LATE NEWS BULLETINS

The French government has announced another big arms sale to Libya. Defence Minister Michel Debre says France plans to sell 30 Mirage jet fighters and 20 training planes to Libya - and these would be in addition to the 50 Mirage fighters Libya recently ordered. Debre told the defence committee of the national assembly today that the training planes could also be used for reconnaissance.

Israel protested the earlier sale of 50 sophisticated Mirage Five fighters to Libya, contending it would upset the balance of power in the Middle East. What is particularly galling to the Israelis is that this is the same number of planes they had ordered from France, but which have not been delivered because of the French arms embargo.

Latest word out of Baghdad is that 12 persons have been executed in connection with an alleged plot to overthrow the government in Iraq. Three retired army men and two active officers were executed by firing squad early today and seven more executions were carried out in the evening.

Baghdad radio says the plot was discovered last night and was crushed by army tanks. It says all the plotters were arrested. In an earlier broadcast, Baghdad radio indicated other executions might take place. It said the plot was supported by Imperialists and Zionists.

Jordan says fighting is still going on in a southern sector where strong Israeli forced invaded yesterday to smash Arab guerrilla bases. But Israel said earlier that the force had been withdrawn after some 20 hours of fighting. It is believed to have been the most serious clash near the Israeli-Jordanian border since the 1967 six-day war.

The Israeli defence ministry says an Israeli-made civilian aircraft crashed on a test flight today. And defence minister Moshe Dayan injured his ankle jumping out of a helicopter that was rushing to rescue the flyers.

A spokesman said Layan's right ankle was placed in a plaster cast and he returned to work.

Minister Without Portfolio Robert Stanbury has suggested the Canada Elections Act be changed to allow all immigrants, who intend to stay in Canada, to vote after one year's residence. Mr. Stanbury is the minister responsible for citizenship.

Under the present law, immigrants from Commonwealth countries may vote after one year's residence, but others must wait at least five years. Mr. Stanbury said in an interview today that a one-year residence rule may be a better way to get all on equal footing. The commons standing committee on Privileges and Elections now is discussing the electoral law. Mr. Stanbury suggests the committee might consider a one-year residency rule for all immigrants.

The executive of the Union of Manitoba Municipalities is concerned about a possible visit to the province by Beatle John Lennon. The Manitoba government has invited Lennon [illegible] of the municipalities organization has written Premier Ed Schreyer expressing concern that if Lennon makes the trip, Manitoba could become a Hippie Haven . . . in no way relating to the Centennial.

—The Weather—

Sunny today. Cloudy with sunny periods on Thursday and a little milder. Winds light, becoming southerly 15 Thursday. Low tonight and high Thursday 20 below and zero.

— Smiles —

Sugar and vinegar are both preservatives. So you have to decide whether you want to be pickled, or in a jam.

Still Time To Join First Aid

Mrs. L. Van Walleghem, Branch chairman of the St. John's Ambulance Senior First Aid group has announced that the last opportunity to join the course now in effect will be Thursday.

15 showed up last week. Registrations will be taken Thursday evening at Mount Carmel School from 7.30 to 9.30 p.m.

The course extends to March 5th.

Kinettes Hold V.P. Night

The Kenora Kinette Club started the year with Vice President's night with incumbent president, Mrs. B. Newman in the chair. Twenty nine members and one guest were present.

The minutes of the previous general and executive meetings were read by D. Baker. Correspondence read by Mrs. D. Baker, consisted of two Thank You notes. A treasurer's report revealed a healthy bank account.

Mrs. P. Delamere, Children's Aid Chairman announced plans for forthcoming work bees. Mrs. V. King, Sunshine Chairman, reported sending cards and flowers to club members. Mrs. B. Swan gave an interesting account of the Retarded Adults' Christmas Party and thanked all the Kinettes for their assistance.

It was announced that the February program would be New Members' Night. Mrs. B. Swan, chairman and the new members will chair the meeting and provide the evening's entertainment.

A discussion about the Kinettes' Role in the Festival of Lights Carnival, was held.

The following Kinettes volunteered to attend a Carnival Committee meeting- Mrs. D. Baker, Mrs. B. Albert and Mrs. L. Compton.

Following the meeting, a white elephant sale with articles disguised in brown paper bags provided excitement and interesting surprises.

Timber Cruising Program Planned

A large scale timber cruising operation will be carried out by the Department of Lands and Forests in the Kenora Forest District this winter. Fifteen men will be involved in cruising approximately 50,000 acres between now and the [illegible]

[illegible] ver-type maps and timber data have been received by the District. These data were collected under the Department's Forest Resources Inventory program and will form the basis for the new Management Plans; one for each of the five Crown Management Units in the District.

In conjunction with the preparation of the Management Plan cutting areas are being allocated for a period of ten years from the time the F.R.I. data are collected. The operational cruising to be carried out this winter will be concentrated on these proposed cutting areas to obtain more precise information on timber volumes and stand composition by species.

Counterfeit Money Turns Up In N.W. Ontario

Ignace, Ontario -- Counterfeit 10 dollar bills similar to those passed in Thunder Bay turned up today at Ignace, 150 miles to the northwest. Police said two bills changed at the Post Office bore the Serial Numbers S/E2511396, the same number as two reported Monday at Thunder Bay had the number P/T0074131. Four counterfeit twenties also were discovered at Thunder Bay.

