KENORA, ONTARIO, FRIDAY, JUNE 25, 1963

Lakewood Student To New York On Pilgrimage

Angela Tew will leave for New York City on July 1st, to take part in the annual United Nations Pilgrimage for Youth, as an observer at U.N. Headquarters.

Angela, Tew, daughter of Mr. and Mrs. Arnold Tew of Kenora, a student at Lakewood High School was chosen by competition sponsored by Lake Woodena Rebekah Lodge No. 123, Kenora and Gold Hill Lodge No. 261, Kenora Oddfellows. She will travel by bus along with Randy Barnard of Keweenaw, sponsored by the Keweenaw Oddfellows and Rebekahs, to Minneapolis. Here they will join the Educational-Bus-Tour, which will visit American historical points of interest on its way to New York City and Niagara Falls on the return trip around July 17th.

While observing at U.N. Headquarters, the student delegates will be made aware of friction between various nations that disturbs the peace of the world, of progress in disarmament and the peaceful use of atomic energy, and of the way in which problems of health, education, employment and industry in underdeveloped countries are being solved.

In addition, representatives of member nations will be interviewed and commissions and committees seen in action. International House, where graduate students from 80 countries live under one roof, will be visited, an evening at Radio City Music Hall, a boat trip around Manhattan Island as guests of New York Odd Fellows and Rebekahs.

A valuable by-product of the Pilgrimage is the fellowship which grows up among the delegates from throughout the United States and

Canada. More than 1,000 young people will be taking part in seven large groups each having a week in New York during the summer of 1968. Since the project began in 1950, a total of 10,938 students have taken part. These students are sent at the expense of the Odd Fellows and Rebekahs.

The students who take part in this project are among the potential leaders of our nation who have not waited until coming of age to concern themselves vitally with the problems and opportunities of the world in which they live.

Darleen Myles Awarded O-M Scholarship

Mr. F. P. Moden, Resident Manager, Kenora Division of The Ontario-Minnesota Pulp and Paper Company Limited, subsidiary of Boise Cascade, announced Wednesday evening at Lakewood Secondary School Graduation Exercises, that Darleen Myles was the 1963 winner of the O-M Merit Scholarship for the Kenora Division.

The Scholarship Program provides annually a four year scholarship in the amount of \$400 each year (\$1,600 maximum) to successful candidates enrolled in University courses leading to a degree and is part of Boise Cascade's programme of encouraging higher education by providing financial assistance to sons and daughters of its employees.

Darleen is the daughter of Mr. and Mrs. H. B. Myles, 405 Rupert Road, Kenora, and has been an outstanding student at Lakewood. Activities in which Darleen has participated, both in and out of school, include Red Cross, Girl Guides, Rifle Club President, Interform Sports, Drama Club, Annual Speech Contest and Yearbook Literary Editor.

Miss Myles has been accepted at Lakehead University where she plans to study for an Honours B.A. in English.

Selection was made by a three man Selection Committee composed of representatives of the two High Schools and the Company.

Mr. Moden, in presenting the award, complimented Darleen and urged her to maintain her scholastic standing and receive the balance of the Scholarship in succeeding years.

Travel Writers Told Of Great River Road

The Midwest Travel Writers' Association, now meeting at the Devil's Gap Lodge in Kenora have been invited to hold their 1963 convention in Winnipeg. Wulf Organ, Director of the Manitoba Tourist Department attended the general meeting of the association in Kenora today and extended the invitation. The bid will be placed before a meeting of the executive for decision.

Al Sherrett, of Kenora, who for many years served as co-pilot of the Great River Road addressed the writers today telling the story of the Parkway which runs from the Gulf of Mexico to terminate at Kenora.

Throughout today the writers have been taken on tours of the town by members of the Kenora District Chamber of Commerce and aerial sightseeing tours of the district.

Colin McDonald, senior government representative for Ontario, who is director of the publicity department of tourism is also attending the meetings.

False Alarm

A false alarm at noon today sent fire trucks, men and equipment dashing to the corner of Ninth Street North and Mascott Avenue.

