POLICE HOLD TWO

SEVERE BEATING PUTS YOUTH IN HOSPITAL

A young Treaty Indian is in serious condition in hospital today, following a severe beating which took place Saturday about 11:30 p.m. in Keewatin. Removed to St. Joseph Hospital by Keewatin Police, who were called to the scene, the victim of the vicious attack was unconscious for 15 hours and is still not able to talk with Police.

In Magistrate's Court this morning, two young Kenora men were charged in connection with the affair and Police indicated that further charges may be laid against others. No evidence was heard this morning with the pair being held in custody.

Keewatin Police can give no motive for the attack, although another disturbance was in progress nearby at the time. It does not appear that the two incidents were connected.

Other cases heard this morning included:

A local man charged with common assault in the town of Keewatin was fined \$50 and costs or 15 days and for resisting arrest was fined a further \$200 and costs or 60 days.

For causing a disturbance in a public place by being drunk, a Kenora man paid \$100 and costs or thirty days.

A Winnipeg man charged with supplying liquor to a Treaty Indian was fined \$100 and costs or thirty days. A Pine Portage man appearing on a similar charge was fined \$50 and costs or thirty days.

A second offence drunk was given.

C.A.S. Play Tonight On Station CJRL

Citizens with vying interests in the community are assisting in the Children's Aid Society annual campaign with their contributions of time and talents. As announced before, Judge L. A. McLennan will give a five minute talk in support of this effort on station CJRL at six o'clock tonight. Tomorrow night at the same time, same station, Mr. Jack Owen will give a brief story of the founding of the C.A.S. in his radio appeal.

Theatre fans are looking forward to the presentation of a one act play, "Daddy's Girl", which will be a feature on the local station tonight at 10:15 o'clock. This effective little drama by Mrs. Jean McIntee will be directed by Mr. Frank Fowles. The title role will be played by Trudy McIntee, with Mr. Roy Murphy as the father, (Mr. Rose), Mrs. Muriel Fowles takes the part of the mother (Mrs. Rose), and Mrs. W. Long is cast as a neighbor, (Mrs. Best). Mr. Fowles will himself take the part of the local director. With this talented lineup, listeners are sure to be rewarded with fifteen minutes of excellent entertainment.

4-H Club Leaders To Hold Training School, Sept 24, 25

"The Club Girl Entertains" is the project which will be studied by 4-H Homemaking Club members in Kenora District. Hospitality in the home and club is the theme with emphasis on the planning, preparation and serving of refreshments for various occasions. Topics include introductions, flower arrangements, packing a week-end bag, setting up a hostess filing system, etiquette in public places.

A club may be organized in any community where there are at least three interested girls between the ages of 12 and 26. There must be a Leader who will attend a Training School and then organize and carry on eight meetings in the club. A Training School will be held at the Rabbit Lake Club House, Kenora, on September 24 and 25 from 10 a.m. to 4 p.m. Leaders must attend both days of the school. An assistant Leader may also come to the school.

Miss Elsie Irvine, Home Economist with the Ontario Department of Agriculture, is in charge of the 4-H Homemaking Club Programme for Northwestern Ontario. During the past year 396 girls completed 615 projects. There are many communities which are not making this worthwhile program available to girls of club age. Plan now to send Leaders to Training School.

High School Honor Pin Society

At the Commencement exercises held at the high school, Friday evening the students of the Honour Society had a special place on the program.

The Honour Society was introduced to the school three years ago. It was formed with two objectives in view:

(I) To provide a means of giving recognition to students, who have done outstanding scholastic work.

(II) To bring together a group of superior students who might be encouraged to offer their services to help weaker students to improve their scholastic standards.

Each student, who obtains an average of 75% in his year's work, receives an Honour Society pin. The first year he qualifies he will receive a No. 5 pin, the second year a No. 4 pin, etc. In Grade 13, at the end of 5 years' work he may qualify for a No. 1 pin.

The numbers of the society are listed below. Appropriate pins will be presented to them at a later ceremony.

PIN NO. 2
Leslie Bodger, Thomas Brett, Helen Czuch, Carolyn Hager, Gillian Holland, Larry Johnson, Myrna Lysen, Douglas Magnusson, Eva Shapland.

PIN NO. 3
Ian Barnard, Robert Bond, David Churchhill, Stanley Cook, Darlene Malmquist, Lillian Skorka, William White.

PRINCIPAL A. G. RICHMOND

OUTLINES HIGH SCHOOL EXPANSION PROGRAM

At the Kenora Keewatin District High School commencement exercises held Friday evening at the high school, Mr. A. G. Richmond, principal delivered the following address on secondary school accommodation in the Kenora-Keewatin area:

The registration in this high school at the present time is approximately 630 and it will probably increase slightly during the next week. This is the highest registration on record in spite of the fact that we had counted on a very slight decrease in attendance during the present year.

