LATE NEWS BULLETINS

Sources in Ottawa report a freeze has been placed on the awarding of foreign decorations to Canadian military personnel. This has set off speculations that a Government ban against the acceptance of such awards by Canadians is being considered.
A special cabinet committee, headed by undersecretary of State Jules Leger, is considering the question. And there are reports the committee could recommend a new series of strictly Canadian Awards to replace foreign decorations. A spokesman for the Defence Department says some 20 military personnel have been recommended for foreign decorations. He says the awards are being held in abeyance pending the committee's report and a cabinet decision.

The chairman and president of the Royal Bank of Canada has criticized Finance Minister Benson's tax reform proposals. W. Earle McLaughlin says the timing of the White Paper seems less than fortunate for success in the fight against inflation. He told the Bank's annual meeting in Montreal today that at a time when, beset by inflation, the country is trying to fight its way out of a corner, it is handed a change in the rules. Mr. McLaughlin said a major redistribution of taxes in favor of spenders at the expense of savers is in itself inflationary. He said the general bias of the White Paper seems to be against capital accumulation by Canadians.

The Alberta federation of Agriculture has rejected a resolution aimed at preventing farmers, commercial feeders and feed mills from buying feed grain directly from producers. The resolution--sponsored by United Grain Growers Limited -- called for control and pricing of feed grains to be placed under the Canadian Wheat Board.
Opposition to the resolution at yesterday's annual meeting of the AFA in Calgary was led by the cattlemen. They said that if the meeting wanted to go along with the resolution, why not go all the way and make farming a public utility.

The vatican's deputy secretary of state, Monsignor Giovanni Benelli, leaves Rome Monday for a visit to the U.S. and Canada. He will arrive in Ottawa January 21st and visit the headquarters of the conference of bishops and have a meeting with Prime Minister Trudeau. He departs for Rome the following day from Montreal.
Meanwhile, Archbishop Sergio Pignedoli, former apostolic delegate to Canada and now Secretary of the Sacred Congregation for the propagation of the Faith will visit Ottawa January 17th to 19th. Bishop William Carew, a Canadian who has been named Apostolic Nuncio to Rwanada-Burundi, will arrive in Canada January 25th for a visit.

Cars Damaged In Accident

An accident at 12.05 p.m. Wednesday resulted in a total estimated damage of some $400.00 to two vehicles. Kenora Town Police report that cars driven by Percy Dickensof Regina Avenue and Ronald Nordlund of Fifth Street North were in collision on fourth Street North. There were no injuries.

Many Fined For Parking Violations

During the past few days, approximately 30 motorists have appeared before Judge J.V. Fregeau under charges of having failed to pay parking fines. When a motorist doesn't show up to pay his fine at the police station within a reasonable time a summons is issued. This means a fine of $5.00.
Should a motorist fail to appear in response to a summons a warrant is issued and then the fine increases to $10.00
Co-operation of motorists is asked in this regard.

O.C.A. Licence Suspended

Ottawa--The Canadian Transport Commission in Ottawa today suspended the license of Ontario Central Airlines Limited to operate a Commercial Air Service out of Kenora. And the Commission ordered the Airline to show cause why the license should not be cancelled entirely.
The move follows four years of official queries about Ontario Central Airlines' passenger volume. The suspended license permitted the Company to operate a charter service from Kenora to Fort Frances, Thunder Bay and Winnipeg.

