MUCH PROGRESS MADE ON ONTARIO ROADS

Toronto- Highways Minister George E. Gomme reports considerable progress has been made on major highway projects throughout t h e province as a result of favorable weather during the heavy construction months of 1969.

Mr. Gomme made his report over the weekend in a year-end review of the activities of the Department of Highways. He said in the 483 million dollar budget, 192 million dollars were devoted to construction , while 80 million dollars went into maintenance. Subsidies and direct aid for municipalities continued at high rates and close to 196 million dollars were slated for the Provincial share of municipal road building projects.

Throughout 1969, Mr. Gomme's report shows completion of 24 bridge projects and 154 grading and paving contracts covering a total of 970 miles. An additional 58 bridge projects, 37 paving jobs and 140 grading contracts, involving about 830 miles of road, re in varied states of completion all of them started in the last year.

MINING INDUSTRY STILL KEEPING PACE

In spite of costly strikes which closed down operations at Sudbury for four months, and other strikes which paralyzed the Steel Industry at Hamilton and Sault Ste Marie, Ontario's mining industry nevertheless maintained its grip on the billion dollar volume of the past two years.

Total preliminary figures for 1969 are $1,214,456,935, compared with last year's record high of $1,355,628,670, Ontario's Mines Minister , Allan F. Lawrence announced today.

Increases were felt in both structural and non-metallic minerals as the former rose to $191,4 million over the 1968 dollar volume of $188.9 million and non-metallic - minerals edged upwards to $36.3 million.

The big losers, of course, were the metals which slipped to $979.1 million from the previous year's record $1,122.9 million. Fuels also dropped off slightly to $7.6 million from 7.7 million.

Among the major metals mined in Ontario, only zinc enjoyed an increase , rising to $106.4 million from 97.8 million. Iron ore production held fast, slipping only by $1 million to $126 million and uranium only eased off to $38.75 million from $39.16 million.

Nickel production backslid to $330.96 million from $405.17 million while copper tumbled to $235.5 million from $278.3 million.

Gold was off at $45.47 million against $52 million and silver followed suit, down to $42.5 million from $50.5 million.

Platinum plunged to $26.4 million from $46.1 million.

In the non-metallic group, production of asbestos more than doubled to reach a value of $4.2 million.

Gypsum production. valued at $1.5 million was up slightly and nepheline syenite production was up by more than a million dollars for a value of $5.9 million. Salt production was down from $21.6 million to $19.6 million, probably reflecting the strike which closed the Canadian Rock Salt mine at Windsor for several months. Production of sulphur recovered from smelter gas was valued at $3.62 million, down by $900,000 from the 1968 total.

The output of natural gas and petroleum were both slightly less than in 1968 to reduce the total value of fuels from $7.76 million to $7.62 million. Of this, natural gas accounted for $4.38 million while petroleum production was valued at $3.23 million.

Continuing activity in the construction industry was reflected in an overall increase in the output of structural materials

Hydro Workers Want Pay Hike

The Ontario Hydro Employees' Union today asked for a 14 percent wage increase in one year, as well as significant improvements in other benefits.

Ontario Hydro and its union, which represents 10,000 Hydro employees, exhcanged bargaining agendas today, setting the scene for 1970 negotiations.

The present collective agreement between the Commission and OHEU expires March 31st, 1970.

The escalator clause was an item on both union and management agendas. The OHEU is asking for an escalator clause which would provide for a one percent increase in wages for every one percent rise in the Consumer Price index. Management is asking for removal of the escalator clause from the present agreement which calls for a three percent wage increase or decrease for every three percent rise or fall in the CPI.

The union is also proposing considerable improvements in vacation benefits. The agenda requests three weeks after one year of service; four weeks after ten years - 23 days after 15 years; five weeks after 20 years and six weeks after 25 years.

In addition, the union is asking for five extra weeks vacation in the 15th year of service and every fifth year thereafter.

Hydro's current vacation plan provides three weeks after five years; four weeks after 15 years; 23 days after 20 years; and five weeks after 25 years.

The union is also requesting double time for overtime, and 100 percent payment by Hydro of OHSIP premiums.

Under the Union agenda, premiums for shift work would increase from 14¢ to 24¢ per hour for afternoon shifts, and from 16¢ to 28¢ for midnight shifts.

Altogether, the agendas contain 157 main items—108 submitted by the Union and 49 submitted by management. However, when subsections of main items are considered, there are more than 200 individual items to be negotiated.

LATE NEWS BULLETINS

A scientist who has looked at some of the moon rock brought back to earth suggests that the earth's natural satellite was once a molten blob. Doctor J. V. Smith of the University of Chicago also suggests that the moon separated into layers as it cooled very early in its history.

Smith is among a group of more than 100 scientists who have been studying the moon samples brought back by Apollo Eleven. He suggested today at a news conference in Houston, Texas, that when the moon was molten, heavy chemicals and minerals may have sunk toward its centre. He says the mountains on the moon may have been formed by a light mineral that created a crust.

