107 Members Out For Mount Carmel H and S Meet

The first meeting of the school year of the Mount Carmel Home and School took place September 23rd in Notre Dame Parish Hall at 8:00 p.m. There were 107 paid up members in attendance. Mrs. J. Olfman, President of the Home and School Council gave a brief outline of the work council does in the Home and School Associations. The following points were noted:

1. To compare association work and ideas.
2. To develop local leadership.
3. To provide occasions for Home and School policy discussions.
4. To promote Federation programs.
5. To advertise Home and School to our community.
6. To act as liaison to other organizations and school boards.
7. To help the Federation to have a foot hold in everything.
8. To provide parent education.

Mrs. Olfman informed those present of the forthcoming Education Conference to be held in the Kenricia Hotel on October 23rd. Mrs. Thingstad the area Vice President of Home and School will be the chairman for this conference.

Mrs. Olfman then stated it was with a great deal of pleasure that she installed the incoming executive.

Pres. - Mr. H. Kerr
Vice Pres. - Mr. R. Prefontaine
Sec. - Mrs. W. Goss

Treas. - Mrs. R. Prefontaine
Rec. Sec. - Mrs. W. Melnick

Committee - Mrs. F. Leroux
Mr. J. Pedneault, Mrs. W. Redden, Mrs. W. Whiddon, Mr. L. Moore.

Mr. Kerr then introduced the members of the teaching staff.

The membership chairman Mrs. L. Moore, introduced Mrs. J. N. Davidson who gave a very detailed report on the 40th annual convention of the Ontario Federation of Home and School Associations held in Toronto April 1st and 2nd. Mrs. Davidson gave the highlights from the different speakers addresses at the convention. She told that Home and

School was organized for the purpose of concerning ourselves with the education of children so that every child can make his life count. Several other points were, Parent education, equality of opportunity, and an account of Mr. Z. S. Phimister's visit to modern schools in Moscow and Leningrad. In closing, Mrs. Davidson urged all to put Home and School first where it rightly belongs.

The Meeting was followed by a social period.

Nine 4-H Clubs Organized For New Project

Nine 4-H Homemaking Clubs will be organized in Kenora District within the next couple of weeks. The project is "The Club Girl Entertains". During the meetings, club members will discuss flower arrangements, planning parties, how to make introductions, table setting and table manners, how to be a pleasing guest and a pleasing hostess.

Miss Elsie Irvine, Home Economist, Ontario Dept. of Agriculture, conducted Training Schools at Dryden and Kenora for the Club Leaders. She reports that these Leaders expect a membership of approximately seventy-five girls between the ages of twelve and twenty-six.

The clubs and leaders are:
Britton - Mrs. D. Brown, Mrs. G. Wilson.
Ear Falls - Mrs. D. Parr, Mrs. Joyce Chilton.
Minnitaki - Mrs. N. Davis.
Jaffray - Mrs. A. Davidson.
Mrs. D. Campbell.
Oxdrift - Mrs. H. Latimer.
Pellatt - Mrs. J. Robinson, Mrs. Carl Olson.
Redditt - Mrs. A. Bruce.
Wabigoon - Mrs. H. Bicknell, Mrs. V. Neill.
Wainwright - Mrs. G. Findlay.

Norman CWL Prize Winners

The Norman Parish Council of the Catholic Womens' League held a very successful tea on Saturday, September 26, at the Norman Community Club. Following is a list of prize winners on a draw held at the tea.

- 1st prize - \$25.00 - Mrs. Nelsonbrecker, Keewatin.
- 2nd prize - \$15.00 - Miss Judy Lacombe, Norman.
- 3rd prize - \$10.00 - Miss Beatrice St. Croix, Norman.

A door prize of a lovely cup and saucer was presented to Mrs. J. Skrzyziarz of Norman. Mrs. S. Ostrowski was the lucky winner of the Chiffon cake.

The ladies of the C.W.L. of Norman take this opportunity to thank everyone who helped make the tea the success it was.

Assault Case Remanded To Oct. 5

Four Kenora youths charged with assault in connection with the beating of an Indian in Keewatin two weeks ago, this morning received a further remand until Monday, October 5th. The remand was asked for by Harry Wain of Winnipeg, counsel for one of the quartette. A second member of the group was charged with assaulting another man on the same evening. As the case now stands, two of the four youths face two separate assault charges.

