NEED FOR RE-THINKING IN ACCEPTING OUR INDIANS, ROTARIANS TOLD

The problem of our Indian citizens, as viewed from the viewpoint of an Indian educationist, and the tremendous task of developing them into full Canadian citizenship in every sense of the word, was ably outlined to members of the Kenora Rotary Club on Monday by Stephen Robinson, Principal of the Cecelia Jeffrey Indian Residential School.

President T. A. O'Flaherty presided, and attendance was 94.55 per cent and last week 92.73 per cent. Birthdays congratulations were extended to Earle Nelson, and fifteen visiting Rotarians from U.S. and Canadian clubs welcomed, and two visitors.

Introduced by Rotarian Walter Brown, Mr. Robinson giving his vocational talk, said that locally we did have a grave Indian problem and we could search into the history of promises and efforts made, and wonder why more progress had not been made. It was probably a question of getting the Indians into school, of getting them educated, and absorbed into the local economic circle, for very seldom if ever, did we see educated people sitting on the corner of the streets.

The educational project for Indians was supported solely by the Dominion government, and the purpose of residential schools was to bring the Indian children in from remote areas where no day schools were available. In this way the Cecelia Jeffrey School drew from a large area and many reserves.

The local Indian children were the very shy bush types, and must be developed into maturity with care and affection. They stayed in the school from September to June, and were taught in grades from kindergarten to grade 8. They only spoke Ojibway at first and it was a painstaking job to teach them English. The Ojibway have no written language. The school was

well equipped and had excellent manual training shop and domestic science room, and health problems were numerous and grave on occasions. A domestic staff of some fifteen taught and cared for 150 children annually, and progress was slow and it was often hard to see much change.

There were very few Indians employed on a permanent basis in Kenora. What can we do? Are we accepting them?, the speaker asked his audience.

They were trying to get them dissatisfied with the old system of living, and this was succeeding in that many of the children didn't want to leave the school to return to the old transient life of their homes. They now had voting rights, but very few took advantage of this privilege. The speaker felt we were on the verge of seeing new things for our Indians. They still needed guidance, but even those with ambition to better themselves had to face obstacles, especially those of not being accepted.

Mr. Robinson told of the efforts being made to secure an Indian hostel where they would

(Continued on Page 8)

Rat Portage Began Fishing Industry In June 1894

Among the many clippings in the scrap of John Marsh, former famous long distance runner, who is presently visiting in Kenora, is the following news item which appeared in the Winnipeg Free Press in 1894. We feel sure it will prove of interest to Miner and News readers.

RAT PORTAGE, June 8. — The citizens band held their first business meeting last night and elected their officers, which resulted as follows: D. C. Cameron, president; Dr. Hanson, 1st vice-president; A. S. Horsewill, 2nd vice-president; A. L. Parsons, secretary; and R. W. Ferrier, treasurer. Prof. Black has the band in charge at the present time and is getting them along nicely, and engagements are now commencing to pour in. The intention is to have the band play out one night a week, most probably Wednesday evenings, and the council propose erecting a

band stand at the foot of Second Street at which point it will be convenient for those on land or those rowing on the lake will also be able to hear the sweet strains of music.

Six carloads of fish were shipped from here yesterday. This will give some idea of the magnitude of this industry. The only drawback is that the fishing is all done on the American side of the line, and the fish is only shipped through here in bond and does not therefore result in as much benefit to Rat Portage that it otherwise would were the Dominion government to deal more liberally in the fixing of their fishery regulations. At present the fish are caught on the American side of the lake and the Canadian government are out the revenue and keep up the supply of fish by keeping the Canadian waters closed as a breeding ground for our Yankee brothers.

The council hold a meeting tonight. This is the first that has been held since the election excitement took possession of our town fathers. It is most likely they will all put in an appearance if there is not a political meeting on, but still the ratepayers will no doubt make an allowance for a little neglect of town business in such exciting times.