TRANSAIR EXPECTS TO CONTINUE FOR 3 MONTHS

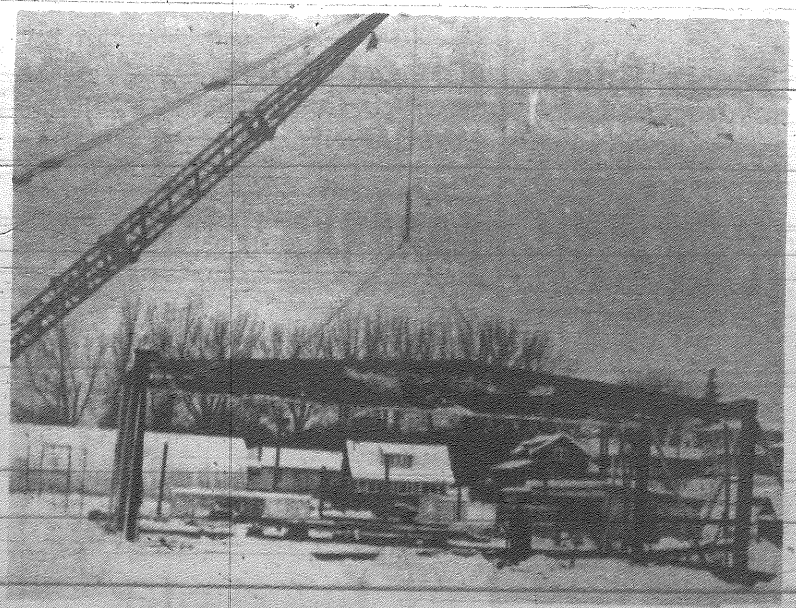

Winnipeg--Transair Limited , a Winnipeg-based Regional Airline is awaiting confirmation from the Canadian Transport Commission that Prairie and Northwestern Ontario service will be continued at least for 3 months.
R.A. Morrison, a Transair Vice-president, said in an inteview today the Company is "confident arrangements will be made for us to continue these servies."
Transair had applied to suspend the services, to northwestern Ontario January 15th and to the prairies January 30th, because the routes were losing money.
The prairie route involved service to Saskatoon from Winnipeg with stops at centers between. The Ontario service included stops at the Lakehead, Kenora, Dryden and Red Lake.
Mr. Morrison said the Commission proposed the Ontario service be reduced to 5 days a week from six on a 3-month trial basis in which equipment, fares and the future of the route could be evaluated.
He said any changes in schedules " will be announced as soon as we get word back from Ottawa."
Mr. Morrison would not confirm however, reports that proposals to continue the Prairie Service did not include Brandon and Dauphin in Manitoba and Yorkton in Saskatchewan.
He would say that "Brandon, Yorkton and Dauphin likely will be dealt with separately" but " at least in the immediate future air services will continue."

MUNICIPAL INAUGURAL MEETING DATES SET

Inaugural meetings for the municipal councils of Kenora, Keewatin and Jaffray Melick will be held within the course of the next few days.
At Kenora, Mayor E.L. Carter and members of his council will be in attendance at the inaugural meeting which will be held in the municipal council chambers at 11 a.m. Friday, January 9th.
At Jaffray-Melick the inaugural will take place with Reeve Joseph Garrow and councillors in attendance at the municipal hall at 11 a.m. Monday January 12th.
Over at Keewatin, Mayor Luke Francis and councillors will be in attendance at their inaugural at 7.30 p.m. Monday, January 10th at the Municipal Office.
Inaugural addresses will be delivered by the three municipal leaders and an invitation is extended to citizens to be present.

ATIKOKAN ARENA TO OPEN JANUARY 18th

Sunday, January 18th, 1970, will celebrate the opening of a newly constructed arena at the Northwestern Ontario town of Atikokan. After approximately 20 years of debating an arena , one is finally built. The Arena, without artificial ice is only costing a little over $100,000.00.
97 Percent of the construction was completed with community volunteer labor. After a defeat of a community plebiscite in 1965, a small group of dedicated women somewhat single-handed kept the project alive, and on the 18th of January, 1970 the results of their endeavors will be seen to bear fruit.
Atikokan will host the two communities lying east and west of its boundaries, Thunder Bay City and the Township of Fort Frances. The Lakehead Oldtimers will take on the Fort Frances Canadians in a hockey encounter

Steel started going up on the new District Trades Office for the Ontario Department of Public Works. The building is being erected on provincial government property adjacent to the new Provincial building in Lakeside

Building costs are rising rapidly. Have you kept your Insurance up to value? Come in and let us explain our Inflation Shield Plan which will automatically keep your coverage up to present day values.

Toastmasters Former District Governor To Visit

Club President Bill Robertson announced that Kenora Toastmaster - Club will have as a featured speaker, Mr. Don Plaskett, a former District Governor. Mr. Plaskett - an employee of Bell Telephone will adress the club at the January 12th regular meeting.

A discussion on the future of the Northwestern Ontario Communities was featured at the January 5th club meeting. Three 2-man teams discussed the possibilities of--forming a new province; joining Manitoba; or remaining with Ontario under a new arrangement. Toastmaster chairman , Grant Downes , the moderator for the discussion, allowed each speaker 3 minute presentations. The team of John Bowiec and Frank England speaking on remaining with Ontario, emerged the victors.

Table Topics chairman ,Wally - Stewart prompted interesting comments on subjects dealing with projections for the 70's. Gruntmaster was John Karwacki, Grammarian Mel Cumberland, Timer- Al Halliday. The meeting concluded with constructive comments from the General Evaluator, Dave Rayner.

MONEY MANAGEMENT FOR YOUNG COUPLES

Money management should be sane, realistic and hard-headed. It involves assigning priorities to what is spent, so that essential expenses are provided for.

Relatively constant expenses include food and household items, housing, clothing and transportation. After these are taken care of, other priorities are savings, insurance and recreation.