Five local young people appeared in court this morning

charged with obtaining liquor while under the age of twenty-one years. Three were fined \$10 and costs or 7 days and two were remanded for a week.

Causing a disturbance by fighting cost a district woman \$25 and costs or 10 days. A man on a similar charge paid the same fine.

Four first offence drunks received the usual fine or option.

Failing to pay parking fines resulted in two local motorists being fined \$5.

assigns certain areas to certain Churches. The Lake of the Woods area is recognized as Presbyterian. The other Churches therefore leave this work to us in this area, just as we leave it to them

(Continued on Page 12)

Carpenter's Union Ladies Auxiliary Install Officers

The newly elected officers of the Ladies' Auxiliary No. 758 of the Carpenter's Union were installed at their regular meeting on Wednesday, September 23rd. Mr. M. Cormylo, Meeting Chairman of Local 1669 conducted the installation ceremony.

The officers for this year are: Pres. - Mrs. F. Button. Vice Pres. - Mrs. K. Johnson. Recording Secty. - Mrs. P. B.

Treas. - Mrs. M. Cormylo. Trustees - Mrs. G. Moorey, Mrs. B. Bourgoquin, Mrs. E. Connolly.

Conductor - Mrs. H. Larsen. Warden - Mrs. J. Valenta. The officers will be pleased to hear from any ladies wishing to join their organization.

DISTRICT TEACHERS MEET AT DRYDEN

The Riverview Public School, Dryden, was the scene of the forty-sixth annual convention of the Kenora District Teachers' Association, Friday, September twenty-fifth.

Rev. F. Reimer, of Our Saviour Lutheran Church, Dryden, led a brief devotional period which was fittingly climaxed by the Lord's Prayer, sung by the Riverview School Choir. Representing Mayor Skillen, Councillor Sherwood gave an address of welcome, bringing greetings from the town of Dryden.

Under the direction of Mrs. C. Marr, the Riverview Mixed Choir presented a variety of excellent choral selections. This was followed by a skillful demonstration of tumbling under the guidance of W. Salonen. A lively square dance, "Dive for the Oyster", by a mixed group trained by Miss L. Van Marum provided a delightful finale to the entertainment period. Highlighting the morning's activities was an address, "The Teaching of Literature" by Mr. W. McMaster, editor of Copp Clark Co., Toronto. He spoke of literature as among the loftiest forms of art, stressing

enjoyment, understanding and appreciation of the artistry to be discovered in the various types of literature.

The main features of the afternoon session included two addresses "Science in the Elementary School" by Mr. Reid, Science master at North Bay Teachers' College, a Science workshop for teachers of grades four to eight and a workshop "Teaching the First R." for teachers of grades one to three.

Heartily applause welcomed the invitation, extended by Mr. J. Forbes, to hold the 1960 convention in Keewatin. The following officers and executive members were elected: Chairman: Mr. Bob Conner, Cochenour.

Vice-Chairman: Mrs. R. McLaren, Balmertown.

Treasurer: Mr. B. Stewart, Kenora.

Secretary: Miss Phyllis Antonjak, Madsen.

Executive Members: Miss L. Kron, Kenora. Mrs. Kidd, McKenzie Island. Mrs. McHugh, Red Lake. Mrs. Jean Saunders, Keewatin. Mrs. D. Wilkes, Red Lake.

PROTEST KHRUSHCHEV VISIT TO U.S.

In Toronto, Ontario ethnic groups protest the visit of Khrushchev. Some 500 members of various ethnic groups gathered together in Queen's Park, waving banners and wearing native costumes. The rally was orderly as speakers denounced Khrushchev, although the signs they carried were militantly anti-Communist. The rally was sponsored by the Mutual Co-operative League of Canada.

"Root-a-toot - toot, root-a-toot - toot.
We're the boys from the Institute.
We don't play for Harvard.
We don't play for Yale.
Nor do we play for Kenora's jail . . ."
(Mustang theme song).

THE SURPRISE AT CENTRAL PARK

The Little League fence was taken down at Central Park and a regulation football field was constructed by Emil Uhrynyuk and his purple and white contractors prior to the arrival of the bird men from the near east. It was an achievement, but not quite the feat that was turned in Saturday by the non-unionized spare time carpenters with their unexpected 12-6 victory over the presumptuous Dryden Eagles. The go-go Mustangs stopped the Eagles cold.

