THURSDAY AT EAR FALLS

LIGHTNING INSTANTLY KILLS SLEEPING WOMAN

An American tourist, Mrs. Lois Orindgreff of Wichita, Kansas, was instantly killed when struck by lightning as she lay sleeping in a tent of an island in the Ear Falls area, some forty miles from Kenora.

Ontario Provincial Police at Kenora report that the 31-year-old woman was killed at three o'clock Thursday morning during a violent electric storm. Lightning had struck a tree outside the tent, travelled down to the roots of the tree over which the tent was pitched, then burned a hole in the tent underneath

the woman's head. The lightning went out the opposite side of the tent burning another hole but missing the sleeping forms of her husband Harold, and her two sons.

Dr. J. S. Crispin, coroner of Red Lake attended. The body was released to Moffat Funeral Home, Dryden.

The family were tenting on an island in Lac Seul, near the mouth of Route Bay some forty miles south of Ear Falls.

This is the second death by lightning this summer in this district. Three weeks ago a young boy was killed when sleeping in a camp in the Fort Frances area.

Magistrate's Court

Magistrate J. V. Fregau dealt with a heavy docket at court this morning.

A man from South Porcupine Ontario charged with assaulting a local man and occasioning bodily harm was fined \$50 and costs or 15 days. A similar fine was imposed on a White Dog resident for assaulting a local bartender.

A man from Victoria, B.C. charged with driving without a licence and careless driving, paid \$10 on the first charge and \$50 and costs on the second charge.

An impaired driving charge against a man of no fixed abode resulted in the man being fined \$150 and costs and a licence suspension for six months.

A Kenora man and a Lac Seul man each charged with speeding were each fined \$10 and costs and received three demerits.

Supplying liquor to a minor

cost a district man \$100 and costs or thirty days.

Two local men charged with causing a disturbance by fighting each paid \$25 and costs or 10 days.

Two men, one from Yorkton, Sask., and one from Port Arthur, each paid \$10 and costs or seven days for having liquor at a place other than a residence.

Two first offence drunks each paid \$10 and costs or seven days and a second offender was fined \$50 and costs or thirty days.

Lakehead Sailboats To Compete In Races Here

Eight of the Lakehead's 15 Lightning class sailboats will leave Friday for Kenora to participate in the annual sailing regatta held by the Clearwater Bay Yacht Club, 10 miles west of Kenora on Lake of the Woods.

This is the second year members of the Thunder Bay Lightning Fleet have taken part. Last year skipper Lou Walsh of Port Arthur captured the Bonney-castle trophy.

A total of three races will be held involving the Lakehead Lightnings—two Saturday and one Sunday.

Lakehead skippers taking part will be Robert McCranor, Dr. David W. Burnford, R. J. Prelic, John Paterson, Lou Walsh, Dr. R. Hargen, Dr. R. Mutrie, and Lorne Goodall.

Tribute To Albert Wren

(Sudbury Star)
The hottest contest in the Ontario general election has now been cooled off by an official recount which gave Albert Wren, Liberal-Labor candidate in Kenora, a 47-vote margin over his Conservative rival, Howard Keffler. This was the Riding in which the result at one time teetered on a four-vote margin.

Very rarely does a set change hands in a recount. This must be accepted as a tribute to the work of the deputy-returning officers and their poll clerks in the polling booths, and the election machinery in general. Election results compiled and published by newspaper staffs and supplied to radio and television stations are almost "on the nose" with official returns, which is also a compliment to the election officials who must work under pressure, and speed on election night.

The Conservatives may feel disappointed over their failure to wrest the Kenora seat from Albert Wren, but observers of the

legislative scene at Queen's Park will not be sorry to see the return of Mr. Wren. He is a colorful figure and an independent thinker, who is sometimes looked upon as a rebel when he refuses to knuckle down to a party line. As one of the champions of the North he wins praise from Northerners with conflicting political opinions.

There is always room for a stormy petrel in the Legislative Chambers, providing his sharp criticism is constructive in nature. And the stormy petrel is a species distinct from the parrot; or that peculiar type of bird that makes loud noises only for the purpose of attracting attention.

REVIVAL MEETINGS BEING HELD AT THE THISTLE RINK

Evangelist Fred Jensen is the preacher at the revival meetings being held in the Thistle Rink each evening, commencing at 7:45 o'clock. These meetings were originally scheduled as tent meetings to be held at the mill site, but due to the destruction of the tent in Monday night's storm, the meetings are being held in the Thistle rink. They will continue through to August 23rd.