For help in planning your insurance priorities, call:

JIM BORROWMAN
114 Main St. S.
Ph. 468-5588

Engagements

Mr. and Mrs. Michel Bourgouin announce the engagement of their youngest daughter, Anita Marie to Wilfred Gerald Derouard, second eldest son of Mr. and Mrs. John Derouard. The wedding to take place on February 7, 1970 at 4 p.m. in St. Louis Roman Catholic Church in Keewatin, Rev. Father E. Dorge, O.M.I. will officiate.

IN MEMORIAM

BROWN — In loving memory of our father, grandfather and great grandfather, Maurice, who passed away Jan. 8, 1967.

Beautiful memories are wonderful things,
That tell the longest day.
They never wear out, they never get lost,
And can never be given away.
To some you are forgotten,
To others a part of the past,
But to us who loved you and lost you,
Your memory will always last.

—Loved too dearly to ever be forgotten and sadly missed by his wife, Elsie and daughters, Evelyn, Verna and families.

CARD OF THANKS

I would like to thank all my dear relatives and friends for all my lovely Christmas gifts and cards and flowers also for visits to me while I was in the hospital. Please forgive me for not sending out any cards. I will try and do better next Xmas, God willing.

A Happy New Year to you all.

Mrs. E. Barnard Sr.

I would like to thank all the ones at Pinecrest who were so kind to me when my Aunt Mary McLay passed away.

Janet Sveinson

Juvenile Muskies To Play Host To Fort Garry Club

Kenora hockey fans will have an opportunity to view the local juvenile talent at the Kenora Recreation Center on Friday starting at 8 p.m. The Kenora Juvenile Muskies. who are composed of local Juveniles All Stars, will play host to the Fort Garry Warriors in a return match.

Their initial meeting in Winnipeg ended in a 5-5 tie and proved to be an exciting hockey game. The Juvenile Muskies trailed 4-1 after the first period, narrowed the count to 4-2 in the second and outscored Fort Garry 3-1 in the final period to create the tie. Fort Garry is currently in second place in the 26 team Winnipeg Juvenile League.

The Kenora club will be wearing the familiar basic white uniform of the Muskies. Most of the players are Junior Muskie affiliates who may dot the Junior lineup in the near future.

Included in the lineup are goaltender Sten Karlsson, defencemen Rick Strain, Perry Heatherington, Dave Brett, Doug Lund, Al Keiras and Randy Reid.

The forwards include Mannly Dubroy, Larry Leroux, Terry Shaw Jack Chisholm, Daryl Spencer, Murray Robertson, Peter Robertson, Rick Portman and Doug Boucha. Defencemen Jim Portman and Gary Nelson may also see action along with forward Terry Leroux. Brian Leroux will be at the helm of the Juvenile Muskies . The team has also been invited to participate in the Fort Garry Invitational Tournament which will embrace teams from Saskatchewa, Manitoba and Ontario, including a team from Toronto.

For a preview of Kenora's future talent take in Friday's game at the Recreation Center starting at 8 p.m.

3 Day Closing Safeway Stores In Edmonton

Edmonton--Canada Safeway Ltd., says the firm's 36 stores in Edmonton will be closed for 3 days next week to reduce prices to meet increasing competition.

A Company spokesman said stores will be closed Monday, Tuesday and Wednesday while the prices of some items are readjusted. The Director of Retail operations of Alberta Wholesale Grocers Limited, Wilson Lee, said there has been pressure on prices since discount food stores entered the picture.

KEEP MOBILE

EDMONTON — Many farmers buy mobile homes rather than build homes on their property because a farmer can take his mobile home with him when he retires or wishes to move. Additionally, the construction costs of building a house are not recovered if the farmer wishes to sell his farm.

MANY IRREGULAR

The English language has 194 irregular verbs.

Meet the Teacher

MR. DONALD CAMBRIDGE, B.A. IS A NATIVE OF Saskatoon, and a graduate of the University of Saskatchewan. After spending four years in the R.C.A.F. and six years in industry, Mr. Cambridge began his 3 years of teaching experience in the Saskatoon West School Unit, Pardue, Sask. Mr. Cambridge is married, with two children. He is teaching Science and Senior Chemistry in Beaver Brae this year.

East German Family Escape

BONN — An East German couple and their six children walked across the frozen Elbe River and asked for political asylum in West Germany on New Year's Eve, officials said today.

The children ranged in age from two to 14 years. The officials said East German border guards apparently did not notice the group.

The Elbe is frozen over for the first time in seven years. It forms the border between East and West Germany for a stretch of about 60 miles.

Mia Farrow To be Married

NEW YORK — Composer-conductor Andre Previn said Sunday he will marry the pregnant Mia Farrow as soon as he is divorced from his wife Dory.

