Provincial Building To Get First Tenants At Month End

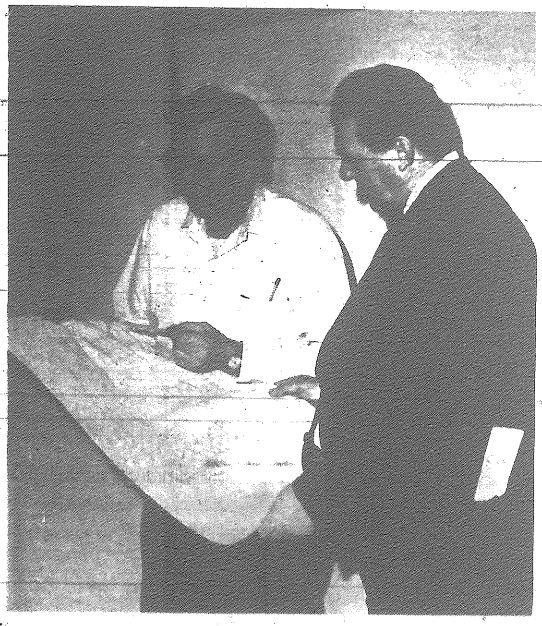

We had an opportunity to make a trip through the Provincial Building in Lakeside this morning. Situated on property formerly owned by the Town of Kenora where the old works headquarters stood, on Robertson Street, this new edifice now rapidly nearing completion by the General Contractors, Bergman Builders Limited of Kenora, overlooks the beautiful Lake of the Woods.

Designer and architect , Herb Bergman, who created the plans for the building which will house many of the government offices now scattered throughout the community is justly proud of his handiwork and rightly so. Bergman took us on a tour from the top to the bottom of the building which will be officially opened later in the year when Premier John Robarts brings several members of his cabinet to Kenora for 3 days of meetings and a tour.

The entire basement area is to be utilized for storage rooms for the various departments using the main and second floors. Spacious compartments are available for this purpose.

Also in the basement, are located the main facilities to run the plumbing, power and other services throughout the building. The entire building is heated by electricity and in the basement is

(Continued on page eight)

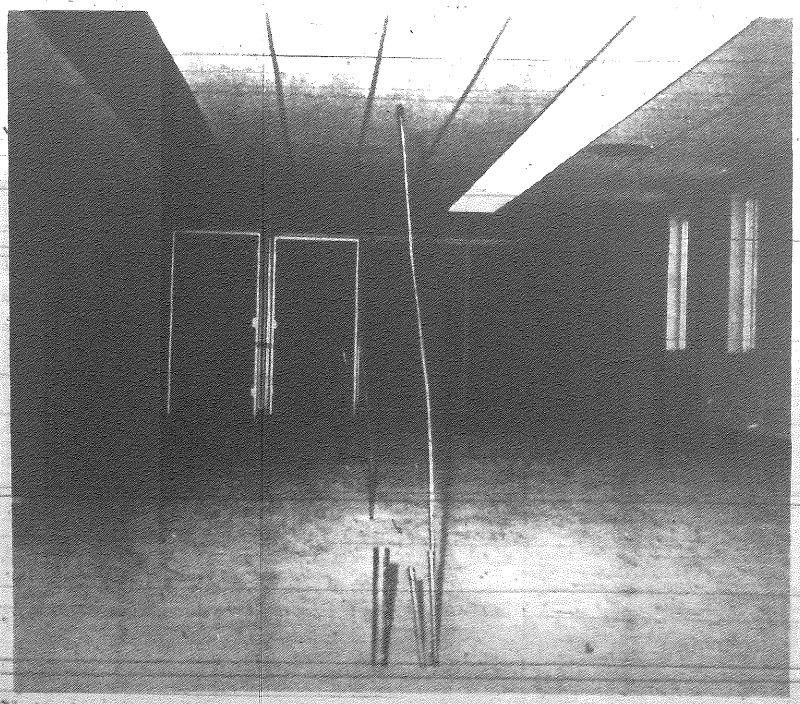

Herb Bergman of Bergman Builders Limited, left, explains lay-out of offfces in Provincial Building this morning to Miner and News news editor, Clarence J. Dusang. The building is rapidly nearing completion

— Smiles —

A gossip is any dummy who can give you all the details without knowing any of the facts.

