REX KITELY
Senior O.C.A. Pilot and Company Vice President

BARNEY LAMM
President of Ontario Central Airlines and a man of vision who saw the advantages of setting up a central depot to handle the servicing of all his vast fleet of aircraft and made a deal with the C.N.R.

Rollie Hammerstedt, left, Maintenance Engineer with Ontario Central Airlines at Redditt, Ontario and Dennis Fournier, are the men who keep things rolling over at the Redditt operations. They stand beside structure of Beechcraft

Poised and ready to take off into the wide blue yonder is this $75,000 piece of aircraft over at the O.C.A. base in Redditt. This recently acquired DC3 is a welcome addition to the large fleet and is specially equipped for work in the expanding north

Ever Growing O.C.A. Keeps N.W. Ontario Village Alive

(Story and pictures by Clarence J. Dusang)

A small community in Northwestern Ontario has continued to live and, in fact, faces a bright future thanks to the foresight of one of the Northwest's biggest boosters, Barney Lamm, president of the progressive and ever- expanding Ontario Central Airlines.

It was at the end of the 50's when it became apparent that the Canadian National Railway Company intended to phase out its divisional point at Redditt, some 20 miles north of Kenora.

The small community had been a "railroad town" for many years Railroaders worked there and raised their families there and all that was talked was railroading. Then came the clouds of apparent doom. People wondered what was to happen to the many lovely homes, properties and other interests which had been cultivated at Redditt over the years.

The railroad commenced to close down its facilities. The grunt and groan of the steam giants and later , of the sleek diesels faded into the past. The hiss of steam, noise of hammers and shouts of workmen were stilled in the sprawling roundhouse which had been the center of industrial activity for years and years.

With nothing but pessimism facing the town's inhabitants, all looked dismal indeed. Then along came Lamm. He visited Redditt, looked over the facilities and potential offered by the dormant roundhouse and surrounding property. He talked to the railroad people and a deal was made.

Soon the old roundhouse commenced to clatter with activity once again. Lamm had decided to set up his overhaul and aircraft maintenance base at the roundhouse. It was a natural. Workmen converged upon the scene. Railroad crews ripped out the old turntable in the shops. Spur tracks were lifted and taken away and soon things began to take shape. Ontario Central Airlines started operations at Redditt in 1961 and today, a total of 30 people are employed at the Base.

Half the employees are residents of Redditt and, as Dennis Fournier -office manager said " we do everything we can to see that local personnel are on the payroll." Where, just over ten years ago, "for rent" and "for sale" signs decorated many a home in Redditt, today there isn't a vacant residence.

The Ontario Central Airlines fleet comprises some twenty five aircraft from the smallest of Cubs to the giant Canso. OCA planes can be seen winging their way through the skies twelve months of the year. The company operates twelve different types of licenses and has bases at Kenora, Redditt and Red Lake.

At Redditt a 4,000 foot runway, immediately adjacent to the spacious overhaul base can accommodate every aircraft owned by the airline. Even the giant Canso can touch down safely and taxi up to the former roundhouse. The rear of aircraft engines has replaced the giants of steel in this modern and progressive age.

OCA planes fly on skis, floats or wheels. At the western end of the runway is a lovely little lake which adds to the natural surroundings for the overhaul

(Continued on page six)

LATE NEWS BULLETINS

Labor Minister Bryce MacKasey today expressed confidence that disputes between labor and management will not interfere with operation of his new industrial peacekeeping force. He told an Ottawa news conference that his five industrial specialists will keep regular contact with senior union and management officials and be able to identify obstacles to agreement well in advance of bargaining session collisions.

The Labor Minister's task force will be responsible for relations in industries within Federal jurisdiction. It will compile lists of grievances and attempts to head off resentments which breed strikes.

Egypt has declared that Britain's reported sale of arms to Israel would be considered a hostile act against Arab countries. An official government spokesman told a news conference in Cairo that Egypt is greatly concerned about the reports.

The Egyptian spokesman said such a deal would be a move to consolidate Israeli aggression. The spokesman was referring to reports that Britain will supply Israel with reconditioned Centurion Tanks being phased out of British Nato Forces in West Germany.

West German Chancellor Willy Brandt says he plans to hold talks with President Nixon in Washington in early April. Brandt made the announcement in Bonn, in his first State-of-the-Nation speech. He stressed West Germany's firm commitment to Nato and to consultation with the U-S on major policy issues.

Brandt said one topic he wants to discuss with Nixon is the proposed European Security Conference — which Bonn favors. He said the same topic will figure in his talks with French President Pompidou in Paris later this month and with Prime Minister Wilson in London in March. In his speech today, Brandt also rejected East Germany's demand for international recognition. But he invited Communist Leader Walter Ulbricht to enter talks soon on renouncing force.

U-S Vice-President Agnew has conferred in Canberra with Australian Prime Minister Gorton. And he said the talks show the U-S and Australia understand each other well. Agnew gave no reaction to anti-war demonstrations — which resulted in 15 arrests — or criticism by the Australian news media.

At the Amazon Embassy, where he held an impromptu news conference, Agnew said: "I'm rather used to demonstrations. I pay very little attention to them." And Agnew said — of printed criticism — "I didn't come here to impress the press, so to speak."

A north-end Montreal couple and their ten-year-old son died in a fire in their home early today. The victims are identified as 49-year-old Donald Rourke, his 27-year-old wife Lorna and their son, James.

Officials say death was due to asphyxiation from a blaze which broke out in a chesterfield.

No break is in sight in the icy cold spell which is gripping the prairie provinces. The lowest temperatures early this morning were in northern sections and ranged from 38 below to 52 below zero. Light snow is falling over central and southern Alberta and Saskatchewan with areas extending into Manitoba.

The thermometer is expected to plunge again tonight to record-breaking lows over many northern localities. And near-blizzard conditions are expected to develop in southern Saskatchewan.

Next 30 Years Belong To Jaffray Melick Says Garrow

Reeve Joseph Garrow of Jaffray Melick, in his inaugural Address referred to remarks made by Kenora Mayor E.L. Carter on annexation. Reeve Garrow pointed out that Jaffray and Melick cannot afford to lose any assessment and operate efficiently. He predicted that the Kenora Mayor was only looking for a broader tax base. He questioned the services which could be provided to the annexed area without running into prohibitive costs. Annexation would cost Kenora many thousands of dollars if implemented, said Garrow.

The Reeve congratulated Peter Pestaluky on his win at the polls and welcomed the return of Frank Peterson for another term. He remarked that the 70's would be a challenge to municipal government - He predicted an increase in education costs and improvement in municipal roads with the new equipment at the Department's disposal.

