KENORA, ONTARIO, THURSDAY, NOVEMBER 21st, 1968

LATE NEWS BULLETINS

DRASTIC STEPS HAVE BEEN TAKEN BY THE WEST GERMAN FEDERAL BANK TO HALT THE INFLUX OF SPECULATIVE CURRENCY INTO THE COUNTRY. THE CENTRAL BANKING COUNCIL HAS DECIDED TO RAISE THE RESERVE REQUIREMENT FOR ALL INCOMING CURRENCY IN WEST GERMANY FROM NINE AND THREE QUARTERS PERCENT TO ONE HUNDRED PERCENT, STARTING SATURDAY. THIS MEANS THAT ANY BANK ACCEPTING FOREIGN CURRENCY FOR EXCHANGE MUST TURN THAT CURRENCY OVER TO THE FEDERAL BANK AND IN ADDITION, PUT UP THE SAME AMOUNT IN GERMAN MARKS. THE MOVE IS EXPECTED TO CAUSE THE BANKS TO CURB BUYING FROM SPECULATORS, AS IT WOULD INVOLVE FREEZING LARGE AMOUNTS OF THEIR OWN RESERVES.

MILITANT STUDENTS AT SIMON FRASER UNIVERSITY IN BURNABY, B.C. CONTINUED TO OCCUPY THE ADMINISTRATION BUILDING TODAY AFTER THEY HAD CHAIN-LOCKED THE DOORS AND COVERED THE WINDOWS WITH PAPER YESTERDAY. THE PROTESTING STUDENTS, LED BY REPRESENTATIVES OF THE STUDENTS FOR A DEMOCRATIC UNIVERSITY, OCCUPIED THE BUILDING AFTER FAILING TO PUT ACROSS THEIR VIEWS AT A MEETING OF THE UNIVERSITY SENATE. IT WAS ESTIMATED THAT BETWEEN ONE HUNDRED AND ONE HUNDRED AND FIFTY STUDENTS WERE IN THE BUILDING. THE STUDENT DEMANDS FOR CHANGES IN THE ADMISSION SYSTEM AND MORE MONEY FOR EDUCATION FINANCING, WERE TURNED DOWN BY THE SENATE YESTERDAY. HOWEVER, THE SENATE DID APPROVE MOTIONS FOR A COMPREHENSIVE REVIEW OF THE ADMISSION POLICIES AND THE ESTABLISHMENT OF AN ADMISSION APPEALS COMMITTEE.

A CONFRONTATION CONTINUES BETWEEN STUDENTS AND ADMINISTRATION AT THE UNIVERSITY OF OTTAWA. ABOUT 200 STUDENTS ARE REPORTED OCCUPYING THE SOCIAL FACULTY QUARTERS TO BACK DEMANDS FOR GREATER STUDENT PARTICIPATION ON DEPARTMENTAL COMMITTEES AND COUNCILS. CLASSES HAVE BEEN DISRUPTED YESTERDAY AND TODAY.

A STUDENT PROTEST OVER LOCKER SPACE WENT INTO THE FOURTH DAY AS THREE HUNDRED AND FIFTY HIGH SCHOOL STUDENTS AT BAIE COMEAU, QUEBEC, STAYED AWAY FROM THEIR CLASSES AGAIN TODAY. THE STUDENTS PARADED THROUGH THE STREETS OF BAIE COMEAU ON THE NORTH SHORE OF THE GULF OF ST. LAWRENCE IN AN ATTEMPT TO DRAW ADULT ATTENTION TO THEIR PROTESTS. THE STUDENTS CLAIM THERE ARE NOT ENOUGH LOCKERS IN WHICH TO STORE THEIR BELONGINGS. AN OFFICIAL OF THE SCHOOL BOARD SAID ADDITIONAL LOCKERS HAVE BEEN ORDERED BUT THERE HAS BEEN A DELAY IN THE SHIPMENT. HE SAID THE LOCKERS SHOULD ARRIVE AT THE SCHOOL BY MONDAY.

THERE HAS BEEN ANOTHER FLORE-UP OF TROUBLE IN THE NEW YORK CITY SCHOOL SYSTEM, WHICH REOPENED THIS WEEK AFTER TEN WEEKS OF CRISIS. DEMONSTRATORS BARRED EIGHT TEACHERS FOR A TIME FROM A SCHOOL IN THE LOCAL DISTRICT AT THE CORE OF THE EARLIER DISPUTE. BUT LATER, THE TEACHERS ENTERED THE BUILDING UNDER POLICE ESCORT. THE SAFE RETURN OF THE TEACHERS TO THE SCHOOL IN THE OCEAL HILL - BROWNSVILLE DISTRICT HAD BEEN A KEY FACTOR IN THE AGREEMENT THAT ENDED A TEACHERS STRIKE EARLIER THIS WEEK. AND WHEN THEY WERE BARRED TODAY, UNION PRESIDENT ALBERT SHANKER SAID IT COULD LEAD TO ANOTHER STRIKE.

