be increased to 60 miles per hour, he said.

Mayor Ratuski pointed out that a definite hazard exists in the Norman area with a 30 mile zone since there are no sidewalks along the highway nor cross-walks. Norman children must cross the highway to go to school, the community club or the beach, the fact that adults must cross too, to get to various places of business and their homes.

"We have enough trouble now with motorists going 40 miles an hour in the 30 mile zone, what will it be like with a 40 mile zone?", the mayor asked. "Are we going to continue to endanger the lives of the public?", he con-tinued.

The department representative stated that it had been found that where speed limits had been increased, motorists travelled ac-cording to the new speed set. It is also a matter of policing, he continued. The speed limit should be rigidly enforced and motor-ists charged for speeding, he con-cluded.

The majority of the Aldermen favoured the raising of the speed limit but decided to study the matter further in committee with the hope of giving first reading to a by-law to increase the speed limit at the next regular meet-ing of council.

Alderman A. E. Minor reported that both new town owned park-ing lots were in operation and providing very necessary ser-vice. Parking meters will shortly be installed in both lots.

Council moved the adoption of parallel parking on Main Street, Matheson Street and Second Street, to go into effect as soon as new parking meters arrive.

AT REGULAR MEETING

TOWN FATHERS DEAL WITH ROUTINE AGENDA

At last night's meeting of council, the aldermen were treat-ed to a short resume of Mayor Ratuski's trip to Europe and to the World Federation of Mayors' convention held in West Ger-many. Mayor Ratuski also told of his visit to the Lakehead where he and Mrs. Ratuski were guests at a luncheon for the Queen and Prince Philip.

Third and final reading was given a bylaw authorizing an agree-ment between the Kenora Po-lice Association and the town. Since the department went on a forty-hour week as of July 6th, council directed that the clock patrolman be on a five day week with relief to be supplied by reg-ular members of the depart-ment and that the parking meter attendant work a six day week at the present salary level.

Hiro Oshiro, chairman of the Kenora Community Centre Build-ing Committee will be advised that permission is given for the commencement of preliminary levelling and filling in at the mill site area for the proposed community centre and for use of town equipment after hours. Per-mission was also granted for sponsoring by the Community Centre committee, of Dominion Shows on August 7 and 8. Coun-cil went on record that the town will lend all possible support to the community centre endeav-ours.

FIRE CALLS

Council authorized an agree-ment with the Department of Highways that the town fire de-partment would respond to fire calls to the highway garage at a cost of \$25 per unit including stand-in unit from Keewatin to Kenora and that the Dept. of Highways will pay the cost of manpower at the going rates of pay provided in the agreement between the Town of Kenora and the Kenora Fire Fighters Asso-ciation.

FINANCE

Municipal accounts of \$30,177.75 and Utility Accounts of \$164,536.83 were authorized paid. Received was a cheque amount-ing to \$677.49 as the town's share of fines and fees from Ma-gistrate's Court for June. A che-que in the amount of \$916.90 covering collections made at the police office and \$14,029.12 being 50% of the unconditional per-capita grant. Council accepted on behalf of the General Hospital, a cheque for \$225 from Dept. of Highways for property needed to complete highway 17, granted an advance cash payment to the Public Library due to renova-tions of the building; Council was informed that the town's share of the 1959 costs for Home for the Aged was 39.97%. Interim payment of \$500.00 was granted the Recreation Commit-tee so that they could proceed with the hiring of a director.

PROPERTY

Mr. A. Romaniuk was sold part of lot 242, Block 2, for \$1,000. W.

A. Vandal and Wm. Markham will be advised council cannot sell them property occupied by Mr. Markham. Council will purchase for \$1,875.00, the property known as the Indian House property being approx. 14 acres. Re-ferred to public works was a pe-tition from residents of the 400 block on Second Street, request-ing connection of the town's water mains to private sewers in the area, and a petition request-ing improvements to the inter-section of Valley Drive and Hill-side Crescent.

OTHER BUSINESS

Permission was granted resi-dents living in the vicinity of Fifth Street South and 6th Ave-nue South for the preparation by them of an off-street playground area for neighbourhood residents of Lot 124, Flan 1339. . . . Child-ren Club permission to hold a tag day July 18, Canadian Le-gion use of downtown streets for Decoration Day Parade, August 9; Proclaimed Monday, August 3rd a Civic Holiday.

Referred to Public Utilities a request from Bell Telephone Company to erect aerial cable on 11 poles located in Hennepin Lane in the rear of the Telephone building to the C.P.R. fence line north of McClellan Avenue.

