## BOY LIVES AFTER 15 MINUTES UNDERWATER

Seven-year-old David Berg of Wabigoon, a small village near the town of Dryden is enjoying life to its fullest little realizing that he is a very lucky boy to be alive. David, you see, fell off a dock into sixteen feet of water, was rescued after being under for almost fifteen minutes, and revived after artificial respiration had been applied.

The story released today by the Ontario Provincial Police at Kenora stated that young David had been playing with a chum on the government dock at Wabigoon. After falling into the sixteen feet of water, his chum ran for his mother. Not being able to swim, she ran some two hundred yards to a store where she enlisted the aid of James McEvoy of Wabigoon and Evert P. Kerr of Dryden.

McEvoy, taking his clothes off as he ran to the dock, dove in the water. His first attempt failed to find the boy. The second time he grabbed the unconscious lad and in surfacing came up under the dock. The third attempt proved successful and the boy was brought up to the dock. Artificial respiration was immediately applied by McEvoy and Kerr with the boy regaining consciousness some ten minutes later.

Dr. W. Wigle of Dryden attended and stated that it was most unusual that anyone could live after being in the water for as long as David.

The accident is reported to have happened a few days ago.

## VISITORS JOIN RESIDENTS IN LEGION DECORATION DAY SERVICES

Citizens of Kenora, Keewatin and the district, together with visitors from many parts of Canada and the United States gathered at the Cenotaph Memorial Park, Sunday afternoon for the annual Kenora Legion Decoration Day Service.

Proceedings commenced following a parade led by color parties from the Keewatin, Redditt, Red Lake, Sioux Lookout and Kenora Legions and the Peter and Graham Post, Veterans of Foreign Wars of International Falls. Also taking part were members of the Winnipeg Police Pipe Band and service men and members of Ladies' Auxiliary from all parts of the district.

Comrade James Milne of Crescentwood - River Heights, Legion No. 163 of Winnipeg, guest speaker spoke in glowing terms of the Seventh Annual United Nations Seminar for selected high school students from Manitoba and Northwest Ontario held at Brandon in July.

This venture is sponsored by

the Legion and various Manitoba organizations. The purpose of the seminar, he said, was to encourage and assist high school students to a realization of the fact that each individual has a part to play in United Nations organization and that preparation is necessary for responsible world citizenship.

Well informed youth can have a tremendous impact on what Canadians think in the next few years, he said, and therefore the United Nations Association in Canada encourages conference of selected high school students as a contribution to the equipment of Canadian youth as future leaders.

Mr. Milne also traced the growth of the Legion-sponsored Canadian Youth Training Plan and told of the contribution being made by the organization toward developing top Canadian athletes for Olympic competitions.

Wreaths were laid by members of the Kenora Legion and Ladies' Auxiliary, the Keewatin Legion and Auxiliary, the Redditt Legion and one from the Town of Kenora. Comrade J. H. Olson sounded the Last Post and after the two minutes' silence Reveille. The service ended with the singing of the Queen.

Prior to the afternoon service, the soldiers' graves were decorated in a special service at 9.30 a.m.

A group of rocky islets off the Pembrokeshire coast in Wales is known as "the bishop and his clerks."

## Carpenters' Union Hold Successful Picnic Sunday

Old man weather smiled on the Carpenters' picnic held Sunday, August 9th at the Kenora Agricultural Society grounds at Rabbit Lake. The picnic committees of Carpenters' Union No. 1669 and the Ladies' Auxiliary No. 758 combined to give their members, families and a few guests a wonderful time. The committees are to be congratulated for a job well done.

In the foot races every child entering proved to be a winner with prizes being provided for every contestant. The kids sack race proved to be the funniest of all.

Free hot dogs, pop and ice cream went over "big" with the children but free pony rides with Jim Robson in charge proved to be the most popular.

In the rolling pin throwing, Ruth Bergman led the way with a new unofficial record of 87 feet six inches with Olga Lund and Mrs. W. Aitkens close behind. Young Mr. Aitkens showed that mother had given him a few lessons by leading a class of four men.

In the nail driving contest Don Hager won by driving a 3/2" spike into dry spruce with two blows. Four other wood-butchers also tied the first time with two blows but could not duplicate the feat as Don did. The Carpenters' Union is very proud of versatile Don who won the Coney Island Marathon Swim in record time of 52 minutes last week.

Daisy Moorey led the ladies by driving a 3/2" spike with only four blows.

In the tug of war the men and

## L & F Minister To Visit Here Tuesday Morning

The Minister of Lands and Forests, the Hon. J. W. Spooner, accompanied by several of his senior assistants, will arrive in Kenora tomorrow for a brief visit. It will mark the first time Mr. Spooner has been in the district since he took office.

