LATE NEWS BULLETINS

Prime Minister Harold Wilson is leaving Ottawa on his way to New York and a meeting with UN Secretary-General U Thant. Before leaving the Canadian Capital, Mr. Wilson denied that Canada has been written off as not interested in British and European affairs. He said he found no evidence of this during his talks with Prime Minister Trudeau and other Canadian government officials. He said Canada and Britain are always consulting on matters of mutual concern. Mr. Wilson said some of the discussions today were on the proposed British entry into the European Common Market. He said both Canada and Britain fully realize what this move would mean.

The British Prime Minister was asked today to comment on reports that the end of the Nigerian War was arranged by the British government to give the Labor Party better prospects in a General Election. Mr. Wilson replied: "I have seen some pretty strange comments. But, I haven't seen any as strange as that one." He said it implied a degree of British control over events in Nigeria that Britain did not have.

President Thieu of South Vietnam called today for the continued support of friendly nations. But he also told newsmen and the diplomatic corps in Saigon that his regime will not yield to allied policies if one day it should find them contrary to the national interest.

In the war, B-52 bombers have made their heaviest raids in nine months. They hit North Vietnamese storage facilities inside Laos. Other targets were in the A Shau Valley of South Vietnam and near the Cambodian border.

The newy-elected leader of the Quebec Liberal Party says he has found the majority of Quebec people oppose separatism. Robert Bourassa said yesterday his travels through the province have convinced him the people want to remain in the confederation. He said they do not want to work in French and he believes this can be achieved within Confederation.

Mr. Bourassa said if the Liberals gained power in Quebec, they would take as their goal, the provision of jobs for Quebecers to stop them emigrating from the province.

A Federal Attorney in Cleveland, Ohio, says a 30-calibre M-One carbine has indeed been recovered from a river near Clarksville, Pennsylvania. But Attorney Robert Krupansky says he has no information linking it with the murder of mine union official Joseph Yablonski, his wife and daughter.

Published reports says FBI ballistics tests have proved that the carbine was used in the murders. The accounts also say divers are continuing to search in the Monongahlea River for a 38-calibre pistol also believed used in the slayings.

A three-day seminar on tax reform in Canada will be held at Queen's University in Kingston, Ontario, starting February 19th.

Festival History Is Traced By Speakers At B&P Meeting

Mr. James Forbes of the Lakewood High School and Sister Gabrielle Bruyere, Sister Superior of the Sisters of the Holy Name were guest speakers at the January dinner meeting of the Kenora-Keewatin Business and Professional Women.

Their topic was the Kenora District Festifal of the Arts, the first section of which will be held on February 9th to 14th. Mr. Forbes, President of the Festival Committee was introduced by Helen Moore. He sketched the history of the organization which began in 1931 under the auspices of the Kenora Women's Institute - which assumed responsibility for for the Festival for 8 years. In 1952 the ninth annual Festival was held under the direction of the Music Teachers' Association and was a three day affair, increasing by 1954 to eight days.

The addition of speech classes from Dryden saw a division of the festival into two parts, with speech arts held in February and the music section in May. In 1962 the committee coped with one thousand entries, totalling 6,500 competitors.

The 1970 Festival will incorporate an Arts and Crafts section this year, for the first time. The speaker pointed out the myriad arrangements to be made for such an event such as halls for ninty voice choirs, mimeographing of programs, changes in programs and schools acc-

Mayor Ernie Carter of Kenora has conveyed to Mayor S. Sorenson of Gladstone, Manitoba, Congratulations on the Town's eighty-eighth year as a Manitoba Town.

BEHIND THE GLASS

Spectator interest was unusually keen throughout. Curlers and spectators alike praised the fine ice and comfortable facilities at Kenora's Rec Centre for the games. Ike Edmonson, George Kimberly and George Turner were among those who enjoyed the games the most . . . they appreciated some of the finer points of many games which escape the casual curler . . . It was nice to see Bill and Russell French back for the 'spiel . . . Father and son moved to St. Catherines a year or two ago but came back to curl. All those in charge of arrangements received a well deserved pat on the back. Congrats, fellows . . . Glen Kirton was back again with his Winnipeg rink. Glen hasn't missed too many bonspiels since he moved away from Kenora . . . the Miner and News gang were following with close attention, progress by Terry Tillberg. Terry's fellow employees were pulling for him to go all the way, but were happy to see the rink make the semi-finals of the main event . . . The stage is set now for the Ladies Bonspiel this week-end.

St. James Win Over Muskies

" I know the score doesn't indicate it, but we played well. It was simply a case of not being able to put the puck in the net" was the way Muskies' Coach Terry Bicknell accounted for his club's 6-1 drubbing at the hands of the St. James Canadians at the St. James Civic Center yesterday. Bicknell's only satisfaction, however, is that his club has a return engagement, with these same Canadians at the Recreation Center this coming Sunday afternoon and will have opportunity to redeem the loss.