—The Weather—

Mostly sunny and very cold today and Saturday. Winds northwest 20 except light at night. Low tonight and high Saturday at Kenora Red Lake, Pickle Lake and in the Favorable Lake Region 25 below and 15 below at Fort Frances and Trout Lake 25 below and 10 below. Sioux Lookout, Atikokan and Armstrong 30 below and 10 below and at Thunder Bay 20 below and 5 below.

Provincial Laboratory at the new building in Lakeside is now ready for occupancy. Pipes down centre of room await installation of fixtures. This final stage is expected to be carried out next week.

LATE NEWS BULLETINS

The Commons was told today the Federal Treasury likely will have to pay heavily into the Canadian Wheat Board to make up the difference between payments already made for grain and the lower rate of sale prices received. The Minister Without Portfolio in charge of the Wheat Board, Otto Lang, said prices received for wheat sold generally fell below the rate paid farmers initially on delivery of their crops.

Mr. Lang said there is no reason to be optimistic that grain farmers will receive a final payment this spring for the 1968 - 1969 crop. He said there could be a change when final calculations are made after the pooled fund is closed, but the treasury is expected to be involved heavily in making up a difference.

Finance Minister Benson told the Commons today the T. Eaton Company Limited and Simpsons Limited have suspended their announced increases in interest rate charges at his request. The Finance Minister said the companies agreed to suspend the increases until March.

The Prices and Incomes Commission is currently holding discussions with the business and professional community aimed at limiting price increases. The outcome of its discussions will be known next month.

A Canadian takes command of NATO's five-country standing naval force in the Atlantic next Friday. Commodore Douglas Boyle, formerly of the Canadian Forces at Ottawa, will take control of the six-ship group at a ceremony in Lisbon.

The group is made up of ships from Canada, the U.S., Britain, the Netherlands and Norway. It is designed as an Atlantic Roving Patrol.

The International Red Cross says it has received permission from the Nigerian government to fly 21 tons of medical supplies to Lagos next week. And Britain has announced plans for a five-plane airlift of medical supplies and relief equipment.

Meanwhile, a prominent Ibo tribesman has returned to Lagos from self-exile in London. He's Doctor Nnamdi Azikiwe, who was Nigeria's president from 1963 to 1966.

Israel reports its planes have attacked Egypt again, hitting military camps and motor pools. Tel Aviv says one Israeli plane was shot down and its pilot was seen bailing out over Egyptian territory. The attack was the third in about one week deep inside Egypt.

McMaster University in Hamilton, Ontario, has scored its second major Literary Coup in less than a year. The University has acquired a substantial archive of manuscripts and private papers from Nobel prize-winning author and playwright Samuel Beckett. The purchase of the collection was announced today. It follows the University's acquisition early last year of the Bertrand Russell archives.

The price paid for the Beckett papers has not been disclosed. The Russell archives are believed to have cost in excess of 250 thousand dollars. Both collections were acquired for McMaster by the University's librarian, William B. Ready.

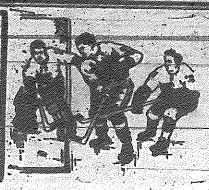

The Canadian International Development Agency announced in Ottawa today the federal government will spend 650 thousand dollars on a Barbados experiment to convert sugar cane into animal feed.

The three-year study follows a pilot project on the island of St. Kitts last year. Domestic production of beef, pork and dairy products in the commonwealth Caribbean is hampered by a lack of low-cost, nutritional livestock food.

Muskies To Host Terriers Sunday

The sometimes maligned and often beleaguered Portage Terriers make the scene at the Kenora Recreation Center on Sunday afternoon, sporting a brand new image. They are no longer the patsies of the MJHL and present a legitimate contender for playoff honors. As a matter of fact, a new ingredient called pride, has entered team rapport and the Terriers are now making noises which are worth listening to.

The Terriers are presently one point behind the Selkirk Steelers who occupy the 3rd and last playoff spot in the North Division. It is this corner's opinion that the Terriers will succeed in their playoff bid if recent performance is an indication.

