KENORA, ONTARIO TUESDAY, NOVEMBER 14, 1967

SUGGESTS DAY CARE NURSERY FOR AREA

The Town Council was approached Monday night by Reverend O. J. Larson, pastor of Bethesda Lutheran Church who suggested a project which would involve a Day Care Nursery within the community, the text of Reverend Larson's letter is as follows:

- 1 Some working mothers are paying \$6 or \$7 per day for baby-sitters who often do little more than try to keep the children from injuring themselves. Several mothers have indicated that they would be delighted to have a Nursery with trained staff where there would be creative activity for children throughout the day. Many people believe mothers should stay home and take care of their children but we may as well face the fact that many mothers in our society are going to work and do what we can for those children of working mothers who are being neglected.
- 2 We know that many children are growing up in homes where they are not stimulated to develop their abilities (some in

upper-income families). "Operation Headstart" in the United States has received a lot of publicity. The idea is to work with children before they start school so they won't be "lost", bored, and "forever behind" in school. We are all aware of what the sociologist calls the "poverty cycle" ("problem families" who produce children who grow into more "problem families"). I've called on several families in the district who need help if they are to break the cycle. Mr. Harold Treen estimated that it cost society between \$40 and \$60 per day to keep a person in gaol. It may be necessary to enlarge gaols and increase police forces in light of the present situation but it seems even more necessary to me to invest men and money in preventive therapy by giving "deprived" children an early opportunity to develop their potential. This seems obvious from an economic point of view as well as the humanitarian.

(Continued on Page 7)

Peace Talk Offer Rejected By Hanoi

TOKYO — The North Vietnamese government today rejected president Johnson's offer for peace talks aboard a neutral ship in a neutral sea. And it repeated Communist terms for ending the war in Vietnam.

The rejection was in an article in the Hanoi newspaper, Nhan Dan, an organ of the North Vietnamese Communist Party. The article was broadcast and heard in Tokyo.

Delegation Wants Safety Equipment For Police Car

A delegation representing the Kenora Junior Chamber of Commerce was in attendance at Monday's meeting of the town council to suggest additional equipment which, in their estimation, should be carried with the police cruiser car. They reported that after a check they found several items lacking with the cruiser and suggested that the following be obtained through the town's budget:

1. First aid equipment
2. Fire equipment extinguisher for gas and electrical fires
3. Emergency light
4. Fry bar
5. Porta power
6. Metal panel cutter and hammer
7. Blankets
8. Axes
9. Flares

Mayor Carter suggested to the delegation that the equipment of the cruiser with the safety items would be a very worthwhile project of the Junior Chamber or some organization in the community.

Retarded Ass'n Regional Meeting Held Locally

Recently the Kenora - Keewatin Association for the Mentally Retarded. Some 15 delegates from the various associations in Northwestern Ontario attended the meeting which was held in the Keewatin Legion and catered to by the Ladies Auxiliary.

The Kenora-Keewatin Association for the Mentally Retarded will be holding their regular monthly meeting this evening in Kinvalley School starting at 8:00 p.m. Transportation will be available at 7:45 p.m. and those wishing rides are asked to wait in front of the Northwestern Health Unit. All interested are invited to attend.

WEATHER

Sunny with a few cloudy periods today and Wednesday. Little change in temperature. Winds north in today. Light Wednesday. Low tonight and high on Wednesday at Kenora, Fort Frances and Red Lake 15 and 39 and at Armstrong zero and 25.

BOY FACES MURDER RAP IN EMO FARMER'S DEATH

Keewatin Sea Cadets Attend Saturday Service

A large turnout of Sea Cadets from R.C.S.C.C. "Mis-Pic" paraded with their sponsor Keewatin Royal Canadian Legion on November 11th, following the service held at the Legion Headquarters. The cadets marched smartly behind the veterans to the Cenotaph where wreaths were laid. Prior to dismissal the cadets paraded around Keewatin. For the first time members of the Drum Section were in attendance which added greatly to the smartness of the parade.

EMO — A 15-year-old boy from the Manitow Rapids Indian reserve has been charged with the capital murder of a farmer.

Forty-five-year-old John Wappel was found shot through the head in the small farmhouse where he lived, about four miles west of Emo, midway between Fort Frances and Kenora in Northwestern Ontario.

His body was found by a motorist who had herded the dead man's wandering cattle to the farm.