The Canadians jumped into a 2-0 first period lead and spaced four more goals in the remaining periods before the Muskies scored their only counter of the game. Tommy Thomsen notched that one on a pass from Tom Vanrobaeys and Ken George midway through the gird period. Jim Ballance paced the St. James attack with a pair of goals while singles went to Vic Magda, Gary Ullberg, Dave Sneddon and Ray Huska.

As in the past encounters with the Muskies, the Canadians employed an effective powerplay to engineer the victory. In all, the Canadians scored three powerplay goals including the opening goal in the first two minutes of play.

Muskies' goaler Marcel Dubroy blocked 31 shots while his counterpart in the St. James net handled 25 shots. The Muskies also took 9 of the 13 penalties handed out by the referees.

In other MJHL Action yesterday, the Portage Terriers trimmed the Selkirk Steelers by a 6-2 count to narrow the Selkirk playoff lead to 2 points. The race for the final playoff berth in the South Division is even tighter with St. Boniface holding a slim 1 point lead over West Kildonan.

ICE CHIPS: The Muskies practised at the Keewatin Arena the past week------Playoff action is just a little over 3 weeks away------The Muskies haven't won in St. James since their initial league victory last season. ------The race for the MJHL Scoring title will probably go down to the final game. Kenora's Ken George and Dauphin's Ron Chipperfield are battling it out for the honor. Chipperfield leads by two points.

Sports Briefs

Bert Yancey shot a final 69 yesterday and won the 25 thousand dollar first prize in the Bing Crosby National Pro-Am Golf Tournament in Pebble Beach, California. Yancey finished with a 279- one stroke ahead of Jack Nicklaus who had a final-round 65.

Rookie goalie Tony Esposito is in such great form that the Chicago Black Hawks have high hopes of gaining a playoff berth in the National Hockey League despite two straight losses. Esposito has tied the club record of ten shutouts in one season and needs four more to break the league record of 13 set by Toronto's Harry Lumley in the 1953-54 season.

Pat Morris of Ottawa finished 17th in the Grand Prix of the Nation's International Ski Jump in Cortina D'Ampezzo, Italy, yesterday. Victory went to Jiri Raska of Czechoslovakia who took four first places. Raska won the 2 previous events of the trophy held in Chamonix, France, and St. Moritz in Switzerland.

From Around The World

The Korean Armistice Commission held its first meeting of the year today at Panmunjom. North Korea charged that United Nations command aircraft had violated air space twice while ground forces committed scores of violations since the last commission meeting November 17th.

The U.N. Command delegate, U.S. Marine Major General Arthur Adams, said he doubted the validity of the charges. He noted that the incidents were not reported immediately to the joint duty officers' meetings held daily.

One of South Vietnam's militant Buddhist sects said today its investigation into the alleged massacre at My Lai indicated 394 killed, 176 missing and 25 wounded.

The Unified Buddhist congregation of Vietnam issued a statement in Saigon for calling on the Government to repent before the people for its handling of the case.

A defence ministry inquiry last year concluded there was no evidence of a massacre by U.S. Troops.

West German Chancellor Willy Brandt met with the three Western commandants in West Berlin today. The meeting came as East Germany continued its harassment of road traffic to and from the city for the sixth day.

The meeting was the first Brandt has had with the British, French and U.S. Military commanders - since he became chancellor last year.

Meanwhile, at the autobahn access points, the East Germans continue to hold up traffic periodically, and protracted examination of travel papers at the check points has increased the delays.

Israeli jets struck for more than an hour today at Egyptian mortar and anti-aircraft positions along the central sector of the Suez Canal. This follows a weekend of fighting on all of Israeli's fronts.

Beatle John Lennon and his wife Yoko Ono left Denmark suddenly last night, breaking off a period of fast and meditation planned to last until February 7th. Danish associates said later they had landed in Paris.

A spokesman at the so-called world university where the couple had been meditating said he understood they had left for business reasons.

The trip fron Santo Dominco to Caracas took 12 hours longer than scheduled, but the 31 passengers who completed it aboard a hijacked Dutch airliner each got a bottle of rum and a box of cigars from the Cubans.

A young Cuban, armed with a pistol and a grenade and accompanied by his wife and two children took over the plane shortly after it left Santa Dominco on Saturday -When the plane landed at Santiago in Eastern Cuba, officials took the hijacker and his family into custody. The aircraft's American pilot said passengers and crew were, in his words, treated fantastically beautiful during a 4 hour stay in Cuba.

IN MEMORIAM

CONNELLY — In loving memory of a dear father, Arthur William, who passed away Jan. 26, 1964.
—Sadly missed and ever remembered by his daughter Bea and family.

ALCOCK — In loving memory of our dear husband and father, Alfred Roald, who was accidentally killed on January 26th, 1968.
Dearer to us than words can tell,
The one we lost and loved so well,
We do not forget and never intend,
We think of him daily and will to the end.
Wherever we are, whatever we do,
Always dear father, we think of you,
No more to see his smiling face,
Or hear him say hello,
It was a shock we didn't expect,
A hard and bitter blow.
Happy and smiling, always content,
Loved and respected wherever he went,
Always thoughtful, willling and kind,
These are the memories he left behind.
—Ever remembered and sadly missed by wife, Eunice and sons, Brad, Lorne and Joey.