The Regatta association propose holding a meeting almost immediately to make arrangements for their annual regatta. There was a considerable amount of prize money over from the last regatta, and with the contributions for this year they will be enabled to put up some handsome prizes for competition.

The annual election of Pequoona Lodge took place last night and resulted as follows: W. D. Coate, W. M.; D. McMurphy, S.; A. Kennedy, J. W.; J. A. McCrossan, Sec.; J. M. Savage, Treas., and R. P. Murphy, Tyler. The lodge attend divine service in a body a week from Sunday.

Some time ago the town advertised for tenders for street lighting by arc lights and as yet nothing has been done. Your correspondent learns, in conversation with different members of the council that they propose keeping on their present system of street lighting, viz, incandescent clusters, only increasing the number.

The ladies of St. Albans church give a moonlight excursion on the evening of the 21st. The Citizens' band will be in attendance.

C. W. Chadwick has gone up Rainy River on an electioneering trip.

CERTAIN RISES THURSDAY

FAIR EXHIBITS SHOW INCREASE OVER 1958

"We're busy as can be right now . . . it's still too early to say for sure, but I would guess that the number of entries in the Fair this year is up over a year ago", Mr. John Wynd, secretary told the Miner and News this afternoon. The big three-day event opens Thursday afternoon, and continues Friday and Saturday. Entries were accepted all day Monday at the Thistle Rink. In the brief space of three years, the Kenora Agricultural Society has acquired property and made a good start on their long-range programme of providing a showpiece for the District's flowers and garden produce, together with handicraft displays, and late industrial exhibits.

The Stanger Shows will again play at the Fair.

Members of the K.A.S. are busy preparing the buildings for the exhibits which will be placed on display early Thursday.

Attendance records will be smashed again this year if the weatherman co-operates. Fair officials feel. One reason for this is the fact that admission prices for adults and children have been changed. Adults may buy a ticket this year for 50 cents, which will permit them to attend both afternoon and evening

shows that day. Last year a separate admission was charged for each time. Children under 16 will be admitted free to the Fair. A worthwhile door prize will be awarded each night.

"We will have real good news for you just as soon as we get all these entries sorted out," Mr. Wynd concluded, looking up from his cluttered desk. "Your readers will be given the figures tomorrow."

Man Drowned In Rainy River

The Ontario Provincial Police at Kenora report that drowning has claimed the life of a Rainy River man. Dead is thirty year old Thomas Nolan. The accident occurred Sunday night, August 16th, when the boat Nolan was riding in along with a friend, Jackie Millar, capsized near Sand Hills at the mouth of the Rainy River.

Millar was able to hang onto the boat until it drifted to shore but Nolan was unable to do so. Nolan's body was recovered late last night. The deceased was single.

JOHN D. MARSH, FAMOUS RUNNER OF EARLY 1900's, VISITS KENORA

Kenora has a very interesting visitor in the person of Mr. John D. Marsh, a former world famous long distance runner. Mr. Marsh, who is eighty-five years young is visiting his daughter Mrs. Carl Walsten, Tunnel Island. Oldtimers of this area will well remember the name of John Marsh since he hailed from St. Norbert, Manitoba via Wales, and in the early 1900's raced right here in Rat Portage.

Mr. Marsh's scrapbook, which your reporter has had the privilege of scanning through, is chock full of the many triumphs enjoyed by this famous man, as he won race after race in this country and the United States, as well as the events that he took part in, in Wales.

The name Marsh is headlined in those years of the 1890's and 1900's with such names as Longboat, Shrubbs, Sherring and St. Yves, all of whom he ran against. Of the above mentioned names, only Longboat defeated Marsh and then only by a nose.

John Marsh was no young man when he scored triumph after triumph in this country, since he was in his late twenties when he came to this country from Wales where he had set up many a record. Billed as the man who would race any man in the world 25 miles or more, he was something of a study in sport. At the

height of his career in Canadian sport he was thirty-five years old. He had a wife and five kiddies to support which he did while farming 1,000 acres at St. Norbert. When he wasn't busy taking care of his cows, getting in some crop, or putting up hay, he was making matches with runners of many countries. In the winter this unique athlete chopped wood and carted it to Winnipeg where sometimes he sold it or he didn't. He stayed in Manitoba until about fifteen years ago when he went to live at the coast.