The police, who charged the youth yesterday, say robbery appears to be the motive for the killing.

They have seized a rifle.

CARD OF THANKS

Words fail to adequately express our deep and sincere thanks to many hundreds of kind folk, most unknown to us, who come to our assistance following the loss of our beloved daughter, Rose Dawn (Susie) in the fire which destroyed our home on August 29th.

While it is impossible to express thanks to individuals or groups, we would like to say how much we did appreciate help from many understanding people at the funeral; Dr. Leckie and General Hospital staff; help from the J.M. and the Kenora Fire Departments; several clubs and organizations who came immediately with donations and practical assistance; numerous stores who provided furniture, and understanding friends who gave so freely of their time in order to be with us.

May we voice a special thanks to Don Beach and Frank Peterson, trustees of the fund for the Miner and News for its help.

From the bottom of our hearts.

—Joy and Glen Grothe and sons Douglas and George

A Favour, Please

Kenora has a wonderful new community centre building, just about ready to open its doors; one of which we can all be proud.

The Miner and News plans to mark this special occasion with a booklet similar to our Centennial Review, last June. But we need your help!

We need photos of all local players who played professional hockey in any league; we need stories and pictures of events which would merit reproduction at this time.

We will carefully keep your contributions for a couple of days, and mail same right back to you.

Many thanks.

Smiles

A man who is a nut about classic automobiles bought a car which runs entirely on electricity. Would you believe he paid \$10,000 for it — \$4,000 for the car and \$6,000 for extension cord?

Late News Bulletins

Commonwealth Secretary George Thomson has told the House of Commons that the British government and the white-minority regime in Rhodesia are farther apart than ever. Thomson was in Salisbury last week for talks with Premier Ian Smith, whose government seized independence two years ago. Thomson said today "I cannot pretend that I feel hopeful of early settlement."

Zambia plans to stop all air traffic with Rhodesia next January 1st. And a Transportation Ministry spokesman in Lusaka says no deal will be made with Rhodesia because there is no legal government there. The route between Lusaka and Salisbury has been the busiest and most profitable in Central Africa, with 19 flights each way every week. Zambian businessmen, who maintain close contacts with Rhodesia are bound to be angered by the decision. The main import route to landlocked Zambia is through Rhodesia.

British Foreign Secretary George Brown says talks will open in Geneva within a few days with the aim of transferring power in the South Arabian Federation. Brown says British officials will negotiate with the National Liberation Front, which has been engaged in a bloody power struggle with the rival front for the liberation of occupied South Yemen. Brown says the Federation of South Arabia will become independent and British forces will be withdrawn by November 30th.

Alcan Aluminum Limited has suggested that a capital gains tax be applied in Canada. The suggestion is contained in a brief to Finance Minister Mitchell Sharp. At present there is no capital gains tax in Canada. The Carter-Royal Commission Report recommended such a tax as one way to achieve what it termed equity in the tax structure. The Alcan. brief says a maximum effective capital gains tax should not exceed 25 per cent. It says the recommendation is based on the view that taxation of capital gains at full income rates would discourage private savings and investment and retard economic growth.

China may be returning to normal life after months of violence brought about by the so-called cultural revolution. This is the view of observers at the Canton Trade Fair the industrial and agricultural showcase of China. The fair was delayed one month to give authorities time to clean up the mess created by Red Guard purges. Now, observers say, the atmosphere in Canton is relatively serene, which suggests the violence of the revolution is changing into a war of words.

President Johnson greeted Japan's Prime Minister Sato in Washington by telling him the destinies of the United States and Japan are closely linked in Asia. Johnson said the objectives of Japan and the United States are basically the same — that is, to achieve peace, especially in Southeast Asia.

Transport Minister Hellyer says his department is preparing long-range plans for the Montreal and Toronto-International Airports. Mr. Hellyer, who spoke in Montreal last night, said the aim will be accommodation of a new giant aircraft that will be put into service in the next few years. He said a new era of aviation is at hand, and it is necessary to redesign airports to meet new needs. Mr. Hellyer said the Transport Department experts are working in consultation with airport authorities around the world, with airlines and with plane manufacturers.