Credit Portage with a great effort in their most recent 2-1 loss to the Muskies and their comfrom-behind 7-6 victory over the tough St. James Canadians. They also own an impressive 4-0 victory over the Dauphin Kings.

The Terriers are a hungry club and are rather enjoying their new role as contenders rather than pretenders. The general feeling exists that the Terrier and the Muskies will meet in the first round of the playoffs and your guess as to the outcome is as good as mine. Sunday afternoon's encounter at the Recreation Center between the Muskies and the Terriers will offer an indication of things to come.

The Muskies on the other hand, are gropping for the intredients which saw them emerge as the MJHL's early power. Their recent performance has raised more questions than answers and the hockey faithfuls in Kenora have been somewhat awed by the turn of events.

Certainly the fans have not lost confidence in their team's ability to win....Perhaps this confidence will find its way back into the Muskie-lineup where something constructive can be done. They are the engineers of their destiny. The fans cannot do it for them although another large crowd will be on hand to witness their efforts.

Sunday's contest could be a launching pad for either club. One grappling for a playoff berth and the other for lost ground. Either way, the count-down begins at 2 p.m.

The Boxing Writers' Association has voted heavyweight Joe Frazier as the outstanding boxer of 1969. Frazier, who holds a share of the disputed Heavyweight title had only 2 fights last year-winning one by a knockout and the other by a T.K.O.

On Welfare Man Had Bundle

Winnipeg-- A Winnipeg man in police custody for being drunk in a public place became the concern of Winnipeg's Health and Welfare committee last night.

The reason for the concern was a report that the man was a Welfare recipient and he was found to have more than six thousand dollars in his pockets.

Said Alderman E.A. Brotman: "It's inconceivable that one of the recipients saves up six thousand dollars in Welfare payments."

A report was expected by the committee later today.

From Around The World

Members of an International Observer Team in Biafra admitted to newsmen in Lagos today they weren't able to conduct a thorough probe for evidence of alleged genocide. The group, including two Canadians, had reported finding little starvation and no evidence of any Federal Nigerian slaughter of the Ibo people.

A Canadian member of the group Brigadier-General John Drewery, told newsmen there is food in Biafra and said that only those he called " stupid enough to go away from the food" are going hungry. The leader of the crushed Biafran rebellion has warned that food is needed crucially by Sunday.

* * *

A report from Canton says about six thousand Chinese soldiers are taking part in a conference aimed at sharpening their readiness for war. The Broadcast speaks of agression by either Russia or the U.S. A Soviet political journal has charged, meantime, that Peking is creating a war psychosis among the Chinese people to divert attention from internal problems. The magazine says other countries cannot ignore the situation.

In Hong Kong, there have been reports of fighting between Russian and Chinese troops as recently as one month ago. The two countries have just resumed talks on historic border disputes.

* * *

A strong earthquake has hit an area of Alaska 150 miles south of Anchorage. There are no immediate reports of damage or injuries. The quake—which registered six point two, on the ten-point Richter Scale—was not strong enough to generate a tidal wave.

* * *

The Quebec Liberals open their leadership convention today amid charges and denials on the campaign spending of Montreal Economist Robert Bourassa. Bourassa last night rejected complaints he is has indulged in what supporters of Pierre Laporte called 'exaggerated and disgraceful' spending. The leadership voting, with one-time Quebec Cabinet Minister - Claude Wagner, challenging Laporte and Bourassa, begins tomorrow afternoon. Outgoing leader Jean Lesage makes his farewell speech tonight.

* * *

Sixty eight year old Labor Party MP James Owen was refused bail today when he appeared in London court as the first British Parliamentarian charged under the Country's Official Secrets act. Owen, about to retire - from Westminster, has been active in efforts to promote trade between Britain and Eastern Europe and also heads a travel agency specializing in trips to East Germany. He is charged with transmitting information that might be useful to an enemy of Britain. The other country involved has not been named, but informants say it is not Russia.