"I will certainly marry her when the divorce comes through," he told reporters at Kennedy Airport on his arrival with 100 members of London Symphony Orchestra for a three-week concert tour of the United States. Previn is the group's principal conductor.

MOUNT EVERGREEN NEWS

It was about this time one year ago that the club executive was considering the possibility that, despite frigid temperatures and a real scarcity of snow the club might open for the season on at least a limited basis. Which might help you to understand the reason for the smiles of sweet contentment currently to be seen in all their shining glory on the faces of the club's officers who have shouldered the main burden for the success or failure of what is still, essentially a volunteer, community enterprise.

This year's operations, despite a normal quota of binds and problems has been blessed with an early December start and a Christmas holiday session that has been one of the best in the history of the club. And the slopes have stood up astonishingly well to the onslaught, thanks to a continuing light powder and continual heavy work by Colin and his crew.

The hill crew will be hard at it again this coming week, getting things in shape for the Konantz Memorial Slalom which will be held at Mount Evergreen this coming Sunday, January 11th, commencing at 11 a.m. Post entries will be accepted to 10.30 a.m. Craig Kehl, Jane Myles and Curt Ronning are expected to be among the Kenora leaders along with out-of-town entries and challenges from other local aspirants.

The Nancy Greene Ski Leaguers start this weekend too. Mount Evergreen has 3 teams of 13 and unders all fired up and rarin' to go. That's 45 youngsters altogether under the leadership of Wilf Symonds, Jane Myles and Charlie Strachan. Dryden Ski Club also has 3 teams and the six from this area will compete to produce a champion to meet the top team from the Manitoba area representing Winnipeg, Holiday Mountain, Mount Agassiz, Flin Flon and Thompson Ski Clubs. Saturday, January 10th will open the season with Jane's team meeting Charlie's at 1 p.m. And Wednesday afternoon skiing will being on a trial basis on the 14th. This is something about which there has been many queries lately and the club is more than willing to provide the facilities------IF. So the runs will operate on the 14th, the 21st and the 28th of January and will continue if the amount of interest warrants it.

Meantime, there will be skiing as usual this Wednesday night and on Friday night, the usual out-of-town visitors this weekend. It seems as though Manitoba skiers have begun to discover Mount Evergreen in real numbers and there were even North Dakota, Illinois and California license plates to be seen on the lot last Sunday. We wonder if our local businessmen noticed the emergence of Kenora's winter tourist attraction.

Sports Briefs

The winner of 3 swimming gold medals at the Mexico Olympics, Debbie Meyer of Sacramento, California, was beaten today by Karen Moras of Sydney in the 800 meter freestyle at the new South Wales championships in Sydney. Miss Moras was clocked in nine minutes 14.2 seconds to set an Australian record. Miss Meyer whose world record stands at 9.10 .4, was second in 9.25.1.

The St. Louis Cardinals report 1970 contracts have been signed by three pitchers and center fielder Jose Cardenal, whom they got from Cleveland. The three pitchers are Jerry Johnson, George Culver and Tom Hilgendorf.

CHILDREN ABANDONED

LONDON, Ont. - The number of children abandoned by their parents last year in Middlesex County increased to 91 from 52 in 1968, Terry O'Brien, director of Family and Children's Services of London and Middlesex, said Tuesday.

Commercial Fishing Back In 1895

Have you ever wondered what commercial fishing was like on the Lake of the Woods back in 1895? Well, A.R. Olsen, fish and wildlife Division, Department of Lands and Forests at Kenora has compiled some very interesting data from a report made up by C.W. Chadwick, Overseer of the Department of Marine and Fisheries at that time.

There was a total of 76 pound nets being used and fish exported amounted to a total value of $114,-440.00.

Nearly 1/2 million pounds of whitefish was in this group and the report said that sturgeon was a staple fish of the large district. He recommended the penning of sturgeon as propagation source-in some inflowing river-.

Mr. Chadwick recommended the issuance of 6 to 7 licenses to an owner of a fish plant and have him a responsible person, to hire out labor to fish his licenses.

Broken down in categories of poundage and value, Mr. Chadwick's report showed that there was a total of 466,500 pounds of whitefish taken but the value was not listed.

715,950 pounds of sturgeon brought the fishermen $42,957.00 ; 209,600 pounds of pickerel $10,480. Other fish listed, without values were trout 4,800 pounds; maskinonge 940 pounds ; pike 54,665 pounds; coarse fish 80,000 pounds. Total fish take amounted to 1,532,-455 pounds.

Perfume Stains

Perfume stains are of the most stubborn kind, but you can try wetting the spot with water, then working on it with glycerin and a cheesecloth, finally rinsing with water. If traces still remain, work on it some more with a 20 per cent solution of vinegar, and flush it out with water.