Rev. Jensen, known as the youth evangelist, is a young man, 26 years old born in Winnipeg of Danish ancestry. He lived in Kenora for two years with his parents, Rev. J. K. Jensen and Mrs. Jensen.

Services will be held every night with Rev. Jensen praying especially for the sick. A special invitation is extended to everyone.

Mrs. M. Stubbins Made Life Member Of L.A. To Legion

Mrs. Martha Stubbins, who is at present a patient in the General Hospital, was presented with a Life Membership in the Ladies' Auxiliary to the Canadian Legion at a special ceremony held Tuesday, August 4th.

Mrs. Mary Bell, Auxiliary past president, made the presentation of the Life Membership pin. Attending the ceremony were Mrs. K. McCulloch, President; Mrs. J. Millings, First Vice, President and Mrs. E. Reid, daughter of Mrs. Stubbins.

Matilda Blom, Pioneer Resident Died Early Today

Mrs. Matilda Mary Blom, a resident of this community since 1893, died early today, August 7th at Bincerest Home following a lengthy illness. Born in Gland, Sweden, September 7th, 1870, she was in her 83th year.

She came to Rat Portage direct from the old country and was married here in 1901. She was a member of Bethesda Lutheran Church.

Predeceased by her husband in 1928, she is survived by three sons, Alfred, Walter and Wilfred and one daughter, Mrs. Gus (Alice) Carlson, all of Kenora, five grandchildren and 17 great grandchildren, also survive.

Funeral services will be held in the Chapel of the Brown Funeral Home on Monday afternoon, August 10th at two o'clock, James Chell, student minister of Bethany Lutheran Church will officiate and interment will be in the Lake of the Woods Cemetery.

AT HOSPITAL BRIDGE

EXPECT STEEL WORKERS TO RESUME WORK SOON

There is a good possibility that work on the new hospital bridge will be resumed in the near future. In Winnipeg this morning, Mr. P. B. Cleugh, manager of personnel and public relations for Dominion Bridge Company said that negotiations are in progress which may well end the work "before very long."

The Company spokesman stressed the fact that the dispute does not directly concern Dominion Bridge. His Company's contract is with the Dept. of Highways of Ontario. The dispute is between the Carpenter's Union and the prime contractor, Con-Bridge Limited as the firm is now known. Steelworkers have left their jobs at the bridge project because of the pickets which the carpenters have at the scene, said Mr. Cleugh.

The dispute with the prime contractor and the carpenter's union concerns jurisdiction, chiefly, thought Mr. Cleugh, who said he was told that the Ontario Labour Relations Board dismissed, on June 25th, an application for certification by the Carpenter's Union and the right to negotiate with the contractor.

However, the M and N informant stressed that Dominion Bridge has no dispute with the Carpenter's Union over the project. He seemed hopeful that the steel erectors would soon return to work.

Meanwhile, the bridge project, vital to Kenora, is being held up, causing mounting public concern.

Edward Caucutt Retires From CPR

Edward Caucutt, Yardmaster at Kenora is being retired on pension.

Mr. Caucutt first entered the service of the Canadian Pacific Railway Company as Clerk at the Locomotive Foreman's office at Kenora and subsequently transferred to the Car Foreman's office here, and on September 26th, 1913, transferred to the Operating Department as a Yardman. He was promoted to Yardmaster at Kenora on January 1st, 1927, and has worked in that capacity since that time.

Mr. Caucutt was born at Rat Portage, Ontario on August 22nd, 1894, and was married to the former Diana Villeneuve of Kenora, Ontario, on February 28th, 1922 at Salt-Lake City, Utah.

The Caucutt's have two daughters, both residing in Victoria, B.C. Mr. Caucutt is a member of the Brotherhood of Railway Trainmen, I.C.O.F., and Canadian Legion. His hobby is fishing and he hopes to spend a great deal of his future spare time at this.

Mr. Caucutt's father was a

conductor with the Canadian Pacific Railway Company at Kenora for a long number of years.

Mr. Caucutt saw military service in the First World War with the 52nd Canadian Battalion in France and Belgium and was in the army from August 3rd, 1915 until March 4th, 1919.

The Caucutt's reside in Kenora at 207-8th Avenue South and anticipate making their future home here.