The son of Hitler's former deputy Rudolf Hess spent an hour with a British Cabinet Minister in London today in his campaign to win freedom for his ailing, 75-year-old father. Hess has been in prison in West Berlin for nearly 30 years.

Wolf Hess told newsmen he was optimistic about his father's eventual release after his meeting with Deputy Foreign Minister George Thomson. Russia has always refused requests to release Hess in the past. The wartime leader has been described as suffering from a doudenal ulcer.

American Peace Corps volunteers in Afghanistan say they plan to wear black arm-bands during U.S. Vice-President Agnew's two-day visit starting tomorrow. The purpose is to show disapproval of U.S. policy in Vietnam and urge a re-examination of both domestic and foreign priorities by the Nixon administration.

Agnew is in the Himalayan kingdom of Nepal today.

The Winnipeg Tribune says an emergency Federal-Provincial meeting is being held in Winnipeg today. The Tribune says the meeting has been called to examine statistics relating to mercury contamination found in fish in the Saskatchewan River system.

The newspaper says the contamination has been found in fish from Lake Winnipeg, Cedar Lake, Moose Lake and other Northern Manitoba freshwater areas. It also says Cumberland Lake and the Saskatchewan River are affected in Saskatchewan. Mercury compounds are used across the prairies to protect seeds against fungus.

Most New York subway travellers stood in long lines today to pay for new, 30-cent tokens. However, about 12 persons protesting the new, higher fares tried to go over or under turnstiles at one station. Seven of them were arrested. Two other persons, who became involved in shoving incidents with police, also were arrested.

—The Weather—

Occasional cloudy periods today. Mostly cloudy with a few light flurries on Tuesday. Little change in temperature. Winds light today and westerly 20 on Tuesday - Low tonight and high Tuesday at Kenora, Red Lake, Fort Frances Sioux Lookout and Thunder Bay 10 below and 5 above.

— Smiles —

Working at the post office during the Christmas rush, I saw these words boldly scrawled across a large Package: "Non perishable, Unbreakable ----HAVE FUN!

Is there any greater satisfaction than parking on what's left of the other fellow's nickel?

New St. John's Course Launched

St. John Ambulance today announced that, beginning in January 1970 a new program of First Aid courses will be launched in Ontario.

The training has been restructured to provide a series of courses which progress from Emergency through Standard to Advanced, as the new series is titled. Under this system a trainee will be able to upgrade his First Aid ability from one course to another.

The Emergency First Aid course will be an 8 hour course concentrating on practice of the basic skills to stop bleeding, immobilize fractures and restore breathing by mouth to mouth resuscitation. In addition, students will be taught casualty care and how to deal with cases of poisoning. The cost of this course, including textbook and bandages, is $5.00.

William Gibson, Director of Training, in making the announcment said that with the many activities in which people are involved today the shortened eight hour course designed by St. John Ambulance should be most popular. Mr. Gibson went on to say that almost 50% of all accidents occur in the home and that every parent should have this training, particularly now that so little time is involved in acquiring it.

"If a person, trained in First Aid is close by when an accident occurs, the risk of infection and the effect of the injuries can be minimized." he stated. "Frequently hospitalization is avoided" he said " or the stay in hospital shortened."

The Standard First Aid Course is for people who need more extensive training and meets the requirements of the Workmen's Compensation Board. It will take 16 hours to complete and covers the essentials necessary for industrial workers to cope with most First Aid situations. The fee of $11.00 also covers text books and supplies.

Requirements are specified by the Workmen's compensation board for trained First Aid personnel in industry.

To ensure that a certified first aider is available at all times, additional personnel should be trained to cover each shift, sickness, vacation, time off and split shifts. For example, a medium sized industrial plant, working 3 shifts will require approximately six trained personnel. This number will vary with the hazards involved and the size and adjancencies of the working areas. Under certain circumstances, it may be necessary to establish a separate working area, as defined for each working gang.

Advanced Courses will be available later in 1970 to persons who have taken the Standard Course. It is designed to broaden the scope of the candidate's knowledge, improve the standard of his practical work and teach him the use of special equipment and techniques.

This course will be useful to those having a supervisory responsibility in Industrial First Aid and to those who work in such industries as forestry, mining, etc.

Cold Winter For Borrowers

It will be a lean, cold winter for borrowers of all types, Beatrice Riddell reports in the Financial Post. Many corporate treasurers will have to take a tougher line over spending plans for 1970. And consumers, reported by some banks to be cutting back their loan requests, will have to keep up the belt-tightening program. While banks will probably not reduce their consumer loan portfolios, they are not expected to expand them. The Financial Post writer goes on to say that a good deal of corporate and other non-bank liquidity has been mopped up. This puts even greater pressure on the chartered banks as a source of credit. Yet the banks are extremely tight.

Car Club Back In Business

The Rat Portage Car Club has been busy getting the track ready at Round Lake to start their 1970 Racing season January 11th.

