The Kenora District Camp Owners yesterday returned their president, Otto Olson, to office for another term, at the close of a busy day of meetings. In the evening the Association's annual fall dinner and dance drew the largest attendance in many years. Four of the head table guests are seen in this M&N photo: Doug Wilson, president of NOTO; President Otto Olson; Ald. Wally Gustafson and Leo Bernier, M.P.P.

## Camp Owners End Season With Dinner and Dance

Camp Operators from all parts of the district welcomed an unusually large number of guests to their annual Fall Dinner and Dance last night, in a pleasing function held in the ballroom of the Kenricia Hotel. President - Otto Olson, who had earlier in the day been re-elected for the second term of office, welcomed the many visitors and paid tribute to the work of his associates of the past year. He wished a speedy recovery for

Percy Woods, Secretary-Manager, who is making excellent progress in hospital.

Sharing the spotlight were Mr. Leo Bernier, M.P.P., Alderman W. Gustafson and Mr. Doug Wilson, president of NOTO. The district's Provincial Member - praised the continuing efforts of the Association, noting the excellence of their monthly publication which is read with interest in Queen's Park each month. He termed the Kenora Ass-

ociation the leading force in the industry in the Province, and urged members to continue their fine work.

Alderman Gustafson brought greeting from the Twon and its citizens, noting that Council is most appreciative of the part which the Association continues to play in support of our second largest industry. He wished members continued success.

Mr. Wilson reminded his listeners of the forthcoming meeting of the Northern Ontario Outfitters Association, which meets here Dec. 1, 2, 3, and 4th. The speaker said that over 300 registered delegates are expected; that the Kenricia and a second hotel are booked solid; two others are booked substantially and late registrations may yet fill the, too.

As president he is looking forward to a "busy and big week" just ahead.

A film entitled, "Sainte Marie Among the Hurons" brought the formal part of the evening to a close. An enjoyable dance followed.

## NATO Meeting Issues Warning

The 15 nations of the North Atlantic Alliance have warned Russia that any further aggression in Europe or the Mediterranean would provoke an international crisis of grave consequences. The warning came in a communique which ended a two-day meeting of the NATO council in Brussels.

The Communique said members of NATO urgently invite the Soviet Union - in the interest of world peace - to refrain from using force and intervening in the affairs of other states which are resolved to safeguard their freedom and independence. The Communique said the members of NATO cannot remain indifferent to any developments which would endanger security.

## WITNESS SAYS ACCUSED COMFORTED DYING WIFE

A witness at a murder trial at Kenora said Friday afternoon that the accused man, Chris Brotherstone had been deeply concerned over the condition of his mortally injured wife Cathy after she had suffered a gunshot wound early on the morning of June 12th.

Testifying at the trial was Peter Darechuk, a chef at the remote fishing and hunting lodge owned by Brotherstone at North Spirit Lake which is located 120 air miles of Red Lake in Northwestern Ontario.

Darechuk said that following a late dinner June 11th he had been busily engaged doing numerous chores about the lodge. He said he had consumed some beer and then retired for the night. He was subsequently invited by the accused to visit his quarters where he found a party in progress. Witness said he had enjoyed a drink with a group of people who included the accused and his wife, two other employees of the lodge, an airplane pilot, and an American guest. Following a brief sing-song, witness said he and his wife went back

to their room and to bed.

Darechuk told the court that he was awakened abruptly by what sounded like a gunshot and heard someone shout "Pete". He continued "I came downstairs and saw Cathy lying on the steps outside. She was suffering. I helped her into the lodge". He said the accused man had helped him lift the woman onto a couch and Brotherstone shouted for someone to bring blankets to cover her. The pilot went to get his plane ready for a night flight into Red Lake.

The accused man, said witness was on his hands and knees beside his wife and was crying, and was heard to say "I shot my wife accidentally. It was never meant to happen." Then to his wife he added "I'll get you to town and everything will be all right"

## WORLD'S LARGEST SPACE SHIP IS LAUNCHED BY SOVIET UNION TODAY

MOSCOW-- The Soviet Union has launched Proton Four, described in official Moscow announcement as the world's largest unmanned spaceship.

The announcement said a booster rocket put a payload of 17 tons into earth orbit. Of this, 12 and one half tons is unspecified scientific equipment.

The announcement said Proton Four will continue studies of cosmic rays "and their interaction with nuclei of atoms."

The Moscow statement said all scientific equipment is operating normally, and ground centers are processing the incoming information.

The Soviet Proton Space series used a powerful carrier rocket. Western scientist have said this rocket could be used for Russia's announced program of assembling --while in earth orbit-- manned spacecraft for -

trips to the moon and other planets.

But the announcement on Proton-Four makes no mention of any other mission than that of studying cosmic rays and electrons.

The announcement did say the huge spacecraft is in an earth orbit ranging from 305 miles to 158 and four tenths miles above the earth. It is circling the earth every 91-plus minutes.

The launchings of previous Protons-Craft had indicated that the Soviet Union then had the world's most powerful rockets.

Proton-One, launched in July of 1965, lifted a payload of 12 and two tenths tons. The same weight was put into orbit by Proton - Two later that year. And Proton-Three, launched on July 6th, 1966, carried a 14 ton payload.