Watch Out For Bogus \$10 Bills

Bogus \$10 Canadian bills may soon be finding their way into Kenora if local merchants are not on the lookout.

The RCMP at the Lakehead issued the warning yesterday and the description of the counterfeit bills.

The counterfeit bills are being passed by a team which appears to be following Royal American Shows across the country. The circus swings into the U.S. after completing its Lakehead commitment and this the last spot the counterfeiters will be able to work for a while.

CANADIAN ENGINEERS BRING PROGRESS TO PAKISTAN

Canadian professional engineers are helping to bring progress to under-developed nations in the far corners of the earth under the Colombo Plan. A case in point is the huge Warsak hydro-electric power project in northwest Pakistan. Located on the Kabul river, the project consists of four hydro-electric generating units, each with a capacity of 55,000 horsepower. When completed next spring the project will supply energy to a 45,000 square mile region and also provide irrigation for 100,000 acres of arid plain. In addition to the 156 Canadian engineers and technical personnel employed on the huge project, there are also 10,400 native tribesmen. The Colombo Plan provides all engineering services, construction services and equipment. Picture shows Mr. E. L. Miller of Montreal and Mr. M. F. Rodman, Uxbridge, Ont., at the east end of the Warsak Dam powerhouse.

Watch Out For Bogus \$10 . . .

(Continued from Page 1)

The bogus bills are easily recognized if carefully scrutinized but if accepted with only a quick glance they can easily be mistaken for the genuine article.

The back of the counterfeit bill is its weakest point. The coloring is light and snowy.

On the front, the Queen's eyes are very dull and dark. Printing at the bottom is faded white and almost undiscernible.

The paper is not good quality and can be distinguished if run between the fingers.

Twenty-five of the phoney bills were passed Saturday the final night of the midway in Regina. Carnival people are watching and it is expected they will try to hit concessions operated by local church groups and people who might not be aware of the existence of the phoney bills.

The RCMP have a good description of two men involved. One is approximately 5 foot, 11 inches, 180 pounds, dark brown hair, dark complexion and appears to be of Polish origin. He wears a dark beige suit and his appearance is described as "neat".

His accomplice is approximately 5 foot, 9 inches, about 20 years old, dark complexion and dark curly hair. He was wearing a light brown jacket when operating in Regina.

Anyone receiving a counterfeit bill, or suspicious of a hotspot in their possession is instructed to contact the nearest police detachment without delay.

it's a FACT

At the age of 17, Benjamin Franklin arrived in Philadelphia after a trip by boat and on foot from New York. All the clothing he owned was stuffed in the pockets of his great coat. To satisfy his hunger, he purchased three enormous loaves of bread. As he walked down the street, eating one loaf, carrying another under each arm, and his pockets bulging, one of the first people he met was Deborah Read. All she could do was laugh, never dreaming she would one day be his wife.

KEEWATIN NEWS

Mrs. Kember

Mrs. M. Bristow of Teulon, Manitoba is visiting at the home of Mr. and Mrs. Percy Baker.

Mr. W. Gordon of Beauport spent the holiday week end at his home.

Mrs. A. B. Johnston and Mrs. W. Lyle have returned home from a six weeks holiday spent at Vancouver and other western points.

They were the guests of Mrs. Johnston's son and daughter-in-law Mr. and Mrs. A. Johnston and also her brother-in-law Mr. James Johnson and Mrs. Johnson.

Mr. and Mrs. A. Stastud and family of Brandon, Manitoba are guests of her brother-in-law and sister, Mr. and Mrs. G. Braut.

Mr. and Mrs. Peter McPherson accompanied by Mr. and Mrs. Douglas McPherson and family have returned from a holiday spent at points in U.S.A. returning home via Fort William, Ontario.

Mr. and Mrs. Frank Reading of Winnipeg, Manitoba were guests recently at the home of Mr. and Mrs. Peter McPherson.

Guests at the home of Mr. and Mrs. W. Armour are her daughter and son-in-law and family, Mr. and Mrs. E. Feltz of Sioux City, Iowa.

Mr. and Mrs. Harry Pugh are guests at the home of Mr. and Mrs. J. B. Smith, Kenora and visiting at the home of her aunt and uncle, Mr. and Mrs. Peter McPherson.

Mr. and Mrs. J. Gordon and daughter of Fort William are visiting at the home of his parents, Mr. and Mrs. Hugh Gordon.

