17 Welcomed To O-M Quarter Century Club

"To those employees, having the confidence and perseverance to spend a greater part of their lifetime furthering the aims and objectives of the Company, we pay our sincere respects".

This was the prelude of an address by Fred Moden, Resident Manager of the Ontario Minnesota Pulp and Paper Company Limited at Kenora when he welcomed 17 new members into the Quarter Century Club of the local operations. Fifteen of the employees were from the paper division, and two from logging.

Mr. Moden said the Kenora Mill had a fine history and had 405 employees who were members of the 25 year club. There are 181 active members, 96 retired, 10 who have left the company to go to other pursuits and 118 deceased members.

Ruby Lachapelle was one of seventeen employees of the O-M mill accepted into the Quarter Century Club Wednesday. Here she is seen with Fred Moden, resident manager of the Kenora mill

Continuing with the tribute to the old timers, Mr. Moden said "You have served your Company faithfully and conscientiously for 25 years or more. By your endeavors you have played no small part in the progress and success of the company during these years. It is your company's earnest wish that the service ring presented to you will be a constant reminder that your loyalty to the company, your industry in your work, and the wisdom, freely given, is highly valued and appreciated."

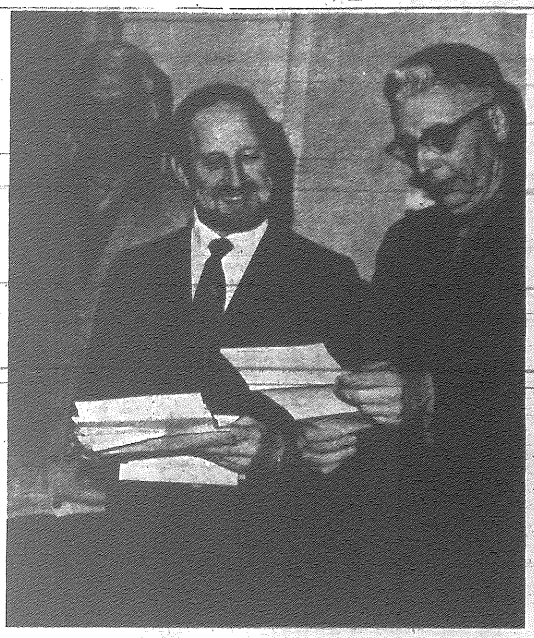

The chairman then called the honored guests to the head table and each was the recipient of a Company ring. Those honored were George H. Bachul, Holgar Berglund, Ralph L. Dowd, Raymond Garrow, Eric B. Hulmes, Ivor G. Hulmes, George R. Knipe, Florence 'Ruby" Lachappelle, Holger Lund, Daniel Matweyw, Leonard W. Miclash, Carl A. Norlen, Frank E. Richards, Henry Spalton, James M. Shumka, Alfred A. Sundin and Peter Tacknyk.

Thanking the Company on behalf of the newly accepted members into the Quarter Century Club, Frank Richards said the group had a total of 425 years service. He said that over the years they had the opportunity of meeting many fine people and expressed a wish that many more years of comradship in the employ would be realized.

Dr. Howard King, Company Medical Officer , was the recipient of a gift on behalf of the employees. In reply, Dr. King tendered congratulations to the new members and wished them many more years of future happiness.

Mayor Ernie Carter, in bringing greetings from the Town, said the greatest asset of any community is the spirit of its people

(Continued on page eleven)

Tenders were opened Wednesday evening for the construction of a new Kenora Tourist Bureau. Looking over the five bids are, architect Earl Nelson and Mayor Ernie Carter. At left is Sig Magnusson, chairman of the Publicity Board. Ac council decision will be made shortly on the board's recommendation.

EDUCATION BOARD WANTS SATELLITE TO REMAIN

P.K.. Dickens, Principal of Central School, Kenora, was welcomed to the regular meeting of the Kenora Board of Education by Chairman Mrs. Edna Kidd. Mr. Dickens presented a report on the utilization of teacher aides in the elementary schools. A considerable discussion followed on aspects concerning Teacher Aides and Teacher Assistants and the graduates of the Instructional - Resource Technician's course at Confederation College.

Mr. J.A. Fraser, Director of Education, reported on the meeting held at the Lakehead with the Board of Governors.

The Kenora Board of Education expressed its concern and sincere desire to maintain Confederation College satellite programs in Kenora. Several alternative suggestions were made to assist in keeping the program here. The board will take no further action in this regard until direction comes from the Minister of Education.

Three teachers requested sabbatical leave and in accordance with the Board policy that a minimum of 3 teachers be granted this type of leave each year, all were approved.

