JAFFRAY-MELICK FIELD DAY MOST SUCCESSFUL

On Tuesday May 31, the Third Annual Jaffray - Melick T.S.A. Field Day was held on the Agricultural Grounds at Rabbit Lake.

Below is a list of the winners of the various events. Pennants were presented to the following schools.

Rabbit Lake - Senior Softball No. 1 Jaffray-Melick - Dodgeball Grades 1 and 2.

No. 1 Jaffray-Melick - Dodgeball, Grades 3 and 4.

Rabbit Lake - Senior - Relay Grades 5 - 8.

No. 4 Jaffray - Melick - Junior Relay Grades 1 - 5.

Names are in order of placement, first, second and third.

SENIOR BOYS

High Jump:

Jim Bajarnason, George James, Ernest Klose.

Ball Throw:

Billy Wickham, Jim Bajarnason, Michael Zrobach.

Running Broad Jump:

Jim Bajarnason, Billy Wickham, Andrew Wagamar.

Dash:

Lawrence Derwas, Mike Zrobach, Jim Bajarnason.

Hop, Step and Jump:

Billy Wickham, Jim Bajarnason, Don McIntosh.

First Four Miles Of Minaki Road Now Completed

Work on the Minaki Road which will link that community with Kenora and provide a means of transportation with the outside world other than by plane or train is well underway. Four miles of the eleven mile link have now been completed by the contractor, the Simpson Construction Company. They expect to move their work camp to the seven mile point within the next few days. The road is expected to be completed by the end of September.

When finished, the Minaki road will give transportation for some seventy miles, from Kenora to Caribou Falls - and will open up virgin territory for tourist and industry promotion as well as providing residents of the area with easy access to other communities.

SENIOR GIRLS

High Jump:

Margaret Woelke, Julia Zrobach, Beverly Jacobson.

Ball Throw:

Carole Hardy, Diane Lajeunesse, Maggie Gallic.

Running Broad Jump:

Beverly Jacobson, Mary Melnick, Diane Lajeunesse.

Dash:

Carolyn Spencer, Beverly Jacobson, Margaret Woelke.

Three-Legged Race - Girls Only:

Carolyn Spencer - Julia Zrobach

Margaret Woelke - Maggie Gallic

Janice Donnelly - Diane Hall

8 Resolutions Adopted By Women's Institutes

The regular monthly meeting of the Keewatin Women's Institute was held in the Legion Club Rooms, Wednesday, May 25th at 8 p.m. The President Mrs. Winnifred Parfitt presided and opened the meeting with the singing of the Institute Ode followed by the Mary Stewart Collect. It was decided not to hold a meeting in the months of July and August.

Mrs. O. Sveinsson and Mrs. V. A. Lockhart were chosen as delegates to attend Sewing Classes in Fall.

After the business session Mrs. Eliza Allan gave a report on the trip to Dryden and the District Annual Meeting. The following is an outline of the eight-resolutions sustained to be sent to the Area Convention.

Resolution No. 1

That the department of Labor keep the closest possible check on all firms and individuals employing immigrant labor to avoid exploiting by unscrupulous employers.

Resolution No. 2

That the following amendments be made to the Mother's Allowance Act. (1) That where a husband was covered by Life Insurance, a percentage of that Insurance be set aside as a Trust Fund to be used to further the children's Education and to assist the Mother to get established after

her Mothers Allowance ceases.

(2) That where a mother takes a part-time job, to supplement her allowances she be allowed to use that extra income to raise the living standards of her family, and not have it deducted from her allowances.

Resolution No. 3

That security benefits be granted needy Spinsters, Widows and deserted wives at the Age of sixty.

Resolution No. 4

That small white crosses or flags be erected at the scene of traffic fatalities as a part of Highway Safety Program.

Resolution No. 5

That a Home Economist be appointed to serve the Kenora and Rainy River District only.