Mr. and Mrs. H. Lyle of Virden, Manitoba are visiting at the home of their son-in-law and daughter, Mr. and Mrs. H. J. Rolston.

NUDISTS NAME QUEEN

Yelm, Wash. — A Vancouver mother of two, wearing nothing but a smile, was named "queen of the nudists" at the American Sunbathing Association convention's closing session here.

Mrs. Leona Tompson, 30, won over a field of eight skin-clad women Sunday who paraded before judges at the convention site in the Bald Hills area south-east of here, about 160 miles south of Vancouver.

The convention was attended by about 700 Canadian and American delegates, who camped out for about one week in trailers, tents and cabins. Mrs. Tompson, who has been a nudist for five years, said, "It's a wonderful way to bring up children."

A 14-year-old Victoria girl, identified only as Sylvia, was named princess of the sunbathers.

The explorer Simon Fraser originally called what is now the British Columbia mainland by the name of New Caledonia, a poetical

term for Scotland, a land Fraser had never seen but that he thought resembled our west coast.

Here's An Easy Way To Pay For Auto Insurance

You can take some of the strain off your automobile insurance budget by buying a six-month policy. This way you split the annual cost in two.

NOTHING ELSE CHANGES — YOU GET . . .

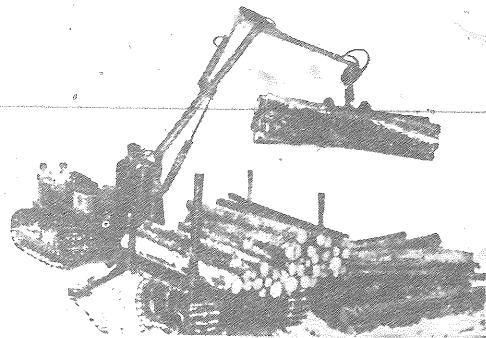

● Personal service from your local agent ● A standard insurance contract ● Unexcelled coast-to-coast claim service ● Unquestioned financial stability.

And, you join with thousands of other careful motorists who have received regular dividend savings.

Townsend, Johnson Tied For Little League Batting

by Bob Baker

Jerry Townsend and Bobby Johnson are the co-batting leaders of Little Canadian Baseball according to Duke Beyko's latest statistics. Townsend has slipped eighty-nine points from his 563 mark to a still respectable 474. Johnson has come on in a rush from nowhere to tie at 474 also. Third is Dennis Barchuk of Dingwall's at 409. Les Brown, a Coca Cola tea mate of Townsend, has raised his mark thirty-four points to a second place standing at 355. Ralph Jacobson of Lumber Kings and Bobby Freeman of Acme are tied for fourth at 375, while Billy Cook of Acme is right behind at 368.

In home runs it is Dennis Miska with five and Billy Cook with three.

A mistake was made in the standings, but is now corrected. Acme and Lakeland should have been in each others place. My apologies to the players, coaches, and parents.

LEAGUE STANDINGS

Team	W	L	GB
Coca Cola	10	3	—
Lumber Kings	9	4	1
Dingwall	8	6	2 1/2
Lions	6	8	4 1/2
Acme Cleaners	4	9	6
Lakeland	3	10	7

Saturday night Acme Cleaners and the Lumber Kings will play. A loss for Acme will put them out for sure this time, while these up-and-down Lumber Kings

LEFT TO WATCH HER PUPS DIE

Markham, Ont., township police are searching for the meanest dog owner in Southern Ontario—a person who callously tied a German shepherd to a tree, put her six pups in a box nearby and left the animals to die of

hunger and thirst within sight of a stream. Since they were found by a young couple out walking their own dog, two of the pups have been placed in a home and the mother and remaining pups are at the dog pound.

Coming Attractions. **RX Murder: Intent To Kill** - adult; **These Thousand Hills** - adult; **Peter Pan: The Mating Game**

are in a good position to top first place after a surprising 9-5 win over Coca Cola last Saturday. Monday Lumber Kings play Coca Cola on "A" while Lions play Lakeland. Thursday, Dingwall plays Lakeland at "B" while Acme plays Coca Cola. This will round out the schedule including rained out games.

English Town Says Royalty Snubs Them

Bridgewater, England — Residents of this town of 25,000 are complaining that they are the victims of royal snubs because of events that took place more than 300 years ago.