DESKS WERE OVERTURNED, FILES SCATTERED AND WINDOWS SMASHED TODAY AS NEGRO STUDENTS DEMONSTRATED AT OSHKOSH STATE UNIVERSITY IN WISCONSIN. POLICE RESTORED ORDER BY MID-MORNING. THERE'S NO IMMEDIATE WORD ON WHAT THE STUDENTS WERE DEMANDING. BUT A LIST PRESENTED SOME WEEKS AGO INCLUDED A DEMAND FOR A BLACK STUDENTS UNION.

Kel Winkler In Running

Six nominees qualified to contest the three vacant seats on the Kenora Town Council for two year term. In a report of the qualifications which appeared in Wednesday's issue of the Miner and News the name of Kelvin Winkler was inadvertently omitted. Those in the running are Alderman Walter Gustafson, Kelvin Winkler, Stanley G. Clark, Harry J. Luby, Lachlan Marcino, George A. Lemay and R. D. Prefontaine.

Sunny this afternoon becoming cloudy with occasional snowflurries tonight and Friday. Colder on Friday. Winds Northwest 20 to 25. Low tonight and high Friday at Atikokan, Armstrong and the Lakehead 25 and 30.

- Smiles -

Maybe the old-time Indians weren't so bad after all. As one chief said, "Indian scalp enemies! White man skin friends."

ERNIE NEWMAN POINTS TO HOLE SMASHED IN BRICK WALL BY BURGLARS WHO ATTEMPTED TO GAIN ENTRY TO THE STORE VAULT.

Jeweller Fights Off Men During Robbery Attempt

Two men have been arrested at Dryden for questioning in connection with a break-in at Newman's Jewellers, Main Street Kenora, Wednesday evening.

Store owner Ernie Newman dropped into his place of business at 10.10 following a curling game and caught the pair red-handed as they worked feverishly in an attempt to get into the vault after having dislodged a wall of bricks, leaving a hole about three feet square. Mr. Newman grappled with the men who made a dash for a stairway which led to the basement and a back door. They were followed closely by the jeweller who again accosted them as they fumbled with a bolt on a rear door which goes out into the back lane behind the municipal offices. Grasping one of the men by the sweater, Mr. Newman received kicks to the ribs and had his eye-glasses knocked to the floor.

Apparently the pair had a car nearby and made a fast get-away. Newman said "I had been at the curling rink and was offered a ride home by Jim Johnson who drove me down to the store where I had intended on turning out the lights. You can imagine my surprise when I walked in to catch the intruders. When they dashed for the doorway to the stairs I was close on their heels,

and as one chap worked at the door, the other kept kicking at me to ward me off. I lost my glasses in the scuffle but am none the worse for the experience except I have some sore ribs today. Jim Johnson was sitting outside in his car and had no idea of what was going on inside of my store but I guess he wondered what

Kinsmen Announce Plans For Santa Parade Dec. 7

The Kenora Kinsmen Club voted on its current year's projects at this week's meeting. Those accepted included the purchase of a new and larger sailboat for the junior sailing program in Kenora and the improvement of Swings and Playground facilities for use by children at Coney Island. It was agreed that feasibility studies be commenced in two other recreational areas. George Lockhart reported the Santa Clause parade would take

place in downtown Kenora and Keewatin December 7, 1968, at 2.00 p.m. Movies will also be provided for the children on the following Sunday afternoon. Other meeting highlights included the introduction of guests; Ken Shewchuk, Mario Camarotto and Rollie Chanecot and introduction of new members: Bill Swan, Bob Syrnky, Dave Roberts, Dave Henling, John Davies and George MacMillan. The 500 Club winner for the month of November was the staff at Pitt's Store.

Two Die When Train And School Bus Collide

Peterborough, Ontario—Two high school students are dead and 36 others injured or shaken up, following a collision today between a school bus and a train at a level crossing near Peterborough Ontario.

Authorities at St. Joseph's Hospital in Peterborough identified the dead girls as 13 year old Shirley Cunningham and 18 year old Shelly Riel, both of R.R.2 Peterborough.

The hospital said student Linda Middleton is in an intensive care unit but gave no further details of her condition.

Thirty-five other students were taken to Peterborough hospitals and 28 of them admitted for treatment of injuries ranging from a broken leg to back and shoulder injuries to cuts and bruises.

Police said the train, a seven car CNR freight — was travelling at about 35 miles an hour on its way between Peterborough and Lindsay. It carried the bus about a thousand feet westward along the track. The train crew was uninjured.

Bus driver Clem Riley of Peterborough, shaken but uninjured, said he heard nothing before the collision. He said, "I didn't see the train until it was almost on top of me."

After picking up two students 100 yards away from the crossing he had started up the grade to the crossing. He said: "At this time of year you have to take a run at it because the road is so slippery if there was a whistle I didn't hear it because the kids were making so much noise."

A woman who lives near the tracks said she heard nothing extraordinary except for a long blast on the train whistle.

Minnie Barnard Redditt Resident Called To Rest

Minnie Barnard, a long time Redditt resident and a resident of Pinecrest since June 13th, 1967 passed away at the Lake of the Woods District Hospital Wednesday morning, November 20th, 1968.

