They're Playing Cards On A Reef

How often today have we heard it said there are no individualists. Well if seeing is believing, we have a group of young men in the area who have found a different site for playing cards. Saturday night, five young men were quite at home on a water covered reef near a buoy situated in the channel between the Devil's face and the Devil's Gap Lodge.

The five were fully dressed, sitting on deck chairs around a table playing cards and drinking soft drinks, and apparently enjoying themselves.

The Ontario Provincial Police state that this rather odd situation is not against the law so long as the fellows were not obstructing traffic.

Tourist Visitors Claim Many Places As Home

Tourist visitors on Friday came from a long list of States and Provinces to total two hundred and sixty-four registrations Despite the heavy showers at intervals, the downtown streets were packed, and a large number of spectators could be seen on docks and waterfronts watching the races of the International Regatta.

The States represented were: California, Colorado, Florida, Illinois, Iowa, Indiana, Kansas, Minnesota, Michigan, Missouri, Nebraska, North Dakota, New Jersey, Oregon, Oklahoma, Texas, and Wisconsin. The Provinces included Manitoba, Saskatchewan, Alberta and British Columbia, with another good quots of visitors from Eastern Ontario. Also from the east were visitors from Nova Scotia and Quebec.

There are still a number of visitors travelling around on sight-seeing tours, and while numbers have increased considerably, they are not staying around as long as in former years. Eastern Ontario visitors have been shopping around, and as the large majority of them appear to be impressed, it certainly promises well for next year when construction work should be close to completion.

Andrew Stoltz Well Known Here Died At Regina

Word has been received in Kenora of the death at Regina, Saskatchewan, of Andrew Stoltz, well known here. Funeral services were held in the Speers Funeral Home, Regina, with Dr. Kennedy and Rev. Vipond officiating. Interment was in Riverview Memorial Gardens.

He is survived by his wife, the former Esther Kron, daughter of Mr. and Mrs. John Kron of Kenora and his mother, Mrs. S. Stoltz of Nokomis, Saskatchewan.

Miss Lily Kron and Mr. R. E. Kron of Kenora have returned home after attending the funeral of their brother-in-law

Tourist Bureau Has Busy Weekend

It was another busy week-end at the Lake of the Woods Tourist Bureau with 334 on Saturday and 383 on Sunday making registrations. Illinois, Iowa, Kansas, Manitoba, Minnesota, Missouri, Ontario and Wisconsin were the big contributors but two cars from Alaska made their appearance on Saturday.

Saturday was one of the busiest days in downtown Kenora with the International Regatta drawing a big crowd for the final races, which fortunately were quite close, creating real excitement at the finish line. Hundreds lined the highway around Kenora Bay, and all places of vantage, including the docks, had a large quota of spectators. A large number of Winnipegers were on hand to see their oarsmen, and a thrilling final race gave Winnipeg the victory.

Some really heavy downpours which would have been warmly welcomed a month or so ago. failed to dampen enthusiasm.

The visit of the Minnesota Lion Club members, numbering around eighty persons boosted the total for the week-end.

WINNIPEG COPS LIPTON TROPHY IN THRILLING TWO-DAY REGATTA

by LARRY JOHNSTONE

The Winnipeg Rowing Club captured the 46th Annual Northwestern - International Rowing Regatta and the Sir Thomas Lipton Trophy at Kenora on the strength of their two-length victory in the Senior Heavy Eights, the final race of the two-day event.

The victory in the final race earned Winnipeg 37.50 points and this was enough to put them ahead of St. Paul in the point total leaving Winnipeg with 191.75 points compared with St. Paul's 165.5 points. This marked the first time since 1956 that the Winnipeg Rowing Club has won the Lipton Trophy but it is also the 12th time in the regatta history that Winnipeg has taken the trophy.

The Fort William Rowing Club finished up third in the point standings with a total of 145 points including 98.5 points during the final day of the regatta. Kenora, the host club this year, placed fourth with their 40 points while Duluth ended up in fifth spot with 30 points. The Regina Rowing Club was sixth with four points and Minneapolis the other club in the event, failed to pick up a point with only one Single Sculler entered.

The Winnipeg Heavy Eight crew included Derek Riley, Culver Riley, Doug Clarke, Ray Pritchard, Frank Pritchard, Frank Lamont, John Lamont, Roy Parkhill Junior and coxswain Chris Swan. The winning time of the Heavy Eight race was 6 minutes 51 1/10 seconds. The Winnipeg Rowing Club's only other victory Saturday afternoon was in the Senior Heavy Doubles race with Derek Riley and Doug Clarke teaming up with a time of 7 minutes 45 2/10 seconds. Winnipeg placed second in the Junior Light Eight event, second in the Quarter Mile Open Singles Dash, second in the Junior Heavy Double and third in the Junior Light Double.

St. Paul's Bruce Larsen and Bill Hocking collected victories in both the Junior Light and Junior Heavy Doubles and placed third in the Senior Heavy Doubles race. The Klecatsky brothers also stood out once again for St. Paul. Tom Klecatsky captured the Quarter Miles Dash for Open Singles and then teamed up with his brother Larry to take the Senior Light Doubles.

The Fort William Rowing Club had first place finishes in the Junior Light Eights race, the Senior Light Eights race and the Workboat Final for Fours.

Duluth won the most exciting race of the afternoon with four-inch victory over the Kenora club in the Junior Heavy Eights event. The Kenora crew held the lead most of the way but a determined Duluth eight came on with a strong stroke in the final stages to collect Duluth's only points of the regatta. Kenora placed second in the Senior Heavy Eights event behind Winnipeg besides the second place in the Junior Heavy race.

Kenora's Junior Heavy Eight crew included bow Don Matischuk, Tom Brett, Doug Hook, Dave Walsten, Gary Bergman, Bob Apps, Bill Burris, stroke Brad Holmes and coxswain Brian Ingo. The Senior Heavy crew from Kenora was made up of Bill Burris, Dave Walsten, Gary Bergman, Brad Holmes, Don Young, Bob Cameron, Ted Houghton and stroke Don Cameron with coxswain Bud Malmo.

ROWING SIDELIGHTS

Three of the Rowing Clubs that took part in the Northwestern- International Regatta also plan to send oarsmen to the Canadian Henley Regatta in St. Catherines, Ontario. The Henley gets underway this Wednesday and Winnipeg is sending its Sr. Heavy Eights and Senior Heavy Fours while Fort William is sending a Senior Light Eight crew and St. Paul hopes to send four Light Singles. The Henley bound oarsmen from Winnipeg practiced on the Lake of the Woods Sunday morning and then left along with the Fort William crew for St. Catherines . . . The regatta will be held in St. Paul next year with the Duluth Rowing Club acting as hosts . . . Winnipeg were also the smartest looking oarsmen in the Regatta with their white jerseys and blue shorts trimmed in red and

(Continued on Page 9)

Forecast Election For June 1962

MEDICINE HAT — Federal Works Minister David Walker says that if Prime Minister Diefenbaker decides on an election this year Parliament would probably be dissolved when it reassembles Sept. 7 and an election called for early November.