The snub is denied by Buckingham Palace.

The local council voiced its feeling on the matter at a meeting Saturday.

One council member W. O. Coate, who said his mother told him Queen Victoria's train always had the blinds drawn as it passed through Bridgewater declared:

"I think it is about time we were told by Buckingham Palace if we are not wanted."

The council claims that in the 310 years since the end of civil war in England the only visit to Bridgewater by a member of the Royal Family was by Princess Alice and the Earl of Titchborne in 1938.

The civil conflict is at the crux of the matter. Residents claim the snub results from the fact that Bridgewater was the base for the Duke of Monmouth's long-ago rebellion.

But a palace spokesman said: "I am certain Her Majesty and Prince Philip would be delighted to visit Bridgewater if the necessary arrangements were made and other engagements permitted."

"It is not true that the Queen would slight any town and certainly would not be influenced by anything that happened in the past."

"I have no doubt her attention will be drawn to the com-

You and Your Camera

ARTICLE NO. 6

By Jerry Field

I'm no photographic "expert". I simply happen to like the life of my family and I am living - or at least, most of it - and the very pleasant life we have in which to live it.

By contrast I don't like my memory anywhere near as much because it's always forgetting things I want to remember. So I take pictures - and frequently in the pictures I take I find things I'd overlooked at the time I shot them. This makes me like pictures even more.

I prefer to take color pictures as a rule, for this is a colorful world. And for all these reasons I've decided that the 35mm or "miniature" camera - which is a great little film miser at making color prints or color transparencies, as well as black-and-white snaps - is the most gifted little memory jogger that ever came down the photographic pike.

Some friend of mine (and I used to feel the same way) thinks these miniature cameras are pretty tricky. I suppose they are - to make. But they certainly aren't to use. They've got a few more numbers on them than the simplest box-type camera, but they're on there to make picture-taking easy and certain. You can do just about anything with these cameras in terms of light conditions and picture opportunities, and those handy numbers smooth the path all along the way.

To give you the best example - the very vital matter of getting the right exposure. This is achieved, of course, by having the right combination of lens opening and he length of time that opening is open. Or in other words, aperture size and shutter speed.

They do it differently, these days. That "if" business - confusing as it often has been to the amateur - may be on the way out. In fact, there are now 35mm cameras available that deal with "exposure values" in terms of numbers; and for each familiar light condition there's an exposure-value number doped out by some genius and matched to the qualities of whatever film you've decided to use.

It's all charted out on handy tables supplied with G. cameras, and on sets of little cards - one for each film - obtainable from dealer and film manufacturers.

and can even be read directly from up-to-date exposure meters, which in some instances are built right into the 35 mm cameras. They all agree, and they all work.

Let's say the number for the light under which you're shooting and the film you're using is "12". This doesn't indicate either the size of the lens opening or the quickness of the shutter action. It's simply your exposure value. There's an exposure-value scale on the 35 mm-camera with a whole string of numbers, among them, "12". You set a little pointer at "12" and you've locked together shutter speed and lens opening so that if you change either you change the other to compensate, automatically. The result - your exposure remains right on the button every time. And does that ever make things easy!

You know, I'm sure, what factors prompt you to want a large, or medium, or small lens opening? Or an extra-fast, or average, or slow shutter speed? To make the extremes - you want a small lens opening so as to get all possible depth of detail in, as one example, a scenic - and if you

set to a small lens opening you'd ordinarily have to set the shutter so it will take a longer look through that small opening. Not with these cameras!

If, in our example, you change from an average "8" aperture to a smaller "16", the shutter speed automatically changes its setting from an average 1/60th action to a slower 1/15th. But maybe you're shooting a fast-moving subject. Here the important thing is a rapid shutter speed that will stop the action cold. And this obviously also means that you will have to use a larger lens opening - but you don't have to worry about it. If you set your shutter at, let's say 1/500th of a second - and I'll wager you won't find THAT figure on most still cameras - the lens automatically opens way up to "2.8" and your exposure remains uniform.

Pretty neat, eh? Everything about these 35mm cameras is neat... and trim... and compact.

Of 20,000,000 books sold every year in South Africa, more than 1,000,000 are books written and produced there.

IN THE MATTER of By-law Number 522 of The Corp- oration of the Township of Jaffray and Melick.

BEFORE:

W. GREENWOOD, B. Sc., Member.

MONDAY, the 15th day

— and —

of JUNE, 1959.