In this building we have thirty satisfactory teaching areas which will accommodate, by department of education, standards, 750 pupils.

We are reasonably certain that there will be two or three extra grade nine classes next year and one extra grade ten class. This will tax our present accommodation to the limit and additional space will be required for September of 1961.

A survey of the public and separate school population in the area appears to show very definitely that approximately three extra teaching areas will be required each successive year from 1961 to 1965.

The same survey would indicate that the high school student registration will be 1125 in 1965.

Combining our information on the actual attendance in the district, public and separate elementary schools, with the actual births that have taken place in the district, we conclude that the Secondary School population by 1972 will be at least fourteen or fifteen hundred. Two schools of the present size would then be required. It would appear that these figures are conservative, and make no allowances for such facts as that the municipalities of Redditt and Minaki are turning to this area for secondary education.

I would like to stress the fact that our figures are not based on any theoretical rate but are derived from actual elementary school attendance and births that have already taken place in the district.

Expansion Problems

Your Board of Education has studied the existing statistics very carefully and has discussed the community secondary school needs fully with the provincial district inspector.

As a result of the statistical study and subsequent discussions, your High School Board considers it inadvisable to expand the present high school building for the following reasons:

1. The Ontario Department of Education recommends that there should be 10 acres of level, useful land for each 500 high school pupils and that one additional acre should be provided for each additional 100 pupils. The present site does not contain nearly the required amount of level usable land needed for the present number of pupils and consequently, would be quite inadequate for a school double the present size.

2. The present location has only one, all weather, access route to it, that being the one to the east of the North Ward

(Continued on Page 8)

Four Year Old Collides With Car

Four year old Nancy Berglund of Norman, escaped with a bruised knee and elbow after she had collided with a car on Sunday afternoon.

Police report that the young girl ran into Parson's Street, Norman, as a car driven by William Koski of Kenora was approaching the intersection of Parson's Street and Peter Street. The accident occurred at 12:45 p.m.

214 Witnesses Attend Convention

The Memorial Arena in Fort Frances bustled with activity last weekend, remarked Mr. John Freeman, local presiding minister, as Jehovah's Witnesses brought their three day assembly to a grand climax. Attendance figures reached an all time high of 214.

Mr. Freeman has lived in Kenora since his arrival from England in 1913. Active as one of Jehovah's Witnesses for the past 37 years, seventy-four years old Mr. Freeman still spends an average of twenty hours a month in preaching publicly and from house to house.

The platform picturesquely drew one's attention to the assembly theme, Do The Divine Will. Artistically arranged, the colors of autumn and the fruits of harvest time reminded one of

Jesus statement that "the harvest is ripe but the workers are few."

In this setting Mr. Victor White of Toronto answered the question "When is God's Will To Be Done On Earth?"

Saturday's program highlighted the film depicting the world wide assembly of Jehovah's Witnesses in New York City in 1958. Many of the audience were amazed as over one quarter of a million people filled the stadium grounds to overflowing. The film also displayed the largest baptism the world has ever seen as 7,100 persons were completely immersed in water to symbolize their dedication. Many scenes met the eye as 20 different language meetings, two giant cafeterias operated by 12,000 volunteers, and others flashed on the screen.

Mrs. Olga Statiuk who was caring for out of town delegates remarked that accommodations were found for over 65 persons in local homes and hotels. Many others had their own arrangements with friends she added. The local cafeteria served over 600 meals besides lunches.

RESURVEY OF PARTS OF THE BOUNDARIES OF THE TOWN OF KENORA

Under The Surveys Act, 1958, Chapter 107, Statutes of Ontario, 1958.

NOTICE IS HEREBY GIVEN that a survey to re-establish and mark with permanent monuments the north and east boundaries and part of the west and south boundaries of the Town of Kenora has been performed by Ontario Land Surveyor John Prystanski, who has filed a report, plan and field notes with the undersigned.

The boundaries of the Town of Kenora as surveyed were established as the proper boundaries by a Quietng Order issued by The Ontario Municipal Board on the 15th day of June, 1959, in accordance with Section 6 (2) of The Municipal Corporations Quietng Orders Act, R.S.O. 1950, Chapter 247, as amended.

On Thursday, October 15th, 1959 at the hour of 2 p.m. E.D. S.T., the said survey of the boundaries of the Town of Kenora, will be considered at the office of the Surveyor General, Department of Lands and Forests, Toronto, Ontario, and the parties affected thereby will be heard concerning any objections to the confirmation of the survey as performed.

A copy of the surveyor's plan, field notes and report may be seen at the office of the Surveyor General, Parliament Buildings, Toronto, Ontario, or at the office of the Clerk of the Town of Kenora.