Resolution No. 6

That movie and T.V. shows be better screened, especially as regards to Childrens Programs. At present too many programs feature gun-play, murder, robbery and foul play.

Resolution No. 7

That we are opposed to Trading Stamps and gimmicks, and as house wives prefer lower prices and better service.

Resolution No. 8

That the Death Penalty be abolished. Three of the above resolutions were presented from Oxdraft, one from Britton Pioneers and four from Keewatin Branches.

Mrs. Sarah Christianson then gave a very interesting report on the Federated Women's Institute of Ontario Officers' Conference for Public Relations Representatives held on May 5th and 6th at Guelph, Ont., with close to 1000 attending.

She reported that a guest speaker Dr. Wallace Graham, FRCP, Chairman of the Canadian Arthritis and Rheumatism Society, gave a very interesting talk to the F.W.I.O. Delegates about Arthritis and stated there are (known now) 50,000 totally disabled and 115,000 crippled.

(Continued on Page 10)

4 Cars Damaged In 2 Accidents

Two traffic accidents Thursday on Kenora streets resulted in four cars being extensively damaged. At 4:10 Thursday afternoon cars operated by Richard Queen and John Tiwchuk met in collision at the intersection of Scramble Avenue and Tenth Street North.

At 8:30 p.m. Gloria Kemp operating a car owned by Larry Fedus and turning the corner at First Street collided with a car owned by Gary Wallin which was parked on the west side of Chipman Street.

AI Would Bring Everyone

DRYDEN

The Kenora Industrial Board's AI Sherrett - often referred to as "Mr. Kenora" - would bring quite a bit of the Kenora populace to Dryden for the community's 50th Anniversary celebrations, if he had his way.

Asked if he had heard about the forthcoming celebrations, Mr. Sherrett replied, "I sure have!"

"And what is Kenora planning to do about it - are many people coming down?" queried Tom Spence.

"I'll see there are 2,000 here," Mr. Sherrett replied.

Mr. Sherrett was guest speaker at a general meeting of the Dryden District Chamber of Commerce Thursday.

AIR CADETS Praised AT ANNUAL INSPECTION

On Wednesday evening, June 1, the annual inspection of 645 Kenora Lions' Squadron R.C.A.F. was held at King George VI School. The cadets were under the command of their drill instructor WO1 Wallace Warner.

The Squadron was inspected by Wing Commander Evans C. D. of R.C.A.F. Station, Winnipeg. He was assisted by Flight Lieutenant Bain of R.C.A.F. Training Command, Winnipeg.

The inspecting party arrived by air from Winnipeg and were accompanied by Flight Lieutenant Carl Nelson, the Parent Unit Liaison Officer and Mr. John Roddy, Chairman of the Manitoba and N.W. Ont. Section of the Air Cadet League of Canada.

Following the inspection and March Past the cadets were addressed by Wing Commander Evans, Mr. Roddy and the Commanding Officer, Flight Lieutenant G. Costello.

Through the kindness of the Keewatin Legion Drum and Bugle Band the cadets were able

to have music for this year's inspection.

Following the inspection, the Trophy donated by the Lake of the Woods United Services Institute was presented to the most improved cadet, Sergeant David Gordon. The trophy was presented by Captain D. Nairn, President of the Institute.

Dominion Marksmen Badges were presented to the following cadets who had qualified for them during the winter months:

D. Kakeway, Second Class; G. Mitchell, Second Class; J. Goodman, Second Class; J. Henfrey, Second Class; G. Broad, First Class.

These crests were presented by Mr. Dale Toms, the cadets' musketry instructor.

Following the program, the cadets were entertained with films while the inspecting party gave the Squadron Orderly Room and training program a searching examination. Wing Commander Evans complimented the local group on their fine showing.

The evening concluded with a social period during which the officers, instructors and local committee members had a chance to meet the inspecting party.

The local Air Cadet Committee is headed by Mr. Pete Hughes and Mr. John Allanson.

Rain Is Fine But Lightning - Oh No!