The Department of Planning and Development of Ontario ad-vised that the plan of subdivision of part 2 of the Kenora Land As-sembly Project has been turned over to the Community Planning Branch in order that draft ap-proval of the plan may be given and requesting written approval of the Separate and Public School Boards of the minor chan-ges in the area set aside for school purposes.

As recommended by the Parks Committee, a Globe M-M Resus-citator will be purchased at a price of \$36.00 for use at the Coney Island Bathing Beach.

District Baseball All Star Game Set For August 1

The Annual Kenora District Baseball League All-Star game will be played in Kenora and Keewatin on Saturday August 1st, and Sunday August 2nd, this was announced today by league president Ted Farley of Dryden. The All-Stars are chosen by the managers and umpires in the league. Last years All-Star opposition was the Warroad Mus-kies from Warroad, Minn. This years team has not been named. The All-Star games are held every year, for the Kenora Dis-trict Baseball League injured players fund. This fund is avail-able to any player who is injured while performing for his club.

Baseball News

Officially, the Kenora District Baseball League ends play in their 1959 schedule this week. A league meeting is being called for early in the week to decide on the rained out games which are to be played before the play-offs begin.

Keewatin Indians who have led the league for the entire nine week season, have their running mates, the Dryden Red Sox tied with them. The Red Sox have one game in hand.

Team GP W L T Pct.

LIONS MOVE INTO THIRD PLACE

They have Lions out in Vancouver too, and a few years running they came up with some fancy rhymes in an attempt to describe their team. They ended up in the same place as the Lions in Little Canadian Baseball, dead last. No one would have thought that after last year "the Lions would shine in fifty-nine", but today they are in third place after last night's tense 3-1 victory over Lakeland. Ricky Erickson scattered five hits, never more than one in an inning, and only walked one batter to earn the win. Gordon Karaim, who was hooked up with Erickson in a scoreless tie until the fifth, only gave up three hits and two walks. Karaim made the mistake of giving up his two walks in the fifth then threw a two run double ball to Bobby Johnson and another run producing single to Ron Cymbalista. Lakeland scored one in the top of the sixth on an error after Karaim had singled. Karaim retired thirteen of fourteen batters until Lions caught up to him in the fifth.

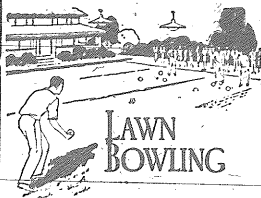

Lakeland	0	0	0	0	1-1	5
Lions	0	0	0	3	0-3	3

Acme-Kenora Cleaners dumped Dingwall's 8-6 to move within percentage points of them and fourth place. Billy Cook allowed only two singles and had two of his own that batted in a pair of runs in leading Acme to the win. Dennis Lindsay socked a long triple to left field for the

big hit of the night. Dingwall's were leading 6-4 until a costly fifth inning error opened the gates for four runs after two were out. There were some fine fielding plays during the game with Tommy Francis at shortstop for Dingwall's catching a couple to keep Acme from scoring more.

Dingwall's	2	0	2	0	2-6	2
Acme	2	0	0	4	0-8	6

On Thursday the Lumber Kings play the Lions on diamond "A". Lumber Kings have won a pair of close ones from the Lions this year and rumors have it that Lions are out for revenge. On "B" diamond Acme Cleaners can move past Dingwall's with a win but Lakeland finds that it is another must game for them after losing last night.

Last evening the Kenora Lawn Bowling Club were honored to have sixteen young peoples as visitors, and not in the writer's time has the club entertained a more enthusiastic group. It was indeed a pleasure having them with us, and our hope is they enjoyed their games as much as we enjoyed their company.

Our visitors were from the first Baptist Church, and the Presbyterian Church, meeting in friendly competition, which we hope will continue throughout the summer months, along with other young people's groups. We have in mind forming a Church league, and when we witnessed the friendly atmosphere that prevailed on the greens last evening we realize the work of Church has not been in vain. We sincerely hope that other Churches will accept the challenge of the First Baptist and Presbyterian young people's groups and fraternize together, and join in this movement of bringing together young people regardless of denomination, color or creed. We believe in inter-union, and also believe there is room in the Church for Sport.

Well there were four rinks participating in last evening's games, the first rink after ten ends had a total of Baptist's 12, Presbyterian's 8, the second rink af-

ter ten ends had a total of Baptist's 12, Presbyterian's 16, combined scores 24 to 24, so a tie has to be played off, which will be played God willing, next Monday night July 20th. We wish to thank Miss Dorothy Johnson, Ike Edmondson, Harry Hanton, and Earl Hutchinson for giving of their time and guidance to these young peoples. So until we meet again, which we hope will be soon.

