### **Background:**

On March 9, 2010, Council passed the following Bylaw 147-2007: to amend the bylaw adding Section 34 "seasonal Docking Fees" for the 2010 – 2011 seasons with incremental yearly adjustments. It was established in 2009 after a review of the local rates that the City Fees and tariffs for the current dock inventory were below typical rates within the community. After further review this year the City is still below current local rates and that the incremental increase of 5% should be continued for the 2012 and 2013 seasons as listed to bring the City in line to local complete rates.
