Winnipeg Homes Evacuated As Flood Nears

Heavy flood control workers in Manitoba have received some encouraging news. Latest predictions by officials say crests on the Red River will be one and one-half to three feet lower than was forecast earlier. Plans have been dropped to add another 18 inches to dikes protecting Winnipeg, where the high water mark is expected Saturday. However, officials are going ahead with the evacuation today of about 270 families in the low-lying area of Elm Park in the Winnipeg suburb of St. Vital as a precaution. The major concern of close to one thousand soldiers and volunteers manning dikes in communities south of Winnipeg is water seepage. The dike builders are virtually the only persons remaining in several southern Manitoba communities. About 27 hundred persons have been evacuated.

Although dikes are holding back

the flooding Red River from towns and villages, water has spread over low-lying farm areas both in Manitoba and south of the international border.

At Drayton, North Dakota, district residents are getting around in outboard motor boats. The nearest dry road is four miles from Drayton.

Former Resident Receives Prairie Appointment

James R. Finlay, CBC's Director for the Prairie Provinces, recently announced the appointment of Ernest Mutimer to the position of Centennial Coordinator (Prairies).

Mr. Mutimer will have the important responsibility of providing a central coordination and clearance point for exchanging information, for maintaining contacts and for generally expediting arrangements in connection with CBC's Centennial activities in the Prairie Region, with concern for the Pan-Am Games at

Winnipeg. As required, he will act as the regional representative on the Centennial Coordination Committee. In carrying out his duties, Mr. Mutimer will consult on a continuing basis with all regional officers concerned.

Mr. Mutimer, with the exception of two years in the RCAF, has devoted all his efforts toward a career in broadcasting. He was born in Winnipeg, where he attended St. John's College and the University of Manitoba, graduating with a Bachelor of Arts degree in 1949. In 1947, with a view to taking up radio work seriously, he attended the Summer Radio Institute at Queen's University, and later Lorne Greene's Academy of Radio Arts in Toronto, graduating with distinction and winning a scholarship in radio writing. He is also a graduate of the Allied Arts Division Television Series.

His next move in 1949 took him to Station CJRL in Kenora, Ontario, where he was program director for a year. He joined the staff of CBC-Edmonton in May, 1950, and spent the next five years there as an announcer and radio producer. He came to Winnipeg as a television production assistant in 1955 and the following year became a producer.

The many shows he has produced at CBWT include "Happyland", "Ladies First", "How About That", "Saddle Songs", "Country Calendar", "Roundtable" and the popular "Red River Jamboree" series.

In 1963, Mr. Mutimer was sent by the CBC to Kuala Lumpur in Malaysia to assist in the establishment of a television service in the New Federation of Malaysia. He spent two years in this task as Advisor in Programming and Production, and as Coordinator of Staff Training. He returned to Winnipeg last year and later became Supervising Producer of Television at CBWT.

Mr. Mutimer is married and has four children.

Boise Holds Back Plans For Falls Plywood Plant

The following news item appeared in a recent issue of the International Falls, Minnesota Times Journal:

Boise Cascade Corp. has delayed plans to build a plywood mill in Minnesota as a result of President Johnson's request for restraint in some capital expenditures.

Davies Sees Change Teacher Qualifications

TORONTO — Ontario Education Minister William Davies spoke in Toronto today to the 14 thousand delegates attending the annual convention of the Ontario Educational Association.

He told the convention's opening session that the province may eventually require all elementary school teachers to have a bachelor of Arts degree, plus a year of professional training. The Minister said such stringent requirements could be "phased in" over a period of about four years.

Mr. Davies said he agrees with a report of the Teachers Education Association, which recommends better academic backgrounds for elementary school teachers. He said that, at present, there are in Ontario only 100 elementary school teachers-in-training who possess University degrees.

This was revealed Thursday in Minneapolis by W. D. Eberle, a vice president of the corporation, at a meeting of the Twin Cities Society of Security Analysts.