* * *

Officials of a London Art Gallery say detectives have raided an exhibition of sketches by Beatle John Lennon and seized some of the works. The lithographs portray moments in Lennon's sex life with his wife Yoko Ono. Some critics have termed the exhibition obscene, but a gallery spokesman said the pictures were pornography but not obscene and were, in fact a poignant comment on modern society.

St. Andrew's U.C.W. Unit Plan Events

St. Andrews U.C.W. Evening Unit Keewatin, held its first meeting of the New Year, January 12th in the Church Hall, with President Meg Hensrud presiding.

The meeting began with a prayer for the New Year, read by the President. Reports were given of the past year's activities by past President , Mary Baker, and outgoing Secretary, Betty Hakenson.

Helen Moore proposed the following agenda for first three months of the year on behalf of the Ways and Means Committee:

January 20th———Thrift Sale - January 21st - - - - Rummage Sale February - "Talent Month" members are urged to use their talent and turn money in at March meeting.

March 15th- - - Irish Stew Supper. .

During the meeting it was also decided to accept as many offers to cater as possible. The meeting closed with the Mizzpah Benediction and lunch was served.

They Balk At Mortgages

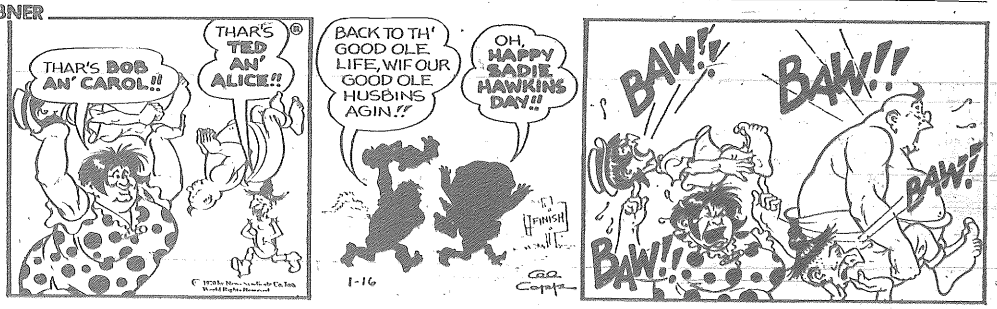

There are signs that house and apartment hunters are beginning to resist the prices they have to pay for a place to live, Robert Catherwood reports in the Financial Post. With first mortgage rates ranging 10%-12%, monthly mortgage and rent payments take a big slice out of income. The F.P Writer goes on to say that some apartment developers are holding off projects- not because they can't find mortgage money but because they are afraid they won't be able to find enough tenants who will pay the rents they calculate they must charge.

In some cases, potential house - buyers are staying put, because they can't afford the higher monthly payments involved in buying a new, larger house.

The earliest recorded windmills are those used for grinding corn in Iran (Persia) in the 7th century AD.

Engagements

Mr. and Mrs. J. D. Graham are pleased to announce the forthcoming marriage of their daughter Donna Lynn, to James Edward Loudon, son of Mr. and Mrs. R. McLellan. The wedding will take place at the United Church, Kenora on January 24th.

CARD OF THANKS

We would like to take this opportunity to thank all who were so kind and thoughtful during our recent bereavement in the loss of our dearest mother, Evelena Laliberte.

To all who sent mass cards, flowers and sympathy cards, a sincere thank you.

Gerald Laliberte and family, John Laliberte and family, Therese Caron and family.

We would like to express our deep appreciation to relatives, friends, and neighbors for sympathy, cards, flowers, also thanks to all those who helped in any way during the recent loss of our dear mother and grandmother, also thanks to the pallbearers, and Rev. D. McNeill and the Brown's funeral home and nurses and staff in Pinecrest.

FUTURE OF CABLE T.V. TO BE KNOWN SOON

OTTAWA— Decisions resulting from a public hearing in Toronto starting February 10th, will likely indicate what future restrictions Canadian radio -television Commission may impose on Cable TV firms importing U.S. Programs. Pierre Juneau, Commission Chairman, told the Commons Broadcasting Committee today applications for Cable TV licenses in the lucrative Toronto market, where American programs are already easily accessible, will result in a policy decision shortly afterward.

