**3. Resolution on Proposed "Capping" Regulation – Arbitration .....**

**RECOMMENDATION:**

WHEREAS the City of Kenora has been faced with a significant retroactive pay settlement for essential services employees as a result of a recent award by a board of arbitration; and

WHEREAS there is no cap on the amounts which arbitrators, or boards of arbitration, may award to employees who are deemed to provide essential services; and

WHEREAS awards issued by boards of arbitration in favour of municipal and regional employees who are deemed to provide essential services have increased salaries and benefits to a level which municipal budgets cannot sustain; and

WHEREAS many of these awards have been arbitrary, exorbitant and simply unreasonable, given the demands on municipal budgets; and

WHEREAS under the present system, the arbitrators and boards of arbitration are essentially unaccountable to anyone, and their decisions are, in practical terms, not subject to any review or appeal process; and

WHEREAS it would be desirable for the Province to develop a model for labour arbitrations which introduces a level of accountability into the process, and which requires arbitrators and boards of arbitration to limit awards based on a comparison of salary and benefits in the public and private sectors, recognizing the diversity within the Province of Ontario;

NOW THEREFORE be it resolved that the Council of the Corporation of the City of Kenora hereby petitions the Province of Ontario to introduce legislation to implement a model for interest arbitrations for essential services employees which imposes real restraint on arbitrators and a mechanism for review and accountability;

THAT A COPY of this resolution be forwarded to the Kenora District Municipal Association, the Northwestern Ontario Municipal Association and the Association of Municipalities of Ontario and endorsement of such provincial action.