Johnson recently asked American businessmen to reassess their building programs and postpone some projects as a brake on inflation. Eberle told the analysts that the firm is trimming its plant investment budget from some \$50 million to about \$35 million. He added that several communities are still bidding for the plywood mill, and he did not disclose its probable future location.

Eberle said that the Boise-based corporation now has an investment of about \$100 million in forest products' plans and timberlands in Minnesota, and has long-term plans for further expansion in this region.

Commenting on the significance of his company's joining forces a year ago with the former Minnesota and Ontario Paper Co. with its paper and insulate plants, Eberle said that one of the greatest advantages in the development of Boise Cascade in Minnesota was the fact that the Mando organization was already in the paper business with substantial forest lands in its supply area.

Stressing Boise Cascade's concept of integrated forest product development, he pointed out that Boise Cascade, well established in wood product fields, brings to Minnesota complementary wood technology, leading to fuller utilization of forest materials.

Plans for the addition of lumber, plywood and related facilities in this region are "definitely in the picture," he said, although delayed somewhat by President Johnson's current appeal for a "stretch out" of planned capital expenditures as a deterrent to inflation.

Eberle gave special credit to promoters of the former Mando company, including J. B. Faegre, Robert Faegre and other former directors and management, for their business ability and efforts in the earlier development of the company, forming a "valuable foundation for further growth."

Late News Bulletins

Officials in Ottawa say a reprieve has been granted a Vancouver man who was scheduled to be hanged today. Twenty-four-year-old Roger Fulton is appealing to the Supreme Court of Canada against his capital murder conviction. Fulton was found guilty last October of fatally shooting the Assistant Manager of a Vancouver Trust Company during a holdup. His hanging has been re-scheduled for June 7th.

Solicitor-General Larry Pennell says he expects to submit to Prime Minister Pearson Thursday a report of his review into the case of an Ontario boy serving life in prison. Mr. Pennell declined comment when asked in Brantford, Ontario, today if his report will recommend a re-opening of the Steven Truscott case. In 1959, Truscott, then 14, was convicted of murdering a 12-year-old girl. The Solicitor-General was asked to study the case following recent publication of a book that claims Truscott is innocent.

In Port Alberni, British Columbia . . . Police have arrested a 22-year-old man after two others were shot, one with a gun he took from an RCMP Constable. Authorities say 28-year-old Irvan McLeod, believed originally from Montreal, was shot fatally in a fight at a Port Alberni home. An RCMP Constable who arrived on the scene encountered 24-year-old Walter Cass and another man. Officials say Cass, armed with a rifle, took the Constable's gun and shot himself with it. The third man was arrested early today after a Police search.

More anti-Government demonstrations by Buddhists apparently are in the works in South Viet Nam. Some two thousand leading Buddhists met today in Saigon to lay strategy for new demonstrations aimed at toppling the Military Government of Premier Ky. The Buddhists also say they'll boycott a National Political Congress called for tomorrow by Ky. This meeting is seen as a move by Ky to try to meet Buddhist demands for a return to Civilian Government.

The U.S. Defence Department confirms there has been a temporary cutback in the number of American air strikes in South Viet Nam. It blames it on difficulties in supplying bombs for aircraft and says the supply problem was mainly the result of political disorders at Da Nang. A Washington spokesman says steps are being taken to correct the problem.

In Manila, the Lower House of the Philippines Congress has approved the sending of two thousand troops to South Viet Nam. The troops would be engineers to build roads and other projects needed by the South Vietnamese. Approval also is expected to be given by the Upper Senate of the Philippines.

In Halifax . . . A hospital official says birth control pills may be contributing to the increased number of deformed children born in Canada. Doctor William Cochrane explains that the pills are being used by many women to put off having children until late in life. When such older women go to give birth, there is greater risk of the infants having deformities. Doctor Cochrane is head of the medical staff of Halifax Children's Hospital.

Saskatoon — A Saskatoon glider pilot, George Redzich, has been given a Canadian Soaring Association Diamond Award for a flight at 29,000 feet above sea level. Mr. Redzich, who made the flight at Pincher Creek in Southwestern Alberta yesterday, was 2,500 feet short of the altitude record held by J. J. Audette of Regina.