HOUSEHOLD HINT

Thermal fabric, long a favorite in the ski lodge is also popular in the nursery. The waffle construction traps warm air so the fabric can be both lightweight and warm. For the infant, it is used in pretty pastel shades for blankets, creepers, sacques and buntings.

Kenora Resident Bereaved By Brother's Death

James Alexander Gartshore, 511 Victoria Avenue, Fort Frances, Ontario, passed away Wednesday December 31st in the La Verendrye Hospital. He was 48 years of age.

Mr. Gartshore was born in North Bay, Ontario on December 17th 1921. He had lived in Fort Frances since 1952. He was married to the former Renee Florence Evans on December 18th, 1943.

Mr. Gartshore was an inspector for the Ontario Department of Highways. He was a member of the I.O.O.F. in Fort Frances.

Funeral services were held on Saturday January 3rd at 2 p.m. from Green Funeral Home with the Rev. S.J. Kennedy officiating Interment was in Riverview Cemetery.

Mr. Gartshore is survived by his wife, two sons, James Jr. and Patrick , both at home; and two daughters, Sheryl, Mrs. Roy Rawn of Kenora and Jeanne, Mrs. Robert Kyryluk of Florida.

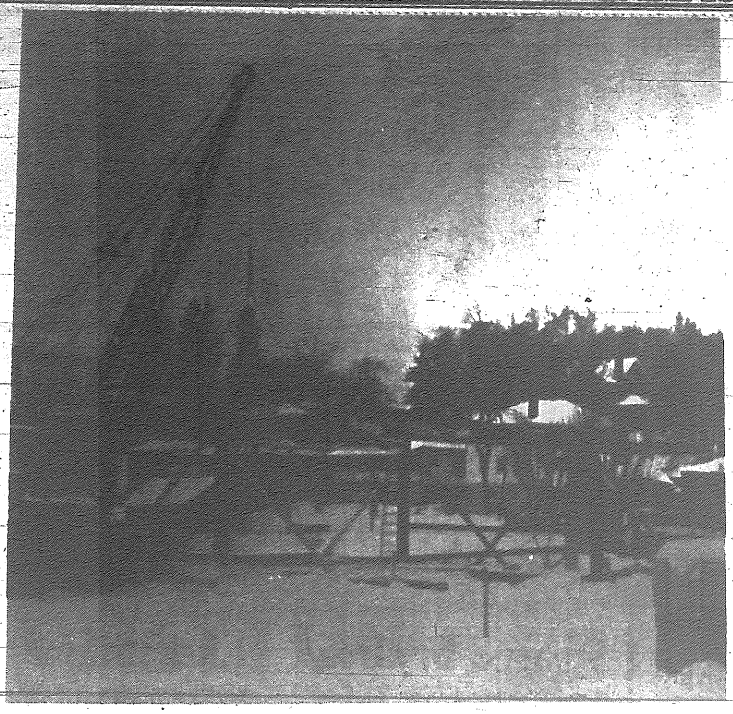

Other survivors include onegranddaughter.

Cinnamon Toast

You can make a delicious piece of cinnamon toast by liberally sprinkling a hot piece of buttered toast with a cinnamon and sugar mixture . . . one part cinnamon to four parts sugar.

Bell Firm Seeks Fresh Capital

OTTAWA — Bell Canada sought approval today from the Canadian transport commission for a new issue of preferred stock designed to raise $94,000,000 in fresh capital.

The new stock, which would be convertible share-for-share for common stock until Feb. 1, 1982, would be offered to common stock holders at $47 a share on the basis of one preferred share for each 18 common shares now held.

In addition, on the same one-for-18 basis, Bell would offer 2,000,000 common shares of Microsystems International Ltd. at $10 a share. Microsystems is a subsidiary of Northern Electric Co., itself a subsidiary of Bell, and manufactures electronic components.

The new preferred Bell stock would pay $3.20 a year fixed dividend, yielding investors about 6.8 per cent.

The stock issue is to be underwritten by a group of Canadian investment dealers headed by A. E. Ames and Co. Ltd.

There was no opposition to the Bell proposal at the commission heading, which is continuing.

TORONTO — Kilgoran Hotels Ltd., owner of the Brunswick Hotel in Toronto, was fined $5,000 Tuesday for having too many chairs in a beverage room. The company was charged with failing to provide 12 square feet of floor space for each chair, seat or stool in the licensed lounge.

Parents are asked to warn their children about playing on the creek in the vicinity of the First Avenue South bridge. Bottom photo shows open water where a little one could easily be drowned. Top photo is of fence erected across creek to discourage anyone from trying to go directly on-to the lake . Much open water is in the area.