Kenora Gets Pedestrian Safety Award

Northwestern Division, Ontario Motor League today announced that ninety-three Canadian cities have been honoured by the Canadian Automobile Association for their achievements in the field of Pedestrian Safety.

Fort Frances won a Special Citation in the 5,000 - 10,000 Population category in Northwestern Ontario. Pedestrian Safety Citations have

(Continued On Page 14)

Three Vehicles In One Smash

Three cars received an estimated \$1,000 total damages at noon Thursday when they were involved in a collision. Kenora town police report that cars owned by Ken Reiersen of R.R. 1, Kenora and Thomas Arrasmith of Perryville, Indiana were parked in front of the post office when a third car crashed into the rear of the Arrasmith car pushing it into the first vehicle. Police say that the driver, Virginia Rivers of Kansas City, Missouri, went to apply the emergency brake and hit the gas pedal in error.

Mainly cloudy with scattered showers and risk of thunderstorms today and Saturday. Low tonight and high on Saturday at Kenora, Red Lake and Sioux Lookout 25 and 75. At Fort Frances 20 and 75. In the favourable Lake Region 25 and 75.

Hotelmen Want Draught Beer Kept Tax Exempt

TORONTO — The Hotel Men in Ontario have urged the province to keep draught beer exempt from the sales tax.

The Ontario Hotel and Motel Association calls beer "the working man's drink."

The request was contained in a brief yesterday to the province's special committee studying the Smith Report on taxation.

The tax report recommends that the five-per-cent Provincial sales tax, which does not apply to goods under 21 cents—including a 20-cent glass of draught beer—be extended to all sales over eleven cents.

The Hotel Men in Ontario also asked that beer, wine and liquor be sold to them at special wholesale prices. They said they now must pay the same retail price as the home consumer, plus a six-per-cent tax on beer and ten per cent on liquor.

Committee lawyer Robert Macaulay disputed the Innkeepers' claims that draught beer is the working man's drink. He said: "I think we're getting carried away with emotionalism here."

Meanwhile, the Hotel Association's President has predicted a record tourist year, despite cold, wet weather and the beer strike.

Edward Escat said association members reported last month full

bookings for the season. He said many were from American visitors who passed through Ontario last year on their way to Expo 67 in Montreal.

Fire Bosses Sent To Alberta From Kenora

Transferring fire bosses from province to province when large forest fires occur begins a new trend in the fighting of Canadian forest fires.

In the past, equipment has been transferred to help extinguish fires. This was the case last year when Alberta sent equipment to Ontario. Ontario reciprocated by sending Alberta 10 fire bosses and a fire coordinator from Sudbury, Chapleau, Blind River, Sault Ste. Marie, Kenora, Sioux Lookout and Fort Frances to assist in putting down the recent fires in that province.

Before returning, a discussion was held between Alberta and Ontario forest protection staff over problems encountered as a result of different conditions and fire suppression methods used in the two provinces.

LATE NEWS BULLETINS

The accused assassin of senator Robert Kennedy, Sirhan Bishara Sirhan has been granted three additional weeks to enter a plea. Superior Court Judge Richard Schauer granted the delay in Los Angeles today after Sirhan's Attorney asked for time to study the transcript.

The Judge also appointed a Psychiatrist to examine the 24-year-old Jordanian immigrant. A confidential report of the examination is to be submitted for the use of the Defence. The psychiatrist is doctor George Abe, who replaces Edward Steinbrook, who declined a request to examine the defendant.

Four probable witnesses in the slaying of Doctor Martin Luther King junior cannot be found in Memphis, Tennessee. These are indications they may be in protective custody, but city police director Frank Holloman declines to say. None of the four could be found by newsmen who tried to contact them yesterday in connection with U.S. efforts to gain the return from London of James Earl Ray, charged with killing Doctor King. Among the missing was 46-year-old Charles Quimman Stephens, a key witness in the case who lived in a rooming house from which police say a fatal rifle shot was fired at King.