Regina — It is hoped an Alcoholic Referral Centre will be opened in Saskatoon this summer. The Deputy Health Minister, Dr. J. G. Clarkson, made the announcement today in an interview. The Centre will be modelled after one opened in Regina several years ago.

Local Groups Attending Teen Conference

Red Rock Senior Teen Town will host some 250 delegates and counselors at the 14th annual Northwestern Youth Conference April 11-14.

Members are deeply involved in arranging program, billeting and catering. Teen Clubs from Keewatin, Terrace Bay, and Schreiber, Nipigon, Manitowadge, Atikokan, Dryden, Kenora, Marathon, Ignace and the Thunderbird Club are responsible for some phases of the program.

Nearly all communities will be represented in the Teen Queen Contest Tuesday evening. This is open to the general public at 7 P.M. in the Red Rock Public School auditorium.

Other highlights will be general discussion and workshops during both afternoon and evening sessions to help "Teenagers today to be responsible adults of tomorrow," theme of the conference.

A well rounded out program of activities will include a sock hop Monday and a semi-formal Wednesday with the Lakeshead Baronsville and Keewatin Guild providing the music. To conclude the event a summary of the conference will be given by Ken Ward, recreation director for Manitowadge.

WEATHER

Sunny Skies are general today across Northwestern Ontario and most of Manitoba. Temperatures will reach forty to fifty across this area today and tomorrow.

Cloudy skies over Saskatchewan and Southwestern Manitoba will hold temperatures to somewhat lower values over those regions.

A disturbance moving eastward from southern British Columbia will spread some light precipitation into Saskatchewan regions and cloud into southern Manitoba tomorrow.

Regions near Hudson Bay will remain mostly sunny and will be not quite so cold tomorrow.

— KENORA —
Sunny today. Mainly clear tonight. Cloudy with a few sunny periods Tuesday. Little change in temperature. Winds south-east 15. Low tonight and high Tuesday at Kenora 25 and 45.

Kenora Resident Peter Batiuk Called To Rest

Mr. Peter Batiuk of Kenora passed away at the St. Joseph's Hospital on Sunday evening, April 10th, 1966.

Full obituary notice will appear in Tuesday's edition of the Kenora Miner and News.

Funeral Service Late E. C. Burton Tuesday 3 p.m.

Funeral services for the late E. C. Burton, Sr., who passed away at the St. Boniface Hospital, Friday evening, April 8th, 1966 will be held at the St. Alban's Pro Cathedral, Kenora at 3 p.m. Tuesday afternoon, April 12th, 1966. Dean L. M. Watts will officiate. Following the funeral a reception will be held for friends at the Kenora Armouries. At the request of the family, friends are asked to kindly omit flowers.

Born in Redhill, England in April of 1891 he was 74 years of age. He received his education in England and joined the Royal Flying Corps in 1917. He was the pioneer bush pilot in Canada flying air mail and was active in the development of mining and forestry. He was a flying club member and saw service in the Yukon and North Canada as well as Texas and England. The late Mr. Burton was one of the pion-

ers with the Ontario Provincial Air Services and was employed as pilot with the Lands and Forests until his retirement in 1957. Since that time he has been employed as a bookkeeper in Kenora.

Surviving are his wife, one son E. C. Burton, Jr. of Kenora and two grandchildren; one brother W. F. P. Burton in Africa, a brother G. C. Burton in St. Petersburg, Florida and a sister Freda Dixon in Egham, Surrey, England.

Percy F. Hudson Kenora Resident Died Suddenly

Percival Frank Hudson, 112 Milano Avenue, Kenora died suddenly at the Kenora General Hospital Sunday morning, April 10th, 1966.

Born in London, England on December 13th, 1890 he was 75 years of age. He was married at Neepawa, Manitoba in 1912 to the former Sarah Eliza Campbell. Predeceased by his wife in 1960 he is survived by one son Mr. Ralph Hudson in Chemainus, British Columbia, three grandchildren and five great grandchildren.