Accompanying the Minister are G. H. V. Bayly, assistant Deputy Minister; J. A. Brodie, Division Chief, Division of Timber and Forestry; J. E. Tremblay, Executive Assistant; J. M. Main, Conservation Education Supervisor and Mr. T. Jenkins. All are from Toronto, and flew to Winnipeg Sunday and to Fort Frances today where they are being shown lands and Forests establishments by Mr. A. S. Bray, Regional Director of Post Arthur and Mr. R. Boulton, Regional Forester of Fort Frances.

Tuesday morning the party will fly to Sioux Narrows where they will be met by Mr. Frank Sider, District Forester and senior Kenora officials. During the 15 minute stop, the Minister will be shown a typical Junior Forest Ranger Camp where 12 boys, living in 3 huts are doing a job, in the words of Mr. Sider, "of which we are very proud."

The two other aircraft will continue to Kenora for a brief stop, then travel north along the route of the Minkai Road up to Whitdog and Caribou Falls areas, for aerial inspection. The

FORMER M & N EDITOR

## PRAISES ROYAL TOUR FILM SHOWING LOCALLY

Adult readers will recall the familiar signature "Tom Johnston" on the masthead of the Miner and News some years ago. Radio listeners agree that the annual Radio Patrol just wasn't the same after Tom left Kenora to go to war. He was the original M.C. on the show. Today Tom is back for a brief holiday. He responded to our invitation to contribute to today's paper like the traditional fire horse when the fire bell rang. It is a real pleasure to present Tom Johnston former editor of the paper again. Stuart King.

It goes without saying that there have been many changes in Kenora, Keewatin and district since 1942, when I last worked on the Miner and News.

The paper itself has undergone some changes, for in those days we published just twice a week, on Tuesdays and Fridays. Stuart King was our circulation manager. When he came to the Miner and News, I recall, we had a circulation of about 1,500 copies. With his characteristic energy, it wasn't long before he had increased our distribution to more than 2,000 copies each issue. I haven't had time to ask about the current press run of the Daily Miner and News, but I'm sure it will have kept pace with the development and progress which is so readily noticeable throughout the community.

last feasible Hydro development site at Maynard Falls will also be viewed before the party lands at Jones, for lunch, as guests of

(Continued on Page 10)

## Plastic Bag Causes Death Of Kenora Baby

Kenora's first infant death by suffocation with a plastic bag occurred Saturday, August 8th, when a six-month-old William "Doc" was discovered dead in her crib by her father Lewis Goss, governor of the District Jail.

It is reported that a plastic bag had been used as a pillow case over top. In some way, the cotton pillow case had been pulled back, and the child was found with its face against the plastic bag.

The baby is survived by her parents, one brother, four sisters and her maternal grandparents, Mrs. T. Clarke of St. Catharines, Ontario.

Funeral services were held in the Chapel of the Crown Funeral Home this afternoon, Monday, August 10th, at 3.30, with the Rev. Father Savoie officiating. Prior to the service, Miss Goss said at Notre Dame Church at eight a.m. Interment was in the Roman Catholic Cemetery.

While it's interesting to notice the way things have changed, it has been equally interesting for me to see quite a few familiar faces and places. Al Sherrett, with whom I worked on the Miner and News when I first started in the newspaper business, was one of the first I met. Optimistic as ever, Al told me the district is enjoying an excellent tourist season. Over the years, I'm sure no one has worked harder than Al to foster the travel trade in this part of the country.

I. G. "Rip" MacDonald brought me up to date on news of his family. When he told me about Bruce, being a lawyer in Vancouver and about Dr. Grant being in practice here, I had to pinch myself just a little to realize that these successful young professional men had been the carrier boys who helped bring the Miner and News to Kenora homes when I left was here.

But if I happen to be looking at the home town places, and people with a nostalgic eye, my five-year-old son, Kent, is discovering Kenora and Keewatin are lively, exciting places to visit. My wife, Joan, and I have been here only a couple of days but he has already sampled fun and adventure that is not the usual lot of a child brought up in a city.

Over the weekend we went to a ball game, something he had previously seen only on televi-

of \$5, \$3 and \$2 for the most interesting answers, and to five other lucky winners we'll give double passes to the next attraction at the Paramount."

I couldn't think of any objections, so the contest is now on. Entries should be mailed to the Paramount Theatre, or left at the box office. The contest closes Saturday night, the same night that Royal River winds up its four-day engagement. Remember, all you have to do is complete the phrase: "As well as seeing Royal River, I think Kent Johnston should see . . ."

Make only one suggestion on each entry, but enter as many suggestions as you wish. In each case, give some reasons for your suggestion. For example, if you think Kent should go to Coney Island, point out that this is probably one of the finest beaches in all Canada, and one he just shouldn't miss visiting. Is there a blacksmith shop he could still visit, or have they all disappeared? These are just a couple of ideas; send yours in now to the Paramount.