Those taking leave for a period of

SECRET HIGH DRAMA—

Photo Finish Race Verdict Awaited; Stakes Are High

The story of a dramatic, secret race for high stakes is surfacing. It may well be that for sheer, high drama, the chain of events has never been duplicated in the Kenora area. The race took place between Christmas and New Year's Day. some 25 miles west and south of Kenora, stretching from Ash Bay, Lake of the Woods down through Shoal Lake Narrows and into the entrance of Shoal Lake itself.

Jim Campbell, resident manager for Kerr Addison Mining Company told one part of the story this morning. Three years ago this month he opened an office for his Company in the Kenricia Hotel. Extensive air exploration has been done over vast stretches of Northwestern Ontario, working generally from east to west. The electromagnometer survey had reached the western section of the Lake of the Woods when Jim and Mrs Campbell left in mid-December for a Florida holiday.

Meanwhile flights continued in routine fashion, until one day a significant secondary field, created by a metalic anomoly on the ground, caused the observer in the plane considerable excitement. But Parsons Airways pilot was excited for another reason; for flying close by was another aircraft, also trailing a "bomb" which had picked up the same readings.

The race was on.

Phelps-Dodge, a large American copper Company, which has also been working in Thunder Bay, Fort Frances, Red Lake and Sturgeon Lake areas, had come to check out the greenstone belt, which extends in broken fashion from Thunder Bay to the Manitoba border. Jim Campbell was called in Florida by his assistants and sped home, meanwhile engaging Helair helicopter services and ten men for staking duties. Phelps-Dodge brought in a helicopter from Ot-

(Continued on Page Nine)

Dryden Chamber Sends Invitation

Members of the Kenora District Chamber of Commerce have received an invitation from the Dryden District Chamber to attend the Annual Meeting at Dryden on January 31st. Price is set at $5.50 per person which includes a social hourdinner and dance.

There will be a door prize for a return trip to Hawaii. This will be awarded during the evening. Anyone wishing to obtain tickets for the Dryden Dinner, are asked to contact C.G. Stalker, Secretary of the local Chamber.

—The Weather—

Cloudy with light snow , clearing by midafternoon. Mostly sunny and colder on Friday. Winds northerly 15 becoming light tonight. Low tonight and high on Friday at Kenora 15 below and zero,

(Continued from page one)

and the greatest danger that can menace any community is the breakdown of that spirit—the will to win and the courage to work. He said that all realize the success of the great industry here is built in no small measure upon the willingness, the cooperation and the enterprise of its employees. He tendered best wishes to for many years of health and happiness.

Luke Francis, Mayor of Keewatin was present and brought greetings from the neighboring municipality. He congratulated those who had achieved membership in the Quarter Century Club. John Blair , Superintendent of the Woods Division also brought greetings and best wishes to all those honored.

Jack Owen, Production Manager of the local mill said those who had achieved the 25 year goal had gathered much experience and had contributed in no small part to the success of Kenora. He urged the older employees to pass on their experience to the younger employees.

Sven Sjostrom Rink Playing In Curling Finals

A rink from Keewatin, Ontario skipped by Sven Sjostrom will be one of eight rinks participating in the Northwestern Ontario Curling Association Seagram's Senior Curling finals. Draws were made last evening and curling got underway this afternoon. With Sjostrom on his rink are Nick Kozak, Herb Hicks and Oscar Hensrud.

Other rinks taking part are from Thunder Bay North, Thunder Bay South, Hornepayne, Red Rock, , Dryden, Campbell Red Lake and Fort Frances.

Curling in the event will continue till Sunday. A 2 p.m. Draw for Sunday is tentative because if no tie occurs the closing ceremonies will take place following Sunday's 10 a.m. draw.

Winner of the Northwestern championship this weekend represents the Association in a 3-rink championship at the McIntyre Curling Club at Timmins in the Northern Ontario final February 13-15 and the winner of that event goes to the National Final being held at Kamloops , B.C. February 23-27th.

Last year's National Winners were Alfie Phillips Sr. and his rink representing the Toronto Granite Club of the Ontario Curling Association.

People who fly into a rage always make a bad landing.

CARD OF THANKS

HUMPHREY — We wish to express, our sincere and heartfelt thanks to our relatives, friends and neighbors for the many acts of kindness, messages of sympathy, floral tributes and the special donations.

A special thanks to Rev. H. Boyd and the doctors in attendance at that time. They shall not be forgotten.

Mrs. J. Humphrey and family

one year are Mr. Emil Blouin, Mr. C. Reiach and Mr. James Forbes. The three teachers will be upgrading their professional qualifications during this time.