Led by the superb quarterbacking of Larry Johnson and the running of backs Garnett Miller and Dave Warner, the charging, green Mustangs overcame their Red Lake jitters and put the stop to the highly touted

boys of Ray Desjardins. In typical football weather, dampness and then rain, the Kenorians took advantage of the breaks that came their way and proceeded to do what none of them had expected. They halted Dryden's running attack early in the first half and had little trouble in intercepting the end-over-end passes of quarterback Roy Vivian. The running of Merv King was the only Dryden threat and his playing accounted for the Eagles' six points. The Mustangs in turn played good defensive football and managed to have an early ground attack which caught the Dryden twelve off guard. Garnett Miller scored from the Dryden three yard line in the first quarter and Ken Gauld galloped over the right end in the second for the Mustangs' early 12-0 lead. Dryden settled down and held the Kenora team for the rest of the game. However, it was too late.

There was no scoring in the final half of play as both teams threw their weight around. Kenora came close to scoring when end Bill Feltham caught one in the end zone, but it was called back. Feltham played an excellent game considering it was his second time out as a Mustang. The victory gives the local squad a 500 record and the way the Eagles handled Fort Frances, the Mustangs may have a 2-1 situation come next Saturday morning.

Emil Uhrynyuk and Carl Ruffelds have moulded a team out of greenness which was clothed with desire. The coaches have done a great deal in the two weeks they have been working with the horse crew. Outside of Garnett Miller and Larry Johnson, the Mustangs have a new

MAIN STREET AT LAKE OF THE WOODS

RCMP STAGE RAID ON NARCOTICS PEDDLERS IN TORONTO

After six months' investigation RCMP and Toronto police staged a raid on narcotics peddlers, and arrested 31 suspects. Police photographed drug sales with a telephoto camera during the investigation. Police do not think the value of narcotics will be high,

the largest single seizure being 20 capsules. In photo above every possible means is used by some women picked up in the raid to avoid the camera at police headquarters. The women yelled to photographers "What do you think this is—a circus?"

CARPET CARE

Lab tests show that carpets last much longer with the additional beauty treatment of a shampoo every three months. This doesn't have to be an expensive professional job, nor a hands-and-knee "what-did-I-do-to-derive-this" penance performed by the housewife. You can apply a liquid shampoo with a long-handled applicator — no bending, girl! Simply pour shampoo and water into the applicator tank, then steer the applicator around the carpet and let its brushes work the cleansing foam into the carpet pile. As it dries, solidified dirt rises to the surface and deep stains are loosened. You wait three or four hours for the rug to dry, then vacuum the dirt away.

One advantage of the liquid foam-type cleaner is a lessened danger of rug shrinkage, because the foam cleaner uses the least possible amount of water.

When you find yourself on the spot, here's what to do:

Sponging with cool or lukewarm water and an unstarched white or co.-ofast cloth will often do the trick of spot-removal.

Blot up spilled fluids right away, before the liquid has a chance to soak through and cause the dyes in the rug's backing to "bleed" up through the pile. When bleeding does occur, the stain can be removed by cleaning the area with a foam carpet shampoo.

In treating a stain always begin at the outer edges, working toward the center to avoid spreading the soilage. Wipe or pat lightly; hard brushing or rubbing may injure the pile.

What about foodstains. Or "spoils" that defy identification? Scrape off solid particles with dull knife or spatula, blotting liquid with a paper towel. Sponge the spot with a cloth wrung out of clear water. If the stain still remains once the water has dried, sponge it again with a solution made by adding a teaspoon of detergent to a cup of water. Then rinse again with a dampened cloth. Any trace of stain remaining after this treatment is probably grease; when the spot has dried, sponge it

carefully with cleaning fluid. Cigarette burns? Clip edges of charred fibres, then clean area with a detergent solution and rinse. Whenever you see bits of yarn sprouting from a rug, snip them off with a sharp scissors, but never pull them out.

The last trick to keep in mind is scarcely magical, but it's a money-saver nonetheless. Before you roll up your winter carpeting, spray all woolen and part-woolen rugs with a 5% DDT spray. It's sure fire protection against moths.