Prize-winners will be published in the Miner and News next Monday. Decision of the judges, to be final, as it says in all the big contests.

ually be a tree farm which will turn out 14,000,000 jackpine, black and white spruce, white and red pine, each year.

The Minister will then continue on to Sioux Lookout division for a tour on Wednesday.

Canada's fish, whether fresh water or salt, in an economical and tasty food, particularly suitable for children, older people and invalids, because of its easy digestibility. It should be on everyone's menu at least twice a week.

tion. They've visited the bakery in Keewatin and saw Fred Walker baking hundreds of loaves that were on sale in Kenora and Keewatin stores early this morning.

Today if we have time (after he has his daily swim) we'll try to visit the fire hall in Kenora or in Keewatin.

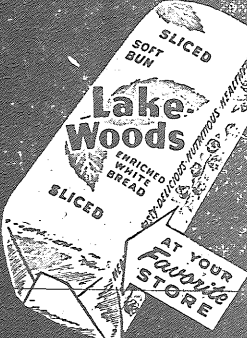

On Wednesday, we have an important date to keep. That's the day we are going to the Paramount theatre to see "Royal River". This is a National Film Board picture which was the recent visit of Her Majesty the Queen and Prince Philip to show some of the historical importance of the St. Lawrence country to Canada and North America.

For the last six weeks I've been spending a good deal of time publicizing this picture so far. I've been at preview screenings of it in Toronto and Winnipeg, and audiences there have enjoyed it very much. The picture is playing in Kenora next ten days after it was completed. It includes some exclusive pictures of the Queen and the Prince, taken aboard the Royal yacht Britannia.

My family are as anxious as any to see the picture, and I feel sure they'll like it. For Kent, being able to go to a movie is a particular treat, for youngsters are not allowed to attend theatres in Montreal, where we live. You'll realize, then, how he is looking forward to Wednesday and the chance to see "Royal River" . . . as well as all the other things we hope to show him in and around town in the next few days.

When I mentioned this to Doc, is Dean, the assistant manager at the Paramount theatre, she had an idea. "Why don't we run a contest?" she said. "Let people offer suggestions about the places and things your boy should see while you are here. We know he is going to see Royal River, so let's ask people to write us letters reading: 'As well as seeing Royal River, I think Kent Johnston should see . . .'

Dennis Laliberti traded the catcher's tools with Stu Barber Saturday night and promptly hurried the Lumber Kings past Acme-Kenora Cleaners 11-1. Thus the cleaning boys bow out of the play off picture for this summer.

Four hits in the first inning scored four runs as Eddie Scribilo copped the rally with a two-run double off starter and loser Jimmy Hodges. Acme came right back at Laliberti as three singles scored one run, but that was all they could manage during the game. Lumber Kings chased Hodges in the third, but Billy Cook put down the rally without a run scoring. Lumber Kings tallied three more in the fifth as Scribilo batted in another pair of runs. Lorne Rimstead's two-run double was the key blow in the Lumber King's four-run sixth.

In winning, Laliberti fanned ten while walking only one batter. After giving up three hits in the first, he didn't allow another until the fifth, then another in the sixth. Cook struck out ten in his four inning stint and it was errors that put him in trouble.

R H  
 Lumber Kings 4 0 0 0 3 4 - 11 9  
 Acme Cleaners 1 0 0 0 0 0 - 1 5  
 Coca Cola, Lumber Kings, Dingwalls, and Lions are the teams that will be in the semi-final picture. The only doubtful position is the battle for first place. Coca Cola leads the Lumber Kings there by half a game. Monday's game between them could settle it, or cause a play-off should Lumber Kings win.

## Manitoba Scout Troops Visit Longbow Camp

Nineteen Scouts from three Manitoba Troops, namely the 1st Portage la Prairie, 1st McDonald and the 1st McGregor Troops, spent an enjoyable week camping at the Colin Hewitt Memorial Scout Camp on Longbow Lake, Kenora.

Outside of a couple of heavy rains, they were favoured with ideal weather for the camp. The trip was made by car and truck, and they brought their own boat along, to enjoy the lake all the more.

Highlights of the trip was a tour through the paper mill on the Tuesday and, on the Wednesday, they all enjoyed a cruise on the Argyle with a swim at Rabbit Lake after.

On Tuesday evening, nine

# You and Your Camera

ARTICLE NO. 7  
by Jerry Fleid

About the most surprising aspect of 35mm picture-making is that these small cameras, using about the smallest and lowest-priced film size, result in the largest pictures. Meaning, of course, that although 35mm camera owners often shoot for average-sized prints in color or black-and-white, they most frequently make color slides for projection on screens several feet in width. Screen pictures which, thanks to the fine optics and fast shutter of the camera and the illumination of a slide projector, are the biggest, sharpest, most colorful and brilliant pictures of all. For through them onlookers can enjoy many subjects as large, or far larger, than in life - especially if the area covered by the camera is itself small. You'll be interested, I think, to learn just how small this can be!