The late Mr. Hudson received his education in England and came to this country in 1910 and to Kenora, Ontario in 1923 from Birnie, Manitoba. He began services with the Ontario Minnesota Pulp and Paper Company Limited in Kenora on May 17th, 1923 as a checker in the ground-wood dept., retiring on December 31st, 1959. He became a member of the Quarter Century Club in 1948. He was a member of the First Baptist Church in Kenora.

The funeral services will be held in the Chapel of the Brown Funeral Home at 2 P.M. Wednesday, April 13th, 1966. Reverend Hall will officiate and interment will be in the

Lake of the Woods Cemetery. Pallbearers will be A. Brinkman, C. Lowes, G. Anderson, M. Perron, E. Murray, and W. Nuson.

Kenora M.P. On Television Next Week

OTTAWA, April 8th, 1966 — John M. Reid, M.P. for Kenora-Rainy River will be appearing on the television program "The View from Here", along with Bud Sherman, Progressive Conservative Member for Winnipeg South and Ed Schreyer, NDP Member for Springfield. This program will be broadcast "live" from Winnipeg on Tuesday, April 12 at 7:00 p.m. The topic for discussion will be: "The Impressions of Three Freshman M.P.'s in their first session in the House of Commons".

WOOD IS VALUABLE

Why He Poured The Beer Away

The bill for physically collecting and dumping one million gallons of Dow ale into the Quebec City sewers will likely be \$625,000 by the time the job is completed, Paul Gibson reports in *The Financial Post*. On top of it all is the completely unknown factor of how many people may decide a Dow doesn't go good now or later. Yet Pierre Gendron, the man who made the decision to take every bottle of Dow ale out of the Quebec City area a market, told *The Financial Post*: "There was mass hysteria. There was a panic situation in the whole Quebec area. Our name was linked with the deaths because of our high share of this market, and because we are the only brewer in Quebec City. The whole population was in an uproar. There was no choice, we just had to do it. We had to reassure people as a public service, even though there was no scientific proof of any connection with Dow except that each of the cases concerned heavy beer drinking." At midweek, *The Financial Post* adds, there was still no proof that Dow or any other ale had caused the 40 mystery cases of cardiac ailments which resulted in 16 deaths.

Today In History

Today is Monday, April 11th, the 101st day of 1966. There are 264 days left in the year.

Today's highlights in History:
 On this date in 1951, the Stone of Scone (Scoon), stolen from Westminster Abbey December 15th, 1950, was recovered by Police at Arbroath Abbey. The 485-pound stone was stolen by Scottish students to direct attention to their efforts to obtain an autonomous Scottish Parliament. Three men and a woman admitted the theft but were not prosecuted. British sovereigns have been crowned while seated on the stone since it was brought to London in 1296.

On this date:
 In 1689, William and Mary were crowned King and Queen of England.
 In 1713, by the Treaty of Utrecht, Gibraltar was formally ceded to Britain.

In 1768, a huge fire raged through the city of Montreal, destroying one-third of the property in the city.

In 1814, Napoleon abdicated.
 In 1822, Mexico proclaimed her independence from Spain.

In 1884, the Amateur Athletic Union of Canada was formed.

In 1903, Sydney, Nova Scotia, was incorporated as a city.

In 1940, British Naval Aircraft scored torpedo hits against the Nazi pocket battleship Admiral Scheer.

In 1951, General Douglas MacArthur was removed from all military posts in the far east by president Truman.

Ten years ago:
 Israeli-Arab fighting continued along the Gaza Armistice Line, Israel reporting Arab raiders killed three Israeli teenagers and one adult and wounded 16 other persons.

Five years ago:
 The trial of Adolf Eichman, former Nazi Gestapo Officer accused of major war crimes, opened in Jerusalem.

First World War:
 Fifty years ago today - in 1916 - British and Canadian troops resumed attacks on German-held craters

at St. Eloi; German units attacked Ypres; Allied forces occupied Cephalonia, an Island in the Ionian Sea.
Second World War:
 Twenty-five years ago today - in 1941 - The German invaders of Greece linked up with the Italian forces in Albania; six German raiding aircraft were shot down over Bristol; British troops in Libya retreated.