Police at Ignace said the tens were slightly shorter than regular banknotes, of different texture and the Queen's picture was darker than normal.

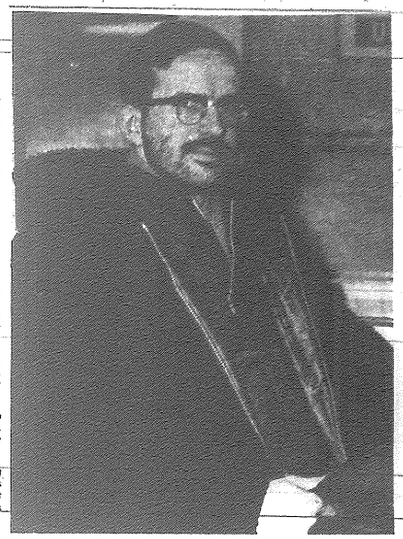

A check with local police revealed that no reports of the counterfeit notes having been passed in Kenora has come in as yet.

New Crown Cottage Lots

Lands and Forests minister, Rene Brunelle will be revealing Government programs for opening new Crown cottage lot developments and land management plans at the annual meeting of the Federation of Ontario Cottagers' Associations at Toronto's St. Lawrence Hall on February 5th.

Birnie Lloyd, Secretary of the non-profit Federation that represents over 100,000 cottagers and Lake Front Oners throughout the Province, indicated that taxes and pollution are some of the major concerns that will be discussed

GALS WON'T GO OUT OF STYLE CARNIVAL MENTOR PREDICTS

BILL SWAN

"Don't say it's cold outside today", urged our visitor, Bill Swan. "Dress for the weather and enjoy it — winter's a good time of the year if you don't fight it". The popular manager of Kenora's Recreation Centre was bubbling over with enthusiasm as he entered our inner sanctum, accompanied by a cloud of mist created by the frosty air. Bill is all steamed up over the forthcoming Winter Carnival which, he claims, will rate as the finest ever.

Now Bill's position with the Carnival Committee isn't publicity, but yesterday he was so filled with the spirit of the "thing" that he spread the total message to all who eagerly listened. Smiles and enthusiasm are most contagious, and before our visitor left, we were "sold".

"Do you realize that the Carnival is only six weeks away?" he asked. "Boy, is there a lot of work yet to be done". Between telling us what had already been decided and accomplished, he indicated the following firm decisions:

DATE — Thursday, Friday and Saturday, March 5, 6, and 7.

PLACE — Recreation Centre and grounds for most events.

THEME — "Fantasy of Lights".

HEADQUARTERS — Old Bank of Nova Scotia Building.

Many of the old, familiar events of previous carnivals will be dropped, with new ones added. One thing which won't change though is "gals and beards". A possibility exists that no fewer than eight princesses may be nominated for Carnival Queen. "Girls never go out of style", our visitor added, wisely.

Bill's mission to the Miner office was to discuss the publishing of the official Carnival book. Pictures of past funfests never grow old, and Mr. Swan would appreciate the loan of any which readers may have. They will be carefully handled and promptly returned.

A major addition to the Rec Centre may well be a giant toboggan slide, high enough and steep enough to challenge even the bravest. An outdoor barbecue, (under plastic) is another idea being explored by the committees, said our visitor.

"Lights are in this Carnival", Bill concluded after a most interesting general discussion. "We hope that business firms and private homes will show originality and ingenuity. Kenora may well have the most ingenious colors and patterns of light next March imaginable, if plans start now".

Come back soon, and often, Bill

(S.K.)

PREPARE FOR EXTENSIVE SPRING TREE PLANTING

With the recent arrival of more intense frost conditions, winter site preparation work to be conducted in the Kenora Forest District by the Department of Lands and Forests has swung into high gear and will likely continue on until sometime in March.

Site preparation being carried out this winter is designed to prepare a number of areas for tree-planting operations in the spring. Bulldozers with angled blades are used to push corridors through the areas so removing unwanted brush and trees and piling them in windrows. Frost conditions assist the machine operator in achieving a clean shearing-off of the brush and trees. One to two inches of humus are left on the soil so that planted trees will be protected from frost heaving.

Areas on which this type of work will be carried out in the Kenora Forest District this year are: Ena Lake -650 acres, for subsequent planting of 500,000 spruce; Stevens Bay (170 acres-) for 170,-000 white pine and Beaubien Lake (300 Acres) for the planting of 250,000 spruce in the spring.

[illegible] at Rush Bay was prepared by this method during the past fall and will be planted with 500,000 white spruce this coming spring.

Cuban Hi-Jinks Himself To Jail

Miami--A former delivery boy who took up a new profession-shaking down motorists- has landed in jail in Miami.

Ernesto Pantoja, a 29 year o.. Cuban Exile, was charged with impersonating a police officer and possession of stolen property after officers said they found his phoney police car filled with uniforms, two police guns and traffic ticket books.

Police accused Pantoja of extorting motorists in the little - Havana District-the center of Miami's Cuban Exile colony.

They said Pantoja, masquerading in a police uniform, had been stopping cars and demanding 20 dollars from drivers for tearing up traffic tickets he had written.

The police caught up with Pantoja yesterday.

Police said a search of Pantoja's [illegible] revealed 400 undelivered telegrams. A spokesman for Western Union said Pantoja had been a bicycle delivery boy.