Most "35's" can be used as close as 3 feet from a subject... some even to within 2½ feet. At the former distance they'll span an area 24 inches wide... at the latter, 20 inches in width - no mean pumpkins as close-ups when thrown upon a good-sized projection screen. Yet 35mm camera users can get a lot more dramatic magnification than this!

For some "35's" there are interchangeable lenses, or additional lens components, for wide-angle and telephoto shooting - and telephotos, while usually thought of as useful for reaching way out to make big ones, are equally helpful for narrowing the field for the magnification of objects only a few feet distant. But we're talking here of closeups as achieved by standard lenses with the additions of simple, low-cost lenses that slip over the camera's lens barrel. Let's see what they can do for a 35mm camera - at that average 3-foot close-up distance.

Know as Portra lenses, these little aids usually come in 1x, 2x and 3x magnifications. They can either be used over the standard lens individually, or in combination for even greater subject nearness and concentration. With the 1x you can shoot at a 20-inch distance; with the 2x at 13 inches; with the 3x at 10 inches; with the 3x and 1x at 8 inches; with the 3x and 2x at 7 inches; and with the 3x and 3x at 5½ inches.

And now - while you think of subjects such as people and pets and clusters or even single blossoms, shown clear across your living-room screen - let's see what areas a 35mm camera will cover at those same six distances. At 20 inches, 8¼" by 3¼"; at 13 inches, 6" by 8¾"; at 10 inches, 5" by 7½"; at 8 inches, 4½" by 1½". An inch, as you can see, can easily become a foot on your projection screen!

With some "35's" you can do even better... narrowing the field to but 2 inches in width. Special close-up kits are available, including, in some instances, items known as field guides, or focal frames, which when secured to the camera by its tripod socket, extend out front to span the various small fields at their various close distances. There are even close-up viewfinders and rangefinders for split-hair sighting focusing. There are table-top camera stands to hold "35's" only inches above a map, a snapshot print, or any other small object you'd like to copy. And, speaking of close-ups, there are even attachments by which some 35mm cameras can be precisely mounted onto microscopes - and you can imagine the magnification possible here when their images are blown up on a screen!

The estimation of exact distance and field is important in close-up filming. Even at the smallest possible lens opening, depth of field is shallow, the sighting is a bit uncertain because camera finders are usually above lenses and aren't "looking" at exactly the same area. So it pays to measure distances carefully - and to angle the camera upwards a bit - keeping the top

¼ of the finder above the area you're aiming at when using a 3x lens, 1/16th above it with a 2x lens, and ½ above it when shooting through a 1x lens. Or better still, if one's not available, make yourself a simple focal frame to both outline area and spot your camera at the correct filming distance.

Small subject areas... small film images - but man alive what BIG picture pleasure a little 35mm camera can bring you!

## D. B. S. Weekly Highlights

Dominion Bureau of Statistics

### Prices:

The consumer price index remained unchanged between June and July, increases in food, shelter, clothing and household operation indexes being offset by a substantial drop in the "other" commodities and services index. The index was 1% higher than for July last year... The general wholesale price index moved down slightly during May, one group index rising but four declining and three remaining unchanged... The wholesale price index of 30 industrial raw materials also eased downward between June 26 and July 23. Over the same period the investors' price index advanced by 4.5%.

### Electric Power:

Net generation of electric energy was some 6% greater in the first half of this year than last. Increases occurred in all provinces except Newfoundland, with the biggest in Ontario.

### Labour:

Estimated earnings of Canadian paid workers in May were nearly 4% larger in April and 8% above May last year. In the five months they were close to 8% greater than for the same 1958 period. The month's and five-month's gain was spread through all regions... Average weekly wages in manufacturing in May amounted to \$70.92 versus \$68.05 a year earlier and average hourly earnings to \$1.73, against \$1.67, average, hours worked being up to 41.1 from 40.7 hours.

### External Trade:

Canada's exports reached a record total value of \$1,359,000,000 in the second quarter this year, 5.4% higher than last year and 3.6% higher than the value for the previous record quarter of October-December 1958. As a result of the second-quarter gain, the half-year total at \$2,416,700,000 also set a new record for value, exceeding by 1.5% the previous record first-half total in 1958. Imports in the second quarter at \$1,572,450,000 nearly equaled the second-quarter record of 1958, but the half-year total although 9.5% above the first half of 1958 was appreciably lower than the 1956 and 1957 totals. The increase in exports in the quarter and half-year was due entirely to greater sales to the United States, but larger purchases from other sources as well contributed to the gains in imports.