Today's Birthdays:
 Premier Robert Stanfield of Nova Scotia is 52.
 Former U.S. Secretary of State Dean Acheson is 73.
Thought for today:
 No man really becomes a fool until he stops asking questions - Charles Steinmetz.

Elks Pee-Wees To Compete At Weyburn, Sask.

The Kenora and Keewatin Elks Allstar Pee Wees leave early Wednesday, April 13, 1966 for Weyburn Saskatchewan to take part in the 4th Annual Pee Wee Tournament largest of its kind in western Canada.

The Elks Allstars are the only team east of the city of Winnipeg to take part and hope to be worthy representatives.

The tournament got started on Saturday, April 9th and will continue till Saturday April 16th with over 70 teams taking part.

The local Pee Wee's have had Exhibition games throughout the winter and have played Dryden, Sioux Lookout, Red Lake plus local teams. "B" teams and have done real well winning all their games but one.

Trophies and individual awards

will be presented at the conclusion of the games on Saturday plus plenty of entertainment planned for a very enjoyable time on behalf of the city of Weyburn.

Stanley Cup Play-Offs To Resume Tuesday

Action in the Stanley Cup semi-final play-offs resumes tomorrow night in Toronto and Detroit.

Detroit fans will be hoping for a repeat of yesterday's game in which the Red Wings trounced Chicago Black Hawks 7-0 before 16,009 Chicago fans. The Red Wings got four of those goals by power plays, part of coach Sid Abel's game strategy of risking penalties and playing an aggressive game against the Hawks. The Detroit win, which evened up the best-of-seven semi-final 1-1, also ended what seemed to be a jinx for the Red Wings. It was the first time they have won a game in Chicago stadium in 12 starts on Chicago home ice.

Toronto fans, on the other hand, are hoping the Maple Leafs can make a comeback after dropping their first two games to Montreal Canadiens 4-3 and 2-0. The Maple

Leafs suffered the 2-0 loss during the weekend in a Montreal game marked by rough play that touched off two full-scale brawls, 22 minor penalties, two majors and two misconducts. Montreal has won both its games on home ice, and will play the next two games in the series in Toronto. But both the assistant general manager of the Leafs, King Clancy, and manager-coach Punch Imlach say they'll be back in Montreal before the series ends. That means that they'll be going all out tomorrow and Thursday night to stop Montreal from taking the best-of-seven series in four games straight.

Flin Flon Lead Series With Two Wins

FLIN FLON, Manitoba — Flin Flon Warriors grabbed a 2-0 lead in their best-of-five Canadian Intermediate A Hockey Championship series in Flin Flon, Manitoba Sunday when they edged Lloydminster Border Kings 2-1.

Flin Flon won the first game 6-1 Saturday. A third game is scheduled to be played in Flin Flon tonight. A fourth and fifth contest, if needed, will be played in Flin Flon Tuesday and Wednesday.

Vic Poirie opened scoring at 19:15 of the second period to give Flin Flon a 1-0 lead. Gord Hubbard tied the score at 4:19 of the third period. With less than five minutes remaining in the game, Jack Turner fired home the winning goal on a pass from Harry Beukert.

Goaltender Spike Schultz had a busy time in the Lloydminster nets kicking out a total of 47 shots. Flin Flon's George Allard made 15 saves. Seventeen penalties were called in the hard-hitting contest, 10 against Lloydminster.

SPORTS BRIEFS

BASEBALL
 Opening day has arrived for the Major League Baseball season.

The 1966 campaign got under way today with the traditional opening games in Washington and Cincinnati. Vice-President Humphrey was scheduled to toss out the first ball in Washington before the Senators took on the Cleveland Indians in the American League inaugural.

American League strike-out king Sam McDowell pitched for Cleveland, while lefthander Pete Richert started for Washington.