Reeve Garrow reminded council of the study now being processed regarding reform of municipal Government for this area and felt that any application by Kenora to annex a portion of the township would not be appropriate.

Looking at the future Reeve Garrow expressed his hope that if there is any growth it will come to Jaffray and Melick, he predicted "the next 30 years belong to Jaffray and Melick".

On looking at projects for the coming year, the Reeve mentioned running water service from Rabbit Lake source to the Centennial Hall, putting facilities at the beach such as slides and a diving tower, and expressed his belief that this municipality was tending to become more and more a recreational area and encouraged such activities and groups as the Ski Club, the Car Clubs and the Power Toboggan and Ice fishing. He stated that further discussion on rerouting the Rabbit Lake Road will be taking place in the near future in an effort to bypass the Beach Area which would permit further recreational development.

"We must keep looking ahead" the Reeve further commented - "as we don't want to burden the next generation with higher costs of housing and facilities. This year- Reeve Garrow stated, "we will hold the line with no unnecessary expenditures".

The Reeve ended by urging Boards and other organizations to slow down because it is growing ever more apparent that the future generation does not want to live in the 'rat race' that we have created.

Councillor L. Robert Edlund congratulated Reeve Garrow and Councillor Frank Peterson on - being re-elected to his respective office and welcomed Peter Pestaluky to council. Mr. Edlund stated that he felt council would have to work together throughout the 70's in the light that Kenora's Mayor announced a possibility - that application for annexation of a portion of the municipality could be made by Kenora. He expressed his belief that Jaffray and Melick with its present boundaries can operate efficiently, but any portion that is lost, especially that which is in the vicinity of Kenora, would be catastrophic for the balance of the municipality.

COUNCIL COMMITTEES SET AT JAFFRAY-MELICK

Councillor Frank Peterson has been appointed acting Reeve of the municipality of Jaffray-Melick for the year 1970, at the Inaugural Meeting of Council. Other committee appointments are as follows:

Board of Works- Councillor Frank Peterson, chairman, Councillor Peter Pestaluky, Vice Chairman.

Finance- Chairman, Reeve Joseph Garrow. Vice Chairman - Councillor Keith Parsons.

The Reeve and Clerk were appointed as relief administrators for the year 1970.

Reeve Joseph Garrow was appointed to represent council on the Kenora District Hospital Board in the year 1970.

Councillor Keith Parsons was appointed to represent the township at the Northwestern Health Unit for 1970.

Councillor L.R. Edlund was appointed to represent the municipality at the District Children's Aid society.

Mr. J. Forbes was appointed to represent the township in the District of Kenora Child Welfare-Board.

Reeve Garrow will represent the township on the Publicity Board.

Parks Board- Councillors Peter Pestaluky and L.R. Edlund.

Board of Directors for the Centennial Committee - L.R. Edlund and P. Pestaluky.

F.M.O.-Councillors L.R.Edlund , W.K. Parsons and clerk J.P. - Sweder.

Liaison - Pestaluky, Peter Pestaluky, Leo Herbacz and John Hiedinga.

Anti Pollution Committee- Arnold Canfield, Terrance Tresoor, Ralph Wilson, Jim Gilbert and Peter Pestaluky.

Honorary Fire Wardens:

Joffre Villeneuve- Villeneuve Road. Clarence Day - Redditt Road. Phil St. Germain- East Melick Road, John Strecker - Airport Road. Glen Parmeter- Rabbit - Lake Road. W. Synarchuk-Roads Superintendent.

Ludgie Villeneuve -River Road. Brian Brown- Redditt Road, Sid King- Homestake Road, Raymond Tew-East Highway, Duncan Begg-Essex Road- Paul Prokulavitch -Peterson Road.

Poundkeepers- John Bogden and John Hiedinga.

Weed Inspector - Hazel Bull

Water Works Committee-Frank Peterson, Keith Parsons, Robert Edlund, Peter Pestaluky, Ron - Lowes , Joseph Garrow, Alex Mostow and Don Beach.

Planning Committee- Donald Beach, Ronald Lowes, Arthur Gagnon, Murray Graham, Robert Edlund, Peter Pestaluky.

Volunteer fire department Council reps- Peter Pestaluky and Robert Edlund.

Appointment of Municipal auditors in 1970 was held in abeyance for further discussion.

Before adjournment, Council paid tribute to past councillor Edward Alcock who has given his time and energies to municipal government over a number of years and who declined to allow his name to sit and for the last election.

Town Council Briefs

At Monday's regular meeting of the Kenora town Council a letter was received from J.A. Fraser, Director and Secretary, Kenora Board of Education advising that a request has been received from the Trasurers of the former school sections of Boys and Pellat, Pellat /Land Minaki for an arbitration to determine the appointment of amounts that each municipality shall raise in taxes in accord with section 86 (4) of the Secondary School and Boards of Education Act. Council was advised that a meeting had been called for this purpose at 1 p.m. Thursday, January 15th.

The question of endorsing a resolution of the Parry Sound Municipal Association to request the Minister of Social and Family Services to investigate the feasibility of malgamating all welfare services to be administered under a municipal district, county or regional board, as the case might be, and to introduce the necessary legislation to bring all welfare under one administration was referred to the Public Welfare Committee.

Proctor and Redfern, Consulting Engineers, sent in a copy of an application submitted on the Town's behalf to the Ontario Water Resources Commission for approval of the sewer and water-works project contemplated for the southeast area of town.

Council was advised that W.A. Hanstead had obtained a 'B' grade in the examination held at the the completion of the basic distribution system and deep well-operators' course held November 3rd to 7th. Congratulations of Council will be extended to Mr. Hanstead on his successful completion of the course.

The Ontario Water Resources - Commission advised that Gerald Fitzgerald had been awarded a Water Treatment Plant Operator Certificate. Mr. Fitzgerald will be extended the congratulations of council.

The Lake of the Woods Bonspiel Committee will be issued parking meter permits for visitors attending the 25th annual Spiel January 22nd to 25th. Robert Lea, 119 1/2 Matheson Street South was granted permission to have a license of Star Taxi (Don Loudon) transferred to his name. Arrangements will be made for disclosure in the town of Kenora records of liability for sick leave benefits for municipal employees. P.G. Gillis, executive director Assessment Division Department of Municipal Affairs Toronto, enclosed the 1969 equalized assessment report for the apportionment of 1970 costs for the Kenora District Home for the Aged. It was indicated that Kenora's Assessment is $79,330,736. or 39.112 percent of the total equalized assessment.