Born at Madelia, Minnesota, October 19th, 1886 she was 82 years of age. She was predeceased by her husband George Barnard in 1955.

Surviving are four sons, Roy and Calvin of Redditt, George of Atikokan and James of Barwick, Ontario.

Six daughters Mrs. Sam (Ruth) Nordstrom of Kenora, Mrs. Oscar (Myrtle) Brown of Kenora, Mrs. Al (Minnie) Fisk of Redditt, Mrs. Flossie Fisk of Kenora, Mrs. John (Florence) Speaker of Post Frances and Mrs. Grace Ricker of Atikokan, Ontario. There are 56 grandchildren and 100 great grandchildren; also seven great great grandchildren.

She came to this country in 1911

Jeweller Fights Off ...

(Continued from page one)

was keeping me so long. Soon as I realized I couldn't hold the men I went back upstairs and telephoned the police."

Apparently the two men involved had made a study of the area and had gone up the stairs which leads to the municipal council chambers and to the office of the mayor and the mining recorder. They forced entry into the mining recorder's office and chopped a hole through the wooden floor and dropped through into the jewellery store. They also had checked the basement and had their escape route planned, unbolting all the bolts with the exception of one. They had knocked the dial from the vault and endeavoured to get the hinges off but apparently were foiled in this attempt and went around to the rear of the vault and attacked the brick wall. The wall had been drilled in one other spot as well.

Harry Bell, mining recorder, said that he was notified of the break-in shortly after the incident had occurred. He went to his office and found some desk drawers had been opened. A small amount of silver coins and stamps had been ignored. Mr. Bell commented "everything was left quite orderly in our offices"

Sports Briefs

IN BOXING

An injury to the left hand of Canadian heavyweight champion George Chuvalo of Toronto has resulted in the postponement of his December 6th bout against Buster Mathis of the U.S. Chuvalo suffered the injury yesterday during a sparring session with Dick Wiperman of Buffalo, New York. The fight, scheduled for New York's Madison Square Garden, was subsequently moved back until February 3rd. Chuvalo was due to leave Toronto today to set up training camp for the Mathis fight.

HOCKEY

The addition of inexperienced rookies on defence was expected to be an early-season handicap for the Toronto Maple Leafs. But the Leafs are presently riding the crest of four wins and two ties in their last six National Hockey League games. The spurt has lifted the Toronto team into third place in the tightly-bunched Eastern division, just three points behind the leading New York Rangers.

Letter To The Editor

To the Editor:
I would like to use a small space in your paper to ask a question in regard to fluoridation. The Dr. in addressing Council, claims the small amount of fluoride which would be put in the drinking water couldn't harm either young or old, now how could that small amount help a child who maybe drinks one or two glasses of water a day. Many mothers tell me that by the time their children drink the advised amount of milk and the odd bottled drink, they use very little water, so therefore, the only way to regulate the dosage would be via tablets. That way no child would get too much fluoride from drinking large quantities of water, and would be less expensive to provide free tablets than to buy machinery and material to fluoridate the water, of which 99 per cent goes down the drain, and at the same time, enforce it on many people who do not wish or need it. Another question. Would it be good for the sewers?

One for Democracy

Casket lets body fall out, maker sued

NEW YORK — A firm of undertakers filed a \$1-million dollar suit against a coffin manufacturer and a distributor here yesterday, alleging that a body fell through the bottom of a defective casket.

The suit filed in Brooklyn Supreme Court complains that during a funeral service April 11, as the coffin was being carried along the pavement outside a church, the bottom dropped and the body tumbled out.

The S. J. Romanelli Funeral Home, alleging subsequent loss of business because of the incident, is suing the Nationwide Casket Co. of Scranton, Pa., and the Mount Royal Casket and Box Corp. of Brooklyn.

Hungary leads in suicide rate

GENEVA — Hungary, Iceland and West Berlin lead the world in the number of suicides within their borders, a World Health Organization

survey revealed yesterday.

It also showed that suicides are becoming a growing problem in developing countries and that suicide has moved up to the No. 3 position as a cause of death in eight industrial countries.

In Hungary, suicide accounted for 3 per cent of all deaths in 1966, the year of the study. In Iceland it was 2.7 per cent and 2.3 per cent in West Berlin.

Bear defended

MAIDSTONE, England

A caged bear clawed 2-year-old Barbara Lunn so badly that one arm had to be amputated but her father, Edward Lunn, 34, refused to destroy the animal, a family pet. "Nine out of 10 times the bear would have just licked Barbara's arm but on this occasion it didn't," he said.

COOKS BOOKWORMS

PERTH, Scotland — Aileen Gair, a Scottish educationist, suggests boys planning to go to university ought to take cookery courses at high school as part of the preparation. She says it would help them feed themselves nourishingly and cheaply on limited budgets.

LOST BOTH WAYS

CANON CITY, Colo.

John Festicchio, a senior at Canon City high school, bet his classmates he could eat 100 doughnuts within an hour. They called the bet and he started

stuffing. After 54, he had to stop. Under terms of the bet, the loser had to buy the doughnuts.

The guitar took its present-day shape in the Seventeenth Century.

There is a kind of man who tries.