Over The Spider's

(Continued from Page 2)

backfield. In fact when you come down to reality, the Kenora team have only seven players back from last season.

In simple language, the Mustangs have proven something. They do not resemble the 1956 machine in any shape or form, but they have the spirit which made the Mustangs famous against Portage and St. Paul in the days of the Pond. This new league in the district is a vast improvement over the past, even though the locals don't score a point a minute.

It is too early to chart Kenora's future course against Red Lake, Fort Frances and Dryden. The Red Lake Miners have already defeated the Mustangs, and the favoured Dryden Eagles have been beaten. According to the critics, the Eagles still look like first place finishers. They judge this on the way the Dryden club handled Fort Frances and the good players they have on paper. Perhaps the Eagles were too overconfident against Kenora and rested too

greatly on their past laurels. The Dryden team may look better against Kenora when they play the Mustangs in their own home park. That, of course, remains to be seen.

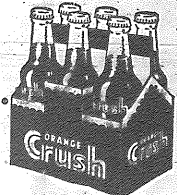

John Durham, the ex-Mustang who stands six and one half feet and who now plays along the Dryden front wall, was the only glimpse the fans had of an old '56 Mustang. However, Mr. Uhryuk and Mr. Rufelds, we like the new fellows . . .

To pay for the spending of government at all levels in Canada now takes 31 per cent of the country's total productive activity, as compared to 23 per cent ten years ago.

At the time of the most recent census there were about 200,000 more men than women in Canada.

Pulp and paper uses one quarter of the power output of Canada.

RESURVEY OF PARTS OF THE BOUNDARIES OF THE TOWN OF KENORA.

Under The Surveys Act, 1958, Chapter 107, Statutes of Ontario, 1958.

NOTICE IS HEREBY GIVEN that a survey to re-establish and mark with permanent monuments the north and east boundaries and part of the west and south boundaries of the Town of Kenora has been performed by Ontario Land Surveyor John Prystanski, who has filed a report, plan and field notes with the undersigned.

The boundaries of the Town of Kenora as surveyed were established as the proper boundaries by a Quieting Order issued by The Ontario Municipal Board on the 15th day of June, 1959, in accordance with Section 6 (2) of The Municipal Corporations Quieting Orders Act, R.S.O. 1950, Chapter 245, as amended.

On Thursday, October 15th, 1959 at the hour of 2 p.m. E.D. S.T., the said survey of the boundaries of the Town of Kenora will be considered at the office of the Surveyor General, Department of Lands and Forests, Toronto, Ontario, and the parties affected thereby will be heard concerning any objections to the confirmation of the survey as performed.

A copy of the surveyor's plan, field notes and report may be seen at the office of the Surveyor General, Parliament Buildings, Toronto, Ontario, or at the office of the Clerk of the Town of Kenora.

F. W. Beatty,
Surveyor General.
J. W. Spooner,
Minister of Lands and Forests.

Paintings by members of the local Art Club drew "rave" notices from the many people who viewed the exhibit at the Art Club tea held Saturday at the Kenricia Hotel. Some of the beautiful pictures on display can be seen in the above picture.

Household Scrapbook

Candle wax drippings on a wooden table, after they have hardened, can be scraped off carefully with a wooden paddle. Remove any residue by rubbing the spot lightly with chesecloth-moistened with cleaning fluid. Do it quickly, and follow with a dry cloth.

Collar Stays

The next time the stays on a shirt collar are missing, you needn't waste time searching for them. Small hairpins, inserted in the collar-stay pockets will hold the collar wings in place.

Ironing Help

A metal fork inserted under buttons permits ironing under them and keeps the iron from coming into contact with plastic buttons that might be affected by the heat.

BOOK PRICE RISES, FALLS WITH TEAM

SAN FRANCISCO —A book about The San Francisco Giants came out last season at \$2.50 per copy.