The Highways Department sent in forms covering 1970 normal road expenditures for which Kenora will claim subsidy under the Highways Improvement Act, and indicated that the maximum estimates that may be approved shall not exceed $60,000. for construction and $190,000. for maintenance . The regular bylaw coverhing this was passed later in the meeting.

Payment of accounts were authorized as follows: Municipal account in the total amount of $130 383.87 and Utility Account in the amount of $142,729.46.

Mayor E.L. Carter was authorized to attend the executive meeting of the Ontario Mayors and Reeves Association to be held in Toronto on February 21st, 1970 and the Annual meeting of the Association to be held in Windsor on May 10th to 13th, 1970.

In accordance with an increase in group insurance granted members of the Canadian Union of Public Employees, Local 191 and the International Brotherhood of Electrical Workers, Local 559, which became effective January 1st, 1970, the limit of coverage be similarly increased for supervisory and other employees except firemen, effective January 7th, 1970.

Dr. G.W. Whitaker, president of Kenora Rowing Club was appointed to the Aquatic Reacreational Directorate.

Total public school assessment is $62,621,165.00; Separate School assessment $9,137,025.00 with a total taxable assessment of $71,-758,190.00. Total residential is $31,744,960.00 and Commercial & Industrial $40,013,230.00.

Constable R.G. Schott of the Kenora police has been enrolled at the Ontario Police College Aylmer for a ten week general police training course.

Several members of the Kenora Police Department will be participating in the First Aid Classes conducted by St. John Ambulance Association commencing January 15th, 1970.

Minister Faces Charge At Thunder Bay

THUNDER BAY-A charge of public mischief was read today in Thunder Bay Provincial Court to Reverend Donald Eldon Mimms, a Church of Christ minister whose disappearance January 3rd was treated as a kidnapping.

In a three minute appearance, Mimms entered no plea and at the request of Crown Counsel P.V. Ibbetson the case was put over to Friday.

Mimms, a 27 year old minister from Kansas who moved to Thunder Bay in 1968, disappeared after going to his church January 3rd to prepare a Sunday Sermon.

A ransom note was found at the church demanding ten-thousand dollars for his safe return. Another note later was mailed

T.B. CONTINUES AS A PROBLEM THROUGH AREA

A meeting of the Management Committee of the Kenora-Rainy River Tuberculosis and Respiratory Disease Association was - held on January 9th in Dryden. Conrad Perron, President, was in the chair, and announced that E.E. Doman, of Fort Frances was appointed Vice-President to fill the vacancy created when L.J. Koza was transferred to Thunder Bay.

A tuberculosis case finding report was submitted by Miss Lassy Malowany of Northwestern Health Unit and showed that TB continues to be aproblem with numbers of new cases still turning up in this area.

Mrs. Isobel Lundin of Kenora, and Mrs. Inez Tribe, of Fort Frances, of the Social Service and Rehabilitation Committee had arranged that all patients from the area in Fort William Sanatorium receive gifts for their comfort at Christmas.

In reporting on the Christmas Seal Campaign, Chairman Mrs. A. Davidson, noted that although returns are still being received the objective has not yet been reached. It was suggested that reminders might be helpful.

Smoking Education projects are receiving priority at this time in the work of the Association stated Mrs. Dorothy Mackintosh, - Program Director. A presentation entitled "Operation Don't Start" is being carried out in grades 4, 5 and 6 in schools in Rainy River and Atikokan school districts. It is hoped to take this to the northern parts of the area in the spring. The object is to inform children at an early age of the hazards of smoking in the hope that it will discourage them from starting the habit. The press report regarding the bu-

Today's Children

You'd never suspect, looking at this obviously healthy happy boy, that Ian had a slow, difficult start in life. Now 43 months old, he is a busy, active fellow, always cheerful and with a really hearty laugh.

His first problem was a hernia, which has been corrected. He has had bronchitis several times. He is allergic to milk and fruit, but with those exceptions he eats well and is a good sleeper. His right leg turns out a little but doctors do not recommend treatment, feeling that it will correct itself. In the meantime it does not interfere with his activities and he walks very well.

Ian loves to be played with or to watch other children. He likes to improvise his own playthings, much preferring things he can bang like spoons or potlids. This little boy needs loving parents, who will have a relaxed attitude to his allergies.

To inquire about adopting Ian, please write to Today's Child, Department of Social and Family Services, Parliament Buildings, Toronto, 182.

by: Helen Allen.

Equalized Assessment Outlined

HAMILTON — The Ontario government will correct any dramatic shift in the tax burden as a result of equalized, province-wide assessment, Municipal Affairs Minister Darcy McKeough said Monday.

Mr. McKeough, in a speech to the Hamilton Women's Progressive Conservative Association, said his department has four means available to prevent heavier taxing of residential property owners after reassessment takes place in 1971:

—Increase the per capita grant to municipalities;

—Increase the rate of tax on business properties to 100 per cent of market-value assessment while keeping the separate business tax at existing rates;

—Increase the grants paid to municipalities for provision of basic services;

—Reduce the number of tax-exempt properties such as universities, hospitals and government institutions.

"We are more than willing to make adjustments if we find that our striving for equity penalizes certain groups, Mr. McKeough said.

RUIN WON'T HAPPEN

The ruin of some homeowners or the taxing of senior citizens off their land "will not happen," Mr. McKeough said.

Although the government "is not insensitive to the problems we do not yet know the magnitude of any possible tax shift."

There are two areas which may need close study, Mr. McKeough said.

One is the shift of tax burden with a class of properties, as from newer to older homes or from an apartment to single-family dwellings.

The second is the shift of the tax burden from one class of property to another, as from commercial and industrial to residential.

However, "in the majority of cases we do not anticipate there will be a shift of any significance."

CHILLY FOR SOPHIA

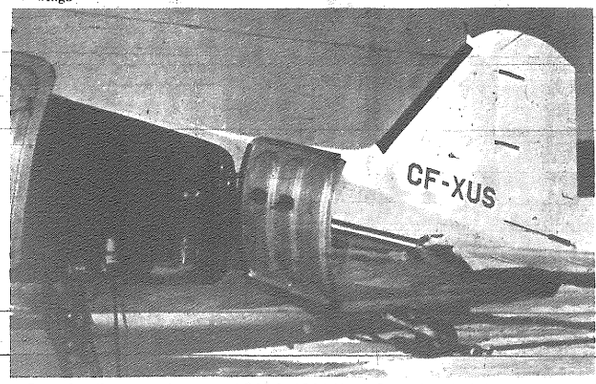

QUEBEC — Rumors have been circulating for weeks that Italian actress Sophia Loren will preside over this year's Quebec winter carnival, but carnival chairman Roger Bernier said Monday he received a telegram from producer Carlo Ponti, Miss Loren's husband, saying that harsh weather conditions in Russia are preventing completion of her latest film and may prevent her opening the carnival Jan. 30.