"Rain, we need, but that lightning we can do without," said Bill Wylie, station manager at CJRL last night, after the Radio Station was knocked off the air for over an hour, late yesterday afternoon. The lightning which struck the tower hit early in the storm, just prior to 4:00 p.m. and spoiled the station's perfect record this year. The rainfall measured 11 of an inch and today's high wind is gusting to 45 m.p.h. The Lake level today stands at 1058.44 feet.

Magistrate's Court

At Magistrate's Court, Thursday afternoon, an eighteen year old youth from St. Vital, Manitoba faced two charges, one for obtaining liquor while a minor and the other for careless driving. He was fined \$10 and costs on the first charge and \$10 and costs or five days on the second and his licence will be suspended by the Manitoba authorities.

A Minaki man was charged with impaired driving and as a second offence drunk. He was fined \$100 and costs or thirty days and had his licence suspended for six months and \$50 and costs or thirty days on the second charge.

DAVE JACKSON OFF TO PROV. FINALS

David Jackson, nineteen year old Kenora youth who won the local Jaycee sponsored Teen-Age Road-E-O in May, left Thursday for Scarborough, Ontario where he will compete in the provincial finals. Winner of this competition will enter the Dominion finals to be held later this month. David was accompanied east by Jaycees Charlie Hoffman and Chester Banks.

The first ship to make passage from Lake Ontario to Lake Erie - through the first Welland Canal in 1830 - was called the Annie & Jane.

LAWN BOWLING

All lawnbowlers are requested to be at the greens at 7:30 Saturday evening for a preview of the season's play and to get in a few practice games. Regular play begins on Monday night.

The rain has brought the greens along and they are in fine shape.

It is expected that the weatherman will be smiling on Saturday for sure. All interested are welcome.

SPORTS DIGEST

By Larry Johnstone.

A game was played last night in the Kenora Softball League and the scene was the DHO field with its famous left field fence. Well the boys had a hey day with the Cubs downing the Keewatin Hobos by a score of 36-21. The winning pitcher was Bert Wetendorf and the loser was Pete Petousky. Action continues in this league next Monday night at the DHO field.

The Dryden Red Sox and coach Bob Darcis invade Kenora this evening for their first game of the 1960 Kenora and District baseball schedule. They will face the Kenora Legion, who last Tuesday came through with an impressive 9-0 victory over Ken McKeellar's Keewatin Indians. Game time tonight is six o'clock at Central Park.

District Baseball League Schedule

The following is the complete schedule for the 1960 season of the Kenora District Baseball League.

Friday, June 3, Dryden at Ke-

nora.
Sunday, June 5, Keewatin at Kenora (2).
Tuesday, June 7, Kenora at Dryden.

Thursday, June 9, Kenora at Keewatin.

Friday, June 10, Keewatin at Kenora.

Sunday, June 12, Kenora at Dryden (2).

Tuesday, June 14, Kenora at Keewatin.

Friday, June 17, Dryden at Kenora.

Sunday, June 19, Keewatin at Dryden (2).

Tuesday, June 21, Dryden at Keewatin.

Friday, June 24, Keewatin at Kenora.

Sunday, June 26, Dryden at Kenora (2).

Tuesday, June 28, Keewatin at Dryden.

Thursday, June 30, Dryden at Keewatin.

Sunday, July 3, Kenora at Keewatin.

Tuesday, July 5, Dryden at Keewatin.

Wednesday, July 6, Kenora at Dryden.

Friday, July 8, Keewatin at Kenora.

Sunday, July 10, Dryden at Keewatin (2).

Tuesday, July 12, Keewatin at Dryden.

Thursday, July 14, Kenora at Keewatin.

Friday, July 15, Dryden at Kenora.

Sunday, July 17, Kenora at Dryden.

NOTE: (2) signifies double headers.

The Salvation Army was founded by William Booth, a Methodist minister who began independent evangelical work in England in 1861.