A letter was received from the citizens of Redditt advising the Board that they were not interested in retaining the school building for muncipal recreational purposes.

Honor Society trips were discussed and it was recommended that representatives of Lakewood and Beaver Brae Secondary School - meet with the Board at the next regualr meeting to discuss Honor Society trips.

The salary negotiating committee reported that an agreement had been reached with the Canadian Union of Public Employees representing the caretakers and the maintenance staff. In 1970 the - hourly rate will be $2.90 and in 1971 a rate of $3.25.

The Board agreed to pay 50 percent of the medical and hospital premiums. T h e teachers have presented proposals to the Board regarding salaries for September 1970 and meetings will be held between the board and the teachers to consider salaries in the near future.

It was noted that the Ontario Public School Trustees Association, December Newsletter, carried an article concerning the special primary class established for Indian Students. A year-end report of the Director of Education was received --It was recommended that this report be distributed to all of the schools and other parties interested.

The next regular meeting will be held Tuesday, February 3rd, at the Seminar Room of Lakewood - Library.

— Smiles —

It's my opinion, said the judge, that you should give your husband a divorce.

I will not--shouted the wife. I've lived with that terrible man for 20 years and now you expect I should make him happy?----

MOUNT EVERGREEN NEWS

First, apologies to and congratulations to Craig Kehl for his latest sweep of the Konantz Memorial. Older brother Ross has had his own share of the laurels. And to keep the record straight President Garth wants us to report that the roster of active skiers in the Club this season is 372—that's 100 more than originally listed.

The Nancy Greene Ski League, which had its start in Eastern Canada in 1968, to promote interest in Midget (8-13) year old skiers in competitive skiing, is again part of the year's activities at Mount Evergreen.

The slalom events are held weekly, between teams of 10 to 13 youngsters each and under the scoring system used, each competitor makes his contribution to the team, provided only that he completes the race. Youngsters thereby learn the magic of working together and helping each other. Presently, Kenora has 45 of these Midget skiers enrolled in the league. Dryden Ski Club has 38 members and an interlocking schedule has been arranged.

The winning team will then travel to La Riviere to compete against the Southern Zone of the Manitoba Division and the winning team of that race will compete against the Northern Zone of the Manitoba Division. There are four hundred youngsters enrolled in Manitoba and over 3000 across Canada.

The schedule of races has been posted in the Club House and any parent requiring information can contact the coaches of the 3 Kenora teams—Jane Myles, Charlie Strachan or Wilf Symonds. In addition to the above program, the Kenora Club has initiated a new program for youngsters who have reached the age of 14 and are ineligible to compete in the NANCY GREENE League.

Alpine Coach Don Letain , has weekly racing clinics in more advanced competition and members of this group compete in Division races against the other six clubs in the Manitoba Division.

Last Saturday in the Nancy Greene League, Janie's Bashers defeated Wilf's Parallels, 140 to 84 here at Mount Evergreen and on Sunday the Parallels journeyed to Dryden where they again came out second best. Meantime, the Dryden Wipeouts were making their first encounter here at Mount Evergreen , winning one by besting the Bashers, 135 to 67. This coming weekend calls for the Parallels to repeat their attempt to win at Dryden on Sunday after a Saturday encounter against the Schussboomers here in Kenora. Meanwhile the Juniors are off to La Riviere to compete in the Manitoba Division races. Representing Mount Evergreen and a real threat for top honors will be Craig Kehl, Jame Myles, Curt Ronning, Matt and Dan Letain Norbert Dufresne, Sherri and Rodney Symonds and Rick Sharples. That's this coming weekend and the BEST OF LUCK, Gang!

LATE NEWS BULLETINS

President Nixon, in his first State-Of-The-Union Address, says he will increase spending to fight crime and pollution on the domestic front. And in foreign affairs, he says he can foresee a generation of uninterrupted peace. In his address to a joint session of the U.S. Congress today, Nixon said he would be the last to suggest that the road to peace is not difficult and dangerous. But he said he believes his administration's new policies have contributed to the prospect that America may have the best hance since the World War to enjoy a generation of uninterrupted peace. He said he foresees progress toward achieving peace in Vietnam and looks with hope for fruitful negotiations with the Soviet Union and possibly China.

On domestic matters Nixon said law enforcement agencies will be the only ones to receive increased funds in his next budget. And he said, he will propose the biggest and costliest anti-pollution program ever - ten billion dollars to be spent over a five-year period on clean water projects alone.

Canada's second-largest producer of pulp and paper, Domtar limited, was fined one thousand dollars today after pleading guilty to a pollution charge. The firm pleaded guilty in District Court in Thunder Bay, Ontario, to discharging wood and chemical wastes into Lake Superior's Nipigon Bay at Red Rock, 65 miles east of Thunder Bay.

