City Council Committee Report

To: Mayor & Council

**Fr: Rick Perchuk, Operations Manager
Bill Forster, Roads Supervisor**

Re: Request For Surface Treatment 2011

Recommendation:

That the following roads be approved for inclusion under the Ministry of Transportation Surface Treatment Program for the year 2011:

Location	Length	Application
Peterson Road Various Patches	2.0 km	Single
James Road Easterly of Redditt Road	3.0 km	Double

Background:

As in the past, the Ministry of Transportation will be tendering for road surface requirements within the District and are now in the process of preparing the 2011 contract. In the spring of each year the City receives a request from the local Ministry office to submit their requirements which have been approved by Council resolution, not later than April 8th, 2011.

The following roads have been scheduled for surface treatment as part of the proposed 2011 Capital Works Program:

Location	Length	Application
Peterson Road Various Patches	2.0 km	Single
James Road Easterly of Redditt Road	3.0 km	Double

The Ministry of Transportation works include prime and surface treatment application(s) with the City of Kenora responsible for all preparation work ie. grading, ditching, culverts, sub-grade etc., including supplying the Class 2 aggregate in the surface treatment process.

Budget: Capital 2011