Asked in an interview here for comment on rumors of a November election he said Mr. Diefenbaker might decide on a June, 1962, election date.

He gave three reasons:

The New Party would by then have had an opportunity to establish itself—and to sap or weaken Liberal strength.

A drought year, even for a government which provides prompt relief and aid, is not a year for a government to seek re-election.

Introduction of a retail sales tax by the Conservative Ontario government might react against federal Conservative candidates although the measure is outside federal politics.

Magistrate's Court

Eight persons appeared before Magistrate Fregeau in Police Court this morning on charges of being intoxicated in a public place Their sentences ranged from $10 or 7 days imprisonment to $50.00 or 30 days imprisonment.

A man from Saskatchewan, who had been arrested by police pleaded guilty to a charge of vagrancy. He was given the alternatives of leaving the district within 24 hours or serving a six month jail sentence.

A Kenora youth received a 3 month suspended sentence for operating a motor vehicle without a drivers' license. He was apprehended by police after taking his father's truck without his permission. He was driving on the Redditt Road and failed to negotiate the turn to the Rabbit Lake Road resulting in a broken windshield when a passenger was thrown forward.

Two Kenora youths who pleaded guilty to breaking and entering several weeks ago received their sentence today from Magistrate Fregeau. At the time of their hearing, Magistrate Fregeau informed the two that the amount of restitution made would have a direct bearing on the severity of their sentence.

They were sentenced to 6 months probation and ordered to post a $50.00 bond to keep the peace.

A Quebec man was given one week to make good his bill at a local hotel. He had promised to pay the hotel when he received his check after fighting forest fires. However he has yet to do so.

Roberts To Boost Provincial Police Force By 200-350

TORONTO — Attorney-General Kelso Roberts said here he will ask the provincial government for permission to add between 200 and 350 men to the Provincial Police force in an effort to check Ontario's rocketing traffic death toll.

The decision to increase the force was made after a conference also decided to hire a leading traffic expert, Hudson R. Hamm, chief field man of the traffic institute of Northwestern University, Evanston, Ill., to make a survey of the OPP's structure.

Mr. Roberts said in the first six months of this year traffic deaths have risen by 41.6 per cent compared with last year. He said 330 people have been killed on the 85,000 miles of OPP patrolled roads during the first half-year although the number of accidents dropped by six per cent.

Another possible measure to get more trained men on the roads could be to use cadets under 21 for office and radio work, Mr. Roberts said.

The OPP has 1, 824 uniformed constables.

TWO INJURED, CARS DAMAGED IN THREE WEEKEND TRAFFIC ACCIDENTS

Traffic accidents on the district highways during the week-end resulted in two people being hospitalized and a number of cars being damaged.

Saturday evening, a car truck-trailer accident sent two people to hospital. The driver of the car sustained a broken arm while his wife has undetermined injuries. Another adult and three children, all passengers in the car escaped injury. Ontario Provincial Police have not released the names of those involved. The accident occurred on highway 17 west when the car sideswiped the truck and trailer. The car was a total wreck.

At 10.50 Saturday morning two cars travelling west on highway 17 three hundred yards east of the town limits were involved in an accident. A 1959 Mercedes Benz and trailer that had come from England and a 1961 Chev being driven from the factory at Oshawa to British Columbia were the vehicles involved. The young woman whose home is in the Laurentian Mountains 60 miles north of Montreal was attempting to pass the Mercedes Benz driven by a canadian family who were returning to Saskatchewan after four years in England with the RCAF. The Mercedes Benz not noticing the Chev attempting to pass tried to make a left turn into the North Star Gas Station just as the Chev drew along side. The cars collided with the Chev, bouncing off into a deep ditch. Damage to both cars was minor. There were no injudies.

Sunday afternoon, near Rushing River, a 1960 Buick operated by a Mr. Fanning of Zion, Illonois, left the highway after hitting the soft shoulder. The driver and his wife escaped injury and minor damage resulted to the vechile.

KEEWATIN NEWS

by Mrs. Kember

Mrs. Alma Searle, a former resident of Keewatin is holidaying at the home of Mr. and Mrs. Wes Moore for the remainder of the month of July.

Mrs. George Craig left on July 16th for Victoria, B.C. where she will visit her son-in-law and daughter, Mr. and Mrs. Wm. Rogers.

Mrs. John Morrison and children, Bradley and Gregg of Winnipeg are holidaying at the home of her mother, Mrs. R. S. Fraser. Mr. Morrison spent a week's vacation recently with his family.

Mr. and Mrs. Jim Sweet, former residents of Keewatin, now residing in the Lakehead are spending the summer months at Spruce Lake. Mr. Sweet arrived earlier in the season as he had accepted a position as engineer on the Argyle for the season.

Mrs. E. Kelly of Toronto is a guest at the home of Mr. and Mrs. Jim Sweet.

Miss May Cossey of Gravenhurst, Ontario enroute to Fort Churchill was a guest at the home of Mr. and Mrs. C. Cossey while visiting with relatives and friends.

Mr. and Mrs. A. Nicholson left on Thursday for Minneapolis U.S.A. to attend the wedding of their niece. Miss Irene Anderson, whose marriage to Dr. James Howard, Scatiff will be an event of July 22.

Out of town relatives attending the funeral of the late Silas Toms included: Mr. and Mrs. Clayton Toms, Stanley and Vickie of Duluth, Minn., Mrs. Robert Shaw, Vancouver, B.C. Mr. and Mrs. Clarence Olsen, Melfort, Sask., Mr. and Mrs. John Nelson, Geraldton, Ont.

A Submarine?

A motorist must do an unnatural thing when his car goes "in the drink" - remain calm and let the car fill with water, according to the International Association of Fire Chiefs.

An estimated 400 persons in the U.S. are trapped and drowned every year in automobiles which have gone into deep water.

Most of these fatalities result because the motorist panics when his car plunges into the water and he makes the mistake of trying to get out of the car immediately.

If the motorist would remain calm and wait until the pressure inside the car equals the pressure outside, the door would open easily, say the Fire Chiefs.

If the car lands upright, a pocket of air remains inside, more than enough to last the 10 or 15 minutes it takes the car to fill.

When the water stops rising, the pressure inside is about equal to the pressure outside. The motorist then takes a deep breath, opens the door, pushes out and up to the surface. The air pocket remains after the door is open.

The procedure is approximately the same when a car lands on its side or top. The air bubble will rise to the highest point in the car.

The angry, fatigued or emotionally disturbed person can be a dangerous driver. When not feeling well or when worried, it is safer to "cool off" before setting out in heavy traffic or on a long trip.