John Marsh's victories record many "firsts" and his name holds a place of honour with history's greats. He broke into the running game when he was under eighteen, when he ran second in a mile handicap in his hometown of Newport, Wales, in 1891. In 1906, he moved to Manchester where he began to shine as a runner. In 1906, he beat the five mile time of Sherring, winner of the Olympic Marathon by three minutes. For the cutting of Sherring's time he was given the Lieutenant-Governor's medal and established a Canadian five mile record of 23 minutes and 21 seconds. During his racing years Marsh ran marathons in Hamilton, New

Keewatin Legion Attends Dryden Decoration Day

The annual Decoration Day Service of the Dryden Branch, Canadian Legion, B.E.S.L. was held Sunday, August 16th.

The Keewatin Legion Bugle Band led the parade to the Cenotaph. After the placing of the wreaths, two minutes silence was observed and the Last Post and the Reveille sounded.

Owing to inclement weather the remainder of the service was held in the Dryden Legion Hall.

The Keewatin Legion B.E.S.L. Color Party and the Keewatin Legion Ladies Color Party were in attendance as well as a good representation of members from both the Canadian Legion and the Ladies Auxiliary.

The members before leaving for home were served a delicious supper by members of the Dryden Ladies Auxiliary.

Keewatin Advances Against Dryden With 13-8 Win

Ken Jorgenson, the Legion killer, came through with a smashing two run tie-breaking double in the top of the eighth inning to lead his Keewatin North American Indians to a clumsy, but deserved, 13-8 victory over the Kenora Legion nine, and the right to meet the Dryden Red Sox for the Kenora Senior District Baseball League championship. The blow was delivered when Jimmy Ortlieb was perched on second and Junior Johnson was crowding third. John Baker's pitch was destined for the centre field wall and the blow from Jorgenson's bat was sudden and devastating.

Keewatin had managed to tie the game in the same inning when Ortlieb singled home Ron Morgan. They added a fourth run in the eighth when Pat Angers scored Jorgenson with a sharp single to right field. The flour town nine were trailing 8-7 before entering their "winning" eighth.

The Keewatin victory swept away Legion's last chance to stay alive in this semi-final best-of-seven series which saw three straight Indian victories and a solo effort by the fighting Leg-

ionaires. The Keewatin team will now meet the Dryden Red Sox in Dryden Wednesday for the opening of the final series.

Keewatin jumped on John Baker in the first inning when their first five batters hit back-to-back singles to start a five run first inning rally. The Kenora Legion came storming back in the bottom half of the first with Brian Leroux, Bob Blake and Gary Beyko driving in five Kenora runs with successive singles. The Legion team managed to belt the Keewatin starter, Rudy Leonard from the mound in that first frame and Pat Angers came in and threw four hit ball to completely halt the booming Legion bats.

Brian Smith managed to blast a home run off Angers in the second with Frankie Leroux on second to give the Legionaires their only lead in the game. After Smith's homer, Angers settled down, and the fast throwing Manitoba lad baffled the Kenora nine for the duration of the game. Keewatin scored in the fourth and the seventh and Legion managed their final run in the fifth.

It was Jorgenson's hit in the eighth that turned the tide of the game and it was there that Legion met their Waterloo. Ortlieb's triple in the ninth scored Benny Benoit and Ron Morgan's sacrifice fly brought home Ralph Smith with Keewatin's final run.

better in this semi-final series than they did in regular season play when they ended third in the standings. . . However, the same cannot be said for the Kenora Legion team, although they went down fighting. . . The Kenora Legion team could have gone all the way if they had some strong starters this year. . . In fact we are wondering how they finished so high in the standings with the rather young staff they have. . . There was one ball player who certainly proved to be a thorn in the side for the local nine. . . He is the quiet Keewatin centre fielder, Ken Jorgenson. . . His sparkling hitting against Legion in the clutch was a determining factor in the way this series went. . . Pat Angers' fine hurling on the mound and Keewatin's sound infield were other outstanding factors for the Indians' success against Kenora. . . Brian Smith played tremendous ball at short and hit well in this series for Legion. . . His home run power won Legion's only game in the series and his two run blast yesterday put the Legionaires ahead for a few innings. . . We think that young Gary Beyko played in the series like a veteran. . . We say that the Indians will win the championship.