F. W. Beatty, Surveyor General, J. W. Spooner, Minister of Lands and Forests.

\$325,000,000 Government of Canada Bonds and Treasury Bills

The Bank of Canada is authorized by the Minister of Finance to receive subscriptions for bonds and competitive tenders for treasury bills to be issued for cash as follows:

3 YEAR 5 1/2% NON-CALLABLE BONDS DUE OCTOBER 1, 1962
ISSUE PRICE: 97 1/2% YIELDING ABOUT 6.33% FOR 3 YEARS.

Exchangeable on or before June 30, 1962, into an equal par value of **5 1/2% NON-CALLABLE BONDS DUE OCTOBER 1, 1975** YIELDING ABOUT 5.72% FOR 16 YEARS.

Interest payable April 1 and October 1.
Denominations: \$1,000, \$5,000, \$25,000, \$100,000, \$1,000,000 and

1 YEAR 5 1/2% NON-CALLABLE BONDS DUE OCTOBER 1, 1960
ISSUE PRICE: 99% YIELDING ABOUT 6.55% FOR ONE YEAR.

Exchangeable on or before June 30, 1960, into an equal par value of **5 1/2% NON-CALLABLE BONDS DUE OCTOBER 1, 1975** YIELDING ABOUT 5.60% FOR 16 YEARS.

Interest payable April 1 and October 1.
Denominations: \$1,000, \$5,000, \$25,000, \$100,000, \$1,000,000 and

1 YEAR 7 MONTH 3% NON-CALLABLE BONDS DUE MAY 1, 1961
ISSUE PRICE: 94.65% YIELDING ABOUT 6.61% TO MATURITY.

Interest payable November 1 and May 1; One Month's Interest Payable November 1, 1959.
Denominations: \$1,000, \$5,000, \$25,000, \$100,000, \$1,000,000
These bonds are an addition to the \$400,000,000 of 3% bonds due May 1, 1961 dated May 1, 1958.

253 DAY TREASURY BILLS, DUE JUNE 10, 1960.
TO BE SOLD AT COMPETITIVE TENDER.

Denominations: \$1,000, \$25,000, \$100,000, \$1,000,000

These Bills will be dated October 1, 1959 and will be an addition to the \$200,000,000 of Bills due June 10, 1960, dated June 10, 1959. Bearer form only. Fully interchangeable as to denomination.

Subscriptions and tenders may be made to Bank of Canada, Ottawa, through any investment dealer eligible to act as a primary distributor or through any bank in Canada. An official prospectus may be obtained from any Agency of Bank of Canada.

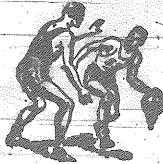

The \$325,000,000 of new securities offered are an addition to \$35,000,000 of 253 day treasury bills dated October 1, 1959 and due June 10, 1960; \$90,000,000 of 3% Bonds dated October 1, 1959 and due May 1, 1961; \$50,000,000 of 5 1/2% Bonds due October 1, 1960 and \$50,000,000 of 5 1/2% Bonds due October 1, 1962 which the Bank of Canada has already agreed to acquire on October 1, 1959. Bank of Canada's purchase of the \$35,000,000 of 253 day treasury bills will be at the average price of accepted tenders from primary distributors. The proceeds of this loan and securities purchased by Bank of Canada will be used by the Government to refund the \$350,000,000 Government of Canada 3% Bonds maturing October 1, 1959.

The Minister of Finance reserves the right to accept or reject in whole or in part any subscription and/or tender.

The books of the loan will close at 8:00 p.m. E.D.T. on Tuesday September 15, 1959.

The Year The Yankees Lost The Pennant . . .
Fifty-two years of prohibition

ended in the state of Oklahoma last Tuesday and the cheers were just about as turbulent and riotous as the spirited welcoming of the news bulletin that the New York Yankees could no longer overtake the Chicago White Sox and win the American League pennant. In fact, there even was the eager anticipation that the Yankees could conceivably end out of the first division. That remains to be seen; everything can't be bliss.

For the first time since 1954, when the Cleveland Indians momentarily halted the marching Legions from Broadway, the American Baseball League will send a new representative to the big tent of baseball, the World Series. The "go-go" Chicago White Sox will likely make the trip, their first in some forty years; and this is judged on their fat five-game lead over the second place Cleveland Indians. It is a small miracle in itself that the Yankees will be off the top shelf, but it is only more amazing that the Cleveland Indians have been near the top spot all year. The Indians came into the league this season with the hopes of a ninety-year-old lady expecting a date with Marlon Brando. However, let's deal with the Sox:

The first White Sox team to win a pennant was the 1906 collection known as the "Hitless Wonders." Their batting average was .228 and they hit nine home runs all season. The slugging leader of the Chitowners was Frank Isbell with a .279 average and three homers. The regular third baseman was poking .175 and not one of the Sox outfielders were hitting over .230. The comments about their chances

of mastering the National League winners that year, the Chicago Cubs, were snickering through the press in comic sheet fashion. The mighty Cubs had defeated

McGraw's Giants that season and had set a new record by winning 116 games.