The brother of the late Martin Luther King has led a 13-block march to City Hall in St. Petersburg, Florida, to help 211 fired garbagemen regain their jobs with a pay hike. The reverend A. D. King led some 30 followers in what King termed "the Battle of St. Petersburg." King met with city manager Lynn Andrews and Mayor Don Jones and he told Jones he and his supporters would launch massive non-violent demonstrations in the city.

A firecracker, an orange and an egg were thrown at the Royal Party when Prince Charles visited Wales today. None of the party was hit. The incident occurred as Police took unprecedented security precautions during a visit by Charles to the government's Welsh office in Cardiff. Welsh nationalists have protested plans to make Charles Prince of Wales next year. Police, meanwhile, sought extremists who are believed to have planted a bomb that blasted a water main pipeline 120 miles north of Cardiff.

Ray Perreault said again today he has given up the post of British Columbia Liberal Party leader. Mr. Perreault was one of the major surprise winners of last Tuesday's general election, scoring a narrow victory over Tommy Douglas, National leader of the New Democratic Party. Published reports said Mr. Perreault would retain the leadership of the B.C. Liberal party until the result of the service vote is known. But today he said during an interview: "I have announced my resignation and that stand, regardless of the outcome of the election." The service vote is expected to be revealed this weekend. Mr. Perreault held a 93-vote margin over Mr. Douglas after Tuesday's balloting.

NO PAPER MONDAY

Monday, July 1st is Dominion Day and there will not be an issue of the Miner and News published that day in order to allow the staff to enjoy the holiday. The office and staff will be closed all day Monday. Regular publication resumes Tuesday, July 2nd.

Canada's Second Heart Transplant Completed Today

MONTREAL — A surgical team at the Montreal Heart Institute successfully transplanted a new heart into the chest of Golan Paris today and it began to function at 11:07 a.m. after a single electrical shock was used.

It was Canada's second heart transplant and the second at the Institute by a team headed by Doctor Pierre Grondin.

The heart came from a 23-year-old Montrealer who died from injuries suffered in a motorcycle ac-

cident Thursday night. The operation on Mr. Paris, a 40-year-old electrical designer and father of five, was to be completed about noon.

County Separate School Boards Can Be Formed

TORONTO — Legislation has been introduced in the Ontario Legislature to allow the creation of County Separate School Boards throughout the province, starting January 1st.

Education Minister William Davis said today the proposed amendments to the Separate Schools Act will complete a basic reorganization of school jurisdictions in the province.

The legislation provides for establishment by government regulation of combined Roman Catholic Separate School zones by uniting existing zones and any new zones set up in future.

Mr. Davis said this will allow for the extension to Separate school students of equality of educational opportunity, offered to Public School students under earlier legislation.

Canadian Travel Bureau Winner Writers' Awards

OTTAWA — The Canadian Government Travel Bureau has won three out of four awards made by

the U.S. Midwest Travel Writers' Association for effective travel promotion.

Plaques will be presented to Dan Wallace, Travel Bureau Director, for the best travel promotion idea of 1967, the most effective travel coverage of an area in the world. This last award was shared with the Florida Development Commission.

The Bureau won two awards from the Association last year, and is the only organization to win more than one award in any year since the Association started them in 1953. The Travel Writers are presently meeting in Kenora.

LADY ANGLERS NOT TO BUY RESIDENT LICENCES

The Ontario Department of Lands and Forests announced today that there would be some changes in proposed legislation governing resident angling licences and higher gun licences which were to become effective January 1st throughout Ontario.

Previously all persons over the age of 19 years of age would be required to buy a \$3.00 annual resident fishing licence. This has now been changed to apply to males only.

Gun licences were to increase from \$1.00 to \$5.00 annually. This has also been changed and now will cost the hunters \$3.00 annually.

Strong protests were raised from many parts of Ontario when the proposed legislation was first announced.

Celebration Planned For Sioux Narrows

The Sioux Narrows Curling Club are having a gala July 1st celebration starting off with childrens' races at 10 a.m. followed by a boat parade at 1 p.m. Then comes boat races at 1:30 p.m. with canoe tilting, canoe races, turtle racing and other events throughout the day. A monster Indian pow wow will be held at 7 p.m. and fireworks at 9:30. The day's activities wind up with a dance starting at 9 with music supplied by Verna Maki's orchestra.

