3.0 Presentations/Delegations

Kristen Weirsma, Crown Attorney's office was present for a discussion on the work of the Crown Attorney's office.

Some of the impacts in Kenora there is there are 2,124 open cases in today's date and that does not count Dryden and Red Lake.

Of concern right now is there is a significant backlog of cases. Part of that was exacerbated by COVID and they have not been able to get ahead. It is impacting how we deal with cases.

A case in 2016 set standards (Canadian law, Jordan's timeline established by the Supreme Court in the landmark 2016 R. v. Jordan decision) which is the constitutionally mandated time limit for completing criminal trials which in provincial court is 18 months from the day the charges are formally laid. No one was meeting that. Files in superior court have to be done in 30 months from the day charges are laid and that was not happening. Ultimately what happens is if it is deemed, we are delaying cases the cases get stayed, and they are done entirely and can't do anything with those cases.

Currently out of 2,124 cases – 484 cases are above the Jordan's timeline. Those cases are at risk of being stayed. These cases are not limited to low hanging offences. Because of the Jordan timelines and the Crown's own backlog they have had to be very specific on which cases they are choosing to prosecute and which ones are moving efficiently through the system. The OPP are doing a great job in policing the city, but the Crowns office does not have the capacity to prosecute these cases. They have to make difficult decisions on where to draw the line and where to prosecute and the low level offences are getting stayed. This is the stuff that is causing significant concerns to the City of Kenora. It is affecting police and how the city is being viewed.

When they look at these cases, police need to respond, but arresting and charging who commits a low-level theft is not sustainable. We are not seeing a lot of prosecutions because the Crown is asking not to lay a charge and if they do, they usually withdraw.

For two reasons, they don't have the capacity and if they do, it takes away from the more serious offences. If the OPP increase the backlog, they risk the ability to prosecute the high end offences.

They are taking into account the low-end offences, the solution is not the justice system. The folks that are taking liquor bottles, stealing, there are underlying reasons why this is happening. We need to help the people, and the criminal code does not allow us to do that. Putting people who are suffering from addictions in jail is not the answer. If we are going to just arrest people and put them in jail, it's not a good look or good use of resources. Jail needs to be the last resort.

Strongly agree with the statement that we cannot arrest our way out of complex social issues problems. We need to address the root causes of crime and address upstream approaches. The Kenora justice centre adoption this approach and this is what they are trying to do and figure out what the root cause is. Youth get assigned a case manager and

try to connect people to services. We have a restorative program in the justice system but truly believe that would make a difference.

Resolving this problem should not land on the OPP or the Court system. Nothing has changed for many years in the court system but the world has changed.

They just lost 7 crowns, from the entire district and 18 fly in First Nations communities. They are fully staffed at 15 and that's not enough even if fully staffed.

The Board thanked Ms. Weirsma for her discussion.

6.0 Board Deliverables & Decisions

6.1 Board Self-Assessment
Chair L. Koch explained that the tool has two parts, self-assessment, and a collective assessment. It is intended to understand the work we are doing and capture if it is meaningful for you.

This is a rating scale and not a performance review, forming a planning tool, so we understand where we feel good about what we are doing and can allow for meaningful feedback to do better work together. This is strictly informative and is not punitive in any way.

This is to be completed individually and come together for results. Lindsay will send out to everyone and include a deadline.

7.0 Statistical Reporting
Jeff Duggan provided the statistical report for January, February for 2026. Calls for service is a new report which includes billable hours which is down slightly.

Motion #4 – Moved by K. Van Belleghem, Seconded by B. Manson & Carried:-

9.0 New Business

There are no members of the Board available to attend the conference this year.

9.2 Election-Year Board Transition & Continuity Guide
This guide was provided to the Board for their information and review.

9.3 Zone 1 Meeting Summary & Conference Summary
K. Van Belleghem provided a conference summary and divided her notes into several categories. Staffing continues to be an issue in every detachment and there are barriers to recruitment including housing which is a barrier. How we engage with our service feeds into the cultural piece.

The board review and self assessment – Inspector General of Policing is in place and there have been 468 complaints and boards who have had issues with conflicts of interest. Being able to understand where we are at with government standards. Funding pressures is another big theme. Essential service gaps are another area of concern.