Bye for now.

Thirteen paper mills and 35 paper machines manufacture fine paper in Canada.

KENORA, ONT.

Women drivers are at it again. Commissioner J. B. Edgar tries to straighten a difference of opinion between Susan Henderson, nine, left, and Sandra Cole, eight, after a

"prang" job between their midget racers at Harewood Acres track near Hamilton, Ont. The meet was sponsored by the British motor industry. Passenger Linda Rutherford tries to keep out of the fight.

BANK MANAGER SOLVES PROBLEM

Winston-Salem, N.C. — Wells-Fargo guard J. T. Sprinkle found himself on the outside of his armored truck looking in Wednesday. He accidentally left the key inside.

Sprinkle called his office for

a duplicate key.

Meanwhile, James R. Fain Jr., manager of a branch bank, came up with a solution to the problem. A coat hanger, a piece of chewing gum and a little man-oeuvre retrieved the key.

Sprinkle was in the truck when the duplicate key arrived.

The June meeting of the Ride-out Women's Institute was held at the home of Mrs. J. Knuutinen on the 23rd with the President, Mrs. S. Symonds, presiding. After the reading of the minutes and correspondence the group discussed the training school to be held October 22 and 23, the subject being "Focus on Finishes." The following were chosen to attend the school:

- Mrs. C. Jardin - leader
- Mrs. J. Seibel - alternate leader
- Mrs. J. Knuutinen - assistant

It was moved to put a booth displaying work in the Kenora Agriculture Fair. Mrs. A. Green won the travelling prize. After the closing of the meeting with the "Queen," a delectable lunch was served by the hostess and a social half hour spent.

Around Town

Mr. and Mrs. C. L. Mateer and their Peter and Pam of Scarborough, Ontario, are visiting in Kenora for the next three weeks, the guests of Mrs. Mateer's mother, Mrs. A. E. Allison.

Master David Allison of St. James, Manitoba, is spending a vacation in town the guest of his cousin, Miss Margaret Dennett, 225 Fifth Street North.

Mr. W.M. Benidickson and Mrs. Benidickson and family motored from Ottawa last week to their home on Coney Island. Mr. Benidickson has returned to Ottawa to complete the current session of the House of Commons, which, it is predicted, will be prorogued within a week or ten days.

ENTERTAINMENT

COX — Dr. and Mrs. R. H. Cox (nee Dora Forstrom) of 33 Ferncliff Road, Scarsdale, New York, are happy to announce the birth of their daughter, Irene Margaret, on July 10, 1959.

REASON FOR HUSHED VOICE

Midland, Tex.—The city council listened solemnly and intently as finance director Kent Moore spoke in a hushed voice about the city budget.

There was nothing wrong with the report—Moore had laryngitis.

KITCHEN CLASSICS

Juicy red-ripe cherries are the pick of seasonal fruits. From the sunny orchards of British Columbia's fruit belt, they are being picked daily as they ripen, then rushed to the fruit-hungry consumer.

Now is the time to enjoy them, from big bowlsful-for hand-to-mouth eating to luscious ice cream and cherry pie. Nothing tastes better on a summer day than this frosty new kind of pie and it's so downright simple, even an amateur can make it. For a cooking shortcut, use package mix for the crust.

CHERRY PARFAIT PIE
 1 baked pie shell
 1 package cherry jelly powder
 1 1/4 cups hot water
 1 pint vanilla ice cream
 2 cups chopped Bing cherries
 Dissolve jelly powder in hot water. Add ice cream by spoonfuls, stirring until melted. If desired, add a few drops almond flavoring. Chill until thickened, but not set, about 25 minutes. Add cherries, spoon into shell and chill until firm.

There are such wonderful ways to serve sweet red cherries. Use them in a make-your-own salad for a special summer buffet party. Let the guests help themselves from a big bowl of tossed greens, a cruet of French dressing, cream-style cottage cheese and scoop-out shells of fresh pineapple piled with the pulp, bananas, oranges and cherries. Hot rolls go along and ice tea or coffee. There's a really refreshing summer course.

Here's a real warm weather cooler.

FROZEN FRUIT SALAD
 1 1/2 cups pitted Bing cherries, cut in half
 3/4 cup diced pineapple
 1/2 cup pineapple juice
 1/4 teaspoon grated lemon rind
 3/4 cup diced peaches
 2 tablespoons sugar
 1/2 cup mayonnaise
 1 cup heavy cream, whipped
 1 cup diced marshmallows
 Mix diced fruits and set aside to drain off any excess juice. Mix sugar, pineapple juice, mayonnaise and lemon rind. Fold in whipped cream, fruit and marshmallows. Freeze in individual molds or refrigerator tray. Place servings on salad plates, garnish with salad greens and some whole Bing cherries with the stems on. Makes 8 servings.