Light as a handkerchief, the cool "Terylene" and cotton batiste in this nightie and peignoir set is delicately pleated and embroidery-rimmed. Ideal for travelling, it packs into a small space without wrinkling and can be easily washed en route. The pleats are there to stay. By Faris.

Labor Conference Held At Lakehead

FORT WILLIAM — At least 35 trade unions of Northwestern Ontario, Minnesota and Wisconsin were represented here over the weekend for the International Labor Council's ninth annual conference.

Delegates registered Friday at Finlayson street hall and Saturday morning at City Hall, while addresses were given Saturday by L. D. Rogin of Washington, AFL-CIO director of education, and Andy Andras of Ottawa, CLC legislative director.

Discussions were headed by Henry Weisbach of Toronto, CLC regional director of education, and Bill Godfrey of Winnipeg, CLC general representative.

Speaker at Saturday night's Royal Edward hotel banquet was Lakehead Planner Harry Parsons.

Sunday, council reports were presented and new business discussed.

TENDERS

Sealed tenders on a stipulated sum basis will be received by the undersigned for the construction of a church edifice for FIRST BAPTIST CHURCH, Fort Frances, Ontario until
5.00 P.M. D.S.T.
THURSDAY, AUGUST 17th, 1961

Plans and Specifications are obtainable from the office of the Architect upon deposit of $25.00. Plans will also be on view in the Winnipeg and Lakehead Builders' Exchange, and Mr. Paul Anderson, Fort Frances.

The lowest or any tender not necessarily accepted.

Mr. Paul Anderson,
School Inspector's Office,
Fort Frances.

Boating Sense

Boating is such a happy sport and such fun many people forget its dangers.

By observing a few common sense "Do's" and "Don'ts" you can avoid tragedy and keep the fun. Experts have lined up some pointers such as:

DO

Head for the closest anchorage or landing when a storm threatens and avoid temptations to "buck it."

Observe the regulations regarding the presence of life-saving equipment, using that stamped or labelled "Department of Transport."

Assist any boat in distress. The waving, in a vertical circular motion of a piece of light-coloured material by day or a light by night is a distinctive distress signal.

Slow down when passing dredges or waters where divers may be working.

Learn the rules of the road and practice them.

When operating at night carry a few red flares in a watertight container. The red flares used on railroads are efficient and inexpensive.

Keep bilges free from gasoline and oil, and properly ventiliated.

Check battery and its ventilation.

Respect your boat and know its limitations.

Follow the regulations regarding fire precautions and equipment.

Slow down before making sharp turns and in bad weather.

Carry an anchor and enough good rope—at least five times the anchorage depth.

Wear a lifejacket in small boats whether or not life saving cushions are carried.

DON'T

Stand up or change seats in a small boat, particularly when the boat is full.

Operate near swimmers.

Mix liquor and boating.

Use a leaky or poorly built boat.

Leave your steering or tiller unattended, especially when under way.

Throw garbage overboard.

Blow your horn or use spotlight unnecessarily.

Wait until last minute to signify your intentions of obeying rules of the road.

Anchor too close to other boats.

Cruise at high rates of speed near an anchorage.

Hold impromptu races with other power craft, thus endangering smaller craft by the wash.

Attempt to swim to shore if swamped or capsized. Hang on to the boat until picked up.

TOO MANY YELPS COURT SCALPS

Port Artrur — A resident who harbored 22 dogs in his house faced 22 charges of failing to register them.

Allan Almond was fined $5 and costs or 15 days in jail, on each of the first two charges and received one-month suspended sentences on the remaining 20 charges.

Police went to Almond's house after receiving complaints of dogs barking and causing a disturbance. He had no explanation for the unusual number of canines.

LEGION WINS DOUBLEHEADER OVER SIOUX LOOKOUT IN DISTRICT BASEBALL

Southpaw Ernie Surkan collected two pitching victories with the Kenora Legion sweeping a Kenora and District Senior Baseball League doubleheader from the Sioux Lookout Combines yesterday afternoon at Central Park. The Legion edged the Combines 4-3 in the opener and then came back to blank Sioux Lookout 5-0 in the second game.

FIRST GAME

Sioux Lookout went ahead 1-0 in the first inning after Kenora pitcher Luke Bouchard threw wild to second while trying to catch a runner off base. The Legion went ahead with single runs in the second and third innings and then the Combines took over the lead once again with one run in the fourth inning and another in the fifth. The Legion deadlocked the score at 3-3 with a run in the top of the sixth inning. Kenora scored their winning run in the seventh and final inning with the bases loaded and none out. Bill Kartushyn, running for Ralph Smith, scored from third base when Sioux Lookout catcher Barry Young dropped the throw to the plate from pitcher Dick Been.

Second baseman Ralph Smith and third baseman Len Kondrat led the Legion hitting attack with two hits apiece. Luke Bouchard collected a double for the Kenora cause. For the visiting Combines left fielder Art Mousseau headed his teammates at the plate with a pair of singles.

Luke Bouchard hurled for the Legion until the seventh inning when he was relieved by left hander Ernie Surkan with two out and two on base. Surkan used only one pitch to take the mound decision with the Combines Bob Cusic popping-up Ernie's first offering to right fielder Joe Zabloski for the final out. Sioux Lookout right hander Dick Been, who pitched his best game this season, was tagged with the hill defeat. His record is now (0-4).

Sioux	0	1	1	0	0	1	—	4	8	2
Kenora	1	0	0	1	1	0	—	3	6	3

SECOND GAME

Surkan collected his second pitching victory of the afternoon firing a three-hitter in the second game of the twin bill and leading the Legion at the plate with three hits.

Kenora picked up all their runs in three innings with two runs crossing the plate in second inning, one in the third and two in the fifth. Sioux Lookout catcher, Rick Hamilton, had trouble behind the plate allowing a number of pass balls to get by him.

Legion shortstop Bob Miclash picked up his first home run of the season blasting a four-bagger over the left field wall in the third inning with none on. Both Frank and Brian Leroux pounded out a double apiece for the Legion. All three hits off Surkan were singles going to Dick Been, Jim Hamilton and Rick Hamilton.

Surkan's pitching victory gives him a record of five wins and no losses, the second best on the Kenora mound staff. Ernie struck out three Sioux batters and walked only one. Left hander Bob Cusic of the Combines suffered the mound loss—leaving him with a record of (2-5). Cusic struck out seven and walked five.

Sioux	0	0	0	0	0	0	0	—	0	3	1
Kenora	0	2	1	0	2	0	0	—	5	7	1

Yesterday's doubleheader marked the final two home games of the regular schedule for the Kenora Legion. Kenora's final two games of the schedule are slated for next Sunday afternoon in Sioux Lookout with the Legion meeting the Combines in a doubleheader. The next league action is tomorrow night in Sioux Lookout with the Combines playing host to the Dryden Red Sox.