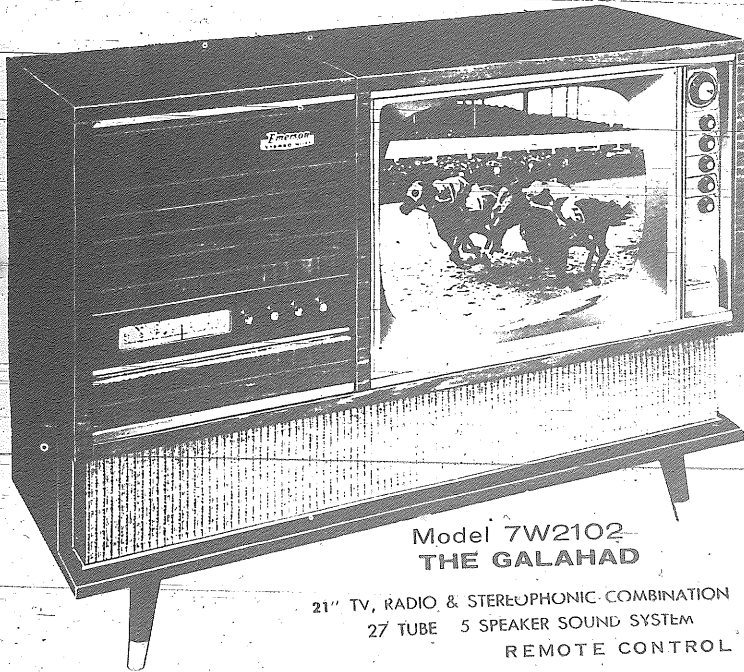

By the end of the baseball team's first year here, when they finished third in the National League, the book was selling for \$1.

When the 1959 Giants were riding the crest of the National League some stores marked the book back up to \$2.50.

On Tuesday Chicago Cubs clipped the Giants 5-4—third place again.

Today the book is marked down to 69 cents.

Around Town

Mr. Norman Drew left during the weekend for Calgary, Alberta, to enrol as an art student in the Provincial Institute of Technology and Art School.

PAGE — L/Cpl. and Mrs. Ronald L. Page of Camp Borden, Ontario are very happy to announce the birth of their son, Blaine John, on September 28, at the Victoria Hospital, Barrie, Ont. Weight 5 pounds 6½ ounces.

is part of the answer - plus a wealth of experience of professional printers.

KITCHEN CLASSICS

PEPPER RELISH

2 cups (about 1 doz. peppers) prepared peppers
 3½ cups (1½ lbs.) sugar
 1 box powdered fruit pectin
First, prepare the peppers. Cut open about 1 dozen medium-sized peppers and discard seeds. (For best color, use half green and half sweet red peppers.) Put through food chopper twice using finest blade. Drain. Measure 2 cups peppers into a LARGE saucepan. Add ¼ cup vinegar.

Then Make The Relish. Measure sugar and set aside. Add powdered fruit pectin to peppers in saucepan and mix well. Place over high heat and stir until mixture comes to a hard boil. At once stir in sugar. Bring to a Full Rolling Boil and Boil Hard 1 Minute stirring constantly. Remove from heat and skim off foam with metal spoon. Then stir and skim by turns for 5 minutes to cool slightly. To prevent floating fruit. Ladle quickly into glasses. Cover at once with 1½ inch hot paraffin. Makes about 6 six-ounce glasses.

The Canadian Broadcasting Corporation employs about 7,000 people.

The clothing and textile industries employ 130,000 Canadians and are the largest source of jobs for Canadians of any of the branches of manufacturing.

CARD OF THANKS
 Mrs. Robert Peterson and family wish to thank all friends and neighbours for their many expressions of sympathy and condolence during their recent bereavement of a beloved husband and father.

First Baptist Church Crusade Opens Successfully

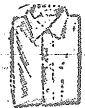

The evangelistic crusade conducted by the Rev. Dr. W. Bertram King opened at First Baptist church Sunday with the congregation numbering slightly over the hundred mark at both services. In his morning message, heard over CJRL, Dr. King based his remarks from the great commission of Christ as recorded in Math. 28:19,20. He said that when Billy Graham went to England a few years back, Mr. Graham was told to be careful because over there people did not go for the emotional style of preaching. When he went to Scotland it was the same story, step cautiously. Before his mission to India and the Orient he was warned to be careful because those people's minds were adjusted for centuries to the spirits and magic. It was much the same when he journeyed to Australia and New Zealand. In every case Mr. Graham preached the Gospel of Jesus Christ and the people responded. Dr. King pointed out that here in Kenora there would be those who would say, "be careful of this and be careful of that." He emphasized that here also people will respond to the good news of Jesus Christ.