Suggests Day Care Nursery

(Continued from Page 1)

Many Indian and non-Indian, the so-called "culturally deprived" are considered "dumb" when they simply haven't had the

opportunity other youth have had to develop their vocabularies and "gadget-centred" knowledge. These children might be given self-confidence and the ability to progress more rapidly if they were involved in group activity where they could learn pride in their own culture while becoming familiar with a technological society before they start school.

I have been advised by representatives of various agencies that there is a genuine need for a Day-Care Nursery in Kenora, but I don't think we should start one unless we are reasonably sure that it will be of high calibre. There are problems, and some controversy about their merit, but I don't think you can deny that a top quality Day-Care Nursery could benefit a great many children in Kenora.

Any adequate programme will stress the needs of the individual child and his family. Throughout the entire day the child will be cared for by a staff who understand not only the importance of the child's physical health, but also realize that his mental and emotional growth is of vital importance. The routine periods of eating, sleeping and washroom teach self-reliance, while indoor and outdoor play periods stimulate creativity and encourage the art of living together. Just consider the impact that games, music, story times, blocks, puzzles and all the rest could have on some children in stimulating them to develop their talents.

The modern Day Nursery recognizes that the most vital relationships for the small child are those found in his own home. A Day-Care plan is valid only when the nursery care of the child supplements the care by parents, strengthens parent-child relationships, and enables families to build secure homes.

Anxiety, frustration, and conflict,

contribute to insecure, unhappy homes, and seriously affect the ability of parents to cope with the daily care of their children. By enabling a mother to achieve independence and self-respect, by affording the opportunity to resolve financial problems, by supporting positive family goals, the Day-Care Nursery provides a dynamic resource for families who want to help themselves.

To this end the casework service is an integral part of the nursery programme. Admissions are planned on an understanding of family needs and counselling service is offered to strengthen the family unit. In Winnipeg all admissions go through a social worker who continues to work with the family. In Kenora we would have to work closely with existing agencies. Someone has suggested that if we just advertized nursery care there would be so many families responding there wouldn't be room for the children who need it most.

COSTS — Mrs. Brown, who directs the Day Nurseries for the City of Winnipeg, tells us that their average costs are \$5 per day per child. This includes one fully-trained nursery teacher for every eight children, first class facilities and equipment, and a social worker who continues to assist families after youngsters are enrolled.

It is my understanding that the Ontario Government will pay 80% of the costs of a municipally-operated Day Nursery.

Italy's Biblioteca Nazionale Centrale is the equivalent of the United States' Library of Congress and contains more than 3,000,000 volumes.

While most automobiles are traded in for the first time before they are four years old, the average one being scrapped, is 13 years old and has run 120,000 miles.

COMMERCIAL MIXED Bowling News

This week is the start of the Second Quarter and teams will stay in the Sections as posted at the Alleys till the end of the quarter. When the quarter ends the top two teams in Section "B", "C", and "D" will move up one Section while the bottom two teams in Sections "A" and "B", and "C" will move down one section.

McLennicks finished strong to move from 9th to 4th spot in Section "A" and also win the weekly prize with a 1066 scratch single game. Marion Lemoine with Al and Rita McKie posted 200 games Liz and Walt Nicholson bowled over average, Marion had 210, Rita - 257, and Al - 267.

Pinsmashers finished first in "A" section with McTaggart's second and Cliftons third. Newmans Jewellers topped "B" section followed by Ramblers, Tony's and Lakeland Dairy's. "C" Section found Parsonson top with Fireflies, Lake of the Woods Motors and Minnows in close pursuit. "D" section leaders were Acme Cleaners with Alley Cats, Desirables, and Inkspots following.

Rita and Rick had Ladies and Mans high singles last with Rick also having the high single, Rita had 726 and Rick with a high single of 347. Judy Garrison tossed the Ladies high single with a nifty 328 and had 724 for three. Joyce Barber and Marj Spendlow also tossed 700 for three games, Joyce having 706 with 280 her high single and Marj rolled 705 with 267 her best effort. Beryl Degenais also rolled a 300 game, 306 to be exact, but then Beryl only totalled 585 for three.