D. JAMIESON, Member.

UPON THE JOINT APPLICATION of the municipal councils of the Corporations of the Town of Kenora and the Township of Jaffray and Melick and a public hearing having been held on the 12th day of May, 1959, at the council chambers in the Town of Kenora, proof of publication of notice having been filed, and no person having appeared to oppose the applications and upon consideration of the material filed;

THE BOARD ORDERS:

1. THAT the proper boundaries of the Town of Kenora are as set out in Schedule "A" attached hereto and forming part of this order.

2. THAT in accordance with Section 6(2) of The Municipal Corporations Quietening Orders Act (R. S. O. 1950, C. 245), as amended, the Town of Kenora shall within sixty days of the date hereof cause a copy of this order to be published in a newspaper having general circulation in the area.

O. R. CHAPMAN, Secretary.

SCHEDULE "A"

TO THE ORDER OF THE ONTARIO MUNICIPAL BOARD DATED MONDAY, THE 15th DAY OF JUNE, 1959

PREMISING that all bearings hereinafter mentioned are astronomical as derived from astronomical observations on polaris;

COMMENCING at an iron bar cemented in rock on the west boundary of the Town of Kenora near the southerly shore of the west branch of the Winnipeg River and which iron bar was planted by Provincial Land Surveyor E. Stewart in the year 1889 to mark the boundary between the municipalities of Keewatin and Rat Portage;

THENCE north 00 degrees 04 minutes and 30 seconds west (N 00 deg 04' 30" W) 68,808 chains to a municipal survey monument marking the northwest corner of the Town of Kenora and being also the northwest angle of surveyed location D119;

THENCE north 89 degrees 50 minutes and 30 seconds east (N 89 deg 50' 30" E) and being along the north boundaries of Surveyed Locations D119, D120, D122 and D123, 95,980 chains to a municipal survey monument marking the northeast angle of surveyed location D123;

THENCE north 89 degrees and 47 minutes east (N 89 deg 47') 70,278 chains to a municipal survey monument near the westerly shore of the east branch of the Winnipeg River, east of Old Fort Island;

THENCE continuing on the same course of north 89 degrees and 47 minutes east (N 89 deg 47') a further distance of 16,686 chains to a municipal survey monument;

THENCE north 89 degrees 36 minutes and 30 seconds east (N 89 deg 36' 30" E) 100,736 chains to a municipal survey monument at the intersection with the boundary between Lot 5, Concession VI and surveyed Location 16V in the geographic Township of Jaffray;

THENCE continuing on the same course of north 89 degrees 36 minutes and 30 seconds east a further distance of 38,382 chains to a municipal survey monument marking the northeast corner of the Town of Kenora;

THENCE south 00 degrees 12 minutes and 00 seconds east (S 00 deg 12' 00" E) 137,190 chains to a municipal survey monument marking the southeast angle of Lot 4, Concession III in the geographic Township of Jaffray;

guests. The bride was also honoured when the leader of Calvary Church entertained for her at the home of Mrs. L. Pearce of Maman. The guest of honour was the recipient of many lovely gifts and later the hostesses served refreshments.

Out of town guests included: Mr. and Mrs. Bill Scherk of Lac du Bonnet, Man. Mrs. Gladys Baker of Vantage, Saskatchewan. Mr. and Mrs. Earle Grener of Vantage, Saskatchewan. Mrs. Ida Hoffos, grandmother of the bride, Vantage, Saskatchewan. — Mrs. Vello Maua, Red Lake. Mr. and Mrs. J. C. Oliver and Joyce of Winnipeg, Manitoba. Mr. and Mrs. Mark Fisher, Winnipeg, Manitoba and Miss Mary Steves, Winnipeg, Manitoba

HE WENT TOO FAR

Waterloo, Iowa — Kenneth Kirxey walked into a downtown laundromat to wash his clothes. Housewives hardly noticed when he threw a shirt into a machine. But one screamed and another called police when he threw in his trousers too. He was washing the clothes he had on. Kirxey, 32, was fined \$15 and costs in municipal court Friday for disorderly conduct.