## Letter To The Editor

Dear Mr. Editor:

Reference the Canadian Press report from Prince George, B.C. that dental health surveys show a 60 percent reduction in tooth decay and halving of dentist bills.

It is reported that 7 year olds in 1956 had a dental decay rate of 2.5, while in 1968 it was reduced to 0.80, which is a reduction of 56%. However, in Victoria with natural water; a similar reduction of 56% was experienced by 7 year olds. In 1956 the decay rate in Victoria was 2.6 and in 1968 it was 0.90. In Vancouver also with natural water, the 7 year old decay rate in 1956 was 2.8 and in 1968 it was 1.1, which is also a 56% reduction. These figures are from the B.C. Government Dental Health surveys and obviously indicate the improvement is due to better health and not to fluoridation. This completely explodes the fallacy that the addition of Sodium Fluorides to the public water supply reduces dental decay.

What fluoridation does is postpone the onset of decay two or three years as shown in the figures for Brantford, Ont. where 7 year olds in 1945 had a decay rate of 1.66 while in 1955 it was 0.55. This appears to be a sixty percent reduction until it is realized that 9 year olds in 1955 had a decay rate of 1.71, similar to the 7 year olds in

1945, so showing that the onset of decay had been merely postponed. This effect soon wears off until adults all have on the average, similar decay rates, the proof being that the number of dentists in Brantford, percentage-wise, is similar to the number in Victoria and Vancouver and not about one third as would be the case if adults had a sixty percent reduction in tooth decay.

This Association hopes you will give publicity to this letter so the public can be correctly informed. Yours truly, H. S. Thullier, Chairman, Public Relations Committee, Greater Victoria Individual Right Association, Victoria, B.C.

All I can add to this Mr. Editor is a well known little saying by Shakespeare - Truth will come to light.

Respectfully submitted and signed: Diana Căcutt.

## Legion Auxiliary Name Officers

The monthly meeting of the Ladies' Auxiliary to the Canadian Legion Br. 12, was held in the East Room of the Legion Building with 46 members present. The meeting opened with the colors and O Canada. Minutes of the last General and executive meetings were read. Mrs. Vivian Alcock was initiated into the Auxiliary. Our regular Xmas

donation was sent to the Legion Xmas Tree in Winnipeg for Vets. Our Legion Ladies will be catering to a supper for Senior Citizens in December.

Reports of committees followed. Sick and Welfare made 49 hospital visits from Oct. until Nov. with comforts given. Our over 70 members were given a lovely supper and at this event Mrs. George received her 25 year pin. and Mrs. G. Peacock was presented with her Past President's Badge. Mrs. Cox reported a very successful Remembrance Day Tea and thanked all who helped in any way. Also a very good Rummage sale was held with a good turnout for same.

The draw was held at our Tea and prizes were as follows: \$25 - Allen Peterson; \$15 - Mrs. M. Watson; \$10 Barbara Dugay. Anyone knowing of anyone in the services overseas, please let Mrs. D. McGuffin know immediately so a parcel may be sent for Xmas. Intermission followed and the Travelling Prize was won by Olga Anderson. Our next meeting will be our Xmas Party and all members are reminded to bring a gift to exchange at the value of \$1.00.

Mrs. Edith Kearney carried out the election of officers for us with her usual good humor. Our slate of officers for 1969 are as follows:

President - Mrs. E. Ballantyne. 1st Vice - Mrs. B. Schneider. 2nd Vice - Mrs. A. Cairns. Treasurer - Mrs. V. Mathieson. Warden - Mrs. E. Farrell.

Membership - Miss D. Alcock. Sick and Welfare - Mrs. L. Alcock. Social Convenor - Mrs. K. Lynch. Catering - Mrs. Ethel Brewster. Ways and Means - Mrs. R. Cox. Publicity - Mrs. S. Farrell. Pinecrest - Mrs. E. Stevens. Entertainment - Mrs. Y. Wheeler.

Our able scruteneers were: Mrs. L. Whiting and Mrs. B. Bunn. Installations will take place in December. Being no further business the meeting closed with retiring of colors and The Queen.

## New Pressures On The Franc

The world's top bankers have assembled in Basel, Switzerland, to discuss the growing monetary crisis. As they met, anxiety about the French Franc spread to the United States dollar and the British Pound.

Speculators in Europe rushed to get rid of Francs, dollars and pounds yesterday - switching to gold commodities, and the West German Mark, which is rated as the safest of all paper money.

Financial commentators in London say the market activity was the most fevered since the pound sterling was devalued one year ago.

In Paris, President De Gaulle called his Premier and Finance Minister to the Elysee Palace today for talks on the Franc. But a spokesman said no decision came

out of the meeting. European money markets were closed today. But in Tokyo, some foreign exchange banks had to turn down orders for West German Marks. Francs and British Pounds were being sold.

## Search Continues

The United States Coast Guard has resumed the search for 25 men who abandoned the crippled Norwegian tanker Etnafell in the North Atlantic. The men left the tanker October 31st after a fire.