2,500,000 Homes Needed

TORONTO — About 2,500,000 dwellings will have to be built in Canada in the 1970s at a cost of about $40,000,000,000, the president of the Central Mortgage and Housing Corp. said Monday.

Herbert Hignet told a meeting of the National Concrete Producers' Association that 1,100,000 new dwellings would be needed in the first half of the decade and 1,400,000 in the second half, and that 98 per cent of these new homes would be urban.

He said Canada's biggest challenge for the coming decade would be to master the art of urban development.

Virtually all single-family houses for sale were tailored to the tastes and incomes of the affluent, he added.

SUGGESTS WAYS TO AID SAVING LAKE BEAUTY

A strong plea for the preservation of our beautiful scenery on Lake of the Woods, the conservation of our angling and designation of walleyes, northerns and lake trout as game fish; the protection of our wildlife in their natural habitat; and a stop to the wanton destruction and deliberate pollution of beauty spots, was made before the members of the Kenora Rotary Club on Monday by a club member and resort owner, A.A. Dodds.

Predicting that this area could well become the locale of a recreation explosion in the immediate future with eastern areas becoming saturated, the speaker felt that the problems of the Lake of the Woods were too big for one group and should be the responsibility of everyone living on the lake.

President Charles Hayes was in the chair and attendance was 91.16 % for last week and this week. The district conference will be held in Saskatoon on May 7th.

Introduced by Rod Carey, Mr. Dodds felt that we should look ahead and plan to safeguard the future of the well-known Lake of the Woods. We should have an immediate and positive plan for cleaning up the Lakeshore and Beauty spots, with barrels for refuse and weekly pickup service. He proposed a fish balancing program using impounding gear, all game fish to be returned to the Lake alive and that Lake Trout, Walleye and northern Pike be designated as game fish.

Wildlife should be preserved, being much more valuable swimming from island to island or feeding in bays, a definite closed season therefore, for deer and moose on Lake of the Woods. Our native people should continue to participate in the benefits of the recreation industry. In 1969 it was estimated that they earned $300,000 for their work and services. This will be increased as the industry develops and grows.

Other suggestions included fast cruiser sight-seeing trips, parades, Indian pageantry in regalia, historic events, ect. including canoe brigades and forts.

A question period followed and thanks were expressed by Rotarian Dina Dingwall for the challenge to meet the needs of the immediate future on Lake of the Woods.

Kenora Legion Instal Officers

The following members were installed in December into the following offices:

President - - - - Gerry Leaming
1st Vice - - - - - - - Don Ivey
2nd Vice - - - - - - Dick Lindsay
Sgt At Arms - - - - Frank Coughlin

The following were elected to the Executive

For a Two Year Term

R. Burchell, J. Cox, G. Ellis J. Hogg, R. Pakon, L. Warner.

For One Year Term

G. Lee, H. Michalak, H. Marchant

Dr. Playfair, R. Sherrington, G. Whiteman.

Immediate Past Pr. - - F. Herbottle
Secy. Manager - - - - H. C. Smiley

On December 27th a very successful evening was held at the Centennial Building- A skating party for members, wives and children - and so much enjoyed that the committee plans to hold another in the near future.

What was described as the Best Dance yet to be held was the New Year's Eve one held in the Auditorium. Sponsored by the entertainment Committee who are to be congratulated for their effort. It was a well-attended affair and everyone spent a happy time right into the New Year's morning.

Evangelistic Crusade Coming

The planning for an all-out evangelistic crusade was officially launched with the recent visit of the Executive Director of Crusade Evangelism of Canada, James O. (Jim) Blackwood. The crusade will be presented here in Kenora Lakewood auditorium on February 15th to 22nd.

A former insurance executive, MR. Blackwood, comes with a wealth of experience in organizing the planning and committees necessary for such a crusade.

James Blackwood for nine years, directed a successful Youth for Christ ministry in Bowmanville, Belleville and London, Ontario. For two years he acted as Regional Director for Youth For Christ in Eastern Ontario and in 1961 was recognized as the "Director of the Year" by Youth for Christ International.

In 1957-58, Mr. Blackwood was the field representative for World Vision Inc., and his association with Dr. Bob Pierce took him to many centers in Eastern Canada.

In 1960, as a co-founder with Barry Moore, he helped launch the ministry of Crusade Evangelism of Canada. He is now devoting his full time to Crusade Evangelism of Canada in preparing the details and organization necessary for the evangelistic ministry of this Canadian Association. With deep concern for our nation's young people and Youth for Christ - he is also chairman of the board of Canadian Youth for Christ.

Bookends

Need an extra pair of efficient bookends for your young student's room? You can fulfill this need quickly and easily by calling into use a couple of ordinary house bricks. Pad and cover these bricks with material matching or contrasting the draperies and bedspreads - slip-stitching the material in place.

From Around The World

More than 30 persons were killed last night when a Polynesian airlines DC-3 crashed into a lagoon shortly after taking off from the airport at Apia in Samoa. Most of the 29 passengers were Samoans who had been living in New Zealand and had been visiting their homeland for Christmas. 3 crew members also were killed.

Israeli Defence Minister Moshe Dayan has warned Lebanon against turning over parts of its territory to Arab Guerillas. Dayan said such areas would be subject to Israeli attack.

He also said that Israel has no immediate intention of invading Egypt or occupying any part of it now under Israeli control.

Thirty five soldiers and former soldiers are being investigated by the U.S. army or have been charged in connection with the alleged My Lai Massacre. The number has increased by nine since November 26th. Four soldiers have been charged.

The increase results from evidence turned up by army investigators who questioned men who witnessed or knew about events in the Vietnamese hamlet in March of 1968.

Port Hope -- The country estate of late Governor-General Vincent Massey, Batterwood at Port Hope is to be turned into a commercial recreation area.

Robert Marten, who purchased the estate last September, has made a fortune buying up old properties and turning them into money-makers. He plans a summer theater, music festivals and band concerts on the property.

Mexico City-- The Cuban news agency says 216 young Americans who went to cuba last month to cut sugar cane have received a prize for cutting 25 million pounds. The "We Shall Overcome" brigade of 125 boys and 91 girls left Mexico City for Cuba in mid-December to help Fidel Castro harvest the record ten million tons of cane he wants this season. The Cuban News Agency said the brigade received a flag with the picture of Cuban Labor Leader Jesus Menendez on it. It is said the presentation was made in a ceremony shown nationwide in Cuba on television.

