#### **Agenda Item Title:**

Conservation Energy Demand Management Plan – Contract Authorization

#### **Background Information:**

A contract has been signed between the Corporation of the City of Kenora and VIP Energy Inc. for the purpose of developing a Conservation Energy Demand Management Plan (CEDM). The agreement is now ready for execution by bylaw.

Under Ontario Regulation 397/11 the municipality is obligated to have a new CEDM by July 1<sup>st</sup> 2019. This will serve to provide a roadmap to implementing corporate measures identified in the Community Energy Plan.

#### **Resolution for Council:**

That three readings be given to a bylaw to execute an agreement between the Corporation of the City of Kenora and VIP Energy Inc. to proceed with a Conservation Energy Demand Management Plan for the City of Kenora; and further

That the Mayor & Clerk be authorized to execute this agreement.

**Budget:** As per the attached contract, the total project cost to the municipality will be \$8,750 which would be taken from the Municipal Energy Plan Budget.

#### **Risk Analysis:**

There is a low level of financial risk executing this contract given that there are available dollars in the Municipal Energy Plan Budget.

#### **Agenda Item Title:**

Enabling Accessibility Fund – Workplace Accessibility Stream Agreement Authorization

#### **Background Information:**

An agreement was reached between the Corporation of the City of Kenora and Government of Canada to replace the Kenora Library Ramp and Stairs. The agreement is now ready for execution by bylaw.

The City of Kenora submitted a grant application under the Enabling Accessibility Fund—Workplace Accessibility Stream for this project in November 2018.

#### **Resolution for Council:**

That three readings be given to a bylaw to execute an agreement between the Corporation of the City of Kenora and Government of Canada to proceed with the Kenora Library and Ramp and Stairs Replacement project for the City of Kenora; and further

That the Mayor & Clerk be authorized to execute this agreement.

**Budget:** As per the agreement, the Government of Canada will be providing \$100,000 for a total project cost of \$182,000 with a total net cost to the municipality of \$82,000 which would be taken from the Kenora Library Reserve.

#### **Risk Analysis:**

There is a low level of risk executing this agreement as it is identified specifically in the agreement that the agreement/work will not proceed without the success of the grant application.

## **Facility Updates**

During this quarter the maintenance team kept our facility in good condition and completed repairs such as:

• There has been a material issue identified with the dry pad. It would appear that there is a frost heave that creates challenges when cleaning the ice that will lead to future problems. Once the ice comes out, an assessment will be conducted in an effort to determine how bad the problem is, and what the approximate cost will be to remedy the problem. In all likelihood, the project will need to go through in the summer of 2020.

- Due to cold weather in January the condenser froze at the Kenora Recreation Centre
- The condenser pump had issues in Keewatin Memorial Arena
- Maintenance prepared the baseball diamonds for Winter Carnival and plowed the snow
- Vibration analyzes on performed on the Kenora Recreation Centre compressor to maintain longevity
- New main disk connected in the Kenora Recreation Facility
- Waterslide inspection was done and issues were identified
- Electrical issues on the Engo ice resurfacer
- Safe Operation Procedures were reviewed and approved
- The first water discharge backed up in the plant room during this quarter which became an ongoing issue
- The hump on the Kenora Recreation Centre ice pad is becoming more prominent
- Snow and ice slid off the Kenora Recreation Centre roof which caused extensive damage to the snow stops, room air handling unit and fresh air intake
- 2 -1 The City will ensure our municipal infrastructure is maintained using available resources with the intent of moving towards all City infrastructure being in a good state of repair to ensure certainty, security and long term stability of our systems.
- 2 9 The City will support continuous improvements to recreation and leisure amenities, particularly those that support the quality of life.
- 2 -11 The City will lead and promote environmental sustainability through conservation, smart building design and, where feasible, retro-fit practices for city owned facilities.

# Housekeeping Council Briefing

(Direct to Council – does not appear at COW)

To: Mayor and Council

Fr: Adam Smith, Development Services Strategist

Re: Seniors Community Grant Program Application

#### **Recommendation:**

That Council hereby approves an application to the Seniors Community Grant Program by the City of Kenora in partnership with the District of Kenora Homes and Community Support Services; and further

That Council directs staff to apply for funding under the Seniors Community Grant Program for a project to support isolated seniors in the community.

#### Background:

The Age-Friendly Committee has identified an opportunity to establish a service through the District of Kenora Homes and Community Support Services to identify isolated seniors in the community and connect them with supports they may require.

The City of Kenora is an eligible recipient for funding under this program which would be carried out in partnership the District of Kenora Homes and Community Support Services. Both organizations are members of the Age-Friendly Committee and the project would align with several strategic priorities of the 2016 Age-Friendly Plan.

**Budget:** There is no impact to the budget.

**Risk Analyses**: As per the requirements in the City's ERM Policy, the risk is deemed to be an opportunity with a high rating. It will strengthen a community partnership and create a new service that supports a growing demographic.