Dave "Doc" Halliwell is leaving for Cleveland by plane shortly to watch his "Indians" in action. . . The Cleveland nine is struggling to grasp the American League leadership from the Chicago White Sox. . . Dave figures that the Indians can do it. . . The American League pennant race is now strictly between the Sox and the Indians and watching either of those teams in action during this big month should be a real treat. . . Jack Watterson watched his Detroit Tigers three weeks ago in Detroit and enjoyed Tiger victories over New York, Washington and Baltimore. . . Claton Walkey is also planning to

Dateline Tuesday: The Keewatin North American Indians scored an impressive series victory over the Kenora Legion during this past week. . . The two bitter rivals were supposed to play out a full seven game series, but the local baseball experts pinned too much hope on the mound staff of the Legionaires. . . The pitching strength of the Keewatin team was just too much for the Kenora Legion team. . . This was proved in last night's final contest when Keewatin called in Pat Angers to take over from Rudy Leonard in the first inning after Leonard was being freely tagged. John Baker was also being hit by the Keewatin hitters in the first, but Lloyd Warner had little choice in changing pitchers. . . Baker just about lasted the nine innings after a brilliant comeback after the opening inning. . . Keewatin looked much

Training Course Is Urged For School Teachers

HALIFAX — Another voice in education has made a plea for a minimum three-year training course for elementary school teachers.

Dr. H. P. Moffat, deputy education minister for Nova Scotia, told the 100 delegates at the 33rd annual conference of the Canadian Teachers' Federation that Canada is the only country which trains most of its elementary school teachers in a one-year course.

In an interview earlier, Prof. David Munroe of Montreal called for an extension of the teachers' course to "preferably 4 years."

Dr. Moffat said the fact that thousands of teachers flock to summer schools is an indication they feel their basic training is inadequate.

"Certainly our teachers must have more general education and more professional education. But when they do get it — let them be teachers and not make them record keepers, parrots and baby-sitters."

During the first business sessions, the 42,000-member Ontario Teachers' Federation failed to gain the power of veto for provincial groups within the 96,000-member federation.

Ontario delegates were the only voting members who supported the move, which would have allowed the provincial organizations to veto resolutions on policy, fees and new activity passed at the annual federation meeting.

RING DESIGNED TO CARRY PILLS

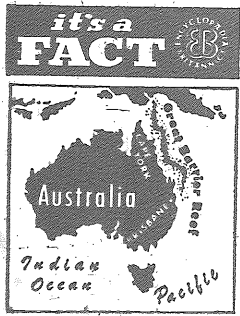

LONDON — A jewelry designer Thursday came up with a unique method for carrying tranquilizers, aspirin and seasickness pills.

They fit snugly into secret compartments of a ring.

"Nothing could be simpler than getting a pill from a ring on one's finger," said designer Hedy Freitag.

"It's just the thing for girls on no-sugar diets. They would sweeten their drinks with saccharin without anybody knowing."

Four capital cities in the United States have names the same as one of our presidents. They are Lincoln, Neb.; Jefferson City, Mo.; Madison, Wis., and Jackson, Miss.

The Great Barrier Reef lies off the northeast coast of Australia. It is like a long, irregular wall, 300 to 500-feet high. It is 1,200 miles long, equal to the distance from Maine to Florida. Only small parts of the reef show above the surface of the ocean. The reef provides a protected channel for ships sailing from Brisbane to Cape York.