Montreal-- A family of 3 died in a fire in northend Montreal this morning. Firemen at the scene said the unidentified victim - a mother, father and young boy, were asphxiated in their beds by the blaze which was noticed about 8.10 a.m. EST. Early reports indicated an overheated stove had exploded but firemen said the fire started in a chesterfield.

Soledad, California-- 3 prisoners were fatally wounded yesterday by shots fired by a tower guard into an exercise yard where convicts were fighting at California's Soledad correctional facility. The men, who died of wounds in the prison hospital, were W.D. Nolen of Alameda County' Cleveland Edwards of Riverside, California, and Alvin Miller of Los Angeles.

In hospital with lacerations and a groin wound is Billy D. Harris of Santa Clara County.

Superintendent C.J. Fitzharris - said Harris and another prisoner had been knocked to the ground and were being beaten by 14 men. The guard said he feared the two men would be killed and shouted an order to disperse.

When his repeated commands were ignored, the guard fired from his tower about 40 yards away.

The three killed, were all serving life sentences. Nolen and Miller for robberty and Edwards for battery on a peace officer.

Insulating Roadbeds

TORONTO -- The Ontario highways department announced Monday it is stepping up a program to insulate Northern Ontario roadbeds with a plastic foam to prevent the familiar potholes and bumps known as frost heaves.

The foam, first tried in 1966, now is used in the districts of North Bay, New Liskeard, Cochrane, Kenora, Thunder Bay, Sault Ste. Marie and Kingston.

This year, plastic-foam blankets are being built into roads in 103 areas where frost has been a serious maintenance problem, causing cracks and dangerous heaves.

To install the foam, the roadway in an affected area is excavated to a depth of 18 inches. Foam slabs are laid in thicknesses of two to four inches, and compacted granular base tops the insulation just below the paving mix.

To eliminate frost heave by older methods, the roadway had to be excavated to the depth of frost penetration—in the North Bay area an average 66 inches.

Frostheave is caused by a combination of soil that attracts and holds moisture and freezing temperatures.

When the water freezes and expands, it causes the potholes and bumps familiar to motorists in northern areas of the province.

USE THE CLASSIFIEDS

Apple Crisp

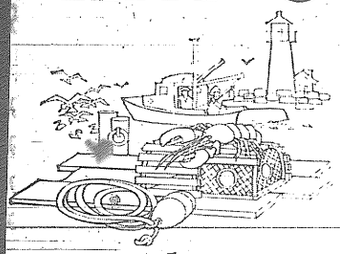

To make a delicious apple crisp dessert first grease a baking dish and fill three-fourths full with sliced apples. Then combine until crumbly the following ingredients: One cup flour, one cup sugar, two - thirds teaspoon salt, one teaspoon baking powder, and one egg. Spoon this evenly over the apples. Melt one-third cup of butter and pour over the crumbs. Sprinkle generously with cinnamon, baking at 350 degrees for 30 minutes, then serve with whipped cream.

Rug Cleaner

Salt rings can be removed easily from snow boots and galoshes just by brushing them with a solution of vinegar and cold water.

Warroad Down Thistles 6-5 In Thriller

The Warroad Lakers in Senior "A" play eked out a close 6-5 decision over the Kenora Thistles last evening and it was a game of hard hitting and free wheeling a hard hitting and free wheeling as both clubs used the weight with reckless abandon.

The Kenora Thistles on the other hand played one of their better games, particularly the defence as they kept the opposing forwards honest and more than one Laker forward kept his head up and it was Don Milliard who returned to action after missing six games. Milliard was the leader and a tower of strength and actually he was the Kenora 'Policeman' on the Thistle blueline.

It was 3-2 in the initial frame for the visitors and in the middle frame the Lakers held the edge by a 6-4 count with the Thistles scoring their fifth counter in the third period.

Officials who had their work cut out for them, meted out a total of 11 penalties with the Kenora Club absorbing 8 of them...including ten minute misconduct to Don Coombs midway through the 3rd period. Scoring for the Lakers were Harry Buekert with 3 and singletons going to Braun, Roger Christian and Doug Overton.

The Thistles were a determined bunch after 7 minute of play in the first period. They took a 2-0 lead on goals by Bailey and Slobodian and again the costly penalties - proved to be the downfall of the Thistles. Lakers scored their first as Milliard and Phelan watched the proceedings from the penalty box then Seepish was off at 16,46 for tripping, the Lakers tied it up with Harry Buekert beating Allie Reynard from close in and then with one second left in the first period the Lakers took the lead with Roger Christian scoring.

In the second period it was the Thistles best altho they were outscored 3-2 . The Thistles were in high gear and their passing was a contributing factor for their two goal outburst and if Bob Rogers in the Warroad net didn't have the pipes and his friend , the score would have been different at the end of the 2nd period as the Thistles twice hit the goal-post.

Allie Reynard, the tower of strength, came up with the big saves and it was his superb tending that kept the Thistles alive and on more than one occasion he sent the Lakers' forwards back muttering to themselves and if Allie Reynard doesn't represent the Kenora Thistles in the Manitoba Senior All-Star Game it wouldn't be his fault. It would be the fault of the selectors.

This coming Friday, starting at 8 p.m. the Selkirk Fishermen make their appearance at the local Recreation center and Coach Neil Strain would like nothing better than to avenge the 6-1 loss of last Sunday at the Steel Town and win for the Thistles. This would bring them much closer to the St. Boniface Club for the 3rd play-off spot.

Plans Set For Indoor Track Meet Locally

For many years Kenora Track and Field athletes have participated in few numbers with little success, mainly due to lack of proper training facilities. Now, with the construction of the new Recreational Center facilities are provided for training in the running events while the local gymnasia of the high school serve as practice - areas for the field events.

Lloyd Warner, a former sprinter and pole vaulter who brought fame to himself and to Kenora, has sparked interest in Track and Field and as Sports' Chairman with the local Legion has provided assistance to interested athletes.

Nick Kristalovich, physical and health Education consultant with the Kenora Board of Education, is encouraging local physical education teachers to select pupils who are interested in taking part in the Meet. Garnet Millar, Physical Educator and a dormer pupil -athlete of Warner and Kristalovich, has attended the National Coaches' Clinic in Guelph ,Ontario, and is a rabid supporter of the sport. Two local High School teachers, June Davis and Donna Okrainec have given their time to coach the field events Wednesday evening.

