(v) Correspondence relating to applications before the Committee –

- March 4, 2013 B02/12 Baletki Request to change conditions See New Business
- March 12, 2013 B04/13 Hertz NWHU comments

(vi) Other correspondence

• **OACA – 2013 Conference Agenda** – The agenda was reviewed and a request made that anyone wishing to attend please contact the Secretary-Treasurer as soon as possible as there is an incentive to register before April 15th.

(vii) Considerations of Applications for Minor Variance - None

(viii) Consideration of Applications for Land Division

• **B04/13 Hertz** Sheryl Moyer, Agent, was not available. Gerry Moncrief represented Mr. and Mrs. Hertz and described the application. He indicated that part of the property is accessible only from the James Road, and the retained property is accessible only from Mark's Lane, off of the Redditt Road because of a large swamp area in between. The Hertzs will provide some property to the City for use as a turnaround, and another adjoining property owner (Schatkowsky) will also provide some lands which will be an extension of Mark's Lane, which provides the frontage on municipal road allowance, for Hertz.

The Planning Administrator noted that the Northwestern Health Unit does not require a condition of approval for the consent. She explained the agreements which the City has reached with the property owners in order to develop a public road/turnaround area. Correspondence from Garry Norris was read into the record.

The Chair asked the Committee members whether they had questions regarding the application. Ray Pearson asked for clarification of the location of the old structures located on the east part of the property, on Black Sturgeon Lake. The Secretary-Treasurer pointed the area out.

Mr. Tkachyk asked for a description of Mark's Lane currently and with the new lands to be transferred to the City. The Secretary-Treasurer used the mapping to provide the information.

Mr. Cianci asked how much land is anticipated to be transferred for the James Road. The Secretary-Treasurer indicated that this will not be known until a surveyor determines the property lines.

Mr. Gauld asked for clarification of comments by Garry Norris. The Secretary-Treasurer explained that, unless the lands are to be developed for use as a single family residence, or other use permitted in the zone, the public will have to be consulted through the subdivision and/or zoning by-law amendment process. If the property is to be used solely for the current permitted use, the requirements of the zoning by-law must be adhered to by the property owner.

The Chair asked whether there was anyone present who wished to speak either for or against the application. Dan Olscamp, Peterson Road, asked how Gerry Moncrief was involved in the application. The Chair explained that Sheryl Moyer was not available and that Mr. Moncrief will be purchasing the lands.

As there were no other comments from the public, the Chair indicated that the Committee would discuss the application and make a decision.

Discussion took place with respect to whether or not the retained lot should be subject to a minor variance for frontage on a public road. The current development of the property is not subject to change, and has existed for at least 20 years. If there is a future application to redevelop the property, the frontage issue will be dealt with then; it will be left as a legal non-conforming property which will control development.

Mr. Cianci suggested a different design for the turnaround. The Secretary-Treasurer indicated that there has been an agreement reached between the City and the other two parties and that it is up to the City to decide on the design of the turnaround. Discussion then took place on the setback of the residence to the new turnaround. Mr. Hertz clarified that the old garage has been torn down and replaced with a temporary structure.

Conditions not fulfilled

53(41) If conditions have been imposed and the applicant has not, within a period of one year after notice was given under subsection (17) or (24), whichever is later, fulfilled the conditions, the application for consent shall be deemed to be refused but, if there is an appeal under subsection (14), (19) or (27), the application for consent shall not be deemed to be refused for failure to fulfill the conditions until the expiry of one year from the date of the order of the Municipal Board issued in respect of the appeal or from the date of a notice issued by the Board under subsection (29) or (33). 1994, c. 23, s. 32.

Lapse of consent

53 (43) A consent given under this section lapses at the expiration of two years from the date of the certificate given under subsection (42) if the transaction in respect of which the consent was given is not carried out within the two-year period, but the council or the Minister in giving the consent may provide for an earlier lapsing of the consent. 1994, c. 23, s. 32.

(ix) Old Business - None

(x) New Business -

• **B02/12 Baletki** – Request to change conditions:

Discussion took place regarding servicing of the lands being a requirement of a building permit.

Moved by: James Tkachyk

That the Kenora Planning Advisory Committee approves the Application for Change of Conditions re. Consent B02/12 Baletki 838 Airport Road Concession 7 of Jaffray Part Lot 11 RP 23R8289 PARTS 2 TO 7 PCL 162002 to lands described as 830 Airport Road, Concession 7 of Jaffray PART JA3 RP KR556 PART 5 PCL24922 and 23R5290PART 3 PCL 35583 to remove the following conditions:

Seconded by: Wendy Cuthbert

- 1) That a letter be received acknowledging that the easterly property (838 Airport Road Concession 7 of Jaffray Part Lot 11 RP 23R8289 PARTS 2 TO 7 PCL 162002) is serviced with municipal sewer and water.
- 2) That the easterly property be brought into compliance with the Zoning By-law provisions for the R1 zone by removal of all items in open storage;

Note to approval: As the property will be required to be serviced if and when a building permit is issued (per 6.1(b) of the Official Plan "All development within the settlement area as designated Harbourtown Centre, Established Area, Residential Development Area, Industrial Development Area, and Commercial Development Area shall be serviced with municipal sewage treatment and water supply"; and

The items stored in open storage are recreational vehicles; the provisions of the Zoning By-law will need to be followed if/when a building permit is issued on the site; and

The intent of the original application, for a lot addition, does not change and is not compromised. The property owners will have formal/legal access to their residence on the lands upon which their residence is located, rather than over lands which are not registered in the same name. The lands to the east could be sold without further consent.

Carried

• **Northwestern Health Unit Update** - Doug Vergunst approached Wayne Gauld to request that he be able to meet with the Committee in order to bring them up to date on activities regarding private sewage systems etc. The Committee agreed to meet ½ hour in advance of the next meeting. Wayne Gauld will advise Mr. Vergunst.