Domansky Named Track Coach At Lakehead

Don Domansky has been named Track Coach at Lakehead University. A 1968 graduate of UCLA, Domansky will also be employed as a Systems Analyst in the Computer Centre at the University.

He has proven his leadership ability as Captain of both the UCLA track team and the Canadian Pan American team which competed in Winnipeg last summer. He is part of the 440 yard relay team which holds the world record of 39.6 seconds set in 1967. He also holds the Canadian open record in the 440 yard and 400 metre events, the 440 yard relay, the mile relay, and the 1600 metre relay. While competing at UCLA he set the school records in the 400 metre run and helped to break the one mile and 440 yard relay records. Don received medals from the British Commonwealth games in Jamaica and from the 1967 Pan American games.

A chance to compete in the 1988 Mexico Olympics and the opportunity to compete in the 1972 Olympics are foremost in Don's mind and he is presently training daily for the trials.

George Birger, Athletic Director at Lakehead University was asked to comment on the new track coach and how he would fit into the athletic program. "Track and Field News", considered the foremost track and field magazine in North America, said Mr. Birger, "rates Don Domansky fourth in the World in the 400 metre event. Lakehead University, and the Lakehead, are fortunate to have Don Domansky returning home and bringing with him a wealth of experience and ability." Continued Coach Birger, "There is no doubt in my mind that Don will not only prove to be a real leader for track and field at the Lakehead but will make the Lakehead University track team a strength in United States and Canadian competition."

SPORTS BRIEFS

TENNIS

Russia's Alexander Metreveli has scored a major upset in the third round of the Wimbledon Open Tennis Tournament by defeating veteran Pancho Gonzales of the United States. The scores were 4-6, 6-4, 6-3, 7-5.

Australian Professional Roy Emerson eliminated Alex Olmedo of the U.S., 7-5, 6-1, 6-1. The match started as though it would be close but Emerson suddenly found the touch and ran Olmedo off the court. Australian pro and top seed, Rod Laver, moved into the fourth round by defeating Marty Riessen, 6-4, 3-6, 7-5, 6-3. Riessen is the fifth-ranked U.S. amateur.

FOOTBALL

Last season's Eastern Football Conference rookie sensation, Margene Adkins, is having contract problems with the Ottawa Rough Riders. The talented offensive end is skipping daily workouts while contract negotiations continue. Adkins has hired a lawyer to argue his case.

General Manager Red O'Quinn said he is optimistic about the out-

come of the talks because he feels Adkins wants to play in Ottawa. Adkins signed a five-year contract with the Rough Riders last season. But he now claims the pact is illegal since he was a minor of 20 years of age when he signed it. Says O'Quinn: "He's got some over-inflated ideas of how much he is

worth to the club."

Defensive back Neil Desautels has advised the British Columbia Lions that he has retired and will not rejoin the Western Football Conference Club for his ninth season. Head coach Jim Champion said he received the retirement de-

Letter To The Editor

Kenora, Ontario
June 24, 1960

I would like to comment on the statement of the High School Board defending their position on the contentious issue of the budgetary increase relating to that Board. Capital expenditures can be maintained at an average level, therefore, this should not be the main area of concern as it results in a negligible increase in the mill rate over a period of years.

The principal cause of this continual and considerable annual increase in the High School requirements is obviously the operating budget of which more than 60% is made up of teachers' salaries.

The statement made by the Chairman fails to point out that the Board has absolutely no power to reduce teachers' requests for salary increases because of the simple fact that the Teachers' Federation, which has Province-wide powers in its dealings with municipalities, simply sets its new wage schedule before each municipality and the Board members, whoever they happen to be, soon realize after one or two meetings with the representatives of the local Teachers' Association, that any attempt to reduce teachers' demands, because they may seem excessive, results in an exercise in futility.