Some other good scores were, Kathy Henton - 292, Leslie Baudin - 293, Pat Wyder - 267, Betty Sweder - 267 (606), Eleanor Jacobson - 244, Vicki Cathcart 281 (681), June Huban - 234, Jessie Murphy - 212, Pauline Laplante - 297 (607), Dot Nyarady - 233, 233, (644), Ruth Fenlon - 241 (620), Mollie Carlson - 237, Helen Sawchuk - 273 (Helen just arrived in time to bowl one game) Gordon Baillie 224, Grant Kovpak - 242, Ron Mableson - 235, 222, G. Yakimenko - 226, Keith Parson - 233, Gord Orton - 237 (685)

Bud McDowall - 236 (631) Art Beasant - 296, 215 (659), K. McMillan - Bill Lowry - 230 (639), Bob Laewitz - 224, Jean Bartkowiak - 252, Rolfe Nelson - 257 (about time) Bob Lavallee - 282, Carl Franchuk - 262 (666) Joe Sweder - 266 (654).

Don't forget the Tournament Saturday November 25th 1 p.m. in Kenora and November 26th 1 p.m. in Dryden, get your names down on the poster in the alleys Prizes according to entry.

SPORTS BRIEFS

FOOTBALL
 Coach Jerry Williams of the Calgary Stampeders says he wasn't at all surprised that his two biggest stars, quarterback Peter Liske and flanker Terry Evanshen, won Canadian Football League Awards. Liske won as Canada's Outstanding Player and Evanshen took Canadian Player-of-the-Year honours.

Completing an All-Western sweep over eastern opponents was the selection of defensive tackle Ed McQuarters of the Saskatchewan Roughriders as Lineman of the Year.

While the selections brought joy to the Western Football Conference, they rankled coach Ralph Sazio of Hamilton Tiger-Cats. Two of the award winners came at the expense of Hamilton players. Liske won out over Tommy Joe Coffey, the Eastern Football Conference Scoring Champion, and McQuarters was named over Veteran Tiger-Cat lineman, John Barrow. Barrow has won the award only once in five chances.

Evanshen got the nod over Ottawa Rough Riders' talented quarterback Russ Jackson, who took both the Outstanding player and Canadian Player-of-the-Year Awards only once in five chances.

Remarkd Sazio, about the selections: "That's ridiculous. I'm amazed at three Western players being selected. I just can't understand it."

The sports director of CHML in Hamilton, Ontario, has resigned as a Scherley award nominator in protest over this year's selection of outstanding lineman in the Canadian Football League. Perc Allen said the selection of tackle Ed McQuarters of Saskatchewan over John Barrow of the Hamilton Tiger-Cats was completely unjustified.

Allen pointed out in an editorial broadcast that McQuarters was not even chosen as the winner of the Beckett-Demarco Trophy as the outstanding Lineman in the Western Football Conference. That honour went to John Lagrone of the Edmonton Eskimos in a vote of Western Conference players. Allen charged that nominators in the west vote a straight Western ticket almost every year, while Eastern nominators strive to judge with some impartiality.

President Joe Atwell of the Montreal Alouettes has outlined a four-point program to get the Eastern Football Conference Club off to a good start for the 1968 season. Atwell bought out Ted Workman's 42 per cent share of the Alouettes yesterday and now controls 88 per cent of the stock.

One of Atwell's first steps will be the appointment of a fully-qualified general manager to handle administration and promotion. Kay Walton will remain in firm control of player personnel in his position as head coach. Atwell also plans on adding two or three sports-

minded Quebec businessmen as shareholders.

He also plans immediate improvements in stadium facilities, with an eye to leasing Expo '67 now vacant Autostade. His fourth step will be to establish a permanent home for himself in Montreal. He currently divides his time between Hamilton, Ontario; Fort Lauderdale, Florida and Montreal. He has business interests in all three cities.

The ousting of Workman ended his 13-year stay as an executive of the Alouettes. The Alouettes hit their lowest ebb this season on the field when they won only two of 14 regular-season games.

BOXING
 Canadian Heavyweight Boxing Champion George Chuvalo, has had his first fight since last July but it was an unscheduled, out-of-the-ring affair. Chuvalo tangled with another Toronto Heavyweight, Bob (Pretty Boy) Felstein, after an argument yesterday at Toronto's Lansdowne Athletic Club.

The 29-year-old Chuvalo said the trouble started when Felstein entered his dressing room and began pressing him for a fight. Chuvalo said Felstein suggested he be "washed up in the ring" and that's when the fight started. Chuvalo had

been idle since an operation after suffering a serious eye injury against Joe Frazier last July. He began training again just last week.