Police said Pantoja had done an elaborate remodelling job on his small foreign-made auto to imitate a police vehicle-complete with dummy radio antenna, dummy microphone, a plug-in spotlight and police band walkie-talkie.

The uniforms, guns and traffic ticket books were stolen from two patrol cars in November.

MARKET POSTS GAIN

At New York, the market enjoyed a solid gain in moderately active trading.

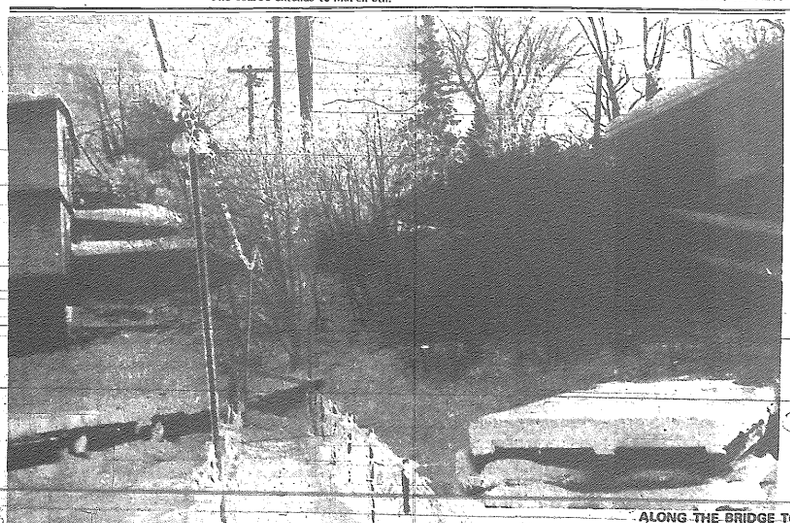

The big news was the announcement by American Telephone of a massive $1,570,000,000 financing program through an offering to shareholders of 30 year debentures with warrants to purchase stocks, A.T. and T. never opened on the New York Exchange.

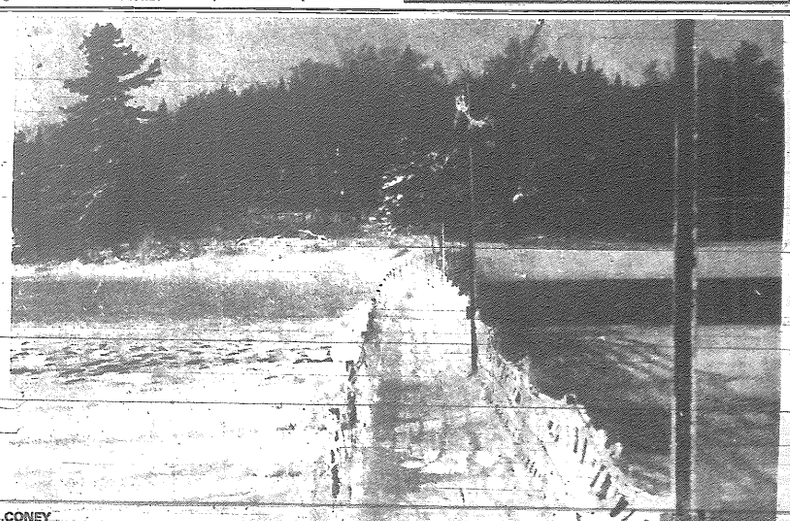

The exchange said it wanted to allow shareholders time to evaluate the plan.

ALONG THE BRIDGE TO CONEY

Even though temperatures dipped to forty degrees below zero in this area during the past week, nature was far from dormant. One area of activity is found in the narrows between Coney Island and 7th Street S., where rushing water has defied severe frost. Each day at dawn, two or three ducks fly to the spot, and remain until sunset, when they return to open water below the powerhouse.

Watchers see many other birds in the vicinity, including large ravens who walk to the water's edge for a drink, a friendly mink or muskrat enjoying a swim in open water. Last year a beaver was an almost daily attraction, but this year he has been replaced by a frisky squirrel.

Bursitis Is A Puzzling and Painful Ailment

Through research, more and more puzzling questions about bursitis, one of mankind's most painful and disabling ailments, are being answered.

What is bursitis? What causes it? How do physicians treat the disease? Does exercise help prevent bursitis — or bring it on?

Bursitis means inflammation of a lubricating sac near a joint. The sac, called a bursa, is normally like a collapsed balloon which contains some fluid. Bursae are located at various joints in the body between the tendon and bone providing cushions where there otherwise would be friction.

Bursitis can hit at many points in the body, says the Minnesota State Medical Association. "Housemaid's knee" and "tennis elbow" are common terms which are applied along with many others to bursitis. Most often bursitis affects the shoulder, elbow or knee.

As a rule, bursitis follows unaccustomed strain or overuse of any extremity. By taking a little time to work up to good "physical condition and especially by working up the muscles that you plan to use in any repetitious motion outside your normal activity, you can probably keep clear of this common and painful disease.

In recent years, science has learned much more about bursitis and there is much your doctor can do to relieve pain and promote healing. Aspirin, applying heat and resting the joint may be helpful. Your physician may prescribe treatment with cortisone-type drugs or X-ray. In extreme cases, surgery may be required. In any case, anything that will lessen the chance of the afflicted joint being moved will ease the pain and speed healing. And, like any machinery, your body's joints will stay trouble-free if they are warmed up slowly so that they are fully lubricated before arduous activity begins.