Things to Come

LONDON, Ont. — To stay in business Canadian farmers will have to discard pre-conceived notions and consider producing unconventional products like shell-less chicken eggs, turkeys without feathers and crops of catfish, an agriculture specialist said Tuesday.

Dr. Grant Carman, information director for the federal agriculture department, told members of the United co-operatives of Ontario, "the knowledge has been available to us but we don't use it because we don't have to" at present.

Commonplace

TORONTO — A doctor who directed Canadian medical aid in Vietnam for five years says he knew about the Song My massacre two weeks after it happened but did not report it because such slaughters were commonplace.

Dr. Alje Vennema said Monday night that his hospital was six miles from Song My, where at least 110 civilians were alleged to have been murdered by United States troops.

Dr. Vennema said another reason why he did not report the incident was because the U.S. forces would argue that all the dead were Viet Cong, "even the two-year-olds."

Today's Children

BY: Helen Allen.

Looking at you so quizzically is Betsy, who will soon be 3 years old.

What a wonderful present for this little Ojibway Indian girl if she could have a mother and father and a home of her own in time for her birthday.

Betsy is a pretty child with lovely dark eyes, black hair and medium complexion. She was born prematurely, but was a normal, healthy infant and is now average in height and weight. She is developing well in all areas except speech, where she lags a bit and is sometimes difficult to understand.

However, she appears to have at least average potential so a stimulating atomosphere should help the conversational difficulty.

Betsy is good natured and loves attention and is very affectionate. She needs parents who will appreciate her background.

To inquire about adopting Betsy write to Today's Child, Department of Social and Family Services, Parliament Buildings, Toronto 182.

Uniforms For Ont. Pavilion Have Bright Look

Ontario style at Expo 70 will be displayed by the bright young look of the uniforms worn by the 14 hostesses and 13 hosts of the Ontario Pavilion at the Osaka Exposition.

Toronto Couturier Zoe Cokkonis designed the hostesses uniform. They will wear a chrysanthemum yellow dress trimmed with white at the neck, hem and sleeves. The high placed belt has a gold clasp whose design is the Ontario Pavilion symbol, a new variation on the official provincial trillium.

Because of the wide range in Japan's weather conditions, there will be two versions of the uniform. In the damp, cool, early spring (the staff arrives in late February, Expo 70 opens on March 15th) the hostesses will wear a wool dress with short sleeves For outdoors, they will add cape, vinyl boots and a wide brimmed hat, all in white.

For extremely hot and humid summer months, the dress will be sleeveless and in a washable tropical weight. Clear plastic capes and umbrellas will protect them against the frequent rain-showers in Osaka. Shoes and handbag will be white with gold accents.

The hosts will wear an up-to-date version of the traditional blazer and slacks. The gold buttoned blazer and the vest are in a chocolate brown tone; the slacks are stone beige. Persimmon colored shirts, brown ties and brown slip-on shoes complete the look. The host uniform was designed by Paul Firestone of Cy Mann Clothes, a Toronto men's clothier.

Ontario Group To Visit Sweden On Pollution

Toronto-- The general-manager of the Ontario Water Resources commission, D. S. Caverly, will travel to sweden with Federal officials this winter. They will examine a process for controlling the pollution caused by phosphates in household detergents and agricultural fertilization.

The trip is part of the Research being done by the Ontario Department of Energy and Resources management prior to preparing legislation for the control of detergents. The legislation is expected to go to the legislature next year.

It is understood the Swedish process involves use of an agent in detergents which speeds the breakdown of phosphates. It lessens pollution but also increases the corrosion of washing machines and causes problems through caking. Detergent manufacturers claim they have to use phosphates to produce the degree of cleanliness demanded by housewives. However the phosphates are blamed as the major pollutant of water courses, since they speed up the growth of algae which destroys oxygen in the water.

A major problem for the government in preparing legislation is control of phosphates used in agriculture. The run-off from agriculutural land into water courses carrying phosphates with it, is another major contributor to pollution.

Consider Banning Studded Tires

Hamilton - - - Transport Minister Haskett says a report indicating studded tires damage highway surfaces could lead to legislation banning the tire studs. He told a highway department workshop in Hamilton today the relation between damage to the roads and possible safety advantages must be reviewed.

The Department of Highways report said that over the next nine years, the tungsten-tipped studs could chew up Ontario roads to the extent that it would cost an additional 127 million dollars in road repairs.

NEW FABRIC

EDMONTON Milium is the trade name for a lining fabric coated with aluminum, says Fabric Facts and Finishes, a booklet produced by the Alberta agriculture department. The fabric gives warmth in winter and coolness in summer, but must be dry cleaned and is not durable.