Another Norwegian tanker, the Takara, reported sighting red and white flares last night in the general area where the men left the tanker.

The public is invited.

## Thief Picks House Where Jackie Stays

Turville Heath, England-Police say thieves broke into an English country home where Mrs. Aristotile Onassis is staying and made off with jewelry worth 12 thousand dollars.

The theft took place late last night, one day after the former Jacqueline Kennedy arrived at the Turville Heath home of her sister, Princess Lee Radziwill.

Police said they had no immediate word on whether any of the stolen gems belonged to Mrs. Onassis whose husband also is staying at the mansion some 35 miles from London.

Scores of detectives swarmed over the mansion in a search for possible clues to the thieves.

Mrs. Onassis used to have a U.S. Secret Service guard as the widow of a president. But this was discontinued after she married Onassis.

## Alert System Found Faulty

Allied Military officials in Brussels acknowledged privately today that NATO's alert system was found to be faulty and largely ineffective after the Warsaw Pact Invasion of Czechoslovakia.

As a result, orders have been issued by the Supreme Commander of the Allied Powers in Europe, General Lyman Lemnitzer, for the reorganization of the alert procedures of the Atlantic alliance.

The report from Brussels says this process now is under way.

One informant says "In one way the Soviets, by their invasion, did us in NATO something of a favour... they enabled us to discover holes in our alert procedures."

## Zond Six Back Sunday

The Director of the Jodrell Bank Observatory in Britain, Sir Ber-

nard Lovell, said today the unmanned Soviet Space craft Zond Six is heading back to earth after orbiting the moon. Sir Bernard said Zond Six is following almost exactly the same path as Zond Five. He said the craft is expected to reach the earth tomorrow

about midday. He added: "It could then be brought down into the Indian Ocean, but the Russians' intentions are not known."

Zond Five, which circled the moon, landed in the Indian Ocean and was recovered by a Soviet Ship.

hung on the wall of the main lodge along with a second rifle, a bow and arrow and some stuffed animals as part of a display.

Darechuk said the injured woman was loaded on the aircraft by himself, the accused and some other members of the camp staff. After the aircraft had left for Red Lake with accused and wife the witness said he had gone back to the lodge, seen the gun on the floor, picked it up and hung it back on the wall

## Witness Says Accused...

(Continued from Page 1)

counsel Harry Walsh, Q.C., witness said he had no knowledge of any arguments prior to the incident and that things had been going good at the camp. He told of being with Brotherstone in Winnipeg when a house had been purchased "for Cathy"

Witness identified a high-powered rifle as belonging to him and said all the ammunition that he knew about for the weapon was accounted for. The accused, he added, had never used the gun which

### Little Known Facts

The healthier you are, the more likely you are to be gloomy in the morning, says the Reader's Digest. People who rise with the lark and sing like a bird, are likely to flake out during the morning, have a gloomy afternoon and drop off over TV at night. Fit people are so subdued by sleep that they need a little time to come back to normal. In good sleep your temp-

# Mustang Statistics Amaze Even Their Staunchest Fans

When the Lakewood Mustangs opened their '68 training camp way back on August 26th, coaches Pietz, Fair and Schmidee were faced with somewhat of a rebuilding programme. Many of the old faces were gone and a lot of spots had to be filled. The coaches drew on the versatility of the veteran returnees and combined this with some good rookie talent to again mold another championship team. The season of hard work and sweat was again culminated in the Mustang's second straight NWSSA title.

In ten games this season Lakewood suffered only one defeat, but the two biggest wins of the season were the recent 35-3 whipping of Westgate in the Thunder Bay final and the 12-9 triumph over Manitoba champion Churchill Bulldogs. The Mustangs produced 233 points in their ten games while only giving up 90.

Fullback Marcel Dubroy topped rushers as he rambled for 828 yds. and 8 majors in 154 carries. Halfback Gerry Shaw, just 28 yards behind Dubroy, averaged 7.3 yards per carry. Calder and Pykerman were third and fourth top rushers. Quarterback Dave Brett, in his finest season from the pivot, unleashed 12 touchdown strikes and had a 61.8 per cent completion average. Flanker Dunc Calder was the top receiver, cradling 24 passes for 401 yards. Shaw's 22 receptions and end Bob Stout's 7 proved good for 453 yards. Shaw was the big man on punt returns, accumulating 580 yards and 3 touchdowns in 32 attempts.

Essery's 4 interceptions for 80 yards and 1 major led the club in that category. Calder's five and Whitt's four fumble recoveries also topped the club. In the point scoring department Shaw easily led the parade with 110 points followed by Dubroy's 48 and Calder's 46.

Coach Fair's tough defence gave up an average of 3.1 yards per rushing play during the season. Penalties, 105 yards worth seemed to be the Mustang's downfall all year.

## Dart News

At the Kenora Legion Thursday, November 7th, Moose picked up 9 points, Kenora 8 points and Keewatin, 7 points. Doubles - Julie Leduc - twice, Hermine Savage (Moose), Jackie Clark - twice, Dianne Forsythe (Keewatin), Helen Rose, Winnie Ouellette, Audrey Toth (Kenora). High Scores: Muriel Joseph 124 (Keewatin) Audrey Toth 120 (Kenora) and Polly McLeod 110 (Keewatin). -Good Scores: Audrey St. Germaine 98 and 95 (Kenora).