Comedians Return Feb. 16

HOLLYWOOD — Tom and Dick Smothers, the comedians dropped last April by the CBS television network, return to the air Feb. 16 in a one-shot special for NBC.

"We're not going to offend anyone—which is a novelty for us," says Tom.

The show will be mainly comedy and singing, he said.

In dropping the brothers, CBS said they had consistently failed to deliver tapes of their shows in time for network review.

Tom told reporters at the time: "They've harassed us and want us off the air because they think we're a threat to them."

Had Tom any regrets now over his action in the controversy?

He said he'd take the same stand again, but "maybe I'd be just a little bit more of a diplomat."

The average United States family of four eats almost three tons of food annually.

BLONDIE

BIRTHS

FIETH — Chick and George (nee Goodie) are pleased to announce the birth of their daughter, Kristin Lee, on January 12, 1970, at the Lake of the Woods District Hospital. Weight, 8 lbs., 15½ oz.

CARD OF THANKS

I would like to thank Dr. Bryngelson, the nurses and staff of the 4th floor at the Kenora District Hospital for their kindness shown me while I was a patient there, also my friends and relatives for the cards and get well wishes, the L.O.B.A. and the Ladies Auxiliary to the Royal Canadian Legion for their visits.

Thank you all.

Sincerely,
Mrs. Ryckman

We wish to express our sincere thanks and appreciation to all our friends, neighbors and relatives for the many acts of kindness, messages of sympathy, donations and beautiful floral tributes received during the loss of our beloved father, grandfather and great-grandfather. Special thanks to Rev. Leon Lindquist for a memorable service.

The family of the late Mr. S. Rimstad.

$10,000 Award For Suggestion

OSHAWA An hourly-rated assembly line inspector at the General Motors of Canada Ltd. plant Monday received $10,000 from the company for a suggestion he made to improve production.

Leonard Waltham, 38, with the company 19 years, examined a window mechanism with a missing U-shaped front channel and found it worked perfectly without the channel. He then suggested the channel could be eliminated from the company's Chevrolets and Pontiacs.

It was only the second time in the company's history that the $10,000 maximum award for a suggestion had been awarded.

Nylon Stockings, Pointed Shoes Court Bunions

CHICAGO Women are plagued more by bunions than men, and it's mostly because of their shoes and stockings, an orthopedic surgeon said Monday.

"Bunions are a problem related to being female and being a civilized one," said Dr. F. James Funk Jr., an associate in orthopedic surgery at Emory University of Atlanta, Ga.

Funk described the painful foot problem at the annual meeting of the American Academy of Orthopaedic Surgeons and in an interview.

The "marked preponderance" of bunions occurs in women, he said. He estimated that the ratio might be as high at 8 to 1.

The surgeon said that holdup men sometimes wear a woman's stocking over their head to distort their features, and said the nylon stocking has a similar constricting effect on the foot.

Women's pointed-toe shoes constrict the toes, he said, and the high heels push the foot forward, further tightening the toes.

Mayor Urges Support For Minor Hockey Week

Mayor Ernie Carter is again calling upon all citizens to support Minor Hockey Week in Canada, which starts Saturday, January 24th.

In announcing his support of young Canada's most important week, His Worship suggested that the local citizenry would "do well to keep in step with Canada by attending minor hockey games this week."

"It is our duty, and I share it with every local citizen" he said "To show our appreciation to the efforts of those who make participation in Canada's National Sport possible for our youngsters, Minor Hockey Week is Canada's most successful amateur sports promotion, and it's our duty to see that the local observance is equal to that of any in Canada."

The Mayor pointed out that we have a minor hockey program operating here that does not need to take a back-seat to any in the country but, he said - it needs support. "The best way to support the program is by buying a ticket. That starts a chain of events that really supports the local project. First the money helps finance the program. Then the ticket induces us to attend, and our presence encourages the youngsters and those whose efforts are necessary to the success of the local league."

He urged however, that our support should not stop at encouragement. The Mayor went on to say that "we must pay public tribute to the men and ladies who spend so many hours organizing and operating the many leagues and games for our youngsters. By their work they are providing our youngsters with an opportunity to play hockey. Out of this, comes better bodies, healthier minds, better boys and citizens. What greater reward can we hope for?" he asked.

The Mayor concluded by saying - "Because participation in Canada's National Sport provides healthy exercise that will improve the body, discipline that will train the mind, teach cooperation, team-play and respect for rules, the boys are sure to benefit. When the boys benefit, the community benefits, and because the community benefits, the community must contribute. We do this best by supporting Minor Hockey Week. I can suggest no better way than observance of the official slogan which is "don't send, - take your boy to the arena" and if you do not have a boy of your own, drop in and watch the others. I know you'll enjoy it."

Paint Preserver

If the lid of a paint container has been inadvertently thrown away or lost, and there is a little unused paint left, pour some hot paraffin over the paint, and this will keep it in usable condition.

Famed Monarchs Coming Home To Winnipeg

Homecoming will begin early in the Centennial year for several famous Manitobans–The Winnipeg Monarch Hockey Club. An alumni night will be held February 13th.

The Monarchs are one of Canada's oldest junior Hockey league teams. They captured the World Amateur Hockey championship in Davos, Switzerland in January 27, 1935. And two Dominion Junior Hockey (Memorial Cup) Championships in 1945–46. City championships in minor hockey as early as 1908 – were won by this distinguished team long before the Manitoba Amateur Hockey Association was formed to control provincial competition.