This minister of northern affairs says:

"It's in the bag!"

What's in the bag? A loaf of bread — broken up to last longer. Father is the photographer — with mother and baby brother well back behind him. For this is a highlight of a "camping out" holiday, so carefully planned that expenditures didn't exceed the sum of money set aside for it.

The budget of the Minister of Northern Affairs and National Resources at Ottawa covers a number of departmental branches. Among these are National Parks, Water Resources, Forestry, and Northern Administration and Lands. His expenditures involve millions of dollars.

Money for all departments of government comes through the Minister of Finance who gets it largely in taxes from Canadians such as you. When more money is spent than is collected in taxes, government must borrow from you . . . or else create new money. The creation of new money is one factor that leads to inflation . . . which means your dollar buys less and less.

The government has been spending more than you have been paying in taxes. To narrow the gap between income and expenditures, new taxes have been imposed.

The next step should be to reduce expenditures, or at least hold the line. Undertaking new commitments — adding new welfare or other services — will only make it that much more difficult to pay our way. Tell your M.P. at Ottawa that since you are trying to save, you expect government to do the same.

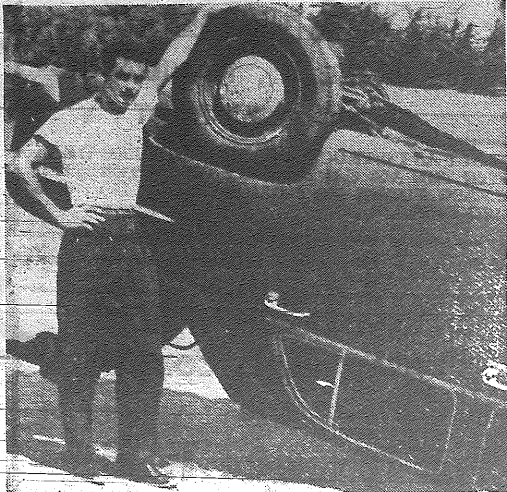

You also help when you save more by means of life insurance, savings deposits, and the purchase of government bonds. Your savings help to create a SOUND dollar; and this, in turn, helps to create job security for you and more jobs for other Canadians.

A SOUND DOLLAR MEANS A BETTER LIFE FOR YOU

GIVE YOUR ACTIVE SUPPORT TO THE FIGHT AGAINST INFLATION

A PUBLIC SERVICE MESSAGE FROM THE LIFE INSURANCE COMPANIES IN CANADA

HARD LUCK CAR OWNER NOW RIDES BUS

Jim LeGallais, 23, Hamilton, Ontario swore he would never buy another car as he stood over the wreck of one auto that represented the high point in a long run of bad luck. Of the four cars Jim has owned, one was stolen, the motor gave out in another after just one month and he smashed the other. "I'm still paying my car debts ten months after I stopped driving," says Jim.

District Liberals To Hold 3-Day Meet This Month

Issues of vital public concern to Northwestern Ontario will be the principal items for discussion when Liberals from the region gather at Quetico Park Conference and Training Camp for their Annual Meeting on Friday, Saturday and Sunday, September 18, 19 and 20th. John J. Wintermeyer, Ontario Opposition Leader, will be the chief speaker.

The Northwestern Ontario Liberal Association's meeting will be the first in a series of such gatherings to be held by the Liberal Party throughout the province. On this occasion, highways, housing, freight rates and secondary industries are listed for major discussion at the Saturday afternoon session.

Among speakers to be heard are: W. M. Benidickson, M.P., Kenora; Hubert Badanal, M.P., Fort William; Albert Wren, M.P.P., Kenora and John Chapelle, M.P.P., Fort William. James Scott, Executive Director of the Ontario Liberal Association, will conduct a seminar on party organization, and officers will be chosen at the formal Annual Meeting Saturday evening. At that time also, resolutions will be presented.

The Conference programs begins with registration and a social session on Friday evening. Organizational matters will be taken up Saturday morning, with the informal speeches in the afternoon. Discussion of Northwestern problems will also come during the afternoon on Saturday. There will be a final meeting Sunday morning, with discussion groups participating, before the delegates go to Atikokan for church services. On Sunday afternoon there will be a tour of Steep Rock Iron Mines and later there will be a reception in St. Patrick's Hall.

Energy Resources Minister Visits Northern Ontario

To get a first hand look at Government and Hydro operations in Northern Ontario, the new Minister of Energy Resources Hon. Robert Macaulay, is visiting some northern centres the latter part of this week.

The first stop is an inspection trip in from Fraserdale off the Ontario Northland Railway main line to Otter Rapids where Ontario Hydro has over 600 men employed in the construction of a three unit Generating Station scheduled to go into initial service in 1961.