The Cincinnati Reds again do the opening day honours in the National League. Joining them in Cincinnati for the occasion were the New York Mets, who have a new look in their infield, with Dick Stuart at first base and Ken Oyer at third.

New looks, in fact, were the order of the day. The Cincinnati Reds have a new manager, Don Heffner, and their starting pitcher, Milt Pappas, is a newcomer to the League, having been acquired over the winter from the Baltimore Orioles. Jack Fisher was the starting pitcher for New York.

The other big league teams will spend today getting ready for their opening games tomorrow.

To get the ball rolling for baseball, tomorrow has been labled a holiday in Atlanta, Georgia, and appropriate ceremonies will be held during the day to celebrate the occasion. Offices and schools will close for half the day. There will be a Braves-Dogwood Festival parade down Peachtree Street. In the past, the Dogwood Festival had to go it alone. This time, it will have the help of the Braves' ballplayers and

club officials who will march in the parade.

Following other ceremonies, the cry of play ball will reverberate throughout the Atlantic Stadium — and Major League baseball will officially be introduced to the U.S. south.

Wings Overpower Hawks To Even Stanley Cup Series

CHICAGO — The Detroit Red Wings unleashed a devastating power play attack to shellack Chicago Black Hawks 7-0 in Chicago Sunday afternoon. The Detroit victory evened their best-of-seven Stanley Cup semi-final series at one victory apiece.

The clubs now switch to Detroit for third and fourth games Tuesday and Thursday respectively. A fifth game will be played in Chicago next Sunday afternoon.

Veteran Andy Bathgate and Journeyman Floyd Smith each scored two goals for the Wings. The others were shared by Dean Prentice, Gordie Howe and rookie defenceman Bert Marshall. The goal was Marshall's first as a National Hockey League player.

Four of the Detroit goals were scored on the power play, one while they were a man short and one while both teams were shorthanded.

The Wings, who were picked as underdogs in this series, scored three times in the opening period, once in the second and three times again in the third.

The Detroit club came out fast at the opening whistle and maintained a fast tempo throughout. After the fourth Detroit goal in the middle period, the Hawks appeared to wilt as the visitors outskated, outchecked and completely outplayed them.

The game was as one-sided as the score indicates with the Wings never giving the opposition a chance to start a sustained attack. Checking was so close in the Detroit zone, there always seemed to be two Detroit defenders on one Chicago attacker.

Aside from their power play attack, the Wings were able to control the action by forcing the Hawks into making defensive errors in their own end. Defensive mistakes by the Hawks led to at least four of the seven goals.

Sophomore goalie Roger Crozier registered his first playoff shutout, playing in his eleventh Stanley Cup game. He played seven for the Wings last season and one and one-third the year before when Terry Sawchuk was injured.

Although Crozier handled only 21 Chicago drives, he made several sharp saves to preserve his shutout. He was particularly effective on drives by Doug Meeks and Bobby Hull in the first period, Meeks again and Eric Nesterenko in the second and Nesterenko again in the third.

Veteran Glenn Hall allowed all seven Detroit goals as he faced most of the 32 Red Wings shots. He was pulled in favour of Dave Dryden at the seven-minute mark of the final frame.

It was more a case of a loose Chicago defence than a poor performance on the part of Hall. Time and again he was left to fend for himself as the Wings attacked from all angles.

Shots on goal by:
 Detroit 13 8 11—32
 Chicago 8 6 7—21

Las Vegas, Nev. Pitchers Sandy Koufax and Don Drysdale are back in uniform, and the Los Angeles Dodgers are 2½-1 favorites to win the National League pennant.

Las Vegas oddsmakers listed the odds Tuesday as: Dodgers 2½-1, San Francisco 3-1, Cincinnati 5-1, Pittsburgh 6-1, Atlanta 8-1, St. Louis 15-1, Chicago 50-1, and Houston and New York 100-1.

In the American League, Bal-

timore and Minnesota are co-favorites at 3-1, New York and Detroit 5-1, Chicago 6-1, Cleveland 8-1, California 20-1, and Boston, Washington and Kansas City 100-1.

ties against the Wings during the regular 70 game schedule.