The Monarch's homecoming is a highly appropriate salute to Manitoba's sports history in this Centennial year. Their homecoming plans are also an outstanding example of group initiative and spirit which will assure a successful Centennial year for Manitoba, reported Walter F. McLean executive director for the Manitoba Centennial corporation.

Communities and groups across the province are extending similar invitations for special days and events. In its own homecoming effort, the Centennial Corporation has sent almost 40,000 of the Premier's invitations to former Manitobans inviting them to "Come home in 1970".

The current Monarch team will compete against a team from Dauphin on the night of February13th at a game to be held at the Winnipeg Arena.

Co-Chairmen of the Monarch's homecoming committee are Jimmy Dunn and Ed Corbeil.

Moose Bonspiel Scheduled Here For February

The Kenora Moose Lodge will be playing host to a District 7 Bonspiel which will be held here ... y 6th, 7th and 8th. First rock will be thrown Friday evening, February 6th at 7 p.m. Curling will continue throughout Saturday with the finals to be held at noon on Sunday.

A gala banquet is planned for Saturday night, February 7th in the Knights of Columbus Hall, Kenora.

A total of 32 rinks is expected to take part in this bonspiel and they will be from all parts of the far flung district #7, including Kenora, Dryden, Atikokan, Sioux Lookout, Thunder Bay, Beardmore, Terrace Bay, Nipigon Marathon and other points.

Lawrence Dowswell of Kenora is the Bonspiel chairman and has as his co-chairman, Don Thompson.

Lady Bowlers Enjoy Games

The recent section winners have been declared by the Thursday afternoon Ladies' Bowling league.

Tops in the first section was the team captained by Mrs., Vera Rivers and winners of the 2nd section was the Mrs. Joyce Onarheim crew. Team personnels have been changed for the next round and this lively group continues to enjoy this popular ladies' activitiy.

Sports Briefs

The Monte Carlo rally is drawing to a close and Porches seem to be on the verge of their third straight victory. One more hight of driving remains and out of the 90 competitors Porche crews are holding first, second and fourth positions.

A doctor with the University of Michigan's Orthopedic Surgery Department says the cross-body check in football should be eliminated. Doctor Thomas Peterson says 54 percent of the serious knee injuries obtained in football are caused by the cross-body check. Where a tackler throws himself horizontally at his opponent's knees.

Swiss skiing star Dumeng Giovanoli won today's first run of the Giant Slalom for World Cup points in Vitranc, Yugoslavia. He covered the 1,250 yard ice-covered course in one minute 27.59 seconds in sub-zero weather.

Ten days of continual rain has turned the 3 Monterey Peninsula golf courses in California into quagmires. The courses are to be used for the National pro-amateur golf championships, scheduled to being tomorrow. And to make matters worse, the long-range forecast for the region is more rain.

DUST AND GAS

Dust and vaporizing gases from the nucleus give the comet its tail, stretching millions of miles across the sky.

To Hold Second Indian Teach-In

It was announced today that the Nickel Belt Indian Club will sponsor the second Indian Teach-In on Saturday and Sunday, March 21–22, 1970 at Cambrian College Sudbury.

The Teach-in will be held in co-operation with the Canadian Council of Christians and Jews and the Ontario Union of Indians.

Principal speakers at the Teach-in will be Walter Currie, assistant superintendent - Ontario Department of Education-himself an Indian; and Dr. Art Blue, College of Education, University of Western Ontario- a Sheshonean Indian.

Co-Chairmen for the Teach-in will be Alex Nowgabow and Bob Recollet, two members of the Nickel Belt Indian Club executive. They will be assisted by Miss Donna LeBlanc in steering the Teach-in program.

The Teach-in will welcome delegates, Indian and non-Indian, from as far West as Thunder Bay and East to the Quebec border. It is expected that over 200 young people and adults will be in attendance at the 2-day talkfest on Indian concerns. Among those concerns will be community attitudes toward Indians; the proposed revised Indian Act; concerns around education, communication and citizenship.

Lands – Forests Staff Changes

An era ended when veteran Lands and Forests scaling supervisor, Cleve Mackey, retired on January 16th after more than 35 years of service, mostly in the Kenora area.

Mr. Mackey's successor as scaling specialist at Kenora is Peter Harkema, scaling supervisor in the Geraldton Forest District for the past 3 years. Mr. Harkema, a Fort William 'product', commenced his employment with the Department of Lands and Forests in the Port Arthur Forest District in 1950 and since then has held a variety of posts in forest protection, timber, scaling and check scaling. He is a 1957 graduate of the Ontario Forest Technical School.

Another popular member of the Kenora District Staff, forester Ric Monzon, left in late December to take up his new duties of Land Management Planner in the White River District. We wish him well in the challenging field he has chosen and congratulate him on a well-deserved promotion.

Two Members Welcomed To Legion Auxiliary

The January meeting of the ladies Auxiliary to the Canadian Legion Branch #12 was held Tuesday, January 13th, 1970 in the Legion auditorium with 41 members present.

The meeting was opened with the presentation of the colors and the singing of O Canada.

General business was conducted. Two new members were welcomed into our auxiliary, Mrs. Rees Bowes and Mrs. Dorothy Edith Alcock.

The travelling prize was won by Mrs. June Gould.