A call was also paid into Abitibi Canyon where Hydro operate a large Generating Station that feeds power into the Northern grid.

Friday, Mr. Macaulay and party, which includes Hon. Wilfred Spooner, Minister of Lands and Forests, and James Auld, M.P.P., Leeds, will be in Moosonee looking over the area that figures quite prominently in the Province's plans for future northern development. These men will also investigate further the area's potentiality as a northerly sea-port for the province.

On Saturday the Energy Resources Minister flies to Elliot Lake for a tour of the uranium mines in the district. On Saturday afternoon at 3 p.m., representing Prime Minister Leslie Frost, Mr. Macaulay will officially open the new St. Joseph's Hospital.

Sunday, September 13th, Mr. Macaulay attends and will speak at the annual meeting of The Northern Associated Chambers of Commerce at Chalet-Bungalow Camp on the French River.

ANNOUNCEMENTS

The regular meeting of the Lake Woodena Rebekah Lodge No. 183 will be held in the I.O.O.F. Hall, Tuesday evening, September 15, at 8:00 p.m. The Junior Past Noble Grand will give her report on the assembly sessions. A good attendance is requested.

PETER — JOHNSON

Mr. and Mrs. William J. Johnson of Edmonton, formerly of Kenora announce the marriage of their only daughter, Elaine Ann to Mr. Arthur Peter of Edmonton. The marriage took place at Edmonton, Saturday morning, September 5th at eleven-thirty.

Miss June Wettendorf attended the bride and Mr. George Taylor was best man.

A reception was held at the home of Mr. and Mrs. N. Drage, Edmonton.

Mr. and Mrs. Arthur Peter will reside at 9927 79th Avenue, Edmonton, Alberta.

The Nickel Still Has Some Value

Toronto — What can five cents do when a nickel cigar now costs a dime?

Directors' luncheon guests at the Canadian National Exhibition today learned it can do quite a lot.

In terms of electricity, W. L. Turner, president of the Canadian Electrical Manufacturers Association, told them five cents can:

Pump 1,000 gallons of water; Lift 1,000 bushels of grain 40 feet;

Inflate about 50 automobile or trailer tires;

Run a television set for 17 hours;

Run a refrigerator for three days;

Toast 200 slices of bread;

Do 10 washes in an automatic machine, operate an electric fan for 60 hours and keep a radio broadcasting for nearly 48 hours.

SWALLOWS TAKE OVER ISLAND

Cedar Island — The swallows may be welcome at Capistrano, but they're a nightmare on this island 18 miles west of Windsor.

Caretaker Harvey Melton says they have invaded the park area, littering sand, picnic tables and cars. Attempts to frighten them off have failed.

Mr. Melton thinks the swallows have decided Cedar Island is for the birds. They nest in clay banks but during hot weather have found it cooler to roost in trees for the night.

VANITY WAS HER UNDOING

Dayton, Ohio — Feminine vanity trapped a 14-year-old shoplifter here.

A clerk in a downtown store saw the girl take a pair of slacks from a rack and head for the fitting room. Suspicious of a large sack the girl carried, the woman clerk followed her, checked up, then called police.

In the sack were three b'ouses and another pair of slacks. "I wanted to try them on before I stole them," the girl told police.

Canada's smallest tree frog, the one-inch cricket frog, is confined to Pelee Island and Point Pelee, Ont.

There are no known deposits of high-grade coal or oil in Sweden, and such fuels have to be imported.

Safety Association To Meet In Dryden Sept. 23

The Northwestern Branch Mills Group of the Ontario Pulp and Paper Makers' Safety Association will meet in Dryden, Ontario on Wednesday, September 23rd.

This will be the Group's Annual Meeting and the Dryden Paper Company Limited will be host to the Branch.

Besides the Annual Election of Officers for the coming year, a very full agenda has been planned for the one day meet.

During the morning session, routine business will be handled, including various Committee reports, both sectional and province wide.

Mr. F. T. Morrish, Safety Supervisor, The Ontario-Minnesota Pulp and Paper Company Limited, Fort Frances Division, and General Chairman of the Northwestern Branch, will give a paper on "Accident Investigation".

At 11:00 a.m. the Group will be conducted on a tour of the Dryden Paper Mill.

The afternoon session will convene at 1:30 p.m. and will be highlighted by several features.

A film "Mouth to Mouth Artificial Respiration" will be shown and this will be followed by an address by Dr. John Potts of Dryden.

A multiple role-playing session will be conducted by Mr. J. Windebank, Manager, Industrial Relations, The Ontario-Minnesota Pulp and Paper Company Limited. All members will be participating and the role will centre on the indoctrination of an employee regarding plant safety rules.

A social hour will precede the Annual Banquet at 7:00 p.m. and Mr. W. Paul Graham, Industrial Relations Branch, Labor-Management Co-operation Service, Department of Labour, Canada, is to be Guest Speaker.