Falling off a horse is one thing. Falling with a horse is quite another. A steeplechase rider knows the hazards well, and still pushes his mount and himself to the utmost. The full shot. There is a whisky like that.

A whisky that gives the full shot in taste and remarkably full flavour. Gold Stripe. It will put 100% full, laughing taste in your mouth with every sip. And quietly leave. Without biting. If you want a little honest taste, maybe you should try Gold Stripe. And get the full shot.

Canadian Rye Whisky
Thomas Adams Distillers Ltd.,
Toronto, Vancouver.

“Give that man a Gold Stripe.”

Canadian Dies Of War Wounds

TORONTO — Randolph Hutton, a Canadian serving with United States forces in Vietnam, wrote his parents recently that he hoped to be home for Christmas.

His body arrives at Toronto International Airport tonight.

The 29-year-old former bus driver and Toronto Transit Commission motorist died of wounds suffered Nov. 14 when the Viet Cong hit a U.S. air strip with mortar fire.

Efforts Made To Reduce Snow

DUNKIRK, N.Y. — An airplane crew dropped dry ice into snow clouds Tuesday over Lake Erie in an attempt to reduce the severity of snow storms that strike the so-called snow belt area of western New York state.

The results of the experiment will not be known for at least a

week, the sponsors said. A spokesman for Cornell Aeronautical Laboratory, one of the sponsors, said the idea was to reduce the size of snowflakes so they would spread themselves out thinner and farther when they hit land.

Tea, sherry for breakfast MD suggests

CHICAGO — Two cups of hot tea, each containing an ounce of sherry, should be included in the breakfasts of many persons afflicted with angina pectoris, Dr. William Dock, of New York City, suggested here.

Dr. Dock, chief of the medical service at the Veterans Administration Hospital in Brooklyn, said that wine is helpful in reducing the chest pains that accompany this common disorder, in which the blood supply to the heart is inadequate.

The sherry in hot tea, he said, reduces the patient's tensions and often prevents occurrence of the painful symptoms that he tends to suffer in the morning.

Dr. Dock was among speakers at the International Symposium on Wine and Health at the University of Chicago. The symposium was conducted by the medical research committee of the Wine Advisory Board, an agency of the California State Department of Agriculture.

Liquor Board store sales were \$334.4-million, up \$40-million from 1967; wineries and wine stores, \$7.6-million, up \$574,000; breweries and brewer's retail stores, \$217.8-million, up \$7.8-million.

Tension Said Eased By Walk

MONTREAL — Walking is an antidote to tension, stress and depression, says C. K. Kerz, president of the National Council for Walking.

"It stimulates an awareness of things outside of your own blue mood and helps you to think out your own problems and put them in proper perspective."

Mr. Herz says people should get off the bus, subway or car some distance from their place of work and walk the rest of the way. They should also take a walk after the evening meal.

Housewives, he says, should make a habit of going on foot to do shopping. If this is not possible, they should include time for a brisk walk in their daily routine.

One of the most widespread complaints facing modern society is tension, Mr. Herz says.

Tension produces headaches, backaches and sleepless nights, resulting in inefficiency at work, irritability at home and often deep depression.

Many sufferers believe that tranquilizers, anti-depressants, pep-up and sleeping pills are the answer to the problem. Although they provide some relief, they are not a cure, he warns.

In many cases, a short brisk walk, if made a habit, could help to draw off tension before unpleasant aspects such as extreme irritability and depression set in.

When good friends mix, they mix with...

Liquor raises \$349.3 million in tax revenue

Provincial, federal and municipal governments received more than \$349.3-million in tax revenue from liquor sold in Ontario last year.

The report of the Ontario Liquor Control Board for the year ended March 31, 1968, issued yesterday, showed Ontario's share of the revenue was \$171.7-million, the federal share \$175.1-million and municipalities \$2.2-million.

The figures include profits on sales and various tax levies but do not cover corporation, realty and business taxes paid by distilleries, wineries, breweries and license holders.

The revenue to Ontario from the 5 per cent retail sales tax on sales through liquor stores was \$15-million. This was included in the total figure but sales tax revenue through license holders and agency stores was not re-

Aged too long

BASTIA — A Corsican frogman searching the depths found two jars of wine identified as of Roman origin and about 2,000 years old. He broke one open, sipped it and pronounced it awful. The other was sent to the Centre of Submarine Archeology for analysis.