Germaine 98 and 95 (Keewatin), Winnie Ouellette 95 (Kenora), Hermine Savage 94 (Moose). - Helen Rose 93 (Kenora).

At the Moose Lodge Thursday November 14th, Kenora and Keewatin and Moose, each picked up 8 points.

Doubles: Olive Derouin, Cora Dowsell and Bunty Simineau - (Moose), Polly McLeod - twice, and Phyllis Snine (Keewatin). Audrey Toth - twice - and Joice Chivier (Kenora).

High Scores: Winnie Ouellette 120 (Kenora) Phyllis Snine 120 Keewatin, Doris Johnson 108 (Kenora), Mary Forbes 101 (Keewatin) and Audrey Toth 100 (Kenora).

Good Scores: Joice Chivier 97 (Kenora) Marg Gagnon (Moose) and Muriel Joseph 91 (Keewatin) -Darts will be at Keewatin Legion next Thursday.

**LEAGUE STANDINGS**  
Kenora Legion 55 points  
Keewatin Legion 51 points  
Moose Lodge 40 points.

## Sports Briefs

A symbolic ground-breaking ceremony was held Thursday at Montreal's Jarry Park, the home field for the Montreal Expos of Baseball's National League. However, the setting was hardly conducive to baseball thoughts. Workmen had to break through a foot-deep crust of snow to

be held in 1969. An official of the group sponsoring the Tourney says increased costs was the reason for the temporary discontinuance. The event was held this year at the upper Montclair Country Club in Clifton, New Jersey. The Tournament, which had raised its purse to 150 thousand dollars this year, provided the first 100 thousand dollar purse in 1962. Bob Murphy won 30 thousand dollars as the winner of the 1968 tournament.

"Too much" of any food ingredient can become harmful under certain circumstances. For example, just plain overeating can have nasty consequences. Too liberal use of salt, vinegar, spices and other condiments can be a health hazard. The answer is to stay within - safe limits - says the Department of National Health and Welfare.

## LATE NEWS BULLETINS

STUDENT PROTEST STRIKES ARE REPORTED IN PRAGUE AND IN CENTRAL MORAVIA TODAY AS CZECHOSLOVAKIA'S COMMUNIST CENTRAL COMMITTEE MEETS IN PRAGUE CASTLE INSIDE THE CASTLE THERE IS A POWER STRUGGLE IN PROGRESS. IT INVOLVES THE LIBERAL, REFORM-MINDED COMMUNISTS LED BY PARTY LEADER ALEXANDER DUBCEK, AND PRO-SOVIET, OLD-GUARD PARTY MEMBERS OPPOSED TO REFORMS. STUDENT LEADERS SAID ARMED FORCES IN THE STREETS WOULD MAKE OUTDOOR DEMONSTRATIONS SUICIDAL. SO THE STRIKES ARE TAKING PLACE INDOORS—IN UNIVERSITIES AND FACTORIES. THE STUDENT LEADERS PLAN FURTHER SEPARATE SIT-INS—ONE FOR TOMORROW TO PROTEST THE GOVERNMENT BAN ON DEMONSTRATIONS, AND ANOTHER LATER IF THE CENTRAL COMMITTEE'S DECISIONS ARE UNFAVORABLE.

THE POLISH COMMUNIST CONGRESS IN WARSAW REACHED A CLIMAX TODAY WITH THE RE-ELECTION OF SYLADYSLAW GOMULKA AS LEADER. EARLY THIS YEAR, A POWER STRUGGLE WITHIN THE POLISH PARTY AND PRESSURE FROM YOUNGER COMMUNISTS SEEKING CHANGES, HAD PUT GOMULKA'S POLITICAL FUTURE IN DOUBT. GOMULKA IS BELIEVED TO HAVE STRENGTHENED HIS POSITION WITH SOVIET SUPPORT AFTER STAUNCHLY BACKING THE INVASION OF CZECHOSLOVAKIA. THE WARSAW MEETING CONFIRMED THE POLITICAL DEMISE OF FOREIGN MINISTER ADAM RAPACKI, WHO WAS WITHDRAWN FROM THE INNER CIRCLE OF LEADERSHIP AFTER A COMBINATION OF HEART TROUBLE AND APPARENT DISAGREEMENT OVER POLICY. HE WAS NOT RETURNED AS A MEMBER OF THE POLITBURO.

THE MAIN ISSUE REMAINS UNRESOLVED TODAY FOLLOWING TALKS BETWEEN BRITAIN AND RHODESIA ABOUT THE FORMER COLONY'S INDEPENDENCE. RHODESIA PRIME MINISTER IAN SMITH HAS ADAMANTLY OPPOSED ANY EXTERNAL GUARANTEE FOR EVENTUAL AFRICAN RULE AFTER INDEPENDENCE. AFTER THE TALKS BROKE UP TODAY, SMITH AND THOMSON ISSUED A JOINT STATEMENT SAYING THAT SOME PROGRESS HAS BEEN MADE. BUT THE STATEMENT SAID A FUNDAMENTAL DISAGREEMENT REMAINS ON SEVERAL MAJOR QUESTIONS OF PRINCIPLE. THOMSON IS TO REPORT TO THE BRITISH CABINET BEFORE ANY DECISION IS MADE ON FURTHER NEGOTIATIONS.