#### Communication Plan/Notice By-law Requirements:

Notice required to be placed on Committee Agenda, Minutes and subsequent Council Agenda/Minutes.

#### **Strategic Plan or Other Guiding Document:**

3-12 The City will recognize the importance of leveraging partnerships and work together with our Community and Strategic Partners as appropriate to implement the various strategies as developed by those organizations for the improvement of the City and our Community

#### Agenda Item Title:

Receipt and Approval of Various Committee Minutes

#### **Background Information:**

This static monthly report is for the purpose of Council approving and/or receiving various Committee Minutes. Those being approved are the Committees of Council which Council should be approving the actions of those Committees and does so in the form of a by-law under the Confirmatory By-law.

The Minutes being received are typically from local Boards or Corporations for information only (and cannot be 'approved' by Council).

The various Minutes will appear under separate cover as an attachment on SharePoint to this report.

#### **Resolution for Council:**

That Council hereby adopts the following Minutes from various City of Kenora Committees:

- May 23, 2019 & June 5, 2019 Lake of the Woods Museum Board
- May 22, 2019 Kenora Public Library Board
- ➤ May 30, 2019 Heritage Kenora Committee
- ➤ May 9, 2019 Tourism Committee

**Agenda Item Title:** 2019 Water & Wastewater Systems Monthly Summary

Report - April

#### **Background Information:**

The Water and Wastewater Division will be providing Council with Water and Wastewater Systems Summary Reports, on a monthly basis.

The purpose of the Report is to provide Council with an understanding on how the water and wastewater systems they own and operate are maintained. Data will be collected at the end of each month and presented to Council for acceptance, see attached.

The Operations and Infrastructure Department recommends that Council accept the 2019 Water and Wastewater Systems Monthly Summary Report for April.

#### **Resolution for Council:**

That Council of the City of Kenora hereby accepts the April 2019 Kenora Water and Wastewater Systems Monthly Summary Report, as prepared by City administration.

Budget: N/A

#### Risk Analysis:

The risk level is low to moderate. The monthly reporting is just standard practice for transparency purposes, and an opportunity to further Council's understanding of the Division's monthly budgeting. No mitigating strategies are required.

#### Communication Plan /Notice By-law Requirements:

Resolution required. Jeff Hawley, Biman Paudel, WTP, WWTP

#### Strategic Plan or other Guiding Document:

Goal #2 Strengthen Our Foundations

- 2-1 The City will ensure that our municipal infrastructure is maintained using available resources with the intent of moving towards all City infrastructure being in a good state of repair to ensure certainty, security and long-term stability of our systems.
- 2-2 The City will keep in the forefront that there is a significant infrastructure deficit, and current and future Councils will need to continue to work towards allocating sufficient resources to be able to adequately address this issue.
- 2-3 The City will ensure prompt and immediate response times supported by resilient communications in the event of system outages and other emergencies.

  - c. Total Suspended Solids Raw Sewage: 119 [mg/L]
  - d. Total Suspended Solids Final Effluent: 7.7 [mg/L] limit is 25 [mg/L]
- 4.2.2. **Weekly** Final Effluent Bacti Samples sent to ALS Laboratory on April 2, 9, 16, 23, 30, 2019 Results: Organisms/100 ml
  - a. Geometric Means from samples in March: 10 organisms/100mL.
  - b. Geometric Means Limit as per Certificate of Approval is 200 organisms/100 mL.

In summary, raw sewage enters the plant with a bacti count of approximately 3 million organisms/100 mL and effluent leaves the plant with a geometric mean of 10 organisms/100 mL, which is within the limit of 200 organisms/100 mL. Plant final effluent BOD was 6.9 p.p.m., and final effluent T.S.S. was 7.7 p.p.m., both well within the C of A requirements.

#### 4.3 Maintenance

- Sludge press maintenance (clean and grease) 700 Building.
- Unplugged #1 sludge pump in the 100 Building.
- Replaced three broken belts on #1 sludge pump in the 100 Building.
- Tightened packing glad on the sludge pump in the 400 Building.
- Cleaned and painted the six inch potable water line in the 300 Building.
- Greased the bar screen, organic return, and sand extractor in the 100 Building.
- Greased and applied Lime Away to Bank A for the UV Disinfection.
- Installed a chain hoist in the 700 Building.
- Installed ports for greasing upper bearing in the 200 Building.

#### 4.4 Training

• Staff participated in 'Scissor Lift' training.

#### 4.5 Other Information

- Health and Safety inspection was conducted on April 2, 2019. An employee from the Water Treatment Plant attended this inspection.
- Aaron Causyn from Ministry of Environment, Conservation and Parks (MECP) came to the Wastewater Treatment Plant for an inspection, review of data, and sample on April 10, 2019.