DIAMOND DUST

The Legion went undefeated in their twelve home games this season . . . There were a total of five double plays in yesterday's twin bill with Kenora completing three of them. The two Sioux DP's came on the same play with the same two Legion players involved. Surkan got on base and Ralph Smith flied out to the infield and Surkan was caught off base . . . Legion's Bob Miclash has a ten game hitting streak going while centre fielder Brian Leroux has hit safely in the last nine games. Catcher Bob Blake had hit safely in the eleven previous games but was held hitless in yesterday's doubleheader . . . Yesterday's performance by the Sioux Lookout Combines was the best we've seen the Sioux boys play all year and they could give Dryden trouble in the league semi-finals if they could cut down on the errors and pass balls . . . Combines infielder John Kowalenko wasn't too happy sitting on the bench and left for home in his car before the twin bill was finished . . . Dryden and Sioux Lookout have six games left against each other in the league schedule including four that were rained out.

German measles, a contagious disease usually suffered by children, can be dangerous to a woman in early pregnancy. In the event of exposure to German measles, the expectant mother should see her doctor as soon as possible.

LET'S TALK SPORTS

By Larry Johnstone

For the third time this season Dryden United of the Northwestern Ontario Soccer Football Association failed to show up for a game on Coney Island against the Kenora Legion Soccer Club. Yesterday's game plus one of the others were scheduled league games while the other cancelled game was an exhibition match.

Kenora will collect two points for the defaulted game to give them a stronghold on third place. Dryden has also cancelled two games in Cochenour.

An official from the I.P.A.C. Soccer team in Winnipeg was in Kenora yesterday and signed both Jim Alexander and John Bell, a pair of stars with the Kenora Legion, to the Winnipeg club. I.P.A.C. is a member of the Winnipeg National Soccer Football League. Alexander and Bell will play with the Winnipeg team but they will still lineup with the Kenora club for Northwestern Ontario League games.

The Northwestern Ontario Soccer Football League announced yesterday that the annual league All - Star game will take place Sunday August 6 on Coney Island with the league All-Stars meeting St. James Thistles of the Greater Winnipeg Soccer League.

The Kenora Legion Soccer Club has lined up two exhibition games. Kenora will meet Fort William Maple Leafs of the Lakehead Soccer League, Monday, August 7 on Coney Island. The Kenora Legion club will travel to St. James on Labour Day in September for a game against St. James Thistles.

Kenora and District Ball Meeting

A meeting of the Kenora and District Senior Baseball League was held last night at the Kenricia Hotel in Kenora. The main topic of discussion was the up and coming All-Star games in Dryden Saturday and Sunday, August 5 and 6.

It was announced by league secretary Marg Phillips that the Warroad Baseball Club had been contacted about meeting the All-Stars in a two-game series but the Warroad club stated that they would be unable to make it because of their own league playoffs. The league has decided to contact one of the senior teams in the Winnipeg Senior League and should they be unable to attend the league will then arrange for a team from the Lakehead Senior League to play against the All-Stars. The voting on the All-Stars will be done this week by the three managers, an umpire from each town in the league and myself.

Canada's foods, drugs and cosmetics are under the scrutiny of the inspectors operating under the Food and Drugs Act, so that the Canadian public may safely buy products intended to feed, beautify or to relieve minor indispositions.

Organizations who have helped senior citizens to have their own meeting places or clubs, have found the projects rewarding in offsetting the loneliness suffered by many older people Churches and service clubs in many areas provide premises and furnishings.

Flouridation Benefits Outweigh The Small Cost

Fluoridation costs are very small compared to the benefits resulting. Only some 35 per cent of the population get dental treatment in any one year and the cost to the average family which does pay for dental care is $26.50 annually, states the Health League of Canada.

A recent survey in Toronto where the water is not yet fluoridated shows that almost 20 per cent of two-year-old children have active tooth decay. By age 19, over 98 per cent of high school pupils have decayed teeth while, by age 55, the average person has had 50 cavities in their first and second teeth. Fluoridation has been operated successfully in Brantford for the past 16 years and the result has been a reduction of 60 per cent of tooth decay among the native children of that city.

It often costs more per capita to mail a post card than to add fluoride to public water supplies, according to the Health League of Canada. Last year in Ontario whenever sodium silicofluoride was used the range was from 2.90 to 6.85 cents, with a medium cost of 3.8 cents per person per year. These figures were revealed by Dr. A. E. Berry, General Manager of the Ontario Water Resources Commission, in a recent address. This compound is the most popular one in use among the 2,000 communities which fluoridate in the United States. The cost at Halifax with a population of 112,000 is reported to be 4.4 cents for the fluoride with a total fluoride and operating cost of 10.8 cents per capita.

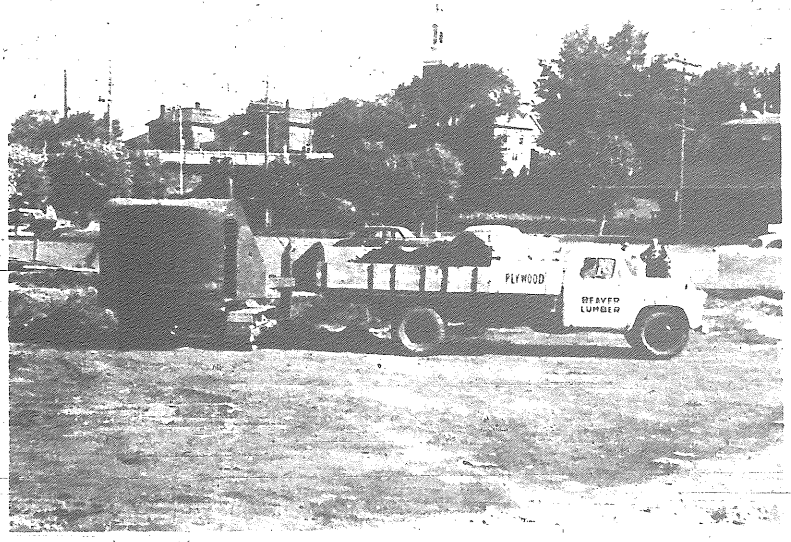
Members of the 40th Medium Regiment, R.C.A., Kenora, participating in exercises recently held at Niagara on the Lake, Ontario. The members of the local regiment made the trip east under command of Colonel R. Campbell. The gun above is a 155 Howitzer.

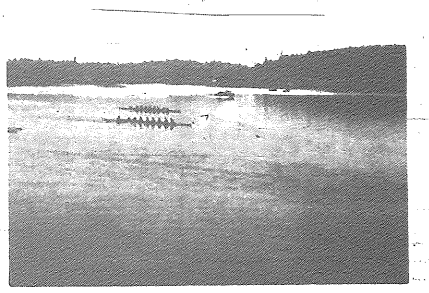
KENORA COUPLE CELEBRATE DIAMOND WEDDING ANNIVERSARY

Mr. and Mrs. John Longe, Sr. Pioneer Kenora residents celebrated their 60th wedding anniversary on July 4th. They were recipients of congratulatory wires from Her Majesty the Queen Prime Minister Diefenbaker and Premier Leslie Frost, . Mayor Bergman was also on hand with best wishes on behalf of the town of Kenora.