ABOUT FIFTY PEOPLE WERE KILLED TODAY AND ONE HUNDRED INJURED WHEN A SPEEDING PASSENGER TRAIN WAS INVOLVED IN A HEAD-ON COLLISION ABOUT THREE HUNDRED MILES NORTHWEST OF CALCUTTA, IN INDIA. REPORTS REACHING CALCUTTA SAID MANY MORE BODIES WERE STILL TO BE RECOVERED FROM THE WRECKAGE.

FRENCH PRESIDENT CHARLES DE GAULLE MET TODAY WITH HIS PREMIER AND FINANCE MINISTER FOR APPARENT TALKS ON HIS NATION'S PRESENT MONETARY SITUATION. HEAVY SALES OF FRENCH FRANCS HAVE DROPPED THE FRANC TO ITS LOWEST VALUE IN RECENT TRADING.

### TENDERS

Tenders are invited for the provision of transportation services for approximately twenty-five (25) adult students from Whitefish Bay Indian Reserve to Father Moss School, Sioux Narrows, Ontario, a distance of approximately 11 miles one way, each school day for the period December 3, 1968 to approximately April 15, 1969. Tender forms may be obtained by writing or phoning 468-8040, Mr. P. C. Clarkin, District School Superintendent, Indian Education Services, Box 30, Kenora, Ontario. Tenders will be received up to 2:00 p.m. Friday, November 29th, 1968. Please mark your envelope "Tender for Transportation". The lowest or any tender need not necessarily be accepted.

### WELFARE

Did you know that the Canada Assistance Plan supports a wide variety of welfare institutions for needy persons? The plan provides for federal sharing in the cost of such institutions as homes for the aged, nursing homes, homes for unmarried mothers, hostels for transients and child care institutions.

Did you know that the Canada Assistance Plan provides federal sharing for the first time in the costs of mothers' allowances—that is, programs providing aid to needy mothers and their dependent children. The Plan also extends federal sharing to cover costs of maintaining children in the care of child welfare authorities.

## FACTS FAVOUR FLUORIDATION

In 1874 the use of fluorides was recommended because they give "hardness and lasting quality to the enamel of the teeth and so protect against decay". In 1937 the United States Public Health Service reported studies showing that when the water supply contained fluorides very much less tooth decay occurred. Since then many more large scale studies have shown the truth of these findings time and again. In 1945 some cities in the United States, as well as Brantford, Ontario first began supplementing the fluoride content in their water supplies. In hundreds of communities which have started fluoridation, the amount of children's tooth decay has been reduced to the same low levels as in the communities with sufficient fluorides already in the water. Children born since the water supply has been fluoridated have as little tooth decay as children

of the same age in municipalities which have had naturally fluoridated water for years. The cost of fluoridation even in small communities is negligible. The saving to any family, by reduced dental bills for two thirds fewer fillings, is very great indeed. The cost of fluoridation works out to about ten cents per person per year.

In Canada, more than six million people in more than 380 communities including large centers such as Halifax, Laval, Ottawa, Toronto, Hamilton, London, Winnipeg, Saskatoon and Edmonton, are now enjoying the benefits of fluoridation. Controlled fluoridation is now used by over sixty million people in the United States. "The administration of remedies" is the definition of medication. Fluoridation is for the prevention of dental decay and is not a remedy. Across Canada today, people fully approve of chlorination and pasteurization as necessary measures to prevent other forms of disease. Hundreds of cities with fluoridated water can prove that there is absolutely no change in the taste or odor of the water

supply because of fluoridation. Kenora's present water supplies contain 2 p.p.m. natural fluorides. The addition of 8 p.p.m. is required to bring the level to a recommended one part per million gallons of water.

## From Around The World

Talks between Britain and Rhodesia over the African country's independence broke up today still deadlocked over the main issue. A final session brought no significant change in Rhodesia's attitude toward British proposals for a settlement. A statement issued by the Rhodesian government after today's session says some progress has been made on a number of British proposals but fundamental disagreements remain on several issues. The talks ended today with a settlement no closer than when discussions started 12 days ago. The big issue still to be settled is Britain's demand for guarantees that Rhodesia's black African majority

will be allowed to advance toward eventual rule.

A controversial right wing British politician Enoch Powell, today urged the British Government if not the result will be, in Powell's words, the "haunting tragedy of the United States." Powell told the annual conference of the London Rotary Club the need for large scale repatriation is urgent. After a similar speech in Birmingham seven months ago, Powell was fired as Defence Spokesman for Britain's opposition Conservative party.

The Soviet communist party newspaper Pravda had more comments today on the deadlock in Paris Peace talks. It says it's difficult to believe that the U.S. cannot persuade the Saigon Government to attend the expanded sessions. The newspaper suggests that Saigon's display of independence is being staged at the prompting of what Pravda terms "Most aggressive U.S. Circles."