Facts Favour Fluoridation

What about fluoride tablets? - There is doubt about how practical it would be to take fluoride tablets. The dosage in this form varies with the amount of fluoride naturally present in the water. It is possible that people might take either too much or too little in tablets. Also the tablets would need to be given daily from birth until at least eight years of age, when the majority of the permanent teeth have completely formed. Even the most conscientious parents might have great difficulty in keeping this up for so long a time. What about fluorides added to bread, milk, or salt? Here again there is no evidence of the success of these methods. Many years of research would be needed. Large scale experiments, taking many years, would be necessary before our children could benefit. There is some evidence that toothpaste containing a fluoride probably gives a limited benefit. Studies of one product suggest that it reduces tooth decay by about 30 percent as compared with 65 percent by water fluoridation. What about applying fluoride directly to the teeth - painting teeth with a fluoride solution does decrease the amount of tooth decay by 30 percent to 40 percent, as compared with the 65 percent reduction with fluoridated water. This treatment has to be given by a dentist hygienist at regular intervals from the age of three to about thirteen. It is therefore more expensive than water fluoridation and not so effective. Would it be less expensive to have only drinking water fluoridated? No. It is more practical and more economical to add fluoride to the entire water system than to treat the drinking water separately. This is true with chlorination as well. Even then, the average cost of one dental filling will pay the fluoridation expenses for one person for sixty years. Canadians spend over - \$120,000,000 annually for dental treatment, or about \$20 a person who receives dental treatment. Fluorides are present in many of our foods such as fruits, vegetables, meats, fish, tea, cereals and milk. People usually obtain at least four times the amount of fluoride from fluoridated water as they do from these foods.

Titanic Sinking Survivor Dies

RODEO, Calif. — Last rites were held today for Mary Ann Pickett, 90, one of the survivors of the sinking of the Titanic on April 14, 1912.

Mrs. Pickett, a native of Gaspe, Que., who died Monday, had a clipping which listed her among the missing passengers when the British liner went down after hitting an iceberg in the North Atlantic.

But Mrs. Pickett, then Anne Perreault, had managed to get

aboard Lifeboat No. 13 and was one of 711 survivors. A total of 1,513 died.

Mrs. Pickett, returning to her native Canada at the time, later lived in this East San Francisco Bay area community 40 years.

BANDITS MAKE HAUL

LONDON — Four men, disguised as electrical meter readers, held up a bank at the Royal Albert docks Tuesday and escaped with \$200,000, police said. Two of the raiders were armed.

HEAD-HUNTERS IN COURT

LAMPETER, Wales — Two youths, who tried to saw the head off a statue of a former Prince of Wales, were put on probation for three years by a court Tuesday. They pleaded guilty to maliciously damaging a statue of the Duke of Windsor at the University College of Wales in Aberystwyth.

NAME MISLEADS

The Black Hills of South Dakota are not hills but mountains — some about 7,000 feet high.

MOST LIVE IN CITIES

Fourteen out of every 25 United States citizens live in urban areas.

So good it's made Canada famous for beer throughout the world

Now enjoyed in over 60 countries.

IN MEMORIAM

RUMPEL — In loving memory of our dear husband and father, Henry W. Rumpel, who passed away November 21, 1965. Calm and peaceful he is sleeping. Sweetest rest that follows pain; We who loved him sadly miss him. But trust in Good to meet again. Sadly missed by wife Yvonne and children.

IN MEMORIAM

DEGAGNE — In loving memory of our dear husband, father and grandfather, J. Louis, who passed away November 19th, 1965. God saw he was getting weary. He did what he thought best. He put his arms around him and whispered come and rest. The golden gates stood open. Three years ago today. With goodbyes left unspoken. He gently passed away. Lovingly remembered by his wife and family, Gerald, Charles, Lorraine, Diane and Grand daughter Denise.

IN MEMORIAM

CEDERWALL — In loving memory of our dear husband and dad Elmer, who passed away November 21, 1966. November comes with deep regret. It brings back days we shall never forget. You fell asleep without good-bye. But memories of you never die. In our hearts you will always stay. Loved and remembered day by day. Life must go on, we know its true. But it is never the same since we lost you. We wish today dear Elmer. As we have wished before. That God could have spared you many years more. A wonderful husband and dad laid to rest. For each of us you did your best. Your place on each no one can fill. We miss you dear and always will. Ever remembered and sadly missed by wife Julia and children Arnold, Lorrie and Wayne.

FLUORIDATION FACT

The proponent's claim that without fluoridation the children are deprived of a health benefit, is fact-checked. Who is denied anything you can freely buy in a Drug Store?

The Registered Nurses Association of Ontario, Kenora-Keelewin Chapter, will hold a meeting, November 25th at 8:00 p.m. at the Public Health Unit. Voting in of the new executive for 1969-70 will be held, followed by speaker, Dr. Litman, on "Fluoridation". It is hoped everyone will attend.

Juanita Rebekah Lodge No. 189 will hold its annual Children's Christmas Party in the I.O.O.F. Hall, Keelewin, on Tuesday, December 10th at 7:00 p.m. Age of children, 10 years and under.

Jaycees To Hold Town Hall Meeting

Norm Wilkes, chairman of the Kenora Junior Chamber of Commerce "Get out to Vote" campaign committee advises that arrangements are being made to organize a Town Hall meeting in conjunction with the forthcoming civic election.

This meeting will be held at the "Teen Room" of the Kenora Recreation Centre starting at 8 p.m. Friday, November 29th. The program will be broadcast over the local radio station.

The Kenora Junior Chamber of Commerce members request the assistance of the citizens of Kenora to write out any question which they may wish answered at the Town Hall meeting and deposit them at any of the following locations: Walkey's Drugs, Tilley's Pharmacy, Johnson's Pharmacy, both stores. All questions shall be reviewed prior to presentation to the council. Closing date for submission of questions is Wednesday, November 27th.