A fenced parking area has been plowed and a mile-long track. Other improvements are the announcment system which will be placed at the parking area so the spectators will be able to hear the race results better.

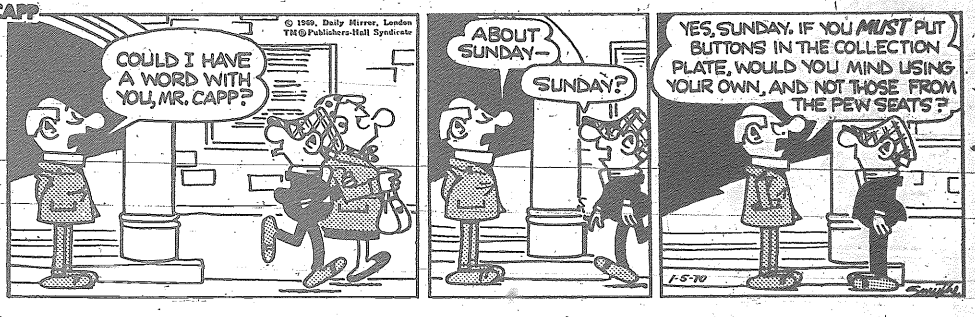

Members have been busy getting their cars ready and a good turnout is expected for next Sunday - A meeting for all racers and interested persons will be held at the Log Cabin Inn at 8 o'clock Wednesday January 7th.

TAXES TO RISE

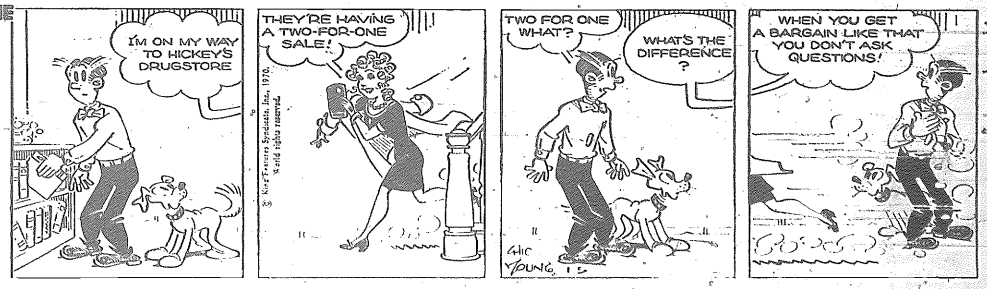

TORONTO Metropolitan Toronto homeowners can expect a 1970 tax increase of one to three mills, Joseph Eakin, metro finance commissioner, said Friday. The exact increase depends on settlement of wage demands by 10,000 civic employees and 3,000 police officers, Mr. Eakin said, plus other factors including debt charges on borrowed funds.

Around Town

Mr. and Mrs. Willard Allan and daughter Diane have returned to Fort William after spending the holidays with Mr. Allan's mother and sisters Mrs. L. Schabler and Mrs. A. Canfield.

IN MEMORIAM

DEROUARD — In memory of our dear mother and grandmother, Lucille, who passed away one year ago today.

Our lips cannot tell how we miss her,
Our hearts cannot tell what to say;
God alone knows how we miss her,
In a home that is lonesome today.

—Always remembered and sadly missed by her son Donald and daughter Alice and Donald and grandchildren.

IN MEMORIAM

DEROUARD — In loving memory of our dear mother and grandmother Lucille, who passed away January 5th, 1968.

One long and lonely year has passed
Since our great sorrow fell,
The shock that we received that day
We still remember well.
Our hearts still ache with sadness;
And secret tears still flow,
What it meant to lose you,
No one will ever know.
When we are sad and lonely
And all things seem so wrong,
We seem to hear you whisper
Have faith, and carry on.
Each time we see your photo
You seem to smile and say:
Don't cry, I'm only sleeping,
We'll meet again some day.

—Lovingly remembered by Helen, Art and Family.

Announcements

20 CENTS PER LINE PER DAY

The regular meeting of Lake Woodena Rebekah Lodge will be held Tuesday, Jan. 6th at 8 p.m. in Odd Fellows Hall.

Pet Corner

WANTED — Homes for one 7-week-old pup and one Spaniel pup. Phone 548-5240.

From Around The World

An East German couple and their children walked across the frozen Elbe River and asked for political asylum in West Germany on New-Year's Eve. Officials in Bonn said the East German Border guards apparently did not not notice the group.

The Elbe is frozen over for the first time in seven years. It forms the border between East and West Germany for a stretch of about sixty miles.

* * *

Paul — Emile Cardinal Leger was received in private audience by Pope Paul today. Cardinal Leger gave up his post of Archbishop of Montreal in 1967 to work as a missionary among lepers in Cameroon.

* * *

Over 140 scientists from the United States, Canada and seven other countries begin reporting today on their studies of rock and soil samples taken from the moon and returned to earth by the crew of Apollo eleven. Results of the tests will be disclosed in Houston, Texas, as a series of papers are presented by the scientists over the next four days.