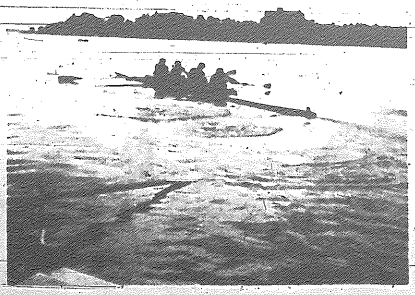
Mr. and Mrs. Longe were married at Rat Portage by the late Rev. Robert Nairn. They have one daughter Mrs. Cecil (Kit) Tew and four sons, John, Joe, Roger and Bill all of Kenora, also 38 grandchildren and 73 great grandchildren. Mr. Longe will be 100 years of age on August 16th.

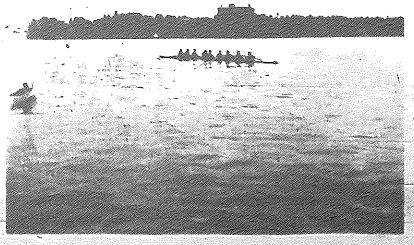


Work is now underway on excavation at the site where the Beaver Lumber Company will be located in Kenora. The company has purchased property formerly occupied by the C.P.R. parking lot next to Western Grocers.



A THRILLING FINISH FOR THE LAST RACE OF THE REGATTA.. The Winnipeg club forged ahead in the Senior Heavy eights to win and thus take home top honours . Kenora came in second.





More scenes taken during T Friday and Saturday when the 46th Annual Regatta of the North Western International Rowing Association was held here

Hollywood Column

Spike Jones' Show Still Has Old Bite

HOLLYWOOD — How come no more guns or burping trombones on Spike Jones' new TV show?

"With the kind of music on records today," answers the once zaniest of all bandleaders, "my pistols and hysterical trombones would make me sound legit."

Spike's new show is satirical, but subtly so. In the old days, the Jones' satire was about as subtle as a broken leg.

Said Jones:

"My own kids (Spike, Jr., 12, and Leslie, 10) listen to all my old hits—and think it's great music. They can't understand why I'm not backing Paul Anka.

"Even in my wackiest days, I don't think I could have come up with the racket those twanging guitars make on the hit records of today."

For years, Spike has come up with good summer replacement shows. This summer he is replacing Danny Thomas on CBS for 13 weeks.

"You know how some people send their children to camp in the summer? Helen (his singer wife, Helen Grayco) and I get out of the house in the summer—and let the kids stay home. It's the same therapy for parents, only in reverse."

None of Jones' famous city slickers are in the new show—but the old Jones bite is there.

For instance, in the opening show, he took off on rating services by interviewing a 10-year-old girl.

Her favorites — Meet the Press, Playhouse 90 and Maurice Evans and Judith Evans in Macbeth. Then she went into the "Out, out spot!" speech from the bard's classic.

Wanted His Picture

Aged Eskimo Has Big Welcome For PM

INUVIK, N.W.T. — "See the first time. Shoot him. Shoot him," shouted 86-year-old Luke Anokok, a broad smile on his wrinkled face.

He shouted these words as Prime Minister Diefenbaker left a crowd of well-wishers in front of this arctic community's Anglican hostel Friday and approached the aged Eskimo with outstretched hand.

Luke was meeting Mr. Diefenbaker for the first time. He wanted the prime minister to know this and wanted his picture taken with the prime minister.

Mr. Diefenbaker was in Inuvik to open the new community—a modern townsite in the Mackenzie River delta — which will be a centre for northern administration and development.

Prior to the official opening a monument commemorating the event was unveiled.

Mr. Diefenbaker said the event was an "historic occasion." He said Inuvik will be a major base for the northern development and "is but a prototype of other communities which will rise in the coming years."

Mr. Diefenbaker, first prime minister to visit the Northwest Territories and cross the Arctic Circle, told native members of the community education and technical training would be made available to enable them to help develop the North.

Gordon Robertson, commissioner of the Northwest Territories, told the gathering of some 300 that the community was not just a town in the north. It has been built at a cost of $32,000,000 as a base for northern development "for an assault on Canada's last frontier."

After a tour of the community, built on permafrost base over a three-year period, Mr and Mrs. Diefenbaker attended a federal government luncheon at which Eskimo and Indian dishes were featured.

The menu included arctic snails, uktuk or whaleskin meat, smoked trout and other northern fish, roasted and smoked reindeer meat, roasted muskrat legs in wine and buffalo meat.

PET FOOD OUTSELLS BABY FOOD

NEW YORK —No dogs were allowed in the Astor ballroom today but other than that everything there indicated a dog's life is a pretty good one.

The hotel was host to a pet product manufacturers' trade show.

The consensus: Pets apparently are better cared for than their masters.

As a result of this tender loving care, the pet products industry has soared to a yearly volume of $3,000,000,000. said Allan Levey, president of the Pet Products Manufacturers' Association.

This, he said, is a 1,000-per-cent expansion in 13 years.

He noted that pet food outsells baby food by nearly two to one (pets eat pet food for a lifetime but babies grow up), and that more tin cans are used for pet food than for any other product but beer and oil.

The pet market now provides hearing aids for deaf animals, dog collars with battery lamps, brushes for fishes' backs, electric blankets and water heaters.

COUNCIL MEETING HAD TO WAIT

OSHAWA —A special Oshawa council meeting had to adjourn for lack of a quorum Thursday night when councillor Finlay Dafoe refused to keep his wife waiting dinner.

Councillor Dafoe rose at 5:45 p.m. during discussion on poll tax delinquents and said his wife always had dinner ready at 5:30.

"I'm not going to be late because of a special council meeting," he said, and departed. The meeting broke up.

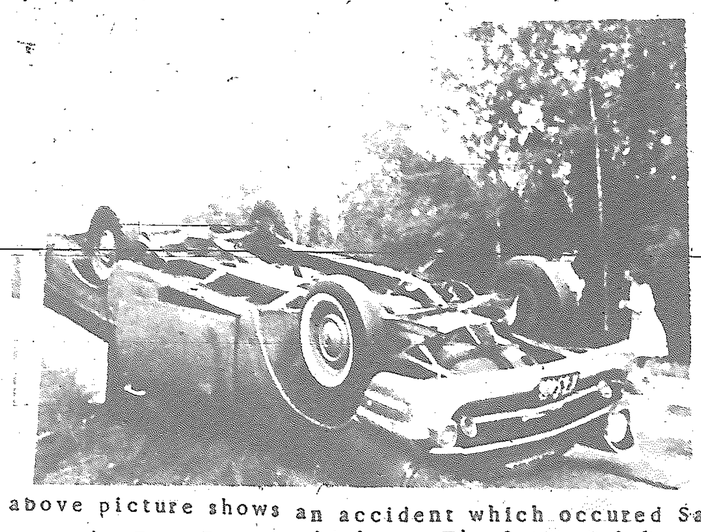
Swim Mark Shattered

AKRON, Ohio — Ted Stickles, an Indiana University sophomore, swam to a world's record Friday night in the 400-metre individual medley.