The Kenora Jaycees strongly urge that all citizens participate in this program by submitting questions attending the meeting and agree all exercising their franchise on election day.

Man Sentenced To Jail On Lesser Charge

Donald Gordon Farrell, 24, of Kenora was sentenced to serve concurrent jail terms of three months, and one year by Mr. Justice Parker of the Ontario Supreme Court, at Kenora, on Wednesday.

Farrell was originally charged with criminal negligence following the death of six year old Carl Smith, Anderson Branch Road, who died from injuries received in a motor vehicle accident. The boy was a passenger in a car driven by his father Harry Smith on September 3rd. The Smith vehicle was involved in an accident with a car driven by the accused. Defence counsel was Harry Walsh, Q.C. of Winnipeg.

Shortly after the trial opened Wednesday, defence counsel said his client was prepared to plead guilty to a lesser charge. The jury agreed with this motion without leaving the room.

On a charge of driving while intoxicated the sentence was 3 months and on the charge of driving dangerously the sentence was one year in an Ontario Reformatory.

Speaking prior to sentence Mr. Walsh said the accused realized the havoc he had spread and felt certain that the experience would stay with him always.

In passing sentence Mr. Justice Parker said the accused had admitted driving while intoxicated and also admitted driving dangerously. He said he was sorry the accused had not learned his lesson prior to the accident.

Cleveland Browns tackle Walter Johnson, 6 feet 3 inches tall and 270 pounds, has turned in a 10-second clocking for the 100-yard dash.

losing streak, came back with all the zest and determination of the big time to walk over the Rockies

and regain their first place position, only one point ahead of the Fort Frances Canadians who they must battle on Sunday in Fort Frances.

The scoring came early in the second period. Ten seconds had passed when Thistles went into the lead. Don McGowan, assisted by Smith and Ames did the trick.

This one goal appeared to set up a chain of events which saw Kenora get another four goals coming from Bobby Smith, Don Milliard and a pair by Wayne Garrow. Don Milliard got two goals during the game and played an outstanding defensive position backed up by Ed Scribilo who was very close on many occasions and is deserving of an honorable mention.

The Dryden defensive work and goal tending had quite a resemblance to that of the Thistles previous games. At the end of the first period the score read Kenora 5, Dryden 0.

The Thistles finally caught fire in this game as they continuously broke up the Dryden passing and rushing powerplays. This was to be the result of their victory.

The third period ended 13 to 3 and by the score itself the shots on goal speak in favor of the Thistles.

Wayne Garrow got two beautiful unassisted goals, Don McGowan picked up six points, Bob Smith and Ames each notched five points.

Thistle officials expressed hopes that this win will put an end to the string of losses and let them forge on to more victories. Hockey action will continue on Friday at the arena when Thistles

meet the league leading St. Boniface Mohawks in an exhibition tilt.

lon of hockey. The Muskies next home game is this Sunday afternoon when the

rugged St. Boniface Saints provide the opposition starting at 2 p.m.

READ THE MINER AND NEWS CLASSIFIEDS

Old Timers Down Muskies 10-4 Wednesday

Kenora hockey fans were treated to a special brand of hockey at the Recreation Centre last night when the NHL Old Timers defeated the Kenora Muskies by a score of 10-4. In Europe, they scholastically refer to the game as ice hockey, with body checking allowed only in the defensive zone. The Old Timers added new dimensions to the game by eliminating the slap shot and all body checking to introduce their version of "nice" hockey. This forces the players to use wrist shots only and allows them to effectively employ their stick-handling and passing talents.

The Old Timers illustrated a pattern of hockey which was prevalent before the era of the curved stick and the slap shot. They employed excellent positional play, effective passing plays, and demonstrated some of the old style puck control which was developed on the crowded hockey ponds of Canada in the years past. It was a real treat to see the Old Timers tossing the puck around as if they had it on a string, similar to the Russians of current World Hockey fame.

The Muskies lost the hockey game but learned a lot in doing so. Since they were forced to abandon the slap shot for the game, they had to rely on good wrist shots. They also had to work the puck into the attacking zone and employ crisp passing game as a result. This forced them into an unaccustomed pattern of play, which can only help them in the long run, particularly in their finish around the net. One thing is sure, the Old Timers taught the Muskies a lesson in good fundamental hockey and how to accomplish it. The elimination of the body checking also forced the Muskies to play the puck, rather than the man. Sugar Robertson led the Old Timers' scoring with three goals

while Bill Mostenko and Bernie Grebinsky notched a pair each. Singles went to Ron Castelane, Lind Bend, and Brian Derret. Gord Phillips, Brunel Delorme, Wayne Ordie, and Tom Thomsen replied for the Muskies.

The Muskies outshot their visitors 35 - 23, which demonstrates the superior shooting of the Old Timers, who made their shots count. George Allard, who is the current MJHL president played well in the Old Timers' net. Marc Bruyere and Marcel Dubroy shared the goaltending for the Muskies.