ALCOCK — In loving memory of our dear son, brother and uncle, Alfred Roald Alcock, who was accidentally killed Jan. 26, 1968.
We loved you for your thoughtfulness,
Your kind and gentle ways.
We loved you for the things you did,
Without a thought of praise.
Isn't it strange that those we need,
And those we love the best;
Are just the ones that God needs too,
And takes them home to rest.
As long as we live we will cherish your name,
In memory we see you ever the same.
Still in our hearts you are living yet,
For we loved you too dearly to ever forget.
—Lovingly remembered and sadly missed by your mother, sisters and brothers-in-law, brothers and sisters-in-law and nieces and nephews.

Team To Study Quetico Fault

Dr. James L. Talbot, Associate Professor of Geology recently received a $1,720 frant from the Geological Survey of Canada for his study of the Quetico Fault, a large fracture zone which extends from Rainy Lake to the south of Atikokan.

The Quetico Fault has been inactive for the past 2,000 million years but at the time it was active, it would have been comparable with the present day San Andreas Fault in California which caused the famous San Francisco earthquake.

The purpose of the study is to determine what happens in the deep zones of the coast near such faults. The study will be of interest to exploration geologists since particularparticular attention will be paid to the way metals migrate in these zones during large scale movements.

Dr. Talbot will be assisted in this study by Dr K. R. Chakraborty, a Post-Doctoral Fellow at Lakehead University. Dr. Chakraborty is particularly interested in the movement of iron in metamorphic rocks.

The grant is the second received by Dr. Talbot from the Geological Survey of Canada since he came to the University in Sept. 1967.

Safety For Our Children

Year after year
Finds more children with scars
From ever increasing
New motor cars.
The Ontario Provincial Police
Ask all to assist
Eliminate the slaughter
Punish those who persist.
Experts in safety
Constantly study and strive
Introducing new methods
To keep our children alive.
Think of the heartaches
On the road a small boy
A driver who was careless
By the body his toy
Mom and Dad are at home
Their son was at play
He will never return
Carelessness paved the way.
All are not killed
In this never ending strife
Some children more fortunate
However, crippled for life.
A motorist who cares
Is a commendable one
Those disregarding the law
Like Dillinger with a gun.
The safety of our children
Is dependent on you
Accident free years
A dream coming true.
In conclusion "PLEASE HELP"
One driver goes wild
Child injured or dead
Is some mother's child.

CHANGING KENORA

Demolition work started this morning on the old tourist bureau building, located on Second Street opposite the Fire Hall.

Tenders have closed for the demolition of the Rowing Club building on Main Street.

Work is in progress changing interiors of two structures for use by new tenents. The Carmichael Block on Main Street will be the new home of Simpsons Sears, we understand, while the Kamad Block on Matheson Street is being converted for use by a group of dentists.

Festival

ommodated. The Festival recruits 150 to 200 people with 3000 to 4000 participants annually. The organization has operated on money from entry fees, the speaker added. The Festival is an organization which presents activities from all age-groups within and outside schools. It covers vocal, instrumental, verse speaking, dancing and now, Arts and Crafts.

The festival brings to Kenora experts in their field to adjudicate. It is affiliated with the Canadian Federation of Music Festivals. It encourages young people to engage in and achieve excellence in the above fields. The object in a Festival, Mr. Forbes added , is not to defeat a competitor but to pace one another on the road to excellence.

Sister Galbrielle Bruyere, introduced by Gert Duggan, is Vice President of the Festival Committee and Chairman of the Selection Committee for music; a person very well qualified for the task. She has a great love and appreciation of music and she told of her part in the preparation of the syllabus. Choosing music for ten grades piano for instance, presents quite a task, she said, but an interesting and enjoyable one. Sister Bruyere further pointed out the value of the festival to the participant and to the community.

Alice Hanson and Olive Brennan expressed appreciation to the Speakers. Jean Lemay, Regional advisor, chaired the meeting in the absence o f President Georgina Calder.

or and Council for Rat Portage be the 7th of August next and the first meeting of the Council on the 17th of the same month, and that George Mitchell be Returning Officer."

"That the day for the nomination of Mayor and Council for Gladstone, be the 20th day of July, 1882, and the first meeting of the Council be the 7th day of August 1882 and that the Returning Officer be John Chambers." Signed "J. Norquay, Chairman".

For ten years, our territory was under dispute between the provinces of Manitoba and Ontario. In 1883, Rat Portage Township was formed by Ontario minded citizens and in 1892, Rat Portage was incorporated an Ontario Town, when the Privy Council in London decided in favor of the Province of Ontario.

I feel that our original association as Manitoba Towns, deserves recognition and I extend sincere best wishes to you and your Council in commemoration of this historic event of eighty eight years ago.