Mr. F. T. Morrish will chair all sessions and the meetings will be held in the Riverview Lodge.

TOMMY'S DOLLAR

Tommy is saving up for a bike. Dollar by dollar, week by week, his bank account is growing... bringing the Big Day nearer.

But meanwhile, Tommy's dollars are serving a second useful purpose.

Bank credit is based on the dollars Canadians keep in 11 million deposit accounts in the chartered banks—and Tommy's account is one of them. Bank loans are constantly being made to meet the needs of business and personal borrowers in all parts of Canada.

So every time you make a deposit you are—like Tommy—building toward something worthwhile for you self, and at the same time keeping your dollars at work for the benefit of all.

THE CHARTERED BANKS SERVING YOUR COMMUNITY

Union officers and fellow workers gathered 200 strong Friday evening to honor retiring members of Local 133, International Union of Pulp, Sulphite and Papermill workers.

Standing, left to right are Mr. and Mrs. Percy Hudson, Union V.P. Steve Stephens, local president Bill Morrison, Mr. and Mrs. Wm. Tabasnik. Seated are Henry Bell and his mother, Mrs. Mary Bell.

Why Children Cheat

Many children do cheat in school, but why?

Educational research has discovered that ordinarily the reason is not the child's poor moral background or education. Rather it is due to the situation in which the youngster is placed.

The attitude of the teacher, the atmosphere of the class, room and the morale of the group are all significant.

There is no stereotype for the child who cheats — although most often it is the student who has a lower intelligence and greater outside pressure "to do good".

Venezuela, in South America, is carrying on a long-range beef cattle improvement program with Brahman hybrid heifers purchased in the United States.

JUST TOO REALISTIC

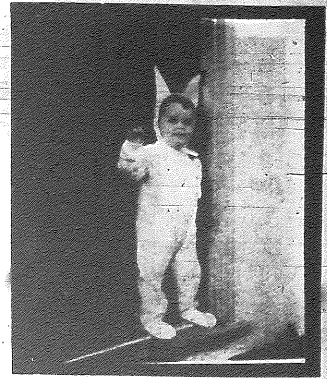

SALEM, Ore. — Exhibitors of the outhouse in the pioneer homestead group at the crowded state fair have barred the door. "Too authentic," they said.

NOT SO DUMB

Fort Wayne, Ind. — Third graders were enraged when a newspaper columnist described their pet parrot, Sam, as "the dumbest pupil in the third grade because he has spent five years there without being promoted." One youngster wrote the newspaper: "I don't like that remark about Sam being dumb. He is in the third grade, and he's only 7 years old."

You are looking at another "first" in oil-burning circulating heaters! Without sacrificing any of the proven performance of past TESCO heaters these new 1960 models have a new streamlined look that is as modern as the latest cars! Full-length grilles in luxurious-looking enamelled mesh combine efficiency with beauty. Hard baked-enamel finish can be cleaned with a damp cloth. The colour is a warm Cordovan Brown that will blend subtly with most home decors. Remember last winter? Br-r-r! Be ready: order your TESCO heater now.

Heating Capacity 6,500 Cubic Feet

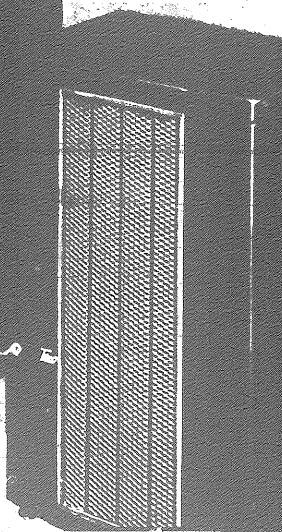

65,000 B.T.U. size - our largest. Fits most residences, offices. Fitted with high efficiency Breese 4-inch round pot-type burner. Built in porcelain enamel flue tight. Constant level metering valve. Automatic draught regulator. 8-inch flue outlet. Side door gives easy access to interior of heater for lighting and cleaning. Minimum fuel consumption per 24 hours 2 1/2 gallons, maximum 13 1/2 gallons. Can be adapted for blower mounting (see catalogue number 056-P-6327 below for suitable blower). Cabinet size about 47 1/2 inches high, 28 1/2 inches wide and 27 1/2 inches deep (including tank). Fitted with floor levelling feet.

Around Town

Congratulations are extended to Mr. and Mrs. John Donald, who celebrated their forty-third wedding anniversary on Sunday, September thirteenth. Mr. and Mrs. Donald were married in Toronto on September thirteenth, 1916, by Rev. Hamilton, Rector of the Presbyterian Church of Keewatin, Ontario.

Mr. Don Wray of Churchill, Manitoba was a week-end visitor in Kenora, visiting his grandmother, Mrs. Marjory A. Brinkman, 4th Avenue South and other relatives.