Counsel for Domtar said the company should be fined only 500 dollars since it had launched a seven-million-dollar pollution control program at its Red Rock mill. Judge T. A. Connor expressed regret there are not more teeth in anti-pollution laws.

A new anti-pollution group has sprung up in Quebec. It calls itself resistance. The aim is to try to unite all interested citizens in one co-ordinated effort to dramatize pollution problems and bring pressure on government and industry. One of the organizers is Doctor Richard Nelson, vice-president of the Quebec Wildlife Federation.

He says politicians and industrialists are trying to dilute their responsibility by saying pollution is everybody's fault. Referring to politicians, he said "these mummies are trading fundamental rights and values for economic ones."

The President of the National Farmers Union, Roy Atkinson, says that unless farmers organize, large corporations will force them into bankruptcy and take over their operations. Speaking last night in Summerside, Prince Edward Island, he said large corporations which sell equipment to the farmers and buy his products are putting the economic whip to the farmer.

Mr. Atkinson said Provincial governments are nothing but pawns in the hands of large corporations. He said: "large corporations can buy and sell governments any time."

Apple Surplus To Cut Prices

Ottawa—The Federal Agriculture Department foresees a world surplus of apples, forcing prices to tumble, if all parts of the world have normal crops in the next few years.

The Department's weekly newsletter says world production is increasing faster than demand. The biggest increases have been in France and Italy, which now are competing in Canada's principal market, the United Kingdom.

Canadian apple growers have been able to maintain their export - market for about three million - bushels a year by improving quality, cutting production costs, and producing new apple products. But competition may become stiffer.

One usually effective way to muffle a piece of furniture that squeaks annoyingly is by dropping a little melted paraffin into its joints.

Noted Speaker Here Friday

The Kenora - Keewatin District Association for the Mentally Retarded has been fortunate in having as guest speaker at a special meeting on Friday, January 23rd at 8 p.m. Dr. A.G. Auerbach. Dr. Auerbach received his B.A. from Brandeis University, his - Master's Degree of Education in Human Development from Harvard University and His PH.D. in Child Development with a Specialization in Learning Disabilities from Purdue University.

He taught Child Development at Iowa State University for 2 years prior to joining the staff of the National Institute on Mental Retardation and the Department of Psychology at York University. In the summer of 1969, he was Director of Camp Towhee, a camp for teaching disabled children in Ontario. His current interests are -Child Abuse, Cross-cultural sex role development and programing for the retarded nursery school-age child.

His wife Judith, has just received her PH.D. in Child Development from Purdue University, and is interested in children's learning and cognitive development.

At the present time, Dr. Auerbach is director of a correspondence and in - service training courses for nursery schools personnel in Ontario, working with retarded children, with two of our members participating.

The association extends a hearty welcome to anyone wishing to attend this meeting to be held at ARC Industries, corner of Sixth Street South and Fourth Avenue South.

Coffee and refreshments will be served.

Bridge Steering Committees Made Smaller

The International Falls City Council has re-organized their portion of the International Bridge Steering Committee and heard of progress on the project by the Canadian government. At the request of the 24 member steering committee , the council and the Fort Frances council each whittled - their committees to five - members— two councilmen, the mayor, state or provincial representative and an at-large member from each city.

Named to the new unit by the Falls council were councilmen Alec Kaviuk and Clarence Schwankl.

FINLAY– FRANCIS

Mr. and Mrs. James Francis are happy to announce the marriage of their elder daughter, Patricia Marie to Mr. Wesley Orville Finlay, son of Mrs. H. Berry and the late Mr. Orville Finlay of Salida, Colorado. The service was performed by Rev. Richard Ness, First Lutheran Church, San Jose, California, December 31st, 1969.
Sister of the bride, Mrs. Lynne Wedemeyer, and Mr. George Barcos attended the couple.
Mr. and Mrs. Finlay will reside at 20673 Laurel Drive, Los Gatos, California.

Photo Finish Race Verdict . . .

(Continued from Page One)

tawa and used other aircraft to drop and supply about fifteen stakers of their own.

"We would land and find trees freshly cut, so would rush to stake the next claim", Mr. Campbell told the M&N. "Their men would rush past ours as we were staking. You never saw such a mad scramble in all your life".

Roger Longe, a life-long local prospector had made an encouraging copper-silver-zinc find in the same general area last spring. Mr. Longe told the Miner and News today that he has staked some 50 claims for himself and an equal number for Bremada Resources Ltd. of Vancouver, in an area commencing at Ash Bay, 20 miles south-west of Kenora, and extending along the north shore of Shoal Lake Narrows, west to Shoal Lake.