* * *

A secret inquest opens today into the events surrounding the death of Mary Jo Kopechne in the plunge of U.S. Senator Edward Kennedy's car into a tidal pond. With the inquest at Edgartown, Massachusetts, Kennedy will submit to his first formal questioning about the accident.

The state supreme court ordered the proceedings be held in secret and that the record be locked up until all possibility of any criminal prosecution has passed.

* * *

The U.S. Federal attorneys in Detroit say there may be more arrests this week in an investigation of an alleged U.S.-Wide gambling ring involving well-known sports figures. No sports figures were among ten persons arrested in Michigan and Nevada New Year's Day. But one U.S. Federal Attorney said statements and records seized indicate a national scheme involving famous figures in baseball and football and hundreds of trainers and jockeys at race tracks.

* * *

Newfoundland's first self-service liquor store will open around the end of this month. Provincial liquor commission Chairman, Brian White said the supermarket -type store is nearing completion in the northeast area of St. John's.

Mr. White said the store may set a trend for the conversion of existing outlets to self-service operation.

* * *

The Sheriff's department in Niles a suburb of Chicago, arrested members of a teen-age burglary ring this past weekend. But the recovery of 40 thousand dollars worth of stolen items has brought a problem. The Department has received calls from ten times as many people as believed burglarized by the gang.

I.D.B. Branch Renamed

The Lakehead Branch of Industrial Development Bank has been renamed Thunder Bay branch.

Also, in recognition of the prospects for a more active tempo of business activity in the new city, and throughout Northwestern Ontario, the Bank's staff is being enlarged.

IDB, an agency of the Federal Government, makes term loans to businesses of all kinds for expansion, and other purposes. Opened in 1961, the Thunder Bay branch will now have a staff of fourteen enabling it to give better service to applicants throughout Northwestern Ontario.

Mr. M. A. Renfrew, an experienced Credit Officer from the Bank's Hamilton branch, will join the Thunder Bay staff this next week to assist in the branch's activities in the new city, and also in the Sioux Lookout-Ignace area.

Paint Mixing

Good painters always "box" their paint, as well as stir it—that is, they pour it from one container into another, and back again — which speeds the mixing process and makes it much more thorough.

George Lane Kenora Resident Called To Rest

George Lane, 224 Fifth Street Southe , Kenora died Saturday evening January 3rd, 1970 at the Lake of the Woods District Hospital.

Born at Toronto , Ontario, February 14th , 1923, he was 46 years of age. He was married in Kenora Ontario on February 28th, 1946 to the former Edith Edwards.

Surviving are his wife, two sons, Ross Lane and Paul Lane, both at home. Also surviving are his father Mr. Ernest Lane of Kenora and one brother Ralph of Kenora.

He began services with the Ontario Minnesota Pulp & Paper Company Limited in Kenora on April 26th, 1946 and was employed as a shift engineer in the steam plant at the time of his passing.

He came to this district in 1946 and was a member of the First Presbyterian Church, a member of the Local 940 International Union of Operating Engineers; a - member of the Pequonga Lodge #414; member of the Royal Canadian Legion, Kenora Branch and member of the Judo Kai Club of Kenora. He served with the Royal Canadian Airforce overseas in France and Germany.

The funeral service will be held Wednesday, January 7th, 1970 in the Chapel of the Brown Funeral Home at 2 p.m. Rev. Harold Boyd will officiate.

Pallbearers will be Bill Calder, Harry Henfrey, Ray Mykle, Horace Fox, Walter Sitar , Virgil Himsl.

Snowmobiles Shattered

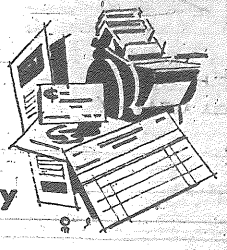

Toronto-, The Ontario Snowmobile racing federation says it will not inquire into types of fuels used in modified racing machines.

The decision came after a flaming crash yesterday in the feature race of a Derby at Mosport Park, about 60 miles northeast of Toronto.

Three snowmobiles were reduced to smouldering heaps on the first turn of a 20 lap race in a collision involving five machines.

Federation President Ken Hawkins said there is no stipulation on fuels used in modified racing. He said chemical lubricants were added to the fuel in machines in Toronto, but that's all. He said the Federation had a preliminary investigation , adding; " Yesterday's was just a freak accident." The drivers of all vehicles escaped with minor injuries. Each machine was valued at 16 hundred dollars.

Thistles Win Over Selkirk

The Kenora Thistles waited for 12 league games for the day of reckoning as they won their first game of the season with a come-from-behind victory, although the loss didn't change the Kenora standings as they are still mired in the league bottom with 4 points 6 points behind Selkirk and St. Boniface.

It was a game which was enjoyed by the fans in attendance. The officials doled out a total of 18 penalties with Kenora absorbing a total of 7 and included in the rash of penalties was a misconduct to Forgie of Selkirk near the end of the third period.