Track and Field has something for everyone. Girls and boys, the tall, the short, the fat, the thin, all types can find an area in track and field events in which they can meet with some success. In fact, this sport is many sports placed under one heading. There are really few truly international sports and track and field is one of them. As no matter where you go in this world you will find people running, jumping and throwing.

One of the greatest problems facing us in this country today is not when there will be an atomic war , but the proper use of leisure time. As automation progresses , the problem will become much more acute as people in general will be using their bodies less and less in a physical way.

A program in Track and Field started early in life (elementary School) will certainly contribute much to inculcate a desire for physical activity long after school days are over.

The indoor track and field meet will be held on Wednesday, January 21st, 1970. The Track events will be held at the Kenora Recreation Center between the hours of 4 and 6 p.m. The running events include the 60 yd sprint, 220 yds 1/4 mile, 1/2 mile, 1 mile, 4 x 110 yd-relay and 4 x 220 yd - relay.

The Field events will be held at Beaver Brae Secondary School commencing at 7 p.m. The Field events include the standing broad jump, running long-jump, triple jump, high jump and shot put. The participants will be placed in the following age categories: 9 and 10, 11 and 12-, 13 and 14, 15 and 16, 17 plus. A good turnout is expected.

T.B. Continues As Problem . . .

(Continued from page one)

ilding of a new Kraft Mill in Fort Frances by Boise Cascade Company was discussed.

It was felt that the Association should advise the Paper Company of their concern regarding air pollution and ask that all safeguards be incorporated in the proposed mill to prevent pollution from escaping its industrial processes.

Attending the meeting from Kenora were Mrs. S.V. Lundin, Mrs. Archie Davidson, Mr. and Mrs. Tom Saul and Mrs. G.M. Millar , Executive Secretary.

Tourney Planned

OTTAWA Health Minister John Munro told the Commons Monday that the Canadian Amateur Hockey Association and Hockey Canada are making plans for a tournament for Manitoba to replace the now-cancelled international competition.

The March tournament at Winnipeg was cancelled after Canada withdrew from world hockey competition because of a row over what players would be eligible.

Mr. Munro said that the Canadian national team would be kept together at least until it fulfilled all playing commitments in Canada. But he couldn't say how soon after that the team would be disbanded.

Poland Moving Into "A" Group

WARSAW Poland announced Monday it is willing to play in the A group of the world hockey championships in Stockholm next month.

Officials of the Polish Ice Hockey Association said they are changing the schedules of domestic championships to prepare for Stockholm, although no official invitation from the international board has yet arrived.

Prisoner Taken To Penitentiary

PRINCE ALBERT, Sask. Acting on a psychiatrist's report, the Saskatchewan cabinet has ordered Frederick Moses McCallum transferred to the penitentiary here from the provincial correctional centre.

McCallum, 20, of Buffalo Narrows, Sask., was found not guilty by reason of insanity by Court of Queen's Bench last fall on two charges of non-capital murder.

He was charged following the Jan. 20, 1969 axe-slaying of seven persons at Buffalo Narrows.

Roy S. Meldrum, deputy attorney-general, said Monday the cabinet ordered the transfer last

Accused Admits Taking $969,530

TORONTO Glenn Cook pleaded guilty Monday to defrauding Canadian Labora tory Supplies Ltd. of $969,530 during a four-year period ending in 1968.

Crown Attorney J. D. Hobson told the court Mr. Cook once owned a $300,000 house in nearby Pickering, a 50-acre estate in Tobago, a half-interest in a Barbados hotel, and three lots in the Caribbean.

Judge William Lyon described Mr. Cook's action in defrauding his former employer as "a case of greed."

Mr. Cook was remanded to Jan. 19 for sentencing.

Ever Growing O.C.A. Keeps . . .

(Continued from page one)

base. Should a float equipped plane come in for repairs, it is not necessary to have the floats taken off and wheels installed to move the the machine across land to the shops. Lamm's ingenious and inventive staff have developed a type of hydraulic trailer which slides into the water, under the plane - jacks it up , and away goes aircraft, trailer and all. Behind one of the many Company land vehicles.

Rollie Hammerstedt, Maintenance Supervisor for OCA at Redditt, said he went to Redditt with OCA when operations got underway there in 1961 and has been there ever since. He says that everyone of the company aircraft is taken to the Redditt base for a complete check once a year. This, he said, is over and above mandatory inspections which are called for by transport authorities. This is a company policy which assures that the planes will be in the air and working, rather than grounded for some mechanical fault.

Ontario Central Airlines staffs 60 employees in the entire operation. During 1969, the company planes flew an estimated 1,150,000 miles, carried 40,000 passengers, moved 5,650,000 pounds of freight and flew a total of 10,000 hours. The average payroll of OCA runs in the neighborhood of $340,000.00 -Company planes burned a total of 350,000 gallons of gasoline during 1969. Fournier said that the company buys as much as possible in the local area.

Newest addition to the fleet of OCA is a twin-motor DC3 which is equipped with skis and wheels. It is sitting on the tarmac at Redditt "just rarin' to go''. This $75,000. ship, with a gross weight of 29,600 pounds requires 30 inches of blue ice to operate safely. It has been specially outfitted to handle heavy freight loads and plenty of work awaits it in the north country where there has been an upsurge in mining activity during the past year. Special doors have been cut into the body of the ship to allow large items to be loaded and unloaded.

Hammerstedt watches over the operations at Redditt like a mother hen. He goes from plane to plane in the vast workshop, checking constantly to see that called-for repairs and overhauling are being carried out according to the requirements.

At the Redditt base, the company has an up-to-date radio equipment repair shop. Every aircraft of OCA is equipped with two-way radio and these intricate electronic devices are kept in perfect working order by a staff of technicians.

Employees at the overhaul base in Redditt are like one big happy family. They enjoy a close relationship with one another and appreciate the small town social life. During the long winter months there are dances, outdoor activities including snowmobiling , hockey and skiing, along with many other social events. And coming up in the near future is the annual Winter Carnival. This is an event which has for many years, been a highlight in the life of the community and now , with the impetus of steady employment again, and a more optimistic outlook, this year's edition promises to be bigger and better than ever.

Of course , during the summer months, Redditt is a hive of tourist activity as visitors from many points in Canada and the United States visit the area where a host of lakes invite and beckon the outdoorsman who enjoys swimming, boating, fishing or just everyday relaxing in nature's paradise.

One citizen of Redditt, was overheard, with the airline, told the waitress during an interview "sure was a good thing Barney looked our way".

The vision of entrepreneur Lamm has assured continued life to what was thought to have been a "dormant" community.