Monthly and yearly reports were given from various committees showing that the auxiliary had a successful past year.

Plans have been made for many functions to take place in 1970 with the exact dates to be announced later.

Any member wishing to work on any of the various committees would be most welcome and is asked to contact Mrs. Eunice Ballantyne at 468-9730.

Like Today

Rome— An Italian Art Student has discovered the fossilized remains of a mammoth which lived outside what now is Rome, some 250 thousand years ago. Experts believe the animal probably lived in the period between the two ice ages and froze to death while moving North.

...ure Services ...r The Blind ...e Explained

...Ferguson, Field Secre... ...the Canadian National ... for the Blind, has just ... from a special confer... ... Toronto. He was one of ... CNIB district represent... ...and assistants across the ... attending an annual re... ... their work.

...the conference, the men ... from two newly appointed Ontario Division Departm... ...acts – D. Stewart Hayter, Blind Recreation Director and Miss Phyllis Church, Supervisor of Eye Services and Prevention of Blindness.

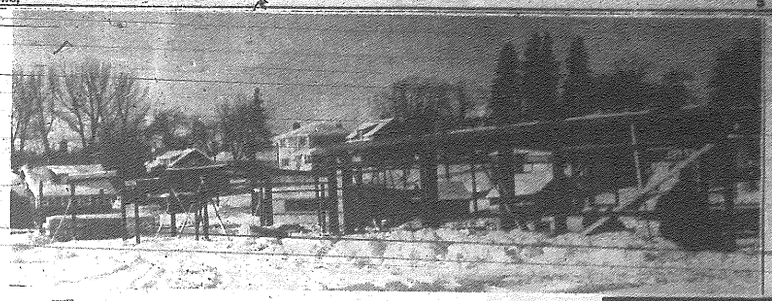

"After a blind person leaves school or one of our training courses he is ready for the sighted world," Stewart Hayter said. "But society is not prepared to accept him". The tall, deep voiced CNIB executive pointed out that most people don't believe blind persons can take part in all sorts of activities in the community.

CNIB has playing cards with Braille notations which allow blind men to play poker with the boys. Blind men and women sing in choirs, swim in pools, swing in square dances, and talk about what they watched on television. It all depends on the individual. "Blind people do like to associate with other blind men and women because they are old school friends, or are congenial company. The common handicap is not a sufficient bond. Some blind people bowl together but they do it because they like to bowl, not because they are blind."

Phyllis Church, Reg. N., P.H.N., told the men about future services for blind students in the regular school system. "Our nurses will visit a partially sighted-child to assess his vision. They will advise the teachers and tell them about the students' visual capabilities and disabilities.

We work closely with the Department of Education. Our total program is rapidly expanding. More nurses have been added to the staff. More prevention program such as amblyopia screening and glaucoma and other clinics will soon be underway."

The staccato click of the Braille writers as the blind Field Secretary made his notes could be heard as Miss Church told them that some 1500 sighted people in Ontario receive assistance from CNIB. " Keeping a person in the sighted world is just as important to us as providing services for the blind," she said.

Searching For Centennaires

How many Manitobans do you know that have been alive for a century or more?

The Manitoba Centennial Corporation announced today that it has the names of 43 Centennarians living in Manitoba as at December, 1969, and that it is searching for more. A special Centennial recognition is in store for those Manitobans who are as old or older than our province this year.

Among the 43 Centennarians, 27 are women and sixteen are men. Five will celebrate birthdays in January and two in February; 15 live in Winnipeg, 3 in Brandon and 2 in Portage la Prairie. According to the December listing those born in the Month of January are: Gilbert Maud, born 1861, of Waterhen Indian Reserve; Rachel H. Bateman, born 1869, of 621-44 Edmonton Street, Winnipeg; Charles Fidler, born 1869, of Rural Route 1, Winnipeg Rita; abeth Balmer, born 1867, of Portage la Prairie; Mary Cassells, born 1868, of Grandview.

Names of other Centennarians should be sent to the Pioneer Committee, Manitoba Centennial Corporation, 555 Main Street, Winnipeg 2, Manitoba.

Says Hard To Replace Local Daily Paper

Ottawa--The owners of the Brantford, Ontario expositor say the locally-produced daily newspaper stressing local news is here to stay in the foreseeable future.

In a submission to the Senate Committee is mass media, the Expositor says developments such as electronic transmission of news into the home or centrally - run newspapers with Satellite editions would have a hard time uprooting the community-based local paper.

John C. Preston, General Manager of the Expositor, and Peter M. Preston, Executive Editor, also suggest that grievances against newspapers are handled better locally than through establishment of a National Press Council on the British pattern.

The Preston Brothers are 3rd generation owner-managers of a newspaper founded in 1852 and owned by their family since 1890. They say they believe the links between a community and its newspaper are stronger when the paper is owned "by people active in management and keenly interested in their community". Their submission, prepared for presentation today at the Senate Committee's afternoon session, says economic factors--including succession duties and other taxes --probably contribute in some cases to group ownership

Ship Adrift In Atlantic As Line Snaps

Morehead City, North Carolina- The burning Norwegian freighter Nordis Presthus continues to wallow in the Atlantic after an 8 inch nylon towline to a U.S. Coast Guard Vessel snapped.

The line parted last night for the 2nd time.

The buoy tender Laurel is to attempt to re-attach the line today and continue the slow voyage into Morehead City, North Carolina.