It was a 2-0 game in the initial frame for Selkirk and the visitors held on to the lead by a 3-2 count in the middle stanza but Kenora outscored Selkirk in the final for the Kenora count of 4-3 -Leading the Kenora attack were Don McGowan with a pair and singletons going out to Skead and Coombs. Scoring Selkirk's goals were Cruikshank with 2 and Hasting with one.

Hasting gave Selkirk the early lead at 7.38 with the aid of Playfoot and Bingham. Cruikshank - made it 2-0 near the end of the period.

Kenora came on the scoreboard with over a minute gone in the second period with Don McGowan scoring his first and then midway through the period Cruikshank, made it 3-1 for Selkirk and it looked as if Selkirk were away for another victory over Kenora.

The Thistles were not to be denied however, as Don Coombs gave his club another straw to grasp with his counter at 15.17 to make it 3-2 and getting assists on the play were Bailey and Skead.

The third period was Kenora's best as they pumped in two counters and it was while Kenora was shorthanded that Fred Skead stole the puck on a Selkirk power play and with no Selkirk defenders skated in on Hicks and blasted a shot from close in to tie the game at 3-3, and then with Selkirk two men short as Forgie and Stas took watched proceedings from the penalty box, the Thisles on a power play goal scored by McGowan at 10.42 mark of the period with the aid of Bailey and Skead brought the score to 4-3 to win.

Monarchs Bounce To 8-3 Victory

The Winnipeg Monarchs spotted the Kenora Muskies an early first period goal and then waltzed to an 8-3 victory last night at the Winnipeg arena.

For the first two periods of play the Monarchs outhit, outskated, outhustled and outlucked the Muskies, who had opened the scoring after just 56 seconds of play. After their initial counter, the Muskies promptly collectedthree goalposts off the sticks of Ken George, Lynn Vanrobaeys and Jim Robertson before the Monarchs hit the scoresheet. The Monarchs had little trouble collecting their goals after that as bounces and deflections found their way into the Kenora net.

The Monarch led 3-2 after one - period of play and extended their lead to 8-2 in the second on the strength of some lucky bounces and sloppy defensive play around the Kenora net.

Five of the nine shots that the Monarchs directed at the Kenora net during the second period, found their way past goaler Marcel Dubroy.

The Muskies came up with a strong 3rd period and scored the only goal while the Monarchs managed no more than 4 shots on goal. In all, Dubroy blocked 18 shots for the Muskies while the Monarch's acrobatic goaltender, Fr- and Turnbull was billiant in stoppin 31 Muskie drives, 15 of them coming in the final period.

Roger Thompson and Don McLaughlin paced the Monarchs scoring with two goals each while singles went to Gavin Smith, Fred Neal, John Thompson and Chris Juzda - John Drygasuk, Wayne Ortlieb and Terry Newman replied for the Muskies who dropped their third straight decision.

Referees Lou Joyal and Gord Kerr assessed each team with 6 minors and a major. Lynn Vanrobaeys and Ralph Waples picked up the majors in the dying minutes when Vanrobaeys took exception to a cross-check from the Monarch forward.

A good portion of the crowd in attendance were Kenora fans who were somewhat surprised by the - rugged hitting by the big Monarch defence. The Monarchs came out hitting and set the Muskies off stride until they regained their composure in the 3rd period.

ICE CHIPS: The Jumvenile Muskies host Fort Garry Warriors at 8 p.m. on Friday at the Recreation Centers--- Dauphin and Selkirk played to a 4-4 tie in Dauphin----The Muskies' home - attendance to date totals 23,859 paying customers---Ron Casey played a much improved game for the Muskies----Coach Bicknell - shuffled his lines in order to shake their scoring doldrums.---

Kenora Juniors Hit It Off Big

On Sunday, January 4th, the Kenora Junior Power Toboggan Club hit it off big with their first fully successful Public Races. It was an eventful day, enjoyed by both spectators and racers for events ran both smoothly and quickly. The results tablulated at the end of the day came to the following:

CROSS COUNTRY
Class A 0-295
1st - - - - - - - - Nestor Kraynik
2nd - - - - - - - - Jack Salmon
3rd - - - - - - - -Doug Graham
Class B 296-340
1st - - - - - - - - - Allan Zimmer
2nd - - - - - - - -No placement
3rd - - - - - - - - No placement
Class C 341-440
1st - - - - - - - - -Gene Culleton
2nd - - - - - - - - John Miclash
3rd - - - - - - - - Mark Andrews
Circuit
Class A 0-293
1st - - - - - - - - - Gord Brown
2nd - - - - - - - - Jack Salmon
3rd - - - - - - - - Nestor Kraynik
Class B 296-340
1st - - - - - - - - - Bob Burley
2nd - - - - - - - - Allan Zimmer
3rd - - - - - - - - -No placement
Class C 341-440
1st - - - - - - - - - Harry Lipset
2nd - - - - - - - - Gene Culleton
3rd - - - - - - - - Ed Luggossy
Class D 0 - 440
1st - - - - - - - - Gene Culleton
2nd - - - - - - - - -George Halley
3rd - - - - - - - - -John Miclash
SLALOM
1st Jack Salmon 26.8 sec.
2nd -Allan Zimmer 27.4 sec.
3rd -Stanley Zroback 30.1 sec.
KEYHOLE
1st - Gordon Brown 17.0 sec
2nd - Nestor Kraynyk 20.6 sec
3rd -Jack Salmon 21.1 sec.