IN MEMORIAM

ANDRYCHUK — In loving memory of our beloved husband and father, Joseph Andrychuk, who passed away January 14th, 1969.
Beyond the Gate, our loved one
Finds happiness and rest;
And there is comfort in the thought
That a loving God knows best.
—Lovingly remembered by his wife Sophie, son Jim, daughter, Mrs. Jean Bumpstaler.

BUSHTON — In loving memory of our dear son and brother, Robert, who was accidentally killed on January 14th, 1951.
19 long and lonely years have passed
Since our great sorrow fell,
The shock that we received that day
We still remember well.
Our hearts still ache with sadness;
And secret tears still flow,
What it meant to lose you,
No one will ever know.
When we are sad and lonely
And all things seem so wrong,
We seem to hear you whisper
Have faith, and carry on.
Each time we see your photo
You seem to smile and say:
Don't cry, I'm only sleeping,
We'll meet again some day.
—Sadly missed and always remembered by his loving mother, Jessy and Rose, Laurier and Mario.

Snowmobile Eludes Police

ALLISTON, Ont.

Three police cruisers spent an hour chasing a snowmobile around this community on the weekend and came up empty-handed.

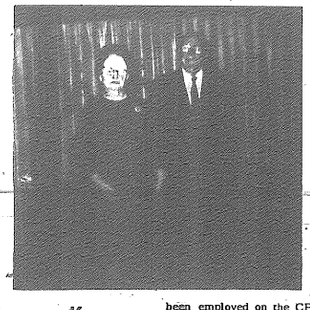

When a policeman tried to stop the snowmobile driver, he dodged into a field. Two provincial police cruisers later joined the chase along back roads.

Police cornered the snowmobiler in a field but by the time they walked to the snowmobile, the driver had escaped.

The snowmobile was later reported stolen. Alliston is 17 miles south of Barrie.

INSPIRED BARD

William Shakespeare's play The Tempest is said to have been inspired by survivors of Sea Venture, a ship which was wrecked off Bermuda in 1609 and brought the island its first colonists.

Former Kenora Couple Celebrate 60th Anniversary

Mrs. and Mrs. D.D. Hamilton of 1919 Pandozy Street Kelowna B.C. former residents of Kenora, celebrated the 60th anniversary of their wedding last week at Kelowna.

Mr. Hamilton and the former Evva-May Lawless, were married January 5th 1910 at Rosburn, Manitoba and immediately moved to Kenora, where Mr. Hamilton had been employed on the CPR as a trainman since 1905. They resided in Kenora until 1944 when Mr. Hamilton was promoted to CPR Passenger Conductor and moved to Winnipeg where he retired in 1948. In 1961, they moved to Kelowna B.C. where they have resided since.

The Hamiltons have five children nine grandchildren and five great-grandchildren.

The children are Lorne D. Hamilton, Montreal, T. Roy Hamilton - Kenora, Carlton L. and Mrs. J.W. Ryan of Toronto and Mrs. F. J. Orme of Kelowna. Mr. and Mrs. Hamilton are both enjoying good health in Kelowna.

Nicholas Kit Here Since 1925 Died Tuesday

Nicholas Kit, 824 Fourth Street North, Kenora, passed away at his late residence Tuesday evening, January 13th, 1970.

Born in the West Ukraine, May 11th, 1894 , he was 75 years of age. He was married in the West Ukraine to the former Katherine Kuzina on May 24th, 1920. Surviving are his wife, two daughters, Mrs. Alex (Eva) Surkan of Kenora and Mrs. Jack (Nettie) Lough of Kenora, 6 grandchildren and one great grandchild.

He began services with the Canadian Pacific Railway in Kenora in 1925, and was employed as a sectionman in the Kenora Division until his retirement June 1st, 1959. He came to this country in 1925 to Winnipeg, and to Kenora the same year.

The late Mr. Kit was a member of the St. Nicholas Ukrainian Catholic Church, member of the brotherhood of Maintenance of Way Employees, served in the First World war from 1914 to 1919. Resting in the Chapel of the Brown Funeral Home until Saturday morning, January 17th, 1970 until 9.30 a.m. thence to St. Nicholas Ukrainian Catholic Church for High Mass at 10 a.m. with Father J. Kuney officiating . Interment will be in the St. Nicholas Ukrainian Catholic Cemetery.

Pallbearers: Dan Kitt, Peter Ukrainec, John Kordupel. Wm Petruniak, John Kuzio , John Hoshwa.

Prayers will be said in the Chapel of the Brown Funeral Home on Friday evening January 16th, 1970 at 8 p.m.

It isn't an unusual site to see a pontoon equipped aircraft, such as the one above sitting on the floor at the overhaul base of OCA in Redditt, a long way from water. OCA workmen devised a special hydraulic trailer which is seen immediately below the craft which picks the plane from the water and then is trailed to base

CHANDIGARH, India — Fifteen persons died and 29 were taken to hospital for treatment after eating a milk-and-rice porridge called kheer at a village feast, officials said Monday.

Robarts Invites Japanese Here

Toronto - Premier John Robarts has suggested that Japanese businessmen send a delegation to Ontario to discuss the province's export policies.

Mr. Robarts is on a visit to Japan during which he will open the Ontario Pavilion for Expo 70 in Osaka.

He conferred in Tokyo with heads of major Japanese Companies.

A report of the meeting was received in Mr. Robarts' office in Toronto. The Canadian embassy in Tokyo sent the report.

It said that Japanese officials would like Ontario to export more raw materials. It also said the Ontario Government is attempting to have more raw materials particularly timber and ore, processed in Canada.

Wants Another Constable

At Monday's regular meeting of the Kenora Town Council, a report was received from Police Chief C.W. Egnstrom recommending that one additional constable be taken on strength to permit the appointment of an investigating officer. Also recommended was that one additional cruiser car be purchased for the Department. This, pointed out the Chief, would be of great assistance to the Department.

Commenting briefly, Mayor E.L. Carter said there was merit in the requests and said the entire matter of policing and equipment would be discussed at a meeting in the near future.

OTHER GOOD SCORES

Tub Wilson 218 , J. Baldski 202, N. Dowling 223, B. Ponton 220, 216.

Just a reminder--the Western - Canada roll-offs will take place this coming Saturday and Sunday - the top bowlers from Atikokan Dryden, Fort Frances and Kenora will be competion for a spot on the team which will represent Northwestern Ontario in Vancouver in March. If you are not bowling yourself, drop down to the Alleys this weekend and see some fine action.

At the time of writing, the roll-off committee was still short a few markers for the weekend, if you are able and willing to mark, give Rita McKie or Rose Clifton a call.