### Family Incomes:

Sample survey shows average income of non-farm families and unattached individuals in 1957 was \$4,269. This was 11% higher than in 1955 and 34% higher than

in 1951. Allowing for price increases, the rise in real income from 1951 to 1957 was about 20%.

Lack of common courtesy by car drivers has caused many serious traffic accidents. Glaring headlights from an oncoming car can have a blinding effect upon another driver, so that he cannot see his own road ahead or judge

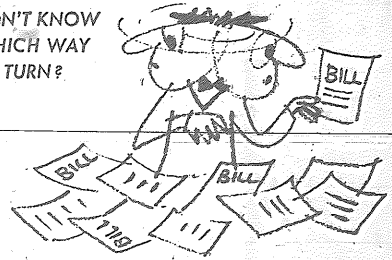

the distance of other cars. A life may be saved by a simple courteous gesture of dimming that headlight glare.

On each \$1.00 worth of sales, Canadian manufacturers averaged a profit of 4.6 cents in 1958. In the year corporation income taxes took 3.6 cents on each \$1.00 on sales.

# BIRTHS

**MORGAN** — Mr. and Mrs. Jim Morgan are pleased to announce the birth of their daughter, Judy May, at St. Joseph's Hospital on August 8th. A little sister for Kirk.

### CARD OF THANKS

We wish to extend our heartfelt thanks and appreciation for the many acts of kindness, messages of sympathy and beautiful floral offerings received from our kind friends and neighbours during our recent bereavement in the loss of our beloved mother. We also wish to thank Rev. Ivan Robson and pallbearers and those who so kindly provided cars. The Day family.

### ANNOUNCEMENTS

**IRIAM** — Patricia and Lyle are pleased to announce the birth of their brother, Mervin Roy, who arrived at St. Joseph's Hospital, August 4th, 1959 weighing 8 pounds, 7 1/2 ounces. The proud parents are Linda and Glen Iriam.

The regular meeting of the Kenora-Keevatin and District Labour Council will be held Tuesday, August 11, 1959 at 7.30 p.m. in the Council Chambers. All union delegates should make every effort to attend and to deal with urgent business.

## May Learn To Halt Human Life Aging

Toronto. — A world-famous Montreal medical scientist says there is no theoretical limit to human life expectancy.

Dr. Hans Selye, noted for his studies of the effects of stress on health, relates in an article in Maclean's Magazine that body tissue from rats has been kept alive and healthy under laboratory conditions for a period equivalent to 1,000 years in the human scale.

"If the causes of aging can be found, there is no good medical reason to believe that it will not be possible for science to find some practical way of slowing the process down or even bringing it to a standstill," he says in the article.

### AGING LIKE DISEASE

"In the terms I am using here aging can be regarded as a disease. Like any other disease, it is probably preventable or curable."

"And since tissue is technically immortal, the 'normal' life span of a human being may be described as any number of years the medical science of the moment is capable of making it — seventy years, a hundred, two hundreds or perhaps more."

"There is no theoretical limit, although by this I do not mean to suggest immortality for mankind."

"There will always be a practical limit set by imperfect medical skill and knowledge, and the risky but unavoidable adventure of living outside a test tube."

### EXPERIMENTS LISTED

The 52-year-old Vienna-born director of the University of Montreal's Institute of Experimental Medicine and Surgery describes current experiments he and colleagues are making into

the secrets of life.

In one, a glass tube inserted in the body of a rat develops a tiny cord which scientists are studying as a new form of life — a cord with a blood-supply system and connective tissues.

"The cord may turn out to be an indispensable tool in deciphering the process of life," Dr.

Selye says. "It may turn out to be a medical curiosity with no larger significance at all."

The average human life expectancy has increased to 70 from 50 years since 1900, he says. Most of the increase has been the result of basic medical research.

## Need up to \$2500?

Here are 4 reasons why you're wise to see HFC

1. Surprisingly low interest rates. For loans over \$1500, HFC's charges are equivalent to slightly less than 8% discount on 30 or 36 month repayment plans.
2. Smaller monthly payments. Compare the size of your HFC payments on bigger loans with what you would pay elsewhere. HFC's lower monthly payments fit your budget better.
3. Bankable security not required.
4. Prompt service. HFC prides itself on giving the fastest loan service in Canada.

Stop in or phone HFC today for the most modern, streamlined money service.

**CABBIE TREATS FARES**

NEW YORK — The soda pop is free in the taxi driven by Gerald Lowenthal. So are the cigarets, candy chewing gum and magazines. The soft drinks are in a cooler in the front seat next to the driver. The other things are in a wooden rack hanging from the rear of the front seat. Lowenthal, a 41-year-old Brooklynite, says higher tips

cover the cost of the service. He adds, however: "I find that being nice and helpful may not always pay off financially, but it makes my conscience easier and it helps me sleep better at night."