We are sure that all had fun and even though it was our first attempt, shown by the few mistakes which appeared, we are quite happy with the result, and we can say it won't be long before the next set of races sponsored by us will appear.

We would now like to take this opportunity to thank all that participated in these races. Special thanks go to Walley Neufield and Bill Gawley for their extensive help. Also we would like to thank the dealers for advertising and competition in the races.

Central Kids Sports Day A Success

The Central Community Club held its annual "Kids Sports Day" on Sunday which proved very successful. The day was somewhat cool, but the various activities kept everyone warm. Works Manager, Ted Franchuk had both sheets of ice in excellent condition for the event.

Hockey was the first activity with the Peewee A, B and C and girls' teams participating.

Skating races followed with results as follows:

Girls :
6 years and under:
Anice Dunford-1st. Brenda Vanasse 2nd.
7 years, Malissa Shouldice 1st. Carolyn Lawrence 2nd.
8 years-Sherry Sharpe 1st. Margaret Dale 2nd.
9 years -Karen Henton 1st. Mary Poirier 2nd.
10 years -Gaylene Wolframe- 1st Lana Wong 2nd.
11 years -Brenda Ryan-1st Tanis Trent-2nd.
12 years -Teressa Dale 1st, Diane Krutz-2nd.
Boys:
6 years and under-Jimmy Dale 1st Dennie Wilson-2nd.
7 years -Garry Sherman 1st. Brian Maluish 2nd.
8 years -Martin Nelson 1st. Marcel Devigne 2nd.
9 years Danny Krutz 1st. Tim Ivey 2nd.
10 years-Don Dale 1st. Tim Boold 2nd.
11 years Reynold Shouldice 1st. Jeff Ouelette -2nd.
12 years -Doug Henton 1st. Mike Goold 2nd.
13 years--Pat Goold 1st, Paul Dale 2nd.

Barrel Jumping Results:
Girls
10 and under-Leanne Setterland 1st Sherry Sharpe 2nd.
Over 10- Teressa Dale- 1st Judy Zabloski 2nd.
Boys:
10 and under - Tim Goold 1st. Ron Morgan 2nd.
Over 10- Paul Dale 1st. Reynold Shouldice 2nd.

Tug-O-War followed which were enjoyed by kids of all ages.

Paul Resdobutko guessed the closest number of pop caps in the jar and won a case of pop.

Winners of the door prizes were Mike Ouelette, Arnold Shagnon, John Dunford, Roberta Kerr, Shelley Sinclair.

Hotdogs and Chocolate milk were provided for the kids throughout the day.

Sports Briefs

The resignation of J.F. (Bunny) Ahearne, president of the International Ice Hockey Federation was demanded today by Swedish newspapers. The demand follows yesterday's decision in Geneva to move the 1970 World Championships from Canada to Stockholm, Canada withdrew from the March Tournament because we would not have been allowed to use professionals.

- News Briefs -

Goettingen, West Germany- Max Born, German Nuclean Physicist who won a Nobel Prize for his pioneer work in Atomic Structure -died today at the age of 87.Born was a close friend of Albert Einstein and author of more than 20 books.

London-- A BOAC Boeing 707, carrying newsmen and two British officials on an inaugural flight from Miami, landed today at London's Heathrow Airport with one of its four engines not operating. However, an airline spokesman said there was no emergency.

New York--Six men were arrested and charged with gambling and violation of agriculature laws today after police raided a cockfight. Police issued 95 other summonses to spectators.

Melbourne, Australia-- A 61 year old grandfather grabbed a six foot kangaroo in a wrestling hold today after it attacked his daughter and her young child at a zoo 30 miles from Melbourne. The animal was later shot.

Blantyre, Malawi, - The government of Malawi has announced it has banned nine books in the country, including Bed for Beginners by Jack Hanley and How to Undress in front of your Husband - by Libby Jones.

Beirut- - four Lebanese hunters fired at the same bird yesterday, and each one claimed the kill. In the ensuing argument, they turned their shotguns on each other - three were killed and one badly wounded.

Springfield, Ohio--fifty four students at Wittenberg University had straight - A- Averages in the first term of the academic year, but only one of them was perfect. He is John R. Perfect, a junior biology major.

D.D.T. Disposal Under Study

Toronto-- A plan for the disposal of DDT is expected to be released this week by the Provincial energy and resources management department. The insecticide was banned in Ontario late in 1969 and its general use was prohibited after January 1st.