HEALTH UNIT REPORTS BUSY MONTH OF JULY

The regular monthly meeting of the Board of Health was held on Thursday, August 13th, 1959 at the Unit offices, Kenora. Dr. J. Whitaker presided and the following members were present: Dr. R. D. P. Eaton, Medical Officer of Health; Mrs. J. E. Turner, Government Representative; Mr. J. Forbes, Keewatin Representative; Mr. E. W. Byers, Jaffray-Melick Representative; Mr. S. Linkletter, Kenora Representative; Mr. W. R. B. Trow, Balmertown Representative; and Mrs. A. G. Wood, Dryden Representative. Miss Hazel K. Wilson, Supervisor of Public Health Nursing and Mr. D. H. Lemoine, Senior Sanitary Inspector, were also in attendance.

A hot summer month as usual caused a swing of emphasis in health unit programme. The Sanitary Inspectors were busy and the immunization clinics were light.

Scheduled clinics were held in all centres. In Keewatin the attendance was so small as to make the clinic barely worth while. In other centres the lighter attendance made the clinics far more pleasant by relief of the acute overcrowding which has characterized many of them in recent months.

Incidence of poliomyelitis across the whole North American Continent during 1959 to date has been almost double that for the corresponding period of 1958. An increase in the proportion of paralytic cases this year has made

the incidence of paralytic poliomyelitis well over double the 1958 figures.

So far the bulk of the increase has been borne by the Southern States, Texas, California, Florida, Missouri, Arkansas, Louisiana and Iowa. Some States have reported no poliomyelitis at all to date.

In Canada the increase in cases roughly parallels the general North American picture with figures more than double those for 1958, and 50% higher than the average for the five years 1954-58.

Two provinces, Newfoundland and Quebec account for a significant proportion of these cases. Ontario has reported twice as many cases as in the corresponding figures for 1958 but both totals are low.

Unfortunately no figures are available that make possible a study of poliomyelitis incidence as against poliomyelitis immunization levels in the communities. Observable trends to date suggest only the usual correlation between the incidence of such disease and the summer season.

The incidence of Infectious Hepatitis across the continent has been showing a slow decline over the past two or three months. This decline however has not been altogether reflected locally, where an apparent lull was followed by a sharp upsurge in reporting in the latter end of June and the early part of July.

Samples of milk coming from Modern Dairies have proved uniformly unacceptable on analysis. Since the reports emanating from Manitoba on the Modern Dairies plant are satisfactory and since storage conditions in the Red Lake area are also above reproach it can only be inferred that deterioration in the product occurs during shipment from Winnipeg to Red Lake. Investigations are presently proceeding to see how best these difficulties may be overcome.

Litter and garbage in town and country alike pose one of the greatest problems that this Unit and countless authorities across the country have to deal with.

The failure of Canadian society to legislate actively and effectively against the indiscriminate discarding of litter and dumping of garbage is leading rapidly to a situation which must become intolerable to the inhabitants of affected areas.

Dumping of uncovered garbage leads to development of obnoxious odours and the breeding of flies and vermin. Dissemination of litter in our streets, parks and highways indicates a lack of civic pride. Both lead to depreciation in property values and loss of amenities to the inhabitants of the despoiled area.

Energetic action should be taken by municipalities and public bodies to provide proper places for disposal of refuse and litter and then enforce their use.

The following is a report of activities in the sanitation field for the month of July.

Food Control

There were 29 routine inspections made of eating establishments, 16 in the Dryden area and 13 in the Kenora area. Two restaurants - one in Vermilion Bay and one in Keewatin were given notices for general clean-up; otherwise conditions were found to be generally satisfactory.

An outbreak of suspected food poisoning was reported in Kenora involving 4 individuals who had eaten at the same restaurant and had been hospitalized. Late notification made it impossible to collect any specimens to confirm the source of infection.

There were 99 swab tests taken of eating and drinking utensils with 24 classed as unsatisfactory due to high plate counts.