AMIK ASSOCIATION AIDS INDIAN TO HELP SELF

A monthly news letter is being published by Amik Association as an endeavor of keeping interested parties completely informed on the current progress of Amik and its member corporations.

Amik, in cooperation with the various government agencies has as its aim the social and economic development of the Indian people. Amik Association, federally chartered in February, 1964, is a non-profit organization, made up of Indian and non-Indian people who are organized for the purpose of assisting underprivileged communities, mainly of Indian origin, to improve their social and economical circumstances.

All means available from all sources are searched out and employed to enable the Indian people to obtain an adequate education for the prime purpose of making a living. The motto is "learning by doing" and an attempt is being made to start actual businesses, where the Indian may participate and work according to his individual skill and knowledge.

Of the six Indian Corporations now affilliated with Amik, three are status-Indians living on Reserves, while the other three corporations are made up of non-status Indians living off of the Reserve. These corporations operate under Amik's guidance. Each corporation has representation on Amik's Board of Directors and Amik likewise has representatives on the board of the affiliated corporations.

First, through research and survey, potential economic opportunities, based on the available local natural resources are sought out. Then help is given to the corporations to obtain loans or grants to provide capital for business ventures. Guidance, advisement and supervisory assistance is continued with the ultimate goal of phasing out this assistance when it is no longer necessary, as the members are trained and capable of handling their own affairs entirely.

Amik Association spokesmen say they feel they have made a small start in the right direction as they prove the feasibility of the approach. They are confident that sufficient funds will be made available to enable them to pursue the work on a larger scale, and to follow up the programs already in effect with closer supervision and guidance.

Pawitik Corporation, located on the Whitefish Bay reserve, near Sioux Narrows, has a popoulation of about 350 people.

Since this reserve is located quite a distance from town, the first project has been a general store, with commercial fishing being operated in conjunction. The income last year was $160,000.00. The fish are received by the store management with credit being used toward food and clothing purchases by the fishermen.

Plans are underway for an approved fish processing station with proper facilities for hot water, drainage, sanitary facilities etc being installed by the Department of Indian Affairs.

Amik is presently engaged in reviving a trailer park complex program upon which the preliminary planning was done two years ago, but which had to be temporarily shelved due to the lack of the corporation's share of investment-funds.

This complex, which will be located on the Reed Narrows site of the Whitefish Bay Reserve, is to have space for fifty trailers along with complete service facilities for tourists, such as a store a marina and a service station. A grant of $10,000.00 was approved by order-in-council of the Department of Energy and Resources, under the Parks Assistance Act, on August 8th, 1968. This investment being made by Pawiktik corporation. As a portion of the money is now available, the project should get underway this winter.

A presentation to Ontario Development Corporation is being prepared, with the hope that ODC will be able to participate in this venture.

Pawitik is the most versatile of the affiliated corporations of Amik -This group is extremely rich in all kinds of potentialities.

In addition to their store and fishing operation, they operate school buses, which are also used for charter purposes to transport the people to social activities and sporting events in other towns in the area.

The ladies' group is engaged in making of handicraft.

As yet, this corporation has not qualified for a grant from the Department of Social and Family Services since they have not yet decided on a suitable project. They had begun the plans and procedures for manufacturing fish boxes to supply the Fish Marketing Board, but this project was taken out of their hands by a non-Indian organization.

Five of the group are presently following administrative courses. The Department of Indian Affairs Education Branch, has started an educational training course for the store employees at Pawitik. Bookkeeping, separate and apart from other responsibility in the store. Cost control has been initiated and inventories taken, and new accounting procedures have been installed.

The Department of Indian Affairs has cooperated closely in the reallocation of pulp-cutters from Pawitik and Sabaskong to Widjitiwin.

Pawitik has two men's hockey teams in the Kenora Commercial League and players and spectators travel by their own bus to Kenora each Sunday for an exciting evening of hockey.

Pawitik obtained a loan from the Indian Affairs Branch. Both Pawitik and Amik feel the terms of the loan should be revised.

Once the members of Pawitik can harness their potentialities of human and natural resources, they will compete easily with the neighboring non - Indians in all areas of activity.

From time to time, the Miner & News will bring reports on the activities of the other affiliated corporations in Amik. President of the Association is J.N. Davidson of Kenora.

DEPARTMENT OF PUBLIC WORKS OF CANADA

The lowest or any tender not necessarily accepted.

D. R. Miller, Manager,
Administrative Services,
Northern Ontario District.

Objective Set In Annual Easter Seal Campaign

Toronto— The 1969 Easter Seal Campaign for Ontario Crippled Children reached its $1,470,000 objective in the closing days of the year, campaign chairman, W. D. Whitaker of Tronto announced today.