Abel used the new line of Norm Ullman, Bruce MacGregor and Paul Henderson against Chicago's Stan Mikita, Kenny Wharram and Doug Meeks.

Said Abel: "But we really went out to rough them up from the start. We knew we were taking a chance and it might cost us penalties, but we had to do it."

Billy Reay, the coach of the Chicago Black Hawks, didn't feel the Wings won by their crushing attack. Reay said: "I don't think it was their slugging. They were just flying."

Veteran defenceman Elmer Vasko had the same opinion. He said: "They weren't hitting us that hard, really. It was just one of these games. Everything they did, they did right, and everything we did, we did wrong. But they're no rougher or faster than last year."

Both clubs left for Detroit after the game.

The man who loses his head is usually the last one to miss it.

Northwest Airlines Proposes Fare Cut

Washington - Northwest Airlines proposed cuts of 7 to 8 per cent in trans-Pacific fares Tuesday.

The airline said it would file its proposals with the U.S. and Japanese civil aeronautics boards Thursday. If the two governments approve, the new fares will go into effect May 8. The proposed one-way first

class fare would be \$650 from the U.S. West Coast to Tokyo. This would be \$50 or about 7 per cent cheaper than the current fare. Several economy and group special fares also were proposed.

Northwest, based at Minneapolis-St. Paul, operates 17 flights a week between the United States and the Orient.

Crackdown Cuts Subway Crime In NY

NEW YORK - Operation Crackdown, which put uniformed policemen in every New York subway and train, has cut major nighttime subway crime by 62.5 per cent in its first year, the Transit Authority says.

But the transit police say they are strained by the extra night work, and demand that the 2,722-member force be nearly doubled.

Operation Crackdown was launched one year ago today after a series of brutal subway murders, robberies and assaults.

It was started by then Mayor Robert F. Wagner, who had a policeman assigned to every

train and station from 8 p.m. to 4 a.m.

Because there weren't enough transit police to do the job then, 800 regular city policemen were temporarily assigned to subway duty. The cost was placed at \$1,800,000 a month, counting the off-day overtime required of 1,000 city police.

Since then, the transit police force has been beefed up, most recently by 612 new officers March 15. The authority says Operation Crackdown is so effective it will be continued.

As the first anniversary of Operation Crackdown neared, the authority reported 235 felonies had been committed at night compared to 520 the previous year. Including daytime hours, major crime was down 27.5 per cent.

PEARL IN PRIZE

The world's largest pearl, the Hope Pearl, weighs three ounces and is 4 1/2 inches around.

In Milwaukee, the verdict in Wisconsin's anti-trust battle with baseball as expected to come only hours before the former Milwaukee Braves are scheduled to open in Atlanta tomorrow.

The state of Wisconsin is asking the Braves be ordered to return immediately to Milwaukee unless and until expansion is assured. Baseball attorneys argue that the Braves' alternative to leaving Milwaukee was bankruptcy.

A U.S. circuit judge first set Saturday as the day for the ruling but later said he doesn't expect to finish writing the decision until this evening.

RACING

The deadline for entries in this year's Indianapolis 500 ends at midnight Friday. So far, 48 cars have entered - the latest two being entered today and placed by their owner at the disposal of driver Mario Andretti. Andretti was named rookie of the year at the 500 last year.

The racing stable of the late Lord Astor will be going under the hammer later this month in England. The stable, consisting of 72 horses and worth one and one-half million dollars, is being auctioned off to pay inheritance taxes on Lord As-

tor's estate.

An Australian driver in a car of his own design today scored resounding victory in the International Formula Two Easter Trophy auto race in Goodwood, England.

The Australian, Jack Brabham, won the race in a car powered by a Japanese Honda Engine with an average speed on the 42 laps of almost 103 miles an hour. Second place went to Dennis Hulme of New Zealand in another Brabham-designed Honda.

The two cars went to the front at the start of the 100-mile formula two race and stayed there throughout the race.