Dr. King's evening message centered around a conversation held by two men about nineteen hundred years ago. One man was well known. He would undoubtedly be elected to the council, be a popular member of various service clubs, and his opinion would carry great influence if he had lived in our day. The other man's name has been praised and profaned, loved and despised, and even fought over. A ruler of the Jews, Nicodemus, came and asked Jesus about salvation. He was not told by Jesus to be more honest, to love his wife and family more, and to go to the temple more often. Jesus told him he needed to be born again to experience rebirth in a spiritual sense.

Dr. King has shown the people of First Baptist Church a fine sense of humour as well as a well grounded message based on the Bible. Christian people will see their spiritual lives deepened and those outside the Christian fold will hear a message that will challenge their thinking as never before. On Tuesday evening, the Rev. and Mrs. Tom Oshtro from Emo will bring the congregation special music. Everyone is cordially welcomed to the service, beginning at 8:00 p.m.

KIDDY-CAR LEAGUE LEARNS ROAD SAFETY AT OAKVILLE

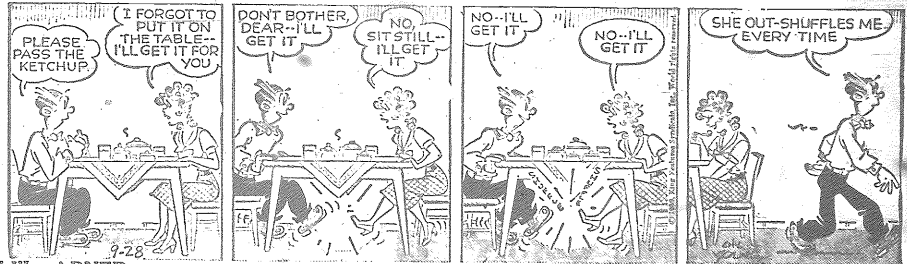

Some 700 children took part in a special summer course in the rules of road safety. The course was carried out in playgrounds at Oakville, Ontario. Toy cars are supplied by the town to make the course more interesting. Roads are marked out and the children learn to read road

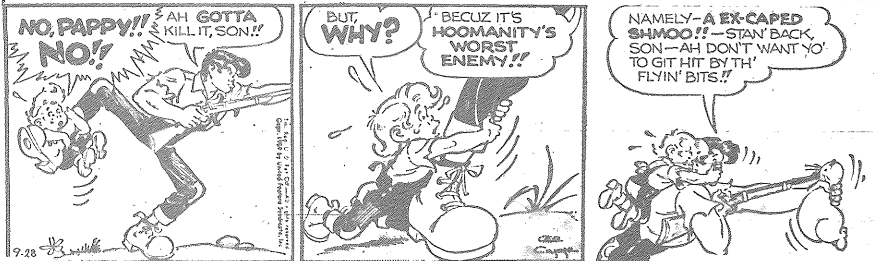

signs. A real puzzler for Janice McAnuff, left, is a jumble of signs. But she learns what each sign means in its proper place. At right, friendly teacher P.C. Alf Hooks, Oakville's traffic safety officer, demonstrates rules of the road to children.

GEMS OF THOUGHT

DECISION
Decision is a sharp knife that cuts clean and straight; indecision — a dull one that hacks and tears and leaves ragged edges behind it.

—Gordon Graham.
The man who insists upon seeing with perfect clearness before he decides, never decides.

—Amiel
A man without decision can never be said to belong to himself; he is as a wave of the sea, or a feather in the air which ev-

ery breeze blows about as it listeth.

—John Foster
Of two things fate cannot rob us; namely of choosing the best, and of helping others thus to choose.

—Mary Baker Eddy.
Deliberate with caution, but act with decision; and yield with graciousness, or oppose with firmness.

—Charles Hole
When you approach a problem, strip yourself of preconceived opinions and prejudice, assemble and learn the facts of the situation, make the decision which seems to you to be the most honest, and then stick to it.

—Chester Bowles

Letter To The Editor

(Continued from Page 1)

in other areas. The local churches give us their support and co-operation and there are numbers of people in all the Churches who are ready to help.