UPHOLDS SUNDAY SPORTS

PETERBOROUGH—The Anglican Primate of Canada has suggested that Sunday sport is worth while provided it does not prevent a man from worshipping God.

Most Rev. Howard H. Clark, who also is Archbishop of Edmonton, said in an interview the Anglican Church does not wish to stop people from engaging in worthwhile recreation on Sundays.

However, he said, Anglicans "also believe Canada will be wise to keep to the quiet Sunday—a day when the community's pulse slows down a little."

"I feel every man has a right to engage in recreation or sport on Sunday if he has first worshipped his God and if it does not force some other man to work and miss his church," the archbishop said.

However, he said those who advocate Sunday sports should take a look at the European Sunday "and ask themselves if they really want that."

The European Sunday, as far as the law is concerned, "is just like any other day," the archbishop said.

Periodic surveys of the home, from roof to basement and garden will help to eliminate accidents hazards as they are discovered. Repairs should be made where needed; electrical equipment should be kept in good order.

Excavation of relics of Pompeii, buried by volcanic ash in 79 A.D. has been continuing for 200 years.

CPA Plans Pooling Air Traffic From Canada To Australia

VANCOUVER, B.C. — The possibility of pooling air traffic between Canada and Australia is being discussed by Canadian Pacific Airlines and the Australian national carrier, Qantas, it was announced here Thursday.

Basis of the talks is a proposal whereby CPA and Qantas will work out a pooling agreement on flights between Vancouver and Sydney Australia. CPA now operates a Vancouver-Sydney service via Honolulu, Fiji and Auckland. Qantas flies a similar route via San Francisco, Honolulu and Fiji.

Representatives of the two airlines concluded preliminary discussions in Vancouver last week. Now a second meeting has been scheduled in mid-June, when a Qantas pooling team, headed by A. A. Barlow, manager Pacific Division, and William Nielson, commercial manager, will meet with CPA officials here.

The current discussions between the two airlines are the result of a recent meeting in Ottawa between government representatives from Canada and Australia, on the subject of proposed revisions to the existing Bilateral Air Agreement between the two countries.

Canada and Australia signed the present bilateral agreement in June, 1948. Subsequently, in July, 1949, CPA commenced service to Australia, and has continued to maintain service on the route for over 10 years.

Telegraph Co. rerouted communications while repairmen worked to connect the severed channels.

A special licence for the area will be required. The last such season for the area was in 1958. The hunter may not hold an ordinary deer or moose licence as well as the one for the area.

Open deer and moose seasons for the northerly and westerly parts of the province are set out in a three-year schedule effective till 1961.

In various other parts of the province, the moose seasons run Oct. 1-Dec. 24, Nov. 1-7 and Oct. 15-Nov. 25. Except for St. Joseph's Island, dogs are permitted.

In various other sections of the province, deer seasons run Nov. 7-12 and Nov. 7-10.

The ruffed grouse season, which generally ended Nov. 1 last year, has been extended to the deer season, Mr. Spooner announced.

The season for ruffed grouse, sharptailed grouse, spruce grouse and ptarmigan north of Highway 17 will run Sept. 15-Nov. 25.

In other northern and in eastern parts of the province the season runs Sept. 24 - Nov. 19 and it is Oct. 1-Nov. 19 in the rest of the province except for some townships around Toronto where the season is closed.

Bag limit is five a day and there is an aggregate possession limit of 20 birds.

Open season for Hungarian partridge will be Sept. 24 - Nov. 19, except for the Thunder Bay district, Mr. Spooner announced. Bag limit is eight a day with a possession limit of 16 at any one time.

GRAVE FOR HORSE CAUSES CHAOS

NEW YORK — You'd think a farmer could dig a hole on his property to bury a horse without stopping news wires from New York to Toronto for nearly two hours.

Cutting off 39 Western Union lines between New York and Albany.

Blackout television circuits and a number of telephone lines between New York and Albany.