Chuvalo said he knocked Felstein down in the dressing room before the fight moved into the gym. Other boxers and trainers finally separated the pair. The Canadian Champion said he is still uncertain about resuming his career, although he has been cleared by doctors.

HOCKEY
 Canada's Winnipeg-based National Hockey Team is completely dominating the Western Canada Senior Hockey League. The Nationals have an eleven-point first-place margin and there's nine National players in the top ten positions in scoring. Gary Dineen is out in front in the individual scoring race with 13 points on three goals and ten assists. Tied for second place are Morris Mott and Fran Hick, each with ten points. Hick's eight goals lead the league in that department.

The human body has more than 300 muscles and they compose one-half of the total body weight.

Saccharin is several hundred times sweeter than the conventional varieties of cane or beet sugar.

ning board of the Toronto suburb of Scarborough published in Canadian Automotive Trade. The board estimates that 9,600 cars are scrapped each year in the borough. It is concerned that the situation in New York and Chicago, where more than 20,000 vehicles are abandoned each year on city streets, may spread to metropolitan Toronto, Scarborough controller Karl Malette said that Winnipeg recently decided to start a municipal auto-scrapping scheme. In Toronto, a modern plant might be built by the city and tendered for operation by private enterprise, he thinks.

full advantage of these implications will have to come to think in terms of air freight, getting used to the idea of servicing nationwide and worldwide customers from his central production facilities. Some companies may even find it to their advantage to plan the future location of their manufacturing operations with air freight in mind. This is particularly true in Canada.

Mr. Sharp also said that if medical care insurance, scheduled to be made available to the provinces next year, entails a further federal outlay, new tax levies will be made to meet its cost. He said: "We will not increase borrowing to finance it."

Mr. Sharp did not say in what areas the tax increases will be made. He told MPs that the government plans to hold net cash requirements in the next fiscal year to 750 million dollars — less than half the cash requirement for the current fiscal year ending next March 31st.

Tax Boosts Coming Soon

OTTAWA — Finance Minister Sharp told the Commons today that the government will introduce temporary tax increases later this month.

Mr. Sharp, in a brief statement, said the step is being taken as part of the program to check inflation. He said prices and costs have been increasing at rates which "clearly require some restraint."

Boosting taxes — he said — would be a "better and fairer" means of raising the money, then by increasing government borrowing.

Watch Air Traffic Flow

Sometime between 1980 and 1985, the revenue received by the world's airlines from freight will exceed that from passengers. This, reports Clive Baxter in The Financial Post's feature report on aviation, promises new opportunities for businessmen — and force new ways of thinking on business. The Financial Post writer says businessmen who want to take

Urban Centres Ideal For Scrap Metal Business

Assembly-line automobile disposal plants using the latest equipment should be set up in all urban centres in Canada to cope with old cars, industrial and domestic scrap metal, according to a report from the plan-

IN MEMORIAM

REYNARD—In loving memory of our dear Son and Brother Leonard who passed away November 15, 1958.
There is no parting from those we love,
No distance can divide.
For today in memories garden,
We still walk side by side.
—Ever remembered and sadly missed by Dad, Mom, Brothers and Sisters.

CARD OF THANKS

We wish to express our heartfelt thanks and appreciation to all our friends, neighbors and relatives for their many acts of kindness, beautiful floral tributes, expressions of sympathy, and Mass offerings, received during our recent bereavement in the loss of our beloved husband and father. Special thanks to Rev. J. Kutney, Rev. J. Jalbert, OMI, and Rev. J. Kristalovich of Winnipeg; lectors Mr. J. Kozoris of Winnipeg and Mr. M. Kish of Portage la Prairie, Dr. J. C. Edie, Brown's Funeral Home, the pall-bearers, and the Father Alneau Assembly of the Knights of Columbus.
—Mrs. Eva Melnyk and Family

Around Town

The evening unit U.C.W. St. Andrew's United Church, Keewatin will hold a fall tea in the Church basement on Wednesday, November 15, 1967 at 2:30 p.m. Candy, Home Baking, and Novelty tables.

We are glad to see Mr. Lavergne is back in Kenora resting at St. Joseph's Hospital after being in Winnipeg General Hospital for the last 6 weeks.
—Mrs. Lavergne
32 Mikado

BIRTHS

SPEIRS — Dr. and Mrs. Harvey R. Speirs are pleased to announce the birth of their second child, a daughter, Susan Margaret Robertson weight 7 lb. 10 oz. on November 10 at the Kenora General Hospital, Kenora, Ont.