Bing' cherry ice cream is a deluxe treat for very special occasions. Use your favorite recipe for vanilla ice cream, but use almond flavoring in place of vanilla and add a cup or more of chopped Bing cherries.

Your turn to have the ladies for luncheon? How about a big fruit salad with tiny sandwiches. For each serving, prepare 2 or 3 slender strips of cantaloupe or honeydew melon. Beside melon, place plenty of pitted bing cherries, pineapple chunks, banana cubes and walnut halves. Garnish with watercress. At side, place dainty cream cheese sandwiches. Pass pink Mayonnaise - 2 tablespoons beaten current jelly and 1/2 cup whipped cream to each 1/2 cup mayonnaise.

WARNING SIGNS FOR PLASTIC BAGS

Toronto—The society of the Plastics Industry Canada Inc., took steps aimed at preventing further deaths from plastic film used for covering.

The society recommended that warning signs be attached to or printed on all plastic material less than 1-1000th of an inch thick used for garment covers.

The society said in a statement recent suffocations of infants have been attributed to this thin film.

D. B. S. Weekly Highlights

Dominion Bureau of Statistics

Population:

Canada's population reached 17,442,000 at June 1 this year, an increase of 394,000 or 2.3% over last year's June 1 total of 17,048,000. The 12-month increase compares with a gain of 459,000 or 2.8% from the preceding 12 months and a record gain of 563,000 or 3.2% for the period from June 1, 1956 to June 1, 1957.

Prices:

Canada's consumer price index rose 0.2% from 125.6 to 125.9 between May and June this year.

Increase in the food shelter and "other" commodities and services group indexes were partly offset by a decrease in the clothing index.

Transportation:

Cars of railway revenue freight loaded on lines in Canada in the week ending June 21 numbered year's comparable total of 32,229 leaving the January 1 - June 21 total slightly under last year at 1,709,737 cars versus 1,712,693.

Merchandising:

Department store sales in the week ending June 27 were 3.3% greater than in the same period of 1958. Accounts receivable on the books of Canadian retail establishments at the end of March amounted to an estimated \$865,600,000, seasonally below the December 31 figure of \$937,200,000 but 4.5% above last year's like total of \$828,700,000.

Manufacturing:

Production of steel ingots in the week ended July 4 declined

to 91,640-tons from 105,894 a week earlier, the decrease being due mainly to the observance of the Dominion Day holiday. Production of passenger and commercial vehicles advanced 13.5% in the first six months of this year to 242,361 units from 214,001 a year earlier.

Labour:

Average weekly wages in manufacturing rose in April to \$70.02 from \$69.40 in March and \$67.23 in April last year.

External Trade:

Canada's domestic exports in May to all countries declined to \$424,700,000 from last year's corresponding total of \$476,200,000, and the value of January-May exports fell to \$1,352,200,000 from \$1,915,100,000.

ELECTRONIC AGE FOR BIRDS

Niagara Falls, Ont.—City Manager W. S. Orr has decided this year the electronic age is for the birds.

Plagued with hundreds of noisy starlings nesting on one residential street, city council last year coated tree branches there with a sticky substance so the birds would not perch. It didn't help.

As a last resort, residents tried to beat their feathered enemies at their own game and nightly marched around with tins and sticks and noise-makers. That also didn't work.

Wednesday night armed with a sound track of injured starling giving distress calls, playing from a moving truck, Mr. Orr finally chased the disruptive colony away. As a safety measure he'll try the experiment again.

There are some thirty mills, large and small manufacturing paperboard in Canada.

"READ THE MINER AND NEWS CLASSIFIED ADS"

it's a FACT

It took Noah Webster 20 years to prepare his first dictionary of the English language. For 10 of those years, Webster studied English and its connection with other languages. Another year was spent in Europe before the dictionary was completed in 1827. The dictionary, first published in 1828, contained 12,000 words and 40,000 definitions that had never appeared in any similar work before.

Off the Cuff
(Continued from Page 2)
ey team and cleaning test tubes at the Mill. We reckon Jimmie was surprised when he heard that the Norman Cubs have folded their tents and have gone into hibernation. Jimmie always used to say that you could expect to pay your taxes every year, eat Christmas pudding every year and expect the Norman Cubs to finish last every year. But surprised when the news broke that the Cubs were kaput. Course, gotta expect things like that every now and then that's what we told James J. Moorehead.
Baseball is like that Jimmie.