But that's what happened when Kenneth Muller dug a hole Monday on his farm south of Kingston, N. Y. He didn't know about the chaos until he noticed strangers suddenly swarming over the land.

The American Telephone and

Muller had hacked through 120 lines, including eight coaxial cables.

FLOOD CAN'T STOP THIS WEDDING

It was a watery wedding day for Ruth Pelletier, her father, bridesmaids and flower girl who went to the church by boat because the streets of Point Gatineau, Que., were flooded by the Ottawa river. Ruth was married to G. Lalonde.

Police Patrol Boats To Be Radio Equipped

W. M. Bendicksen, M.P. for Kenora - Rainy River has been advised that Mounted Police Patrol boats in this area are soon to have communication equipment. The following letter received by Mr. Bendicksen from the Office of the Commissioner, Royal Canadian Mounted Police, Ottawa, is self explanatory.

Dear Mr. Bendicksen:
This is in reply to your enquiry contained in your letter of May 5, 1960, with which you have advised the Commissioner of the Northwestern Ontario Chamber of Commerce with respect to communication equipment on patrol vessels operated by the Royal Canadian Mounted Police in the Great Lakes and particularly in the Kenora - Fort Frances area.

2. All our vessels in these areas are equipped with radio with the exception of the vessels "Kenora III" and Fort Frances II" based at Kenora and Fort Frances respectively. Provision has been made in our 1960-61 estimates for the rental of radio-telephone equipment to provide communication between these patrol boats and land offices of both Federal and Provincial Government agencies.

3. These radiotelephone units will be rented from the North-

west Telephone Company and will enable the patrol boats to call the Telephone Company Exchanges via the company's radio outlets. From the Telephone Exchanges calls will be routed to any telephone subscribers and these subscribers could, of course, call the patrol boats via the same Telephone Exchange and radio system.

4. It is felt that the above arrangements will be most efficient and will provide adequate radio communication for these vessels operating in the Kenora - Rainy River District.

Yours very truly,
C. W. Harrison,
Commissioner.

RATHER HAVE FISH WORMS

DETROIT (UPI) — Dennis M. Dennis, 11, threw a wild pitch and became a \$1,000 "bumps baby" for Mrs. Jessie Freeman.

Dennis and William McLaughlin, 8, were playing catch when one of his tosses scored a strike with a storm sewer catch basin. The boys lifted the catch basin lid and Dennis retrieved the ball — and a woman's purse containing \$1,050 in savings bonds.

Police identified the bonds as those of Mrs. Freeman, a purse-searching victim last December 9. Dennis was elated with his find: "Boy, more than a thousand bucks," he exclaimed.

William had other thoughts. "Gosh, Dennis," he said, leaving the police station, "did you see all the fish worms in that purse."

— READ THE CLASSIFIEDS

AROUND THE WORLD ON A BICYCLE

Victor Zalesnik, 39, of Vancouver has worn out 11 tires in a globe-trotting bicycle trip through both Americas, Europe, Africa and Asia. As he made this brief stop at Belleville, Ont., he had 3,000 more miles to pedal before reaching home.

MEASURE THE Benefits YOURSELF!

12% MORE MILEAGE **5% MORE HORSE-POWER** **70% REDUCED PRE-IGNITION** **145% LONGER SPARK-PLUG LIFE**

When tested in a fleet of ambulances, TOTAL gasoline benefits improved mileage 12%. A taxi fleet enjoyed a 3% increase, which improved still more after the detergent action eliminated carburetor deposits.

The benefits built into new White Rose TOTAL gasolines have been proven in exhaustive laboratory and road tests. One of these is the improvement in usable horsepower, amounting to as much as 5%.

Today's high compression engines, benefit from control of premature combustion within cylinders. This wasteful pre-ignition is reduced 70% by the benefits built into new White Rose Ultra—a TOTAL gasoline.