Mr. and Mrs. Dan Mills and sons Jim, and Leslie of Ear Falls, Ontario were week-end visitors in Kenora, guests at the home of Mr. and Mrs. George Kliendienst.

Miss Phyllis Antonuk of the teaching staff at Madsen, Ontario, was a week-end visitor at the home of Mr. and Mrs. J. Bellamy.

Mr. R. M. Gardiner of Madsen was a week-end visitor at the home of Mr. and Mrs. J. Bellamy.

Mr. and Mrs. F. A. Riles of Anoka, Minnesota, were week-end visitors in Kenora.

Miss Margaret Etter, has returned to Bishopstowe after spending the summer weeks down east.

Mr. Joseph McFarland and Mr. Norman Loisel of Sherbrooke, Quebec have left Kenora for the Lalshead after spending the summer months here.

Mrs. Helen Blondin left during the week-end for Walhalla, North Dakota, and will spend the next few weeks visiting her sister, Mrs. J. Dame. Sympathy is extended to Mrs. Dame in the loss of her beloved husband, Mr. J. Dame of Walhalla, N.D.

Mrs. Mattie Grant and Miss Esther Braaten of the "5 Spot" accompanied Mrs. Blondin to Walhalla and have returned to Keewatin.

Gordon Bellamy of R.C.A.F. station at Clinton has completed and passed with honours, his Basic Electronics, and has attained the classification of AC1 in the R.C.A.F. He will now take a course on Basic Communications. Gordon made a four trip to Niagara Falls, Ontario during the long week-end and had the pleasure of meeting Keith Dickens of Hamilton, son of Mr. and Mrs. P. K. Dickens of Kenora. This past week-end Gordon and friends planned to attend the Canadian National Exhibition.

WEDNESDAY

MARR — Mr. and Mrs. W. A. Mage wish to announce the birth of their son, David Glenn on Friday, September 11 at the General Hospital.

WEDNESDAY

Mr. and Mrs. Ben Martin wish to announce the engagement of their daughter, June Lillian to Mr. Gary Setterland, son of Mr. & Mrs. Rudy Setterland, Kenora. The wedding to take place October 17, at St. Alban's Pro-Cathedral.

Mr. and Mrs. A. E. Hulmes, 27 Brewery Drive, wish to announce the engagement of their only daughter, Mary Elizabeth, to Mr. Glen Gagnon, son of Mr. and Mrs. W. C. Gagnon of Kenora.

Annual expenditures for civilian health and medical services in the United States are estimated to be about \$94 a person.

Outlines High School Expansion

(Continued from Page 3)

School which leads to a rather busy through street. It is not difficult to imagine the congestion that would develop at this point if this school were expanded to accommodate fourteen or fifteen hundred pupils...

You can possibly picture the situation more readily if you try to imagine the equivalent of three times the seating capacity of this auditorium, in and out of the area twice each way during the day.

In visualizing this congestion, you would also have to take into consideration the fact that there would probably be twenty-five or thirty buses loading or unloading students at the one access point, four times per day.

You must also picture at least 200 teacher and pupil cars parking in the area and 200 parent cars loading and unloading pupils at the one access point daily. Further more, in bad weather, the number of parent cars bringing pupils to or taking students from school in the area would be more than doubled.

The traffic conditions outside the school could lead to a real problem, but traffic control inside the school could also be a very serious problem, if in time this building were expanded to accommodate double the number of students...

Even if adequate useful land were available, any substantial further expansion to the present building would create serious problems in providing the necessary heating, plumbing, and electrical services.

Quite a number of communities in Ontario seem to be regretting that they have developed very large secondary schools of well over 1,000 population. The very large schools seem to develop into education mills in which there is little individuality either for the pupil or for the teacher.

Proposed Solution

In dealing with the forgoing problem, it would seem that the Board has two possible alternatives.

a. Continue expanding at the present site till the difficulties encountered become excessive and then start construction at a new site or

b. Start developing a new site and school as soon as the new expansion is necessary.

1a. The first (namely) continued piecemeal expansion here) is the easy way out and I do not think that it is the best way because:

(i) It would probably result in two schools - one of 45 teaching areas and one of 15. The one school would be large, but not necessary over large; the other would be too small to provide

effective administration or flexibility.

(ii) Successive small additions here would entail a great many interior costly changes - particularly those changes associated with the provision of heating, plumbing, and wiring.

2 In moving to a new location your Board feels that construction would be no more expensive and more effective accommodation would be provided. Their thinking now is that tentatively, a complete school of some thirty teaching areas should be planned for by a competent architect and that the building should probably be constructed in three stages.

First - probably eight rooms ready for use in 1961.

Second - possibly 14 rooms ready for 1961.

Third - possibly eight rooms ready for occupancy in 1970.