The crew of the U.S. Apollo-Eight has a news conference scheduled for this morning at the space center in Houston,

Texas. The U.S. Space Agency has not released any topic for discussion at the conference. The Apollo astronauts will spend Christmas Eve and part of Christmas Day orbiting the moon.

## Muskies To Host St. James

The Kenora Muskies host the defending MJHL Champion St. James Canadians at the Recreation Center tonight starting at 8 p.m. The Muskies will be striving to solidify their hold on third place in the North Division of the MJHL, while the Canadians will be fighting for sole possession of second place in the South Division.

Coach Terry Bicknell has engendered new life into his charges who anticipate tonight's contest with a keen sense of determination.

Manager Marcel Bouvier looks for the Muskies to repeat as victors. The Muskies defeated the Canadians 3-2 in their first encounter at the St. James Civic Center in Winnipeg earlier this season.

**CURLING STAMP ANNOUNCED**

A 6¢ Sports Series Stamp providing recognition for curling - the Roaring Game, will be released by the Canada Post Office on the 15th January 1969. Postmaster General Eric Kierans - announced today.  
The new issue, horizontal in format and having dimensions of

40 mm x 24 mm., will mark the debut of David Eales, a young native of Toronto, Ontario, as a designer of Canadian Stamps. Mr. Eales attended Oakwood Collegiate in Toronto prior to spending three years at Central Technical School of Art in the same city studying for his chosen vocation. He currently is employed in a commercial art studio in Toronto.

The first woman rider granted jockey privileges, Kathy Kusner, currently is sidelined with a broken leg. She suffered the injury at the National Horse Show in

New York. Miss Kusner is licensed in Maryland.

**Early Start Seen  
For Peace Talks**

Brussels-- Americans attending Atlantic Alliance talks in Brussels forecast today an early start of full-scale Vietnam Peace talks in Paris, with the Saigon government taking part.

They said the likelihood in that each of the four parties to the conference will have its own views about its individual status and that of the other participants.

This problem of status has been at the heart of the objections raised by South-Vietnam's President Thieu to attending the Paris Conference. Thieu boycotted the talks after the U.S. and North Vietnam had arranged that both the Saigon authorities and the leaders of the National Liberation Front - Viet Cong Political Arm-- should enter the parley.

Saigon refuses to accord even implied recognition to the NLF which is bidding for power in South Vietnam.

The U.S. officials said the temporary problem of Saigon's objections soon will be settled and the conference will begin in Paris before too long. But they declined to offer a definition of what "before too long" might mean.

**Sports Briefs**

A 25 year old divorced mother, Penny Ann Early, has become the second woman granted jockey privileges at a major United States track. She has been given a temporary jockey license by the Kentucky State racing commission. The Temporary license will permit Miss Early to ride two races before her license application receives final action. She says she hopes to ride soon.

## THE KENORA JU

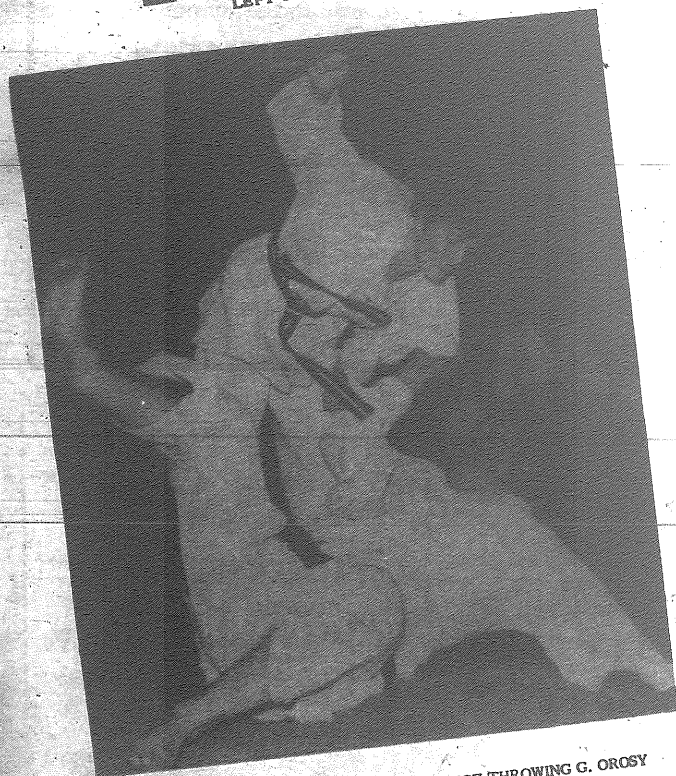

A beehive of activity greets the visitor to the Kenora Judo Club. Guests are surprised to see students of all ages, male and female taking part in the art of Judo ... bodies being thrown through the air, landing soundly on special mats.

Most physical activities have some beneficial effect on our make-up in one way or another, but Judo has special claims of its own. It should be taught more generally as a preparation to healthy adult behaviour. Just as an academic course is necessary before entry into a university, so should a Judo course be necessary for any physical activity. This is not merely an emotional expression of faith.