TO ALL BOAT OWNERS AND OPERATORS ON LAKE OF THE WOODS

At this time of the summer season when numerous gas boats and pleasure craft are operating and company tug boats are towing pulpwood and logs, we respectfully solicit your co-operation in our endeavour to keep the lake clear of floating pulpwood, logs and dead heads. When gas boats run too close to a tow of pulp or logs, the swell has a tendency to wash out some of the pulp and logs, and it is for this reason that we ask you to:

- (1) When passing a tow, either being towed by tugs or in storage, keep at least 100 feet from boom. When it is not possible to do this, if in narrows, slow down till past the tow or boom.
- (2) When following a tow of pulp or logs, watch for any stray logs or pulpwood sticks which may have worked out from rear of tow.

If these precautions are observed by all boat owners, it will keep the lake free from floaters and will help eliminate damage to small craft.

The Ontario-Minnesota Pulp and Paper Company Limited
LOGGING DIVISION
Kenora, Ontario

Mr. Arthur Murray of Kenora wishes to announce the engagement of his daughter Roseanne to Mr. Richard Burrell of Winnipeg, son of Mr. and Mrs. Richard Burrell of Ridgeway, Ontario. The wedding to take place in Winnipeg August 29th.

ANNOUNCEMENTS

Attention Carpenters of Local Union 1669 and families. Your picnic will be held this Sunday, August 9th at 2:00 p.m. at the Agricultural Society Grounds at Rabbit Lake. Treat tickets for members children will be distributed at the picnic. Races, games, and fun for all.

ANDERSON — HOFFOS

The marriage of Dorothy Lorraine, only daughter of Mrs. Eva Hoffos and the late Mr. Arnold Hoffos, to Mr. Kenneth Francis Anderson, all of Kenora, Ontario, was solemnized at a double ring ceremony at Calvary Church, Saturday evening, August 1st at seven o'clock.

The church was decorated with white and pastel coloured gladioli and other summer blooms.

Rev. J. N. Vance conducted the nuptial service and the church ushers were Messrs. Kenneth Paul and Jack McMillan. Mr. Roy McDonald was best man. Miss Essie Rogers was soloist and was accompanied by her sister Miss Lily Rogers. Miss Vance prefaced the ceremony with the marriage hymn and the wedding prayer and during the signing of the register rendered "Thankful God Gave me You."

The bride was given in marriage by her uncle, Mr. Percy Paul of Winnipeg. She wore a gown of white net and French lace. The gown featured a fitted bodice with high neckline, trimmed with seed pearls and rhinestones. Lilly pome sleeves and full skirts with inset of lace. She wore a shoulder length veil and carried a bouquet of red roses with sweetheart roses arranged on ribbon. Her only bridesmaid

ment was a gold chain and a cultured pearl.

Mrs. Allen Massey, cousin of the bride was matron of honour and wore a three quarter length dress of turquoise nylon net over taffeta. Her headdress was of matching material and she carried a bouquet of white carnations.

Miss Margaret Hague was bridesmaid and wore yellow net over taffeta. Her headdress was of matching material and she carried a bouquet of white carnations.

A reception took place at the Masonic Hall when some seventy five guests tendered their good wishes and congratulations. Mr. Wayne Osser proposed the toast for the bride and the groom responded. The best man read telegrams of congratulation, one of them being from the groom's only brother, Jerry Anderson.

Later relatives and guests assembled at the home of the bride's aunt, Mrs. Mae Baker, Second Street South to view the gifts received by the happy couple.

Mrs. Hoffos, the bride's mother chose for the occasion a printed blue nylon dress and white accessories. Her corsage was of red roses.

Mrs. Ida Hoffos, the bride's grandmother, from Vantage, Saskatchewan, chose a black afternoon dress with white accessories.

Prior to her marriage the bride was entertained at a towel shower given by Miss Florence Baker and Mrs. Allan Massey. Miss Peggy Broughton modelled a sack dress and refreshments were later served to some twenty-one

Aeschylus, born near Athens in 525, was the originator of the drama as we know it. Before his time there had only been choral songs and recitations by single persons. But Aeschylus wrote these recitations so that two people could speak them and gave them costumes, and the rudiments of drama were established.

Ontario Gold Mines Production Down

For the first six months of 1959, Ontario's 30 producing gold mines reported milling 4,671,480 tons of ore from which was produced 1,331,794 ounces of gold and 194,346 ounces of silver, valued at \$45,237,859. For the same period in 1958 the same mines milled 4,975,262 tons of ore, producing 1,345,162 ounces of gold and 220,777 ounces of silver, valued at \$45,859,403.