**CAN'T TRUST YELLOW LIGHTS CHIEFS LEARN**

ROSSELL, N. M. The fire alarm rang and all

the traffic lights in Roswell began blinking yellow, as in all emergencies. Fire Chief George Daniels jumped in his new station wagon and took off. Police Chief L. O. Thompson hopped in a squad car and sped away. They met abruptly at a downtown intersection. Daniels received hospital treatment for head cuts and pavement burns. Thompson suffered cuts and bruises. The cars? Minor damage. The fire? It's out.

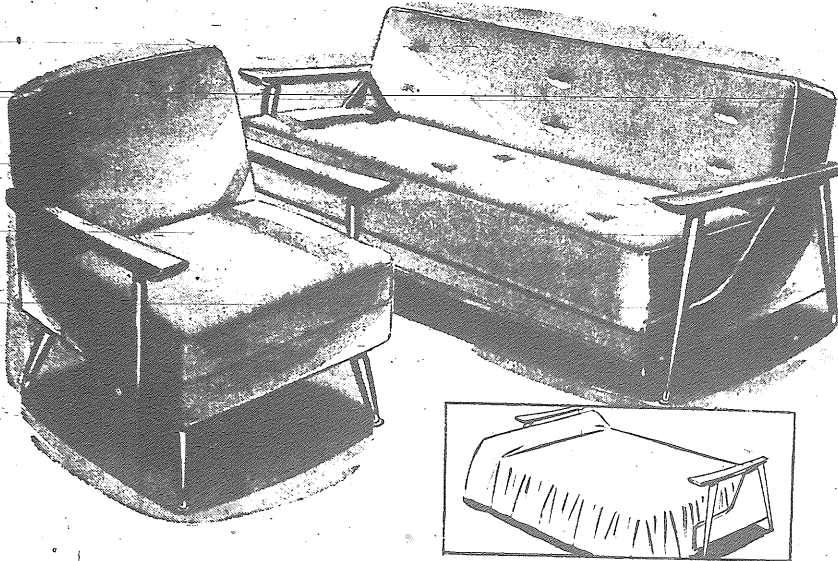

**15 Grain Cars Are Derailed Near Devlin**

CNR work crews from Fort Frances and Winnipeg succeeded late Thursday in restoring normal traffic over the railroad after a derailment of 15 grain-laded freight cars near Devlin. Nobody was injured in the Wednesday derailment which was tentatively blamed on a broken wheel.

The cars left the tracks about the middle of a long east-bound train. Only one car was broken open. Passengers going and coming between Fort Frances and Winnipeg were taken by taxis around the scene of derailment to Emo. Devlin is about 12 miles west of Fort Frances.

George Shearing, composer and pianist, was born blind, but learned to play the piano at the age of twelve.

**ALCOCK - ZURKAN**

A beautiful all white double-ring wedding was solemnized at Knox United Church, Kenora, Ont., on Saturday, June 27, 1959, at 4 p.m., when Frances, Karen, elder daughter of Mr. and Mrs. Andrew L. Zurkan, Portage la Prairie, became the bride of Ronald Earl, son of Mr. and Mrs. H. Earl Alcock, Kenora, Ont. In the setting of lighted candles, red roses and peonies, Rev. R. J. Leighton performed the ceremony. Carol Lee Barber, soloist, sang "I Walk With God" during the service, and during the signing of the register, "I'll Walk Beside You," accompanied by the organist.

Given in marriage by her father, carrying a cascade of white shattered carnations surrounded by green lace, the bride looked radiant in a full length gown of white chiffon over a lavishly bouffant skirt of white nylon and tulle. The tight fitting bodice featuring a softly scooped neckline and short sleeves, was highlighted with appliqued front lace and pearls. Two floating back applied panels of gathered chiffon were held in place at the shoulders with a large soft bow of nylon, falling to the hemline.

Short white kid gloves completed the outfit. Her shoulder length veil of nylon tulle was caught by a studded bridesmaid pearl tiara, backed with a wreath of myrtle entwined with feathered carnations. She wore pearl dew drop earrings and necklace, a gift of the groom.

Miss Sylvia Zurkan, sister of the bride, and Miss Frederica Peterson of Kenora, bridesmaids, were attired alike in white cocktail length gowns of Crystal Charm with bouffant skirts over crinolines, featuring fitted bodices and short sleeves with matching white gloves and shoes. Fully gathered cocktail length panels of turquoise organza were held in place at the V in the back by a large flat turquoise bow. Large turquoise picture hats of organ-

za matched their gowns. They carried cascades of white shattered carnations dipped in turquoise.

Mrs. Rudolph Kowcun, aunt of the bride, from Winnipeg, Man., as matron of honour, was similarly attired in white with coral back effect and picture hat. She carried a cascade of white shattered carnations dipped in coral to match her gown.