Best of luck to Bowlers representing Kenora this weekend!

OLDEST THEATRE

The oldest indoor theatre in the world is the Teatro Olimpico in Vicenza, Italy, completed in 1582, and preserved today in its original form.

Mrs. A. Robertson To Head Aux. To Shriners

The Ladies' Auxiliary of the Lake of the Woods Shrine Club held its regular monthly meeting in the Kenricia Hotel, Wednesday, January 7th, with President Mrs. E. Wicks presiding.

Minutes of the previous meeting were read and approved.

Secretary reported on the annual Fall Bazaar of the Ladies' Auxiliary to the Shriners' Hospital for Crippled Children, Winnipeg Unit held November 6th, 1969, at which a profit of $4310. was realized. Results given of sales at the various booths proved to be informative and interesting to all of our members, who assist in many ways toward this annual project.

Mrs. Wicks thanked the ladies for their support during her year in office as President and then invited Mrs. Chop to preside during the installation of officers for the 1970 term.

The annual meeting followed the regular meeting with the Secretary, Marjory Bellamy reading the annual reports.

Mrs. Chop then conducted the election and installation of officers.

Mrs. Chop presented Mrs. Robertson with the jewel with Best Wishes and Success during her term in office as president.

Mrs. Robertson thanked the members, after a brief business session, the meeting closed with a prayer.

Slate of Officers for 1970:

Hon.Pres-PastPres.Mrs.E.Wicks
President -Mrs. A. Robertson -
Vice Pres - -Mrs. S.Flostrand
Scretary - - Marjory Bellamy
Treasurer- - - Mrs. E. Wicks
Sick Visiting - Marjory Bellamy
Knitting - - -Mrs. B. Calloway
Sewing - - -Mrs. J. Borrowman

Pressing means lifting the iron from place to place. Don't push the iron along the material as this will stretch the fabric out of shape.

INSURANCE AVAILABLE

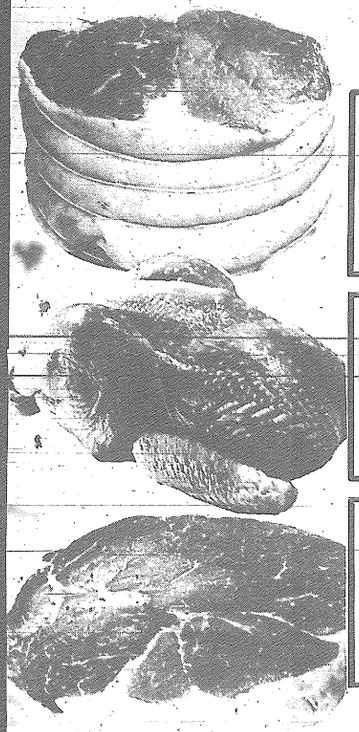

KENTVILLE, N.S. (CP) Insurance plan providing wide coverage for growers of a variety of pears and apples in Nova Scotia was announced recently by the Nova Scotia Crop Insurance Commission. It will be available to all growers with large enough crops to warrant enclosure premiums at the year. It will protect growers against risks such as winter kill, spring frost, hail, fall frost, drought, excessive moisture, unavoidable pollination failure and hurricanes.

MANY NUs

kewood Aids School In Barbados

letter recently released, at Lakewood's Red Cross ...k its organization busily ... in numerous projects. ...t ambitious was getting ... a large number of books ...ment overseas. The Ell... Comprehensive School in ...wn, Barbados was the re... ...f a large quantity of sch... books. In his letter of ...dgement, Mr. C.N. Br... , the headmaster of the school, expressed the thanks of the student body and his own appreciation of Lakewood's very kind gesture. A rather interesting outcome of this very worthy project has been the exchange of letters between Lakewood's and Ellerslie's respective Red Cross Youth members.

Closer to home, the Red Cross Youth extended their help to the Cecila Jeffrey School. These students welcomed and were thrilled with the gift of four guitars and two sets of bongo drums since these musical instruments held the greatest appeal for them.

A less exciting project but no doubt just as worthwhile, was a phone blitz, shared with the volunteens, to remind residents of his blood donor clinic which was conducted at the Recreation Center. Members of the Red Cross Youth also acted as coat checkers at the school's annual Purple and White Review.

Checking coats is one way of raising a modest sum of money. But the Youth's biggest money-raiser was a successful walkathon held early in the first term. In addition Red Cross month, held in November, was another opportunity for the students to gather in some money.

With the new year, and the school's second term well into their second week, the Lakewood's Red Cross Youth is already working on a number of plans. However, the members are always eager to welcome new ideas and are hopeful of capturing more interest in the Red Cross among the school's student body.

Sports Briefs

The Alberta Hockey League will ask the Canadian Amateur Hockey Association for an regulation change to allow professional hockey players in Senior Hockey Games - Glen Chapman of Medicine Hat, League Governor says he has requested a meeting between representatives of both organizations. He also wants all senior leagues in Canada to attend the meeting.

Golf's quiet man, Billy Casper, is favored to collect first prize in the 100 thousand dollar Phoenix Open Golf tournament which starts tomorrow. Casper became the second man in golfing history to pass the one million mark last week when he won the Los Angeles open in a playoff with Hale Irwin.

The Nova Scotia - owned Fresh Yankee has been declared a winner of one of six achievement awards at the annual meeting of the National Association of Canadian Racetracks in Montreal. The 6 Year old mare had earlier been named harness horse of the year in Canada. She is owned by Duncan Macdonald of Sydney.

Twenty four year old Joe Vijuk has been signed by the Ottawa Rough Riders of the Eastern - Football Conference. Vijuk, a defensive tackle attended Hillside College in Michigan on a scholarship provided by the Grey Cup Champions. He played Junior football in Windsor Ontario.

SANDSTORM

BURNHAMONSEA: England An angry holidaymaker didn't see the joke when he saw an unchivalrous man kick sand in the face of a pretty bikini clad girl on the beach at this Somerset resort. He gave him a couple of belts in the mouth before discovering they were filming a gag for a TV show.

To Probe Fire

NOTRE-DAME-DU-LAC, Que. Circumstances surrounding the deaths of 38 persons in a fire that swept a home for the aged here Dec. 2 will be examined at a combined coroner's inquest and fire commissioner's inquiry opening today.

Fire Commissioner Cyrille Delage is to preside over both inquiries. More than 40 witnesses are expected to testify.

SWEET-SMELLING LAND

Somali, the world's principal source of the incense resins frankincense and myrrh, was known to ancient Egypt as the Land of Aromatics.