Mr. Juneau made the remarks during questioning by MPs on the CRTC's ban on the use of microwave relays to import U.S. signals for distribution over wide areas in Canada. The prohibition was announced in December.

Replying to questions by Pat Mahoney, Liberal MP for Calgary South, Mr. Juneau said the Commission's aim is to apply a uniform standard throughout Canada for importation of American TV.

Mr. Mahoney said Caglary is one of the areas located too far from the international border to pick up U.S. signals without the use of microwave.

Mr. Mahoney said it is unfair to allow those in Toronto or Montreal and other areas close to the Border to receive American Television while other Canadians, further from the Border, were denied the same service by microwave decision.

Mr. Juneau said the Commission has ruled out only the "wholesale and indiscriminate" importation of U.S. programs.

The CRTC now was closely examining alternative methods of selectively importing U.S. Fare.

He said it was just as important to make sure microwave was not used in Canada for carrying vast amounts of programing from one region to another.

He said the Broadcasting act, calls for a system which allows for identification of communities with their own radio and TV stations.

Mr. Juneau said cable TV was a device that could disrupt the entire broadcasting system unless closely regulated in its development.

J. Patrick Nowlan, Conservative MP for Annapolis Valley, asked Mr. Juneau whether the Commission will request cable operators now established in such areas as Toronto to cut off or decrease the proporation of American programs they are carrying.

Mr. Juneau said it would be extremely difficult to force cable operators who had been in business for ten or fifteen years to abruptly cut back on the amount of American TV programing they have been carrying.

But he said, many cable firms would be applying at the February hearing for new licenses in the Toronto area.

Decisions would have to be made on how much U.S. programing these applicatns should be allowed to carry.

He said the ban on microwave is intended to provide the Canadian broadcasting system with an opportunity to develop a unique valuable character.

Mr. Juneau said that at present, none of the ten top programs in Toronto are Canadian, and 42 of the top 50 U.S. programs are available on either the CTV or CBC networks.

He said it would be "utter nonsense" to try to outlaw American TV in Canada. But Canadian Television must shomehow be allowed the time to develop.

If U.S. competition was unrestricted, he said, Canadian Stations would have no choice but to become affiliates of American Networks.

Terrence Murphy, Liberal MP for Sault Ste Marie, asked Mr. Juneau whether Canadians who now have a choice between U.S. and Canadian Stations watch more American - programs.

Mr. Juneau said over fifty percent of those living close to the border spend more time watching American than Canadian TV. But this would change as more and better Canadian programing was developed.

Lincoln Alexander, Conservative member for Hamilton West, said any cutback in the wide choice now available in Hamilton would cause - a terrible outcry-.

POPULAR DISH

Roast beef is the most popular meat dish in Britain but a poll of eaters indicates steak is gaining in favor.

Provincial Building . . .

(Continued from page one)

located a ten ton electrical transformer with its maze of electrical wiring branching out like a huge octopus carrying energy to every corner of the edifice.

Electrical Contractor Harry Lecain, in explaining some of the working of these services which he installed said that there are an estimated 2,500 four foot fluorescent lights throughout the building.

The Ontario Department of Lands and Forests will occupy the main portion of the ground floor. Other departments located on this level will be the Department of Mines with accommodations for the offices of the recorder and the geologists. In the Mines Department there is a huge walkin storage vault, completely fireproof, where the many valuable documents and records will be kept. The Departartment of Public Works and - Department of Labor also will be located on the main floor.

A trip to the top level finds a spacious accommodation for the Department of Health where the modern laboratory will be located. The Department of Highways' offices will be located on this floor as well as a ladies' lounge, coffee shop, a board room, with divisible doors to allow for more than one meeting to be in progress at the same time.

Mr. Bergman said that the first floor slab was poured on August 14th of 1969 and he estimates the building is now one month ahead of schedule. The first of 120 people who will ultimately be employed at the headquarters building will be moving in by the end of this month. There will be an estimated 125 telephones throughout offices. Some 64 tons of air conditioning equipment went into the construction.

Mr. Bergman said he has had a crew of ten skilled carpenters working on the hilding since it got underway.

Kenora and District citizens can be justly proud of this fine structure which will see the centralization of the Provincial Government facilities.