Milk Control

There were 52 samples of pasteurized milk and milk products taken for analysis with the following results:

	Satisfactory	Unsatisfactory
Co-Op	15	4
Groveside (Dryden)	25	3
Island	12	3
Lucerne	14	4
Modern (Winnipeg)	0	4
Totals	66	16

The above results give an average of 80% satisfactory. There were 15 samples reported as con-

taining E. coli. The Modern dairy samples obtained from retail outlets in Red Lake were all positive for E. coli.

Line samples were taken at the Groveside Dairy in Dryden. These gave negative results.

Raw milk samples were collected from 30 producers in the Dryden area and 36 in the Kenora area. Results were 68% satisfactory, the poorest for the year to date. One shipper was suspended for two days.

Water Supplies

There were 110 water samples taken during July with 15 from public supplies, 69 from private, 1 from schools and 25 from bathing areas.

All municipal supplies were well-maintained with all water samples being reported as Grade 1.

The swimming areas were tested on a weekly basis with 25 samples taken and no gross pollution reported at any beach.

Sewage Disposal

There were 21 permits issued for septic tank installations during July with 53 inspections made of private sewage disposal systems.

Mr. H. Brown from the Ontario Water Resources Commission visited this area and inspected the sewage disposal systems at St. Mary's Indian School, the Provincial Jail and the Minnart Lodge.

A further complaint was received concerning the dumping of raw sewage into a creek by a person operating a septic tank pumping unit from Winnipeg.

Refuse Disposal

The disposal grounds at Vermilion Bay were found to be unsightly due to the indiscriminate dumping of waste material. Refuse disposal continues to be a problem in this area during the summer months. The Granite,

Lake, McCallum Point, McConnell Lake is particularly thorny with one controlled dump needed instead of numerous scattered ones.

Arrangements have been started to locate a new disposal grounds for the Nestor Falls area. The existing dump has caused some concern for some time and water samples taken from the creek and bay below the dump site indicate leachings from the dump are reaching the water.

Subdivisions

Two proposed land subdivisions were inspected and reported on during the month.

Slaughter Houses

The chicken slaughter house facilities of the Davidson Poultry Farm were inspected and approved for licence.

Summer Camps

Sixteen summer camps were inspected this month with all approved for licence, although sleeping area was under standard in some camps.

Complaints

There were 15 complaints received during July with all investigated and reported on.

A child vacationing in this area was bitten by a dog. Owners of the dog and parents of the patient both lived in Winnipeg and had returned home before this office was notified. The Health Department in Winnipeg was contacted and they arranged for confinement of the dog and follow-up of the case.

Interviews

There were 76 persons interviewed concerning sanitation matters and problems.

The Teutonic word Lent, which denotes the fast preceding Easter originally meant the spring season.

BLONDIE

FROM TIME IMMEMORIAL MAN HAS THRIVED AND PROGRESSED.

THE CREATURES THAT DIDN'T HAVE IT FELT BY THE WAYSIDE-- DINOSAURS-- THE GOOD BIRD--

WHAT I'D LIKE TO KNOW IS WHAT YOU'RE STILL DOING HERE

THAT WAS PRETTY INTERESTING TILL HE GOT PERSONAL

LIL ABNER

YOUR PAL NELSON SHRINKAFELLER, WAS PRESENT EVERY TIME SOME GREAT AMERICAN INSTITUTION VANISHED!!

SO HE WAS-- CHUCKLE! BLESS HIS SOUL!!

DON'T YOU GET WHAT I'M DRIVING AT, FOSDICK?

GASP!! I DO!!

IT'S A POSSIBILITY I'D NEVER CONSIDERED!!

NAMELY-- THAT YOU MY DEAR-- ARE A NUT!!-- STOP STRUGGLING!! THEY'LL TREAT YOU FINE AT THE SANITARIUM!!

RUSTY RILEY

I DID SEE A GHOST!

HUH?

THE YOUNGSTERS RIDE UNTIL THEY ARE FAR FROM THE OLD BARN, THEN...