Students take the art of Judo for a variety of reasons. Let us examine the reasons that lead people to take Judo.

- (1) An awareness of insufficient mental and physical co-ordination. People feel that if they could use themselves in a more harmonious way, more satisfactory results could be expected from their exertions.
- (2) A desire to equip oneself with a view to self defence.
- (3) An awareness of inadequate physical strength.
- (4) A fascination by the spectacular prowess of Judo.
- (5) Want of an interesting pastime or physical recreation: On the whole, we may say that the majority of people take up Judo either deliberately, or without conscious realization, searching to further their development and to harmonize their relations with their environment.

The Kenora Judo Club has a class of thirty ladies. Instruction is given by Barbara Wojtowicz, 1st kyu (brown belt). Barbara has studied Judo for over seven years. She attends grade twelve at the Lakewood High School. Her hobbies are gym, sewing, hunting and the outdoors. Sister Sharon and brother Edward, 2nd Kyu,

## DO-KAI STORY

are also members of the Kenora Judo Club and are very active in the club.

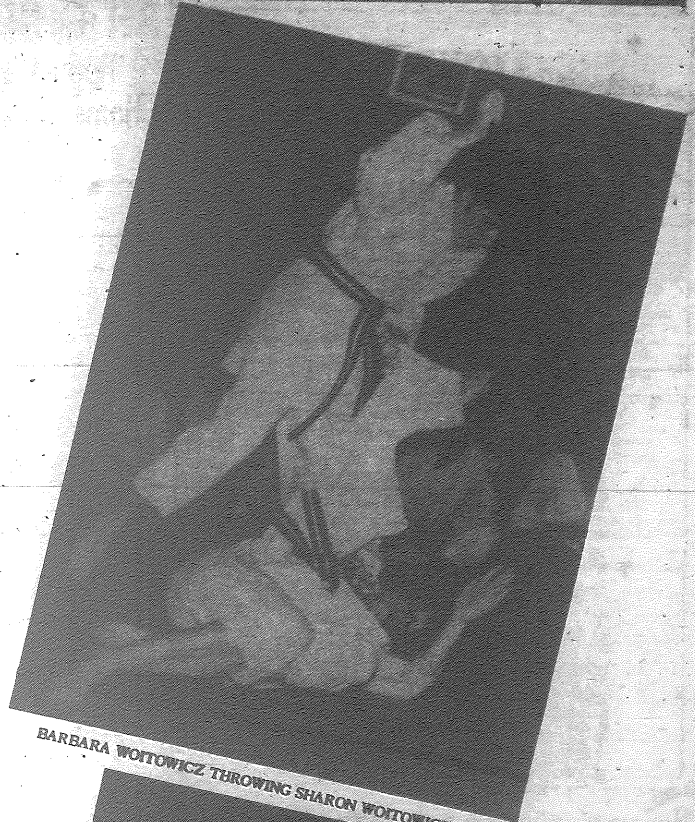

The midget group are under the instruction of Ray Lavergne, 1st Kyu. Ray is married with a young daughter. He is an employee of Mando in the paper machine division. His hobbies are music, guitar, weight lifting and hunting. Ray has won many championships and honours for the Kenora club, winning competitions in Saskatchewan, Manitoba and Northwestern Ontario. Ray recently won the Mid-west Canadian championship and the sportsmanship trophy.

Senior group instructor is William Scott Jr. 1st Kyu. Bill is married and has a handsome young son. Bill has studied Judo for over ten years and a top contender in Judo, with great speed and ability. Bill's hobbies are photography and old cars. He is an employee of Mando in the Mechanics division.

Senior instructor and founder of the Kenora Judo Club is George Orosy, black belt degree. George is a corporal with the Ontario Provincial Police. He is married with four children - two of which are active Judo members. George is active in marine, snow machines, bush search unit and a qualified Scuba instructor.

There are many families taking part in Judo - Barbara, Sharon and Edward Woitowicz, Mrs. Ruth Golchesky, son David and daughter Darlene, Brett, Grant and Glenda Beaucage, Judy, Scott and George Orosy. There are a great deal many other families with two members taking part in Judo. There are students like Victor Edlund, 2nd Kyu that have won many competitions in the West and Ontario.

The Kenora Judo Club is located off Robertson Road. If you have ever wanted to take part in this exciting and fascinating sport, why wait ... join now. At present the Midget class - 10 years to 14 years is filled, however we still take registrations. Midget is 7 p.m. to 8 p.m. Senior 8 p.m. to 9 p.m. every Monday and Wednesdays. Ladies 7:30 p.m. to 8:30 p.m. Tuesday and Thursday.

**Hall-Dennis  
Report Backs  
Home And School**

"Enlist the voluntary help of Home and School and Parent-Teacher Associations and other members of the community for school and out-of-school activities," this Report advises in its recommendations.

The Report, published last May is the culmination of three years of work by twenty four leaders from a cross section of society commissioned as a Provincial Committee on Aims and Objectives of Education in the Schools of Ontario, by the Lieutenant Governor, June 10th, 1965. Members of the Committee investigated educational practices in all provinces of Canada, sixteen states in the United States and fourteen other countries. Their now famous report, embodying the 258 recommendations, may revolutionize educational practices not only in Ontario, but all across Canada.