Stickles, the U.S. 200-yard individual medley champion, was timed in 4:56.8 at the Cuyahoga Falls swim meet.

The previous mark of 5:04.5 was set last July by Dennis Rounsavelle, a California swimmer.

A traffic accident, Friday afternoon, involving a 1958 Plymouth and a truck and trailer on highway 17 west, resulted in the driver of the car and his wife being hospitalized. Three children in the car escaped injury. For full details see page 1 of today's issue.



The above picture shows an accident which occured Saturday afternoon on the Fort Frances highway. The late model car left the highway, ending up on its roof. The driver escaped injury. For full story see page 1.

Atikokan

Tourist Bureau Trailer Planned

ATIKOKAN — At a meeting of Atikokan Business Association Thursday evening the executive was authorized to purchase a trailer and finance purchase on a share basis amongst members as planned. The 20-foot trailer, will be equipped and decorated as a mobile tourist bureau, and used to promote Atikokan for tourists and business.

"The trailer is the No. 1 project right now," said chairman E. Hebditch. "We want to get it on the road as soon as possible."

The advantage is that it can be taken anywhere, he noted. It could go to fish derbies and sportsmen's shows, and to such places as the French Lake park, Pigeon River, Kenora, the Lakehead. It woulbe be completely equipped with brochures, leaflets, photographs of Atikokan, area attractions and all types of information of use to potential visitors. It had been estimated by the executive it would cost about $2,500 to put it on the road for a year. Directors had suggested financing by share purchase, with a blitz campaign to collect the funds necessary and have the trailer operating the remainder of the season. The membership agreed.

Mr. Lindsay described the trailer under consideration. He said the Dept. of Lands and Forests had promised co-operation in use of the trailer for promoting sale of summer cottage lots.

GOING INTO BUSINESS

Speaking further on the project Mr. Hebditch said: "We're going into the tourist business and we're going to see that when people do come they're going to be provided with facilities. We want people to come to the end of the road; not just to Quetico Park."

Atikokan has excellent fishing and hunting, noted the chairman, "and once we get an influx of people there will also be established boat and canoe rentals and other facilities."

Bob Clarke remarked that talks have started regarding use of Saturn avenue trailer park for tourists. The town may relinquish its interest in the park this year. Mr. Clarke also mentioned the association was interested in provision of a boat ramp on the Atikokan river and placing buoys in the flood-waters.

"We should get our spoke in too," he said, "on the Mississippi Parkway," noting that a September meeting of the body is slated for Fort Frances and that an effort should be made to have a representative from Atikokan present.

SKIN DIVING*

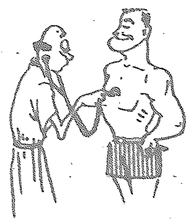
Introduction

Skin diving is a sport apart from the use of SCUBA*. The use of SCUBA, however, is dependent on experience gained in skin diving. The bird must first learn to stand before it can fly.

Section 1

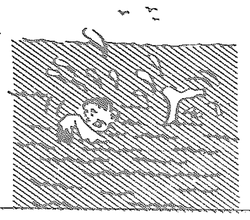
Recommended Procedure

When your desire to dive has passed the thinking stage, start out by consulting a physician. Certain parts of the body undergo abnormal treatment, and must be in good condition for diving. Of course, all around good physical condition is recommended to meet with the rigorous exercise required when engaged in this sport.



Good swimming ability is a definite prerequisite for skin diving. Swimming aids should be looked upon as improving the swimmer, not allowing the non-swimmer to enter the deep water. The following is a basic test in swimming performance recommended by the Los Angeles County Lifeguard Service:

1. Swim 200 yards without swim aids.
2. Swim 10 yards underwater without swim aids.
3. Swim 50 yards with 10 pounds of weight without swim aids. (The weight should be iron or lead in a belt around the waist.)
4. Tread water for five minutes.
5. Tread water with hands out of the water for thirty seconds.



If these simple things cannot be easily done, then more practice in swimming is necessary. The more experienced diver should pass a much more difficult test involving water skill and knowledge of water safety and first aid.

Finding that you have met these simple qualifications for diving, the next step is the familiarization with equipment in a swimming pool, or calm clear body of water. If possible, attend classes where equipment is supplied. This will give you a chance to use different gear, finding what you prefer. If this is not possible, then purchase the basic items, using the following section as a guide.

* SCUBA Self-contained underwater breathing apparatus

US Tax Boost Recommended

WASHINGTON — President Kennedy's leading fiscal experts have recommended a temporary tax increase of $2,000,000,000 to $3,000,000,000 or more to pay for the expanded arms outlay that the president will propose, the Washington Post says.

The Post adds that authoritative sources have disclosed that the president is in accord with his advisers' proposal, and that he is expected to make a final decision this weekend.

NOTED CANADIAN

Agnes Macphail, elected Canada's first woman member of Parliament in 1921, represented the United Farmers Party of Ontario there until 1940, and later was a CCF member of the Ontario legislature.

20,000 Waiting

Airlift Organized For Cuban Refugees

WASHINGTON — The United States organized a commercial airlift today to give free flights from Havana to Miami to more than 20,000 Cuban refugees.

Whether Prime Minister Fidel Castro would permit the mass exodus was not known in Washington.

The state department announced Friday night that the government had "arranged to defray the cost" of transport for the more than 20,000 Cuban citizens who are cleared to come to the U.S. The over-all cost was estimated at about $350,000.

The refugees qualified for the airlift transportation are those who obtained U.S. visas before the United States broke off relations with Cuba last January and those who since have obtained "waivers of visas."

A waiver is simply a ruling by the U.S. government that an individual may enter without a visa. Since the break in relations, no Cuban has been able to obtain a visa because there are no U.S. consuls in Cuba.

State department press officer Lincoln White said the flight program with government financing was decided upon as a humanitarian action to reunite families and to make it possible for young people to study in the U.S.

U.S. authorities said that all citizens leaving Cuba require exit permits; no one here could say whether the pro-Communist Castro regime would allow exit permits for this operation.

WELCOME MAT OUT

MIAMI, Fla. (AP) — Miami dusted off its tattered welcome mat today for a record horde of Cuban refugees — 20,000 of them, coming within a two-week period at state department invitation.