BROWNING—Mr. and Mrs. G. R. Browning formerly of Kenora announce the birth of a daughter Barla Rae, November 13, 1967 weighing 7 lbs. 14 oz. in the Southpool Hospital, Cooksville, Ont.

hold any article.

MANY NEVER SUSPECT CAUSE OF BACKACHES

May Be Simply - Sluggish Kidney Action
It's a pity to put up with this common backache because you just don't know the cause, and the medication that may help you. You see, if kidneys become sluggish, urinary irritation and bladder discomfort may follow. The result can be an annoying, nagging backache. This is when Dodd's Kidney Pills can help bring relief. Dodd's stimulate kidney action, help relieve the irritated condition that causes the backache. Take Dodd's and see if you don't feel better, rest better. Used successfully by millions for over 70 years. New large size saves money.

WEDDINGS
Mr. and Mrs. Walter Milko of Kenora, wish to announce the forthcoming wedding of their youngest daughter, Carol Marie to Russel Elton Litz of Winnipeg, Manitoba, Friday, December 22 1967 at Notre Dame Church.

The October meeting of the Ride-out Women's Institute was held at the home of Mrs. E. Newman. There were fourteen members and four visitors present.

Mrs. Buiton, Mrs. Newman and Mrs. Roos were presented with gifts for the potato contest. Mrs. H. Stajkowski then called on Miss Gloria Inard who was guest speaker. She gave a very interesting talk on her trip to the United Nations. Mrs. Green reported on the W. I. convention held in Fort Arthur, September 27th and 28th.

The members plan on a rummage sale in the Legion East Room, Saturday, November 18th and anyone having rummage may call 468-6977

or 468-7208. It was announced that Mrs. Pardie will be speaking at the Masonic Hall on November 15th. Her talk subject will be parliamentary procedure and the meeting is open to anyone wishing to attend. The November meeting will be held at the home of Mrs. Dixon. Mrs. Skene, District W. I. President will be in attendance at this meeting.

Former Resident Rev. John Martinson Named Archdeacon

Reverend John Martinson, a former resident of Kenora, Ontario has been appointed a Venerable Archdeacon of the Anglican Church

effective October 26th. The ceremony took place at St. Luke's Church in Winnipeg, Manitoba and he holds the post of Archdeacon of Selkirk.

Reverend Martinson was born in London, England and was ordained into the ministry June 14th, 1951. He served several years in the Arctic and at Churchill, Manitoba.

Married to the former Rena McNabb of Kenora, Reverend Martinson is padre of the Legion at Stonewall, Manitoba and conducted the Remembrance Day Service there. He is a veteran of the Second World War, having served overseas in the Princess Patricia's Canadian Light Infantry.

EARTH FILLED
Each week more than 1,000,000 people are added to the world's population.

FLIED TO THE NORTH of the American slave system expected to Ontario through the United States. Between 1800 and 1855 about 50,000 refugees from the inhumanity of the Railroad.

PET CORNER

Every cat should have a scratching post, for they manufacture their claws by scratching. And, if they can't have a regular place to scratch, they'll practice on your upholstery and rugs. So . . . here's how to make a scratching post for your cat: simply place some catnip under an old piece of carpet, and tack the carpet to an upright board or post about two feet high. Be sure that the base is solid. In fact, that your cat confine all scratching to this post.

HOUSES WANTED

To Give Away — 2 kittens, dark gray and white. Males. Ph. 468-8891.

No charges for Lost, Found, or Homes Wanted

New Bond Issue Offered

OTTAWA — Finance Minister Sharp announced today that the government is offering a yield of 6.35 per cent on a 250-million-dollar issue of non-callable bonds.

The 6-and-one-quarter-per-cent, six-year bonds will be dated December 1st, 1967 and due December 1st, 1973. They are exchangeable on or before December 1st, 1972, into an equal par value of 6-and-one-quarter-per-cent bonds due December 1st, 1984.

The minister said in a statement the issue will be priced at \$99.50 per cent to yield about 6.35 per cent for six years, and about 6.29 per cent for 27 years.

A further 100-million-dollars of 392-day Treasury bills will be offered at competitive tender on November 28th. They will be dated and delivered December 1st, 1967, to mature December 27th, 1968.