The petite flower girl, Jacqueline Kowcun, cousin of the bride, wore a shirt white bouffant dress of Crystal Charm with a white head band of organza and white gloves. She carried a white flower basket with yellow Shasta daisies and lace. All attendants wore pearl dew drop jewellery.

For her daughter's wedding, the mother of the bride chose a two-piece sheath dress of beige linen and lace, with matching navy accessories. She wore a corsage of pink Sweetheart roses.

The mother of the groom was attired in a blue printed silk dress with white accessories and picture hat. She wore a corsage of pink Sweetheart roses.

The groom was attended by Glen Alcock, brother of the groom, as best man. The ushers were Thomas Inverarity and Alvin Biglow.

After the ceremony, a dinner for 90 guests was served in the auditorium of the Kenora Memorial Building, followed by dancing. The bride's table was centred with a three-tiered pink wedding cake, made by the bride's mother. Peonies and pink and white bells and streamers, Thomas Inverarity of Kenora and G. G. Grigg of Portage la Prairie, proposed toast to the bride, to which the groom ably responded. Rev. R. J. Leighton gave the blessing. Guests numbered 250. Miss June Pykerman was in charge of the guest book.

For going away, the bride chose a two-piece beige and white dress of linen with matching three quarter length jacket and tangerine accessories. Her corsage was a white gardenia.

Mr. and Mrs. Alcock left for their honeymoon by car through the United States to Niagara Falls and Toronto, and other points in the southeastern part of Ontario. They will make their home at 139 Mellick Avenue, Kenora, Ont.

Out of town guests from Portage la Prairie were: Mr. and Mrs. J. Kowcun and family, Mr. and Mrs. T. Hutchinson, Mr. and Mrs. S. Perchak, Mr. and Mrs. B. Zurkan and family, John Zurkan, grandfather of the bride, and G. G. Grigg. Guests from Winnipeg were: Mr. and Mrs. D. Lee, Mr. and Mrs. R. Kowcun and daughter, Cpl. A. D. Druin and Mr. and Mrs. J. Bourdon. Mr. and Mrs. S. Zambuc from Portage la Prairie, Ont., and Mr. and Mrs. D. Therrien from Dryden, Ont. The bride was entertained at five miscellaneous showers.

Three general showers were held at the homes of Mrs. S. Perchak, Portage la Prairie, Manitoba and Mrs. A. Derouin Kenora and at the Rabbit Lake Community Club Hotel. Mrs. D. Beach, Rabbit Lake, Kenora, held a linen shower and at Delta Beach, Research Lodge, Manitoba, a kitchen shower was held.

**JOHN LABATT LTD. GROSS SALES UP**

Gross sales of John Labatt Limited were \$34,762,333 for the seven-month period covered in the 1959 Annual Report with net profits of \$1,146,759 or 90 cents a share.

For the same seven-month period of 1958 gross sales were \$28,888,281 with profits of \$827,493 or 66 cents a share.

**OGGLING CAUSED THE COLLISIONS**

Kitchener—A large Kitchener industry, plagued with rear-end collisions in its parking lot at quitting time, has licked the problem.

The company, finding the male drivers weren't watching their driving—they were watching the girls going off shift—began letting the girls out 15 minutes ahead of the men.

The result: No rear-end collisions at the parking lot for the last five years.

cents a share compared with .988,825, or 38 cents a share, in the corresponding period last year.

Net sales were \$23,241,095 compared with \$17,702,552.

Net income in the six months ended June 30 was \$2,915,419, or \$1.13 a share, compared with \$1,252,031, or 88 cents, in the corresponding period last year. Six-month sales were \$12,610,184 compared with \$9,870,275.

### Carpenters' Union Hold Successful

(Continued from Page 1)

the boys combined to gain the win over the ladies. A few close observers said it seemed to be fixed but the men did gain a certain measure of revenge for the humiliating defeat when the ladies dragged the men all over the grounds at Pellatt School last year. Some ladies were heard muttering something about quitting the Swedish milk diet they have been on.

In the horseshoe pitching Agnar Frank seemed to have more know-how and finesse. As a result he "out-ringed" everyone in sight.

Bruises and sore fingers were the order of the day at baseball and scrub. The rarely seen triple-play took place when Ed Johnson attempting to bunt, popped up, and the runner on first and Elof Lund at second were caught off base.

Free ice cream was passed out to all who helped clean up the grounds and everyone left tired but happy and looking forward to next year's picnic that it is hoped will be bigger and better than ever.

Sincere thanks is extended to all those who helped in any way to make the Carpenters' Union picnic the success that it was.

### MINAKI NEWS

By Mrs. Henry Stone

Members of the Charlesworth family at home with their father have been: Ralph of British Columbia, Mrs. Webb (Grace) and two children of Selkirk Man., Mr. and Mrs. Lawrence Kiely (Alice) and three children of Winnipeg, and Miss Betty Charlesworth from Denver, Colorado, U.S.A., who will be going to Brampton, Ont., to continue nursing.