Bill Yanchuk and Sugar Robertson, two former Thistles, teamed up to score the prettiest goal of the evening. On the play, Robertson took a pass from Jack Muir at the Kenora blueline, fed a pass to Yanchuk who fed a return goal - mouth pass to Robertson who tipped the puck into the Kenora net for a well executed goal. The crowd gave them a rousing cheer for their effort.

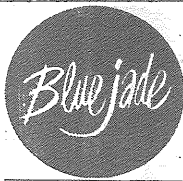

Bill Juzda dazzled local fans with his work on defense, passing the puck well and generally keeping a clean house in front of Allard in the Old Timers' net. Bill Mostenko also showed flashes of his former brilliance which carried him through many successful years in the NHL. The Muskies seemed a little bewildered by the brand of play demonstrated by the Old Timers however - they did their part to provide an entertaining exhibit-

Man Convicted Of Theft - Some Evidence Eaten

A half dozen motorists appeared in magistrate's court on Monday charged with speeding on the streets of Kenora, Keewatin and district highways. They were just a few of a total of nearly 75 cases to appear on the lengthy docket. Fines ranged to \$26.00 each. In trouble with the law too, were motorists who drove in a manner to make the tires scream. They paid similar fines.

A district motorist who was apprehended driving while his license is suspended, and while impaired, paid a total of \$250.00 - a further suspension of his driving privileges will follow. A motorist who left the scene of an accident paid a \$56.00 fine. Another motorist, driving without his license, paid a \$10.00 levy. Taking a car without the owner's consent for a joyride brought a \$35.00 fine. For driving trucks without permission to pull large loads, brought fines totaling \$206.40 to three Alberta firms. Dangerous driving brought a 15 day jail term and a year's suspension of his driver's license to another man. Numerous other cases dealing with "routine" offences were also processed.

Offences against the Liquor Control Act continue to provide most of the work load for the Court. Offences included drunkenness, illegal possession, drinking under age, etc.

An Ear Falls man was sentenced to serve six months definite and six months indefinite for assaulting his wife. Evidence indicated he kicked her severely, including kicks to the face. Failure to file an income tax return brought a \$31.00 fine to a local man.

Two Minaki youths, on probation from the Court, were convicted of breaking and entering Hotel

Point Lodge. Liquor and cigarettes were taken. Each will serve 9 months definite and six months indefinite in reformatory. They will appear in Court tomorrow for sentencing for breaking probation.

Probably the most unusual case on the docket concerned a man who was seen eating garlic sausage in a local store. Theft was going to be difficult to prove un-

til he was seen putting items in his pocket. He was arrested outside the store.

Mining Industry Employs Many

During the first nine months of the year, gold and silver mined the Patricia portion of the Kenora district was valued

at \$9,372,286. Campbell Red Lake led the field with \$4,129,270, second was Dickenson mine with \$2,024,812 and third Madson Red Lake with a total of \$1,578,303. Gold and silver mined throughout the province for the same period amounted to \$36,689,313.

Total ore milled amounted to 3,543,974 tons producing 954,332 ounces of gold and 175,000 ounces of silver. There were 12

producing mines. The average yield per ton of ore milled was 20.11 and the average number of men employed was 2.52.

By W. S. BISHOP

There were 12 producing mines in the province with a total of 2,600,000 square feet of forested lands in the

JOHNSON'S PHARMACY

ONTARIO'S MOST POPULAR NAMES "DAVID" OR "SUSAN" SAYS REPORT

If your name is David or Susan you possess Ontario's most currently popular given name, reports Robert Welch, Ontario's Registrar General and Provincial Secretary. As prefixed double names Joseph, Mary and Marie are the most popular.

Perhaps not since Shakespeare first posed the question: "What's in a name?" has so much information been accumulated on Christian or given names by means of data processing. The tabulation of given names was a by-product of indexing birth records by the Office of the Registrar General, whose business it is to record all births, marriages and deaths in the Province.

The tabulation concerned names given Ontario's 153,320 children born in the Province in 1964. Of the 75,881 boys born in that year one out of every 20 was named "David", accounting for a total of 3,631. Susan, was the name chosen for 1,653 girls out of a total of 74,406 born that year, making the name the most popular chosen for baby girls or for one out of every 45 girls.

The ten most popular names chosen for boys, and which accounted for a total of more than 24,700 were in order of popularity, and actual numbers, David (3,631), John (3,425), Robert (3,296), Michael (3,042), James (2,300), Paul (1,899), Mark (1,797), Richard (1,706), William (1,636), and Kevin (1,346).

Baby girls, or a total of 112,000 of them, were given the following names in order of popularity: Susan (1,653), Sandra (1,294), Lisa (1,162), Linda (1,118), Deborah (1,093), Patricia (1,087), Karen (1,016), Catherine (955), Christine (931), and Donna (891).

While birth of boys exceeds the girls by a slight 1,475 in numbers the name tabulation indicates that parents use much wider selection of names when it comes to a choice for their daughters.

Some names are popular for both sexes, such as Terry, chosen for 410 boys and 89 girls; Leslie, chosen for 118 boys and 285 girls; Robin for 128 boys and 284 girls; and Kelly for 702 girls and 96 boys.

