## **City Council Committee Report**

Revised

**TO: Mayor & Council**

**FR: Richard Perchuk, Manager of Operations**

**RE: Downtown Long Term Parking – Lakeview Drive**

### **Recommendation:**

That Council hereby authorizes construction of an additional eight (8) parking stalls at the Lakeview Parking Lot; and

That Administration make arrangements to lease out these parking stalls on a monthly basis following completion of the required construction and signage; and further

That Council give three readings to a by-law to amend Lot "F" of Parking Lot By-law Number 66-2006 at a future meeting.

### **Background:**

Phase 2 of the Downtown Revitalization Project will affect the South Harbourfront Parking Lot and a plan to accommodate thirty (30) displaced users needs to be implemented.

It is proposed that the Lakeview Drive Parking Lot, an open parking lot restricted by a "No Overnight" parking restriction, be designated as a leased parking area and that motorists be required to pay for a pass from City Hall in order to park in the lot based on a weekly or monthly rate.

I recommend that the lot be expanded to accommodate an additional eight (8) stalls as per the attached plan and that arrangements be made to lease out the parking stalls.

**Budget:** \$5,000.00

### **Communication Plan/Notice By-law Requirements:**

Resolution & By-Law