As we heard earlier from the Crown's office, we are not going to police our way out of the current state of our communities. The Executive Director of Manitoba Chiefs of Police did presentation and there was a theme with funding going to policing which need to be directed to social service supports. What the role of policing is – and how to get people staff and there will always be specific challenges to the north.

NAPS is still working through this – provide adequate and effective policing through the Act. They don't have the conflict with Treaty 3 with Federal and Provincial funding support. They were getting additional resources added to them offered by the province.

KENORA OPP DETACHMENT BOARD
CONSEIL DU DÉTACHEMENT DE KENORA
DE LA POLICE PROVINCIALE

KENORA OPP DETACHMENT
DÉTACHEMENT DE KENORA DE LA POLICE PROVINCIALE

Policy Name: Conflict of Interest	**Policy #** **KODB-1-6**
Reference: Community Safety and Policing Act (CSPA) and Regulation 416/23	**Date:** July 8, 2026

1.0 Policy Statement

1.1. *Community Safety and Policing Act, 2019* ("CSPA") ss.11(1) requires that adequate and effective policing for which the OPP Commissioner is responsible (not the Board per CSPA s.10) be delivered in accordance with a prescribed standard with respect to the avoidance of conflicts of interest monitored by the Inspector General.

1.2. The Conflict of Interest regulation O. Reg. 401/23 under the CSPA is <u>not</u> worded to apply directly to OPP detachment boards. Rather, it applies in limited circumstances described in O. Reg. 401/23 with respect to a "potential institutional conflict" in relation to where a member of the police service must take action or make a decision in relation to criminal conduct alleged/reasonably suspected to have been committed by, or against, a list of people which includes an OPP detachment board member.

1.3. The conflict of interest requirements applicable to the conduct of OPP detachment boards are set out in s.17-22 of the Code of Conduct regulation (O. Reg. 409/23).

1.4. Under ss.12(1) of O. Reg. 401/23 the avoidance of actual institutional conflicts and personal conflicts in the provision of policing functions is prescribed for the purposes of clause 60(1)(f) of the CSPA which means the Minister must prescribe any conflict of interest policy that would be applicable to the conduct of OPP detachment board members specifically, apart from the conflicts provisions in the Code of Conduct regulation. To date, there are none.

1.5. Note also that to the extent the Board is a "local board" as defined in the Municipal Conflict of Interest Act ("MCIA"), the MCIA applies to the Board. While the Board's position is that it is not a "local board" (see Section 5 below), through this Policy the Board has voluntarily assumed this is the case for purposes of voluntarily adopting the MCIA requirements as a matter of good governance.

1.6. Unless and until the Minister prescribes additional conflict of interest policy requirements pursuant to s.12(1) of O. Reg. 401/23, Board members shall comply with the conflict-of-interest provisions of the Code of Conduct and the following principles based on the Board's voluntary adoption of MCIA requirements:

a) As a general principle, there must be no direct or indirect self-dealing or any conduct of private business or personal services between any Board member and the Board, except as disclosed to the Board and procedurally controlled to assure

openness, competitive opportunity, equal access to "inside" information and avoidance of conflicts of interest and pecuniary interest.

b) Board members must perform their duties as fiduciaries of the public interest without engaging in actions or behaviours that may reasonably be perceived to be a conflict of interest having regard to their fiduciary responsibilities. To do so Board members are required to:

(i) identify potential conflicts;

(ii) disclose potential conflicts to other Board members in a timely manner; and

(iii) comply with Board decisions made to resolve potential and actual conflicts.[1]

c) Board members must not use their positions to obtain for themselves, family members or close associates, employment within the Board or police service;

d) Board members must not use their positions to obtain for themselves, family members, or close associates any advantage, immunity from prosecution or favour during any police investigation or other police dealings.

2.0 Statutory Authority or References

CSPA; O. Reg. 401/23; Municipal Conflict of Interest Act, R.S.O. 1990, c. M.50 (the "Act")

c) Other conflict of interest which while not pecuniary in nature represents an interest or involvement in a matter before the Board the outcome of which is reasonably expected to affect the member in some material way.

d) For purposes above, a controlling interest exists if the member:

iii. is a partner of a person that has a pecuniary interest in a matter before the Board; or

7.6 Every disclosure of interest and the general nature thereof made under paragraph 7.1:

7.6.1 Shall be recorded in the minutes of the meeting where the declaration is made by the Board Administrator; and