One interesting highlight of the tabulation was the many given names that reflect the increasing number of Ontario newcomers from European countries, especially the Latin countries, and other nations. Many children's names from these countries are prefixed with the given names Joseph, Mary or Marie. The tabulation showed that there were 3,340 boys prefixed with the "J" for Joseph, and total of 4,708 girls prefixed with the letter "M" for Mary or Marie.

It could thereby be claimed that while the names David and Susan were the most popular single given names, names prefixed by Joseph, Mary or Marie were by far the most popular double names. Because of the limited column field in the punch card for surname and given names, the Registrar General's Office decided to convert these names to initial form, and so allow other given names to be punched in the index card. Only 25 boys' names were prefixed with the French "Jean", though 181 boys were given Jean for

a single name

The remaining 25 most popular names for boys- many denoting biblical usage- in order of choice are: Brian, Steven, Stephen, Daniel, Peter, Christopher, Jeffrey, Timothy, Kenneth, Ronald, Donald, Thomas, Douglas, Scott and Gregory.

The remaining 25 most popular names for girls were in 1965: Brenda, Elizabeth, Kimberly, Barbara, Nancy, Heather Kelly, Wendy, Cheryl, Sharon, Jennifer, Lori, Jacquelin, Laura and Carol.

Students Stage Demonstration

Toronto-- About one thousand university students demonstrated at Queen's Park yesterday in their efforts to seek changes in the Ontario Student awards pro-

gram. The Students cried "We want a Miracle" as a young minister presented Education Minister William Davis with lox and bagels--because they said they could not afford bread and fishes.

Mr. Davis told the students the awards program is not perfect but it has aided 50 thousand students to attend university where no aid was available three years ago. He appealed to the students to join the students' Award Committee of his Department in a study, to find why so many high school students do not go on to university.

Steve Langdon, president of the students' administrative council at the University of Toronto, and other leaders are to meet at an early date with Premier Roberts to discuss a brief presented by the students.

The university of Toronto students were joined in today's demonstration by other groups from York University, Ryerson Polytechnical Institute and the University of Toronto School of Nursing.

Two Die When Train And School Bus Collide

Peterborough, Ontario—Two high school students are dead and 36 others injured or shaken up, following a collision today between a school bus and a train at a level crossing near Peterborough Ontario.

Authorities at St. Joseph's Hospital in Peterborough identified the dead girls as 13 year old Shirley Cunningham and 18 year old Shelly Riel, both of R.R.2 Peterborough.

The hospital said student Linda Middleton is in an intensive care unit but gave no further details of her condition.

Thirty-five other students were taken to Peterborough hospitals and 28 of them admitted for treatment of injuries ranging from a broken leg to back and shoulder injuries to cuts and bruises.

Police said the train, a seven car CNR freight — was travelling at about 35 miles an hour on its way between Peterborough and Lindsay. It carried the bus about a thousand feet westward along the track. The train crew was uninjured.

Bus driver Clem Riley of Peterborough, shaken but uninjured, said he heard nothing before the collision. He said, "I didn't see the train until it was almost on top of me."

After picking up two students 100 yards away from the crossing he had started up the grade to the crossing. He said:

"At this time of year you have to take a run at it because the road is so slippery if there was a whistle I didn't hear it because the kids were making so much noise."

A woman who lives near the tracks said she heard nothing extraordinary except for a long blast on the train whistle.

to Saskatchewan, moving to this district in 1922. She was an adherent member of the Bethesda Lutheran Church.

The funeral service will be held at 2 p.m. Friday, November 22nd, 1968 in the Chapel of the Brown Funeral Home. Pastor O.J. Larson will officiate and interment will be in the Lake of the Woods Cemetery.

Top Roman Empire

In 1914, the British Empire was six times as large as Rome's.

Arnie Fisk Won Remembrance Day Prose Division

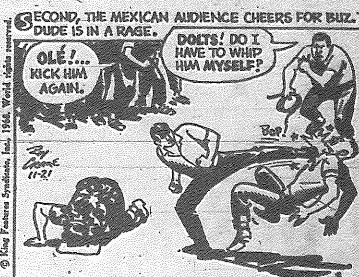

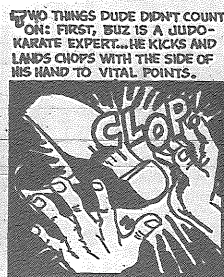

Arnie Fisk of 13A Beaver Brae Secondary School emerged as the winner of the prose division of the Remembrance Day Literary Contest with his prize essay "A Passage of Arms."

Winner of the senior poetry prize was Sue Hillman with the poem "Why You Must Carry My Torch" Junior poetry prize winner was

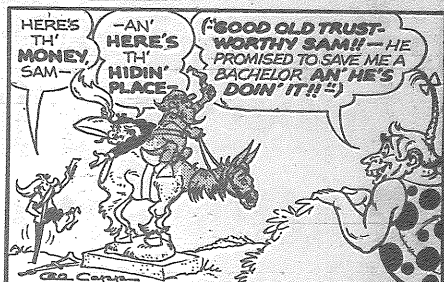

the poem "Remember the War". The first prize prose entry app-