In the month of June, the 30 mines milled 768,725 tons of ore, which yielded 213,485 ounces of gold and 31,692 ounces of silver, valued at \$7,178,823. In June 1958 the same mines milled 775,140 tons of ore, which yielded 228,960 ounces of gold and 42,275 ounces of silver, valued at \$7,740,144.

The daily averages for June were 25,624 tons milled, 7,116 ounces of gold and 1,056 ounces of silver produced, having a value of \$239,294. There was an average of 11,119 wage earners, and the average grade of ore was \$9.34.

VEHICLE OUTPUT LESS THAN HALF

Toronto — Canadian motor-vehicle production this week is estimated at 3,268 vehicles compared with 7,451 last week, says the Canadian Automobile Chamber of Commerce.

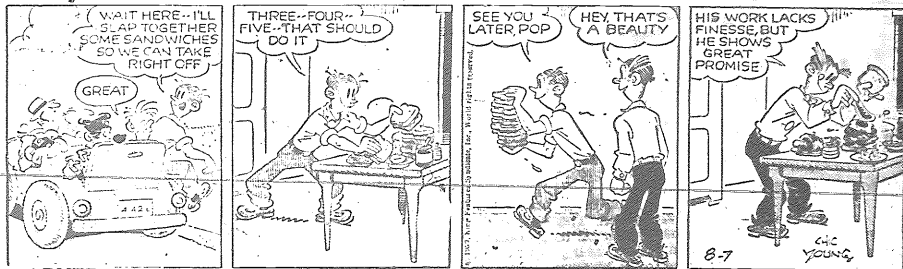

The drop in production reflected the holiday and model changeover period.

Production to date this year is estimated at 276,700 vehicles compared with 241,449 in the corresponding period last year—made up of 227,147 cars compared with 204,438, and 49,553 trucks compared with 37,011.

Traffic Deaths And Injuries Reduced

The number of Ontario people killed and injured in traffic in the first six months of this year is down despite an increase in the number of accidents, it was announced today by Hon. John Yaremko, Ontario's Minister of Transport.

"It is the next five months that will count, those months following Civic holiday weekend, if the reduction is to be maintained," he said. Based on past records the number of accidents in the second half of the year has been consistently greater than those recorded from January till June.

Traffic accidents causing death have dropped steadily since 1939, when fatal accidents accounted for 4.2% of all reported accidents. By 1958 they amounted to 1.3% of all accidents. Similarly, personal injury accidents dropped from 62% of total accidents in 1939 to 26.7% of total accidents in 1958.

The accidents that have increased and that are bulging our files are those involving property damage only, the Minister stated. These have risen along with motor vehicle registrations since the war years.

Commenting on the latest accident figures, Mr. Yaremko stated: "The fact that the first half of 1959 saw substantial reduction in the severity of accident, is related to the province's highway safety program of which we consider the Demerit Point System an integral and most important part.

"Drivers are definitely exercising more care on the roads and it is to the great credit of our 2 million motorists that we have been able to make substantial headway in our efforts to achieve greater safety on our streets and highways for all."

Even greater, will be the cumulative benefits expected when erring drivers, who have accumulated 9 demerit points, will be personally interviewed by trained department personnel to find out why they are continually involved in traffic violations - violations which lead to accidents.

"In the final analysis it is the individual driver who must police his own driving practices. No program of traffic safety, however grandly conceived or ably administered, will achieve its intentions without the support of each and every driver. I appeal to every motorist in Ontario to drive with extra care and consideration in the critical months ahead."

WISE OWL IS DUMBER THAN HEN

New York - Who's the pretentious fraud unmasked as the prize dimwit of the bird world? Mr. wise old owl, that's whoooo. A Cornell University biologist declared Monday that despite their scholarly mien, owls are

KENORA DAILY MINER AND NEWS

just plain stupid.

"They are even dumber than chickens, if that's possible," said Roger S. Payne.

After two years of studying owls, Payne said, he has concluded that the first most curious thing about them is their almost complete inability to learn by experience.

The second, is how they ever succeeded in being thought wise in the first place.

"They don't seem to be very far from earthworms, which only know enough to advance or contract," he said.

Poison Control Centres are a growing movement in Canada organized to provide a centre where records are kept of all commercial products that contain poisonous ingredients. Doctors may call, name the product which has been swallowed and information on the formula will be supplied, plus the necessary treatment.