The gross planning of such a structure should be done before any building is erected. The location of various departments in the school should be planned ahead of time, and the heating, plumbing and wiring needs should be planned in advance, so that no major alterations are required in the existing building when successive additions are made.

3. The municipality which provides the financing for such a plan should be advised well in advance so that the demands made upon them can be budgeted for in the future.

Site

With the above objectives in view, the Board of Education has secured an option on some twenty acres of land on the north side of Ninth Street, east, between 13th and 16th avenues. This property should contain sufficient, reasonable, level land to provide for a school of 750 to 1,000 pupils. The suitability of this site will

have to be further investigated before definite plans are made.

This site was selected because

(i) It seems to be only one of adequate size, available within the municipality.

(ii) Water and sewer, important essentials to school construction, are available within a half block of the property.

(iii) The site is located in a district very close to the most rapidly expanding new housing area in the north-east of the town and also in the joining township.

Conclusion

To recapitulate, the children necessary to fill two such schools as I have outlined are already born, many of them are now in elementary school school accommodations must be provided for them.

Your Board feels that in planning for their accommodations, a long range programme can be much more effective and even cheaper than a succession of short range piecemeal programmes.

It is probable that a great deal of revision in the present thinking will have to be done as the year's pass but I feel that it is much more likely that the future needs will have to be revised upwards rather than down.

With her well-loaded barrow, the portly woman was making a gallant effort to reach the top of the hill.

A man who was passing, seeing her struggles, lent a hand. After sustained effort on his part the top was reached.

She was grateful. "Thanks, lad. Do you smoke?"

"I do," he replied, his eyes lighting up.

"Aye," she replied, "I thought so from the way you were puffing and blowing."

Over The Spider's Web

(Continued from Page 2)

The Series, the White Sox were champs. So goes the opening story on the peculiar White Sox. Fifty years later we find the White Sox on the door of an American League victory, and still, in factual baseball reality, hitless wonders. Their club batting this season is .252 . . . only a few points ahead of the perennial last place Senators and the pitching famous Baltimore Orioles. So, what makes the Windy City nine tick? The critics are beginning to say that their manager, Alfonso Ramon Lopez, is completely revolutionizing the modern game on the theory of stealing bases, hit-and-run, the squeeze and other tactics that have long been neglected by the home run player. Nellie Fox is the only Chicago player batting over .300; however, with the base running of Luis Aparicio, a tight defensive wall, a remarkable pitching staff and just plain luck; the Sox are the talk of both leagues. They have won 31 games this season by one run, and have only lost eight the same way. They do all this with some ninety stolen bases, 46 for Aparicio, and broken bat hits. Doctor Dave Halliwell returned recently from a trip to Cleveland where he tried to cheer on his favourite Indians to victory in their bid to overtake the Sox for first place. In a four game series the Indians dropped four straight. We think Dave will confirm that the Chicago nine have something, even if they are called the new "hitless wonders."

Meanwhile, in the senior circuit, one of the best last month races is being featured in the West Coast drive to bring home a pennant. The league leading giants have stumbled in the past week and now find the Dodgers and the surging Braves within a game of capturing the celebrated post. It's a toss-up who will represent the National. It would be a tremendous series if the Giants and the White Sox should meet . . . both have given baseball the most entertaining thrills of the season.

Art Daley reports in the "New York Times" that during the past forty years the Chicago White Sox have usually ended in the bottom of the second division. He goes on to say that when the Chicago City Council wanted to pay tribute to the original Charles Comiskey a few years ago and name a street outside Comiskey Park in his honour, a legislator glanced at the standings of the clubs. "Why not name it seventh place?" he asked.

Curlers - Golf Draw Big Entry

Kenora and Keewatin golfers took to the fairways yesterday 84 strong to determine the district's best golfing curler. Fine weather, good fellowship and some sparkling play combined to make this year's renewal one of the best in recent years.

Gordon Peterson, the man who knows about such things, will announce the winners tomorrow. The event was played on the Handicap system, and Mr. Peterson is busy working out the figures today.

SLEEPY BAKER EXCUSED FROM JURY DUTY

Greensboro, N.C. — Judge Susie Sharp had just begun her charge to the jury in a civil case when she noticed a juror missing.

Searching officers found George W. Hardy at home, fast asleep. Hardy blamed the cost of living for oversleeping. He explained he couldn't support a wife and seven children on a \$6-a-day jury pay so his employer, a bakery company, permitted him to work nights. Monday through Wednesday Hardy served on the jury from

9.30 a.m. to 5 p.m., worked eight hours at the baker during the night, then grabbed about four hours sleep before hurrying back to the courthouse.

The wife, and kids already had left when the alarm went off and ran down without waking him.

Judge Sharp, who had completed the jury with an alternate, excused the sleepy baker from further jury service and told him to go back to bed.