Other recommendations parallel the aims of Home and School. OBJECT #4 OF HOME AND SCHOOL:

"To foster co-operation between parents and teachers in the training and guidance of children and youth both during and after the school period".

Hall-Dennis Report states "A school must be sensitive to the nature, needs and desires of the community. There are parents' associations in which the principal and teachers can participate, and thus add another dimension to their understanding of the children".

OBJECT #5 OF HOME AND SCHOOL:

"To obtain the best for each child according to his physical, mental, social and spiritual needs"

The Hall-Dennis report states "Emphasis upon the needs and interests of the individual child is the very essence of this Report."

OBJECT #6 OF HOME AND SCHOOL:

"To give parents an understanding of the school and its work and to assist in interpreting the school in all its aspects to the public."

Recommendation #216 of the Report states: "Permit the establishment of a parents' school committee in each school district, the purpose of which would be to assist the school staff in interpreting the school to the community."

OBJECT #7 OF HOME AND SCHOOL:

"To confer and co-operate with organizations other than schools which concern themselves with the youth in the community."

Recommendation #213 of the Report states: "Effect a liaison with all other educational agencies which will result in a more complete service for community education".

OBJECT #8 OF HOME AND SCHOOL:

"To foster high ideals of citizenship and patriotism; and promote through educational means international goodwill and peace."

The Hall-Dennis Report subscribed to Article 26 of the Universal Declaration of Human Rights of the United Nations which says in part "Education shall promote understanding, tolerance, and friendship among all nations, racial and religious groups, and shall further the activities of the United Nations for the maintenance of peace".

Education in the future will require a greater involvement, a greater partnership between the home and school, between the community and the school, the Report states.

MAIN STREET**R****ABOUT SHINGLES  
(HERPES ZOSTER)**

Shingles is a virus infection attacking the nerves. Usually it is a "one sided" disease, since nerves branching out of the spinal cord spread out on each side. It is characterized by a vesicular eruption and severe neuralgic pains arising in the affected nerve root ganglia.

Shingles are more frequent in males and while it may happen to anyone, it is more common after 50. After about the fifth day the eruptions usually dry up and scab. A painful neuralgia may last for years. Diagnosis is difficult in the pre-eruptive stage. A physician is needed.

YOU OR YOUR DOCTOR CAN PHONE US when you need a delivery. We will deliver promptly without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.

## RESERVE RETRAINING HAS ENROLMENT OF 97

Ontario Manpower Retraining classes on Indian Reservation in the Kenora area re-opened for the season November 12. Enrolments on opening day were: Grassy Narrows, 33; Sioux Narrows, 23. Practically all of the classes offered on Indian Reservations are in basic upgrading, most of the pupils this year being in

grades 7 to 10. In addition to the classes on Indian Reservations the Ontario Manpower Retraining Program also has 66 pupils attending full time night classes at Beaver Brae.

Staff Employed on the Indian Reservations are: Grassy Narrows, Mr. and Mrs. George Epp; Shoal Lake, Mr. Peter Mann; White Dog, Mrs. L. Burton, Mr. Doyle and Miss Linda Strand; Sioux Narrows, Mr. John Wilson and Mr. H. Tew. At Beaver Brae the following persons are employed: Mr. Allan Holliday, Mr. Vernon Walsh, Mrs. Mary Campbell, Mrs. Dora Kollisnik, Mr. John Goertzen, Mr. C. Sprague, Mr. D. Herman, Mr. Jim Stevens and Mr. C. Degagne.

For the first time, grades 11 and 12 are being offered at Beaver Brae. Twelve pupils taking either full time or part time

Grade 11 or 12 are enrolled in these courses. This is a significant service to the community for adults who need higher educational standing in order to qualify for better positions. These Grade 11 and 12 classes also serve as a step in gaining entry into Community College Classes offered by Confederation College. Beaver Brae also has 16 students taking full time Commercial courses.

New students can be admitted to any of the Beaver Brae classes at one-month intervals and it is expected that the total enrolment in the system will approximate 200 by the end of the year.

Because of the wide disparity in the basic achievements of adults, teachers on this program make use of the very latest method of instruction. Wherever possible, individual instruction rather than class instruction is the order of the day.

Of the 165 students enrolled, 128 are referrals by Canada Manpower. Canada Manpower selects students for this program with

extreme care, some of the students have their tuition paid by Canada Manpower and some, in addition, receive a subsistence allowance.

Only students who are serious and who have established vocational goals can find a place in the program.

He won her with soft soap; now he's washing the dishes.

### DEPARTMENT OF TRANSPORT WINNIPEG

## TENDERS

SEALED TENDERS, addressed to the undersigned and marked "Tender for Interior Decorating" will be received up to 3:00 p.m. Winnipeg Time - November 22, 1968, for the interior decorating (painting) of five staff dwellings at Kenora Airport, Kenora, Ont. Plans, specifications and related documents may be obtained on application to the undersigned, 605 Winnipeg General Post Office Building, 256 Graham Avenue, Winnipeg 1, Manitoba.