Proceeds from the sale will redeem 100 million-dollars in special 303-day treasury bills maturing December 1st, to buy for cancellation

105-million-dollars of government bonds now held by the bank of Canada and due January 15th, 1968, and for general purposes.
The announcement said the cancellation will reduce the outstanding amount of government bonds due January 15th, 1968, to 400-million-dollars.

Launch Drive To Fight T.B.

TORONTO — Forty-seven organizations throughout Ontario have launched a drive for money to fight TB and other respiratory diseases. Yesterday they mailed more than one million 500 thousand Christmas Seal packages.

The president of the Ontario TB Association, Doctor L. W. Sturgeon, says about five million people in Ontario are not protected against tuberculosis.

He says about one thousand 500 cases were discovered last year and the disease is highest in Urban areas.

Conservation Now or Never Says Prince

"Conservation is a case of now or never," stated Prince Philip to over 1000 conservationists and naturalists present at the Annual Meeting of the Canadian Audubon Society.
He said man can choose to destroy his environment through air, water

and land pollution, over population and extermination of wildlife. Or it can work toward the "type of habitat I would want to leave to succeeding generations."

Prince Philip said in his speech the "starving millions" must be fed, but the "total subjugation" of all lands to pesticides and farming equipment will not achieve this.

He said steps must be taken to control the population explosion. He would like to see a stabilized world population necessitating no further demands on land resources.

The dinner, also attended by members of conservation, forestry and parks organizations, was one of the social highlights of the year. Most of those attending wore formal dress, drawing the comment from the Prince, a bird-watcher himself,

"... it's a pity we are not all in bird-watching attire - it would give the fashion writers something to write about."

Prince Philip predicted that his generation would go down in history as having failed to sensibly control its environment.

"If we don't get the answers right now, there won't be a second

chance. I, for one, do not relish the idea of my grandchildren asking me 'What went wrong?'"

Here's A Bright Prospect

Large-diameter oil and gas pipeline business will likely reach record proportions in Canada and the U.S. in 1968, W. L. Daek says in The Financial Post. If all the proposed pipeline projects materialize — and prospects are highly promising — Canadian mills will be invited to bid on about \$100 million of steel fabrication business, The Financial Post understands. It looks as if the recent pipeline construction will tax all the available pipe-mill capacity in this country and the U.S. and if all the pipe deliveries are to be made in 1968, some pipe business will have to be placed among overseas pipe manufacturers as well. The Financial Post reports that the total pipe business available to the Canadian mills will approximate 1,000 miles representing around 400,000 tons.

Christmas Cards

Hands Of Girl Nailed To Tree

WEST PALM BEACH, Florida — Police in West Palm Beach are holding two members of a motorcycle club known as the outlaws. They are accused of nailing the hands of a shapely redhead to a tree for withholding ten dollars from a club member.

Sheriff William Heidtman says the girl, 18-year-old Christine Deese, was taken to hospital by gang members last Friday night.

He says that at first she stuck with a story that she had tripped and fallen on a plank with two nails sticking up. She had a hole through each hand in exactly the same position.

But later, questioned by detectives away from the other motorcycle cyclists, she said she was nailed to a tree by her hands for disobeying orders of the gang.

Heidtman says the 5-foot 8, 135-pound girl suffered no permanent injury.

Eye Man Blasts B.B. Gun Use

Dr. Alfred J. McKenna, director of ophthalmology services at the Montreal Children's Hospital has this to say about BB guns: "These guns have no place as a toy and should be limited to people with a regular gun permit."

Speaking at a meeting of the Canadian Ophthalmological Society he advised parents to keep BB guns away from their children if serious eye injuries were to be avoided. "Nearly all the children who are hit in the eye by one of these weapons have no useful vision afterwards", he said.

He added: "Slingshots, bows and arrows and other projectile-type toys are all causing serious eye injuries today."

Abitibi Wood Delivery Method To Change in '68

TORONTO — The Abitibi Paper Company Limited says its mill in Port Arthur will stop delivering wood to the mill by water in 1968. The company says bark loss into streams and lakes near Thunder Bay on Lake Superior will be eliminated. But the company statement says outgoing discharge from the plant remains a problem.

The statement says: "In most cases large sums of money are required to remove even small quantities of non-toxic wood waste."

Abitibi's pollution control program in Port Arthur has cost \$2,300,000 since 1960.