The vessels are only 35 to 40 miles from shore.

A coast guard cutter took off the last eight crewmen of the stricken freighter last night after the towline broke.

Earlier, 20 surviving crew members, including two women, were picked up after they had abandoned ship.

Two crewmen were killed when the ship was rocked by a fire Sunday night.

The Coast Guard says the blaze in the engineroom was put out but one in the hold still is burning.

Cleaning Furniture

Weak tea makes a good furniture cleaner. Rub the furniture with a cloth saturated with tea, then wipe dry.

Greasy-Kid Stuff Or Smart Promotion?

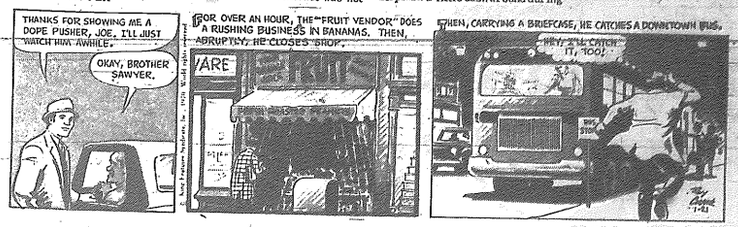

New York -The Oleomargarine heir who has said he wants to give away his money, Michael J. Brody Junior, has signed an exclusive contract with RCA Records. The value of the contract was not announced. But Brody, who sings and accompanies himself with a guitar, was quoted by RCA in New-York as saying that all money he receives "Goes to Peace."

The 21 year old Brody was turned away from the White House Monday night, while trying to see President Nixon to explain to him that "The war in Vietnam is over."

Yesterday's schedule was more routine, although Brody managed to splash a little cash around during his travels. He and his 20 year old bride, Renee, went to the offices of RCA Records to talk contract. On the way in, receptionist Mae Frances Jennings said Brody handed her 3 100-dollar bills. Later, Brody travelled to a music store, paying a security guard, Curt Herr, 500 dollars to accompany him.

Herr says: " He bought two 12-string guitars for 995 dollars.

MEDIUM CHARGED

TORONTO — Mary Butch, 68, who pleaded guilty Monday to a charge of fortune-telling, was fined $400 with the option of 40 days in jail and ordered to pay $220 a Toronto couple had paid her. She paid the fine and made restitution.

AMO Corporation

Amo Corporation, near Minaki, Ontario, is a non-status Indian Group which was the most destitute in the entire area.

They received a grant of $10,000. from the Provincial Government's Department of Social and Family Services in 1969.

This little group has achieved amazing progress in a very short period. So far this year, they have met all their obligations and have invested about $3,000. out of their profits for new equipment.

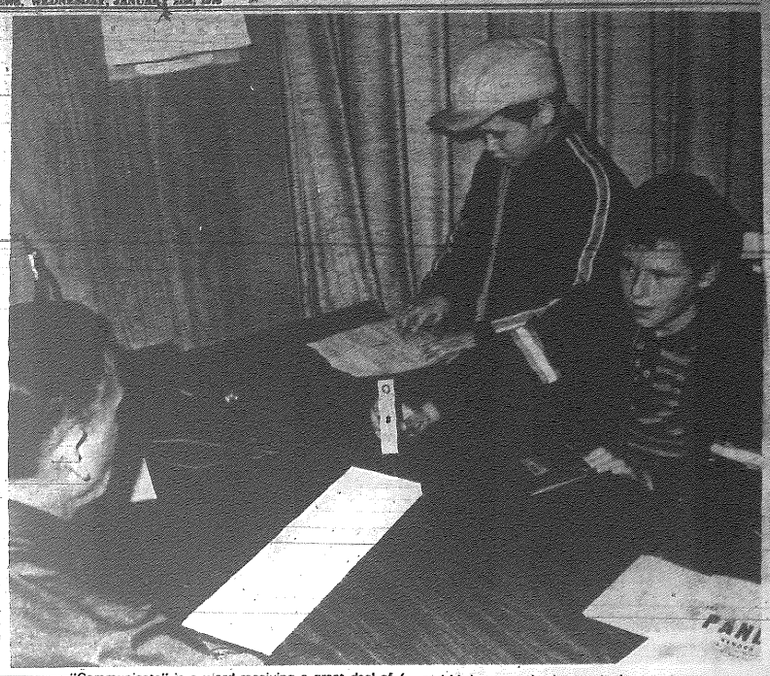

They are presently attempting to buy 100 acres of Crown land to carry out a housing project which would serve all Indians living around Minaki.

They have already paid the sum of $22,700. to the Department of Lands and Forests for stumpage and have contributed other funds toward the construction of roads.

Their aim is to become home-owners, self-supporting, and an asset to the country, rather than "Squatters" as they are now designated.

The corporation is working on a 3000 cord pulp contract for Boise Cascade Corporation.

This is a well-run organization with the administration being supervised by Father Ruest who is the missionary priest of that area. He, single handedly, succeeded in making this group realize that changes could be effected in their desolate situation, and he has been a most efficient administrator of the corporation. This corporation works in close cooperation with Amik, and its financial reports and progress reports are well done.

"Communicate" is a word receiving a great deal of attention and study these days. At South Ward School, Miss Cromwell has sent her Grade 4 pupils in search of daily application of the term in its widest sense. Groups are looking at T.V., radio, newspaper, ancient photos and stories; others will report on such varied areas as animal and bird communication methods.