With a considerable part of Western Peninsula now staked, activity is moving to adjacent areas. Mr. Campbell says it will not be possible to do anything further until spring, other than to study readings from several anomolies recorded, and prepare for ground crew needs.

Great mining activity, touched off by the success at Sturgeon Lake, is spilling over the entire district. Both north and south of Dryden and north of Wabigoon, encouraging readings have been recorded by those engaged in the intensive air search, using the electro-magnetometer method.

The total number of claims staked in the present rush is not yet available, according to a check at the Mining Recorders office, but business is brisk. Kerr Addison may well have 120 claims staked with Phelps-Dodge another 150 or more claims.

Contributing significantly to the present activity has been help from Leo King, resident geologist and Dr. John Davies, field geologist for the Dept. of Mines. Their co-operation and help has been acknowledged by those taking part in the present search for base metals.

Whether copper, zinc or nickel is found on the Western Peninsula in commercial quantities, if at all, will not be known for some months. But those closely involved look hopefully to ease of securing power and roads if a mine does materialize.

Porsche entries hold the top three spots in the Monte Carlo rally as they go into the 12 hour speed trials in the mountains behind the French Riviera. A number of icy stretches on the run will make the high speed driving dangerous.

CO-OPERATION SOUGHT BY O-M MILL MANAGER

Members of the Quarter Century Club of the Ontario Minnesota Pulp and Paper Company Limited at Kenora, were told Wednesday evening by F.P. Moden, Resident Manager, that many years ago, Kenora was a good place to build a new paper mill. However he said, today this is not true. The text of Mr. Moden's address is as follows:

"Because of the high costs of transportation to get our product to the market-place, because of the age of our machines, because our wood costs are higher than in the Southern United States, and because the productivity of our employees is lower than what is possible in a new mill, it is not a good dollars and cents decision today to put new newsprint machines in Kenora.

This is why DeRidder, Louisianna - a Boise Cascade property, has a new wide high speed newsprint machine which will produce as much product as both machines 8 and 9 presently do and at a much higher profit.

"This is a gloomy picture. I don't wish to be pessimistic, but this is the present situation. By hard work, and the proper cooperation, we can change this picture. Now, there is a generation gap between the group of employees present tonight and the young man just entering our employ. Having been raised in a very affluent society, I believe that the younger man feels that he has nothing to worry about and that the future will be as good as the past, if not better. But the young man's past does not include the experiences of a depression, and many of the hardships you have survived. The young employee may think he is entitled to very large increases in his pay cheque after the Government has taken its ever-increasing share. He may feel that he isn't required to work as hard as his father did when he was young. He may feel he can take time off, and not report for his mill work whenever he so decides. By being dishonest, it is easy for him to get an excuse slip which justifies his absence and with his Union's tolerance of this dishonesty, he can get away with something which can and does cause the mill to pay premium wages for his replacement.

"Such actions are not correct, but they do happen, as all of you can attest. If the Kenora Mill is to grow and prosper, such abuses cannot be tolerated. All of us must work together, with a sense of honesty and fairplay, and anything you can do to educate the young employee in doing what is correct, probably by your good example, will help the Kenora Mill.

"No one person, or no one group deserves any more special treatment than his fellow team mate.

"If we all work together unselfishly with the best interests of the Kenora Mill as our objective, then we will see this mill grow and prosper. If, because the last 2 years have been good ones, we feel and demand more money for less productivity, then we are hastening the demise of the Kenora Mill. At this crucial time in the history of the Kenora Mill, I am dedicated to giving to this mill the best leadership that my education and experience will permit, so the mill and community will grow and prosper.

"In the months ahead, as I have in the past, I will continue to offer suggestions to you in letter-form as to what should be done for the mutual benefit of both employee and employer. I hope you will have enough respect for me, that you will consider acting on whatever suggestions I make, rather than dismissing them with some feeble excuse which may not be completely true.

"1970 will be a hard year for us. Many American economists are predicting a recession. All of us must work harder than we have in the past to protect our present position. I am counting on your years of experience and wisdom to convince the young employee that he must make an honest and fruitful contribution to the Kenora Team Effort.

"You have been a great factor in bringing the Kenora Mill to its present position; now, I need your help to prevent a permanent step backward.

Transair Flights Cut To 5 Days

Fred Rinne, local representative for Transair has announced that the Company will be operating its Northwestern Ontario run on a five-day a week basis commencing Saturday, February 1st, 1970. Days excluded will be Saturdays and Mondays.