The Teachers' Association obviously points out to the Board that if their demands are not met they would be very angry, but could not prevent their member teachers from leaving for greener fields in neighbouring or distant municipalities. They probably also utilize the dubious argument that their salaries should be such that they retain an undiminished incentive to keep up to date in teaching methods and knowledge.

If we have the best possible teachers, you would think that two of their inherent attributes would be the insatiable curiosity to learn new methods and a never-ending desire to acquire more knowledge regardless of the monetary rewards.

Could this situation not lead to excessive demands of one segment of society on another, namely the teachers on the taxpayers, particularly if the former body was controlled by a group of individuals, who had a minimal sense of responsibility to the overall population. This responsibility could be overshadowed by selfish desires or the egotistical belief that a teacher should be classified as a professional and as such is entitled to the same monetary returns as a professional in private industry.

However, these people are working for the taxpayer and, therefore, their salaries should be more closely related to the average income of the taxpayers. When their incomes can rise to nearly twice and in some cases, three times the average, I feel that it is time for a thorough investigation by the Provincial Government to determine if it would be feasible to establish a Provincial Authority to bargain with all teachers across Ontario. This could result in a hold the line policy on teachers' salaries. I understand that this method has been adopted in Quebec.

Do the Boards of Education in Ontario hold annual meetings to discuss mutual problems and if so, has this possibility been given any

consideration? It should be given high priority in the near future if not immediately.

I cannot understand why the senior governments continue to look for new sources of revenue when they should be introducing legislation to establish some form of con-

tribution on the big business of education, which is supposed to benefit society, not place such an onerous financial burden upon it.

The Board's reply, if one is forthcoming, should be interesting to the readers.

Continued.

Emo Resident Killed Thursday

Darlene Brown, about 14, Manitou Reserve, Emo, Ont., was killed instantly this morning when the car in which she was a passenger rolled over on Hwy. 11 about six miles east of International Falls, Minnesota. The accident occurred at about 8 a.m.

Driver of the car, David Good, 24, International Falls, was given

emergency treatment for a fractured lower left leg.

Identification of the victim was made by an aunt, Mrs. Helen Neume, Emo, and a cousin, Mrs. Reuben White, Island View Rr. The whereabouts of her parents, Mr. and Mrs. Harry Brown, is unknown.

According to the sheriff's office, the vehicle, a 1961 Rambler, was travelling west when it got off onto the highway shoulder. Good lost control and the car rolled some 100 feet, coming to rest in the middle of the highway.

Both Good and Miss Brown were thrown from the car. The driver was found near the wreckage and the victim's body was lying in a ditch about 110 feet from where the car came to rest.

TO ALL OUR CUSTOMERS

To enable us to provide you with the best possible service during our current labour problems, may we make the following suggestions:

LONG DISTANCE CALLING:

1. Have area code and number available before placing call.
2. Avoid calling person to person if possible.
3. Avoid calling during busy hours (8 P.M. - 10 P.M.)
4. Calls from Pay Station handled faster if called collect.

Meat prices to be steady or higher

OTTAWA — Steady to higher prices are expected for most meat products during July but seasonally increasing supplies will mean lower prices for most fruits and vegetables, says the economic branch of the federal Agriculture Department.

Details of the July food outlook—Pork: Prices will remain firm due to strong demand; Eggs: Steady to higher prices are expected; Chicken: Broiler chicken prices will continue strong because of seasonally increased demand and lower supplies; Turkey: Broiler, supplies are lower than a year ago and prices will be strong and slightly higher.

Potatoes: Early supplies of new potatoes will increase prices; Fruits and vegetables: Seasonally low prices are expected to result from increasing supplies of leafy greens, berries and soft tree fruits such as cherries and apricots.

20,000 to be fed

JAKARTA — The U.S. relief organization CARE will provide free food for more than 20,000 Indonesian school children under an agreement signed here.

How Good Is Reputation?

Only as good as its foundation. And that is good purpose built on Service and desire to please. We'd like to serve you — and our fine selection of Used Cars awaits your inspection. Terms to make your purchase easy. A price to delight you. We'd like to show you these fine values — NOW!