The prospect startled officials of Miami, refugee agencies and transportation media.

Robert King High, mayor of this south Florida city of about 209,000 population, said he hoped other American communities can find room for some of the newcomers. But he said the U.S. has a moral obligation to take in the exiles.

"Miami's economy is groaning under the impact of exiles already here," High said, estimating the total number of exiles now in Greater Miami (Dade County) at more than 100,000.

Youngster Locked In Parked Car

TORONTO —Toronto police Thursday night charged a St. Catharines father with leaving his three-year-old son alone in a car while the parents watched a football game.

E. G. Kacynak was charged with leaving his son David unattended in a station wagon when he and his wife returned to pick up the boy two hours after they left him locked in the parked vehicle.

A neighbor informed police that the boy was in the station wagon. Police released the boy by picking a lock and gave him ice - cream while the parents watched the Toronto Argonaut-B.C. Lions exhibition football game.

Bureau Planned

Atikokan has excellent fishing
nd hunting, noted the chair-
nan, "and once we get an in-
lux of people there will also be
stablished boat and canoe ren-
als and other facilities."

Bob Clarke remarked that talks have started regarding use of Saturn avenue trailer park for tourists. The town may relinquish its interest in the park this year. Mr. Clarke also mentioned the association was interested in provision of a boat ramp on the Atikokan river and placing buoys in the flood-waters.

"We should get our spoke in too," he said, "on the Mississippi Parkway," noting that a September meeting of the body is slated for Fort Frances and that an effort should be made to have a representative from Atikokan present.

Stowaway In Court

GLASGOW —Harry McIlwraith, 14-year-old Scots boy who stole a flight across the Atlantic, was brought into court today for another theft—sneaking £15 ($42) from his mother's purse.

Magistrate James Langmuir ordered him held for a probation report.

Glasgow juvenile court was told Harry, an adventure-seeking schoolboy who has twice run away from home, stole the money before creeping aboard a British airliner last Monday. He was flown back from Canada after a steward found him hiding in a washroom halfway across the Atlantic.

The magistrate announced that in Harry's case he would waive the usual rule against publishing the names of juvenile offenders.

The McIlwraith family live in two rooms in the Gorbals slum district. Harry's father, Alex, is a roof shingler.

Dampening Clothes

Clothes should not be dampened too far in advance of their ironing in the summer. This is to prevent mildew. If the ironing must be postponed, shake out all damp articles to dry, and they may be easily resprinkled.

Poison Ivy

To eradicate poison ivy, mix three pounds of common table salt in one gallon of soapy water, and pour around the plants. Give two treatments.

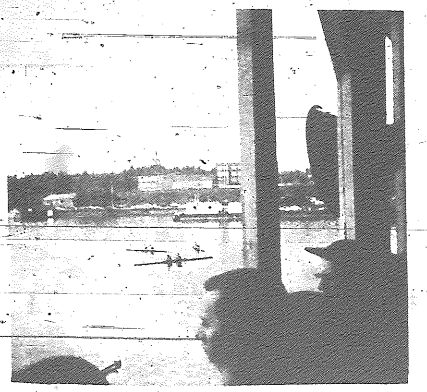
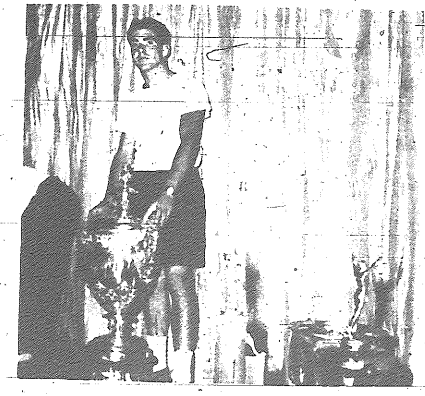
Kenora Branch

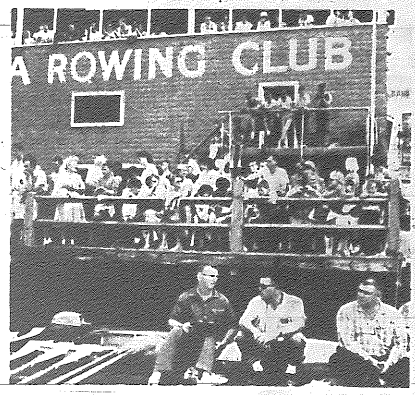
Highlights of 46th Annual Regatta



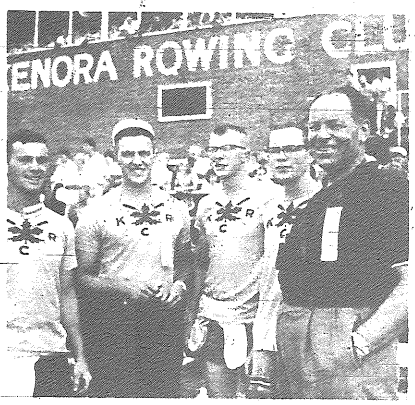
Immediately following the Junior Doubles race Saturday afternoon. The Kenora crew of Bud Malmo and Tom Maluish are seen in the boat in the immediate foreground. Kenora placed third in this event.



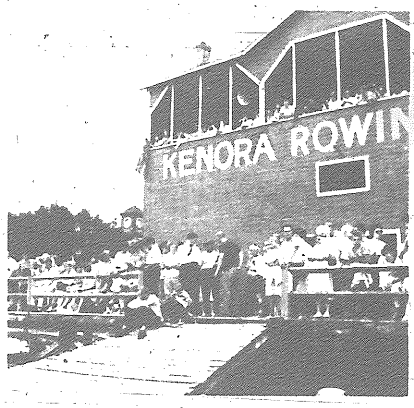
Culver Riley, Jr. veteran Winnipeg oarsman is seen above minutes after he accepted the Sir Thomas J. Lipton Trophy on behalf of his club. Winnipeg won the coveted trophy in a close finish on Saturday evening.



The terrific interest in the holding of the 46th Annual Regatta on Friday and Saturday is evidenced by this portion of the huge crowd at the rowing club. The spectators refused to be discouraged by the rain which fell during the two days.

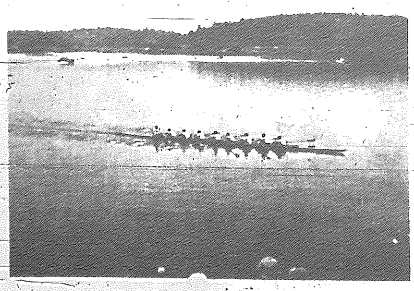


Les Ingo at right, Immediate Past President of the North-Western International Rowing Association chats with some of the Kenora Oarsmen during the holding of the events. With him, left to right are Brad Holmes, Don Cameron, Bob Apps and Bill Burris.