Mr. and Mrs. Mervyn Reid and four children arrived in Kenora by motor after spending the past four years in England. They were met at Kenora by Mr. and Mrs. Finner Reid and are visiting in Minaki.

Members of the Peterson family visiting here at present are Mr. and Mr. Don Morgan and two children of Saskatchewan, and Mr. and Mrs. Bev Lasalle and two children of Berens River, Man.

### RICE LAKE NEWS

by Mrs. L. C. Emulgh

Mr. and Mrs. William Davidson of Keewatin and Mr. Fred Davidson, spent a few days last week at the home of Mr. and Mrs. George Groves.

Mr. Bill Groves returned home last week from a holiday spent with his grandparents in Keewatin.

Mr. and Mrs. Gordon Tomlinson and girls are holidaying at Winnipeg and the Lakehead.

Mr. and Mrs. W. McArthur of Winnipeg renewed acquaintances in the district last week.

### it's a FACT

Prairie dogs are not dogs at all, but small rodents closely related to the marmots. They are called "dogs" only because their danger signal sounds like the yappy bark of a tiny dog. Prairie dogs are little animals about 16 inches long, with tiny ears, shining black eyes and absurdly short tails. They are covered with dingy brown fur.

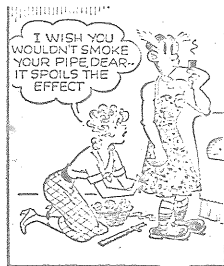

Mr. and Mrs. J. Sewell and children from Phoenix, Arizona, are spending the summer months in this district.

Messrs Brian and Bill Groves attended the Lakehead Exhibition on Saturday.

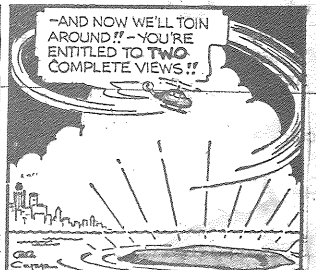

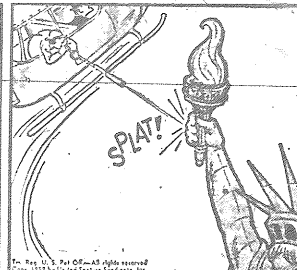

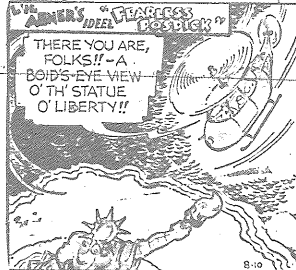

Miss Bonnie Jean Calcott of Winnipeg has returned home after holidaying here with relatives.

boys of the 2nd Kenora Troop, along with two of their leaders, S.M. George Noble and A.S.M. Ted Stevens visited the camp and joined with the visitors in games and later in the evening enjoyed their camp-fire. On Wednesday evening Scouter Don Honeyborne of the Lands and Forests showed films to the boys. Last Thursday the visitors returned to their respective homes, with the full intention of returning next year, if possible.

Leaders in charge of the camp were A.D.C. Ian McKenzie, D.C.M. George Greenlay, A.S.M. Terry Cousins, A.S.M. Ron Pettit and Mr. Connie Christianson.

**Magistrate's Court**

A Vancouver man who had already spent 25 years of his life in and out of jails will spend another year behind bars as of today. This morning he was sentenced to one year in an Ontario Reformatory for stealing a box of groceries from a local store. The man's record dated back to 1933.

A campowner in the Big Stone Bay area was fined \$25 and costs for hiring as a guide, a man not properly licensed. The man in question who acted as the guide was fined \$15 and costs for not possessing a licence.

A Keewatin man charged by the Keewatin police with causing a disturbance was placed on a one year suspended sentence and ordered to post a bond of \$250. The same man charged privately with assault by two citizens was fined \$50 and costs on the first charge and \$50 on the second charge.

A charge laid by the Red Lake police against a man from that community resulted in a man being fined \$150 or 60 days when he found guilty of driving while his licence was suspended. Evidence showed that the man was caught driving a few hours after his licence had been cancelled.

Also charged by the Red Lake police, a minor appearing for a third time, with consuming liquor was fined \$150 and costs or

three months. He was committed to a trucking company from St. Boniface paid \$15 and costs for neglecting to have Ontario licence plates on a truck and a Quebec company appearing on a similar charge paid \$20 and costs.

Mr. and Mrs. William Davidson of Keewatin and Mr. Fred Davidson, spent a few days last week at the home of Mr. and Mrs. George Groves, water. The pond will raise the ge now is under construction.

Crown lands are the principal source of pulpwood in Canada.

Negligence is the principal cause of forest fires in Canada.

Nature grows far more trees than could be planted by man.