Cars requiring premium octane gasolines will find that the TOTAL benefits of new White Rose Ultra can lengthen sparkplug life between 100% and 400%—all tests averaged over 145% increase.

What makes all these benefits possible? New TOTAL gasolines successfully combine—for the first time in Canada—the major advances known to petroleum chemistry. TOTAL gasolines are produced in both regular and premium octane grades: new White Rose and new White Rose Ultra. That's because TOTAL benefits begin where octane benefits leave off. And you pay no more for them. So start using—and stay with—new TOTAL gasolines. Soon you'll discover why

The man who knows—buys White Rose.

Forest Industry Contributes To Conservation

E. Norval Hunter, President, K.V.P. Company Limited, stated at a special Forest Conservation Week Program in Toronto that the greatest single contribution to forest conservation made by forest industry in recent years was its increased utilization of timber. He noted that one-third of the annual wood consumption of at least one pulp mill in Ontario is made up today of chips made from sawmill waste which was formerly sent to the burners and scrap pile.

The remarks were delivered by Mr. Hunter at a program aboard the Conservation Railway Car operated by the Canadian Forestry Association. Mr. Hunter was one of five speakers emphasizing the importance of forest conservation to the welfare of Ontario.

Mr. Hunter also noted the support given forest conservation education programs by forest industry.

At the ceremony J. B. Matthews, President, Ontario Forestry Association, presented a Conservation Totem Pole to the Hon. Leslie M. Frost, Prime Minister of Ontario.

U.S. Economist - Freight Rates Must Be Higher

OTTAWA — A United States transportation economist told the Royal Commission on Transportation Tuesday, he would recommend a higher level of railway freight rates on western export grain traffic even if the Canadian government refused to offset the increase by payments from the federal treasury as the railways have proposed.

Dr. Ford K. Edwards, a former director of costing for the U. S. Interstate Commerce Commission appearing before the commission in support of costing techniques used by the CPR and CNR in the preparation of a cost study on the movement of prairie grain, told the commissioners he found it "irrational" to have the railways bear the full burden of carrying western export grain at a loss.

"I've never heard of such a thing," he said, explaining he felt "a sense of outrage" that the CPR should have to devote 40-per cent of its service in Western Canada to move traffic at rates held to a level established in 1899. The burden of carrying

grain at a loss "should be distributed in a little better fashion," he said.

Dr. Edwards under cross-examination by Alberta counsel J. J. Frawley, told the commission he would contemplate a new rate for export grain "somewhere in the neighbourhood" of the one-cent a ton mile level proposed by the railways, even if the CPR-CNR plan to have the federal treasury pick up the difference between the old rate and the new was rejected.

A one-cent a ton mile rate would reflect normal rate-making and market factors, he said, but without government assistance would result in "some loss of traffic to the railways and cause some hardship upon shippers, with certain marginal farmers being put out of business. However, he added, the higher rate would be justified "in view of the evidence."

The railways, he said, could lose an amount of grain traffic because of the higher rate and still be better off than with rates at their present level of half-a-cent a ton mile. The one-cent a ton mile would be about 130-per cent of the railways variable costs of moving grain, but fall short of covering total costs.

The railways in their proposals to the commission have asked for the one-cent a ton mile rate and federal assistance to be paid on behalf of western farmers to offset the rate increase. The plan has been vigorously opposed by the prairie provinces and grain interests who are against any subsidy earmarked to grain alone.

The railway cost study on grain traffic, subject of cross-examination showed the CPR and

CNR to have incurred losses of approximately \$70,000,000 in 1958 as a result of the low fixed export grain rates.

Cross-examination of Dr. Edwards is continuing today.

CPA FLY 63,000 IN PAST 5 YEARS

Vancouver—More than 63,000 passengers have flown Canadian Pacific airlines Polar route between Vancouver and Amsterdam since the service was inaugurated, it was reported here. The company marks the routes Fifth Anniversary on June 3.