Course when we played it was a might different. Use to ride the rails in class "W" ball and eat beans three times a day. We reckon Jimmie remembers those days.
But if he misses Norman, he will certainly miss those there Dryden Dodgers if they leave the league. Watched the Dodgers play Legion Sunday at the Park and told James all about it. The Dryden team dropped another double header . . . they got beat real good last . . . 22-0 in the opener and 24-0 in the second game. Course it could have been more if the games went nine full innings, but the umpires were getting a might tired of it all and they called it early.
The first game we watched the Dryden Dodgers play was way back when the snow was late in leaving and the ground was still a might wet. However, the Dodgers only got choked 48-0 in about six innings of play with Kcewatin and that was that for the league opening. No little of a wonder why the mayor didn't show up to throw out the ball to open the season, because the

Dodgers would have hired him right on the spot if he could throw the length from the pitcher's box to the plate.
Well, getting back to Sunday's games, there was some mighty fine plays made by that Dodger infield. Legion had a man on first and a double play ball was hit down to the Dodger's pitcher. Now, he picked the ball up all right and he made the throw to second, but Dryden has a slight variation how to play that there double play and the ball was held by one of the infielders until Legion scored a run it

POLICEWOMAN SHARPSHOOTER MAKES MALE COPS STEP

Policewoman Helen Carroll of the Toronto police force is a sharpshooter who has beaten out crack male shots. She is now a member of the revolver squad, and will demonstrate her talent as a feature of the police games in Toronto in July. Policewoman Carroll is

shown above with other members of the revolver squad. Front, left to right, P.C. Frank Ruelens, P.S. Reg Devonshire and P.C. Ed Barkley; and rear, left to right, Sgt. of Detectives Alvin Morrison, Sgt. Duncan McGowan and P.C. Bryant Clarke.

Off The Cuff . . .

(Continued from Page 7)

sure shook up the 29 fans who were on hand for the game. The Dodgers had a tough time in scoring because it took them such a long time to get their bats. Young Bob Blake, the Legion catcher, came to bat three times in one inning in the second game and by that time the Dodger catcher had a book written on his batting habits and they finally got him to "pop" out. Had to laugh at Pat "Cinci" Comber who was pitching for Legion. Young Cinci would throw that ball at the speed of ten miles an hour with a big sink swoop that had the Dodgers fanning like those there dancing girls. Pat told 'ol Moonshine later that he had a tougher time pitching to the young juveniles fresh up from Little League three years back.

We don't pretend to be going into the detective business, but a person happened to ask us a couple of days ago how the Dryden Dodgers ever defeated the Dryden Red Sox. We just don't know. That should be the greatest mystery of this league this

here year. We once knew a team that never lost a ball game because of the water they drank. . . it use to be so hard, you would have to poke a hole in it to get it to run. Just don't know where you can get water like that in the little Lake of the Woods.

Now the rest of this here league is fine and there are certainly a number of good games to uh . . . uh . . . co-m-pen-sate . . . that's right word . . . for these here Dryden Dodgers. I personally think that there never has been a better race between the Legionaires, the Red Sox and the Keewatin nine. In fact, Billy French, the umpire, has told me that it's about the best ball he's seen since coming hercabouts eight years back.

Of course we can't go along with that slogan being whispered that the Dryden Dodgers are 25% better than the Norman Cubs. We just won't cash that cheque at all. No siree! Why the Cubs could've beat the Dodgers by ten runs. Now that's our humble opinion and it does not represent the views of the management.

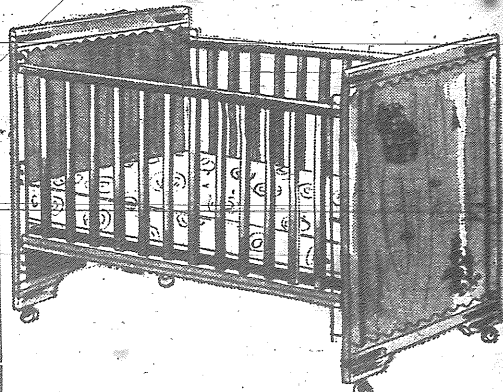

Of course we certainly won't miss the next Dryden Dodger

game here for anything. Not even for to go and see Elizabeth, the Queen who doesn't play baseball. We advise you all to take your children with you and watch the next Dodger game . . . cause that's what they do . . . good and proper like . . . dodge the ball.