Ian Stewart and Kevin Longe, 10 year old pupils sought information about the Miner and News. Kevin is seen reading a question while Ian holds a microphone on which replies were recorded, as given by Stuart King.

A successful man is one who earns more than his wife can spend. A successful woman is one who finds such a man.

Five men died before firing squads in Baghdad today - sentenced and executed in just two and one-half hours. Baghdad radio says the executions followed the smashing of a plot to overthrow the government of Iraq. The broadcast says the attempt to topple the government was made last night.

Of the five men executed, one was a retired Brigadier another a retired Colonel, two were Lieutenants on active duty and the other a retired non-commissioned officer. Baghdad says they were only the first batch of plotters to die, hinting that more senetnces are expected. They were accused of plotting against Iraq's Socialist regime in the interests of Imperialism and Zionism. Baghdad claims the U.S., Britain and West Germany were behind the plot.

The Israeli military command says an Israeli armored force crossed into Jordan south of the Dead Sea and remained nearly 20 hours - striking at Arab Guerilla bases. Jordan says there was a major land and air battle. The Israelis say their force killed five guerillas and suffered no casualties or damage. The guerrilla organization Al Fatah claims its men killed two of the raiders and destroyed two Israeli tanks.

It was the most prolonged Israeli penetration of Jordan since the 1967 Arab-Israeli war. An Al Fatah communique issued in Damascus said Saudia Arabian forces stationed in the area joined Arab guerrillas and the Jordanian army in battling the Israelis.

Three doctors are continuing the attack against birth control pills with more testimony about suspected links between the pill and high blood pressure, strokes and fatal blood clotting. The three are appearing before the U.S. Senate Monopoly Sub-committee. One is the director of the Department of Medicine at Pennsylvania Hospital in Philadelphia, Doctor Edwin Wood.

In their prepared testimony, all three urged caution - but none produced any hard new evidence. Wood called for government support of massive research at once. He said research on birth control drugs was far from complete when they were released for public use.

Recent adverse publicity produced sharp declines yesterday in the stock prices of leading birth control pill manufacturers. An analyst of drug issues at the Wall Street firm of Merrill Lynch, Pierce, Fenner and Smith - Mss Mary Wrenn, says: "there is no question that publicity has had an adverse effect on the price performance of leading companies in the birth control field.

Pope Paul has accepted the resignation of Cardinal James McIntyre as Roman Catholic Archbishop of Los Angeles. The controversial Cardinal is said to have resigned because of his age. The Cardinal will be 84 in June and served eight years longer than the recommended retirement age of 75.

McIntyre, one of the leading Conservatives in the American Church, has been involved in several controversies with Liberal Nuns and Priests. Vatican sources say his successor will be Archbishop Timothy Manning, formerly Bishop of Fresno, California.

From Around The World

The military command in Tel Aviv says an Israeli armored unit has pulled out of Jordan after striking for almost 20 hours at Arab Guerrilla bases south of the Dead Sea. It was the longest single Israeli assault into Jordan in almost two years.

The Israelis say they killed five guerrillas and then carried out a combing operation in and around two villages. A spokesman says there were no Israeli casualties. Earlier reports from Amman said the Israeli force included about 40 tanks and half tracks backed by heavy artillery.

The Nigerian government has allowed newsmen to make a 150 mile tour of fallen Biafra. And Associated Press special correspondent Hugh Mulligan reports famished refugees fighting for food and looting by Nigerian soldiers.

Mulligan says the farther the News party went into the territory, the worse the conditions of hunger, homelessness and confusion became and he reports hearing several firsthand accounts of women being criminally assaulted by Nigerian soldiers.

The Soviet Government disclosed today it has revoked the citizenship of Svetlana Alliluyeva, the daughter of Joseph Stalin, for what it termed acts defaming the title of citizen. Mrs. Alliluyeva defected to the U.S. in 1967 and now lives in Princeton, New Jersey. She could not be reached for comment. But a former spokesman for her, said he believes she was not expecting this and wanted to keep her Soviet Citizenship.

* * *

A 47 year old Chinese woman told today how she sailed a fishing junk alone for 100 miles along the Chinese coast to rescue her husband and two children from a Communist Chinese commune. Then she took them -- and another family of eight, back to safety in Hong Kong.

The husband is a Hong Kong fisherman who was captured with his children when a Chinese gunboat seized their junk 18 months ago.

* * *

A U.S.-Japanese consortium will export a 25 million dollar chemical plant to the Soviet Union. The plant will make Butadiene, a raw material for synthetic rubber. Sources in Tokyo say a formal contract will be signed in the near future.

* * *

The massive Aswan dam in Egypt is nearing completion amid strict precautions against Israeli attack. Work on the dam started ten years ago.

Anti-aircraft gunds guard the huge barrier across the River Nile, which is considered a tempting target for Israeli raiders. The Israelis have twice probed deep into Egyptian territory attacking points farther north along the 500 mile power line running from Aswan to Cairo.

Most diplomatic observers say the dam can be written off as a target. They argue that Israel would never go beyond a certin point in the almost daily series of raids and counter-raids.

If the dam was destroyed, it would unleash a torrent of death through Egypt. Work began at a time of comparative peace in the Middle East and has cost 800 million dollars.

Despite the Israeli attacks, the dam and its huge turbines are taming the waters of the four-thousand mile Nile river and using them to produce power and light.