Five years ago, when the CPA pioneered the "Roof - of - the - World" flights linking western Canada and Europe. Some observers termed the venture a "million dollar gamble". However, it proved to be an immediate success, and frequency has been increased from one to three flights a week, using Jet-prop Britannia Airlines.

In February, 1958, Edmonton became a traffic terminal on the Polar route, and since then, more than 8,500 passengers have flown the short route between the Alberta capital and Europe. CPAs Polar Service connects with the company's South Pacific Service at Vancouver, to form one of the longest air routes in the world. This airway stretches over 13,500 miles from Sydney, Australia, to Amsterdam. Passengers can board a CPA aircraft in Sydney and fly to Europe via Fiji, Honolulu, Vancouver and Edmonton, on a one-carrier, direct service. Thus Vancouver and Edmonton have become important Canadian terminals for air traffic from both Europe and the Antipodes.

NEW DRIVERS TO BE PHOTOGRAPHED

TORONTO — The Ontario department of transport is taking the photograph of every applicant for a driver's licence to prevent trafficking in licences.

Deputy Minister D. J. Collins said the system is being used only in Metropolitan Toronto now, but will be extended to every issuing centre in Ontario as soon as possible.

NORMAN C.W.L. PRIZE WINNERS

The draw sponsored by the Catholic Women's League of Norman was made May 31st. Winning tickets drawn by Mrs. Mel Handstead were:

1st Prize - \$100.00 Harry Krutz, Kenora.
Consolation prize - Table lamp.

Mrs. Bertha Landry, Norman. Special thanks to Mr. Delamere, Mr. Borden and Mr. Bill Camire and boys.

The ladies of the league wish to thank anyone who helped in any way to make the draw a success.

BRUIN STUDIES NEW FASHIONS

SANTA BARBARA, Calif. — A passing pedestrian was startled at the sight of a windowshopper peering at store displays at midnight.

The windowshopper was a 240-pound brown bear.

When policemen arrived and flashed their spotlights on him, the bear amiably ambled back toward the foothills, pausing once en route to stare at firemen fighting a minor house fire. The firemen shooed him away.

With police cars herding him along, the bear wandered into a residential section and disappeared into the Los Padres National Forest near the city limits.

TO ALL BOAT OWNERS AND OPERATORS ON LAKE OF THE WOODS

At this time of the summer season when numerous gas boats and pleasure craft are operating and company tug boats are towing pulpwood and logs, we respectfully solicit your cooperation in our endeavour to keep the lake clear of floating pulpwood, logs and dead heads. When gas boats run too close to a tow of pulp or logs, the swell has a tendency to wash out some of the pulp and logs, and it is for this reason that we ask you to:

1. When passing a tow, either being towed by tugs or in storage, keep at least 100 feet from boom. When it is not possible to do this, if in narrows, slow down till past the tow or boom.
2. When following a tow of pulp or logs, watch for any stray logs or pulpwood sticks which may have worked out from rear of tow.

If these precautions are observed by all boat owners, it will keep the lake free from floaters and will help eliminate damage to small craft.

TECO

GLASS-LINED

GAS WATER HEATER

FOR NATURAL OR PROPANE GAS

Teco Automatic Gas Water Heaters—guaranteed not to rust. Glass linings are fused to inside of pressure-tested Steel Tanks. Each model is covered by a 10-year warranty against leakage; free replacement for first five years; during second-five years replacements made at current price less adjustment for age of tank. Thick "Fiberglas" insulation. Enamelled Steel outer casing. Cast iron drilled port burner. Automatic Burner Control turns burner on only when heat is required. Automatic Safety Shut-Off: should pilot light go out, flow of gas to both main burner and pilot is immediately shut off. Pilot must be lit before burner can be turned on. Has handy adjustment valve to regulate flame and filter to remove foreign particles. Magnesium Anode retards corrosion. Cold Water Diffuser: 3/4-inch water, 3-inch gas vent connections at top, 1/2-inch gas connection; 3/4-inch brass drain faucet.