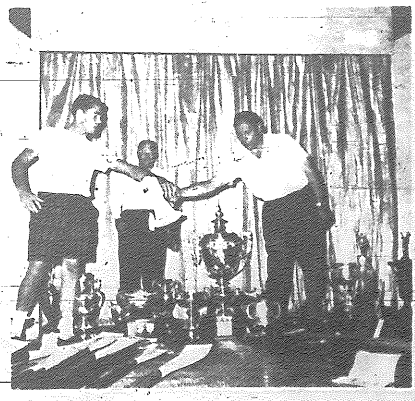
Although the rains came, the spirits of the huge crowds of spectators failed to be dampened during the holding of the 46th annual Interanational Rowing Regatta which was held here in Kenora on Friday and Saturday

One of the official boats which participated in the 46th annual regatta is seen above. Throughout the various events the officials carried on their untiring work and all went off in fine order.



The Miner and News camera caught the Winnipeg Senior Heavy Eights as they crossed the finish line on Saturday. This win brought Winnipeg an additional 3 7 1/2 points and thus won for them the Grand Aggregate Trophy the Sir Thomas J. Lipton cup.

Kenora's Junior Heavy Four leaving the Rowing Club to go out to the starting line. They are, G. Bergman, bow, Bob Apps, Bill Burris and Brad Holmes, Stroke. Kenora placed third in this event.



Culver Riley Jr. above, is seen accepting congratulations from Les Ingo Past President of the Northwestern International Rowing Association. The presentations took place at the Rowing Club on Saturday evening.

Around Town

Mrs. E. W. Stull of Surrey, British Columbia, is a guest of Mr. and Mrs. G. R. Stephen. Her daughter Marguerite is visiting her aunt and uncle, Mr. and Mrs. J. F. Holland at Coney Island.

CARD OF THANKS

TOMS — We wish to express our gratitude, on behalf of the late Silas Toms. To his old friends and new friends, to Dr. Wm. Baker, Dr. Allan Torrie, Mr. Sandy Brown, Rev. J. D. Marnoch, Keewatin Town Employees, Dept. of Highways Employees and to all those who helped in any way to ease our sorrow, in the loss of a husband and father and friend to all.

— Lynne, Judith, Dale and Wayne.

CARD OF THANKS

We wish to extend our heartfelt thanks and appreciation for the many acts of kindness, flowers, messages of sympathy and Mass Offerings received by us from our friends and neighbours, during our recent bereavement in the loss of our loved one.

We also wish to thank Rev. Father E. L. Savoie, Rev. Father G. C. Salamon, Doctor G. B. Leckie, Catholic Women's League, Members of the Knights of Columbus who asted as pallbearers and Mr. A. M. Brown and staff of the Brown Funeral Home.

— Anne and John Sabadoz and family.

Winnipeg Cops Lipton Trophy . . .

(Continued from Page 1)

blue . . . This year's regatta was termed one of the biggest in the history of the event . . . Both Pritchard brothers, Frank and Ray, are oarsmen with the Winnipeg Club and in the fall they play Intermediate Football at their respective high schools . . . Gerry Whitaker and his hard working Kenora Rowing Club executive and Les Ingo and the Northwestern-International Rowing Association deserve a big pat on the back for a job well done . . . Some Kenora oarsmen hope to take in some of the up and coming regattas in Duluth and St. Paul, Minnesota . . . The Kenora Rowing Club may purchase a Doubles shell soon and in this way they can concentrate more on the sculling that has been lacking in the local club for sometime.

NO SHORTAGE OF TEACHERS

TORONTO — There is no longer a shortage of public school teachers in Ontario. Leslie Woodruff, assistant superintendent of teacher education for the Ontario department of education said here.

"Although the department cannot gauge accurately the demand for teachers in the province, it appears the supply has caught up with the demand, for this year at least," he said.

EXAMS ACCEPTED IN ANY LANGUAGE

LONDON — Candidates wishing to qualify for the diploma award of the Royal Life-Saving Society in future will be able to write the examinations in their own language, it was decided Thursday at the society's first Commonwealth conference.

The diploma award is the highest offered by the society. Winners are selected by George Drew, Canadian high commissioner to Britain, who chaired Thursday's session.

FEATHERS HIS NEST — NO NEST!

Milwaukee, Wis. — Convicted burglar Lawrence Carlson, 20, has furnished his house but will have to postpone his wedding for as much as 10 years.

Judge Herbert Steffes sentenced Carlson to 10 years in the state reformatory for stealing an air purifier, hi-fi sets, coffee maker, frying pan, knives and forks, a family Bible and a diamond ring for his fiancee.

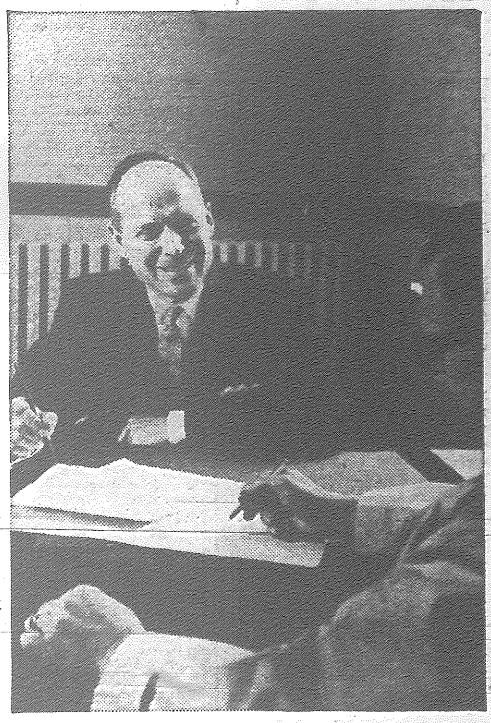
Do all banks offer the same services?

Indeed they do. Not just one but every bank in Canada can provide you with many different kinds of bank accounts, loan plans, payment services and so on.

So why should you choose Toronto-Dominion?

The answer is simple . . .



Our managers are the MOST HELPFUL you'll find This is Don Sheldrick, the Manager of our busy Yonge & Lawrence branch in Toronto. Don has been with us over 27 years. He knows the many and varied banking services and how they are best applied to meet your needs.

Here we see Don advising one of his customers who is about to take an extended vacation. Don is pointing out the numerous ways "The Bank" can be of assistance to travellers. First and foremost, The Toronto-Dominion Bank can issue you Travellers' Cheques and Letters of Credit, the *only* safe way to take care of your funds. A Safety Deposit Box, locked in our vaults, securely holds your valuables until you return. When you plan a trip, see the Manager of your local Branch of "The Bank". It's the first step to an enjoyable, carefree vacation.

You'll meet Managers like Don Sheldrick in every Toronto-Dominion Branch across the country. Whether your problem is large or small, it's comforting to know that your Toronto-Dominion Manager takes a keen interest in being as helpful as he possibly can. See him soon. You'll be delighted when you discover how much . . .