In doing our missionary work, we develop a respect for the Indian people, and we try to understand their ways, and their problems. Thus we become perhaps more sensitive to the situation which they meet when they come to town. They are often treated differently then they would be if white, no matter what kind of clothes. This discrimination against a person because of race is what we object to, and we do not think it helps to pretend it does not exist. Mr. Robson gave several examples of this discrimination in his sermon. The beating was one of them. We

deplore the lengths to which the publicity went, but if it has helped in any way to make us all realize the situation, then it will not be wasted. But we do not like such methods. We appreciate the help and co-operation that has come from newspapers, Radio Station, Police and others.

The Indian people are in a period of transition. They have not sought change, but change has come to them through the development of white society on their natural ground. More and more they must perforce move into our towns and cities. More and more they will have to be able to get and hold jobs there. It is a long step from the quiet, communal life of the reserve to the rush and individualism of the city. A person cannot jump from one to the other successfully. He must take several intermediate steps. The step to the nearest town is a natural one to take. He gets the temperature of the lake

by the first step at the beach. If it is cold at the beach, he is discouraged from plunging in. If it is warm he goes farther. We can all help in this situation by our attitude.

We feel that the impressions gained by Indians as they come to town will have a great influence on the future relationship of Indians with other people in Canada. Therefore we deplore the incidents which make him feel unwelcome.

The hostel which we hope to provide is intended to be a place of welcome, of cleanliness, and of first impressions in town; a place through which the Indian will be helped to self respect and independence as he comes to town. The government and Education authorities are doing this in other ways, but there is a need for this kind of social service.

We can appreciate, to some extent the feelings of people who live near the place where the hostel will be but we submit that a house of a helping hand is to be preferred to a brewery either operating or abandoned.

It is folly to pretend that no problem exists, and it is folly to pretend that the brewery is in a residential area, surrounded as it is by air-lines, a fish hatchery, the town warehouse etc.

As a church we believe that Christ is the one who alone can break down the wall of partition between people, and we believe that it is not sufficient to preach the gospel without showing it all along the way. I hope that this may help to clarify our position, and to help us all on the way of brotherhood.

J. D. Marnoch.

N.W. Ont. Newsprint Production Over Million Ton Mark

Northwestern Ontario's annual newsprint production capacity soared past the one-million-ton mark in 1959 and the region now boasts the largest newsprint plant in Canada.

These revealing facts were reported by the Northwestern Ontario Development Association from data compiled by the Newsprint Institute of Canada.

Installation of new machines and modernization of existing units over the past several years pushed the region's total newsprint producing capacity to 1,015,733 tons this year. This is nearly one-seventh of the total for all Canada.

The Newsprint Association lists the production capacity of the Great Lakes Paper Company Limited at Fort William at 358,512 tons per year, making it the largest single newsprint mill in the country. Only three other plants exceed 300,000 tons rated capacity, two in Quebec and one in Newfoundland. The Great Lakes mill also has the largest paper machine in the world.

Our Northwestern mills newsprint capacities are given as: Abitibi Fort William, 165,704 tons, Abitibi Port Arthur 134,610 tons, Ontario-Minnesota Kenora 214,676 tons, Ontario-Minnesota Fort Frances 81,928 tons, St. Lawrence Red Rock 60,303 tons.

The northwest's productive capacity of bleached and unbleached sulphite, kraft and other paper products now exceeds 500,000 tons, augmenting total pulp and paper capacity to more than 1,500,000 tons.

Dryden Paper Company Limited at Dryden is up to 142,000 tons of kraft papers and bleached pulp, Provincial Paper at Port Arthur nearly 90,000 tons of fine papers; bleached and unbleached sulphite and groundwood pulp; Marathon Corporation of Canada 140,000 tons of bleached kraft; and Kimberly-Clark at Terrace Bay 125,000 tons of bleached kraft. Newsprint mills of the region also produce large quantities of sulphite.

DID YOU KNOW?

The Miner and News is equipped to bind books with colored plastic rings. If you have a book that needs re-binding, give us a call.

The name of the Bay of Fundy was probably originated by Portuguese explorers who marked the bay on their charts as R.º Fondo, meaning deep river.

A Verse for Today . . .

Spake Jesus again unto them saying, I am the light of the world: he that followeth me shall not walk in darkness, but shall have the light of life.

—John 8:12.