Mr. Whitaker said a late surge of industrial and welfare fund year-end donations ensured the campaign's success.

"Fulfilling our objective," Mr. Whitaker said, "will serve as an incentive for the 1970 camapign."

He said that although no target figure has yet been set, the Ontario Society for Crippled Children is faced with the dual problems of rising costs and rising demands for its services.

Mr. Whitaker explained that the campaign, although concentrated during the pre-Easter period, actually extends over a much longer period of time and donations to the Society are always acceptable.

The campaign is conducted by the Society in conjunction with more than 230 service clubs across Ontario, Mr. Whitaker said, "And credit must go to these clubs as well as to thousands of individual and corporate donors for the campaign's success."

MINER AND NEWS CLASSIFIEDS BRING RESULTS

8 Week First Aid Course Set

From Around The World

A Hong Kong newspaper says that Prime Minister Trudeau hopes to meet with Communist Chinese officials in Hong Kong next May. It says the Prime Minister is to spend about 3 days in Hong Kong beginning May 23rd. He will be making a private stopover on his way to Expo 70 at Osaka, Japan, from a tour of New Zealand and Australia.

The paper--The China Mail--says Mr. Trudeau requested the Hong Kong meeting as a followup to the current talks between Canada and Communist China in Stockholm. The paper says Mr. Trudeau prefers to meet the Chinese in Hong Kong because a meeting in China could jeopardize Canada's relations with the Nationalist Chinese in Taiwan.

In Ottawa, an external Affairs spokesman said today it is conceivable that the Prime Minister will make a brief stop in Hong Kong on his Asian trip. But the spokesman added there are absolutely no plans for political discussions of any nature.

* * *

Reports say contacts are taking place today between Egypt, Syria, Iraq, Jordan and the Sudan to fix the date of a second Arab Summit. The Cairo reports say the meeting will be held next month as a follow-up to the recent Morocco Summit.

The reports add that the talks will be preceded by a series of preparatory meetings, including meetings of the foreign and Defence ministers of the Arab States mentioned.

* * *

Egytian officials and representatives of the Palestine Liberation Front have concluded top - level military and political discussions in Cairo. The semiofficial Cairo newspaper Al Ahram says the talks led to important results in consolidating and strengthening relations between Cairo and the Palestinian guerrilla movement. The paper did not elaborate.

Israeli sources in Paris say Israel's Pris-based Chief Arms buyer in Europe, Admiral Mordechai Limon, Will leave for Tel Aviv tomorrow. Limon's recall from the French Capital was demanded by France following the Cherbourg gunboat affair.

* * *

The first plenary session of the Vietnam Peace Talks in Paris for the New Year has started in much the same manner as did the 48 meetings last year. North Vietnam again termed U.S. Policy -unresonable- and said the U.S. is responsible for the stalemate in the talks.

The Viet Cong sent its 3rd ranking man. North Vietnam and Saigon were represented by deputies and the U.S. sent acting delegation Chief Philip Habib. North Vietnamese ambassador X u a n Thuy still is boycotting the negotiations because o f President Nixon's failure to appoint a replacement for ambassador Henry Cabot Lodge.

Recreation Tips

Snowmobiles are as thick as outboards in the vacation areas these days. They are noisier than their summer couterparts and not restricted to lakes and rivers In fact, snowmobilers can go just about anywhere their fancy leads them. And from reports coming into the Ontario Safety League offices, this does not always end up the fun and games that snowmobiling should be.

The main problem seems to be that too many snowmobileers are not sufficiently familiar with how their machine operates or what it will safely do. To counteract this situation, the League has organized an educational program for snowmobile drivers, called Operation SOC, a Snowmobile Operators' Clinic. T h e manufacturers and distributors of snowmobiles i n Ontario are cooperating with the League by providing mach a n e machines to farm teams which will appear on winter weekends at major snowmobile resorts and snowmobiling areas such as provincial parks and conservation areas. Snowmobile clinics which are free to the public will be conducted on Saturdays and Sundays and all aspects of this popular sport will be discussed and demonstrated in an interesting and entertaining program.

Dates and locations will be widely publicized on RadioStation CFRB and CFTO-TV Channel 9 in Toronto and the Toronto Star as well as broadcasting facilities and the press in local areas.

The Ontario Safety League and cooperating snowmobile teams invite the public to attend and enjoy Operation SOC on coming winter weekends.

Hairstyling Tip

To set cheek curls or shortie bangs in the exact style desired, wet - comb them in position, then hold them in place with cellophane tape. When the hair has dried, remove the tape, and your hair will be precisely set.