There is a kind of man who tries.

You have seen him. He limps a little when it's damp. Everything he does, he gives it the full shot. 100 per cent. My friend, there is a whisky like that. The full shot. Gold Stripe.

It will put 100 per cent full, laughing taste in your mouth with every sip. And quietly leave. Without biting. If you're not afraid of a little honest taste, maybe you should try Gold Stripe. And get the full shot.

Sports Briefs

(Continued from Page 2)

clinton from the 28-year-old Beau-
mont in a letter. Beaumont was the
top rookie in the Western Confer-
ence with the Lions in 1966. Last
season he had an excellent punting
average of 40.1 yards.

BASEBALL

New York Mets' relief pitcher
Don Taylor seldom fails to do the
job when his team calls on him.
The veteran Canadian picked up
his sixth save of the season last
night as the Mets edged the Hous-
ton Astros 3-1.

Taylor, a former Astro, came on
in the eighth to rescue New York
starter Don Cardwell and preserve
the victory. The Astros had a run
in and two on when Taylor forced
pinch hitter Dick Simpson to pop
out and end the inning. Then in the
ninth the Toronto leftlander retired
the Astros in order to snap their
four-game winning streak.

The Astros placed Taylor on their
Oklahoma City farm club roster
in the Pacific Coast League in 1966
because they were worried about
his ailing back. But the Mets took
a chance by purchasing him at the
end of the 1966 season. And he has
paid healthy dividends. Taylor led
the Mets in appearances with 50
and saves with five in 1967. Now
he has bettered that save mark
with the 1968 season not half over.

A flurry of player transactions in
Major League Baseball has brought
the Boston Red Sox lefthanded
pitcher Juan Pizarro from the Pit-
sburgh Pirates. The Pirates filled
Pizarro's spot on the roster by buy-
ing lefty Bill Henry from San Fran-
cisco.

Meanwhile, the Chicago Cubs had
a busy day. They swapped outfield-
er Lou Johnson to Cleveland Indi-
ans for outfielder-pitcher Willie
Smith, and added catcher Gene
Oliver from Boston. The Cubs also
called up pitcher Bill Stoneman
from Tacoma of the Pacific Coast
League and sent pitcher Chuck Har-
tenstein and first baseman John
Boccabella to Tacoma.

The New York Yankees, looking
for bullpen help, purchased veter-
an Thad Tillotson from Syracuse of
the International League.

HARNESS RACING

The experts have been calling
Nevele Pride the greatest trotter
in harness racing. And the three-
year-old is justifying such lavish
praise. Nevele Pride coasted to his
12th straight victory last night in
the 166-thousand-dollar Dexter Cup
Trot in Westbury, New York. The
1967 harness horse-of-the-year trot-
ted home in a record time of two
minutes, two and two-fifths sec-
onds. He earned over 83 thousand
dollars to boost his career bankroll
to almost 330 thousand dollars for
co-owners Nevele Acres and Louis
Remick of Ellenville, New York.

Driver Stanley Dancer said there
is no telling how much the horse
can win if he stays sound. Dancer
says Nevele Pride is entered in
races worth 960 thousand dollars
this season. The Dexter was the
first of the trotting big five, which
also includes the Yonkers Futu-
rity, the Hambletonian, the Colonial
and the Kentucky Futurity.

YACHTING

A 52-foot yawl owned by Ted Hood
has apparently won the Newport,
Rhode Island to Bermuda Yacht
Race. The exact order of finish,
determined on elapsed time, handi-
cap and corrected time for the 635-
mile course, won't be known for
some time. But it appeared certain
that Hood's craft, Robin, had claim-
ed the Bermuda Trophy. Hood pil-
oted his Class C Robin across the
finish line in three days, 20 hours,
14 minutes and three seconds. His
corrected time was three days, six
hours, four minutes and 19 seconds.
Hood is a noted sailmaker from
Marblehead, Massachusetts.

TRADE UP

Trade statistics show Norway im-
ported about \$150,000 worth of con-
sumer goods in the first quarter
of 1968—up 14 per cent from 1967.