Disposal probably will be in extreme -heat electric furnaces, although only small units are available in the province and destruction of large stocks of DDT may exceed their capacity.

Experts have warned that home and garden preparations containing the DDT should not be discarded with regular garbage, nor should they be flushed down toilets or drains since this would pollute water sources.

Energy and Resources management Minister, George Kerr told the legislature last month that his department was considering the use of electric furnaces to destroy large stocks of DDT. A plan to dispose of the DDT by dumping it into deserted mine shafts was discarded because of the danger of the shafts flooding and spreading pollution into adjacent watercourses.

Improvement District Born

Ear Falls, Ontario--The Improvement District of Ear Falls, Ontario was dedicated and three appointed trustees sworn in at a weekend ceremony.

The community, about sixty miles northeast of Dryden, was an unorganized district prior to January 1st. It has grown from a small Hydro station to a lumber and mine center.

Colin Campbell was appointed - chairman and Ritchie McIntyre and U.M. Dart as trustees.

Municipal affairs minister, Darcy McKeough attended the ceremonies.

Kenora Woman Bereaved By Death

Robert John Ferguson passed away January 1st, 1970, at Central Park Lodge, Winnipeg. He was 78 years of age and formerly lived at the Lee Court. Funeral service will be held in the Thomson Funeral Chapels, Broadway at - Furby , Tuesday January 6th at 1 p.m. Major Austin Millar will officiate, and interment will be in the Brookside Cemetery, Military Section.

Mr. Ferguson was born in Fort William, Ontario, joined the C.P.R. in 1910, retiring in 1956. He served overseas during the First World War with the 12th Field Ambulance corps and was a member of the Army, Navy and Airforce Unit #1. - Surviving are two sisters Mrs. George Beatty of Kenora, Ontario, and Mrs. D.C. Simpson of White Bear Lake, Minnesota, one brother, Alden of Thunder Bay, Ontario.

UK Has Titled Policeman

LONDON Britain got its first titled policeman Friday. Lord Strathnaver, 22-year-old heir to a 90-room castle and one of the largest estates in Scotland, is going to pound a beat.

The 6-foot-3 judo expert and Oxford University graduate finished 13 weeks at Scotland Yard's training college, put on a uniform and became Constable Alistair Sutherland.

"It's a useful job," said the son of the Countess of Sutherland, whose family motto is "Without Fear."

POOL PLANNED

VANCOUVER — Preparations for construction of a $1,200,000 pool to house Skana, the Vancouver Aquarium's killer whale, have started in the city's Stanley Park. Skana currently lives in a 125,000-gallon pool but has outgrown it—the new pool will hold 400,000 gallons.

10 Best Movies For '69 Named

NEW YORK — The National Board of Review of Motion Pictures announced Friday its list of 1969's 10 best movies, with They Shoot Horses, Don't They? at the top.

The board also disclosed that its committee on exceptional films had named Geraldine Page best actress for her performance in Trilogy, Peter O'Toole best actor for his role in Goodbye, Mr. Chips, and Alfred Hitchcock best director for Topaz.

Pamela Franklin was voted best supporting actress for her part in The Prime of Miss Jean Brodie, and Philippe Noiret best supporting actor in Topaz.

Ring of Bright Water placed second and Topaz third in the best films list.

Today's Children

BY : Helen Allen.

MICKEY is a handsome two-year old of English and French descent. Those big eyes are dark brown, and he has brown hair and olive skin. He is an affectionate little boy who likes company and loves to be cuddled.

Mickey gets on well with other children, and though he was once bitten by a dog , he is not at all nervous of animals, wanting to make friends with every dog and cat he sees. His constant playmate is a four year old girl, so he is constantly dragooned into playing house.

Mickey has a very mild form of cerebral palsy which affects his right arm from the elbow down. He prefers to do things with his left hand but is improving in the use of his right.

He was slow in talking, but obviously understands everything said to him. His speech is coming along now.

This little boy needs loving parents who will not worry over his minor physical difficulty and will be able to help him surmount it.

To inquire about adopting Mickey, please write to TODAY'S Child, Department of Family and Social Services, Parliament Buildings Toronto 182.

To Hike Map Prices

Ottawa–The Federal Department of Energy, Mines and Resources today announced immediate increases in the price of almost all maps published by its Surveys and Mapping Branch.

With one exception, all map sheets of the National Topographic System, previously priced at 50 cents will now sell for $1.00.

The exception is the 1:500000 – 1 1/4 inches to the mile– series. All maps in this series still available in half sheets, that is, in east and west halves, will continue to be sold at fifty cents each. The new single-sheet maps at this scale, which cover an area equal to two half sheets, will sell at $1.00.

The prices of wall maps, maps of National Parks, Historic maps and many others are also affected. The department's new price list may be obtained from most local map dealers or by writing to Section A, Map Distribution Office, 615 Booth Street, Ottawa.