BOXING

Ernie Terrell, the man who turned down a recent match against Cassius Clay, says he plans to make an exhibition tour of U.S. ports in Viet Nam. Terrell says he'll make the tour after his next fight with a challenger for his World Boxing Association Heavyweight crown, but he hasn't yet said who that challenger will be.

Where Tax Hits Hardest

Special tabulations in The Financial Post this week put Ottawa's latest income tax changes in painful perspective. They show: 1. The incomes likely to feel the biggest impact of the reduction in last year's tax-allowance are those clustered around \$10,000 level. The Post says this hits hardest at precisely those most valuable to Canada's future - the younger, well-educated, go-ahead workers who have to be encouraged to stay in this country. 2. Up to the \$15,000 income level, the total personal income tax take is slightly smaller in Canada than in the U.S. for comparable dollar salaries. But any apparent monetary advantage to living in Canada, The Financial Post comments, is more than offset by the fact that incomes in the U.S. average one-third higher than in Canada. The \$7,500-a-year Canadian, for example, finds his real counterpart in the \$10,000-a-year American and his take-home pay is \$6,432 as against the American's \$8,098.

SLOW GROWTH

The Fort William Times-Journal makes some interesting observations concerning population statistics, as recently released in the 19th annual Municipal Directory. It has noted that the combined assessed populations for the three Northwestern districts: Thunder Bay, Rainy River and Kenora are exactly FIVE higher than in 1964. This despite a growth of 3,365 for Fort Arthur and Fort William.

The District of Kenora, with an assessed population of 32,251 last year, was DOWN 132 from 1964. The District of Rainy River, on the other hand, showed an increase of 518.

Kenora shows an increase of 90, but Keewatin, down 54 and Jaffray-Melick, down 130, combine to create a net loss of 94 people for this community. Red Lake is down 245 and Sioux Narrows, 31. Dryden shows an increase of 99 while Sioux Lookout and Ignace show modest gains.

A further indication of Kenora's population trend can be gathered from the following summary:

Age Groups	1956	1965
3 and Under	834	703
4 and 5	439	475
6 to 15	1,841	2,420
16 to 19	561	835
20	160	152
21 to 30	1,562	1,321
31 to 40	1,481	1,399
TOTALS	10,821	11,295

The Fort William paper, after its analysis of the population trend, commented: "The total assessed population of the three Northwestern Ontario districts last year hit 183,980. Whatever way you look at it, it is slow growth". For the residents of this district, a much stronger reaction is natural.

Boise Sales Show Increase

SAN FRANCISCO, California — The shareholders of Boise Cascade Corporation in annual meeting at the Fairmont Hotel today voted to amend the company's certificate of incorporation, giving effect to a 2-for-1 split of the company's common stock. Par value of the new stock will be \$2.50 per share.

Boise Cascade's board of directors concurrently declared a quarterly dividend of 6-1/4¢ payable July 25, 1966, to holders of record of the \$2.50 par value common shares on June 21, 1966. This increase in dividends over the previous quarter reflects the board's present intention to increase the annual common dividend rate 25% over 1965. Also announced was a 35¢ dividend on the company's preferred stock, payable August 2, 1966, to holders of preferred stock of record on June 21, 1966.

The stock split amendment authorized the board to issue 15 million shares of common stock having a par value of \$2.50 per share. Common shares of \$5.00 par value outstanding on December 31, 1965, totalled 4,317,511 shares.

The present 14-member board of directors was reelected. In other actions, the shareholders approved an employee stock option purchase plan and an amendment to an employee incentive stock option plan.

In his annual report to shareholders, President Hansberger announced the purchase of a new corrugated container plant in Vienna, Austria, and the immediate construction of another container plant in West Memphis, Arkansas. He also hinted that a substantial expansion of the company's primary pulp-paper manufacturing capability in the Pacific Northwest is scheduled to get under way in the second quarter of this year.

Boise Cascade's 1965 sales were reported at \$420,069,000, up 16% over 1964. Net income was \$17,888,000, up 20%; and earnings per common share were \$3.25, up 25%. The two-hour meeting was attended by about 300 shareholders.