HERE'S A NICE SHADY SPOT, YOU'D BETTER SIT DOWN AND CALM YOUR NERVES... THEN YOU CAN TELL ME ALL ABOUT IT.

I SAW THE WITCH! SHE SHOOK HER FET AND CACKLED SOMETHING THEN SHE VANISHED-- JUST LIKE MR. McFOSS SAID!

WHEN! THE WHOLE BUSINESS GETS SPOOKY AND SPOOKIER!

BUZ SAWYER

YOU OUT OF THE BARNES, BUZ!... OKAY, NOW HOLD THE DARNY BY ITS LEAVES, GET THE DRINK, AND CLIMB ABOARD.

DANG! I WAS HOPING I COULD JUMP ABOARD WITHOUT GETTING WET!

SPLASH!

BRK! THIS WATER'S LIKE ICE! ... THIS MAY BE A HOAX, BUT IT'S STARTING OFF TOO REAL TO SUIT ME!

Mrs. Kember

Mr. and Mrs. J. Torrie and family of Regina are guests of his brother and sister-in-law, Dr. and Mrs. A. M. Torrie.

Mr. H. Davis and son, of Vancouver are visiting at the home of his mother, Mrs. G. Davis.

Mrs. Allan McLeod has left to visit with her parents, Mr. and Mrs. C. Clark at Arden, Manitoba.

Mr. and Mrs. Peter McPherson have returned home after spending a holiday at Prince Albert and other western points.

Mr. Larry Bell has left on a trip to Banff and other western points.

Mr. and Mrs. Frank Rushton and family of Montreal are visiting in town with relatives.

Mr. and Mrs. J. Morrison have returned home after holidaying at Vancouver, Victoria, Seattle, Washington and Portland, Oregon.

At Portland, Oregon they attended the Centennial Fair.

John D. Marsh, Famous Runner

(Continued from Page 1)

York, Seattle and many other parts of Canada and the United States.

This fine old gentleman has a great deal to be proud of and we are proud that he has seen fit to let us read through his scrap book so that we may share with others the triumphs of a one time Welshman and now famous Canadian son. We hope too, that your stay in Kenora will be a pleasant one and that you continue to enjoy good health and happiness.

Need For Re-Thinking Of Accepting

(Continued from Page 1)

have a place to go when in town, and where they would be under strict supervision, and yet aided in their needs and necessary guidance. He felt there was an urgent need for re-thinking as far as Kenora residents accepting the Indians, and felt that unless we worked together as a community we would not get very far in this regard. The liquor problem he deplored for it was a constant worry to all concerned, the Indians, the police and the citizens.

We must educate the Indians

Hotels.

The transport company, which also owns the Mount Royal Hotel in Banff and the Columbia Icefields Chalet, will take possession of the newly acquired lodges on October 31. The purchase price was not disclosed.

Both Emerald Lake Chalet, reached from Field, B.C., and Moraine Lake Lodge, eight miles from Chateau Lake Louise, will continue to operate under C.P.R. management until September 5 when they close for the summer season.

Originally built by the C.P.R. to provide less expensive accommodation for guests travelling by train, the lodges, by reason of their location and improved automobile highway facilities in the area, no longer serve their purpose where the railway is concerned, Mr. Mackie pointed out.

CPR SELLS TWO MOUNTAIN LODGES

Canada's publicly-owned National Film Board makes about 250 documentary films a year, about 125 for television.

Verdi's opera Nabucca was written after he vowed never to compose again.

The sun-god was worshipped in Persia as Mithra, in Egypt as Ra, and in Greece as Apollo.

to be better citizens, and for this was needed continuous guidance, much understanding and much forgiving.

The speaker was thanked by President O'Flaherty for his able outline of a very controversial subject.

CPR SELLS TWO MOUNTAIN LODGES

CALGARY — The sale of two well-known Canadian Pacific Mountain Lodges - Emerald Lake Chalet and Moraine Lake Lodge - to the Brewster Transport Company of Banff, Alta., has been announced by R. A. Mackie, General Manager of C.P.R.