LARGE SPOT

To be visible to the protected naked eye, a sunspot must cover about one two-thousandth part of the sun's hemisphere and thus have an area of about 500,000,000 square miles.

GARDEN PROVINCE

Prince Edward Island, Canada's smallest province, is situated in the Gulf of St. Lawrence and is often called The Garden of the Gulf.

Memorial Service For Tom Lamb

The Pas, Manitoba—Government officials, Airline Executives and friends numbering 400, attended a memorial service at the Pas Manitoba, for Tom Lamb, 71 year old northern aviation pioneer who died December 28th while vacationing in Hawaii.

Bishop T.W. Wilkinson told the gathering in the Anglican Church Saturday that Mr. Lamb achieved legendary status in his own lifetime "Because of his great humanity."

Mr. Lamb was founder and owner of Lambair Limited, a charter and special service airline operating out of the Pas.

He bought a plane in 1930 to ferry his fish to markets in the south. The company grew to a fleet of 25 aircraft.

Winter scene at Anicinabe Park.

Breath Tests Paying Off

Canada's new breath test laws will be a major topic of discussion at a 3-day conference on traffic safety being held at the Holiday Inn, Hamilton, on January 8, 9, and 10.

At one of the opening-day workshops a panel representing the police, the legal profession, the judiciary, the medical profession the forensic sciences and social work will debate whether the breath test laws will help to reduce traffic collisions.

Since December 1st, 1969, it has been a criminal offence to be in care or control of a motor vehicle if you have more than .08 percent blood alcohol content.

The conference is the 16th in a series of regional Road Safety Workshops organized by the Ontario Department of Transport. It is expected to attract more than 600 delegates from southwestern Ontario including community leaders, educators, traffic authorities, police officials and private citizens.

The British experience with breath tests will be outlined by Dr. John Havard, a key dinner speaker at the conference. Dr. Havard is Under-secretary of the British Medical association and secretary of the International Committee on Alcohol and Traffic Safety. He has been deeply involved for many years with programs to counter the drinking problem among road users.

A panel of medical experts and automobile industry representatives will discuss the issue: Do Seat Belts Really Save Lives'- during the conference's second day.

The lunchtime guest speaker will be Roy Haeusler, chief engineer for Auto Safety with Chrysler corp., Detroit. Mr. Haeusler is considered to be one of North America's outstanding authorities on vehicle safety.

The second day will conclude with a happening for young people called Road Safety Speak-in and Spin-Out. This event was first held at a similar Safety Workshop in the Lakehead last year, and attracted more than 1,800 students.

The Speak-In is a two hour open debate on what young people can do to help prevent traffic mishaps A panel of six students will question six traffic experts.

Following the Speak-in a discotheque Spin Out will be held with two local bands providing music.

The conference will wind up with a workshop on the importance of traffic safety education and a closing dinner speech by Norman Bell, President of White Trucks and President of the Canada Safety Council.

WEDNESDAY

(1) Beginners Badminton - 8:00 p.m.

NOTE: THE ABOVE CLASSES WILL CONTINUE OR WILL BEGIN ONLY IF THERE IS SUFFICIENT REGISTRATION AND ATTENDANCE.

No Relief Budget Shaping Up

First intimations of the 1970 federal budget, according to Clive Baxter, chief of the Financial Post's Ottawa bureau, suggest that these are the likelihoods. The over all impact of the budget will be anti-inflationary.

"We have to keep the pressure on until people believe we can and will beat inflation" Finance Minister Edgar Benson gold the F.P. There will be another surplus and this will enable the Bank of Canada to keep short reins on credit. The federal government won't be going to the market for money. Special measures to restrain activity and inflation may well be fashioned to affect the areas where business is most expansive and price rises most obvious.

Certainly the 1970 Federal Budget promises to be more unpopular in Ontario, Alberta and British Columbia than in the rest of the country.

Sang Carols To Keep Warm

TORONTO — Part of a Sunday school choir sang carols at a street intersection "to keep warm and chase away fear" Friday night after firemen evacuated members from a church annex.

Choir director Walter Marshall said about 60 boys and girls were practising for a Sunday concert when fire broke out in an annex of the Anglican Church of the Epiphany in the city's west end.

The choir was evacuated and some members decided to stand on a nearby intersection and sing. Firemen blamed a defective oil burner for the blaze and estimated damage at $11,900.

ACTRESS FINED

LONDON — British movie actress Carol White was fined £500 ($1,300) for lying to customs officials about four fur coats given to her by an American boy-friend. The 26-year-old star of the movie Poor Cow pleaded guilty to a charge of knowingly making a false declaration about the coats, worth nearly £6,000, ($15,600) at London Airport in April. Miss White told the court she had fallen in love with a man, identified as "Mr. A" in the United States and he had given her the coats.

HIGH IN THE SKY

The highest standard cloud form is cirrus, averaging 27,000 feet and above, but the rare nacreous or mother-of-pearl formation sometimes reaches nearly 80,000 feet.
